### Authorizing a Quitclaim Deed of Sewer Easement to Jennie O'Driscoll

(Series of 1939)

Resolution No. 2337, as follows:

Whereas, On July 20, 1931, this Board adopted Resolution No. 34794 (New Series), closing and abandoning a portion of Stanyan Street, between Fulton Street and McAllister Street, reserving, however, to the City and County of San Francisco, a right of way easement 5 feet in width, for sewer purposes; and

Whereas, The Department of Public Works, has determined that said sewer right of way from Fulton Street northerly 65 feet is not required by the City and County of San Francisco.

Now, Therefore, Be it Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized to execute a quitclaim deed relinquishing to Jennie O'Driscoll all of the City's interest in said sewer right of way from the northerly line of Fulton Street northerly 65 feet.

**Requesting Controller and City Attorney to Devise Ways and Means for Investment of \$100,000 City Funds in U. S. Defense Bonds.**

(Series of 1939)

Resolution No. 2341, as follows:

Whereas, This Board of Supervisors has heretofore pledged its fullest co-operation to the President of the United States and to the Mayor of the City and County of San Francisco in the defense task which now confronts the Nation; and

Whereas, A vital contribution to the program of national defense is the purchase of Defense Bonds; and

Whereas, If it is legally possible to do so, the City and County of San Francisco, supporting in one way the tremendous efforts being made by our Government to emerge victorious from the present conflict, we should invest in Defense Bonds a portion of such funds of said City and County as may be available for such purpose; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the Controller and the City Attorney of the City and County of San Francisco to suggest ways and means for the investment of \$100,000 of City monies in United States Defense Bonds, and to report their findings to this Board at the earliest possible date.

*Adopted* by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Absent: Supervisors Brown, McSheehy, Schmidt, Shannon—4.

**Urging Establishment of a City Target Range**  
(Series of 1939)

Resolution No. 2342, as follows:

Whereas, Due to the National Emergency the privilege granted to the Police Department of the City and County of San Francisco for the use of the Target Range at Fort Funston has been discontinued; and

Whereas, The City some time ago realized the necessity of constructing its own Target Range, and with this thought in mind appropriated some \$13,000; and

Whereas, The United States Government also appreciating the necessity for said Range authorized an appropriation through the W. P. A. of some \$28,000; and

Whereas, Because of the discontinuance of the use of the Target Range at Fort Funston the Police Department, particularly those new men who are being inducted into the service now, both as permanent and temporary members, have no opportunity to practice with small arms; and

Whereas, The banks, investment houses and other institutions who employ armed guards feel the need, particularly at this time, for target practice facilities for their armed personnel; and

Whereas, Because of the difficulty in getting people during the present emergency for W. P. A. work, as well as getting the priorities for material, with a consequent delay, and realizing the extreme importance of completing this project as soon as possible; therefore, be it

Resolved, That his Honor, the Mayor, and the W. P. A. authorities be urged to look upon this matter as necessary to the defense movement and to use every means within their power to expedite the completion of this project.

*Adopted* by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Absent: Supervisors Brown, McSheehy, Schmidt, Shannon—4.

#### Requesting Civil Service Commission to Submit Salary Standardization Schedules for Market Inspectors and Related Classifications.

(Series of 1939)

Resolution No. 2343, as follows:

Resolved, That the Civil Service Commission be and is hereby requested to transmit to the Board of Supervisors proposed salary standardization schedules for the positions N56, Market Inspector, N58 Chief Market Inspector, and N60, Abattoir Inspector, together with a report showing the effect of said proposed salary standardization on such related classifications, if any, as there may be.

Absent: Supervisors Brown, McSheehy, Schmidt, Shannon—4.

#### Land Purchase—Army Street Widening

(Series of 1939)

Resolution No. 2344, as follows:

Resolved, In accordance with the recommendation of the Department of Public Works, that the City and County of San Francisco, a municipal corporation, accept a deed from North Star Laundry Inc., a corporation, or the legal owner, to the southerly 36 feet of Lot 12, Assessor's Block 6571, San Francisco, California, together with the improvements partially located on said land, required for the widening of Army Street, and that the sum of \$35,000.00 be paid for said property from Appropriation No. 177.924.58.

It is understood that all machinery, equipment and personal property contained in the above mentioned improvements, together with the pumping machinery appurtenant to the wells located on the remainder of said Lot 12, shall remain the property of the Grantor and shall be removed by the Grantor within sixty days after recordation of the deed to the City and County of San Francisco.

The City Attorney shall examine and approve the title to said property.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

*Adopted* by the following vote:

**Passage for Second Reading**

The following recommendation of the Finance Committee was taken up:

**Authorizing a Supplemental Appropriation in the Amount of Two Hundred Sixty-Three (\$263.00) Dollars from the Surplus Existing in Appropriation 142.130.00, Wage Account, Street Cleaning Division, Department of Public Works, to the Credit of Appropriation 142.110.00, Salary Account, Division of Street Cleaning, Necessary for Employment of a District Director at a Salary in Excess of the Amount set up in the 1941-42 Annual Appropriation Ordinance.**

(Series of 1939)

Bill No. 1548, Ordinance No. .... as follows:

Authorizing a supplemental appropriation in the amount of two hundred sixty-three (\$263.00) dollars from the surplus existing in Appropriation 142.130.00, Wage Account, Street Cleaning Division, Department of Public Works, to the credit of Appropriation 142.110.00, Salary Account, Division of Street Cleaning, necessary for employment of a district director at a salary in excess of the amount set up in the 1941-42 Annual Appropriation Ordinance.

Whereas, The Annual Appropriation Ordinance for the year 1941-42 provided for two (2) District Directors of Street Cleaning in the Department of Public Works at a monthly Salary of Two Hundred Twenty-Five (\$225.00) Dollars each; and

Whereas, Since the adoption of said Annual Appropriation Ordinance two vacancies have occurred in said position and the Civil Service Commission has duly called and held an examination for said position and has adopted an eligible list therefor; and

Whereas, Whitney Merrill is an eligible on said list and is entitled to the appointment of District Director of Street Cleaning; and

Whereas, Prior to said Whitney Merrill becoming eligible for said appointment he was employed in the Department of Public Works at a salary of Two Hundred Fifty (\$250.00) Dollars per month as an Inspector of Streets and Sewers; and

Whereas, Pursuant to an ordinance of the Board of Supervisors standardizing certain salaries it is provided that when an employee is promoted to a higher position and is already receiving more than the entrance salary fixed for said promotive position, he shall enter said promotive position at the amount immediately in excess of his current salary, and under said ordinance said Whitney Merrill is entitled to receive a salary of Two Hundred Sixty-Two and 50/100 Dollars (\$262.50) per month.

Now, Therefore, be it Ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of Two Hundred Sixty-three (\$263.00) Dollars is hereby appropriated and set aside from the surplus existing in Appropriation 142,130.00, Wage Account, Street Cleaning Division, Department of Public Works, to the credit of Appropriation 142,110.00, Salary Account, Division of Street Cleaning, necessary for employment of a District Director at a salary in excess of the amount set up in the 1941-42 Annual Appropriation Ordinance.

Recommended by the Director, Department of Public Works.

Approved as to funds available by the Controller.

Approved by the Mayor.

Approved by the Chief Administrative Officer.

Approved as to form by the City Attorney.

**Thanking British-American Ambulance Corps for Gift to San  
Francisco of Two Fully Equipped Field Ambulances**  
(Series of 1939)

Supervisor Colman presented Resolution No. 2349, as follows:

Whereas, The British-American Ambulance Corps, through its President, Mr. Wm. V. C. Ruxton and its Vice-President, Mrs. Marie Deems, has presented to the City and County of San Francisco, two fully equipped field ambulances; and

Whereas, Aside from the utilitarian aspect of said gift, it is highly laudable because of the spirit in which it is given, indicative of closest sympathy and cooperation in the task which lies before our Nation and its allies; now, therefore, be it

Resolved, That this Board of Supervisors, in behalf of the citizens of the City and County of San Francisco, and in grateful recognition of the intrinsic and spiritual value of said gift of two fully equipped field ambulances, does hereby extend to the British-American Ambulance Corps its sincere expression of profound gratitude and its wish that the British-American Ambulance Corps may continue its praiseworthy labors with undiminished vigor; and, be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to forward suitable copies of this Resolution to Mr. Wm. V. C. Ruxton and Mrs. Marie Deems.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors Schmidt, Shannon—2.

**Endorsing Red Cross Drive**  
(Series of 1939)

Supervisor Colman presented Resolution No. 2350, as follows:

Whereas, Japan viciously attacked America December 7th leaving a trail of destruction and 3,000 dead and wounded, and

Whereas, Subsequent events in the Philippines and along our own California Coast have brought home to every citizen the fact that America is waging a war of vast proportions, with the lives and liberty of our people and the fundamental principles of democracy in the balance, and

Whereas, The President of the United States as Commander-in-Chief of the Army and Navy has instituted an American Red Cross War Fund Campaign for the raising of a minimum sum of \$50,000,000.00, of which \$800,000.00 is San Francisco's quota, and

Whereas, The American Red Cross on a wartime basis is charged

with the duty of providing for the wounded members of our armed forces, their families and evacuees from the war zones; with strengthening home defenses through expansion of disaster relief and the training of new thousands in first aid, nursing and nutrition, and

Whereas, An appeal has been made by the American Red Cross War Fund campaign that all San Franciscans contribute one-half day's pay in this grave crisis; now, therefore, be it

Resolved, That all officials and employees of the City and County of San Francisco be requested to comply with this request and that department heads be urged to set up the necessary machinery for the collection thereof.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors Schmidt, Shannon—2.

### Endorsing, and Urging All Citizens to Observe, "Remember Pearl Harbor Week."

(Series of 1939)

Supervisors McGowan and Mead presented Resolution No. 2351, as follows:

Whereas, The Japanese made a treacherous attack on Pearl Harbor, December 7, 1941, killing many Americans; and

Whereas, "Remember Pearl Harbor Week" has been proclaimed by Mayor Rossi; and

Whereas, A campaign has been started by the Hearst newspapers to aid in avenging the Pearl Harbor treachery through the purchase of a long range bomber by the individual contributions of San Franciscans; and

Whereas, Such a move will aid in the all-out war effort against this enemy; now, therefore, be it

Resolved, That this Board of Supervisors heartily endorses said campaign, and urges all citizens to observe "Remember Pearl Harbor Week."

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors Schmidt, Shannon—2.

### In Memoriam—Lloyd T. McAfee

(Series of 1939)

Supervisor McGowan presented Resolution No. 2352 as follows:

Whereas, Almighty God has summoned to his eternal reward Lloyd T. McAfee, Manager and Chief Engineer of the combined Hetch Hetchy Water Supply, Power and Utilities Engineering Bureau of the City and County of San Francisco; and

Whereas, Lloyd T. McAfee, born and educated in San Francisco, was for more than thirty years in the service of this City, having entered the municipal service as assistant city engineer in 1909; and

Whereas, The career of Lloyd T. McAfee was studded with laudable achievements and accomplishments, including, in addition to the Hetch Hetchy system construction, the high pressure fire protection system, the Fort Mason Pumping Station, the Stockton Street Tunnel, the Twin Peaks Tunnel, the development of the San Francisco Airport, and the Golden Gate International Exposition construction on Treasure Island, all of which earned him international recognition as one of the outstanding engineers in the United States; and

Whereas, The loss of so distinguished a citizen and public official

comes as a shocking blow to the legion who knew and loved him, and his passing will be long and sadly mourned; now, therefore, be it

Resolved, That this Board of Supervisors with keenest sorrow and regret learns of the death of Lloyd T. McAfee, and expresses to his bereaved widow and family its heartfelt sympathy and condolences; and, be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Lloyd T. McAfee; and the Clerk is hereby directed to forward a suitably engrossed copy of this Resolution to Mrs. Lloyd T. McAfee.

*Unanimously adopted by rising vote.*

#### **Remarks by Supervisor McGowan**

Supervisor McGowan, under his name on Roll Call, expressed his pleasure, and the honor he felt in having been permitted to serve the City and County of San Francisco as a member of its Board of Supervisors. He expressed his thanks to the Mayor for his appointment to the Board, to his friend and predecessor, Hon. George Reilly, the Clerk of the Board, and his staff for the many courtesies rendered, and to the press. He believed that the people of San Francisco had chosen well in electing to the Board the four new successful candidates for the position, and he felt certain the new members would serve the people well.

Supervisor Colman, in reply to the remarks made by Supervisor McGowan, commented on his very friendly and manly statement, and assured Supervisor McGowan that he was taking with him the very best wishes of his colleagues for a long useful life, and for the greatest prosperity.

**Memorializing the Governor of the State of California to Issue an Additional Call for an Extraordinary Session of the Legislature so that Provision can be Made to Aid the Several Counties of the State of California to Meet the Additional Expenditure Necessary by Reason of the Present Emergency.**

(Series of 1939)

Supervisor Mead presented Resolution No. 2332, as follows:

Whereas, The present national emergency places on every county in the State of California additional expenses for man power and equipment in order to enable said counties to meet said emergency; and

Whereas, Funds for said purposes cannot, at this time, be obtained by the several counties for the reason that their respective budgets which are effective until July 1, 1942, have long since been passed and taxes levied to meet the amount of said budgets and no more.

Now, Therefore, be it Resolved that the Governor of the State of California is hereby requested either to amend the call for the present extraordinary session of the Legislature, or to issue an additional call to the end that proper financial aid may be given from State funds to all of said counties in the State of California for the purpose of enabling said counties to meet the expenses which the present national emergency places upon the several counties;

Be it Further Resolved that a copy of this Resolution be forthwith transmitted to Honorable Culbert L. Olson, Governor of the State of California.

*Adopted by the following vote:*

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors Schmidt, Shannon—2.

**Proposing Investigation of Loan of \$5700, to Send Delegation to Washington to Attend Congressional Conferences on Bill to Amend Raker Act.**

(Series of 1939)

Supervisor Mead presented Resolution No. .... as follows:

Whereas, Certain city officials are contemplating a trip to Washington, D. C., to attend Congressional Committee conferences, and

Whereas, Moneys appropriated by this Board of Supervisors cannot now be used due to a Superior Court suit now pending, and

Whereas, A certain Citizens' Committee has announced its intention of "loaning" these public officials \$5700.00 for the proposed trip, and

Whereas, Section No. 219 of the City Charter very definitely provides certain conditions under which public officials may travel and how the expenses may be paid, and

Whereas, This procedure appears to be very irregular and also appears to be in violation of the City Charter; now, therefore, be it

Resolved:

1. That this Board of Supervisors investigate the source of the proposed "loan" of \$5700.00;

2. Investigate as to whom the "loan" will actually be made;

3. Investigate as to who will be responsible for repayment of the "loan" and

4. Remind the city officials publicly that by traveling on "borrowed" money they might be subject to a charge of official misconduct under Section No. 223 of the City Charter.

*Referred to Finance Committee.*

**Proposing Rescinding of Action Granting Leaves of Absence to City Officials to Attend Conference of Congressional Committee, re Amendment of Raker Act.**

(Series of 1939)

Supervisor Mead presented Resolution No. .... as follows:

Whereas, Mayor Angelo J. Rossi has decided that in the interest of public safety and civilian defense, due to the emergency, he will not leave the City of San Francisco to attend Washington, D. C., conferences; and

Whereas, Manager of Public Utilities, E. G. Cahill is in charge of the transportation, power and water systems, all of which are vitally necessary to civilian defense; and

Whereas, The untimely death of L. T. McAfee, manager and chief engineer of San Francisco's water and power systems, leaves Mr. Cahill without his chief assistant; and

Whereas, Supervisor Jesse Colman is the newly elected President of the Board of Supervisors, which position makes him Acting Mayor in the absence or incapacitation of the duly elected Mayor; and

Whereas, The absence, from the City, of any one or all of the above-named officials might jeopardize the safety and welfare of this City and its inhabitants; now, therefore, be it

Resolved, That this Board of Supervisors rescind its former action of granting leaves of absence to the above-named city officials to attend contemplated conferences in Washington, D. C.

*Referred to the Public Utilities Committee.*

**Authorizing Attendance of City Officials before Public Lands Committee Hearing on Raker Act Amendment**

(Series of 1939)

Supervisor Meyer presented Resolution No. 2353, as follows:

Whereas, Heretofore this Board of Supervisors has requested the

Congress of the United States to amend Section 6 of the Raker Act to the end that the prohibition in said Section 6 for the sale of power for re-sale might be removed; and

Whereas, A Bill for the amendment of said Act, as heretofore indicated, has been introduced in the House of Representatives by Honorable Thomas Rolph, Congressman of the Fourth District of California, and which said Bill has been referred to the Public Lands Committee of the House of Representatives for hearing, and which said hearing has been tentatively set for January 15, 1942, at Washington, D. C.; and

Whereas, An appropriation has heretofore been made by this Board for the purpose of defraying the expenses of certain officials to attend said hearing of said Bill before the Public Lands Committee and to present to said Public Lands Committee such matters as may be pertinent to obtain from said committee a favorable recommendation on said Bill;

Now, Therefore, Be It Resolved, That E. G. Cahill, Manager of Utilities, Supervisors Jesse Colman and Arthur M. Brown, and City Attorney John J. O'Toole, and two engineers from the Public Utilities be, and they are, hereby directed to attend said hearing before said Public Lands Committee and represent the City and County of San Francisco at said hearing; and that the expense of said persons incident to attending said hearing be payable from such funds as are available therefor in conformity with the provisions of Section 222 of the Charter and Ordinance No. 1300, heretofore enacted by this Board of Supervisors.

Approved as to form by the City Attorney.

Recommended by the Committee.

**Requesting Detailed Report on Street Lighting and Possible  
Savings to be Realized by Curtailment  
(Series of 1939)**

Supervisor Uhl presented Resolution No. 2354, as follows:

Whereas, The Mayor has requested drastic savings, "Cut to the bone" is the Mayor's demand; and

Whereas, Unforeseen demands are confronting the City and County of San Francisco due to the war; and

Whereas, In some sections of San Francisco there is an over-abundance of street lighting, as for example, Market Street, the Triangle, Van Ness Avenue; and

Whereas, A saving in street lighting of possibly \$50,000.00 can easily be made between January 15th and June 30th, and still keep the city well lighted; now, therefore, be it

Resolved, That the Mayor shall immediately request the Public Utilities Commission to report in detail the street lights which can be discontinued now and the saving that can thereby be realized.

**Authorizing Cancellation of Taxes and Directing Cancellation  
of Tax Sales  
(Series of 1939)**

The Clerk presented Bill No. 1549, Ordinance No. ...., as follows:  
Authorizing and directing cancellation of taxes upon property acquired

and owned by the Housing Authority of the City and County of San Francisco and authorizing and directing cancellation of tax sales to the State of California.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That all liens for taxes and assessments on any property acquired and owned by the Housing Authority of the City and County of San Francisco, for the purposes for which said Authority has been organized, and particularly and without limiting the generality of the foregoing, the lien for taxes for the fiscal year 1941-1942 be, and the same hereby are, cancelled, in conformity with the provisions of the Revenue and Taxation Code of the State of California, Sections 4986 et seq. (formerly Political Code 3804A), and the Recorder, Assessor, Tax Collector and all public officers having custody of the records of said taxes and assessments are hereby ordered and directed to cancel the same and to take no action for the collection thereof; that the Recorder, Assessor and Tax Collector and all Public officers having custody of the record of any certificate of sale or deed issued to the State or political subdivision of the State for non-payment of any tax or assessment upon real property acquired and owned by the Housing Authority of the City and County of San Francisco be, and he hereby is, directed to cancel such certificates or deeds, and to enter the fact and date of such cancellation on the margin of the delinquent list opposite the description of said property.

Approved as to form by the City Attorney.

### Bush Street Widening

Supervisor Uhl called attention to Bush Street which, he held, was a natural route for bus transportation. By reducing sidewalk widths on that street, six traffic lanes could be provided. Electroliers are now being placed at the curb, on the sidewalks on Bush Street, and if possible, it would be advisable to halt their installation until the width of sidewalks could be definitely established. For that reason, Supervisor Uhl announced, he would move that sidewalk widths on Bush Street be reduced to nine feet.

The Chair, however, ruled the motion to be out of order, pointing out that sidewalk widths must be established by ordinance.

Mr. A. D. Wilder, Director of Public Works, stated that it was planned to make both Bush and Pine Streets one-way streets, and that the increased width of street which could be made possible by sidewalk width reduction would not be of sufficient value to warrant the expense entailed.

Supervisor Uhl, however, announced his intention to present to the Board on Thursday, January 8, 1942, necessary legislation to effect what he desired.

### Communications

Communications were presented, read by the Clerk, and acted on as noted:

From his Honor, the Mayor, advising that report of affairs of the City and County would be presented to the Board at a later date.

*Communication filed.*

From County Supervisors Association, notifying the Board of meeting in Sacramento, January 9th, 1942, to consider the question of strategic war metal resources in Northern California.

*Supervisor Uhl appointed to represent the Board at the meeting.*

From Chamber of Commerce, presented by Supervisor Brown, protesting against adding certain charges for unloading export traffic and loading import traffic at Pacific Coast ports.

#### Recess

There being no further business the Board, at the hour of 3:20 P. M., recessed to re-convene on Thursday, January 8, 1942, at 11:30 A. M.

DAVID A. BARRY, Clerk.

#### THURSDAY, JANUARY 8, 1942, 11:30 A. M.

The Board of Supervisors reconvened on Thursday, January 8, 1942, at 11:30 A. M., pursuant to recess.

#### CALLING THE ROLL

The roll was called and the following Supervisors were noted present: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—8.

Absent: Supervisors McGowan, Schmidt, Shannon—3.

Quorum present.

Supervisor Dewey Mead presiding, on motion by Supervisor Brown.

Supervisors McGowan and Shannon excused from attendance.

#### In Memoriam—Miss Kathryn G. Sullivan

(Series of 1939)

Supervisor Colman presented Resolution No. 2355, as follows:

Whereas, Almighty God in His wisdom has summoned to her eternal reward Miss Kathryn G. Sullivan, Senior Clerk-Stenographer for this Board of Supervisors; and

Whereas, A native and life-long resident of this City, Miss Kathryn G. Sullivan entered the service of this Board of Supervisors in 1907, since which time she earned the highest respect and abiding love of all with whom she was associated—from her superiors because of her competence, efficiency and deep sense of loyalty, and from her co-workers because of her ever-present willingness to cooperate and lend a helping and experienced hand; now, therefore, be it

Resolved, That this Board of Supervisors by this means expresses in some small measure the shock and keen sorrow that it, and the personnel of its office, feels at the passing of Miss Kathryn G. Sullivan, and offers the simple prayer to the Most High that He give her the Eternal Peace and Rest which she so richly deserves; and, be it

Further Resolved, That when the Board of Supervisors adjourns this day it does so out of respect to the memory of the late Miss Kathryn G. Sullivan; and the Clerk is hereby directed to forward to her family, so that they may be cognizant of the high regard in which she was held and as an expression of the sympathy which the Board extends in their hour of bereavement, a suitable copy of this resolution.

*Unanimously adopted by rising vote.*

#### Remarks by Members of the Board

Supervisor Ratto, prior to the induction into office of the newly elected members of the Board, expressed the desire of being afforded an opportunity to thank the various city officials and departments of the city government for the splendid cooperation shown during his period of eight years as Supervisor. He expressed his appreciation, also, for the assistance given him by Dr. J. C. Geiger and by the Public Welfare Department in affording relief to needy citizens. He desired, also, to congratulate the new members of the Board and to wish them every success.

During his remarks, Supervisor Ratto reported on a meeting of the

California Highway Commission which he had attended during the past week. At that meeting the Highway Commissioners had objected to suit ordered filed by the Board to recover a portion of funds appropriated by the federal government for the construction of the Funston Avenue approach to the Golden Gate Bridge. The Commissioners had suggested that the suit be withdrawn. Some way could be worked out with the Highway Commission whereby additional aid might be granted by the State on other projects for the benefit of San Francisco. For that reason, Supervisor Ratto would suggest that the Board rescind its previous action, requesting the City Attorney to bring suit against the Commission.

Supervisor McSheehy, in his farewell remarks, announced that he was very grateful to the people of San Francisco for electing him six times in succession as a member of the Board of Supervisors. He had enjoyed the work of the office, and, naturally, hated to leave it, but he recognized that the will of the majority must be obeyed. Supervisor McSheehy then congratulated Supervisors-elect Gallagher, O'Gara, MacPhee and Green on their election, and paid tribute to their organization, which was in great measure responsible for their election. They conducted a well-organized campaign. They maintained their organization, even after their election, as evidenced in the election of the President of the Board, Supervisor Colman, whom he desired to congratulate.

In further remarks, Supervisor McSheehy expressed tribute to the Clerk of the Board, Mr. David A. Barry, who has served the Board for more than thirty-five years, and to his staff of assistants, each one of whom is an efficient stenographer, ready and willing to help each Supervisor in every way possible.

In closing, Supervisor McSheehy again congratulated the newly elected Supervisors, about to assume office, and expressed the hopes that they ever work for the best interests of the City of San Francisco. Again he desired to thank the people of San Francisco for their support in the past.

Supervisor Dewey Mead, Chairman, announced that on behalf of the Board of Supervisors, he extended best wishes to both Supervisor Ratto and Supervisor McSheehy for every success and all good luck in their future undertakings, and expressed his pleasure for having had the opportunity of knowing them and working with them.

At the hour of 12 o'clock, noon, the Chair asked the Clerk if there was any business to bring before the Board.

Whereupon, the Clerk presented and read the following communications:

**Statement from the Registrar of Voters**

January 8, 1942.

Honorable D. A. Barry,  
Clerk, Board of Supervisors,  
City Hall, San Francisco

Dear Sir:

This is to certify that at General Municipal Election held in the City and County of San Francisco on the 4th day of November, 1941, the following candidates received the highest number of votes cast and were duly elected as members of the Board of Supervisors of the said City and County of San Francisco:

Dan Gallagher .....	120,739
Chester R. MacPhee.....	115,560
Gerald J. O'Gara .....	109,974
Robert Miller Green .....	92,087
Adolph Uhl .....	84,829

CAMERON H. KING,

Registrar of Voters

By I. D. Dwyer, Deputy.

## Letter from Controller

January 8, 1942.

The Honorable,  
The Board of Supervisors,  
City and County of San Francisco.

Gentlemen:

Please be advised that bonds for officials elected at the General Municipal Election held in the City and County of San Francisco on the 4th day of November, 1941, have been filed in the office of the Controller, as follows:

<i>Name</i>	<i>Position</i>	<i>Bonding Company</i>	<i>Amount</i>
Daniel H. Gallagher,	Supervisor,	U. S. Fidelity & Guaranty	\$ 5,000
Chester R. MacPhee,	Supervisor,	American Bonding Co.	5,000
Gerald J. O'Gara,	Supervisor,	N. Y. Casualty Co.	5,000
Robert Miller Green,	Supervisor,	Mass. Bonding & Ins. Co.	5,000
Adolph Uhl,	Supervisor,	Actna Casualty & Surety Co.	5,000
John J. O'Toole,	City Atty.,	Indemnity Ins. Co. of N. Amer.	10,000
Duncan Matheson,	Treasurer,	National Surety Corp.	200,000

In accordance with the provisions of Sections 26 and 67 of the Charter, said bonds have been approved as to form by the City Attorney and by the Controller as to sufficiency and solvency of the sureties thereon, and, as provided by Section 55 of Bill 1092, Ordinance 1058, transmitted to the Recorder for proper recordation.

You are also advised that copies of oaths of office, as originally filed with the County Clerk, for all of the above officials, are on file in this office. Also filed are oaths of office for the following listed officials in whose cases bonds are not required.

Municipal Court Judges:

Joseph M. Golden, Office No. 1; Melvyn I. Cronin, Office No. 2;  
Theresa Meikle, Office No. 3; Alden Ames, Office No. 4;  
Harry I. Christie and Mrs. Lloyd L. Dinkelspiel, Members of the  
Board of Education.

Yours very truly,

(Signed) HAROLD J. BOYD.

Copy

Controller,

The following telegrams were presented, read by the Clerk, and ordered filed:

From John F. McGowan, Secretary, S. F. Aerie No. 5, F. O. E., addressed to the Clerk: Please convey to President-elect Jesse C. Colman and to Supervisors Gallagher, Green, MacPhee and O'Gara, my sincere wishes for a successful term in office. Sorry I cannot be with you today. Can only repeat my statement of last Monday when I said "Now is the time for all to unite in a spirit of unity for the good of San Francisco."

From the 19th Assembly District Democratic Club, Inc., addressed to The Fusion Five: Heartiest congratulations on this very worthy achievement.

From Anna Linsley, President, Fairmount Improvement Association, addressed to Incoming Honorable Board of Supervisors: Congratulations. Wishing you success for your future welfare representing our beloved City of San Francisco.

**Supervisors Declared Inducted Into Office**

Thereupon, the Chair declared Dan Gallagher, Chester R. MacPhee, Gerald J. O'Gara, Robert Miller Green and Adolph Uhl duly inducted into office as Supervisors.

### CALLING THE ROLL

Whereupon, the Clerk called the roll of the Board, as reorganized, and the following Supervisors were noted present:

Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—10.

Absent: Supervisor Shannon—1.

### Election of President

Supervisor O'Gara placed in nomination as President of the Board, Supervisor Jesse C. Colman. In nominating Supervisor Colman as President of the Board, Supervisor O'Gara stated that he believed, by the vote on November 4, 1941, when the people of San Francisco elected four new Supervisors, they had expressed not only a desire for a change in the personnel of the Board, but a desire for a change in its leadership.

Supervisor Brown, after brief tribute to Supervisor Colman, his fairness, ability and other qualifications, seconded the motion by Supervisor O'Gara.

On motion by Supervisor Uhl, further nominations were closed.

Whereupon, the roll was called and Supervisor Jesse C. Colman was elected President of the Board of Supervisors by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—10.

Absent: Supervisor Shannon—1.

Thereupon, the Chairman, Supervisor Dewey Mead, relinquished the Chair to President Jesse C. Colman.

President Jesse C. Colman expressed his sincere gratitude to the Members of the Board for the honor conferred upon him, and pledged himself to protect the parliamentary rights of each Member and to give each Member ample opportunity to express his views and to accomplish the duties for which he was elected.

### Remarks by Members of the Board, Officials and Citizens

After introduction by the President, Members of the Board, City Officials and citizens addressed the Board, as follows:

**SUPERVISOR GALLAGHER:** I feel extremely honored today at being elected by the people to this Board of Supervisors. There is not much to say except that we have a job to complete and I know the job is more important at this time than it was when we were elected. We little dreamed then of a war and the many things that would come before this body. Members of the Board should promote harmony among themselves and should work for the best benefit of all the people of San Francisco. I hope we can join with the people of all walks of life in San Francisco, especially people of labor, business, civic life and newspapers, in ironing out our difficulties that have taken place in years gone by. We have a job to do and we should do it honestly and intelligently. Again I wish to express my sincere thanks to the people who elected me and to the many organizations which supported me, and to my friends and acquaintances. With their help and with the help of two of the newspapers, we have been elected to this office. I hope that San Francisco will soon again take its place as the metropolis of the west, and will do my best to see that this is done.

**CHIEF ADMINISTRATIVE OFFICER, THOMAS A. BROOKS:** As Chief Administrative Officer it is a pleasure to attend this meeting today and to welcome the newly-elected members of the Board of Supervisors, and to assure them as well as all members of the Board of Supervisors, that they will always have the fullest cooperation of all departments of the Chief Administrative Officer. I thank you.

**CHIEF OF POLICE, CHARLES DULLEA:** I want to extend congratulations to the Board and especially to the newly-elected members, and to pledge the fullest cooperation of the San Francisco Police De-

partment. I wish you all a long and successful term in office. I desire, also, to congratulate Supervisor Colman on his election as President.

Thereupon, President Colman, on behalf of the Board pledged to the Mayor, the Chief Administrative Officer and to the Chief of Police, full cooperation in the important job they have undertaken—the matter of Civilian Defense.

**SUPERVISOR CHESTER MacPHEE:** Today I am very humble and very proud—humble because today I serve the City of my birth in an official capacity for the first time—San Francisco where the dome of the City Hall is still sixteen feet higher than the dome of the National Capitol in Washington—and proud because it has become my very good fortune to become associated with the good gentlemen who made up the Fusion Ticket in the recent election. I hope that some day soon Harold Brayton, who was not elected this time, will serve with us as a Supervisor for San Francisco. In Dan Gallagher and Robert Miller Green we have two experienced legislators who have formerly served in the State Legislature, and in Gerald O'Gara we have a man whose ability is unquestioned and who will be a tremendous asset to the Board of Supervisors. Naturally, I am proud of my association with these gentlemen, and San Francisco, too, will have cause to be proud of them. I wish to express to the outgoing Supervisors who have for years given freely of their time and efforts to the City I love. I also wish to thank the other members of the Board of Supervisors, who have been courteous and extended cooperation to us since the election. When we filed for office on September 30th of last year, we realized there is much to be done for San Francisco, and since that memorable filing date, the extreme emergency that faces us calls for true devotion to our duty; I pledge you that devotion. I also wish our able President, Supervisor Jesse Colman, Godspeed on his important trip to Washington, and once again I want to assure you that I will never do anything to reflect discredit upon the trust and honor placed in me here today. Thank you.

**SUPERVISOR GERALD O'GARA:** First, I want to thank you, Mr. President, for the kind introduction you have given me, and particularly for the reference to my father, and I want to thank my friends and also the newspapers for making possible the happy result of the election; I am especially grateful to my friends who have accompanied me here today. Just a word of the task that lies before us; you elected us in peace, and now we have to serve you in war and endeavor to gear our City government to war-time speed and efficiency, and the task as I see it is this: First, the City of San Francisco and all its citizens must give everything we've got to win this war, and we'll win it. To that end we must keep our men and plants busy producing for defense; we must have labor peace, and a traffic system which will provide for a smooth flow of traffic; and, second, after making full allowance for an all-out war effort, we must as nearly as possible see that life and business in this City go on as usual, and we must let the rest of the State and the rest of the country know that in San Francisco we are working with confidence and determination by day and we are living by night with wholesome laughter and music, war or no war. In time of war we must prepare for peace. That is the only certainty of war, that peace will come. Then conditions must be restored to normal, workers must be provided with jobs, and improvements must be made that our City so badly needs. That is a big order, and I in my small part pledge our best efforts and absolute faith in our ultimate success.

**SUPERVISOR ROBERT MILLER GREEN:** I am sincere when I say today that I stand before you in all humility; I am not unmindful of the tremendous responsibilities you have placed on my shoulders. In times of peril and war the foundations of democracy are imperiled; let us members of the Board of Supervisors put aside petty differences and work shoulder to shoulder for the maintenance of the principles of democracy as we know them, and for the furtherment of the City of

San Francisco. I think we are going to do that. With the energy of the new men and the experience of the older men, we can work together and do a job we can be proud of. I will not breach the confidence you have reposed in me.

**SUPERVISOR ADOLPH UHL:** Mr. President, elected officials, my fellow citizens: I am taking this opportunity to outline to the newly elected members of the Board some of the views I have in civic affairs.

It is indeed gratifying to know that my record and policies were approved at the recent election. I feel deeply grateful! Due to the promises of economies and constructive legislation, the voters elected four new Supervisors: Messrs. Gallagher, Green, O'Gara and MacPhee. In order to assist these Supervisors in fulfilling their promises of constructive legislation and economies, I pledge them my support.

Election of four Fusion candidates should be a warning to the Supervisors who will seek reelection two years hence. It behooves them to fall in line with the economies and constructive legislation promised by the Fusion candidates; otherwise, two years hence, the slogan might be: "FINISH THE JOB!"

**Economies:** "Cut to the bone" is the Mayor's appeal. I am for cutting to the bone where economies are possible without impairing efficiency. The first department in the budget is the Mayor's. Since the Mayor requests cutting to the bone, I respectfully urge him to set the example by cutting to the bone in his department. The Mayor can make the first cut by leaving vacant the position of his Executive Secretary only recently appointed Director of Civilian Defense, thereby saving the taxpayers \$5400 per year. I look forward with keen interest to economies that will be suggested in the 1942-43 budget by Mr. Lewis, employed by the Mayor to assist him in compiling the budget. It is an opportune time to say to the Mayor, "Check carefully the item of automobiles." "*See to it that City automobiles are restricted to City business, not politics; using same for other than City business should be taboo.*" No official or employee should be assigned an automobile when merely used for private business or transportation to the office in the morning and home at night. Officials or employees who have only occasional use for a City automobile should be restricted in the use thereof. Such a case exists in the Board of Supervisors, which has two automobiles at its disposal and a chauffeur for each. The cost of operating these two cars, covering salaries, gasoline, oil, tires, washing, repairs and depreciation will be conservatively between eight and ten thousand dollars per year. There is set up in this year's budget \$2500 for a new automobile for the Supervisors. This money should be transferred immediately to the General Fund.

If the members of the Board are economy-minded, they will abandon the use of the Supervisors' automobiles. This will be a test regarding economies.

**Needless Employment:** I favor employment of an efficiency engineer to make a survey of every department covering the efficiency of the departments and whether or not the departments are over-staffed. Included in this survey should be whether or not time clocks should be installed.

**Reducing the Number of Supervisors to Seven:** The following proposition is for your careful consideration, as I feel it is a matter of great importance. Reduce the number of Supervisors to seven; serving full-time; salary, \$6,000 per year. Board meetings daily at 10:00 A. M.; all matters to be acted upon within thirty days. Committee meetings daily at 2:00 P. M.; all matters to be reported back to the Board by committees within ten days. This proposal should be placed on the ballot at the first election as a Charter Amendment is required. From my experience, covering eight years on this Board, I am justified in saying one meeting and four hours each week is not sufficient for efficient and adequate operation. Inner workings of the City's affairs cannot be comprehended by attending four meetings a month.

Frequently, matters which should be disposed of promptly, will *due to procrastination*, drag on for weeks. An outstanding instance was the matter of permit fees covering patent chimneys. It was in committee for many months. Another was the matter of reducing the taxi fare to one dollar, maximum, from point to point.

For your information, a matter is presented to the Board; is referred to committee; committee takes it under advisement, which means a delay of a week or more; if referred to the City Attorney, it involves more delay. The matter finally reaches the Board. After much consideration, and discussion by the Board, the matter is frequently re-referred to committee; or, as often happens, remains on the calendar for one or two weeks. A recent example: The Board was requested to enact legislation whereby the fees from penalties collected by the State for violation of the law in the matter of killing ducks out of season, etc., should be earmarked and used for the breeding of ducks, pheasants, etc. This matter was referred to the Judiciary Committee in November; it was favorably reported out of committee and on the calendar December 1st. "Pursuant to request of proponents, consideration was postponed by the Board of Supervisors until Monday, December 8th." It appeared on the calendar on December 8th. "Consideration postponed until Monday, December 15th" at which meeting the matter was favorably acted upon—practically one month from the time the matter was introduced in the Board and its adoption. Under a full-time Board, this matter would have been cleared in one week.

**Additional Reasons for Full-Time Board:** Appeals should be heard by the Board of Supervisors instead of by appointed individuals, as in the case of the Board of Permit Appeals. I maintain the work of the City Planning Commission should be carried on by the Board of Supervisors, the Board being the elected representatives of the people. In the final analysis, in case of appeal, the Supervisors and not the Planning Commission render the final decision. Much duplication of effort, expense and inconvenience to the citizens can be avoided if the matter is entirely in the hands of the Board of Supervisors.

At this point, the President interrupted further presentation of statement by Supervisor Uhl, calling attention to the fact that the matters about which Supervisor Uhl was speaking were not before the Board at this time. They can, President Colman stated, be brought before the Board at the proper time, but during these inaugural ceremonies they are not in order.

**SUPERVISOR ALFRED RONCOVIERI:** To my esteemed associates who today retire from office I extend my sincere good-will. I bid them a fond God-speed in all their undertakings, with the assurance that I feel honored to have served with them, and to call them, and be called by them, *friend*.

To the newly-elected members of this Board I extend a hearty welcome. I congratulate you, gentlemen, for the confidence the people have reposed in you; for to be placed in a position of trust by the people in an honest American democratic election is one of the highest honors that can be conferred on any citizen. I wish you all a happy and useful public career.

These inaugural exercises come at a time when the whole civilized world is in flames, and plunged in embittered hate. Fate has forced our nations into the most inhuman war in all history. The barbarous atrocities, and the despicable treachery of those stab-in-the-back, Godless, gangster nations, have aroused in our free and peace-loving America, a spirit that will never down, until they and their ideologies are crushed to earth, and peace and goodwill to men shall rise transcendent forever in a Christian world.

Never in the history of our beloved country has there been a time when graver and more important duties and responsibilities have been suddenly thrust upon every man and woman in public office. Although these duties and responsibilities weigh heavily on all of us in these

trying times, nevertheless we have the faith, we have the courage, and we have the will to conquer for our glorious American ideals.

But this is not enough. As Supervisors, we must husband our resources with the greatest care in order to provide as large sums as possible for the sinews of war, which alone will hasten the day of victory. The urgency of the present, demands solidarity of purpose, and the cooperation of every department of our municipal government. This is imperative.

We must all be ready and willing to make any sacrifice, for besides the problems caused by the war, we are confronted with inevitable alterations in our social, economic and governmental structures.

Never before has this Board of Supervisors faced problems of such magnitude and importance, complicated as they are by the chaos of total war.

The solution of these problems require the heaven-born qualities of intelligence and moral courage, and, above all, devotion to lofty ideals. They challenge the best thought and experience, not only of this Board, but also of the most enlightened of our fellow-citizens.

I venture the hope that each one of us will think of himself as an independent member of this Board, unaffected except as his conscience and sense of duty may dictate; and that when decisions are made, they will at all times truly represent the composite thought of the entire membership of this Board.

With high resolve and determined purpose, let us pledge our supreme effort of heart and mind to the solution of the great problems that confront our beloved City of St. Francis.

ASSEMBLYMAN THOMAS MALONEY: Mr. President, newly-elected members of the Board of Supervisors, hold-over Supervisors, ladies and gentlemen and those who have just retired from office. I was happy today to have had the privilege of listening to the talks of John Ratto and Jim McSheehy, and in the good American way in which those gentlemen came in here, expressing their best wishes to those who had been elected to take their places. That is the spirit in which this country was founded and which San Francisco has gone a long way to earn the title of the "City that Knows How." I want to thank the Board for courtesies extended to me and to the people of my district. I am speaking here today as an orphan, because on next Monday I will probably go to Sacramento to battle by myself, due to the absence of Judge Cronin and Assemblymen Gallagher and Miller.

SUPERVISOR ARTHUR M. BROWN, JR.: My congratulations to you, Mr. President, for your elevation, and I pledge to you my unqualified support. When I first ran for Supervisor, I received an invitation to appear before an improvement club in the North Beach District, which asked me to tell them all my qualifications for Supervisor, and allotted me the time of two minutes in which to give them all my qualifications. I think two minutes is ample time for a Supervisor. I want to express to the new members of the Board the hope that we can work together on the problems that confront the City during this emergency, and I know that they have only the best interests of the City in mind, and since that has been my policy for ten years I feel confident we can go ahead together from here and see eye to eye on most of our problems. With regard to the departing Supervisors, I wish them Godspeed and success in the business world to which they are returning. About John Ratto: I doubt if there was any man on the Board of Supervisors or in the City government who is better known in the region around San Francisco or more favorably known. I do hope that some way can be found to still make use for San Francisco of John's popularity in the country regions. As to Jim McSheehy, he and I probably tangled more often than any other members of the Board. We just could not see anything together for several years. Finally we were designated as a committee of two to go to Washington on a City matter. He sat at one

end of the train and I sat at another until evening of the first day, when we had dinner together. Then we played casino from then on to Washington. The score was then even. While we waited for dinner, McSheehy said, "The casino championship of the Board of Supervisors has not been settled," and it has never been settled. After the other dinner guests arrived, Mr. McSheehy took me to one side and said, "Brown, when we have disagreements on the Board, don't take it too seriously." And I offer this suggestion to the new members of the Board, because the other fellow's point of view is entitled to the same consideration as yours. To Supervisors Ratto and McSheehy, may I wish them success on their return to business, and we will be delighted to see them any time and have them favor us with the benefit of their advice.

**SUPERVISOR DEWEY MEAD:** I feel that speech-making should be confined to those who have just been elected to the office of Supervisor. However, I congratulate Supervisor Uhl and the new members of the Board, and wish them every success. Unlike Supervisor Uhl, however, I am not committed to any individual or to any group on this Board of Supervisors. I have not been in the past, and will not be in the future. I owe my duty to the people of San Francisco as a whole. I propose to continue along those lines. I do suggest most respectfully, though, that the new chairman try to the best of his ability to carry out the recommendations and suggestions of the Grand Jury as to how this Board of Supervisors should conduct its business. Members of the Board of Supervisors can expect my full cooperation whenever matters presented are to the best interests of the people of San Francisco.

**SUPERVISOR FRED MEYER:** I have already told the new members personally that they will have my full cooperation. I also offer my cooperation to the President.

**MUNICIPAL JUDGE MELVYN I. CRONIN:** I want to join in the expression of congratulation and best wishes to the newly-elected members of your Board today. I know the new members very well. Two of them I have served with in the State Legislature, and I can testify to their ability, industry and sincerity—I refer to Supervisors Dan Gallagher and Robert Miller Green. With respect to Supervisor Gerald O'Gara, my friendship with him goes back to when I was his classmate at the University of San Francisco. To Supervisor MacPhee may I say that I also know him quite well, but not for so long as I have known the other three I have mentioned. I know him to be a man of industry and ability and I know that he will serve you well. All my congratulations and best wishes for a distinguished career as members of the Board of Supervisors.

**Amending Rules 1 and 2 Contained in Resolution No. 1239, "Rules of Proceedings of the Board of Supervisors," by Deleting the Names of Standing Committees from Rule 1 Thereof, and by Changing Rule 2 to Provide for Standing Committees and Their Duties.**

(Series of 1939)

President Colman presented Resolution No. 2356, as follows:

Resolved, That Rules 1 and 2 contained in Resolution No. 1239, "Rules of Proceedings of the Board of Supervisors," be and are hereby amended to read as follows:

**RULE 1.**

Every committee shall meet at the time to be set by the Chairman, or as a majority of the same may decide.

It shall be the duty of every member to attend every meeting of his committee and to be present promptly on time.

When a committee meeting is called for a public hearing at which interested citizens are invited to attend and a quorum of said committee is not present, such absence shall be reported to the Board at the next meeting. The Board may order committee meeting to be held on any matter referred to committee.

In the event Chairman is not present at the time set for meeting, another member of the committee shall call the meeting to order.

The Clerk of each committee shall keep a record of the attendance of the members, and shall report such record to the Clerk of the Board, and the Clerk of the Board shall have record of the attendance of members at committee meetings available at all times for the information of any or all members of the Board.

**RULE 2**

**Standing Committees and Duties Thereof**

The following shall constitute the standing committees of the Board. Said committees shall have jurisdiction over the matters set forth under their respective designations and it shall be the right and duty of said committees, to perform all legal acts permitted or required in the instigation, consideration and promotion of the matters set forth thereunder or related thereto, provided, however, that matters of policy, matters calling for commitments and other than routine transactions shall, before their consummation, be submitted to the Board for approval.

In case of a conflict, the President shall, subject to an appeal to the Board, determine which committee or committees has jurisdiction over a particular subject matter.

**1. Commercial and Industrial Development**

All matters relating to the establishment, expansion, facilitation and protection of commerce and industry, maritime and otherwise, in the City and County of San Francisco.

**2. County, State and National Affairs**

To initiate or consider legislation and other matters involving the City and County of San Francisco, its interests or welfare, with the Federal or State Governments or any branch, department or political subdivision thereof.

In those instances in which some other committee of the Board has jurisdiction over the local phases of such legislation or other matter, the Committee on County, State and National Affairs shall consider such legislation or matter either jointly with or subsequent to action thereon by such other Committee. Except for matters involving publicity or advertising and joint highway districts, where the presence of members of the Board is required elsewhere for the purpose of representing San Francisco's

interests, it shall be the duty of the committee on County, State and National Affairs, or the Chairman and such other members thereof as are designated, to make such representations and in those cases where another Committee of the Board has jurisdiction over the local phases of the subject involved, the Chairman of that committee shall comprise one of the delegation authorized to represent San Francisco in the particular matter.

### 3. Education, Parks and Recreation

All matters relating to Education, Parks and Recreation in the City and County of San Francisco.

### 4. Finance, Revenue and Taxation

After consideration by committees concerned with other aspects of particular subjects, to have jurisdiction over all matters affecting in any manner, finances, revenues, taxes and the fiscal procedure of the City and County of San Francisco and the various departments thereof.

### 5. Legislative and Civil Service

All matters relating to Charter revision or amendments, codification of ordinances, compilation of an administrative code as well as matters relating to civil service, standardization of salaries and retirement benefits of employees of the City and County of San Francisco.

### 6. Police Committee

Except public health and city planning, all matters under the police power of the City and County of San Francisco.

### 7. Public Buildings, Lands and City Planning

All matters relating to public buildings, public lands and city planning, in the City and County of San Francisco.

### 8. Public Health and Welfare

All matters relating to public health and social welfare in the City and County of San Francisco.

### 9. Public Utilities Committee

All matters relating to utilities whether publicly or privately owned, in the City and County of San Francisco.

### 10. Streets and Highways Committee

Except traffic, all matters relating to streets and highways in the City and County of San Francisco and highways which are joint ventures with other counties.

### 11. Rules

All matters relating to the Rules of the Board of Supervisors and the conduct of the Clerk's office.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—10.

Absent: Supervisor Shannon—1.

### Appointment of Acting Chairman

Supervisor Uhl, seconded by Supervisor Meyer, moved that Supervisor Gallagher be appointed as Acting Chairman during the absence of President Colman, who has been delegated, along with Supervisor Brown, to attend Congressional Committee hearings on the proposed amendment to the Raker Act.

No objection, and so ordered.

**ADJOURNMENT**

There being no further business, the Board, at the hour of 1:30 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, January 19, 1942.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates hereon stated and approved as recited.

**Authorizing Analysis of State Laws Relating to Apportionment of  
State Revenues**  
(Series of 1939)

Resolution No. 2363, as follows:

Whereas, The latest available data indicates that the State of California collects from the people of the City and County of San Francisco sundry tax and license revenues in excess of Forty Million Dollars

annually and apportions to and expends in the City and County approximately Fourteen Million Dollars annually; and

Whereas, The formulas in use for the apportionment of State collected tax and license revenues were in many instances adopted by the State legislature a number of years ago and do not on their present basis benefit the taxpayers of the City and County to the fullest extent deemed possible and should be revised; and

Whereas, In order that the members of the Board of Supervisors may have necessary data available when determining the legislation required to obtain a more equitable apportionment of sundry tax and license revenues collected from the people of the City and County of San Francisco by the State of California than is now provided by State laws; now, therefore, be it

Resolved, That the Finance, Revenue and Taxation Committee of the Board of Supervisors hereby instructs the Clerk of the Board of Supervisors to authorize its cost analyst to make an analysis of the laws of the State of California providing for such collection and apportionment by the State of sundry tax and license revenues and the sums of money involved, and submit to the Finance, Revenue and Taxation Committee for their consideration and recommendation the results of said analysis and proposed amendments to such laws as will achieve the desired results; and in connection with this analysis to make necessary investigations and consult with the City Attorney in reference to such proposed litigation.

Present: Supervisor Ratto (subject to approval by a majority of committee members).

**Designating O'Farrell Street Between Market Street and Van Ness Avenue a Street of Major Importance**  
(Series of 1939)

Resolution No. ...., as follows:

Resolved, That the following additional street be and is hereby included in the list of "Streets of Major Importance" upon which moneys accruing to the credit of the Special Gas Tax Street Improvement Fund shall be expended:

O'Farrell Street between Market Street and Van Ness Avenue;

Further Resolved, That a copy of this resolution be sent to the State Department of Public Works, State Building, Civic Center, San Francisco, California, and to Colonel John H. Skeggs, Division Engineer, State Department of Public Works.

Recommended by the Director of Public Works.  
Approved by the Chief Administrative Officer.  
Approved by the City Engineer.  
Approved as to form by the City Attorney.

#### Privilege of the Floor

On motion by Supervisor O'Gara, the privilege of the floor was extended to Mr. Vining T. Fisher, representing the Down Town Association, to discuss the foregoing recommendation of the Streets Committee.

Mr. Fisher requested that action on the foregoing Resolution be postponed until the investigation of conditions with respect to the advisability of designating O'Farrell and other down town streets as streets of major importance, and the reduction of sidewalk widths on said streets, now being undertaken by the Chamber of Commerce, Retail Merchants Association, Retail Drygoods Association, Down Town Association and other organizations, is completed. Until the investigation is completed, it would be advisable, Mr. Fisher believed, to re-refer the matter to the Streets Committee, and he would so urge.

Whereupon, Supervisor O'Gara, seconded by Supervisor Green, moved that the foregoing Resolution be re-referred to the Streets Committee.

No objection, and so ordered.

Resolved, That the public interest requires and that it is the intention of this Board of Supervisors to close and abandon all of Blair Street from Grand View Avenue to Corwin Street, situated in the City and County of San Francisco, State of California, and more particularly described as follows, to wit:

Beginning at the intersection of the northeasterly line of Blair Street with the northwesterly line of Acme Alley; thence deflecting  $15^{\circ} 10' 06''$  to the right from said line of Acme Alley and running southwesterly 50.454 feet to a point perpendicularly distant 44 feet northeasterly from the southwesterly line of Grand View Avenue, as last named line is shown on the "Map of Grand View Avenue," filed April 1, 1940, in Map Book O at pages 1 to 4, Official Records of the City and County of San Francisco and perpendicularly distant 50 feet southwesterly from the southeasterly prolongation of said northeasterly line of Blair Street as said line is shown on the "Map of the Resurvey of the Subdivision of a part of the San Miguel Rancho," filed September 30, 1912, in Map Book G, at page 153, Official Records; thence deflecting  $97^{\circ} 41' 39''$  to the right from the preceding course and running northwesterly along a line parallel with and distant 50 feet at right angles southwest-

erly from said line of Blair Street 106.909 feet; thence deflecting  $17^{\circ} 02' 00''$  to the right and continuing northwesterly along said parallel line 98.014 feet; thence deflecting  $17^{\circ} 29' 46''$  to the right and running northeasterly along a line parallel with and distant 50 feet at right angles northwesterly from the southeasterly line of aforesaid Blair Street and the northeasterly prolongation thereof 205.685 feet to the proposed southwesterly line of Corwin Street; thence southeasterly along said line of Corwin Street the following courses and distances, on the arc of a curve to the right, tangent to a line deflected  $137^{\circ} 44' 37''$  to the right from the preceding course, radius 42 feet, central angle  $47^{\circ} 47' 08''$ , a distance of 35.029 feet; thence on the arc of a curve to the left tangent to preceding curve, radius 58 feet, central angle  $29^{\circ} 42' 09''$ , a distance of 30.068 feet; thence tangent to preceding curve 10.692 feet; thence on the arc of a curve to the left tangent to preceding course radius 58 feet, central angle  $36^{\circ} 09' 32''$ , a distance of 36.603 feet; thence on the arc of a curve to the right, tangent to the preceding curve, radius 42 feet, central angle  $25^{\circ} 21' 17''$ , a distance of 18.586 feet; thence tangent to preceding curve 1.742 feet; thence leaving aforesaid proposed line of Corwin Street at right angles southwesterly 10.670 feet to the intersection of the southwesterly line of Corwin Street with the southeasterly line of Blair Street as said lines are shown on aforesaid map filed in Map Book G, thence deflecting  $55^{\circ} 01' 21''$  to the left from the preceding course and running southwesterly along last named line of Blair Street 80.00 feet; thence deflecting  $17^{\circ} 29' 46''$  to the left and running southeasterly along the northeasterly line of Blair Street 82.833 feet; thence deflecting  $17^{\circ} 02' 00''$  to the left and continuing southeasterly along last named line 92.667 feet to the northwesterly line of Acme Alley and to the point of beginning.

Said closing and abandonment of said Blair Street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California.

Before the final closing of said Blair Street, there shall be delivered to the Director of Property of the City and County of San Francisco deeds conveying certain lands free of all encumbrances, to the City and County of San Francisco, a municipal corporation, required for the opening of a new street running northerly from Grand View Avenue, between Stanton Street and the said Blair Street, and for certain lands necessary to establish a uniform width of 50 feet on Stanton Street from Grand View Avenue northerly to the southerly line of Clover Heights Subdivision as per map recorded in Map Book G, page 113, Official Records of the City and County of San Francisco, and for certain lands necessary to establish a uniform width of 50 feet on Corwin Street from the northerly termination of the southwesterly line of Corwin Street, northwesterly to said line of said Clover Heights Subdivision.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works, a certified copy of this resolution and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said Blair Street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, September 22, 1941.

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Absent: Supervisors Colman, Shanon.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

David A. Barry, Clerk.

Approved, San Francisco, September 26, 1941.

ANGELO J. ROSSI, Mayor.

Whereas, the Clerk of this Board did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notice of the passage of said resolution and did also cause in the manner and as required by law a notice similar in substance to be published for a period of ten days in the official newspaper of San Francisco; and

Whereas, The public interest and convenience require said street closing to be done as specifically described in Resolution No. 2118, Series of 1939; and

Whereas, the Supervisors have acquired jurisdiction to order said portion of Blair Street to be closed and abandoned;

Now, Therefore, Be It Resolved, that said portion of Blair Street be and is hereby closed and abandoned.

Be It Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that said Department be instructed to proceed thereafter as required by law, and the Clerk of this Board is hereby directed to advertise this resolution in the official newspaper as required by law.

Be It Further Resolved, That the City and County of San Francisco, a municipal corporation, does hereby accept that certain deed dated November 29, 1941, from Matthew A. Little, et ux., to certain lands required for Corwin and Stanton Streets.

Supervisor MacPhee called attention to the additional streets on which parking was to be prohibited, day or night, pointing out that those streets are in the vicinity of shipbuilding works, and if the Resolution is adopted, many workmen will be deprived of the privilege of parking their cars. This Resolution, he believed, should not be adopted

unless some plan is worked out to provide parking space for those workmen. For that reason he would move postponement of consideration until Monday, January 19, 1942.

Motion seconded by Supervisor Mead.

No objection, and so ordered.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

#### Memorializing State Legislature and Governor to Consider Favorably Legislation Appropriating Funds to Provide Adequate Quarters for Golden Gate Bridge Guard.

(Series of 1939)

Supervisor Mead presented Resolution No. 2370, as follows:

Whereas, In the extensive program of civilian defense now being prosecuted vigorously in the San Francisco Bay region, there is no one project more vital than adequate defense of, and vigilance over, the Golden Gate Bridge, linking San Francisco and its peninsula with Northern California, Oregon and Washington; and

Whereas, It is essential to the maintenance of an ample guard on the Golden Gate Bridge that said guard be provided with suitable living quarters on, or in the immediate vicinity of the Bridge; and

Whereas, Although the Bridge guard at the present time is using makeshift quarters, it is the understanding of this Board of Supervisors that the State Legislature will consider, at its special session now convened, legislation appropriating approximately \$25,000 for provision of adequate lodgings for the Golden Gate Bridge guard; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, deeply cognizant of the importance of fully protecting the Golden Gate Bridge and of providing the appurtenances necessary for that protection, does hereby urge all members of the Legislature of the State of California to pass, and the Governor of California to sign, legislation to make available funds to provide suitable quarters for the guard on duty on the Golden Gate Bridge; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to forward copies of this Resolution immediately to the San Francisco delegation, to the State Legislature, and to Governor Culbert L. Olson.

**Providing for Representation of the Board of Supervisors at Extraordinary Session of the Legislature, at Sacramento**

Supervisor Green reminded the Board that the State Legislature is in extraordinary session, and suggested that the Board should have a representative in Sacramento to look out for San Francisco's interest during the session.

Whereupon the Chair suggested that Supervisor Green prepare such resolution for presentation to the Board later during the meeting.

Supervisor Mead then moved that, subject to proper resolution being drafted, the Board of Supervisors send a committee to Sacramento, consisting of not less than two members, or more than three, to attend to whatever business might be brought up.

Motion seconded by Supervisor Green and unanimously carried.

Supervisor Uhl, seconded by Supervisor MacPhee, moved that the committee be instructed to use its own judgment at Sacramento in reference to matters affecting San Francisco.

No objection and so ordered.

**Committee to Represent San Francisco at the Extraordinary Session of the Legislature  
(Series of 1939)**

Subsequently during the proceedings Supervisor Green presented Resolution No. 2369 as follows:

Whereas, The Legislature of the State of California is meeting in extraordinary session at the State Capitol in Sacramento; and

Whereas, Many bills and measures will be considered pertaining to National Defense which will inevitably affect the health, prosperity and general welfare of the people of the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors be officially represented at said extraordinary session of the Legislature, through a committee of not less than two nor more than three members of this Board, to be appointed by the President, for the purpose of conserving the interests and welfare of the people of the City and County of San Francisco in connection with such legislation as may be considered at the extraordinary session of the Legislature.

*Adopted* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

**Appointment of Committee**

Pursuant to suggestion by Supervisor Mead, the Chair, following the adoption of the foregoing resolution, appointed himself (Supervisor Gallagher) and Supervisor Green to represent the Board of Supervisors at Sacramento.

**Abolishment of Incumbents' Preferential Position on Ballot  
(Series of 1939)**

Supervisor O'Gara presented Resolution No. ...., as follows:

Whereas, One of the vital issues of the late general municipal election was the question of a preferential place upon the ballot for incumbents, authorized by Section 3802 of the Elections Code of the State of California; and

Whereas, The people of the City and County of San Francisco demon-

strated conclusively their antipathy for such undemocratic legislation through the election, by overwhelming odds, of the opponents thereof; and

Whereas, It was the campaign pledge of those opposed to this special and privileged legislation that if elected they would immediately instigate such action as would either abrogate the act in its entirety or would exempt the City and County of San Francisco from its provisions; now, therefore, be it

Resolved, That the City Attorney be and is hereby requested to inform this Board whether or not as to those candidates voted upon by the electorate in the City and County of San Francisco, the preference provided by Section 3802 of the Elections Code may be abolished by Charter Amendment, and be it

Further Resolved, That if it be determined that the question of the abolition of the preference referred to is a local and municipal affair such as may properly be submitted to the electorate of the City and County of San Francisco for their decision, then and in that event the City Attorney is hereby requested to draft and submit to this Board a proposed Charter Amendment having for its purpose the abolition, as to candidates voted upon in San Francisco, of a preferential place upon the ballot for incumbents, as provided in Section 3802 of the Election Code.

**Requesting Manager of Utilities to Inquire as to Possible Arrangements for Renting Market Street Railway Company Cars and the Use of Inner Tracks on Market Street.**

(Series of 1939)

Supervisors Uhl presented Resolution No. ...., as follows:

Whereas, The service at peak hours on the Municipal Railway's "K" and "L" lines is most unsatisfactory, and

Whereas, At peak hours passengers crowding the steps of the trolley car make it necessary for persons desiring to board the car to wait as much as thirty minutes, and

Whereas, Ordinance No. 764 (Series of 1939) provides that riding on fenders, steps or running boards of buses, trolley buses and street cars shall be prohibited, and

Whereas, It is possible to rent Market Street Railway trolley cars and effect an arrangement whereby the "K" and "L" lines of the Municipal Railway can be operated on the inner tracks of the Market Street Railway, and

Whereas, By such an arrangement the crowding of passengers into cars like sardines and the crowding of passengers on the steps of trolley cars will be abated; now, therefore, be it

Resolved, That Mr. Cahill be immediately requested to contact the officials of the Market Street Railway Company to ascertain what arrangement can be made for renting trolley cars and for the use of the inner tracks from Ferry or Plan X to Castro Street.

**Consideration of Advisability of Making Bush and Pine Streets One-Way Streets**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, Mr. Wilder, Director of the Department of Public Works, informed the Board of Supervisors at last Monday's meeting, that consideration is being given to the making of Bush and Pine Streets One-Way Streets; and

Whereas, It might be desirable to reduce sidewalk widths on Bush Streets sufficient to permit six lanes of traffic, and

Whereas, The electroliers are being installed at the curb on Bush Street; now, therefore, be it

Resolved, That immediate consideration be given to the matter of Bush and Pine Streets being made One-Way Streets.

*Referred to Police Committee.*

**Reduction of Sidewalk Widths on Bush Street to Allow for Six Lanes of Traffic**

(Series of 1939)

Supervisor Uhl presented Resolution No. ...., as follows:

Whereas, There is no gainsaying the fact that six lanes of traffic make possible not only double parking but keep the two center lanes open, evidence of this fact can be seen on Golden Gate Avenue, Taylor Street, and other streets having six lanes; and

Whereas, It is desirable because of the amount of traffic on Bush Street that the sidewalks be narrowed to provide six lanes of traffic; and

Whereas, There is under way the placing of electroliers at the curb on Bush Street; and

Whereas, In the event that it is decided that the sidewalks should be reduced, the installation of these electroliers should be temporarily postponed; now, therefore, be it

Resolved, That immediate consideration be given to reducing the sidewalks on Bush Street to allow for six lanes of traffic.

*Referred to Streets Committee.*

**Recommending Prompt Decision on Grand Jury Proposals for Improvement of Traffic Situation**

(Series of 1939)

Supervisor Uhl presented Resolution No. ...., as follows:

Whereas, The 1941 Grand Jury in its report urges action on the Traffic Problem, and

Whereas, Improvement in traffic is of paramount importance, and

Whereas, Among the proposals of the Grand Jury the following proposals should have immediate consideration:

*One-Way Streets:*

Pine Street, one-way east from Market to Presidio Avenue

Bush Street, one-way west, from Presidio Avenue to Market Street

Turk Street, one-way east, from Divisadero to Mason Street

Eddy Street, one-way west, from Powell to Divisadero Street

Narrow sidewalks on Post Street, from Taylor to Montgomery to nine (9) feet in width; now, therefore, be it resolved:

That immediate decision should be made on the foregoing proposals.

*Referred to Police Committee.*

**Urging Immediate Consideration of Grand Jury Recommendation re Improvement of Traffic Situation**

(Series of 1939)

Supervisor Uhl presented Resolution No. ...., as follows:

Whereas, The 1941 Grand Jury submitted a report urging action on the traffic problem, and

Whereas, The Grand Jury recommends Bush Street should be a one-way street, a study should be made at the same time regarding the desirability of widening Bush Street, thus making permissible six lanes, and

Whereas, The Grand Jury recommends widening of Mason Street, Turk to Eddy, inasmuch as traffic congestion on Mason Street from Turk to Eddy, extends as far as Geary, Mason Street should be widened to permit of six lanes, and

Whereas, Congestion of traffic occurs at the intersection of Turk, Mason and Market due to the trolley car making a left-hand turn into Mason, the No. 31 line should cross Market at Turk; now, therefore, be it

Resolved, That immediate consideration be given the foregoing proposals.

*Referred to Police Committee.*

#### **Consideration of Civilian Defense and Possible Desirability of Amending Ordinance Thereon**

Supervisor O'Gara, seconded by Supervisor Green, moved that the Acting Chairman of the Board attend the next meeting of the Civilian Defense Council, and report to the Board at its next Monday's meeting on the status of civilian defense and as to the desirability of the Board holding a hearing to amend the Civilian Defense Ordinance or to take other action for the purpose of insuring adequate defense.

No objection, and so ordered.

#### **Employment of Madigan-Hyland, New York Engineers for Survey of San Francisco's Traffic and Transportation Needs**

Supervisor Shannon presented a communication from the San Francisco Chamber of Commerce, addressed to the Board, opposing a proposal to authorize the Mayor to enter into negotiations with Madigan-Hyland, New York Engineers, for the purpose of obtaining a contract with them to survey San Francisco's traffic and transportation needs, and setting forth in detail, the reasons for that opposition.

Supervisor Shannon, following the reading of the aforementioned communication by the Clerk, reviewed the consideration previously given to the proposal of employing the New York engineers. Several months ago, stated Supervisor Shannon, a request from the Mayor for an appropriation of \$60,000 for the employment of Madigan and Hyland, came before the Board. There had already been appropriated some money that was available. At that time, Supervisor Shannon continued, he asked for a breakdown of the figures. Mr. Madigan stated at a meeting in the Mayor's office, that he was more interested in holding his organization together than in making any money out of this proposed work. He stated, also, that if we would tell him what we wanted, he would tell us how to do it. We don't know what we want, and that is what we were going to employ experienced persons for, whether our own personnel in the City Hall, or anyone else. In closing, Supervisor Shannon stated that he desired to bring out, if it is the Mayor's intention to employ this firm, to find out just exactly the breakdown of expenditure of this money. In addition to the flat amount this firm is to get, we are to give certain employments to accomplish what is wanted. This entire matter should be referred to committee and hearing be held on the entire matter, so people can know just exactly what San Francisco is going to get for the money to be expended, and Supervisor Shannon so moved.

Motion seconded by Supervisor Green.

*Whereupon, the Chair referred the matter to the Police Committee.*

#### **Report on Meeting of County Supervisors Association in Sacramento, January 9, 1942**

Supervisor Uhl, who was appointed to represent the Board at the meeting of the County Supervisors Association, held in Sacramento, January 9, 1942, reported to the Board thereon. The subject considered was Strategic Minerals in the State of California. Supervisor Uhl announced that he would present a written report for record purposes.

#### **Report on Views**

Supervisor Uhl announced that inasmuch as he had been interrupted while presenting his statement and recommendations at the meeting of January 8, 1942, he would, under his name on Roll Call present same.

and ask that it be made part of the record. Whereupon, he presented his statement, as follows:

**SUPERVISOR ADOLPH UHL:** Mr. President, elected officials, my fellow citizens: I am taking this opportunity to outline to the newly elected members of the Board some of the views I have in civic affairs.

It is indeed gratifying to know that my record and policies were approved at the recent election. I feel deeply grateful! Due to the promises of economies and constructive legislation, the voters elected four new Supervisors: Messrs. Gallagher, Green, O'Gara and MacPhee. In order to assist these Supervisors in fulfilling their promises of constructive legislation and economies, I pledge them my support.

Election of four Fusion candidates should be a warning to the Supervisors who will seek reelection two years hence. It behooves them to fall in line with the economies and constructive legislation promised by the Fusion candidates; otherwise, two years hence, the slogan might be: "FINISH THE JOB!"

**Economies:** "Cut to the bone" is the Mayor's appeal. I am for cutting to the bone where economies are possible without impairing efficiency. The first department in the budget is the Mayor's. Since the Mayor requests cutting to the bone, I respectfully urge him to set the example by cutting to the bone in his department. The Mayor can make the first cut by leaving vacant the position of his Executive Secretary only recently appointed Director of Civilian Defense, thereby saving the taxpayers \$5400 per year. I look forward with keen interest to economies that will be suggested in the 1942-43 budget by Mr. Lewis, employed by the Mayor to assist him in compiling the budget. It is an opportune time to say to the Mayor, "Check carefully the item of automobiles." "*See to it that City automobiles are restricted to City business, not politics; using same for other than City business should be taboo.*" No official or employee should be assigned an automobile when merely used for private business or transportation to the office in the morning and home at night. Officials or employees who have only occasional use for a City automobile should be restricted in the use thereof. Such a case exists in the Board of Supervisors, which has two automobiles at its disposal and a chauffeur for each. The cost of operating these two cars, covering salaries, gasoline, oil, tires, washing, repairs and depreciation will be conservatively between eight and ten thousand dollars per year. There is set up in this year's budget \$2500 for a new automobile for the Supervisors. This money should be transferred immediately to the General Fund.

If the members of the Board are economy-minded, they will abandon the use of the Supervisors' automobiles. This will be a test regarding economies.

**Needless Employment:** I favor employment of an efficiency engineer to make a survey of every department covering the efficiency of the departments and whether or not the departments are over-staffed. Included in this survey should be whether or not time clocks should be installed.

**Reducing the Number of Supervisors to Seven:** The following proposition is for your careful consideration, as I feel it is a matter of great importance. Reduce the number of Supervisors to seven; serving full-time; salary, \$6,000 per year. Board meetings daily at 10:00 A. M.; all matters to be acted upon within thirty days. Committee meetings daily at 2:00 P. M.; all matters to be reported back to the Board by committees within ten days. This proposal should be placed on the ballot at the first election as a Charter Amendment is required. From my experience, covering eight years on this Board, I am justified in saying one meeting and four hours each week is not sufficient for efficient and adequate operation. Inner workings of the City's affairs cannot be comprehended by attending four meetings a month.

Frequently, matters which should be disposed of promptly, will *due to procrastination*, drag on for weeks. An outstanding instance

was the matter of permit fees covering patent chimneys. It was in committee for many months. Another was the matter of reducing the taxi fare to one dollar, maximum, from point to point.

For your information, a matter is presented to the Board; is referred to committee; committee takes it under advisement, which means a delay of a week or more; if referred to the City Attorney, it involves more delay. The matter finally reaches the Board. After much consideration, and discussion by the Board, the matter is frequently referred to committee; or, as often happens, remains on the calendar for one or two weeks. A recent example: The Board was requested to enact legislation whereby the fees from penalties collected by the State for violation of the law in the matter of killing ducks out of season, etc., should be earmarked and used for the breeding of ducks, pheasants, etc. This matter was referred to the Judiciary Committee in November; it was favorably reported out of committee and on the calendar December 1st. "Pursuant to request of proponents, consideration was postponed by the Board of Supervisors until Monday, December 8th." It appeared on the calendar on December 8th. "Consideration postponed until Monday, December 15th" at which meeting the matter was favorably acted upon—practically one month from the time the matter was introduced in the Board and its adoption. Under a full-time Board, this matter would have been cleared in one week.

**Additional Reasons for Full-Time Board:** Appeals should be heard by the Board of Supervisors instead of by appointed individuals, as in the case of the Board of Permit Appeals. I maintain the work of the City Planning Commission should be carried on by the Board of Supervisors, the Board being the elected representatives of the people. In the final analysis, in case of appeal, the Supervisors and not the Planning Commission render the final decision. Much duplication of effort, expense and inconvenience to the citizens can be avoided if the matter is entirely in the hands of the Board of Supervisors.

**Indigent Relief:** Under the law, the Supervisors are responsible for indigent relief. Do the Supervisors give any attention to same? NO! Recently, I proposed that the Supervisors hear certain persons regarding relief. Objected to on the grounds that it might mean more work for the Supervisors. It would be more efficient to have a full-time Board of Supervisors to supervise indigent relief, old-age pensions, etc., at a salary cost of only three dollars per hour, compared to the present salary cost of eleven dollars per hour.

**Tops in Procrastination** is the delay in returning several hundred of our unemployed unemployables, men, ranging from 60 to 80 years of age, to San Francisco. These men were on direct relief at an average cost of \$20 per month, as compared to \$22.50 per month now paid to the S. R. A. by the Public Welfare Commission. In sending these men to Sharp's Park, their relief check was discontinued and, as a result, they have not the price of a newspaper. It is pathetic and cruel to have removed these men from their homes in San Francisco and isolated them at Sharp's Park and *at an additional cost of \$750.00 per month, \$9,000 per year to the taxpayer!* San Mateo and Alameda Counties did, for a short time, send their unemployed men to Sharp's Park but they now take care of their unemployed on direct relief, and the money is being spent in their own counties.

**Repeal Resolution No. 2091:** I renew my appeal that the Supervisors repeal Resolution No. 2091 which resolution authorizes the Public Welfare Commission to send three hundred unemployed unemployables to Sharp's Park at \$22.50 per month. Inasmuch as the justification for sending the three hundred unemployed unemployables to Sharp's Park no longer exists, these men should be returned to San Francisco at an early date.

**Terms of Mayor and Supervisors:** I renew my suggestion that the Mayor and the Supervisors' term of office should be six years and the lapse of one term, six years, before qualifying for re-election. Without

fear of contradiction, I make the statement that frequently the Supervisors' vote is based on political, rather than on economical grounds. An outstanding example follows: Committee was hearing the pros and cons of a mooted question. Three men were present at the committee meeting, two principals and a labor representative. The committee was about to vote on the matter when the labor representative requested a week's postponement. He was informed that the matter of labor had been thoroughly discussed and agreed upon by the Board of Supervisors and a week's delay would therefore be regrettable. Nevertheless, the gentleman pressed his request for a week's postponement. My colleague on the committee whispered to me: "Adolph, he represents 1300 votes." This is an example why Supervisors, with few exceptions, yield to pressure and votes and that applies likewise to the Mayor.

Therefore, I urge a term of six years and a lapse of one term, before qualifying for re-election for either Mayor or Supervisor. I positively feel if re-election on the present basis continues, many matters will not be considered on their merits.

**Recall:** Substitute for the Recall Provisions in the present Charter, the provisions of the Recall as set forth in Sections 1, 2, 3, 4 and 5 of the previous Charter, one of which sections provides: "One petition is competent to propose the removal and election of one or more elective officials." A Mayor, aside from the possibility of recall, might die within one year of his election. Under the present Charter, his successor is elected by the Board of Supervisors. I maintain his successor should be elected by the people; otherwise, it invariably becomes a political football, as evidenced in the last appointment of James Rolph's successor. I feel this matter should be placed on the ballot at the next election as a Charter Amendment.

**Rapid Transit:** There is no gainsaying the fact that our street car service is abominable and that some other means of rapid transportation must be devised. Bus operation seems to be the only answer. The Charter should be amended to make permissible purchase of buses on the same terms and conditions at which private transportation companies can purchase them, namely, payment in five equal annual installments; no down payment necessary. Buses should immediately supplant the "H" line on peak hours from Geary and Van Ness south. The condition at Van Ness and Geary, southbound, at peak hours is terrible.

Buses should be substituted for trolley cars at the earliest possible date on Van Ness, from Bay Street to County Line in the Mission. Due to the extreme width of Van Ness Avenue and traffic congestion on Potrero Avenue, where many persons have been killed by autos, also due to the width of Bayshore and Alemany Boulevards, buses stopping at the curb will protect the lives of our people.

Bush Street is a natural automobile route. Immediate arrangements should be made to extend Bush Street through Laurel Hill Cemetery; in the meantime, route the bus over Bush, Presidio Avenue and California Street to 25th Avenue and Lake Street. Express service by bus is possible on Bush Street which will positively reduce the time from Bush and Sansome to 25th and Lake, one-half. At Monday's meeting of the Board of Supervisors, Director Wilder of the Department of Public Works, suggested that Bush and Pine Streets be made one-way streets. An immediate decision should be made whether or not Bush and Pine Streets should be one-way streets as electroliers are about to be installed on Bush Street. If sidewalks on Bush Street are to be narrowed, in order to provide six lanes, installation of electroliers should wait until the sidewalks have been narrowed.

Are you aware of the fact that it is impossible to get on the steps of a Municipal west-bound car on Market Street between 9th and Van Ness Avenue at the peak hour inasmuch as the step is over-crowded with people? Mr Cahill's attention has been called to the ordinance prohibiting persons standing on the steps of a moving car. Why does not Mr.

Cahill take the necessary steps to remove the hazard and the abominable traffic jam at peak hours, when persons are packed in the cars and on the steps like sardines? Why has not Mr. Cahill purchased new trolley cars to take the place of obsolete trolley cars? He stated in the Board of Supervisors some time ago that the present "value of Municipal cars is \$3,000 each." Original cost of trolley cars was approximately \$20,000. Has money been provided in a depreciation fund for the purchase of new trolley cars? The answer is "NO!"

Realizing that an adequate depreciation fund on a five-cent fare is impossible, the Public Utilities Commission abandoned the depreciation fund. As a result, no funds for sorely-needed trolley cars are available. Is that not so, Mr. Cahill? If Mr. Cahill were asked: "Why not purchase more trolley cars for operation on Market Street?" Mr. Cahill would say: "At peak hours, there is no room for additional cars." I am wondering if it has occurred to Mr. Cahill that he might be able to rent trolley cars from the Market Street Railway and make an arrangement whereby said cars can be operated on the inner tracks of the Market Street Railway? Undoubtedly, Market Street Railway cars are available due to the large substitution of buses.

Due to fewer trolley cars operating on Market Street west of Valencia, an ordinance was recently passed by the Board of Supervisors for removal of the outer rails on Market Street between Valencia and Castro, in which case the Municipal cars, "K" and "L" will operate on the inner Market Street Railway tracks. A similar condition exists east of Fremont on Market. Why not carry out the same plan there? Removal of outer tracks on Market, east of Fremont, will speed up traffic, and why not go a step further, looking into the future, namely, supplementing buses for secondary lines in which case the outer tracks on Market Street, between Fremont and Valencia, can be removed. With the removal of the outer tracks from the Ferry to Castro, it will be possible to operate buses on Market Street from the Ferry to Castro Street.

Immediate attention should be given the following: progressive timing of traffic lights; properly timed and non-interference of police officers, their interference interrupts continuous travel at predetermined speed. Most important and which should receive immediate action is the elimination of left-hand turns in down-town areas, especially at peak hours.

Regarding traffic jam at Roos Bros., corner of Stockton and Market: that traffic jam could have been avoided years ago by extending the "F" line across Market, down Fourth and via Howard to Plan X Terminal at a moderate expense. Here is what happened when I recently suggested to Mr. Cahill that the "F" line be routed across Market, down Fourth, via Howard to Plan X Terminal. The tracks on Howard Street east of Fourth were immediately removed, which removal prevented the extension of the "F" line on Howard Street. Mr. Cahill, being dollar-minded in place of being service-minded, figured his overhead expense would be increased by extending the "F" line. I now say to Mr. Cahill: "Why not extend the 'F' line across Market and down Mission to either the Plan X Terminal or Ferry." *I maintain that it is not necessary to spend \$100,000 for the services of Mr. Madigan and his staff to tell us these things. It's up to Mr. Cahill!*

Will Mr. Cahill kindly inform me regarding his reaction to the following: Has he considered equalizing fares of the Municipal and the Market Street Railway, equalizing the fares as between five and seven cents, at the same time providing for a universal transfer? This will have the effect of giving the people of San Francisco a unified system. Has it ever occurred to Mr. Cahill that the equalization of passengers carried by both systems which would follow equalization of fares, would result in tremendous improvement of service rendered to our people? I feel that some sort of an arrangement equitable to both companies must be arrived at in order that transportation can be vastly improved.

A further suggestion regarding transportation. I observed this morn-

ing that the Municipal lines operate under skip and jump in the outlying districts, and this is also the case with the Market Street Railway on Lincoln Way. I observed operation on Lincoln Way this morning and believe it positively speeds up traffic. Therefore I recommend that skip and stop be adopted on all trolley lines in the outlying districts. Would also suggest that buttons be removed where cars do not stop. This suggestion comes from my observation on Lincoln Way this morning.

**Sewer System:** The old sewers are known to be in a deplorable condition. Frequent breaks are patched at considerable expense; this is false economy. It will require several years and a large sum of money to replace the old, worn-out sewers. Therefore, a five-year plan might be most desirable. On the other hand, what about sewer rentals?

"One hundred and sixteen American cities have adopted a system of sewer rentals." Undoubtedly a study has been made of sewer rentals by our Department of Public Works. In order to expedite matters, it is desirable that the Supervisors should be advised at the earliest possible date what recommendations will be made in the matter of sewers and also a report on sewer rentals.

**Industrial Lands:** A request should be made of his Excellency, Governor Culbert L. Olson, that legislation be enacted whereby the State will cede to San Francisco all tide lands lying south of Islais Creek, in order that the city can reclaim same for industrial sites; also purchase by the city of approximately 1000 acres of tide lands in South Basin. Municipally-owned industrial lands will place San Francisco on a competitive basis with Oakland. Years ago Oakland had the foresight to reclaim her mud flats and as a result many of San Francisco's outstanding industrial plants, requiring more lands, moved across the Bay.

Large tracts of industrial lands are not available in San Francisco, but could be made available with the reclamation of South Basin tide lands. Regrettably the proposal for San Francisco to acquire the tide lands in the South Basin, to be reclaimed by fill and cover method, was defeated due to the fact that the then Health Director, Dr. Hassler, did not approve fill and cover. In consequence San Francisco's refuse is being disposed of by means of fill and cover, reclaiming the Southern Pacific tide lands, and to date approximately one hundred acres of Southern Pacific tide lands have been reclaimed, and are worth between a quarter and one-half million dollars. It is not too late for San Francisco to acquire the South Basin tide lands.

Reclaiming same by fill and cover would make possible employment of our unemployed employables over a period of years. It is much more preferable that the aged men be given light employment by means of fill and cover. It is deplorable that the administration lacks vision in so vital a matter.

**Junket Trips:** The voters, in no uncertain terms, disapproved junket trips. A word to the wise is sufficient!

**National Defense:** No stone should be left unturned in the matter of making national defense one hundred per cent effective. Funds which will be demanded for national defense will add to the burden of the taxpayer. It therefore behooves this Board of Supervisors to cut expenses to the bone and postpone matters not of immediate, vital necessity. I hope for your cooperation in all constructive matters. I assure you of mine.

#### In Memoriam—Mrs. Blanche Bates Creel

(Series of 1939)

Supervisor Uhl presented Resolution No. 2372, as follows:

Whereas, God in His infinite wisdom, has called to her eternal reward Mrs. Blanche Bates Creel; and

Whereas, Mrs. Blanche Bates Creel, who enjoyed a long and distinguished career on the American stage, was for many years an honored citizen of San Francisco, being active in numerous praiseworthy civic activities; and

Whereas, The multitude of friends of Mrs. Creel will join with her bereaved husband in deeply mourning her passing; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns this day it does so out of respect to the memory of the beloved Mrs. Blanche Bates Creel; and the Clerk is hereby directed to transmit to her husband, Mr. George Creel, a suitable copy of this Resolution as a token of the Board's high regard for Mrs. Creel and as an expression of its sympathy and condolence.

*Unanimously adopted by rising vote.*

**Appointing Supervisor Frederick W. Meyer a Director of Joint Highway District No. 9**  
(Series of 1939)

Supervisor Uhl presented Resolution No. 2371, as follows:

Resolved, That in accordance with the provisions of the Joint Highway Act of the State of California, and pursuant to proceedings heretofore taken in the matter of the creation of Joint Highway District No. 9 composed of the City and County of San Francisco, the County of San Mateo and the County of Santa Cruz for the purpose of constructing the Ocean Shore Highway, Supervisor Frederick W. Meyer be and he is hereby named and appointed as director of said Joint Highway District No. 9 to represent the City and County of San Francisco, vice John M. Ratto, term expired, said appointment to be effective January 8, 1942.

*Adopted by the following vote:*

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

**Amendment to Ordinance Regulating Bus Stops Proposed**

Supervisor Uhl called attention to fine imposed by ordinance for parking in bus stops, and held that the fine of \$5.00 as set up in the ordinance, was too drastic. Motorists, he stated, were not aware that they were stopping in bus zones and so were subject to a \$5.00 fine. The fine should be the same as that imposed for parking in any "red" zone, at least until proper painting of the curb or pavement would unmistakably designate bus stops as such.

In conclusion, Supervisor Uhl moved that the Clerk draft the necessary legislation to amend that Ordinance by reducing the penalty for violation thereof from \$5.00 to \$1.00.

Motion failed for want of a second.

Supervisor Mead announced that he would have seconded the motion, under ordinary circumstances, but that the correct picture had not been given to the Board. There is, in connection with the painted curb, a yellow sign, pointing out that the location is a bus loading zone. In spite of the painted curbs and the signs, motorists persist in stopping in such zones, making it necessary for buses to load and unload passengers in the center of the street. What is required is more policing, or education of the public.

**Communications**

The following communications were presented, read by the Clerk, and acted on as noted:

From Office of Production Management, assuring the Board that attention is being given to allotment of materials to meet essential civilian requirements.

*Communication ordered filed.*

From Governor Culbert L. Olson, informing the Board that in the call for the present extraordinary session of the Legislature, he has asked

for augmentation of State Emergency Fund through which counties and cities can be assisted.

*Communication ordered filed.*

**Change of Time for Meetings of Finance Committee**

Supervisor MacPhee, Chairman of the Finance Committee, gave notice that beginning January 22, 1942, the Finance Committee would meet each Thursday, at 2:30 P. M., instead of on Fridays, as heretofore.

**ADJOURNMENT**

There being no further business, the Board, at the hour of 3:55 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, January 19, 1942.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

## UNFINISHED BUSINESS

### Final Passage

The following recommendations of the Finance Committee here-  
before Passed for Second Reading, were taken up:

**Authorizing a Supplemental Appropriation in the Amount of Two  
Hundred Sixty-Three (263.00) Dollars from the Surplus Existing  
in Wage Account, Street Cleaning Division, Department of Public  
Works, to the Credit of Salary Account, Division of Street Cleaning,  
for Employment of a District Director at a Salary in Excess of the  
Amount set up in the 1941-1942 Annual Appropriation Ordinance.**

(Series of 1939)

Bill No. 1548, Ordinance No. 1561, as follows:

Authorizing a supplemental appropriation in the amount of two  
hundred sixty-three (\$263.00) dollars from the surplus existing in  
Appropriation 142.130.00, Wage Account, Street Cleaning Division,  
Department of Public Works, to the credit of Appropriation 142.110.00.

Salary Account, Division of Street Cleaning, necessary for employment of a district director at a salary in excess of the amount set up in the 1941-42 Annual Appropriation Ordinance.

Whereas, The Annual Appropriation Ordinance for the year 1941-42 provided for two (2) District Directors of Street Cleaning in the Department of Public Works at a monthly Salary of Two Hundred Twenty-Five (\$225.00) Dollars each; and

Whereas, Since the adoption of said Annual Appropriation Ordinance two vacancies have occurred in said position and the Civil Service Commission has duly called and held an examination for said position and has adopted an eligible list therefor; and

Whereas, Whitney Merrill is an eligible on said list and is entitled to the appointment of District Director of Street Cleaning; and

Whereas, Prior to said Whitney Merrill becoming eligible for said appointment he was employed in the Department of Public Works at a salary of Two Hundred Fifty (\$250.00) Dollars per month as an Inspector of Streets and Sewers; and

Whereas, Pursuant to an ordinance of the Board of Supervisors standardizing certain salaries it is provided that when an employee is promoted to a higher position and is already receiving more than the entrance salary fixed for said promotive position, he shall enter said promotive position at the amount immediately in excess of his current salary, and under said ordinance said Whitney Merrill is entitled to receive a salary of Two Hundred Sixty-Two and 50/100 Dollars (\$262.50) per month.

Now, Therefore, be it Ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of Two Hundred Sixty-three (\$263.00) Dollars is hereby appropriated and set aside from the surplus existing in Appropriation 142.130.00, Wage Account, Street Cleaning Division, Department of Public Works, to the credit of Appropriation 142.110.00, Salary Account, Division of Street Cleaning, necessary for employment of a District Director at a salary in excess of the amount set up in the 1941-42 Annual Appropriation Ordinance.

Recommended by the Director, Department of Public Works.

Approved as to funds available by the Controller.

Approved by the Mayor.

Approved by the Chief Administrative Officer.

Approved as to form by the City Attorney.

## NEW BUSINESS

### Adopted

The following recommendations of the Finance Committee were taken up:

Present: Supervisors MacPhee, Mead and Uhl.

#### Offering for Sale \$3,000,000 Tax Anticipation Notes (Series of 1939)

Resolution No. 2373, as follows:

Whereas, Ordinance No. 1351, (Series of 1939) heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1942, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, In order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of three million (\$3,000,000) dollars;

Now, Therefore, be it Resolved, That the President of the Board of Supervisors of the City and County of San Francisco, the Controller or the Chief Assistant Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of three million (\$3,000,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the amount of three million (\$3,000,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3:00 P. M., January 26, 1942, and that said Tax Anticipation Notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco, computed from the date fixed for the presentation of bids to May 11, 1942, and be it

Further Resolved, That Orrick, Dahlquist, Neff and Herrington, attorneys at law, are employed to furnish legal opinion on validity of the above mentioned Tax Anticipation Notes authorized by Ordinance No. 1351 (Series of 1939), the fee therefor to be \$1,000.

Recommended by the Controller.

Recommended by the Treasurer.

Approved as to form by the City Attorney.

#### WORKING CONDITIONS FOR LABORERS

1. Eight hours will constitute a day's work, between the hours of 8:00 A. M. and 5:00 P. M., except as otherwise noted. Where part of an eight (8) hour day is worked pro rata rates for such shorter periods shall be paid.

2. Five days, from Monday to Friday inclusive, shall be considered the regular working week.

3. Recognized Holidays will be New Year's Day, Washington's Birthday, Decoration Day, Fourth of July, Labor Day, Admission Day, Thanksgiving Day, and Christmas Day. They shall be holidays of not less than twenty-four (24) hours and all holiday work shall be paid for at double time.

4. Overtime shall be paid as follows: For any extra time worked up to a total of four (4) hours after eight (8) hours, between the hours of 8:00 A. M., and 5:00 P. M., shall be time and one-half. All overtime in addition to the four (4) hours above described shall be paid double time. Saturdays, Sundays and Holidays, from 12 midnight of the preceding day shall be paid double time. When one regular daylight shift is being worked and men are required to report for work before 8:00 A. M. they shall be paid double time prior to 8:00 A. M.

5. Two Shifts: When two shifts are worked in any twenty-four (24) hours, one immediately following the other, the one beginning at 8:00 A. M., the other shift shall work seven (7) hours and receive eight (8) hours' pay. Where two shifts are worked, one immediately following the other, the first beginning before 8:00 A. M., each shift shall receive eight (8) hours' pay for seven (7) hours' work. Where three shifts are worked, one immediately following the other, shift time shall be seven (7) hours and overtime equal to one hour's pay shall be paid on all shifts.

6. Track work shall consist of all operations incidental to a contract for track work. Where any work is done on tracks after the usual quitting period and extra shifts are required by EMPLOYER such shift work shall be paid for on the basis of eight (8) hours' pay for seven (7) hours' work. Employer may be permitted to utilize one, two or three shifts at his option, and use any number of workers that will best fit his requirements. Starting time on track work projects shall be optional with employer and the starting time shall be made to serve the convenience of the job. It is further understood and agreed that where workers once start work on any track work operations, and where such work is performed on a basis of four hours, or less, on any shift, such workers shall be paid double time for this type of work. Where track workers are employed in excess of four hours, on any shift, such workers shall be paid on the basis of a full shift regardless of whether or not a full shift is worked.

7. Tidal Conditions: When it is necessary to work with the tide any such working hours may be changed at the option of the employer, to meet tidal conditions and such work is to be paid for at straight time. It is further understood and agreed that where workers once start work on any operation where tidal conditions are involved, and where such work is performed on a basis of four hours or less, on any shift, such workers shall be paid double time for this type of work. Where workers on tidal operations are employed in excess of four hours, on any shift, such workers shall be paid on the basis of a full shift regardless of whether or not a full shift is worked.

#### Appropriating \$50,000, Municipal Railway Stores Revolving Fund (Series of 1939)

Bill No. 1553, Ordinance No. ...., as follows:

Authorizing a supplemental appropriation of \$50,000 out of the surplus existing in the Municipal Railway Operative Fund to the credit of the Municipal Railway Stores Revolving Fund, and amending Ordinance No. 9.051227, entitled "Authorizing a supplemental appropriation of \$200,000 out of the surplus existing in the Municipal Railway Operative Fund to the credit of the Municipal Railway Stores Revolving Fund which is hereby created for the purpose of providing for the purchase, storage, and clearance of materials and supplies required for the use of the Municipal Railway and providing the procedure therefor" by increasing the amount thereof to \$340,000.

Be it Ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside out of the surplus existing in the Municipal Railway Operative Fund the sum of \$50,000 to the credit of the Municipal Railway Stores Revolving Fund, which last mentioned fund was created by Ordinance No. 9.051227 in the amount of \$200,000, and increased to \$250,000 by Ordinance No. 9.051254 and increased to \$290,000 by Ordinance No. 336.

Section 2. Section 1 of Ordinance No. 9.051227 is hereby amended to read as follows: There is hereby created a Municipal Railway Stores Revolving Fund in the amount of \$340,000 for the purchase, storage, and clearance of materials and supplies required for the use of the Municipal Railway in connection with its performance.

Section 3. The within increase in the Municipal Railway Stores Revolving Fund is made in order to provide funds for the purchase of needed materials and supplies, in order to insure delivery of such materials and supplies by making purchase order commitments at this time, due to priority ratings in connection with the national defense.

Approved by the Public Utilities Commission.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved as to funds available by the Controller.

Approved by the Mayor.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Uhl—7.

Absent: Supervisors Brown, Colman, Roncovieri, Shannon—4.

#### Final Passage

**Amending Section 8 of Ordinance No. 1448 so as to Provide that the Civilian Defense Council may Provide for and Contribute Funds to the Support of any of the Committees Appointed, as Provided in said Ordinance. An Emergency Ordinance.**

(Series of 1939)

Bill No. 1559, Ordinance No. ...., as follows:

Amending Section 8 of Ordinance No. 1448 so as to provide that the Civilian Defense Council may provide for and contribute funds to the support of any of the committees appointed, as provided in said ordinance. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That Section 8 of Ordinance No. 1448, entitled as follows:

"Creating the San Francisco Civil Defense Council: providing for the membership thereof and for the organization thereof: and the granting of said powers to said Council: and declaring that an emergency exists which requires this ordinance becoming effective forthwith," be and the same is hereby amended to read as follows:

"Section 8. The Defense Council may by resolution create such committees as it deems necessary to conduct and carry on its work, and shall define the duties of each of said committees, all of which shall be within the purposes of this ordinance, and at its will abolish such committees as it deems unnecessary. The chairman of each committee shall be designated by the chairman of the Defense Council from among the members thereof, but membership on said committees need not be limited to membership in said Defense Council. *Notwithstanding the provisions of Subdivision (f) of Section 6 of said Ordinance No. 1448, the Mayor, from such funds under his jurisdiction as may be appropriated to him for the purpose of meeting the present war emergency, may contribute to said Defense Council, or to any of the committees thereof, including the Defense Council Planning Committee, such funds as he shall deem necessary for the purpose of enabling said Defense Council, or any of the committees thereof, to carry out the work assigned to said Defense Council, or to said committees under the provisions of this ordinance, or under the order of the Mayor, or under the order of said Defense Council. Said Defense Council shall establish such rules and regulations as it shall deem proper for the purpose of providing for and regulating the expenditure of such moneys as may be provided for said Defense Council, or for the committees thereof, provided, however, that all positions carrying compensation, paid directly or indirectly out of the funds which may be allocated pursuant to the provisions of this ordinance, shall be established and maintained subject to the civil service provisions of the Charter.*"

Section 2. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this ordinance should become effective forthwith, the nature of said emergency being as follows: That the people of the City and County of San Francisco are in imminent danger by reason of the war existing between the United States of America, Japan, Germany and Italy, and it is necessary to have additional funds allocated for the use of the several departments of the government of the City and County of San Francisco, and for the Defense Council and the committees thereof, in order to protect the lives, health, safety and property of the people of the City and County of San Francisco, as well as the property of said City and County.

Approved as to form by the City Attorney.

#### Amendment

Following the reading of the foregoing Bill, Supervisor MacPhee moved that it be amended by striking out, at the end of Section 1, after the word "Charter," the period, and substituting therefor a comma, and adding the words "and provided further that not later than the twentieth day of each month, the Mayor shall give to the Board of Supervisors a written accounting and report of all expenditures authorized by him under the terms of this ordinance during the preceding month."

Motion seconded by Supervisors O'Gara and Shannon, and unanimously carried.

**Appropriating \$300,000 from Various Departmental Surpluses to Meet Expenses Incident to the Work of Municipal Departments,**

**Civilian Defense Council and Committees Thereof, Made Necessary by the Existing War Emergency.**

(Series of 1939)

The Finance Committee presented Bill No. ...., Ordinance No. ...., as follows:

Appropriating to the Mayor of the City and County of San Francisco the sum of \$300,000 for the purpose of enabling the Mayor to make contributions to the several municipal departments of the City and County of San Francisco, and to the Civilian Defense Council and to the several committees thereof, for the purpose of enabling the said several municipal departments and said Civilian Defense Council, and the several committees thereof, to meet the expenses incident to the work of said several municipal departments, and said Civilian Defense Council and the committees thereof, made necessary by the existing war emergency, and emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$300,000 is hereby appropriated and set aside from the surplus existing in the following appropriations in the amounts indicated:

Appropriation No. 156.840.02.....	\$ 57,500
Appropriation No. 156.840.03.....	6,000
Appropriation No. 156.840.01.....	8,800
Appropriation No. 156.840.04.....	5,000
Appropriation No. 156.840.05.....	102,700
Appropriation No. 156.840.06.....	20,000
Appropriation No. 178.000.00.....	100,000

to the credit of the Mayor of the City and County of San Francisco for the purpose of meeting the expenditures necessary to be made to enable the several departments of the municipal government of the City and County of San Francisco, and the Civil Defense Council and the several committees thereof, to carry on the work necessary to be performed by said several departments of said municipal government, and said Defense Council and the several committees thereof.

Section 2. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this ordinance should become effective forthwith, the nature of said emergency being as follows: That the people of the City and County of San Francisco are in imminent danger by reason of the war existing between the United States of America, Japan, Germany and Italy, and it is necessary to have additional funds allocated for the use of the several departments of the government of the City and County of San Francisco, and for the Defense Council and the committees thereof, in order to protect the lives, health, safety and property of the people of the City and County of San Francisco, as well as the property of said City and County.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Recommended by the Mayor.

Approved as to W. P. A. funds by the Chief Administrative Officer.

Approved as to funds of the Public Welfare Department by the Director of Public Welfare.

Approved by the Public Welfare Commission.

**Amendment Proposed**

Whereupon, Supervisor MacPhee moved that the same amendment as proposed for Bill No. 1559, be written into Bill No. 1560, as follows: Change the number of Section 2, as presented, to Section 3, and insert as Section 2, the following:

Section 2. Not later than the twentieth day of each month, the

Mayor shall give to the Board of Supervisors a written accounting and report of all expenditures authorized by him under the terms of this ordinance during the preceding month.

No objection, and so ordered.

### Discussion

Supervisor Shannon, in discussing the foregoing proposed appropriation, requested a breakdown of the proposed appropriation. He desired to know specifically how the appropriation would be expended. He desired the information before voting on the Bill providing the appropriation.

Supervisor Uhl expressed agreement with the views of Supervisor Shannon, and moved that his Honor, the Mayor, be requested to furnish the requested breakdown immediately. He did not desire to delay approval of the legislation beyond the day's meeting.

Supervisor O'Gara, also, announced that he did not wish to do anything to delay the matter, but he believed the Mayor must have the figures requested and could present them to the Board before acting on the appropriation. He desired, too, to know the scope and the duration of the emergency under which the Mayor would administer this fund, and similar appropriations. The Mayor has declared an emergency because of the war situation. The Mayor has brought into the Board an ordinance providing for Civilian Defense. If it is an emergency under Section 25 of the Charter, the Mayor will be virtually given a blank check for \$300,000. He does not have to ask the Board for any authorization for any expenditure therefrom. For that reason, he, too, desired a breakdown, and he desired, also, a statement from the Mayor or from the City Attorney as to the scope and the proposed duration of the emergency.

The City Attorney, however, announced that he was unable, of course, to answer such a question. However, he stated further, he had advised the Mayor that so far as possible, he should comply with the fiscal provisions of the Charter.

Thereupon, Supervisor O'Gara inquired if, in the future, when other appropriations might be needed, the Mayor would come to the Board as a matter of courtesy or as a matter of legal necessity. There would be little use in the Board passing an ordinance, he felt, if the Mayor intends to do as he wishes.

Subsequently during the proceedings, further consideration of the foregoing matters having been temporarily postponed awaiting the Mayor's arrival in the Chambers, Supervisor O'Gara, after noting the Mayor's presence in the Chambers, requested a breakdown of the requested \$300,000 appropriation, and an answer to the question previously asked the City Attorney.

Mayor Rossi, in reply, announced that it was impossible for him to say how long the emergency would last. There was in the Mayor's Emergency Reserve Fund, as of December 7, 1941, approximately \$333,000. Immediately following December 7, 1941, various department heads requested some \$4,524,824 for various defense needs. Up to date some \$303,000 has been allocated, leaving a balance in the Emergency Reserve Fund of only \$30,000. Various department heads have curtailed expenditures wherever possible, thus providing the \$300,000 which is now requested. How the money will be spent, he could not tell, but he advised the Board that he would present a weekly report on its expenditure.

Thereupon Supervisor Shannon requested from the Mayor a breakdown of the \$303,000 already expended.

At this moment, Supervisor Roncovieri, who had previously been absent, was noted present.

The Chair announced that Supervisor Roncovieri desired to vote on both emergency measures which were being discussed, but could not remain at the meeting longer than was absolutely necessary.

### Final Passage

Whereupon, Supervisor Meyer, seconded by Supervisor Green, moved Final Passage of the Bill appropriating \$300,000, as amended, and reading as follows:

(Series of 1939)

Bill No. 1560, Ordinance No. 1493, as follows:

Appropriating to the Mayor of the City and County of San Francisco the sum of \$300,000. For the purpose of enabling the Mayor to make contributions to the several municipal departments of the City and County of San Francisco, and to the Civilian Defense Council and to the several committees thereof, for the purpose of enabling the said several municipal departments and said Civilian Defense Council, and the several committees thereof, to meet the expenses incident to the work of said several municipal departments, and said Civilian Defense Council and the committees thereof, made necessary by the existing war emergency. An emergency ordinance.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The sum of \$300,000 is hereby appropriated and set aside from the surplus existing in the following appropriations in the amounts indicated:

Appropriation No. 156.840.05.....	102,700
Appropriation No. 156.840.06.....	20,000

to the credit of the Mayor of the City and County of San Francisco for the purpose of meeting the expenditures necessary to be made to enable the several departments of the municipal government of the City and County of San Francisco, and the Civil Defense Council and the several committees thereof, to carry on the work necessary to be performed by said several departments of said municipal government, and said Defense Council and the several committees thereof.

Section 2. Not later than the twentieth day of each month, the Mayor shall give to the Board of Supervisors a written accounting and report of all expenditures authorized by him under the terms of this ordinance during the preceding month.

Section 3. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this Ordinance should become effective forthwith, the nature of said emergency being as follows:

That the people of the City and County of San Francisco are in imminent danger by reason of the war existing between the United States of America, Japan, Germany and Italy, and it is necessary to have additional funds allocated for the use of the several departments of the government of the City and County of San Francisco, and for the Defense Council and the committees thereof, in order to protect the lives, health, safety and property of the people of the City and County of San Francisco, as well as the property of said City and County.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Recommended by the Mayor.

Approved as to W. P. A. funds by the Chief Administrative Officer.

Approved as to funds of Public Welfare Department by the Director of Public Welfare.

Approved by the Public Welfare Commission.

Supervisor Shannon, seconded by Supervisor Uhl, therefore moved Final Passage of the following:

**Amending Section 8 of Ordinance No. 1448 so as to Provide that Civilian Defense Council May Provide for and Contribute Funds to the Support of Any of the Committees Appointed, as Provided in Said Ordinance. An Emergency Ordinance.**

(Series of 1939)

Bill No. 1559, Ordinance No....., as follows:

Amending Section 8 of Ordinance No. 1448 so as to provide that the Civilian Defense Council may provide for and contribute funds to the support of any of the committees appointed, as provided in said Ordinance. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That Section 8 of Ordinance No. 1448, entitled as follows: "Creating the San Francisco Civil Defense Council: providing for the membership thereof and for the organization thereof: and the granting of said power to said Council: and declaring that an emergency exists which requires this ordinance becoming effective forthwith." be and the same is hereby amended to read as follows:

"Section 8. The Defense Council may by resolution create such committees as it deems necessary to conduct and carry on its work, and shall define the duties of each of said committees, all of which shall be within the purposes of this ordinance, and at its will abolish such committees as it deems unnecessary. The chairman of each committee shall be designated by the chairman of the Defense Council from among the members thereof, but membership on said committees need not be limited to membership in said Defense Council. *Notwithstanding the provisions of Subdivision (f) of Section 6 of said Ordinance No. 1448, the Mayor from such funds under his jurisdiction as may be appropriated to him for the purpose of meeting the present war emergency may contribute to said Defense Council, or to any of the committees thereof, including the Defense Council Planning Committee, such funds as he shall deem necessary for the purpose of enabling said Defense Council, or any of the committees thereof, to carry out the work assigned to said Defense Council, or to said committees under the provisions of this Ordinance, or under the order of the Mayor, or under the order of said Defense Council. Said Defense Council shall establish such rules and regulations as it shall deem proper for the purpose of providing for the regulating and expenditure of such moneys as may be provided for said Defense Council, or for the committees thereof, provided, however, that all positions carrying compensation, paid directly or indirectly out of the funds which may be allocated pursuant to the provisions of this ordinance, shall be established and maintained subject to the civil service provisions of the charter, and provided further that not later than the twentieth day of each month, the Mayor shall give to the Board of Supervisors a written accounting and report of all expenditures authorized by him under the terms of this ordinance during the preceding month.*"

Section 2. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this ordinance should become effective forthwith, the nature of said

emergency being as follows: That the people of the City and County of San Francisco are in imminent danger by reason of the war existing between the United States of America, Japan, Germany and Italy, and it is necessary to have additional funds allocated for the use of the several departments of the government of the City and County of San Francisco, and for the Defense Council and the committees thereof, in order to protect the lives, health, safety and property of the people of the City and County of San Francisco, as well as the property of said City and County.

Approved as to form by the City Attorney.

*Finally passed by the following vote:*

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Absent: Supervisors Brown, Colman—2.

Whereupon Supervisor Roncovieri was excused from further attendance.

Following the vote on the two foregoing Bills the Mayor, in reply to Supervisor Shannon's request for a breakdown of the \$303,000 already allocated for defense purposes, announced that it was his intention, after the Controller had prepared a statement, to send an official copy thereof to the Board, informing the Board how that money had been allocated. The Mayor stated further that he would be glad to send to the Board copy of all requests made for added appropriations.

Thereupon, Supervisor O'Gara, again referring to the Mayor's declaration of an emergency, stated he desired to know, as early as possible, the Mayor's conception of the emergency. He, Supervisor O'Gara, stated further that he believed where matters could be handled through charter agencies of the city government, they should follow the regular course of the city government. For that reason, he would ask the Mayor whether it is not a fact that the emergency will exist no longer, nor to any greater degree than is necessary to permit the normal agencies to function on any particular problem. Could not the Mayor, after consulting with the City Attorney, advise the Board as to his views of the scope of the emergency and his emergency powers.

The Mayor, in reply thereto, pointed out the duties and responsibilities with which he was charged under Section 25 of the Charter. Following declaration of a national emergency by the President of the United States, and a state emergency by the Governor of California, he had declared an emergency in San Francisco, and was now acting under that emergency. As Mayor of San Francisco, he stated that an emergency does exist. However, if anyone questions such existence, he can take the matter into the California Supreme Court for decision. The Board of Supervisors, recognizing the existence of an emergency, has, by resolution, agreed to cooperate fully with the Mayor.

Supervisor O'Gara agreed with the Mayor that an emergency does exist, and that the Board desires to help the Mayor in any way possible, during that emergency. However, he believed that except when immediate action is necessary, it would be proper for the Mayor to act through the ordinary and usual channels of government. If the Mayor should not agree with that view, Supervisor O'Gara requested that he make his views known, in writing. Today, the Board, by ordinance, has provided that the Civilian Defense Council office employees be Civil Service. Having passed that measure, is it not the opinion of the Mayor that such ordinance is now the law of San Francisco? Emergency or not, that law controls.

The City Attorney, in answer to Supervisor O'Gara, stated that in view of the action taken by the Board, the Civil Service Commission and the Controller will insist that all employments in Civilian Defense will be in accordance with the provisions of the Charter. The Mayor, he did not believe, has any intention of violating those provisions

unless some emergency should arise. The Board of Supervisors, however, cannot take away the emergency powers of the Mayor, and in case of an actual emergency the Mayor can act.

Whereupon, the Mayor himself announced that he could not reply to Supervisor O'Gara at the moment. He desired first to consult with the City Attorney. However, he had no desire to assume or take over any more responsibility than he now had. He was, of course, heartily in favor of employing Civil Service employees whenever possible, as far as the regular functions of the city government are concerned. In this emergency, all the employees, so far as he knew, were only temporary. Making them Civil Service, and giving them all the benefits now enjoyed by regular Civil Service employees, is a matter for serious consideration. He desired to work in harmony with public spirited citizens, but if it is desired to sabotage civilian defense work and to take over the responsibility for the work, that is up to the Board. He, himself, was complying with the provisions of Section 25 of the Charter, and was endeavoring to do a job. He has exercised the powers of the Mayor as prescribed in Section 25 a number of times. However, if anyone questions that there is an emergency, he would welcome a court test.

### Adopted

The following Resolution, presented by the Public Utilities Committee, was taken up:

(Subject to approval by majority of committee members.)

**Authorizing the Acceptance of an Easement from the State of California for the Relocation of the Baden-Merced Pipe Line Operated by the San Francisco Water Department.**

(Series of 1939)

Resolution No. 2377, as follows:

Resolved, That the City and County of San Francisco accept from the State of California, through the Director of Finance and the Director of Education, a strip of land adjacent to the westerly line of 19th Avenue and now being occupied as a part of the State College and containing approximately 0.075 of an acre, for the purpose of relocating thereon the Baden-Merced pipe line across the property of the San Francisco State College in order to comply with certain agreements entered into between the Public Utilities Commission of the City and County of San Francisco and the Metropolitan Life Insurance Company relative to the Parkmerced Housing Development, the said indenture of easement to be executed by the several parties thereto and to contain a full and correct description of the property over which said easement is to be granted and the size of said easement and the terms and conditions thereof;

Be it Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof be and they are, hereby authorized and directed to execute said easement for and on behalf of the City and County of San Francisco and to agree to the terms thereof not in conflict with this resolution.

Approved as to form by the City Attorney.

Said closing and abandonment of said Blair Street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California.

Before the final closing of said Blair Street, there shall be delivered to the Director of Property of the City and County of San Francisco deeds conveying certain lands free of all encumbrances, to the City and County of San Francisco, a municipal corporation, required for the opening of a new street running northerly from Grand View Avenue, between Stanton Street and the said Blair Street, and for certain lands necessary to establish a uniform width of 50 feet on Stanton Street from Grand View Avenue northerly to the southerly line of Clover Heights Subdivision as per map recorded in Map Book G, page 113, Official Records of the City and County of San Francisco, and for certain lands necessary to establish a uniform width of 50 feet on Corwin Street from the northerly termination of the southwesterly line of Corwin Street, northwesterly to said line of said Clover Heights Subdivision.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works, a certified copy of this resolution and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said Blair Street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, September 22, 1941.

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Absent: Supervisors Colman, Shannon.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

David A. Barry, Clerk.

Approved, San Francisco, September 26, 1941.

ANGELO J. ROSSI, Mayor.

Whereas, the Clerk of this Board did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notice of the passage of said resolution and did also cause in the manner and as required by law a notice similar in substance to be published for a period of ten days in the official newspaper of San Francisco; and

Whereas, The public interest and convenience require said street closing to be done as specifically described in Resolution No. 2118, Series of 1939; and

Whereas, the Supervisors have acquired jurisdiction to order said portion of Blair Street to be closed and abandoned;

Now, Therefore, Be It Resolved, that said portion of Blair Street be and is hereby closed and abandoned.

Be It Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that said Department be instructed to proceed thereafter as required by law, and the Clerk of this Board is hereby directed to advertise this resolution in the official newspaper as required by law.

Be It Further Resolved, That the City and County of San Francisco,

a municipal corporation, does hereby accept that certain deed dated November 29, 1941, from Matthew A. Little, et ux., to certain lands required for Corwin and Stanton Streets.

### Discussion

Supervisor MacPhee, at whose request consideration of the foregoing Resolution has been postponed from the meeting of January 12, 1942, in discussing the same, reported that he had made an investigation of the district wherein prohibition of parking was proposed. There is, Supervisor MacPhee stated, a tremendous parking problem facing workers in the shipyards, which problem would be greatly increased should the suggested prohibition be approved. Before voting on the matter, he continued, he desired to hear from a representative of the Police Department or the Fire Department, and to learn the reasons prompting the recommendation.

Subsequently during the proceedings, Mr. Frank Kelly, Chief of the Division of Fire Prevention and Investigation, appeared before the Board, and explained that because of the many gasoline distributing plants within the area, the proposed parking prohibition was most essential. Parked automobiles would greatly handicap the Fire Department in case of a fire in the district.

Supervisor MacPhee, thereupon, announced that he would not oppose the adoption of the foregoing Resolution, but that if same should be approved by the Board some arrangements to enable the workers in the district to park their automobiles, should be made. He would, therefore, move that the Chair appoint a committee to report back to the Board at a later date on what might be done to alleviate conditions with which workers in the area had to contend.

Motion seconded by Supervisor Uhl.

No objection, and motion carried.

### Adopted

Whereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

#### Authorizing Agreement Between City and No. 1-A District Agricultural Association for Construction and use of Sewer (Series of 1939)

Resolution No. 2379, as follows:

Whereas, The no. 1-a District Agricultural Association is in need of an outlet for the sewage from its buildings situated on that certain lot, tract, or parcel of land situate, lying or being in the County of San Mateo, State of California, described as follows: to-wit:

Commencing at a point on the southerly line of Walbridge Street, distant thereon 1321 feet westerly from the intersection of the westerly line of Rio Verde Street and the southerly line of Walbridge Street (said point of commencement being distant 1221 feet westerly along said line of Walbridge Street from the northwesterly corner of Block No. 21 of "Subdivision No. 1 of Schwerin Addition, Visitacion Valley," as per map filed October 5, 1908, in Book 6 of Maps at Page 42, in the Office of the County Recorder of San Mateo County, California, and said point being also distant 980 feet easterly along the southerly line of Walbridge Street from the intersection of the southerly line of Walbridge Street with the easterly line of Carter Street); thence southerly along the westerly line of Santos Street and at right angles to the southerly line of Walbridge Street 2035 feet; thence at right angles easterly 1221 feet to a point perpendicularly distant 100 feet westerly from the westerly line of Rio Verde Street, as shown on said map of Subdivision No. 1; thence northerly along a line parallel to said line of Rio Verde Street and distant thereon 100 feet measured perpendicularly a distance of 1085 feet to a point distant thereon 350 feet from the southerly line of Walbridge Street; thence at a right angle westerly a distance of 100 feet; thence at a right angle northerly a distance of 50 feet; thence at a right angle easterly a distance of 100 feet, and thence at a right angle northerly a distance of 300 feet to the southerly line of Walbridge Street; thence westerly along said southerly line of Walbridge Street 1221 feet to the point of commencement.

Whereas, The only way in which an outlet can be made available is for the No. 1-a District Agricultural Association to construct a sewer from its said building and premises and connect it with a sewer to be constructed of approximately 800 feet in length and extending westerly from the existing sewer at the westerly property line of Schwerin Street, approximately 697 feet south of the south property line of Sunnydale Avenue, which said last-mentioned sewer the No. 1-a District Agricultural Association is ready, willing, and desirous of constructing without cost to the City and County of San Francisco, all in accordance with the plans and specifications prepared and furnished by the Department of Public Works of the City and County of San Francisco and subject to the approval of the City Engineer of said Department of Public Works; and

Whereas, It appears to the Board of Supervisors of the City and County of San Francisco that it would be to the best interest of the said City and County to accept the offer of the No. 1-a District Agricultural Association to construct the aforementioned sewer.

New, Therefore, Be it Resolved, That the City and County of San Francisco enter into an agreement with the No. 1-a District Agricultural Association wherein and whereby the said Association will agree to construct an 3' 0" x 4' 6" reinforced concrete sewer with the necessary appurtenances thereto, which said sewer will be approximately 800 feet in length and will extend westerly from an existing sewer at the west property line of Schwerin Street, approximately 697 feet south of the south property line of Sunnydale Avenue, all in accordance with the plans and specifications prepared and furnished by the City Engineer

of the Department of Public Works of the City and County of San Francisco, and all without cost to the said City and County, and all subject to the approval of said City Engineer, and that when said sewer is constructed, and as the same is constructed, it shall be and become the property of the City and County of San Francisco, and that when said sewer is fully completed in accordance with the plans and specifications of said City Engineer of the Department of Public Works of the City and County of San Francisco and to his approval, and without any cost to the said City as hereinbefore stated, the said No. 1-a District Agricultural Association may connect a 21 inch vitrified clay pipe sewer from its property above described with the hereinbefore mentioned 3' 0" x 4' 6" reinforced concrete sewer, upon condition that it constructs this 21 inch vitrified clay pipe sewer to the point of connection with the hereinbefore mentioned 3' 0" x 4' 6" reinforced concrete sewer and may discharge sewage through such 21 inch vitrified clay pipe sewer into said 3' 0" x 4' 6" reinforced concrete sewer.

Be it Further Resolved, That when and as either of said sewers is constructed, in whole or in part, within the limits of the City and County of San Francisco, they, and/or that portion thereof which shall be within the limits of said City and County of San Francisco shall become and remain the property of the said City and County.

And be it Further Resolved, That whenever any sewage disposal plant is necessary to care for the sewage into which sewage from the No. 1-a District Agricultural Association is discharged, the parties hereto may mutually agree to amend or supplement this agreement so that the parties hereto may each bear a proportionate amount of the cost and maintenance of said sewage disposal plant, and in the event the parties hereto are not able to mutually agree upon such an amendment satisfactory to each of them, then and in that event the City and County of San Francisco, upon giving six months' notice to the No. 1-a District Agricultural Association shall have the right to disconnect the said 21 inch vitrified clay pipe sewer from the said 3' 0" x 4' 6" reinforced concrete sewer.

And be it Further Resolved, That this agreement may be terminated or amended by mutual consent of the parties.

And be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute such agreement for and on behalf of the City and County of San Francisco.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

Approved by the City Engineer.

Approved as to form by the City Attorney.

**Memorializing Congress for Adequate and Complete Defense  
of the Pacific Coast**

(Series of 1939)

Supervisor Meyer presented Resolution No. 2383, as follows:

Whereas, Events occurring since the advent of war between the United States and Japan have conclusively vindicated the long prevailing contention that the Pacific Coast of the United States of America constitutes the most militarily strategic area in our country; the area, under present conditions, most vulnerable to attack and most important to our successful conduct of the war in which we are presently engaged; and

Whereas, Because the Pacific Ocean is the main theater of the war efforts of the United States of America, it becomes vital to our interests, both for the safety of our military and civilian population and for the conservation and expansion of the many industries engaged in the production of instruments of war, that immediate and completely effective measures be undertaken, in this area, for the protection of human lives; for the building of a constantly healthy and victory-inducing morale, and for the continued and uninterrupted program of production of those materials and supplies which are imperative for the defeat of the assassins of Pearl Harbor; now, therefore, be it

Resolved, That this Board of Supervisors, representing the people of the City and County of San Francisco, does hereby memorialize the Congress of the United States and does exhort that honorable body to immediately take such steps as will insure complete and invincible protection to the people and to the facilities, war producing and defensive, upon the Pacific Coast; and, be it

Further Resolved, That copies of this Resolution be sent to President Roosevelt, to Vice-President Wallace, to Secretaries Knox and Stimson, and to the California delegation in Congress.

**Requesting Report on Street Improvement Problems**  
(Series of 1939)

Supervisor O'Gara presented Resolution No. 2384, as follows:

Whereas, The streets of the City and County of San Francisco have been for a long time and now are in a deplorable condition because of numerous ruts and other defects, many of them in main thoroughfares, and

Whereas, These street ruts cause severe and unnecessary wear, damage and destruction to automobile tires, and

Whereas, Due to the war, rubber and tires are scarce and the damage caused by street ruts causes irreparable damage and extreme hardship to our citizens and will impede military operations in defense of San Francisco, and

Whereas, In the event of blackouts, emergency vehicles are likely to break axles and other parts on these rutted streets, causing damage to the vehicles and injury or death to the citizens whose safety and lives these vehicles are intended to preserve; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby requests immediate and continued repair of all streets whose condition is a menace to the tires, automobiles and lives of our citizens, and the civilian defense and military forces defending San Francisco, such repair being an emergency matter of the greatest importance to the safety and welfare of our citizens, civilian defense and national defense; and be it

Further Resolved, That this Board directs its Clerk to request the Chief Administrative Officer and the Director of Public Works of the City and County of San Francisco to appear before this Board at its next regular meeting, January 26, 1942, or as soon thereafter as they can do so, to explain to this Board sitting as a Committee of the Whole:

- (a) Why there are so many ruts and other defects in the streets of San Francisco and what steps are being taken to repair them.
- (b) What procedure is now followed to inspect the streets to promptly discover and repair ruts.
- (c) What recommendations the Chief Administrative Officer and the Director of Public Works would make for immediate improvement and continued maintenance of the streets in a proper and safe condition.
- (d) In what way this Board and other city officials can assist in bringing about such improvement and maintenance.

**Designating Administrative Officer Who Shall Have Charge of  
Providing Burials for Veterans**  
(Series of 1939)

Resolution No. 2386, as follows:

The Clerk called attention to the necessity of appointing an administrative officer to have charge of arranging for burial of veterans, in place of Dr. Adolph E. Schmidt, former Supervisor, whereupon, on motion by Supervisor Mead, seconded by Supervisor MacPhee, the following Resolution was taken up:

Whereas, Section 942 of the Military and Veterans' Code of California provides for the appointment by the Board of Supervisors of an Administrative Officer whose duty it shall be to provide decent burial for veterans, one of the requirements being that such administrative officer shall be an honorably discharged veteran; now, therefore, be it

Resolved, That Jesse C. Colman, a member of this Board of Supervisors, who has honorably served in the United States Army, be and he is hereby designated as administrative officer for the purpose of arranging decent interment for veterans who die in the City and County of San Francisco without having sufficient means to defray the expenses for burial and for such other purposes as may be provided by law.

**In Memoriam—Carole Lombard**  
(Series of 1939)

Supervisor Shannon presented Resolution No. 2387, as follows:

Whereas, The nation as a whole was shocked to hear of the crash of a palatial air liner with the attendant loss of its entire passenger list and personnel in Nevada while enroute to the West Coast; and

Whereas, Such a catastrophe is of itself a trying circumstance to be endured by the host of friends and relatives of the deceased, but above and beyond that, when it is brought to mind that the plane carried among its passengers the beloved actress of the screen, Miss Carole Lombard, and also, that the plane was carrying the doubly precious burden of fifteen members of the Air Force, it is readily seen that throughout the nation a feeling of stunned silence is maintained as if in reality every true American is in mourning for the deceased; and

Whereas, When it is known that, last but not least, the mother of the famous Carole Lombard was also taken from this life by the same terrible means, the feeling of sympathy for the equally famous actor husband of Miss Lombard, Clark Gable, is beyond expression by this poor means; and

Whereas, Of recent weeks Miss Lombard had been actively engaged in the sale of Defense Bonds for the benefit and safety of all Americans, the success of which endeavor having been beyond all expectations as was evidenced by the welcome accorded her at her every appearance; now, therefore, be it

Resolved, That the Board of Supervisors hereby expresses its deepest sympathy to the husband of the late Carole Lombard, and goes on record as believing that the loss of so famous a personage of the amusement world will be as keenly felt by her many "fans" as by himself, nevertheless it dares suggest to him that such a glorious end to such a glorious career as that of Miss Lombard was most fitting, she having served her destiny by leaving an imprint not easily erased from the hearts and minds of the theater loving public throughout the world, having endeared herself to all who knew her as being a "trouper" without parallel, having made a true and loving

wife beyond compare, and that her end, sudden and shocking as it was, would forever be a candle lit upon the Altar of Democracy; and, be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to send a copy of these resolutions to Clark Gable, husband of the deceased, as some small indication of the shock felt by this body at the passing of Carole Lombard.

**Providing for Designation of Official Civilian Defense Insignia  
(Series of 1939)**

The City Attorney presented Bill No..... Ordinance No..... as follows:

Providing for the designation of Official Civilian Defense Insignia for the City and County of San Francisco; granting power to the Coordinator of Civilian Defense of the City and County to prescribe the size and type of said insignia, providing for the purchase of said insignia, making it unlawful for any unauthorized person or firm to make or distribute such insignia; making it unlawful for any unauthorized person to wear or retain such insignia; providing penalties for the violation thereof; declaring that an emergency exists which requires that the ordinance become effective at once; and providing for severability of various parts of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The official insignia adopted by the United States Office of Civilian Defense to designate the various defense groups, and set forth in replica, in the volume entitled "Enrolled Volunteer Worker Groups for Civilian Protection", prepared by said United States Office of Civilian Defense on August 4, 1941, and any additions, amendments or changes subsequently made by said office, concerning said insignia, are hereby adopted as the official insignia for the various civilian defense groups of the City and County of San Francisco.

Section 2. Subject to the above mentioned description, the size and type of said insignia, the kind of material to be used in the manufacture thereof, and the manner in which they are to be worn, shall be determined and designated by the Coordinator of Civilian Defense, of the City and County of San Francisco.

Section 3. Said insignia shall be procured in the manner and according to the procedure set forth in the Charter, and in the Purchasing Procedure Ordinance, of the City and County of San Francisco, for the purchase of supplies, and the Controller is hereby authorized and directed to pay for said insignia.

Section 4. It shall be unlawful for any person, firm or corporation to manufacture, sell, distribute, transfer or cause to be manufactured, sold, distributed or transferred any of said insignia in the City and County of San Francisco, except under contract with said City and County as provided in Section 3, of this ordinance, provided, however, that nothing in this section shall forbid the manufacture of such insignia for sale or distribution outside of the City and County.

Section 5. It shall be unlawful for any person, other than those duly authorized to so do, and at the times designated by the Coordinator of Civilian Defense, to exhibit, wear or retain any of said insignia.

The authority to wear such insignia may be rescinded by the Coordinator of Civilian Defense at any time upon the mailing of a notice of such rescission to the last known address of the person affected thereby, and such person shall immediately surrender said insignia to the Coordinator of Civilian Defense or his duly authorized representative and it shall be unlawful thereafter for such person to keep, wear or display said insignia.

Section 6. Every person violating the provisions of this ordinance

shall be guilty of a misdemeanor, and shall be punished by a fine of not to exceed Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for a term not to exceed six (6) months or by both such fine or imprisonment.

Section 7. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists, which makes it imperative that this ordinance should become effective forthwith, the nature of said emergency being as follows: that a state of war now exists between the United States of America, the Empire of Japan, the government of the German Reich, and the Kingdom of Italy, and the possibility exists of an immediate air attack upon the western coast of the United States of America, including the City and County of San Francisco, and it is necessary for the safety and general welfare of the citizens of the City and County of San Francisco that all persons assisting in Civilian Defense should be properly identified.

Section 8. If any provision of this ordinance, or the application thereof to any person or citizen, is held invalid, such invalidity shall not effect any other provision, or the application thereof, which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

### Report by Supervisor Dan Gallagher

#### CIVILIAN DEFENSE COUNCIL MEETING.

Thursday, January 15, 1942, 4:00 P. M.

Mayor Rossi opened the meeting with remarks to the effect that the past two or three weeks have seen municipal agencies vigorously prosecuting defense activities, and in the interim since the previous meeting he has appointed Chief Dullea as Coordinator of the Defense Council. He complimented Chief Dullea on doing a splendid job, with the cooperation of the various departments.

Chief Dullea reported that the Control Center is completely set up and ready to operate in the basement of the City Hall. Mr. Lyle Brown of the Telephone Company requested the Chief to report for him that while his unit is complete in the control center, he desires provision of an alternate control location; there will be nothing found wanting in the Communications Committee and in the function of the Control Center. The Air Raid Warden Service is practically completed. Dullea had a meeting this afternoon with the Chief Air Raid Warden and his principal assistants, and they gave a splendid progress report; Dullea is sure that the organization is in very good shape and ready to function. The arm bands are ready for immediate distribution, 1250 to each of the four Division Wardens; that organization will function 100%. The Auxiliary Police organization is being handled through the Veterans' organizations, and the members are being trained and sworn in at a rapid rate. Within this area they will perform all manner of police duties when required to do so. District Attorney Brady is arranging for instruction of these men as to criminal laws, etc., affecting their duties. A force will be available of close to 4,000 men. The headquarters of the Defense Council will move into the City Hall in the Registrar's quarters as soon as arrangements can be made. All of its activities will flow through the City Hall and be routed to the various agencies outside the City Hall. Chief Dullea thanked everyone for the help given the Council, and stated that every bureau in the City government is cooperating 100%. He stated that the demolition groups, 22 squads, have been formed under Mr. Wilder; they have been staffed with men through the help of the Labor Council and the C.I.O., and everything possible to protect the people is being done and is rapidly nearing a successful completion.

Mr. Ralph Wiley, Chief of the Department of Electricity, stated that the first group of 8 sirens was inadequate to cover the City. The

City has been laid out so that there will be one siren for every square mile, necessitating 26 more, of which 18 are now installed but not connected. We will have a total of 37, and we don't claim everyone in San Francisco will be able to hear one if there is occasion to use them, but we do think the City will be adequately covered with sirens when we have the 37 in place, which we hope will be next week.

Chief Dullea stated to the department heads and people active in rendering service and aid in an emergency blackout that there will be some control tests which will come when least expected. Department heads will be notified that there is a control test, and then they must report at once to the Control Room. It is imperative that a test be made of our emergency telephone service.

Acting Controller Harry Ross reported that there has been a total of \$303,000 allocated by the Mayor to date, primarily for bringing the departments up to emergency standards to meet the present situation. \$230,000 of that money was taken from the Mayor's Emergency Reserve Fund, and the balance, \$73,000, came out of departmental surpluses. The principal items were for medical and surgical supplies, the employment of an additional number of individuals for the emergency hospitals, the employment of 75 firemen, 6 captains and 6 lieutenants for the Fire Department, including compensations to June 30th, 1942; also the employment for necessary guarding of Public Utilities properties, the installation of the first group of sirens, the expenses of operation of the Civilian Defense Council itself, materials and supplies necessary to fill in shafts of various tunnels, etc., of the water system. Mr. Ross presented a complete list of expenditures, copy of which was handed to those present. He estimated that the surplus we have is somewhere between \$300,000 and \$500,000.

Mr. Theodore Roche reported that shortly before the end of the year, an order was issued requesting reports from the various department heads. Mr. Roche presented a detailed write-up of those reports and read same to the Council; it included activities of the Health Department, Air Raid Warden Service, Public Works Department, Public Utilities Commission, Department of Electricity, re-opening of Potrero Police Station, temporary street closings, emergency water supply, public information service including printing of pamphlets, posters, motion picture trailers, billboards, press releases, etc., the Fire Service, Communication Service, American Relief Commission of the Red Cross.

Mr. Larke of the Red Cross announced that tonight at 8:00 o'clock at the Roosevelt Junior High School he is conducting a formal inspection of their set-up, which many of the gentlemen here might be interested in seeing; about 200 people will participate. He particularly invited attendance of the Chief of Police. The Red Cross has also given the order today for the first of the rescue trucks which they intend to have, similar to those of the Fire Department. In addition they have ordered some 750 more blankets and other equipment for emergency stations. Daily they are sending a supply of surgical dressings to the emergency hospitals and their own stations, so in another week they will have an adequate supply of dressings at all points.

Mr. John Cahill inquired as to the status of the 20 pumping units, and as to what progress is being made in getting more of the units. Mr. Brooks stated there is no progress being made in getting any units in addition to the 20, as the automobile situation is frozen until at least February 2nd, and the automobile dealers cannot tell when trucks will be available. The Mayor stated that he had had a telephone message from Controller Boyd who was in New York and who is also representing the Mayor at the Conference of Mayors in Washington; Mr. Boyd advised that legislation appropriating defense moneys had been tentatively passed and would be finally passed in the next day or two, and San Francisco and the Coast cities would receive first consideration. The Mayor expressed the thought that we should go slow on orders for the pumping units, and probably the Federal Government could get the equipment for us sooner if we waited for its aid.

Mr. John Cahill asked regarding rental of equipment and trucks for the pumps. Mr. Brooks answered that if the new trucks are released on February 2nd they will be available in plenty of time to mount the pumping apparatus, which won't be available for about three weeks. Chief Brennan stated that we would have about 1400 pumping units. Mayor Rossi reiterated that Mr. Boyd is on the job, and he is inclined to go along with Mr. Boyd's recommendations as the latter will remain in Washington until he gets some action. Mr. Cahill stated that the Advisory Board recommended 156 pumping units, or 3 units to each of the divisions in the Fire Department. The Advisory Board still feels very strongly the danger of waiting too long on Congressional action, and believes we should still keep in front of our minds the danger inherent in the fire situation; it is a menace that we should regard with a great deal of fear.

Mayor Rossi stated that the Water Department had received a letter from Army authorities which notified the City that guards are being withdrawn in Alameda County and other locations, protecting against sabotage on water system properties. The Mayor stated that if we cannot get aid in this direction from the Federal Government or the State Government, we must then take measures ourselves to provide adequate guards. Communications were read from the Army authorities to the Water Department, from the Mayor to each of our representatives in the State Legislature at Sacramento, and from Governor Olson to Mayor Rossi, all on the subject of adequate guards.

Mayor Rossi announced that we are unable to furnish guards for the Water Department property and transmission lines. He received a letter from Nelson Eckart of the Water Department advising that, including the Hetch Hetchy Project, 211 guards are required—San Mateo County, 94 men; Alameda County, 61 men; Hetch Hetchy Project, 56 men. Mayor Rossi signified that he will ask the Governor for that service. Mr. Eckart supported the request for guards at length.

Mr. Cahill expressed a desire for immediate action on the matter of guards, and offered a motion that the Council request the Mayor to make said request of the Governor.

Supervisor Gallagher addressed the Council to the effect that he was present on motion of the Board of Supervisors, to make notes of what transpired at this meeting. Supervisor Gallagher made the following remarks: "I don't say we are going to be critical of your organization because I think you are doing and will continue to do a good job. Supervisor Bob Green and I went to Sacramento the early part of this week, and found the Legislature were in a quandary regarding the guard and the Governor's emergency fund. The Governor told me that anything San Francisco needed would be provided at his hands, provided his emergency fund was replenished. The gentlemen of the San Francisco delegation are working hard, particularly as far as San Francisco is concerned, with the idea in mind that the Governor is there to grant requests. Every other large county in the State has a representative in Sacramento to further and protect its interests; San Francisco has not. I think it is time San Francisco had a representative to advise the Legislature what San Francisco's needs are. I spoke to Mr. O'Toole yesterday, and he is looking into the matter to see what he can do. I also tried to get in touch with Chief Brennan so that he could go to Sacramento with regard to an appropriation for pumps and concerning pumpers that might be loaned to the City by State agencies. If there is anything I can do as far as the Governor is concerned, or in any other way, I want you to call upon me."

Mr. John Cahill's motion was thereupon carried by acclamation.

Mayor Rossi suggested that legislation should be initiated by the Board of Supervisors whereby representation might be had in Sacramento. Supervisor Gallagher replied that he would do so.

Chief Brennan reported that Assemblyman Welch had introduced

a bill appropriating some \$5,500,000 for the implementation of fire departments in the metropolitan areas of the State; also another bill for \$2,000,000 for implementation of the Forestry Service and county fire service.

Mr. O'Toole announced that he had contacted Dick Graves, who is associated with the League of California Cities and the Civilian Defense Committee of California, asking that our legislative representatives be wired to support a rider to the State Guard Bill providing for an appropriation of some \$5,000,000 which would be allotted to cities with regard to their respective needs. Today the Mayor sent such a wire to our six lower house representatives asking that they use every effort to have said rider approved.

Mr. George Reilly declared that we have six legislators at Sacramento who are there to represent San Francisco; he thinks we should make requests of them and be in closer touch with them as that is their job in Sacramento today, to see if they can support a program beneficial to our City; lacking an appropriation for a special representative in Sacramento, we should make our wants known to the representatives we now have there. We should bring home to our legislators themselves that they should make some inquiries as to what they can do when they go to Sacramento—the job and the responsibility is theirs—give them something to do.

Mr. Belgrano stated that he had voted for the motion previously carried, but that it might be well to inform our legislators how we feel about the function of the State Guard as a permanent feature. We must recognize, however, that we are in a war and in a combat zone, and under circumstances such as these it is an obligation of the Federal Government to protect its citizens and its property. We should ask our representatives in Sacramento to see that adequate sums are appropriated and an adequate State Guard supplied; they should go one step further and memorialize Congress so that men not subject to first line service could be inducted into the regular Army for service in protecting the lives and investments of people within continental United States.

Mayor Rossi announced that he would call a meeting such as this from time to time to keep the Council advised as to what is going on.

Mr. Belgrano moved that this Committee go on record to ask its representatives in Washington to pursue legislation to that end, and further, that our representatives in Sacramento endeavor to promote legislation to memorialize Congress that immediate steps be taken to enlarge the army and provide for a secondary class of service for home defense so that we might be fully protected. Mr. Danziger offered an amendment to the motion, that the entire motion be referred to the Executive Committee of the Council, who shall consider it and report back at the Council's next meeting.

Mr. Cahill moved that the Mayor be authorized to appoint an Executive Committee of about seven members.

Carried by acclamation.

Mr. Belgrano repeated his motion previously made, which was carried by acclamation.

Mayor Rossi declared the meeting adjourned, and announced that the next meeting of the Council will be held on Thursday, January 22nd, 1942, at 4:00 p.m.

#### **Report of Committee Sent to Sacramento to Represent the City and County at Extraordinary Session of the Legislature**

Supervisor Green, Chairman of the County, State and National Affairs Committee, reported on his trip to Sacramento with Supervisor Gallagher, representing the City and County at the extraordinary session of the State Legislature. Governor Olson, reported Supervisor Green, would not open up the scope of his call for the extraordinary session of the legislature to consider aiding the counties in their relief prob-

lems. However, with respect to Treasure Island, and its transfer to the Federal Government, the Governor did open his call. The Bill as presented provided that San Francisco give Treasure Island to the Federal Government, in fee simple, without any provisions for any payment, or for any return to San Francisco when its use by the United States Navy was no longer necessary. Amendment proposed by Supervisor Green provides for a lease rather than an out and out grant, and for the return to San Francisco after the lease expires and the emergency is over.

Supervisor Green suggested also that it was most important that San Francisco have adequate representation at Sacramento during legislative sessions.

Supervisor Gallagher, supplementing the remarks by Supervisor Green, reported that while at Sacramento he had been assured by the Governor that Hetch Hetchy system would be adequately guarded upon request by the Mayor. The Governor has placed on Hetch Hetchy properties 215 guards.

**Appointment of Committee for Observance of Independence Day**

Supervisor Uhl, seconded by Supervisor Green, moved that his Honor, the Mayor, be requested to appoint a Citizens' Committee for the proper observance of Independence Day, July 4, 1942.

No objection, and so ordered.

Supervisor MacPhee presented:

 cisco in 1940.

..... Relief Telephone  
 Operators at \$5.00 a day. These employees were not interviewed.

Following the foregoing presentation, Supervisor MacPhee commented  
 briefly thereon, stating that some of the aforementioned employees, at  
 least two of them, had been replaced.

On motion by Supervisor Uhl the foregoing statement was ordered  
 inserted in the Journal of Proceedings.

Following the reading of the foregoing list of employees, and in  
 answer to remarks previously made by the Mayor, Supervisor O'Gara  
 stated that he desired to assure the Mayor that he had no desire to  
 sabotage Civilian Defense or to usurp any of the Mayor's rights. He  
 merely wanted to know what functions and powers belong to the  
 Mayor, and what belong to the Board, and requested that the Mayor,  
 after consulting with the City Attorney, send the Board a statement  
 as to his powers in this emergency.

Whereupon, Mayor Rossi, in reply, repeated his previously made  
 statement that he did not want to assume any more responsibilities  
 than he had to. He also desired to know just how much power and  
 responsibility was his. He did not know how employees of the Civilian  
 Defense Council had been appointed. The Civilian Defense Council,  
 immediately after December 7, 1941, requested that the plan that had  
 been evolved be put into effect. How many employees there were  
 the Mayor did not know.

For further information of the Board, the Mayor announced that  
 Civilian Defense Council headquarters were to be established in the  
 Registrar's Office, City Hall, where the employees will be stationed.

The Mayor stated also, that all functions of the city government,  
 as far as he was concerned, would be filled by employees from the  
 Civil Service Lists.

As to the employees of the Civilian Defense Council, before any  
 criticism should be made, the Mayor felt that the Council should be  
 given a hearing. Public spirited citizens should not be discouraged in  
 their efforts to provide for adequate defense of San Francisco.

Supervisor Uhl moved that the Clerk write to the Civilian Defense  
 Council and to the Controller, calling to their attention the fact that  
 the emergency powers under Section 25 of the Charter, in the Board's  
 opinion, do not override Civil Service provisions of the Charter, and  
 suggest they be guided accordingly; also, that a courteous letter be  
 written to the members of the Civilian Defense Council and to the  
 Controller, and that their attention be called to the fact that all em-  
 ployees paid directly or indirectly out of City moneys must be Civil  
 Service employees, and that a copy of the list of Civilian Defense  
 Council employees presented by Supervisor MacPhee be sent to the  
 Controller.

Motion carried.

#### Called Out from Committee

Supervisor Mead after calling attention to Resolution presented to  
 the Board by the San Francisco Building and Construction Trades  
 Council, requesting an investigation of moneys expended by the Chamber  
 of Commerce from Publicity and Advertising Fund and referred on  
 October 16, 1941, to the joint Committee on Finance and Public Utilities,  
 and not reported out by that committee, announced that he was calling

the matter out from committee and would request that it be considered by the Board on Monday, January 19, 1942, at 3:00 P. M.

No objection, and so ordered.

**Consideration of Proposal to Enter into Contract with Madigan-Hyland, Engineers, for Survey and Preparation of Plans Looking to Solution of San Francisco's Traffic and Transportation Problems.**

The Clerk presented and read communication from the Chief Administrative Officer, transmitting recommendation of special committee named by the Mayor, that the Mayor be authorized to negotiate contract with Madigan-Hyland for solution of San Francisco's traffic and transportation problems.

In connection with the same subject matter, the Clerk presented and read communications, as follows: From Supervisors Brown and Colman, requesting postponement of consideration of Madigan-Hyland contract for one week; from San Francisco Real Estate Board, requesting postponement of consideration of Madigan-Hyland contract.

*Referred to Joint Committee on Finance, and Public Buildings, Lands and City Planning.*

**Communications**

The following communications were presented, read and acted on as noted:

From Central Council of Civic Clubs, requesting increased and more adequate inspection of fresh fruits and vegetables.

In connection with the foregoing communication, Mr. Carroll Newburgh, President of the Central Council of Civic Clubs, was granted the privilege of the floor. Mr. Newburgh supplemented the statements contained in the communication, and urged that serious consideration be given thereto.

Mrs. H. A. Kemp, President of the Women's Welfare League, also explained to the Board the prevailing situation.

Whereupon, Supervisor MacPhee moved that the Board of Supervisors go on record in a letter to the Mayor and the Civilian Defense Council to the effect that the Board recommends and requests that they give consideration to the employment of additional personnel for adequate inspection of food coming into the City and County of San Francisco.

Supervisor O'Gara, as an amendment to the foregoing motion, moved that the matter be referred to the Health Committee for hearing, at which time representatives of the Director of Public Health, the State Department of Health, and the Pure Foods and Drugs Division of the Department of Agriculture may be present to tell the Committee what action is necessary, and that pending that meeting and the recommendation of the Health Committee, this Board write to the Mayor, enclosing copy of communication from the Central Council of Civic Clubs, on the subject requesting that he take such action under his emergency powers as is necessary until such time as the Mayor has the Committee's recommendation and can act upon it.

*Entire matter referred to Public Health and Welfare Committee.*

From San Francisco Chamber of Commerce, offering assistance in obtaining factual survey of San Francisco's produce market.

*Referred to Public Health and Welfare Committee.*

From Joint Highway District, No. 9, reporting its operations and finances.

*Referred to Streets Committee.*

From Mrs. Florence E. Carroll, thanking the Board for expressions of sympathy on the death of her husband.

*Communication filed.*

From the family of Miss Kathryn G. Sullivan, thanking the Board for expression of sympathy on her death.

*Communication filed.*

**ADJOURNMENT**

There being no further business, the Board, at the hour of 4:45 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved, Board of Supervisors, January 26, 1942.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

In Board of Supervisors, San Francisco, Monday, January 26, 1942,  
2:00 P. M.

The Board of Supervisors met in regular session.

## CALLING THE ROLL

The roll was called and the following Supervisors were noted present:  
Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara,  
Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

Quorum present.

President Jesse C. Colman presiding.

Supervisor Brown on leave of absence.

## APPROVAL OF JOURNAL

Supervisor MacPhee referred to list of Employees of the Civilian  
Defense Council, read by him at the meeting of January 19, 1942, which  
on motion by Supervisor Uhl was ordered printed at length in the  
Journal of Proceedings. He, thereupon, moved that all names and  
personalities contained therein be deleted, but facts be retained.

No objection, and so ordered.

Whereupon, the Journal of Proceedings of the meeting of January  
19, 1942, was considered read and approved.

## SPECIAL ORDER—2:00 P. M.

### Rezoning of Easterly Side of Divisadero Street 100 Feet South of Hayes Street

Appeal from decision of the City Planning Commission by its Resolu-  
tion No. 2579 dated December 4, 1941, granting permission to rezone  
from Commercial District to Light Industrial District, property located  
at the easterly side of Divisadero Street, 100 feet southerly from  
Hayes Street.

*January 19, 1942—Consideration continued until January 26, 1942.*

### Discussion

Mr. Charles Christian, Attorney, representing the appellants; Mr.  
and Mrs. Perkins and Mrs. Frank Pearson, property owners and resi-  
dents in the district affected by the rezoning, opposed the rezoning  
and urged the Board not to sustain the City Planning Commission.

Mr. Raymond J. O'Connor, attorney for the respondents, addressed  
the Board in favor of the rezoning and requested that the City Planning  
Commission be sustained.

Mr. Mark Jorgenson explained the reasons prompting the City Plan-  
ning Commission to grant the petition for the proposed rezoning.

After a brief discussion and questioning by Supervisors Green,  
MacPhee, O'Gara and Gallagher, the following Resolution, presented by

the Public Buildings, Lands and City Planning Committee was taken up:

**Rezoning Easterly Side of Divisadero Street 100 Feet Southerly  
from Hayes Street  
(Series of 1939)**

Resolution No. ...., as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 2579 dated December 4, 1941, granting permission to rezone from Commercial District to Light Industrial District, property located at the easterly side of Divisadero Street 100 feet southerly from Hayes Street, is hereby disapproved.

*Refused Adoption* by the following vote:

Ayes: Supervisor Gallagher—1.

Noes: Supervisors Colman, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisors Brown, Roncovieri—2.

**SPECIAL ORDER—3:00 P. M.**

**Notice of Sale—\$3,000,000 of Tax Anticipation Notes**

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 1351 (Series of 1939), in the amount of three million dollars (\$3,000,000) will be received by the Board of Supervisors up to the hour of 3:00 o'clock P. M. on Monday, January 26, 1942, and will be opened by said Board at said time.

The Tax Anticipation Notes are described as follows to-wit:

Notes in the amount of three million dollars (\$3,000,000) in denominations of ten thousand dollars (\$10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 11, 1942, and issued under authority of Ordinance No. 1351 (Series of 1939) and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1941-1942 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1941-1942 in which said money represented by said notes, respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for the said fiscal year 1941-1942 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed 6 per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 11, 1942. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any or all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashier's check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars (\$10,000); which deposit of money or check shall be forfeited

by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff and Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

The following proposals for the purchase of \$3,000,000 Tax Anticipation Notes, in denomination of \$10,000 each, were received, opened, read by the Clerk and referred to the Finance Committee:

1. The Anglo California National Bank, Bank of America, N.T.&S.A., American Trust Company, by the Anglo California National Bank, per Alger J. Jacobs, Representative:

"For the \$3,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par; said Notes to be in the denomination of \$10,000 each; to be dated as of the day of delivery; to be payable to bearer on May 11, 1942, and to bear interest at the rate of forty-one hundredths of one per cent (.41%) per annum, figured on a 365 days per year basis, such interest to be paid at maturity of said Notes."

2. Weeden & Co., by Vernon Kimball:

"For \$3,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, to bear interest at the rate of forty-nine hundredths per cent (.49%) per annum, we will pay you \$3,000,000, being the par value thereof. These notes are described in your Notice of Sale, to mature May 11th, 1942 and to be dated on the day of delivery. Approving legal opinion of Messrs. Orrick, Dahlquist, Neff & Herrington, to be furnished without charge."

#### Bids

Subsequently during the proceedings, the following recommendation of the Finance Committee was received, read and adopted:

#### Sale of \$3,000,000 Tax Anticipation Notes (Series of 1939)

Resolution No. 2402, as follows:

Whereas, Due notice was given as provided by Ordinance No. 1351 (Series of 1939) that sealed proposals for the purchase of Three Million (\$3,000,000) Dollars Tax Anticipation Notes of the City and County of San Francisco would be received by the Board of Supervisors up to the hour of 3:00 o'clock P. M. on Monday, January 26, 1942 and opened and considered by said Board at said time, and

Whereas, Two bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; now, therefore, be it

Resolved, That the bid of The Anglo California National Bank, Bank of America, N. T. and S. A., American Trust Company, by the Anglo California National Bank, per Alger J. Jacobs, Representative, being the best bid offered, is hereby accepted, to-wit:

"For the \$3,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par; said Notes to be in the denomination of \$10,000 each; to be dated as of the day of delivery; to be payable to bearer on May 11, 1942, and to bear interest at the rate of forty-one hundredths of one per cent (.41%) per annum, figured on a 365 days per year basis, such interest to be paid at maturity of said Notes."

That all other bids for said Notes be rejected and the Clerk is hereby directed to return the check to the unsuccessful bidder.

*Adopted by the following vote:*

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

### **Expressing Appreciation for Bids Received**

Supervisor Shannon moved that the Board give a vote of thanks to the bidders for the \$3,000,000 Tax Anticipation Notes, for their bids in such troublesome times. It is a very patriotic stand, on their part, to offer to take these notes, practically without charge to the City and County.

No objection, and so ordered.

### **SPECIAL ORDER—3:00 P. M.**

Consideration of Resolution presented to the Board by the San Francisco Building and Construction Trades Council calling for an investigation of moneys expended by the Chamber of Commerce from the Publicity and Advertising Fund, referred to joint Committee on Finance and Public Utilities on October 20, 1941, and called out of said Committee by Supervisor Mead on January 19, 1942.

### **Rereference to Committee**

Supervisor Mead reported that he had called the matter of consideration of expenditure of funds allocated to the San Francisco Chamber of Commerce, from the Publicity and Advertising Fund, as requested in Resolution adopted by the San Francisco Building and Construction Trades Council, out from Joint Finance and Public Utilities Committee, at the request of the San Francisco Building and Trades Council. The matter had been in Committee since October 20, 1941, and the Committee had been unable to obtain sufficient information regarding the Chamber's expenditures to enable it to make any satisfactory investigation. Since the personnel of the Joint Committee has now been changed, he, Supervisor Mead, believed it might be advisable to refer the matter back to that Joint Committee, unless the Board desired to hear the matter, sitting as a Committee of the Whole. However, he would be willing to hear from representatives of the Chamber of Commerce and the Building and Construction Trades Council as to what they have in mind.

Whereupon, Supervisor Green moved the privilege of the floor for Mr. Will Merryman, of the Chamber of Commerce.

Supervisor Mead, thereupon, announced that he would not object to the privilege of the floor for Mr. Merryman if it would be agreed that a representative of the Building and Construction Trades Council would be accorded the same privilege. However, unless there is further data and more complete information than has been presented, it would be an idle gesture for the Board to hear the matter, and he would move that unless there is new evidence that has not heretofore been presented, the matter be re-referred to the Joint Committee on Finance and Public Utilities.

Supervisor Uhl announced that he would second the motion, with the understanding that the matter comes to the Joint Committee as an entirely new matter, and will be given a full hearing.

No objection, and matter referred to Joint Committee on Finance and Public Utilities.

### **Mayor's Annual Message**

His Honor, Mayor Angelo J. Rossi, appeared before the Board of Supervisors, presented and read his Annual Message, as follows:

OFFICE OF THE MAYOR  
San Francisco

January 26, 1942.

The Honorable  
The Board of Supervisors  
City Hall  
San Francisco

Gentlemen:

It is my duty under Section 25 of the Charter to communicate to your honorable Board a general statement of the condition of the affairs of the City and County, and recommend the adoption of such measures as I may deem expedient and proper.

This year's message bears triple significance, because:

- 1st—On January 8th of 1941 I concluded my tenth year as Mayor of this great city.
- 2nd—On January 8th of this year we had been operating under our present Charter for 10 years.
- 3rd—On January 8th of this year we welcomed four of you gentlemen, newly elected Supervisors, into the official family of the City and County.

During the year just past the security of this nation and of all the nations of the civilized world has been challenged. Our liberty and our safety were shamefully attacked by a dastardly foe on that fateful day at Pearl Harbor. At present nothing seems more important than the adequate protection of the lives and properties of the people of San Francisco.

There is, then, the problem of most immediate importance, namely, Civilian Defense.

All necessary steps have been taken for the protection of the people of San Francisco.

On January 4, 1941, I appointed the San Francisco Civil Defense Council under the able chairmanship of Mr. Frederick J. Koster. Mr. Stuart R. Ward acted as Executive Vice-Chairman. The purposes of the Council were to prepare and submit to me a plan for the civilian defense of San Francisco, and to cooperate with the state and national agencies in this respect.

On February 10, 1941, I issued a Proclamation which reads as follows:

**"Proclamation by Angelo J. Rossi"**  
**"Under Date of February 10, 1941"**

"Whereas, The fate of those nations whose citizens failed to make adequate preparation against aerial bombardment and other forms of military attack is now too well known to all, and

"Whereas, Such hazards have now, unhappily, been added to the list of possible contingencies which may have to be faced by the citizens of this country, and

"Whereas, It is universally recognized that the responsibility for the military and naval and aerial defense of our people rests exclusively in the hands of those divisions of the Federal Government established for that purpose, but that, as has been found elsewhere, the proper and effective coordination of all civilian activities by civilian leaders has been found to be of paramount importance, and

"Whereas, I believe it to be of the utmost importance that the citizens of the City and County of San Francisco shall in an orderly and efficient manner prepare comprehensive and intelligently coordinated civilian defense plans for our city which shall embrace all departments of the City and County of San Francisco, the American Red Cross, the labor organizations,

the utilities, the Boy Scouts, the American Legion, the Chamber of Commerce, and all other citizens' groups of our city, and

"Whereas, On January 4, 1941, I appointed the citizens named below to constitute the San Francisco Civil Defense Council with the following general objectives:

1. To fully and frankly face, without exaggeration, present dangers, and to educate and organize our citizenry as to the immediate necessity of effective team-work for the protection of life and property in the event of either military attack or invasion or a catastrophe caused by an act of God.
2. And, to more effectively carry out the authority vested in me under Section 25 of our City and County Charter, actively to cooperate with and to supplement such authoritative national and state agencies as may have been, or may be, created to coordinate civic defense.

"Now, Therefore, I, Angelo J. Rossi, Mayor of the City and County of San Francisco, do hereby urge all officials and citizens of San Francisco to accord to the San Francisco Civil Defense Council every assistance and cooperation in speedily accomplishing the tremendous task before them.

"Members of the San Francisco Civil Defense Council are as follows: Mr. Frederick J. Koster, Chairman, Mr. Stuart R. Ward, Executive Vice-Chairman, Mr. Frank N. Belgrano, Jr., Mr. Thomas Larke, Jr., Mr. Max P. Lilienthal, Mr. Clay Miller, Col. Roy C. Ward, Senator Jack Shelley."

Soon thereafter the Council was enlarged to include Mr. Theodore J. Roche, Charles R. Page, Florence M. McAuliffe, Charles R. Blyth, Col. Allen G. Wright, Lyle Brown, Dr. Edmund Butler, John R. Cahill, A. T. Mercier, John D. McKown, William H. Smith and Harry Ivory.

The Council applied itself immediately to extensive research so that the civilian defense of San Francisco could be based on the hard-won experience of other countries which had been under military attack. Several committees were appointed, and a great number of men with technical knowledge of the various subjects gave freely of their time and knowledge in a fine spirit of public welfare.

On May 20, 1941, by Executive Order, the President of the United States established the Office of Civilian Defense, and appointed Mayor Fiorello LaGuardia as its Director. By this time the work of the San Francisco Civil Defense Council was well under way.

On July 24, 1941, by order of Mayor LaGuardia, I was named United States Director of Civilian Defense for San Francisco and Coordinator for the San Francisco Metropolitan Area.

Because of his strenuous duties with the American Red Cross, Mr. Koster felt it necessary to offer his resignation from the Defense Council. He was succeeded by Mr. Charles R. Page, who was most capably assisted by Mr. Jack H. Helms as Executive Secretary. Shortly thereafter, both Mr. Page and Mr. Helms were asked by the Federal Government to serve in the Regional Office of Civilian Defense.

Mr. Theodore J. Roche, who had been active in the Council as Chairman of the Police Committee, was then appointed Chairman of the Defense Council, and Mr. Joseph A. Murphy was requested to serve as Executive Officer. Under the Chairmanship of Mr. Roche, the Report of the Civil Defense Council was completed and placed in my hands on August 18, 1941.

This report is the most comprehensive and constructive document ever presented to me. It is impossible for me to compliment too highly the members of the Defense Council and the various members of the committees. They turned out a real job.

Soon requests for copies of this Report were being received from all parts of the Nation.

San Francisco's plan became the model for many cities throughout the land.

Then came the problem of implementation. Under the plan the first step was the recruiting of personnel. An enrollment day was publicized.

The Council and my office used every available means to interest our public. We met with little response. Our people did not enroll. They felt that "it couldn't happen here." We were alarmists!

Certain groups opposed the allocation of funds for purchasing the necessary materials and supplies to carry out the purpose of this peace-time planning committee. In spite of this, the Council carried on. It was operated on a skeleton basis. The actual implementation of the plan was impossible to achieve. The public was apathetic. Only 3,600 people had enrolled, and we required over 50,000.

Then came the shameful and dastardly attack on Pearl Harbor! Over night the complacency of peace was replaced by the hysteria of war.

Recognizing the gravity of the situation, all department heads of city government were summoned to the office of the Mayor on the afternoon of that fateful December 7th. The members of the Civilian Defense Council were also present.

A peace-time plan had to be placed in operation on a war-time basis. Had we been granted more time for accomplishment under the Civilian Defense Plan, minor difficulties and opinions would have been self-erasing, but these are war times, these are days of emergency. Accomplishment had to out-run planning and out-distance wishes. In view of these facts I, on that day, issued the following proclamation:

#### "Proclamation by Mayor Angelo J. Rossi

"December 7, 1941.

"Whereas the Japanese Government has attacked the City of Honolulu and adjacent military and naval bases of the United States, and

"Whereas it is reported that submarine boats are in the Pacific Ocean between San Francisco and the Hawaiian Islands, and

"Whereas it is necessary to take immediate steps to protect the lives and property of the people of the City and County of San Francisco, as well as the property of said City and County:

"Now, therefore, I, Angelo J. Rossi, Mayor of the City and County of San Francisco, by virtue of the power and authority vested in me by Section 25 of the Charter, do hereby declare that a public emergency exists which involves and threatens the lives, property and welfare of the citizens of the City and County of San Francisco, as well as the property of said City and County, and

"I hereby direct the San Francisco Civilian Defense Council, in conjunction with the municipal authorities of San Francisco, to forthwith take all steps necessary or proper to protect the lives, property and welfare of the citizens of the City and County of San Francisco, as well as the property of said City and County, during the existence of the present emergency above mentioned, and to co-operate with the municipal authorities of the City and County of San Francisco to the end that this purpose may be accomplished, and

"Further, by virtue of the authority vested in me by said Section 25 of the Charter, and for the purpose of carrying out the work of said Civilian Defense Council, and to aid said Council and the municipal officers of the said City and County in meeting the present emergency, there shall be appointed by me one Director of Civilian Defense, one Executive Officer and three Assistants to the Director of Civilian Defense, and in addition thereto, such other clerks, deputies, and assistants as in my

opinion shall be necessary to meet the present emergency, and to assist the municipal authorities in so doing.

"I further direct that the compensation of said Director of Civilian Defense and his Assistants and all said other employees of said Defense Council, as well as the expenses of said Council incurred in carrying on its work, shall be paid from the emergency reserve fund as provided in Section 79 of the Charter, or from any other funds in the Treasury of the City and County as may be available for said purposes.

"I further direct the Controller to audit and approve and the Treasurer of said City and County to pay all demands incurred for any service found by me to be necessary to meet the said present emergency.

"I hereby demand that both employer and employee forthwith terminate their existing differences, during the present emergency and end all disputes so that San Francisco may present a united front and so that every citizen may work for one end—the safety of our country.

"I appeal to all the citizens of San Francisco to remain calm and resolute in this emergency. I again urge them to enroll for Civilian Defense. Go to your nearest Police or Fire Station for enrollment now. Enrollment will be received at any hour of the day or night. Both men and women may enroll at all Fire Stations. Police Stations are reserved for enrollment of men only.

"Again I say—Enroll NOW!

"Given under my hand at San Francisco this 7th day of December, 1941.

"ANGELO J. ROSSI,

*"Mayor."*

Immediately following this declaration of emergency, the tempo of activity in Civilian Defense was speeded up. The loyal and patriotic citizens of San Francisco, brought to the grim realization that it was truly an international emergency, began in increasing numbers to offer their services. Whereas, only 3,600 had registered up to the morning of December 7, we now have over 65,000 volunteers.

On November 24, 1941, your honorable Board passed Ordinance No. 1448 creating the San Francisco Civilian Defense Council, and appointing me the Chairman thereof. Members of the original Civil Defense Council Planning Commission were made members of the new Civilian Defense Council. Thus, the men who gave so graciously of their time and energies on the Planning Commission of the original Civil Defense Council were retained and are now constantly advising and guiding me and the Co-Ordinator, Chief Dullea, while the plan is being placed in full operation. These men, composing the present Advisory Committee, are: John R. Cahill, Chairman; F. M. McAuliffe, Vice-Chairman; John F. Shelley, Vice-Chairman; Frank N. Belgrano, Charles R. Blyth, Lyle M. Brown, Dr. Edmund Butler, Francis Carrol, Nathan Danziger, Thomas Larke, Jr., Robert M. Levison, Max P. Lilienthal, J. Ward Maillard, Jr., C. J. McDonald, John D. McKown, Clay Miller, Joseph A. Murphy, Charles Page, Theodore J. Roche, William H. Smith, Roy C. Ward, and Allen G. Wright.

Active in the work directing the various phases of Civilian Defense are the men composing the Council, namely: Chairman: Honorable Angelo J. Rossi; 1st Vice-Chairman: Honorable Theodore J. Roche; 2nd Vice-Chairman: Honorable F. M. McAuliffe; 3rd Vice-Chairman: Honorable John F. Shelley; Harry E. Barton, Ronald H. Born, Harold J. Boyd, Matthew A. Brady, Chief Charles J. Brennan, Thomas A. Brooks, Frank N. Belgrano, Jr., Charles R. Blyth, Lyle M. Brown, Philip Lee Bush, Dr. Edmund Butler, Edward G. Cahill, John R. Cahill, Hon. Jesse C. Colman, Chief Charles W. Dullea, Major Frank A. Flynn, Judge

Thomas Foley, Dr. J. C. Geiger, Dr. John J. Kingston, Phil Landis, Thomas Larke, Jr., Robert M. Levison, Max P. Lilienthal, J. W. Mailard, Jr., F. C. McDonald, John D. McKown, F. M. McAuliffe, Clay Miller, Hon. Dan C. Murphy, Joseph A. Murphy, Rev. James O'Dowd, Hon. John J. O'Toole, Charles Page, George R. Reilly, Theodore J. Roche, Hon. John F. Shelley, William H. Smith, Roy C. Ward, A. D. Wilder, Chief Ralph Wiley, George E. Wilson, Russell L. Wolden, Charles M. Wollenberg, Harry K. Wolff, Col. Allen G. Wright and Nathan Danziger.

Within less than a week after the outbreak of hostilities the Chief of Police had, on an emergency basis, appointed an air raid warden for every city block in San Francisco. Thus on the occasion of our last blackout we achieved the desired result with a minimum of time and a maximum of efficiency. The Air Raid Warden Service has been expanded so that we now have a trained force of 22,000 men and women to insure complete protection of every block in the city.

Jackson D. Baker, the Chief Air Raid Warden, and Eugene T. Broderick, the Assistant Chief Air Raid Warden, as well as battalion and company air raid wardens have been doing a splendid job. Training and assignment of air raid wardens was completed as of January 10, and a completely trained and organized service is in operation at this very moment.

The post air raid wardens were trained by selected men and officers who, in turn, received their instruction from the United States Army. The intensive three day training course conducted by the Army for their benefit was incidentally the first course of its kind to be held in the country and thus a recognition of the progress already made under our Civilian Defense plan.

Training of auxiliary policemen, under the leadership of Deputy Chief Michael Riordan, has been under way since January 10 and shortly will be completed. The Police Department has been provided with all the necessary blackout equipment, materials and equipment for registration and identification, and all other things necessary for the proper operation of that department under any circumstances.

Fire protection, highly important in these days of ruthless aerial attack is in the competent hands of Chief Engineer Charles J. Brennan of the San Francisco Fire Department and Assistant Chief Albert Sullivan, the Chief's aide. Within four hours after the first word was received of the attack on Hawaii, our Fire Department was completely reorganized on an emergency basis. At that time they were capable of handling without undue stress five major four-alarm conflagrations at one time. Since then, the personnel has been augmented by the addition of 75 firemen, six lieutenants and six captains. There is at the present time a minimum of 12,000 auxiliary fire fighters being organized and trained to augment our regular fire-fighting force.

Chairs, bedding, blankets, etc., have been purchased for fire houses. Huge important reference maps have been provided. Life jackets have been purchased for fire boat crews, a total of \$3,000 has been authorized for emergency supplies and materials. \$61,000 has been provided for the purchase of additional fire equipment recommended by the Chief of the Department. Protective measures for all vulnerable reservoirs, pipe lines, etc. have been taken. To implement these added forces I have already approved the securing of 156 additional water pumping units with necessary accessories so that every section of the city will have greatly augmented fire protection. All the materials and equipment necessary for the registration and training of auxiliary firemen have been provided. Already thousands of the first groups of volunteers have been trained and new thousands are being trained at this moment. The whole-hearted manner in which these volunteers have cooperated should be a source of joy to every San Franciscan. These men are being grounded in the common sense rules and practices which have made our regular firemen so capable in preventing the destruction

of property, no matter from what source the danger comes. The Fire Committee of the Council, the Chairman of which is Mr. Robert Levison, has been invaluable in this regard.

Your Department of Public Health, under the leadership of Dr. J. C. Geiger, has already organized all city facilities for caring for emergency health and accident service of whatever magnitude. There has been authorized an additional total expenditure of \$48,000 to bring this department up to full requirements and to provide emergency first aid and dressing stations in addition to the regular emergency hospitals. All the equipment and material necessary thereto has already been provided. Through Mr. William V. C. Ruxton of the British American Ambulance Corps, we have acquired three ambulances and one mobile food serving unit at no cost to the city.

Dr. J. C. Geiger, chief of your health service, has efficiently organized every city facility for caring for emergency health and accident service of whatever magnitude. There are approximately twenty-eight hospitals with new, added first aid dressing stations. This is in addition to regular emergency hospitals, of which there are six. All hospital service in the city has been organized to take care of added emergency use. Present occupancy has been increased by more than a thousand beds. Side-by-side with this service is the efficient and highly organized work of the Disaster Relief Committee of the American Red Cross, which in itself is an integral part of the San Francisco Civilian Defense Council so ably represented by Mr. Thomas Larke, Jr., chairman of the Disaster Relief Committee. Under Mr. Larke's direction, before nightfall of December 7th, twelve disaster relief stations had been set up in all parts of the city, capable of handling 10,000 emergency cases should such a blow have befallen the city. Now twenty-seven locations are ready with staffs, ambulances and drugs. This is truly remarkable.

The Department of Public Works, another one of the operations committees of the Civilian Defense Council, has been fully organized and over 200 trained key men in gas, electricity, telephone and sewer repair have been assigned stations in twenty-two locations about the city. All the necessary tools and equipment for emergency utility repairs are kept in fire houses. Demolition crews provided by organized labor in San Francisco have been appointed and assigned to these various stations to insure a sufficient number of skilled men being on duty at all times.

In addition to the sirens originally purchased for air raid alarm service, one siren for every square mile of territory is contemplated. This means twenty-six in addition to the original eleven. Eighteen of these have already been installed and the others have been ordered. When this installation is completed we will have as nearly perfect an air raid alarm system as is possible.

All emergency vehicles, under a recently adopted ordinance regulating the type of vehicle allowed to operate during a blackout, have been equipped with blackout lights.

Ample protection has been thrown about the water system and additional pumping equipment installed where needed to insure extra safety of supply. Protection of the vast and important Hetch Hetchy system from O'Shaughnessy Dam to San Francisco has been created through armed civilian deputies which until recently were augmented by United States Army personnel.

In keeping with the original plans, a special Air Raid Shelter Committee under Mr. John Cahill, who is also Chairman of the Advisory Board of the San Francisco Civilian Defense Council, has, with the assistance of competent architects and engineers who volunteered their services, selected more than 150 buildings within the business area where citizens may take shelter should an air raid alarm find them away from home.

A Blackout Precautions Committee, under the Chairmanship of Mr.

Lester Goodman, has been guiding the people of San Francisco in the proper knowledge of what materials to use, what materials are available, and the best methods for making their homes and places of business ready for a blackout. In the firm belief that every service, no matter how remote the possibility of its use, should be prepared for the safety of the people of San Francisco, we stand ready if the military authorities so decree to move to points of greater safety within or without the confines of the city those portions of our population which might be in danger. This evacuation service ably headed by Mr. Max P. Lilienthal, has prepared a workable efficient system that can be put into operation with a minimum of time and trouble. I must repeat, however, that this is a standby service which will not be put into operation unless we are ordered to do so by the proper military authorities.

The focal point of all civilian defense is the communications center in the City Hall. All our ordinary types of communications, such as central fire alarm system, short wave radio stations and equipment, state and local teletype, have been adequately protected. The communications center in the City Hall represents the concentration of all civilian defense activities.

On the alert signal the volunteer staff of telephonists who operate the battery of forty telephones for the use of post, sector, and battalion air raid wardens, immediately respond. A corps of radio patrol police officers are directed to respond to the alarm signal also. These men man the telephones until such time as those volunteers who may be delayed arrive on the scene. On the alert signal all the chiefs of the operating divisions for civilian defense also report to the communications center: the Mayor, the Director of Civilian Defense, the Chief of Police, the Chief of the Fire Department, the Chief Administrative Officer, the Director of Public Health, the Director of Public Works, the Chief of the Department of Electricity and Public Utility representatives; all these respond so that they are in a position to receive reports coming from the various sections of the city through the air raid wardens and then they may order the necessary equipment and personnel to the scene of any incident.

To go into greater detail concerning the operation of this communications system would require too much space. The work of the Central Volunteer Office, under the leadership of Mr. Francis Carrol, has been moving along most rapidly and at the present time classifying of all volunteers is practically completed. Plans for transportation under ordinary and emergency conditions have been studied by the Public Transportation Service and much valuable information has been offered by that service.

The morale of our citizens, the way in which we act in civic unison, and the manner in which we fit ourselves for the task of meeting any emergency situation, is the problem being most efficiently handled by the Morale Service under Mr. Florence McAuliffe. All representative San Francisco groups have been enlisted to aid in this service and they, too, are doing a splendid job.

Public Information and Instruction Service, headed by Mr. Nathan Danziger, a volunteer, has been functioning smoothly and efficiently so that the people of our city may keep abreast of civilian defense activities through the aid of the press and the radio.

In addition to the work already completed, as I have outlined it, many others have been working unceasingly and unselfishly to carry out the plans of the Civilian Defense Council. To mention one to the exclusion of others would be unfair. However this phase of this report would not be complete, and I would indeed be remiss in my duties as Mayor if I failed to make particular mention of the splendid services rendered by the multitude of patriotic women of San Francisco, through their various organizations, whose devotion to the City and its civilian defense and whose unstinted and untiring efforts and cooperation have done so much to bring the Civilian Defense of San Francisco to its

present state of excellency. All in all, we must remember that plans mean nothing without the man-power and will to carry them out. Therefore, at this time, I wish to pay special tribute to those loyal San Franciscans who have volunteered for work in civilian defense. Without them, the plan could not operate. These other people, these thousands of San Franciscans so willing, so full of the zeal and patriotism that we, as Americans, know and love; these people form the backbone of our whole civilian defense organization.

Naturally a program of this sort requires the expenditure of substantial sums of money. To date we have allocated over \$332,000 for Civilian Defense purposes. Neither San Francisco nor any other of the target cities can be expected to finance a complete defense setup.

Our finances are limited. Therefore I have appealed to the Federal and State governments for assistance. Unless we receive money or equipment from either or both of these sources our defense program will not be as complete as it should be.

So, though rather lengthy, this Civilian Defense report, it seems to me, shows that though civilian defense is something new to us, yet so is total war: It shows that just as our Armed Forces are mobilized and ready to protect us from a common enemy, that we stand by them as a second line of defense, willing to help them protect us.

### Traffic and Transportation

Section 25 of the Charter provides that the Mayor shall coordinate and enforce cooperation between all departments of the City and County. The problems of traffic and transportation come under this mandate, because many of the departments of the City and County are involved therein.

San Francisco, like all other progressive American cities, has a traffic and transportation problem. Of this I am aware. I tried on many occasions to start the machinery going on a solution of these problems. But the inability of the various groups concerned to agree upon a unified plan has nullified every previous effort of my administration to accomplish anything in this respect.

Each time in the past that I have made an attempt or initiated a move looking toward the alleviation of our traffic and transportation problems, apposition has appeared immediately from one source or another with the result that every one of these attempts has been blocked.

In 1939, a movement was started to employ Charles H. Purcell, to prepare plans looking to the solution of the traffic and transit problems. The Chamber of Commerce and other civic organizations, as well as the press, actively supported this plan. After the proposed contract with Mr. Purcell had been approved by the Board of Supervisors, and \$110,000 had been appropriated for Mr. Purcell's salary, it became necessary to carry litigation to the State Supreme Court in order to determine whether the city had the right to enter into this contract. It was not until March 1941, that the Supreme Court decided in favor of the city.

Although Mr. Purcell had indicated his willingness to undertake this work, and such willingness was apparent throughout the protracted negotiations, less than a week after the decision of the Supreme Court clearing the way for Mr. Purcell's appointment by the city, I received a telegram from him stating that for reasons of a personal nature he found it impossible to enter into a contract with the city of San Francisco.

Mr. Purcell's exit from the scene left us exactly where we had started in January of 1939. Even though Mr. Purcell was unable to accept the employment I felt that because of the preponderance of opinion throughout the city that Mr. Purcell was best fitted for this work, his recommendation of a firm, in lieu of his own services, would be the next best bet. It was necessary for me to be in Washington, D. C., on the Hetch

Hetchy power matter during most of May, 1941. Before I left San Francisco I communicated with Mr. Purcell asking him to make a recommendation of the person or firm which in his opinion was most qualified to undertake the solution of the traffic and transportation problems in San Francisco. On May 20, 1941, at Washington, D. C., I received the following telegram from Mr. Purcell: "Dear Mayor: Reply to a request through your secretary for a suggestion as to experienced traffic consultants has been delayed until I could secure more information. Have done my best to assist you but the only firm dealing with such problems of which I have knowledge is Madigan-Hyland of New York, who have had considerable experience in freeways and parkways. Most of this work has been accomplished for the New York Park Commission. Robert Moses of New York is head of that commission and is familiar with the experience and responsibility of Madigan-Hyland. I am not familiar with their experience on general traffic problems and knowledge of streetcar traffic. Would suggest that you make an appointment with Thomas H. MacDonald, U. S. Commissioner of Public Roads, New Willard Building, Washington, D. C., requesting his assistance, as MacDonald has wide knowledge of city traffic problems and engineers dealing with these problems. Kindest regards, C. H. Purcell."

Following Mr. Purcell's suggestion I got in touch with Mr. MacDonald and discussed with him the qualifications of the firm of Madigan-Hyland. Mr. MacDonald gave this firm the highest recommendation. In fact, the reputation of this firm was so high that Mr. Madigan had been drafted by the Federal Government as a dollar-a-year man and was at that time engaged in laying out bases in Newfoundland and the Canal Zone. Later, in New York, I contacted Mayor La Guardia, who was enthusiastic in his praise of Madigan-Hyland and the work which they have performed for New York. Later I met Mr. Madigan and discussed with him briefly San Francisco's traffic and transportation problem. He stated that he was not unfamiliar with San Francisco, having been here and surveyed the Oakland-Bay Bridge for the underwriters who purchased the Bay Bridge bonds from the R. F. C.

During our original discussion Mr. Madigan stated that because of his connection with the Government the ethics of his profession forbade him taking any Government contract. That being the case, he was willing to undertake the solution of San Francisco's traffic problems on a practically cost basis in order to keep his key staff men occupied. At his own expense Mr. Madigan and his chief designer came to San Francisco and personally looked over the city and held conferences with me, other city officials, and with civic organizations.

On July 10, 1941, Madigan-Hyland forwarded to me a proposal for their employment as consulting engineers on the transportation problem of San Francisco. This proposal was in the form of a contract, under which the consulting engineers agreed to "perform all the necessary services provided under this contract for the following described projects: The preparation of development studies, preliminary designs, drawings and cost estimates for a solution of mass transportation and vehicular traffic problems in and about the City and County of San Francisco. It will be the aim of such solution to relieve the existing congested conditions and to produce an ample free-flowing system which will serve the City and County and will meet the needs of both vehicular and mass transportation." This work was to be completed within a year from date of beginning, but was to be extended to eighteen months, in case that became necessary. For this work the consulting engineer asked a fixed fee of \$65,000, this fee to cover the compensation of their principals, supervisory personnel, and their home office expense. In addition to this fixed fee Madigan-Hyland were to be reimbursed for the expenses of draftsmen and stenographic services required in San Francisco, rental of offices here, and other miscellaneous office expenses which, the firm guaranteed, would not exceed in total \$35,480. This would make the total cost of the services of Madigan-Hyland \$100,480. This was several thousand dollars less than the salary cost of Mr.

Purcell under the contract proposed for him and supported by so many civic organizations.

But no sooner had it become known that Madigan-Hyland had submitted a proposal to me, that a most remarkable thing happened. The Chamber of Commerce, the Downtown Association, and certain of the press which had been so favorable toward, and had boosted so hard for, Mr. Purcell's employment, objected just as vociferously to the employment of Madigan-Hyland as they had plugged for the employment of Charles H. Purcell. In a letter to me, under date of August 4, 1941, the Chamber of Commerce stated that although the Chamber previously strongly advocated the employment of Charles H. Purcell for the purpose of making studies and recommendations, similar to those now proposed to be done by Madigan-Hyland, changed conditions which have arisen since the Chamber's first recommendation now compel the Chamber to oppose the employment of an independent consultant exclusively for the making of recommendations in connection with traffic and transit. I am not the only one who was confused by this changed attitude on the part of the Chamber. The Committee on Traffic of the 1941 Grand Jury expressed themselves in this manner—and I quote directly from their report: "This committee is unable to comprehend this about-face. If it was proper and practical to employ Mr. Purcell two years ago, why is it not proper and practical to employ some other engineer or engineers to do the same job now?"

Some of the objection to the Madigan-Hyland proposal was on the ground that it would interfere with, or would duplicate in part, a Master Plan for San Francisco. There would be no such conflict or duplication. It is estimated conservatively that a Master Plan cannot be produced under three years by an advisory commission as provided in the Charter. Traffic and transportation are integral parts of a Master Plan; we cannot wait three or more years for a move toward the solution of these two vital problems. San Francisco has been compared to New York insofar as its problems of ingress and egress for a commuting population are concerned, as well as the traffic problem within its own borders. The firm of Madigan-Hyland has had extensive experience in and about the City of New York and has made an enviable reputation in the work they have done in relieving traffic congestion and in laying out transportation routes and facilities. They also have been engaged by other cities including Los Angeles.

On July 22, 1941, I appointed the following committee to review the Madigan-Hyland proposal: Thomas A. Brooks, Chief Administrative Officer, Chairman; Harold J. Boyd, Controller; John J. O'Toole, City Attorney; Edward G. Cahill, Manager of Utilities; Warren Shannon, President, Board of Supervisors; Charles W. Dullea, Chief of Police; Mr. William P. Wobber, President, Police Commission; Lewis F. Byington, President of the Public Utilities Commission; W. W. Chapin, President of City Planning Commission.

This Committee has heard testimony from various interested parties, not the least of which were members of the City Planning Commission. The City Planning Commission definitely is on record that the employment of Madigan-Hyland would not interfere in any way with their prosecution of the Master Plan under the recently employed Planning Consultant, Mr. Ernest P. Goodrich of New York. After investigating this matter thoroughly, this Committee recently went on record in favor of recommending to the Board of Supervisors that the Mayor be authorized to negotiate a contract with the firm of Madigan-Hyland for the solution of the mass transportation and vehicular traffic problems in and about the City and County of San Francisco. This contract would be submitted first to the above-mentioned committee and, if approved by them, it would be submitted to your honorable Board for final approval.

Under Section 25 of the Charter, I recommend this employment.

I must reiterate that prior to my trip to Washington I did not know

Mr. Madigan or any person in his organization; they were recommended to me first by Charles H. Purcell and subsequently by Mr. MacDonald of the Bureau of Roads in Washington, D. C., and also by Mayor La Guardia of New York. While in New York I spent over three hours in company with our Manager of Utilities, driving over the various projects successfully completed by Madigan-Hyland, such as the Belt Parkways System, the Henry Hudson Parkway, the Marine Parkway, Westside Improvement, and other projects, the details of which are in my office and may be inspected by any interested party. By the employment of this firm, San Francisco immediately would have the benefit of all the preliminary survey and studies, as well as the matured experience of this firm. It seems to me that it is only good business to take advantage of such experience, especially when that experience, although gained at the expense of other cities, applies so directly to the problems confronting San Francisco.

I wish to call attention again to the fact that the contract proposed by Madigan-Hyland provides for the preparation of development studies, *preliminary designs, drawings and cost estimates*; this is very important because when the defense program is over, it is anticipated that the Federal Government will embark upon a broad program of public works. Therefore, even though all of the recommendations of Madigan-Hyland may not have been possible of execution before the end of the defense program, nevertheless San Francisco will have the drawings and cost estimates and all plans up to date and ready to submit to the Federal Works Agency, which already has organized the Public Work Reserve, to "avert the inevitable shock at the conclusion of the emergency program due to rearmament."

There are other aspects of the traffic and transportation problem which I mention now, as evidence that my administration has not been guilty of indifference in this regard. I refer to the problem of unification of the two street railway systems. It has been realized that better service to the public could be accomplished through such unification, which would permit a more effective routing and comprehensive transfer privilege. In 1938, the Manager of Utilities was directed to negotiate with the private company for the acquisition of their property. He succeeded in obtaining an offer to sell for the sum of \$12,500,000 free of debt. Additional sums needed for rehabilitation and changes brought the total capital requirements up to \$24,480,000. A bond proposition to cover this was voted on in September, 1938 and was decisively defeated.

In 1936, two years earlier still, the Public Utilities Commission submitted a Rapid Transit Plan with subways on Market, Mission, and Geary Streets. After much public debate, a bond proposition to finance the plan was placed on the ballot in November of 1937 and it, too, was decisively defeated. As a result of the action of the voters, San Francisco street car patrons are deprived of the advantages of universal transfer and a majority of those patrons are forced to pay seven cents per ride instead of the five cent fare on the Municipal Railway.

In concluding my comments upon the traffic and transportation mess in San Francisco, I cannot but leave this thought with those who consistently wrangle and quarrel with those ideas advanced by anyone but themselves—and I quote from Butler's effusion as follows: "Those who play a game of state and only cavil in debate, although there's nothing lost or won, the public business is undone; which still the longer 'tis in doing, becomes the surer way to ruin."

### Industrial Problems

In my message to your honorable Board last year I made reference to the Bay area's participation in a gigantic National Defense movement. It would be superfluous for me to give a detailed report concerning the tremendous increase in industrial activity resulting in increased payroll, as a result of the defense movement. All San Franciscans are keenly aware of this. However, I cannot allow this opportunity to pass

without referring to the relationships between employer and employee. As Chief Executive of this City and County, it is my sworn duty to see that our laws are enforced. As Chief Executive I consider it to be my duty also to intercede with both employer and employee in an effort to bring the parties together when they have arrived at an apparent impasse. This has been my policy during my entire administration as Mayor of San Francisco. On many occasions after negotiations had been broken off, I have appealed to the parties concerned. They have met in my office and often, as a result of such meetings, their problems have been solved.

I wish to state most definitely that I, as Mayor, can neither force the employee to work, nor can I force the employer to accept a Union proposal. As I am the Mayor of all the people of San Francisco, I cannot in good faith favor one side or the other in a controversy. In this time of grave emergency, I know that conservative labor leaders are genuinely trying to keep the machinery of industry turning without interruption. I know that the employers of San Francisco have recognized the principles of collective bargaining. Yet, I here and now reiterate a statement made by me in the Proclamation issued December 7, 1941:

"I hereby demand that both employer and employee forthwith terminate their existing differences, during the present emergency and end all disputes so that San Francisco may present a united front and so that every citizen may work for the one end—the safety of our country."

I know that many efforts have been made to do this, but, as yet, not all of these efforts have been successful. Once again, I urge that these differences be settled immediately. This would be the greatest patriotic service these groups could render at this time.

#### Harbor Control

In previous years' messages I have discussed the matter of Harbor Control at some length. A sincere effort has been made and I shall continue to work with our legislators and authorities from other parts of the State to secure for San Francisco the same privileges enjoyed by the rest of California; namely, the right to control and administer our own harbor. San Francisco's front door could, and should be, our greatest asset.

#### Hospitality House

Hospitality House, operated by the San Francisco Citizens' Hospitality Committee for Service Men, was opened on August 9, with a huge celebration held in the Civic Auditorium. Fourteen stars of the movie colony traveled to San Francisco to assist the committee in the opening. The Hospitality House idea first was formulated by the Central Council of Civic Clubs, in a resolution introduced at the Board of Supervisors in November, 1940, known as Resolution No. 1455. The Resolution was passed by the Board unanimously and I was asked to select a citizens' committee known as the San Francisco Citizens' Hospitality Committee for Service Men. This committee is made up of representatives of all the major organizations of San Francisco—civic, religious, veteran and fraternal groups making up a cross-section of San Francisco citizens. It was recognized by all authorities that the civilian population adjacent to large Army and Navy stations would have many problems on their hands in taking care of the men in service of the United States while on their leaves. From the citizens' committee was selected an Executive Committee, headed by Dr. Howard M. McKinley, consisting of sixty-five members; this committee met every two weeks, with special sub-committees meeting almost daily. Dodge A. Reidy, City Architect, drew up the plans for the building in the Civic Center, and an allotment of \$22,000 was given for material. The San Francisco Building and Construction Trades Council was most generous in providing the labor necessary for constructing the building without a cent of cost to the city. This was a patriotic gesture on the part of Organized Labor which the people of San Francisco will never forget.

Military and Naval authorities, governmental agencies and leaders of United Service Organizations were consulted, with the idea in mind always of "Protecting and Bolstering the Morale of our Home Front." Dr. McKinley has since gone into the service of the Twelfth Naval District, and Mr. Claudius A. Marckley, prominent Veteran leader, has been selected as General Chairman.

The opening of the House was the "Go" signal for the Service men to swarm into the building, and over 200,000 men have visited the Hospitality House, using the facilities and enjoying the hospitality. The house is open daily from twelve noon to twelve midnight. Citizens are allowed to visit from 1:00 to 3:00 P. M. The house is provided with reading and writing room, a well-equipped kitchen with canteen adjoining, and a large lounge for dancing. Up to date, 141 women's organizations have taken part in the activities at Hospitality House, furnishing refreshments, entertainment and dancing partners for the men.

The information desk, operated by three trained employees with staggered hours from 11:00 A. M., till 12:00 midnight, furnishes information of all kinds. Writing material is furnished, special events are listed each day, and many citizens call for groups of men for dinners and entertainment or rides about the city.

During Thanksgiving, Christmas and the New Year's Holiday Season over 5,000 dinner invitations were extended to service men by citizens who registered their invitations at the Hospitality House. Many letters have been received by the secretary thanking Hospitality House for the fine young men who were able to visit the private homes of the city.

Each man who visits the Hospitality House is asked to register and give the name of his closest relative. Shortly thereafter I sign a letter to this relative stating that the people of San Francisco had the pleasure of entertaining the young man. The thousands of letters of appreciation I have received from mothers and fathers residing in every section of the country are real testimony for the job we are doing.

The 49-mile automobile drive was instituted under the chairmanship of William L. Hughson, and thousands of San Franciscans have furnished their cars for sight-seeing about the city on Sundays from 1 to 5.

During the year, fourteen large dances were held at Aquatic Park Casino every first and third Wednesday of the month. Dancing partners were provided by the women's organizations of the city. From 1500 to 2000 men attended the dances. Since Aquatic Park Casino is now occupied by Army personnel, the dances will be held at the Veterans Building, War Memorial. Young ladies are invited and chaperoned by the women's groups, who also take part in hostessing at the Hospitality House.

We San Franciscans have once again proven to the nation that ours is truly a city with a heart, the city of hospitality.

### Ten-Year Review

Although the major interest during the past few weeks has been the perfection of civilian defense, nonetheless the normal functions of government have and must continue.

In view of this fact, I deem it advisable to comment briefly on the story that has been San Francisco for the ten years just past. I believe that such an audit of our affairs will prove valuable in our discussions relative to the future of this city. I feel sure that these comments will be of interest to the members of the Board, as well as the public at large.

When I assumed the responsibilities of the office of Mayor of San Francisco, on January 8, 1931, the full force of the world-wide depression of the '30s was just beginning to be felt. The Federal, State and local governments were not then prepared to cope with the problem of unemployment relief. The fiscal year 1931-32 was the first year in which the City and County of San Francisco expended any large amount of funds for the direct relief of the unemployed. Funds provided during this first

fiscal year of my administration for relief purposes were made up of an appropriation of city funds of \$700,000, voluntary contributions by city employees in the amount of \$321,935 and the proceeds of a bond issue amounting to \$2,500,000. Relief to the unemployed was administered during this period through the medium of existing private welfare agencies, whose activities generally involved no cost to the city government for administration. Upon the entrance of the Federal Government into the relief picture in 1933, Federal funds thereafter were granted to the State, and through the State to cities and counties upon the condition however, that such funds must be disbursed by the local government and not by private agencies. This led to a Charter Amendment which was adopted by the people in March of 1937, under which all public assistance administered by the City and County of San Francisco was consolidated in the present Public Welfare Department. This department then took over the administration of all public relief activities in San Francisco, including indigents theretofore handled by many private relief agencies.

During the period under review, there were many liberalizations in the various public assistance laws in California and of the Federal subvention laws. All these liberalizations have resulted in increased taxes to the people. In addition, San Francisco was forced to appropriate over \$747,000 for the fiscal year 1941-42 to take care of the employable unemployed, which up to June 30, 1941 had been the responsibility of the State, but which was forced upon the counties beginning July 1, 1941 by the failure of the State to provide funds for this purpose.

As an example of the tremendous increase in the cost of humanitarian activities over ten years, the following table is presented:

	1931-32	1940-41
Total expended for charities, hospitals and corrections .....	\$4,255,588	\$12,805,412
Less State and Federal subventions.....	412,500	4,946,300
Net cost to San Francisco taxpayers.....	\$3,843,088	\$ 7,859,112

The above shows a substantial increase in cost to the taxpayers of San Francisco in this one activity alone.

The sudden advent of such enormous expenditures resulted in many vexing financial problems. Rather than completely disjoint the local economy, recourse was had in 1932-33 to another bond issue of \$6,500,000 for relief purposes. Also, the city borrowed from the State a total of \$1,466,552 in 1933-34 and \$550,709 in 1934-35 for relief purposes. This illustrates the lengths to which the city went in meeting its relief problems.

We must conclude, therefore, that San Francisco performed its duty toward "those less fortunate than ourselves" even during the darkest days of the depression.

Despite the depression and the many problems resulting therefrom, there has been a steady march forward during the past ten years, which have seen many noteworthy accomplishments.

### Golden Gate International Exposition

In 1939 and in 1940, San Francisco was host to the world at the Golden Gate International Exposition on Treasure Island. This spectacle is still so fresh in the minds of all of us that a recounting of those happy months is unnecessary at this time. But the memory of the happy months of this Exposition undoubtedly will linger longer in our minds because of the grim business of war in which we are now occupied.

The site for the Exposition was granted to San Francisco by the State in 1933 on condition that the land be used for the establishment of a municipal airport. Because of the intention ultimately to use Treasure Island as an airport, it was possible to obtain a P. W. A. grant for the construction of the permanent buildings, consisting of the airport

terminal building and two hangars. The Navy has leased the Island and under terms of the lease agreement is sponsoring a W. P. A. project for the construction of runways for the City's second municipal airport.

Turning to matters concerning the City and County administration exclusively, we find that we can recount many accomplishments during the past ten years. There is time now to speak only briefly of a few outstanding examples of progress, and those departments specifically mentioned hereafter are not the only ones worthy of comment. Many city departments have continued throughout the years to do a good job unobtrusively and without fanfare, and to them I extend my appreciation. I wish to say that if they do not hear their names in this message it is not because their good work has not been noted, but solely because the lack of time will not allow the enumeration of the progress made by every department of the City and County government.

### Board of Supervisors

When the new Charter took effect, January 8, 1932, it involved many changes. The number of supervisors was reduced to eleven and the function of the Board itself was changed from a combined legislative and administrative body to an exclusively legislative body. This in turn delegated additional administrative duties to the Mayor. Much important legislation was passed by the Board during the past ten years. *For example:* All the enabling legislation concerned with the various W. P. A. and P. W. A. projects, legislation required to accomplish the completion of Hetch Hetchy, completion of the War Memorial, the building and extension of San Francisco Municipal Airport, and all other public improvements requiring action by the Board. Through the splendid cooperation of the Board, the administration has been able to make the enviable record which it has in the face of depression and hardship.

### Assessor

The Assessor's office has a fine record of accomplishments during the past ten years, during which a complete modernization of office procedure and the substitution of tabulating machinery in place of long-hand work has enabled a decrease in the operating budget, despite the fact that 25,000 additional parcels of land and 20,000 new buildings have been added to the assessment roll for valuation during these ten years.

### Police Department

The Police Department has progressed with the times. A central "Ring-In" bureau has been installed in the Northern Station; the department radio, teletype, and telephone exchanges in the Hall of Justice were consolidated, and a tabulating division of I. B. M. equipment was installed in the Hall of Justice in a room specially constructed therefor; the fifth floor of the Hall of Justice was remodeled to include a new "show-up" room, which is one of the finest in the United States; a commodious filing room and a modern chemical laboratory and photograph gallery also were constructed in the Hall of Justice.

In 1938 and 1939, the Accident Prevention Bureau was organized as a separate unit of the Police Department's Traffic Bureau, whose duty it is to cover all traffic accidents occurring in the City and County, and to make such detailed reports on them as to enable the necessary traffic engineering and steps to be taken to keep traffic accidents at a minimum within the city. Traffic fatalities during 1940-41 totaled 97 as compared with 115 in 1931-32, a reduction of 18. As an example of the increase in the activity of the Police Department, fires attended increased 4,557; the number of injured and sick persons taken to hospitals increased 1,192; there were 349 more lost children cared for in 1940-41 than in 1931-32 and 141,912 more teletype, telegraphic and radio messages were handled than in 1931-32. There were 1,920 fewer automobiles reported stolen in 1940-41 than in 1931-32. The value of property reported stolen in 1931-32 was \$572,356 and in 1940-41 was \$333,595 a decrease of \$236,961.

### Fire Department

The record of the Fire Department is well known and its efficiency is traditional. In order to keep the department up to high operating efficiency, new equipment totalling \$833,000 has been provided during the past ten years. Three new fire houses have been built and the 1941-42 budget provides for two additional. Under the 1933 bond issue there were installed 30.6 miles of high-pressure pipe, 373 high-pressure hydrants, 21 street cisterns and 3 manifolds. Fire protection was furnished during both years at the Golden Gate International Exposition. This at an additional cost to the taxpayers of \$441,106.

### Park Department

The Park Department has been one of the large recipients of the benefits of W. P. A. projects. During the past ten years the Board of Park Commissioners sponsored W. P. A. projects to the extent of \$800,000 for sponsor's cost. The Federal Government contributed \$9,500,000 for these projects. Outstanding developments during the ten years in the parks include the following: Renewed Zoological Gardens, comprising sixty acres, which is one of the most modern and up to date zoos in the United States. The Aquatic Park Recreation Center, located at the foot of Van Ness Avenue. This houses a fine Marine Museum sponsored by Mrs. Alma Spreckels Aul and other public spirited citizens. Here are exhibited models of ships from the square rigger to the luxury liner of today. Aquatic Park provides meeting rooms and a spacious hall for various recreational activities, where many thousands of service men have been entertained. Bleachers seating 8,000 spectators were constructed on the polo field in the Golden Gate Park Stadium. New club houses were constructed at the Harding Park and Lincoln Park golf courses. Improvements aggregating nearly \$100,000 have been made to the Yacht Harbor in the Marina during the past ten years, furnishing facilities to berth approximately 100 additional boats which theretofore had been forced by lack of space to berth away from San Francisco.

The city has also contracted to pay \$406,601 for the purchase of land to extend the Yacht Harbor to the Army Transport Docks.

During the past year \$25,000 was expended for the modernization of Kezar Stadium. Other improvements include the reconstruction and resurfacing of the South Drive in the Park, the construction of equestrian paths, resurfacing tennis courts, development of district recreational areas, the development of a large recreation field near the Beach Chalet and the construction of new fairways at Sharp's Park.

The Park Department budget estimate for 1941-42 included additional improvements in the amount of \$53,210. Recognizing the necessity for conservation of funds for national defense purposes, the department at the request of the Mayor, has postponed these improvements until the end of the national emergency.

During this period the employees of the Park Department were brought under Civil Service.

### Recreation Department

The Recreation Department shows a steady growth over ten years, with an increase from 31 to 52 supervised playgrounds, and an increase from 19 to 30 supervised yearly schoolyards, and an increase from 0 to 34 supervised summer schoolyards. Supervised gymnasias have increased from 7 to 14. The staff has grown from 256 to 408, and the attendance at all recreation units and special programs has increased from 4,286,820 to 6,357,008.

The 1941-42 budget includes funds for the following improvements:

- Playground unit at Longfellow;
- Night lighting and rehabilitation of Folsom Playground;
- Lighting of Bernal Playground;
- Night lighting at North Beach Playground;

Drainage at St. Mary's Playground;  
 Fence and tennis court at Visitacion Valley Playground;  
 Sand-boxes, benches, and back-stops at various other playgrounds  
 throughout the city.

As with the Park Department, the Recreation Commission has agreed to postpone some of the less urgent of these improvements until after the present emergency.

### Library

With respect to the Library, five new branches have been added during the past ten years: Anza, Visitacion Valley, Parkside, West Portal and Bernal. The Library has built up an extensive and up to date collection of technical books in such fields as aviation, ship-building, chemistry, etc. on which there is now a heavy call because of the large number of persons interested in national defense activities.

In excess of \$538,000 has been provided the library since 1931-32 for new books and for rebinding. There are on hand over 532,000 books, not counting the Phelan and Kuhl collections, and thousands of unbound pamphlets.

During this period the employees of the Library Department were brought under Civil Service. This leaves only two departments of the city which are not under Civil Service—the De Young Museum and the Palace of the Legion of Honor.

### War Memorial and Opera House

The War Memorial and Opera House were completed during the past ten years and represents a total investment of \$6,250,000. The Opera House was opened on October 15, 1932 and the Veterans' Building, housing the various veterans, was opened on February 1, 1933. The Art Museum on the fourth floor of the Veterans' Building was opened on January 18, 1935. This structure has housed and encouraged the continued existence of the San Francisco Opera Association. It is difficult to measure the publicity San Francisco has received by reason of the world-wide circulation of the Opera Association's announcements of attractions.

### Department of Public Works

When the new Charter took effect, January 8, 1932, the Municipal Railway, the Hetch-Hetchy project, the Water Department, Lighting of Public Buildings and Streets, and Municipal Airport, were transferred from the Board of Public Works and placed under the Public Utilities Commission which was created under the new Charter. The stores, yards and repair shops were removed from the Board of Works and placed under the supervision of the Purchaser of Supplies. The Bureau of Accounting, formerly under the supervision of the Superintendent of Accounts, was abolished and the duties performed by this Bureau were transferred to the Purchaser of Supplies and to the Controller.

The telephone exchange, formerly under the Board of Supervisors, was transferred to the Board of Public Works. Since the adoption of the New Charter, additional responsibilities have devolved upon the Department of Public Works in the administration of the gas tax funds from the State. San Francisco has received approximately \$4,138,000 from gas tax funds for the construction and maintenance of State highways within the county. Out of these moneys, the following major jobs have been completed:

Nineteenth Ave.—Sloat Blvd. to Lincoln Way  
 Richardson Ave.  
 Sloat Blvd.—39th to 44th Ave. and Skyline connection  
 Presidio Parkway  
 Fell and Polk Streets  
 Alemany Blvd.—Bayshore to Mission  
 Funston Avenue Approach

In addition to these completed jobs, the following major projects are now under way:

Nineteenth Ave.—Sloat Blvd. to Junipero Serra Blvd.—signals and channelization

Lombard St.—Van Ness Ave. to Richardson

19th Ave. and Park-Presidio Blvd.—Lighting and traffic signals

Out of the second quarter cent gas tax, San Francisco has received a total of \$3,832,553 for the reconstruction and maintenance of major streets within each county. Out of these funds the following major jobs have been completed:

Army—Harrison to Potrero Avenue

Folsom—Embarcadero to Tenth Street

Franklin—Market to Bay—Relieving traffic on Van Ness Ave.

Golden Gate Avenue—Market to Masonic Avenue

Eighth Street—Market to Townsend

California—Fillmore to Arguello

Ocean Avenue—Nineteenth Ave. to Alemany

Seventh Ave.—Laguna Honda from Lincoln to Plaza

Geneva Ave.—Mission to Bayshore Blvd.

Third Street—Mission to Channel

Third Street—Mariposa to Twenty-third Street.

Third Street—Custer to Bayshore Blvd.

Market Street—Valencia to Tenth Street

Polk Street—Market to Post

Ninth Street—Market to Division

Post Street—Market to Presidio Avenue

Columbus Avenue—Montgomery to Bay Street

Fulton Street—Franklin to Masonic Avenue

Fell Street—Market to Stanyan Street

Divisadero Street—Waller to Clay Street

Eleventh Street—Market to Division

Great Highway—Lincoln to Sloat

Howard Street—Embarcadero to Army Street (under way)

Sixth Street—Market to Townsend

Fifth Street—Mission to Townsend

Moneys are available now for the following street work, some of which is under way:

Visitacion Ave. through McLaren Park—Surfacing

Visitacion Ave.—Hahn to Schwerin—Paving

Sunnydale Ave.—Hahn to Schwerin

Oakdale Ave.—Bayshore to Selby—Widening

Howard St. and Van Ness Ave. South—Track removal

Monterey Blvd.—Plymouth—St. Elmo—Widening

Market Street, Castro to Noe and Church to Duboce—Resurfacing

36th and 37th Avenues at Sunset Blvd.—Paving

Montara Street, 24th to 26th Avenues—Paving

24th Avenue, Ortega to Quintara—Paving

Market Street, 2nd to 10th Streets—Concrete gutters

During the ten years under review 8.6 miles of reinforced concrete sewers have been constructed. The Richmond-Sunset Sewage Disposal Plant in Golden Gate Park, complete with connecting sewer tunnel, has been constructed. Two sewage pumping stations, one in the Marina District and one in the Sea Cliff District have been constructed.

The 1941-42 budget funds for the following sewer reconstruction program:

Portion of Great Highway System

Portion of Church and Market Street System

Portion of Ingleside District System

Portion of Church and 27th Streets System

It is evident to all that a city-wide sewer reconstruction program from a single allocation would not be feasible. The people of our city, because of district prejudices, have voted down bond issues for

this purpose. Therefore, the city government has adopted the policy of appropriating a substantial sum of money in each budget to provide as much sewer reconstruction as is financially possible.

### Department of Public Health

In the Department of Public Health new facilities provided since 1931-32 include the Health Center Building at 101 Grove Street.

At the Laguna Honda Home, a complete hospital unit of 900 beds, with all accessories including extensive X-ray equipment, has been provided.

At Hassler Health Home, new buildings and hospital wards increasing the bed capacity from 100 to 300 for adults and the addition of a new 50 bed capacity ward for children have been established. Modernization of the entire Hassler plant, including installation of a new X-ray laboratory and new dining rooms, has been accomplished. Land for this institution was purchased in 1924—30.6 acres at a cost of \$27,250.

At San Francisco Hospital, a new Maternity Building of 230 bed capacity has been constructed and there have been completed a new building for psychopathic patients, modernization of the hospital, a new laundry addition, a new diet laboratory, dining rooms for the staff enlarged and remodeled, a new record room, new pharmacy, new garage building, and much-needed replacements in the old tuberculosis wing. Land for expansion of the San Francisco Hospital was obtained in 1931 by purchase of the St. Catherine's Home property, Potrero Avenue and 22nd Street, at a cost of \$325,000.

Emergency hospitals have been modernized and have been equipped with shock-bed warmers and resuscitators, and radios have been installed in each hospital and ambulance.

The Alemany Emergency Hospital has been completed and opened.

A Blood Bank has been established at San Francisco Hospital, increasing the number of blood transfusions from 40 to 170 per month.

Three generalized Health Center districts have been established.

A control system of frequent and regular laboratory analyses of drinking water, swimming pools and water on beaches has been inaugurated.

The tuberculosis control program has been greatly enlarged, including additional hospital beds, a chest clinic, and a case-finding service.

A program for the prevention of venereal diseases was enlarged and extended with the establishment of new diagnostic and treatment centers.

The expanding services of the Health Department has carried with it an increase in the cost of running all institutions. The number of employes in the Department of Public Health increased from 1,200 in 1931-32 to 1,650 in 1941-42, or an increase of 450.

A more accurate bookkeeping system has been installed in the department, with the result that the State subsidy for tuberculosis patients has increased from \$48,000 in 1931-32 to \$91,000 for 1941-42. Income to the department from inspectional services, permits, etc. increased from about \$140,000 in 1931-32 to over \$280,000 for the present fiscal year or more than 100%.

### Board of Education

The 1941-42 budget of the School Department is \$12,399,000 as compared with the 1931-32 budget of \$9,876,255 or an increase of \$2,522,800.

Approximately \$14,000,000 have been expended during the past ten years by the School Department for 22 new schools or additions and for the construction of several units of the new Junior College. The new buildings and their locations are as follows:

S. F. Junior College at Balboa Park.....	\$1,477,311
Samuel Gompers Trade School, 22nd and Bartlett Sts.....	455,907
Sunshine School for Crippled Children was combined with the Yerba Buena Health School in one building at 25th and Florida Streets.....	301,409
Abraham Lincoln High School, Parkside District.....	578,319
George Washington High School, Park-Presidio area.....	2,159,318
Lowell High School, Boys' Gymnasium, Hayes Street and Masonic Avenue .....	125,713
Aptos Jr. High School, Aptos Ave. and Upland Drive.....	856,519
James Denman Jr. High School, in the outer Mission District, Otsego and Delano Avenues.....	850,176
James Lick Jr. High School, Noe and 25th Streets.....	633,288
Horace Mann Jr. High School, Cafeteria and Gymnasium, 23rd and Bartlett Streets.....	139,260
Portola Jr. High School Auditorium addition.....	73,753
Marina Jr. High School, Fillmore and Bay Streets.....	870,590
Glen Park Elementary School.....	323,075
Francis Scott Key Elementary School, 43rd Ave. and Kirkham Street .....	339,057
Lawton Elementary School, 31st Ave. nr. Lawton St.....	306,342
Patrick Henry Elementary School Addition, 18th and Vermont .....	105,485
Visitation Valley Elementary School, Visitation Ave. and Schwerin Street .....	279,798
Girls' High School Gymnasium, Scott and Geary Sts.....	275,100

Polytechnic High School, Girls' Gymnasium.....	129,077
Daniel Webster School Auditorium, Missouri & Texas Sts.	46,197
West Portal Elementary School Auditorium Addition, Taraval between Claremont Blvd. and Lenox Way.....	137,477
Total Cost.....	\$10,781,836

Equipment for these buildings cost \$2,056,212 and in addition, \$1,000,000 has been spent in earthquake proofing of existing buildings. The annual cost of operating the new schools which were non-existent ten years ago is stated by the school department at \$1,394,594. State subventions to the San Francisco School District are estimated at \$4,635,325 for the fiscal year 1941-42 as compared with approximately \$2,000,000 for 1931-32. This increase resulted from the Stewart-Riley legislation in 1933 and 1935 which transferred some of the school costs, previously borne by the counties, to the State.

The depression years also brought relief problems to the schools. In order to safeguard the nutrition of children from low-income families and thereby prevent the development of deficiency diseases, free milk is given such children at the schools. During the 1940-41 school year, 636,734 free service of milk was given. In addition, 735,508 servings were given at city cost. The annual cost of providing this free milk is about \$30,000.

During 1940-41 the schools served 283,480 free lunches.

### Juvenile Court

During the past ten years additional services have been added to the program of the Juvenile Court. In 1933 the Juvenile Court assumed the obligation of investigating applications for the adoption of a child by a step-parent, reporting to the Superior Court and recommending for or against such adoption. About 1935 the Juvenile Court offered its services to the Superior Court judges in investigating any case where a divorce was pending in order to give the judge the benefit of an impartial report and recommendation as to the custody of the children. This work is now required by law under the Court of Conciliation Act. At the last regular session of the State Legislature, a State law was passed requiring the probation officers to make an

investigation of all applications for guardianship. In order to properly house these expanding services there was adopted in the 1941-42 budget a sum of \$67,500 for the purpose of building the court room annex, making alterations to the present Detention Home building and establishing living quarters for the boys and the staff at the Log Cabin Ranch and School in San Mateo County. This latter activity—the Boys' Ranch School—is an outgrowth of an experiment first conducted with funds furnished by the Rosenberg Foundation, enabling the Juvenile Court to embark upon a program of rehabilitation of boys assigned to Court care. Under this program the boys are sent to the Ranch School and are trained in farming and other pursuits, allowing them the benefits of fresh air, regular hours, and creative work. The original experiment conducted at Gualala in Mendocino County was so successful that upon the exhaustion of the Rosenberg Foundation funds, the City and County of San Francisco took over the operating cost of this venture and transferred the school from Mendocino County to a more readily accessible spot at La Honda in San Mateo County.

### Juvenile Delinquency

On February 3, 1941 the arrest of a group of youthful offenders served to focus sharply the attention of the community on the ever present problem of juvenile delinquency. Recognizing the public interest which then existed, and conscious of the favorable opportunity thus presented to secure helpful action, I recommended to the Board of Supervisors the retention of the National Probation Association to survey the Juvenile Court. I also called a meeting of leaders in the field of child welfare, asked the Coordinating Council of the City and County to advise with me, and requested the Community Chest of San Francisco to make a community survey of the juvenile delinquency situation and make recommendations for future action.

A report of a survey of the Juvenile Court by Mr. Francis H. Hiller, Field Expert of the National Probation Association, was submitted in August, 1941. This report contained twenty-two principal recommendations, each one of which has either been put into full force and effect or is now in the process of accomplishment. Some of those in effect are:

1. The Juvenile Court has been re-organized and is now the Children's Court, assuming the responsibility of any legal problem pertaining to children.
2. With the appointment of the Honorable Thomas M. Foley, a full-time Judge presides over the work of the Children's Court.
3. I approved an appropriation of \$67,000.00 for the purpose of erecting a suitable courtroom to house the expanded program, and this courtroom is now being built, also the remodeling of the present building, allowing for additional and more adequate office space (this work is also under construction), also the moving from Gualala to La Honda of the Log Cabin Ranch School for delinquent boys, and the construction of needed buildings to house and expand the program. Plans for construction are now being developed by the Board of Public Works.

In addition, in cooperation with the Municipal Conference Committee, I recommended an appropriation of \$9,855.00 out of the Emergency Reserve Fund to provide four additional Probation Officers, two General Clerk-Stenographers, and one Janitor, together with necessary equipment. Three of these Probation Officers have been added to the Boy Division and one to work with neglected children. The additional stenographers and janitor are also now employed.

When the Community Chest's report was submitted, I immediately forwarded copies thereof to all the agencies of the City Government which would be concerned with putting into effect the twelve recommendations submitted, and asked each department to give me an estimate of the annual cost of putting these recommendations fully into effect. As an immediate result of the work of this Committee, there has been a strong revival of interest in juvenile delinquency problems

in both the public and private agencies working in the children's field. Several recommendations made by the Committee are now in effect, others are being energetically pursued. Outstanding has been the setting up of the School Counseling Program, including two child welfare clinics with social, psychological and psychiatric services.

I do not intend to fall into the common error of subordinating every consideration to war activities because I know that anyone inclined toward criminal activities has those inclinations heightened in war periods. The potential juvenile delinquent of today will be either the criminal or good citizen of tomorrow, depending upon whether proper influences are exerted upon him during the formative years.

### Public Utilities Commission

The Public Utilities Commission was created by the new Charter to administer the publicly owned utilities in San Francisco. These are: Municipal Airport, Municipal Railway, Water Department, and Hetch Hetchy Water Supply and Power Project. The Lighting of Public Streets and Buildings also is under the Public Utilities Commission. The Manager of Utilities, under the direction of the Public Utilities Commission, has performed his work ably and well over the past ten years, as evidenced by the record of the various utilities discussed below.

### Municipal Airport

During the past ten years there have been two bond issues approved by the people to finance extensions and improvements of the Airport. One bond issue was approved in 1933 for \$260,000. The other was approved in 1937 for \$2,850,000. In addition, land has been purchased for the Airport through the medium of taxes totalling \$993,000; this sum and the amounts spent through Bond Funds were supplemented from time to time by Federal contributions under P.W.A. and W.P.A. projects.

In 1931-32, Airport property amounted to 220 acres, which has been increased to 2,245 acres as of the present date. Since 1931-32 a 555 acre tract of land adjoining the Airport on the west has been acquired and is available as a site for aircraft industries. In 1931-32 the landing area of the Airport was 160 acres, which has been increased through reclamation projects to 329 acres at present; in addition, 232 acres more are being made ready for use which will bring the total landing area to 561 acres or three and one-half times the figure of a decade ago.

In 1931-32 the prevailing wind runway was only 1,900 feet long. This has been increased to 6,000 feet today. There have been added, since 1931-32, two additional runways, 4,500 feet and 5,500 feet in length. A practice landing strip 3,000 feet in length has been added, and all runways have been paved. The width of all runways has been increased from 150 feet to 200 feet and there have been added shoulders of 75 foot width on each side of the runway. In the past ten years the entire apron area comprising 339,000 square feet has been paved. The parking area comprising 184,000 square feet also has been paved. Drainage facilities have been improved. A channel, 1,000 feet wide and 10 feet deep, has been dredged out to deep water, which has provided a combined land and sea-plane terminal—one of the world's finest sea-plane harbors.

Under the supervision of the Civil Aeronautics Administration, a radio range station has recently been installed at the airport and has been in operation since September. This newly-perfected "blind landing beam" will permit landings and take-offs under conditions of low ceilings and poor visibility that in former years would have forced aircraft to land elsewhere. San Francisco Airport is being used a great deal more because of this device.

Referring back to the 555 acres held for future aircraft industry expansion, it should be noted that the State Highway Commission proposes to widen the Bayshore Highway intersecting this property and

the San Francisco Airport proper. This would permanently freeze development of passenger station facilities and all incidental structures within its present limits. This City has proposed that the highway fronting on the airport be re-routed a short distance to the West so that ready access might be had to the airport from the industrial area and at the same time make provision for the vast expansion of terminal facilities an airport of this class will have to provide for post-war aviation activities. Negotiations looking to this end are now under way. In view of the military importance of the airport, it is hoped that Federal Highway funds may be obtained to finance the extra cost of the proposed re-routing.

### Municipal Railway

During the ten years from 1931-32 to date, the Municipal Railway has instituted one new trolley bus line, a round trip distance of seven miles. It has put in nine motor bus lines totaling 41.47 miles round trip. It has purchased 22 motor coaches at a cost of \$200,000 and has purchased nine trolley coaches at a cost of \$116,000.

Five modern streamlined cars have been purchased at a cost of \$111,000.

Construction projects include terminal facilities and electric wiring for the Howard Street trolley bus line, the Bay Bridge Terminal, and a storage yard.

In addition, funds have been provided for a modern motor bus garage. The Municipal Railway has replaced 8.17 single track miles of track, including reconstruction of the B line from Sutter and Market Streets to Tenth Avenue and Geary Boulevard, reconstruction of Union Street between Franklin and Steiner Streets, and replacement of approximately two miles of single track in the Twin Peaks Tunnel.

Funds have been provided for eliminating two tracks on Market Street between Valencia and Castro Streets, and the replacement of the inner tracks. Funds for extensions and improvements are limited to profits earned by the railway.

Passengers carried on the Municipal Railway System increased from 80,123,238 in 1931-32 to 108,822,011 in 1941, an increase of 28,698,773 or 35.81%.

The Municipal Railway has been self-sustaining from a five cent fare throughout all the ten years with the exception of the first year, 1931-32. It is estimated that the retention of the five cent fare by the Municipal Railway in comparison with the average of 8½c fare throughout the country has saved the patrons of the Municipal Railway approximately \$50,000,000 during the period of city operation.

While on the subject of the Municipal Railway, I must repeat my belief in the necessity for a unified streetcar system with universal transfer privileges and the same rate of fare to all streetcar patrons. Although past efforts toward unification of the two streetcar systems have failed, I still have hopes that before too long this will be accomplished. Once accomplished, it is my belief that the reaction of the public will be amazement that they had not earlier seen the wisdom of such a move.

### Water Department

During the ten year period prior to June 30, 1941, the Water Department made available the sum of \$29,000,000. From this amount \$12,531,594 of Water Department Bonds have been redeemed; \$10,103,291 has been used to pay interest and redemption on Hetch Hetchy bonds; \$3,110,605 has been paid to the Hetch Hetchy system for water furnished; and \$3,511,833 was used for additions and betterments.

In addition, \$12,095,000 of 1933 Water Distribution Bonds and \$2,350,000 in Federal P.W.A. grants have been spent for transmission and distribution facilities to meet the expanding needs of all sections of the City. These monies provided 273 miles of new mains and 23,491 new service connections. Eight valves were installed throughout the

system, localizing the shut-down area resulting from damage to the mains.

Three new reservoirs have been constructed with an aggregate capacity of 185,000,000 gallons. This more than doubled the water storage capacity within the city limits. We now have an average of five days' water supply in the city reservoirs alone, with a system supply of water sufficient for two years, even without further replenishment.

A total of 55 miles of 36 inch to 60 inch pipe lines were laid to transport water to the Peninsula reservoirs and from there into the city.

A second Bay crossing pipe line and a pipe line connecting the Calaveras Reservoir with the Hetch Hetchy aqueduct have been installed. This more than doubled the water supply to Peninsula reservoirs. These pipe lines provide a gravity flow into Crystal Springs reservoir which has eliminated about \$150,000 per year pumping costs at Ravenswood and Belmont.

A new 60 inch pipe line was installed from Crystal Springs reservoir to the University Mound distribution reservoir.

A 36 inch diameter pipe line, approximately  $5\frac{1}{3}$  miles in length, was installed to supply the city of Palo Alto and other communities south of Redwood City.

The Water Purification Division has been expanded to where it can maintain adequate field and laboratory control over the sanitary and potable qualities of the water supply. A laboratory has been equipped and staffed, which has maintained a rigid control over the sanitary qualities of the water. All plants at which the department's mains are cross-connected to any other source of water supply are thoroughly safeguarded. This constant vigilance over the purity of our public water supply has been rewarded by not having been responsible for a single case of water-borne disease.

In 1931 there were 107,000 consumers as compared with 124,000 in 1941.

Water consumption is now at an average rate of nearly 70,000,000 gallons per day as compared with an average of less than 53,000,000 gallons per day in 1931. The completion of the Hetch Hetchy aqueduct reduced the operating expenses of the Water Department by \$487,000 each year by eliminating the necessity for purchasing water from the East Bay Municipal Utility District.

A series of rate reductions made between 1932 and 1938 have affected reductions equivalent to:

- 75% from fire sprinkler services
- 10% on all other service charges (general reduction)
- 10% on usage of the first 33,300 cu. ft. per month
- 17% on usage on the next 300,000 cu. ft. per month
- 54% on usage of all over 333,300 cu. ft. per month

These rate reductions are now saving water consumers in excess of \$1,100,000 per year and a total of approximately \$7,000,000 for the past nine years.

I have gone on record as advocating another reduction in water rates. Reduction in bonded indebtedness and a succession of economies in operation of the San Francisco Water Department, together with increased revenues, have resulted in a \$390,000 profit over and above budget estimates for the first six months of this fiscal year.

The Public Utilities Commission, in consultation with me, just before the outbreak of hostilities, took cognizance of this trend toward increased revenue and reached an understanding that any surplus over budget expectations would be used to reduce the cost of water to consumers.

What the next six months will bring forth in the way of new risks and new operating and defense costs because of war conditions is

unpredictable, but it is obvious that a continuation of the present trend, except as affected by war contingencies, would make water available to consumers at reduced rates.

### Hetch Hetchy Water and Power Project

On October 28, 1934 a dream of years was realized for San Francisco. For the first time water from the Hetch Hetchy reservoir in Yosemite National Park flowed into the Crystal Springs Lake of the San Francisco Water Department. Back of this brief statement were years of unremitting efforts and of brilliant engineering feats.

Begun in 1915, construction costs up to June 30, 1931 totaled \$78,914,045. Construction during the ten year period to June 30, 1941, less retirements, amounted to \$26,721,225, making a total investment in the project, as of June 30, 1941, of \$105,635,270.

Ten years ago, nearly eighty miles of aqueduct remained to be completed to bring Tuolumne River water to San Francisco. To complete this job required the building of the San Joaquin Valley pipe line, 47½ miles long, averaging five feet in diameter and designed for a flow capacity of 60,000,000 gallons daily; and the building of three short pipe lines of 2½ miles total length, with diameters from 5 to 9½ feet; and the completion of the Coast Range tunnels.

I cannot let the opportunity pass to pay tribute to the city engineers and the workers who performed the difficult task of driving the Coast Range tunnels. It is well known that the Coast Range country is difficult for underground work because of its geology. Some investigators had declared the tunnel project practically impossible. But the city engineers and workers did it, despite the difficulties of swelling ground, underground water under high pressure, inflammable gas, occasional poisonous gas, and a variation in substance penetrated from hard granite and hard sandstone through all stages to quicksand. Heavy timbering was the rule and sometimes this was crushed and had to be replaced before the ground was brought under control. In a great deal of the work it was necessary to construct the concrete lining immediately behind the miners driving the bore ahead. The result, however, justifies all the effort that went into the work. We now have 28.7 miles of tunnel, 10½ feet in diameter, capable of carrying enough water for 2,500,000 people.

The fact that the Coast Range Tunnel work was done by the City's own construction force saved the city \$1,696,523, the difference between the actual cost of \$5,319,606 and the lowest private bid of \$7,016,129.

In 1933 O'Shaughnessy Dam was increased in height 85.5 feet above the original height of 226.5 feet above the stream bed. The construction cost was financed by a bond issue of \$3,500,000 authorized in 1933 and a Federal W.P.A. grant of \$1,058,000. This increase in height naturally increased the reservoir's storage and increased the revenue to the City from the power generated at Moccasin Creek Power Plant.

Prior to the increase in the height of O'Shaughnessy Dam, the highest annual revenue from Hetch Hetchy Power was \$2,290,000. This revenue is now over \$2,400,000 per year. Contributing to this increase was another change that augmented prior production—an arrangement at Early Intake Power House which made possible re-use of the water at Moccasin Power House after discharge from the former plant.

Compliance with the power disposal provisions of the Raker Act has been the subject of continuous controversy. Lacking a distribution outlet, the city in 1925 entered into an agreement with the Pacific Gas and Electric Company to distribute Hetch Hetchy Power in San Francisco. In 1937 the Federal Government went to court to enjoin the delivery of Hetch Hetchy Power to the company under the 1925 agreement. This injunction was granted by the District Court, later reversed by the Circuit Court, but upon appeal to the United States Supreme Court was confirmed in a decision rendered in April 22, 1940 affirming the injunction of the District Court. The city administration has made every effort to avoid loss of the power revenue and was

successful in obtaining extensions of time and staying the injunction until the final date of July 1, 1942. An attempt to lease the San Francisco distribution system failed to gain Federal approval, and in November of 1941 the voters rejected a proposal to issue \$66,500,000 of revenue bonds for the purchase of Pacific Gas and Electric Company's distribution system in San Francisco. Amendment of the Raker Act was submitted to both Houses of Congress in June, 1939, but has not been acted upon. As these lines are written, San Francisco representatives—including two members of the Board of Supervisors—are in Washington, D. C. attempting to have the Raker Act amended.

### Other Departments

As stated in the beginning of this message, there is not time to devote attention to each City Department. A good job has been done by all of them and this is just as worthy a commendation as those departments to whom space has been given in the foregoing. Those departments not specifically mentioned are as follows:

- City Attorney
- District Attorney
- Sheriff
- Public Defender
- Board of Permit Appeals
- Art Museum
- Art Commission
- Aquarium
- Municipal Court
- Superior Court
- Law Library
- Adult Probation Department
- Chief Administrative Officer
- Director of Finance and Records
- Tax Collector
- Registrar
- Recorder
- County Clerk
- Public Administrator
- Purchaser
- Real Estate Department
- Auditorium
- Department of Electricity
- Coroner
- Horticultural Inspector
- Weights and Measures
- Controller
- City Planning
- Civil Service
- Retirement System
- Coordinating Council

### General Statistics

When I made known to the Controller, earlier in this year, my desire to submit a ten-year review to the people of San Francisco, he immediately set his accounting staff to the task of preparing a statistical review for the past ten years. All of this material is valuable and interesting, but only the most important parts can be touched upon now. All this material is contained in the annual report of the Controller for the fiscal year ended June 30, 1941, which report is available to interested people.

During the ten years, land, buildings, structures, and equipment therefor, to a total value of \$53,200,000 have been added to the physical properties of the City and County.

Of this amount, \$33,995,000 came from bonds, including the P.W.A. grants; \$3,163,000 came from bequests and trust funds; and \$16,042,000 came from the current funds of the city, including the cost to the

city and county of W.P.A. projects but excluding Federal expenditures on W.P.A. projects.

The tax rate of 1931-32 was \$4.04 per \$100 of assessed valuation, which increased to \$4.396 for the current year, 1941-42. This increase is due primarily to the tremendous increase in costs to the city and county for charities, hospitals and correction. Ten cents of this increase is due entirely to the failure of the State Legislature at the last regular session to appropriate any funds for the State Relief Administration, thus forcing the City and County of San Francisco to take over the burden of relief for the employable unemployed. But even with this increase, San Francisco still has the lowest tax rate and the lowest tax delinquency rate of any large city in the United States. Tax delinquency in San Francisco, even at the depth of the depression, exceeded 5% of the levy only once—for the fiscal year 1932-33. Each year since that time, without fail, there has been a reduction in the amount of tax delinquency at the end of each fiscal year until at the end of the fiscal year 1940-41 the amount of tax delinquency was only 1.04% of the levy, a record which is the envy of all cities in the United States. I like to think that this remarkable record indicates not only the willingness and ability of San Francisco taxpayers to pay their tax bills promptly each year, but it also reflects, to some extent, at least, the soundness of my administration.

I wish to touch briefly here upon what I consider an injustice to the taxpayers of San Francisco. I refer to the taxes collected in San Francisco by the State, as compared with the amounts returned by the State to San Francisco in the form of subventions and shared taxes. Using the latest figures available, the State collects about \$33,000,000 per year from the citizens of San Francisco through the sales, gasoline, liquor, income, and other taxes, and from motor vehicle license taxes and registration fees. In comparison, San Francisco expects to receive only about \$12,000,000 during 1941-42 from the State in the form of various subventions and shared taxes. This includes State Aid for schools, pensions, County Road Fund, tubercular patients and fire boats, and a share of liquor licenses. The present method of allocation of State funds to counties throughout the State results in discrimination against a few counties, which includes San Francisco. There should be a more equitable apportionment of these funds, which would relieve the real property taxpayers of San Francisco, who now carry an unequal share of the costs of governmental activities.

What the next few years hold for San Francisco nobody can tell. I hope and pray that none of the provisions which we have made for Civilian Defense ever will be required to be tested, as a result of enemy attack. However, I am confident that if such attacks should come, San Francisco will show again the spirit which enabled the city to rise Phoenix-like from the ashes of the 1906 fire.

That the need for Civilian Defense will mean continuing additional expense to the city so long as the war lasts, no one can deny. In the interest of strictest economy I have informed all departments under my jurisdiction, and the Chief Administrative Officer has informed all departments under his jurisdiction, that no new positions, new services, or extension of services or equipment will be allowed in the 1942-43 budget unless it can be shown clearly that such extensions or additions are absolutely necessary for the proper functioning of municipal government.

Although considerable sums have already been spent to purchase the necessary equipment for adequate civil defense for the population of San Francisco, all efforts have been extended to purchase the type and kind of equipment which not only will be adequate in case of attack, but which also eventually will become useful to the city in the normal course of operation. And while some expenditures of necessity are of a type that will have no use in peace time, such as the air raid sirens, I think no one will begrudge the money expended for these items.

I wish to assure everyone that I will do all in my power to keep

these extraordinary expenditures to the lowest possible figure during the period of the emergency.

Finally, gentlemen, the future of our nation is at stake. We must make every sacrifice to win the war.

To do this, complete cooperation among all public officials is absolutely essential. This cooperation I ask and as Mayor this cooperation I demand. Partisan politics, petty political differences, individual aspirations—all these must be cast aside in the interest of the security of our country.

If we fail to do this, we will be derelict in our duties. If we fail to do this, we will be unworthy of being public officials.

Gentlemen, the people of San Francisco expect and are entitled to this from us.

Gentlemen, the people of San Francisco have always arisen to every occasion.

Gentlemen, will we, public officials, be found wanting in this instance?

Sincerely yours,

ANGELO J. ROSSI,

Mayor.

### MAYOR'S ANNUAL MESSAGE

January 26, 1942.

The Honorable  
The Board of Supervisors  
City and County of San Francisco  
San Francisco.

Gentlemen:

I am sending to your Honorable Board a statement of the affairs of the City and County of San Francisco, as provided in Section 25 of the Charter.

Sincerely,

ANGELO J. ROSSI,

Mayor.

#### Controller

The report of Controller Harold J. Boyd for the fiscal year ended June 3, 1941, found the City and County of San Francisco in splendid condition, financially, to meet war emergency demands.

Operations continued on a strictly cash basis. Revenues exceeding expenses raised the current surplus. Bonded indebtedness was reduced and tax delinquency receded to 1.04%.

An emergency reserve of \$281,700 on June 30, last, is shown by the report. In addition, there was \$3,257,592 in the cash reserve fund which can be used, if necessary, to meet war emergency needs. The cash reserve fund was set up under the city and county's charter to equalize accrued and cash positions between semi-annual tax collections. Funded debt also could be increased \$77,482,400 without exceeding charter limits.

General city and county revenues amounted to \$52,707,382 for the last fiscal year, and expenses, including general bond redemptions, were \$52,134,695, leaving \$572,686 to be added to current surplus. This increased the current surplus account to \$6,432,464 on last June 30, against \$5,859,778 a year earlier. The largest single rise in expenses was shown for charities, hospitals and corrections, which includes aid to the needy blind and aged. Total for this group of expenditures was \$12,805,412, against \$11,643,004. This increase was partly offset by increased subventions and state and federal grants in aid.

Taxes levied for the fiscal year totaled \$35,162,785, of which all except \$367,339 was collected before the end of the fiscal year. This resulted

in a tax delinquency figure of only 1.04%, against 1.19% in the 1940 fiscal year and 1.32% in the 1939 period. Tax delinquency figures have been declining steadily since 1933 and have been under 2% each year since 1936. The fiscal provisions of the Charter are a safeguard against fiscal disorder. The reports of the certified public accountants indicate clearly that the Controller of the City and County of San Francisco is enforcing the Charter mandates with respect to the fiscal affairs of the City and County.

### Coordinating Council

For its third year as a municipal agency, the Coordinating Council reports widespread interest in the welfare of our children, brought about the occurrence of a few serious cases of juvenile delinquency. Agencies and departments have reexamined their programs and policies and realize even more strongly that cooperation is essential in the field of child welfare.

During this year searching studies have been made of the whole community program, beginning with the Community Chest Special Study Committee on Juvenile Delinquency. The Council concurred heartily with the recommendations made by this special Committee and volunteered to supervise the work suggested under Recommendations XI, "Coordination for Continuing Service," as it is really an extension of our program in setting up working relationships between agencies and departments and bringing up for correction, gaps in the structure.

A great deal has been done in cooperation with the new counseling and guidance program, including meetings at all district councils with the counselors, to give them an opportunity to meet the workers from departments and agencies on whom they may call for assistance in child guidance. The Council has also sponsored meetings of agency directors and the School Department to work out a plan for referral of cases from the counselors to others in the community, as well as giving them an opportunity for consultation service on problem cases. It is recognized the counselors can do a good job only if they have the hearty cooperation of everyone in the community and the Council has made all its resources available to this end.

Consultation service has been extended to neighboring communities interested in setting up coordinating councils and it will be interesting to watch developments in Burlingame, Walnut Creek, Yuba, San Diego, and Sutter, to see how the Council experiment in working together solidifies and builds up community services.

One outgrowth of the keen interest in the work of the San Francisco Council has been the publication of various material, including one prepared on the Social Organizations in Chinatown, which are little understood and play a vital part in the life of the community. Another was the listing of all community facilities including parks, playgrounds, schools, libraries, social agencies, churches, civic organizations, etc., by council districts so our members would be familiar with their resources and able to utilize them fully. This has been distributed widely in the city to the social agencies, as well as to the school counselors. Because of the long summer vacation this year, special leaflets and pamphlets were distributed to the children telling them about the interesting things they could do in the city during the summer.

The Council has cooperated actively in a neighborhood experiment designed to weld the people living in the district into a cooperative group, ascertaining their own needs and working together to meet them. As a result of this interest, evening meetings and activities are being held in the schools, club activities for adolescents have been instituted, weekly dances are held, and a leadership training course is planned.

The establishment of a day camp for the children of our city con-

tinues to be a Council project, which the demonstration this summer by the Recreation Department at Glen Park proves to be a much-needed, valuable adjunct to our child welfare program.

A great deal of work was done educating the community to the dangers in proposed state legislation governing activities of minors in street trades, and the measures were defeated.

The Secretary served on the Tenant Selection Advisory Committee of the Housing Authority, on the Boards of Directors of the Motion Picture Research Council, Goodwill Industries, Hill Haven, and the Children's Agency, and on various Community Chest Councils, as well as on the Chest Budget Study Committee for Child Welfare Agencies.

It is essential in the midst of our vital defense efforts that we do not lose sight of one of our most important duties—care, training, and protection of our children, particularly as we have just set up this year new counseling and court services which should be given full opportunity to prove their value. Coordinating Council members met many times. They know their problems and responsibilities, and will continue working together for the youth of San Francisco.

### Golden Gate Bridge

From the date of its opening, May 27, 1937, until December 1, 1941, vehicles passing over the Bridge numbered 19,476,349; passengers, in buses 7,983,675; pedestrians, 496,269.

The average daily number of vehicles over this period was 11,750 and the average daily revenue \$5,636.97. Total revenue during the entire period, \$9,343,283. Commute tickets issued, 3,230,372. The average toll per vehicle, amounted to \$0.472.

The fiscal year 1940-41, terminating June 30th, last, witnessed 4,764,758 vehicles crossing the Bridge, producing operating revenue of \$2,282,213.58.

### Defense Preparations

The Bridge District has cooperated fully with State and Federal authorities in preparations for defense. A total of \$67,500 of United States Savings Bonds (being the maximum amount available to a purchaser in one calendar year) was purchased in 1941, and a like amount will be purchased in January, 1942. Funds for the purchase of these bonds were taken from the Reserve Interest Fund. Other funds of the District cannot legally be invested. Steps to remove the legal obstruction by legislative act have been considered.

Over the past two and one-half years numerous steps have been taken to safeguard the Bridge and its approaches from damage by sabotage or other enemy action. Army, Navy and Coast Guard officers have cooperated by suggesting, at District invitation, points at which improved protection can be provided.

The California State Guard very promptly posted guards at the Bridge following commencement of Japanese hostilities. Everything possible has been done to safeguard this important crossing, and from various remarks made by military authorities, the Bridge is invulnerable to attack as long as air supremacy in this locality is retained.

It should be realized that a bomb falling on the deck of the Bridge could, at most, stop traffic for only a few hours, and could not in any way affect the strength of the structure. Also, it should be realized that a simultaneous direct hit by four torpedoes on the fender around the San Francisco pier of the Bridge would scarcely do more than dislodge the barnacles. (The concrete pier and fender, at the base, is as large as a football field—150' x 300'.) Under such circumstances, too much concern need not be felt over the ability of American armed forces to protect the Bridge against disabling damage.

### Highways and Approaches

During November 1941 the State Highway Department completed

the construction of the elevated roadway through San Rafael, thus eliminating a very serious traffic bottleneck. There was also completed during 1941 the four-lane northerly and southerly approaches to Petaluma. These improvements will greatly facilitate the flow of summer-time traffic between San Francisco and the Russian River and other Redwood Empire vacation resorts. The flow of vital military traffic will likewise be expedited.

Further improvements are needed to eliminate two-lane highways between Ignacio and Santa Rosa and beyond, and to improve highways easterly to connect with the American Canyon Road to Sacramento and valley points.

Every possible effort was made during the year to promote the construction of an approach road through the town of Sausalito which would provide a low-level lateral between Waldo Point and the Bridge. The District expended approximately \$400,000 on that part of this route extending one and a half miles from the Bridge to the city limits of Sausalito. There is a four-lane highway from Waldo Point to the northerly limits of Sausalito. But the narrow, crooked streets within the town prevent the use of the route by trucks and buses to avoid the two miles of six per cent grade on the Waldo (main) approach. At the end of the fiscal year, efforts were being directed towards obtaining the allocation to this project of Federal funds being appropriated for defense roads. This route is a vital link in highways connecting numerous Army, Air Force and Navy posts in the Bay area, and a large volume of strictly military traffic would be using it at present if it were completed.

Progress on the project of obtaining and clearing the right-of-way for the widening of Lombard Street in San Francisco has been made by the City and County of San Francisco, although actual work on the roadway had not commenced at the end of the year. In the meantime, rather serious traffic congestion has developed on Bay Street, east of Van Ness Avenue. While this congestion may be relieved somewhat when Lombard Street is widened, there still will be a serious need for a direct route between the vicinity of Lombard and Van Ness and the area served by Columbus Avenue. A tunnel through Russian Hill has been mentioned frequently in connection with the problem at this point. Lombard Street is required to accommodate nearly all traffic of the Marina District, the Presidio and the Bridge, and accordingly, a more direct connection with the downtown district is vitally needed.

The Directors of the Golden Gate Bridge and Highway District report that the first five months of the fiscal year, 1941-42 saw a continued increase in volume of traffic. Total vehicles in this period were 2,472,157, compared with 2,165,480 in the same five months of 1940. Total revenue was \$1,125,859, compared with \$1,053,755 in the earlier period. Non-revenue Government vehicles increased to 281,593 from 144,451, and to a total of 1,158,843 since the opening of the Bridge May 27, 1937. The current rate of Government toll-free vehicles, including private travel of Army and Navy personnel, active and retired, and their dependents, is approximately 15% of all Bridge traffic.

Every effort is being made to expedite the handling of Army and Navy vehicles and to cooperate fully with defense efforts of the military authorities. No delay is occasioned in the handling of Army and Navy-owned vehicles. Necessarily, there is considerable delay in verifying passes presented for private vehicles, and these passes account for 60% to 80% of all Government vehicles. It is impossible to handle the toll-free passage of 1,200 to 1,800 or more private vehicles each day, nearly all of which are on private business or pleasure, without seriously delaying the passage of vital military equipment and personnel and, in fact all toll-paying vehicles. The District has requested cooperation of military authorities to curtail or eliminate issuance of

passes for private business or pleasure trips. Such action would materially speed up the flow of all traffic through the lanes.

The Bridge has demonstrated, many times over, its economic value to the general public. To appreciate its value as a defense facility, it is only necessary to visualize the hopeless congestion that might exist at this time were it still necessary to use ferry facilities to transport Government and private vehicles across the Golden Gate.

### San Francisco-Oakland Bay Bridge

During the year 1941 the San Francisco-Oakland Bay Bridge maintained its previously established position as the world's most heavily traveled toll structure, at the same time breaking all previous records. The total traffic for the year was about 19,000,000 vehicles. The highest monthly record occurred in August when 1,809,329 vehicles crossed the Bridge.

The large increase in traffic must undoubtedly be attributed to a number of different factors or influences. The most notable of these have probably been the intense national defense efforts and the accompanying increase in general economic activity.

November 12, 1941, was the fifth anniversary of the opening day of the Bridge. During these five years the importance of the Bridge and its influence on the entire San Francisco Bay region have steadily grown. The tremendous increases in Bridge traffic offer a constant demonstration of this importance. Even after five years of operation the Bridge is still a source of interest to visitors from afar, as well as to many others not so fortunate who send numerous requests for information of all sorts relative to its construction, operation, finances, or other matters.

In spite of its large volume of traffic, the Bridge continues to be one of the safest highways of the nation. The record shows that a person can normally expect to drive much farther on the San Francisco-Oakland Bay Bridge than on the ordinary highways of the United States before being involved in a traffic accident.

Maintenance and operation of the Bay Bridge involves a wide variety of occupations, including maintenance engineers and inspectors, accountants and other office workers, toll collectors, painters, mechanics, electricians, emergency equipment operators, roadway maintenance crews, and workers in several other classifications as well. All employees are under State Civil Service and at the present time are about 200 in number.

### Federal Projects

The following report is submitted by Wm. Arthur Newman, District Engineer, in connection with the construction activities of the Federal Government under Public Buildings Administration, San Francisco:

San Francisco Appraisers Stores and Immigration Station: The official name of this building has been shortened to U. S. Appraisers Building. In January it was 4% complete and in December 43%. Total contracts awarded to date amount to \$4,118,722.00. Occupancy date is undetermined, pending deliveries of building materials. Defense Housing: Construction of 75 housing units for the Harbor Defense Area was awarded to Contractor Robert McCarthy: 45 units at Fort Barry, 6 at Fort Baker, 6 at Fort Funston, and 18 at Fort Winfield Scott. This work has been completed and occupied. Landscaping is now proceeding. Federal Office Building: Due to war conditions expansions of the Navy has required the entire fourth floor, portions of the first, fifth and sixth floors of the Federal Office Building, in addition to the third floor originally occupied. The District Headquarters of the Eighth District, Public Buildings Administration, Federal Works Agency, was moved to Latham Square Building, Oakland. Other Federal activities in the Federal Office Building and in

other Federal buildings in San Francisco have moved to rented quarters in the city due to expansion of war activities. Rincon Annex Post Office: Landscaping around the Rincon Annex Post Office Building, at Mission and Steuart Streets, improved the appearance of this section of the city. Expansion of the Rincon Annex P. O. facilities has required taking over a warehouse formerly vacant, located on the Government site.

U. S. Coast Guard Air Station, Mills Field: This air station has been completed, occupied and dedicated. Additional improvements, including landscaping, during this year, have greatly improved this fine Air Station. Improvements are contemplated to the Federal buildings in San Francisco during the year 1942.

### Board of Education

Hardly ever before, in the history of San Francisco, have burdens equal to those of 1941 been placed upon the public schools. As Mayor of this city, I am pleased to be able to report that all responsibilities have been faithfully performed. More important, the pressure of unanticipated demands did not in any way interfere with the basic task of our schools—the education of the youth of our city.

Foremost among the unexpected tasks was the training of national defense workers. As shipyards, factories and other production centers found the need for skilled workers becoming acute, they turned to the schools for help. Classes were organized on a twenty-four hour basis and as of December 1, 1941, a total of 7,866 adults had been trained to take their places in defense industries. This work was accomplished without interfering with the basic industrial and vocational arts programs which have efficiently operated in San Francisco for many years. Enrollments in these classes as of December 1 included approximately 15,000 boys in junior and senior high school shop classes 1,146 adults in apprentice training instruction and 1,802 adults in trade extension work.

The arrest in February of this year of a group of boys referred to as the "dead-end kids" led the citizenry of San Francisco to inquire what was being done to combat tendencies toward juvenile delinquency. Investigations revealed a widespread laxity of parental discipline and a failure of character building agencies to attract youth to their doors. Again the public demanded that the public schools breach the gap and again the schools responded. A committee headed by Dr. Alvin C. Eurich of Stanford University was appointed to make a survey of the counseling and guidance program. On the basis of an exhaustive investigation the committee submitted a report to the Superintendent of Schools during the summer. The major recommendations made were put into effect and today the San Francisco counseling and guidance plan serves as a model of progressiveness throughout the nation.

Bombs on Pearl Harbor and unanticipated San Francisco blackouts necessitated immediate development of public school air raid precautions. Procedures were prepared by the schools' administrative staff and within two days principals of all schools were conducting air raid drills along lines required by the San Francisco Council of Civilian Defense. Janitors had been instructed in the handling of incendiary bombs. The reward came from the relieved parents of thousands of youngsters one of whom wrote to the Superintendent of Schools as follows: "I must express my profound admiration and gratitude for the splendid way our teachers are handling this emergency. . . . At no time have they evidenced any fear or even nervousness." San Francisco is indeed fortunate to have in its employ an outstanding teaching corps.

Demands of the national defense program necessitated a postponement of new construction scheduled for this year. The postponement was effected without hardship upon any pupils and without the neces-

sity of curtailing in any way the educational program. As Mayor, it was my privilege some weeks ago to summon all department heads to meet with representatives of the Public Works Reserve of the Federal Works Agency. The purpose of this organization is to coordinate future construction of public buildings to relieve anticipated unemployment after the present emergency. Plans for such construction, extending far into the future, are being prepared by the School Department.

It was my pleasure to appoint as Commissioner of Education for a five-year term beginning in January 1942, Honorable Harry I. Christie, executive secretary of the Allied Printing Trades Council, and to reappoint for a similar term Mrs. Lloyd W. Dinkelspiel, who has served with distinction as a member of the Board of Education since 1935. Both selections were confirmed by the voters at the general election in November 1941.

### Police Department

The report of Charles W. Dullea, Chief of Police, presents in brief the various activities of this department for the year 1941. The facts revealed by a study of the work performed by the Police Department show that San Francisco is receiving excellent police protection, and that the department is displaying police efficiency second to none.

### Civilian Defense

A problem of grave importance and one that is most closely concerned with every person of whatever station in life, is civilian defense. During the past year the department has prepared the most detailed plans for the care of the civilian population in the event of any major disaster. This preparedness, of necessity, embraces a very wide field and demands much study and planning, and a thorough cooperation within the department strengthened by any and all available cooperation from without the department.

Having formulated our general plans for coping with any major catastrophe, department heads attended many meetings with various law enforcement agencies of the State formed for civilian defense. Meetings were held at Sacramento and Los Angeles, with further conferences held later at Sacramento.

The State is divided into nine regions, San Francisco being in the fifth region, which includes the nine bay counties. Regional training school for region five was held at the University of California for three days in June, conducted by members of the Federal Bureau of Investigation. Later, through cooperation of the commanding generals of the Fourth Army, the Ninth Corps Area, and the Fourth Air Force, the California Technical Institute of Peace Officers' Training was held at Berkeley, and attended by members of this department. The fact was stressed that in the matter of any emergency, the care of the civilian population rests entirely with the civil authorities.

At the present time the San Francisco Police Department is ready with detailed statistics connected with physical properties of public utilities and private manufacturing enterprises and has also, in detail, a vast mass of information concerning hospitalization and transportation, housing, et cetera. We are thus ready to sit in with heads of other civic units and dovetail our efforts with the recently organized San Francisco Civilian Defense Council.

### Major Crimes

The year just past shows a low average in crimes, with decreases, in comparison with last year, in manslaughter by negligence (motor vehicle), robbery, aggravated assault, burglary, larceny and auto theft. Percentages range from 11.14% decrease in larcenous offenses to 5.9% in manslaughter by negligence. Of the major offenses, only murder and rape showed an increase over the previous year.

Another twelve months have passed without a bank robbery within the City and County of San Francisco.

There was a 13% decrease in the amount, or value of property, lost through burglaries, robberies, grand and petty theft, as shown by a comparison of this year with last.

### Police Academy

Our department continues to train recruits and acquaint them with the many phases of law enforcement work and modern police routine. Detailed instructions are given in military training, physical education and first aid, report writing and rules and regulations of the department, criminal law and procedure, traffic and accident procedure, mechanics of arrest and searches, firearms, and motorcycle riding.

On the completion of the course each recruit police officer is awarded a graduating certificate, as well as a first aid teachers' certificate by the officials of the Red Cross. Refresher courses for all members of the department were also conducted at intervals.

Each member of the academy staff is an expert in his particular line and is selected because of his specialized ability in the course he teaches. Staff members were given an in-service-training course under the supervision of the chief instructor of the Federal Bureau of Investigation.

### School Traffic Patrol

The School Traffic Patrol is an outstanding factor in safety in our department. Nearly thirty-five hundred School Traffic Patrol boys guard six hundred school crossings, protecting the lives of over one hundred forty thousand school children attending public and private schools in this city.

It is an outstanding safety feat to report that another year has passed without an accident, fatal or otherwise, occurring at our school crossings during school hours.

Each year the traffic boys have a day's outing at the Presidio as guests of the army, and are given a thorough picture of life at the post. Also, each year one or two boys are selected from each school for two weeks' vacation in School Traffic Patrol Officers' Safety Training Camp, under the patronage of our Police Commission. These outings are looked-for events in the life of the School Traffic Patrol boys.

### Accident Prevention Bureau

San Francisco has set the pace at the half-way mark—first six months of 1941—in its population group of 500,000 and over, in the National Traffic Safety Contest, as announced by the National Safety Council. This standing is based on the cities' traffic fatality records and the improvement over their preceding three-year average—factors which constitute only 50% of the points used in final judging at the end of the year.

The additional 50 points awarded in the final judging are for the scope of the accident prevention program—accident reporting system, traffic engineering and enforcement, child safety programs and public education. For the first six months, San Francisco led the largest cities with 30 points out of a possible 50. New York City was second with 18.3 and Pittsburgh third with 18.1.

Intelligent planning and conscientious enforcement of traffic laws have kept accidents to a minimum, and this in spite of the increased volume of traffic on our streets. There has been no increase in traffic accidents for this year over last, even though there has been a very perceptible increase in the volume of automobile and other traffic on our streets.

Two-way radio equipped automobiles have been installed and have not been in operation for a sufficient length of time to give definite

proof of their effectiveness, as a traffic accident deterrent, but, as in cities which have had two-way radio, we look for this to prove a very effective factor in accident prevention.

### Improvements and Additions

At an estimated cost of \$50,000.00, preparations are complete for the construction of a shooting range and police training headquarters at Lake Merced. This combined project, when completed, will rank with the best in the United States. The budget also includes \$5,000.00 for ammunition for training members of the department in the use of various types of firearms.

For the installation of a two-way radio system in our department automobiles and that department police patrol boat a sum of \$20,000.00 has been made available. The department patrol boat and a large percentage of department automobiles have already been made part of our two-way radio system.

A department tow truck, for which \$2,500.00 was allowed in the budget, has been in operation for some time, and, irrespective of its possibilities in the matter of towing illegally parked cars, has already proven its worth in the towing of broken down department automobiles.

At a cost of approximately \$6,000.00, a horse van, fully equipped, with space for seven horses, has been acquired. This unit saves much time two or three times daily in the movement of our department mounts which heretofore had to be ridden to and from the regular tours of duty covered by the mounted men of the department.

### Fire Department

During the first eleven months of the year 1941, the San Francisco Fire Department responded to 7,919 alarms of fire, an increase of 575 over a corresponding period of the previous year. Some of the more serious fires occurred on the following dates: May 19th, at the Gragnano Macaroni Factory, 970 Bryant Street; July 11th at the Shelley Tire Co., 1814 Market Street; August 2nd, at the Tiedemann & Harris Packing Plant, 360 Langton Street; October 13th, at the Bauer Cooperate Storage Plant, 733-7th Street.

Prompt and effective work on the part of the fire department prevented the spread of these fires to adjoining properties, and in each instance the losses were gratifyingly low.

Civil Defense activities occupied a major part of the attention of the department, and in this connection, drawing upon the experience gained by European cities which were exposed to heavy air raids, the necessary mechanism for the decentralization of command of the various fire fighting units was prepared by the creation of an additional division and by revision of the battalion district boundaries.

Inspection of industrial plants, with particular stress on those engaged in defense work, was accelerated and a comprehensive program of expansion of the department under war conditions, together with a schedule of training for auxiliary firemen was inaugurated, and the latter is now in full swing with drills being conducted in all of the 52 department houses.

Fully aware to the grave responsibilities which modern warfare imposes upon the fire protection service of vulnerable coast cities, the San Francisco Fire Department faces its task with courage, determination, and in utmost confidence.

### Civil Service Commission

The volume of work of the Civil Service Commission during the past year has been greatly increased by reason of the change in employment conditions resulting from the National Defense program, and more recently, war conditions.

In the fall of 1940, the Commission sponsored a charter amendment which was approved by the voters and which authorized military leaves in time of peace. Until then, the charter authorized military leaves in time of war only. Adoption of this amendment has extended security in their municipal employment or civil service eligibility for appointment to hundreds of employees and eligibles who, as members of the California National Guard or of the Reserve Corps, were called to active military duty or who had been drafted for military training and service prior to the involvement of this country in the war.

The National Defense program created a vast expansion of employment in private industry and in other governmental services as well as absorbing men into the enlarged military establishments. This conspired to use up the long-standing national surplus of labor and finally to produce a definite labor shortage.

Withdrawal of experienced employees from the municipal service and the shortage of labor necessitated doubling the number of civil service examinations normally required to supply the needs of the municipal government. As of December 17, 1941, the Commission had concluded 48 examinations since July 1st and 50 others were in progress. As of December 17, 1941, examinations were needed for 58 additional classifications but these have not yet been announced because of the limited staff and facilities, with which to hold the examinations. It is apparent that during the current fiscal year, between 150 and 175 examinations will be required to supply the personnel needs of the municipal government as against an average of 85 examinations per year for the past three years.

By charter amendment effective during this fiscal year, the Park and Library Departments and the Airport have been brought under civil service. The more than 800 employments involved were classified and the status of the occupants of the positions determined by the Commission on the basis of a careful survey of the duties and responsibilities and personnel records. It is interesting to note that, exclusive of school teachers, only 130 employments and offices in the municipal service or 1.3% remain in the unclassified service. As of June 30, 1941, there were 13,555 employments and offices established in the municipal service, including school teachers.

The Commission cooperated with me in developing a uniform salary adjustment policy which I recommended to the Board of Supervisors at the beginning of the current fiscal year. This cooperation included comprehensive analyses and reports of actual municipal salaries, wages in private employment and other governmental jurisdictions, and comparisons of these with recommended salary schedules as well as estimates of costs of various proposed plans.

### **Employees' Retirement System**

The Retirement System included 12,807 employees at June 30, 1941. During the fiscal year ending on that date, 205 members were retired because of age or disability and 139 active members died. Many of the positions thus vacated were not filled. During 1940-41, 129 retired persons died, and on June 30, 1941, there were 2,046 persons receiving allowances under the Retirement System, this number including aged and disabled members retired from the several departments and also retired firemen and policemen, and their widows, where retirement allowances were continued to them or death resulted while in performance of duty.

The administration of the State Compensation Insurance Law, as it affects all city employees, is centralized under the Retirement Board. Reports of all injuries among approximately 13,000 employees are made to the Retirement Office and claims are adjusted and benefits paid in accordance with the State law and Charter, the city and county acting as self-insurer in relation to all employees. During the fiscal

year 1940-41, 955 compensation cases were handled, under which either weekly benefits or medical expenses were paid. Approximately 1,673 additional cases were handled which were not of sufficient severity to qualify for compensation benefits of any kind. The investments of the Retirement Fund at June 30, 1941, totaled \$28,557,632 as against \$26,268,429 as of June 30, 1940.

#### Assessor

The grand total of the 1941-42 Assessment Roll exceeds one billion dollars for the first time in six years; reflecting a substantial revival of business and real estate during the past year. This upward trend is illustrated by the eight million dollar increase in tangible personal property valuations, and a thirty million dollar increase in solvent credits—commercial bank accounts and open book accounts of our local business firms. More than 46,000 parcels of land, over one-fourth of the land surface of the City, were inspected and revalued during the past year. This revision resulted in a decrease of \$6,250,000. Land values were revised in the Richmond, Sunset, West Portal, and Parkside Districts, part of the Western Addition District, and in the lower Market Street area, both north and south of Market Street.

Home building expanded greatly during 1940-41, particularly in the Sunset, Parkside, Merced Manor, and Lakeside Districts. This gain was offset by depreciation reductions granted to older buildings, leaving a net increase in building values of approximately five million dollars.

The newly reorganized Marine Department in the Assessor's Office increased assessed valuations of watercraft by over a million dollars.

If the valuation studies now being conducted by the Assessor's Office are not curtailed because of the war, San Francisco will possess one of the outstanding assessing offices in the country. Efficiency in this department results in a fair and equitable distribution of the tax burden among all the property owners. This ideal of complete fairness and equity in assessed values is of great benefit to taxpayers, and is the goal of the Assessor's Office and the Administration.

### Office of the Treasurer

The Treasurer's Office is conducted in strict conformity with the Federal Reserve Act of 1935 as amended, the Constitution and the Laws of the State of California, the Charter, and Ordinances and Resolutions of the Board of Supervisors.

Cash on hand at the close of business June 30, 1940, \$19,380,854.65. Cash received fiscal year 1940-1941, \$82,486,108.99. Cash disbursed fiscal year 1940-1941, \$81,788,702.93. Total cash \$164,274,811.92. Journal transfers \$110,747,857.22. Cash June 30, 1941, \$20,078,260.71.

Controller's audit at the close of the fiscal year showed cash and accounts exactly correct. Audit of the Retirement System securities with coupons attached, by private auditors, were found intact and in perfect order.

Ordinance No. 1181, Series of 1939, designated the National City Bank of New York as the Fiscal Agency of the City and County, effective July 1, 1941. Said ordinance provides, section 2: "For the paying and receiving and returning to the Treasurer of the City and County of San Francisco of each semi-annual coupon on any bond as the same becomes due and payable, 4c. Also for the paying and receiving and returning to the Treasurer of the City and County of San Francisco of each bond which has become due and payable, 1/20 of 1% of the face value of said bond."

It is difficult to determine at this time what the savings will be by the change from the old method, because of the change in ownership of bonds of the City and County. If it is not satisfactory, I propose to recommend that the Fiscal Agency be discontinued. The credit of the City and County is so well established that I fail to see the necessity therefor, although it is provisionally written into the bonds.

Several tons of old paper stored in the basement of the Treasurer's Office were sold in accordance with law. By getting rid of this useless material, ample space is provided for a safety shelter for all employees of the office, and a limited additional number from other offices, in case of air raids and bombings. In my mind, it is the most secure spot in the City Hall.

There has been no increase in personnel during the fiscal year. Office costs are kept to the very minimum. Comparison with other cities shows that office costs are lower than elsewhere.

### Sheriff

The report of Daniel C. Murphy, Sheriff, covers the calendar year 1941, and shows receipts as follows:

County commissions, fees and mileage, \$31,424.49; cash receipts under writs of attachment, executions, fee deposits of plaintiffs, and cash deposits by defendants in lieu of undertakings on release of attachments, \$200,149.70; sales of personal property, after deduction of County commission and fees, \$23,036.64; sales of real property, \$5,050.47; total \$259,661.30.

Process and papers filed and issued, number 18,191. Under the heads of writs of attachment and writs of execution, most of the personal property levied upon consists of garnishments. However, under that type of writs, including Claim and Delivery and writs of Replevin, personal property sales were consummated, to the number of 87, amount, \$23,036.64. Writs of possession, 162; possession to plaintiff, 112; unexecuted, 15; forcible evictions, 35.

For the fiscal year ended June 30, 1941, the number of inmates in San Francisco County Jails averaged 813. There were 419 Federal male and 15 Federal female prisoners received; daily average, 25. The total sum received from the Federal Government was \$7,043.20.

Transportation: During the calendar year of 1941 there were 672 male patients and 513 female patients transported from the Detention

Hospital to various state institutions. From our County Jails 189 male and 11 female prisoners were transported to state penitentiaries and other correctional institutions during this same period. The transportation of these persons is under the direct supervision of the Sheriff and follows the procedure authorized on January 13, 1936 of Ordinance 7.062, Bill 890. All surplus money received from this source is deposited with the Treasurer of the City and County of San Francisco by the Sheriff. While under the law the Sheriff could retain this surplus money he believes it should be used for the benefit of the taxpayers of the City and County of San Francisco. This new procedure adopted by the Sheriff has resulted in a saving to the City and County of San Francisco of \$5421.35 during the last fiscal year.

County Jail Commissary Stores: At the request of the Sheriff, Ordinance 7061, Bill 860 was drafted and approved on January 13, 1936. This Ordinance established County Jail stores to be maintained for the convenience of prisoners and under this procedure should there be any profit it would be deposited with the Treasurer for the benefit of the taxpayers of the City and County of San Francisco.

These stores are under the direct supervision of the Sheriff and with minimum prices on all commodities sold in the stores the profit for the last fiscal year amounted to \$6226.89.

### Public Utilities Commission

On January 8, 1942, the Public Utilities Commission, which controls and operates all municipally owned utilities, had been in existence for 10 years. Increased service of these utilities to San Francisco is explained in detail in the following departmental reports:

#### Municipal Railway

The Municipal Railway at the close of the calendar year had completed its twenty-ninth year of operation. Service was furnished to both the ferry terminal and to the bay bridge terminal, and notwithstanding increasingly trying traffic conditions the best possible service with available facilities was rendered to the people of San Francisco. The rate of fare remained unchanged at 5 cents with a free transfer privilege, and based on an average fare of 8.33 cents throughout the United States means a saving of over \$2,700,000 for the year to patrons of the Municipal Railway.

Operating revenues increased over the previous year notwithstanding the fact that the previous year's business included 128 days of operation of the Golden Gate International Exposition and that cash passenger receipts decreased approximately \$800 per day from December 8, 1941, to the close of the year due to war conditions. Operating revenue for the year 1941 amounted to \$4,098,996, an increase of \$13,417, or .33% over the preceding year. The sustained large volume of business, with revenues at a figure of over four million dollars annually, is very gratifying and can be attributed in part to the differences in the rates of fare in effect on the Municipal Railway lines of 5 cents with a free transfer privilege and on the Market Street Railway Company lines of 7 cents with a free transfer privilege.

In conformity with its policy of placing profits back into the system in the forms of increased service, the Public Utilities Commission has continued to render motor coach service in the districts in which service was inaugurated in the previous two years and in addition inaugurated new motor coach service serving the Irving-Noriega, outer Mission, Park-Presidio, and Buena Vista Park districts. On September 7, 1941, motor coach operation on the Howard Street line was replaced by trolley coach operation, nine new trolley coaches being used, and has resulted in improved service on this line. This trolley coach operation was made possible due to the withdrawal of a taxpayers' suit which had previously held up expenditure of funds for purchase of trolley coaches and construction of overhead wiring and housing fa-

cilities. Funds for the purchase of new motor coaches and other addition and betterment items were also made available by settlement of this suit.

Car and coach hours operated for the year increased 4,193 hours or .40%. All available street cars and coaches owned by the Municipal Railway are now in operation during peak hours of travel. The five new modern type street cars which were placed in operation in 1939 and the nine new trolley coaches placed in operation this year have proved exceedingly popular with the public, indicating that it is advisable to operate as many more new modern street cars and coaches as can be purchased from available funds.

After providing for the cost of increased motor and trolley coach service and increasing the provision for depreciation to \$398,632 and providing \$122,670 for accidents for the year, a net income of \$140,783 has resulted. This is \$42,979 under the previous year and is accounted for principally by reason of increased operating expenses in the year 1941 due to new bus line extensions and higher wage and material costs.

Track roadway and equipment have been maintained in excellent condition, the sum of \$464,694 having been expended for this purpose. Included in this maintenance work was the overhauling and painting of thirty-eight street car bodies and nine motor coaches. In connection with the painting of street cars and coaches, the new combination of blue and gold colors is being used in place of the old "municipal gray" used prior to 1940.

Expenditures for new construction, equipment, and replacements amounted to \$485,581. The major items included in this amount are the following:

Track replacement—Geary Street—Divisadero to Lyon and Jordan to Tenth Avenues .....	\$144,702
Howard Street trolley coach line construction and facilities.....	111,558
Nine new trolley coaches.....	118,584
Ten new 26-passenger motor coaches.....	80,839
Two new 31-passenger motor coaches.....	20,237

Funds are available, but no expenditures have been made to date for the following:

New motor coach garage.....	\$160,000
Purchase of 13 new motor coaches.....	135,000

During the year under track maintenance and replacements, 10,962 feet of single track was reconstructed, 645 thermit weld joints were installed, 140,337 square feet of concrete base 7" deep was renewed and 228,979 square feet of asphalt paving replaced.

On December 1, the sum of \$100,000 in bonds of the railway was retired from earnings so that there now remains an indebtedness of only \$1,100,000 against the Municipal Railway properties which are conservatively valued at \$10,000,000.

Over 108,700,000 passengers were carried during the year, which is a decrease of 122,000 passengers under the previous year, but still one of the highest records in the history of the Municipal Railway. Street cars and coaches traveled a distance of 10,247,000 miles, which is an increase of 102,600 miles over last year. Cars and coaches operated 1,062,500 hours, or 4,200 hours more than the previous year.

Passenger receipts which showed an increase of 2.51% in October, 1941, and 2.75% in November, 1941, over the previous year, showed a marked drop in December, 1941, due to evening travel having fallen off due to war conditions. It is hoped that this condition will not prevail to such an extent in the year 1942 and that the normal evening travel will be revived. Assuming this travel is revived and that the great volume of war expenditures to be made by the Federal Government reflects itself in the railway business, and also that private au-

tomobile operation may have to be curtailed, it is reasonable to look forward to increased railway receipts in 1942.

### Water Department

The Water Department continues to be a sound and successful municipal enterprise. During the past year—the twelfth under municipal operation—somewhat greater than normal gains were registered, both as to the number of consumers served and as to profits earned. It is worthy of note that these increased profits are over and above those of the previous year when the Exposition undoubtedly accounted for considerable revenue.

Water sales for the year amounted to \$7,545,396 and net income from operations was \$3,069,002, as compared to \$3,090,629 for the preceding year. The apparent decrease of \$21,627 in net income is due to an increase of \$330,639 in payments to the Hetch Hetchy Water Supply for water and standby charges. Adjusting for this item, net income for the year shows a very substantial increase of \$309,012. This increase is the net result of a \$247,745 increase in water sales, a decrease of \$1,061 in miscellaneous income, and a net decrease of \$62,328 in operating expense due mainly to decreased bond interest expense.

The water sales increase of \$247,745 represents a gain of \$235,685 in revenue, an increase of \$41,678 in service furnished to non-paying municipal accounts and a decrease of \$29,618 in service to the Golden Gate International Exposition Company.

The increase of \$235,685 in revenue sales was accounted for by a 2.9% increase in San Francisco amounting to \$162,321 and by a 15.3% increase in the suburban district amounting to \$73,364. The San Francisco gain was largely concentrated in the last quarter of the year, while the suburban gain was general throughout the year.

Water consumption again reached an all-time high with an average of 7 million gallons daily for the year. This was a gain of 2.9 million gallons daily over the preceding year and was accounted for by increases of 1.4 million gallons daily in San Francisco and 1.5 million gallons daily in the suburban district.

The number of active consumers in San Francisco increased to 127,100; a gain of 4,352 for the past year as compared to a gain of 3,647 for the preceding year. A total of 16 miles of new mains was added to the distribution system in the city and 5,400 new service connections were installed for a gain of 663 over the 4,737 installed during the previous year.

These increases in the number of consumers and in new consumer installations approximate those of the middle 1920's and provide the potential for a corresponding increase in water usage, particularly in the residential areas comprising the higher elevation distribution districts.

Existing transmission and distribution facilities cannot meet any further increase in water usage in these higher elevation districts. Present demands can be cared for only by virtue of two electric pumps installed during the year to temporarily provide for the immediate shortage in the Stanford Heights district. Considerable progress has been made on the construction program designed to permanently provide for these residential areas by means of an additional outlet and pipe line from the San Andreas reservoir in San Mateo County and a new 500-foot-elevation distribution reservoir in San Francisco. Funds for the San Andreas outlet have been provided from Water Department revenues and construction of temporary pumping plants is now under way to enable lowering of the lake for construction of the outlet. Also an 18½-acre tract of land located in Sutro Forest has been purchased as a site for the proposed new distribution reservoir.

The past winter's rainfall on the local watersheds was approximately 25% above normal and at the end of the run-off season all reservoirs

were filled to the point of overflow. This prolific local runoff precluded the necessity of drawing on the Hetch Hetchy system for other than sufficient water to supply some of the suburban consumers during the winter period of excessive turbidity in the Calaveras reservoir. Local storage at the close of the year was approximately 43,000 million gallons or the equivalent of a 600-day supply.

A resume of the financial results of city's operation of the Water Department from March 3, 1930, to December 31, 1941, shows gross income of \$82,972,367 and operating expenses of \$49,109,439. The net income of \$33,862,928 was used for:

Contributions to General Fund for Hetch Hetchy bond interest and redemption .....	\$10,262,630
Contributions to Hetch Hetchy system.....	3,246,126
Redemption of Water Department bonds.....	14,313,094
Additions and betterments .....	5,953,718
Surplus and miscellaneous .....	87,360

In addition to this net income, the Water Department has furnished water service free of charge to various other city departments to the amount of \$4,563,600, and through a series of rate reductions has saved water consumers in excess of \$7,000,000 as compared to rates under the former private ownership.

### Hetch Hetchy Water Supply, Power and Utilities Engineering Bureau

#### Hetch Hetchy Water Supply

The close of the calendar year 1941 marked the seventh year of successful and uninterrupted operation of the Hetch Hetchy Water Supply for its primary purpose of augmenting the water supply of San Francisco, and the sixteenth of the attendant power system. Water storage in the reservoirs in the High Sierra was substantial and sufficient for all power and domestic water supply demands. The quantity of water originating in the Hetch Hetchy source and transmitted to San Francisco's local system was less than in the previous years, due to exceptionally high rainfall during the winter of 1940-1941, but nevertheless formed a large part of the water being served to San Francisco. Maintenance work necessary to keep the properties in first-class operating condition was continued, and several contracts and other items of work for improvements and additions to the properties were performed. Inspection of the miles of tunnels and large pipe lines comprising this system indicated that these features of the project are in excellent condition. Litigation pertaining to Hetch Hetchy water rights, particularly the so-called "Dan Williams case," in which a judgment favorable to the City was entered on May 16, 1941, was successfully defended during the year. Amicable relations with the Turlock, Modesto, and Waterford Irrigation Districts with reference to the use of the waters of the Tuolumne River, continued throughout the year, in accordance with an agreement made in 1940 in which all parties pledged themselves to cooperate in the use of these waters, and under which pending litigation is postponed for a period of fifteen years. Surveying and planning, begun in the summer of 1940, for the development of the Cherry River source of water supply, were continued during the year 1941. This work is being done to protect the City's water rights, and will be continued in the future.

#### Hetch Hetchy Power

The power generating facilities of the Hetch Hetchy system continued in full operation throughout the year 1941. The amount of electricity generated was substantially the same as for previous years—practically equal to the full capacity of the existing plants.

In addition to routine maintenance of the properties, several items

of work for improvements and additions to the properties were performed.

Following the ruling of the United States Supreme Court on April 22, 1940, that the existing agency agreement with the Pacific Gas and Electric Company violates Section 6 of the Raker Act, efforts were made to determine a method of disposal of power in a manner conforming to this ruling. Lacking distribution facilities, this ruling, which sustained an injunction against disposal of Hetch Hetchy power under the present arrangement, left the City with no other market available, and the possibility of the loss of the much needed annual revenue of about \$2,400,000. Negotiations were initiated immediately with the Secretary of the Interior, in an effort to arrange power disposal plans acceptable to the Federal Government. A lease arrangement contemplating formal compliance with the requirements of the Raker Act was approved as to form by Secretary Ickes on December 5, 1940, but the Secretary rejected the complete lease agreement following a public hearing held in Washington beginning May 21, 1941. This left the City about to enter a new fiscal year facing the prospect of complete loss of its power revenue, but by agreement an extension to June 30, 1942 of the effective date of the injunction was obtained, subject to certain stipulations. Pursuant to one of these stipulations, in the election held November 4, 1941 a popular vote was taken on a revenue bond proposition to provide for a municipal system for transmission of power to San Francisco and distribution by the City direct to consumers. Approval of the plan for this system was obtained from the Secretary of the Interior. The Mayor, the Public Utilities Commission, and the Manager of Utilities, and others actively supported this bond proposition, but it failed to gain the necessary majority of votes cast. At the close of the year proceedings are in progress for a revision of the Raker Act to eliminate the language on which the injunction is based.

#### Utilities Engineering and Construction

During the year, satisfactory progress was made on Municipal Railway, Airport, and other utility engineering and construction activities for which the Engineering Bureau of the Public Utilities Commission is responsible.

At the termination, by a decision favorable to the City, of a taxpayer's suit which delayed this work, the Howard Street trolley bus line was put into condition for use. A reinforced concrete addition to the Seventeenth Street car barn was constructed to provide shop facilities and storage space for the electric trolley buses, and terminal loops were constructed at the ends of the line.

Contracts were entered into and completed for the reconstruction of long sections of the old and much depreciated Geary Street tracks, this work being a continuation of work carried on during previous years; and also during the year, other improvements were made to rolling stock and trackage of the railroad.

The preparation of plans and specifications and the supervision and construction of work at the San Francisco Airport continued actively during the year. Under a program for the improvement of landplane and seaplane ports at this airport, with funds available from the 1938 bond issue augmented by contributions from the Federal Government through the Works Progress Administration, extensive construction of concrete aprons, pavements, and taxiway pavements was accomplished, in addition to the placing of about 1,000,000 square feet of macadam pavement for runway extensions and taxiways. Improvements and extensions were made to the sewage disposal, power distribution, and field lighting systems. A major item of work, begun last spring, is the construction of the administration building and of the extensive hangar and shop building and other air terminal facilities being provided near the northwesterly corner of the airport properties east of

Bayshore Highway, to be used under lease by the United Air Lines as their terminal office and shop headquarters. The office staff of the United Air Lines moved into the new administration building October 15, 1941. The other buildings will be ready for occupancy in the spring of 1942.

### Treasure Island Airport

During the year, events pertaining to Treasure Island moved rapidly. Early in December of 1940, preliminary arrangements were made for the Navy's occupancy of the island for the period of the national emergency. These arrangements culminated in a lease agreement dated February 3, 1941, which provided for the Navy to occupy all of Treasure Island, except that portion leased to Pan American Airways Corporation and that portion in the immediate vicinity of the Air Terminal Building. The Navy was also granted the use of one-third of the Administration Building. The lease is on a year-to-year basis, with the right of annual renewal, for a maximum period of five years. As a consideration for the rights granted by the City, the Navy sponsored a Works Project Administration project in the amount of \$1,680,000, for the construction of two intersecting runways, connecting taxiways, aprons, field lighting and drainage systems, rehabilitation of buildings and utilities, and much other work essential to an airport ready for operation for either military or civil purposes. Work under this project commenced immediately following ground breaking ceremonies held April 24, 1941, and considerable progress has been made in preparing foundations for the runway pavements, construction of concrete floor and installation of electric distribution system in the east hangar, construction of concrete apron pavement outside the hangar, construction of boundary fences, and construction of certain water supply and electric power and telephone lines, and other items.

Activities on this project were slowed down towards the end of the year, but it is expected they will pick up in the early part of this year.

The Navy has expended large sums of money in improvements on Treasure Island for its use, and has a personnel of about 1,000 men now stationed on the island. This work and the establishment of a Navy Base at this point is a distinct benefit to San Francisco.

### Street and Public Building Lighting

During the calendar year 525 new lights were added to San Francisco's street lighting system and 722 lights of obsolete types were replaced by modern units. This increase makes a total of 24,750 lights now in service in the streets.

Of the 525 lights added, 160 are part city-owned and part company-owned, while 165 are wholly city-owned. The remaining 200 lights are wholly company-owned and were installed at scattered locations throughout the rapidly growing residential sections.

The 165 wholly city-owned lights represent an investment of \$52,000 and were installed by property owners and deeded to the city, the city to defray the maintenance and operating costs thereof.

The city now owns over 15% of the total number of street lights, representing an investment well in excess of one million dollars.

The candlepower of a large number of lights along the boulevards was increased during the year, which has resulted in better lighting and fewer traffic accidents at night. In spite of the increased cost of operating the larger lamps, the unit cost per light was lower than before because of the city's ownership of a greater percentage of the lighting system.

The consumption of gas and electricity by the various departments increased in proportion to the increased activities of the municipality, which, of course, resulted in a higher cost. But the unit cost was lower

because of more economical use of facilities and lower rates obtainable through the efforts of this department.

### San Francisco Airport

During the past year San Francisco Airport has advanced from the position of a major air terminal to that of an important aviation center. Visitors to this public utility of the City and County of San Francisco will now find that the airport administrative area and hangars have been flanked on the north by two additional building areas. One is the new Western Division Headquarters of the United Air Lines Transport Corporation, on a 14-acre plot of airport property, and the other the U. S. Coast Guard Air Base, occupying some 21 acres.

The United Air Lines base is made up of a huge hangar with shop annexes, a streamlined administration building, an engine test building, and a gasoline storage building. The Coast Guard Air Base consists of a spacious hangar surrounded by shops, a barracks capable of housing 110 officers and men, a wharf, and a ramp.

Some 180 employees of United Air Lines are already stationed at the new airline headquarters, and more than 400 more will arrive with completion of the construction work early in 1942.

The U. S. Coast Guard base was officially dedicated on February 15, 1941. The seaplane harbor on which the base is located, and the channel leading to the harbor have been dredged, marked and lighted.

Office space in the airport's Administration Building is now at a premium. In May, 1941, the U. S. Weather Bureau established a new consolidated forecast office at the airport. Its quarters, occupied by a complement of 24 employees, cover about one-half of the mezzanine floor. Agricultural forecasts for the five western states, and airway forecasts for Northern California and east to Utah, emanate from this new forecast center at San Francisco Airport.

The new Transpacific radio station of the Civil Aeronautics Administration now occupies a suite of offices adjacent to those of the Weather Bureau. The transmitting station, capable of world-wide communication, is to be operated by remote control from these airport headquarters. Installation of the equipment was well under way at the close of the calendar year.

A radio range station of the Civil Aeronautics Administration was commissioned at San Francisco Airport in November, 1941. It will be maintained by Government personnel. This facility is used to guide pilots to and from the airport during periods of blind flying weather.

A surge of air traffic which has been reported by San Francisco Airport the past few years continued in impressive proportions during the year 1941. In every branch of the traffic tabulation a substantial increase is shown. Airline passengers in and out of the airport passed the 200,000 mark, representing an increase of 28 per cent over the previous year. Air mail, air express, and the number of airline schedules all showed decided increases over 1940. The traffic tabulation is as follows:

	Total for 1941	Increase over 1940
Passengers (in and out).....	201,000	28%
Air mail poundage (on only).....	891,000	32%
Air express poundage (on only).....	301,600	31%
Transport planes (in and out).....	25,600	18%

As the year 1941 was brought to a close, the schedules operated by United Airlines and Transcontinental & Western Air at San Francisco Airport total 35 arrivals and 35 departures daily. However, during the fair weather months of summer and fall these daily schedules reached as high as 42 arrivals and 42 departures.

In the development of the landing field proper the major field

enlargement program has been carried steadily forward. The three runways, all of which have been repaved, now measure 4,500 feet, 5,500 feet, and 6,000 feet in length. An additional hard macadam landing strip measures 3,000 feet in length.

New drainage pumps have been installed to handle the additional areas being annually added to the landing area.

Since the declaration of war on December 8, 1941, the operation of civil aircraft, with the exception of airline aircraft, has been forbidden in this district by the Federal Government. The 60 commercial and privately owned planes based at San Francisco Airport are therefore temporarily inactive.

The airport's value from a military standpoint is, of course, recognized. The field is being adequately equipped by the U. S. Army not only for defense of the airport proper, but also to serve as a unit in providing protection to the San Francisco Bay area as a whole.

Emergency defense measures had been planned by the airport management prior to the declaration of war, and all necessary precautions against sabotage and attack were therefore carried out immediately after word was received of the bombing of Pearl Harbor.

### Park Commission

During the year 1941, many improvements were made to add to the attractiveness, as well as the usefulness, of the parks and squares under the jurisdiction of the Board of Park Commissioners. One of the most progressive steps to aid the traffic and parking problems of our city was taken after the Supreme Court of the State of California ruled that the Commission had the authority to lease the subsurface of Union Square for a public garage. By a 50-year lease agreement entered into with the Union Square Garage Corporation, a public garage to accommodate 1,700 automobiles was begun in March to be completed within a period of twelve months at a cost of \$1,500,000. Under the terms of this lease agreement the garage will revert to the City and County of San Francisco when the lease is terminated. Upon completion of the garage structure the surface of the park will be restored with a beautifully landscaped area that will greatly enhance the surroundings of this district.

The Aquatic Park Recreational Center was reopened under a new policy whereby the Commission now operates the entire premises as a recreation center for the people of this city. At the request of the San Francisco Hospitality and Welfare Committee for Service Men, the Commission set aside several nights each month for dances for Service Men, and since the inception of this policy, thousands of soldiers and sailors have been treated to wholesome recreation activities in this building. The Parent-Teacher Associations have also used these premises on various occasions for high school dances.

An exhibition of model boats, made possible through the generosity of the San Francisco Museum of Science and Industry, is on display in the Blue Room, and in the first seven months over 80,000 people attended this instructive show, which is free to the public. School Department rowing activities also use the Aquatic Park Center, while thousands of people enjoy themselves on the newly constructed beach made possible by the transportation of 150,000 cu. yds. of sand from the excavation of Union Square.

Major improvements to park properties, especially to the Recreation Division, included the painting of seats at Kezar Stadium and the rehabilitation of the entrances and the exits, at a cost of \$25,000; the construction of four new fairways and greens at Sharp Park, thereby making this golf course one of the finest in the country; the construction of the third unit at Yacht Harbor, and other improvements to the sanctuary for pleasure craft, at an expense of close to \$35,000; and the resurfacing of the South Drive as far west as 19th Avenue, by the Works Progress Administration.

Throughout the year the Commission has worked in close cooperation with military authorities and in the early part of the year the Palace of Fine Arts tennis courts were turned over to the United States Army to be used as a medical warehouse; while on many occasions the military authorities used the properties in Golden Gate Park to quarter the men during maneuvers and defense programs. Other properties under the jurisdiction of the Commission have been turned over to the United States Army and Navy, to be employed in the National Defense Program.

On September 1st, under the provisions of a charter amendment voted on by an overwhelming majority, 557 employees were placed under Civil Service, thereby making it possible for a reorganization of the entire department, including the administrative staff, which, no doubt, will enable the department to function and operate in a more efficient manner.

### Recreation Commission

During the past year, due to the national emergency having placed increasing strain on American life, we were fully awakened to the value of physical fitness for all the people.

Military authorities and the nation's leaders recognize the important place recreation has in the national defense and wartime program.

These are difficult and extraordinary times, but men, women and children should go on living as normal, wholesome, vigorous lives as possible. Civilian morale must be conserved, sane attitudes on the part of youth must be maintained, and a continued happy play life for children must be provided. One sure way to build toward a stronger national life is to provide the people with safe, enjoyable recreation in their leisure time.

During the past year the Recreation Department in addition to its regular program conducted activities for men in the service and offered programs to civilians that stimulated patriotism and loyalty to our American ideals and traditions. Athletic leagues on playgrounds and in the night gymnasias, socials and dances at the community centers, and the use of camera and craft facilities have been fully enjoyed by the men in uniform. Opportunities for prospective draftees to physically prepare themselves for their period of service have been offered to all, through cooperation of the local selective draft boards.

The Recreation Department's growth and increased service were shown in many ways and the outstanding developments are given special mention, as follows:

Plans formulated three years ago for the establishment and operation of a children's day camp in San Francisco were brought to fruition.

A children's summer vacation day camp was operated for the first time this year in the canyon back of the Glen Park Playground. Children were given the thrills of camp life, a taste of the outdoors, healthful play in the sun, and plenty of good food, for one week at the Glen Park Day Camp. The children were recruited from city playgrounds, fifty-five assigned from a different playground each week. As the season advanced, the number assigned was raised from sixty to seventy each week. The total number of children attending the camp was 714. All food except fresh milk was supplied through the Surplus Food Commodities Bureau. The San Francisco Junior Chamber of Commerce obtained the milk from local dairies. Average weight gain per child was between 2½ and 3 pounds in one week. Some children registered individual weight gains as high as 6 pounds. A municipal bus provided transportation to and from the camp. Unquestionably a success, plans are under way to enlarge the camp activities next summer.

Recreation units, all of which are supervised, were increased to 93. Three new playgrounds were added: Sunset Playground at 28th Avenue and Lawton Street; Corona Heights, Roosevelt and 25th Streets; and Francis Scott Key Center at 42nd Avenue near Judah Street.

Four additional school gymnasia were supervised for night activities, bringing the total to fourteen units. The new gymnasia were Polytechnic High School, Lowell High School, Denman Junior High School, and Horace Mann Junior High School.

In July, the department started operation of the Crystal Palace Baths, large indoor swimming pool leased by the City and County of San Francisco for one year.

The healthful benefits of swimming and aquatic sports are now available to all children throughout the city, and the program has proved most successful.

For the fifth consecutive summer, schoolyards were operated as playgrounds during the vacation period. This season 38 were supervised for an eleven weeks' period.

Eighty-three industrial and commercial firms were members of the industrial division, participating in the all-year sport and social calendar.

Average total weekly attendance for all recreation units throughout the year was 120,000 persons.

General maintenance and special repair work of buildings and grounds included the repaving of several tennis and basketball courts, as well as play areas, and the regrading of all baseball diamonds as needed. An advanced floodlighting system is being installed at Funston Playground in anticipation of the evening activities of men stationed at the Presidio, and to meet the demand for night games in the Marina district.

The weekly bulletin announcing department activities, and formerly mimeographed, has now been issued in new printed form. There is an established mailing list of 1,500. This four-page publication has increased the public interest in the service offered.

The municipal recreation camp at Mather for city residents reached its guest capacity this year. The greater part of the season was sold out before the opening of camp. The construction of a new water-supply system located entirely upon city-owned property was installed and was nearing completion at the end of the fiscal year. Elimination of the danger of contaminated water supply was also accomplished through the installation of a chlorinator. Working drawings for a large social hall at camp where vacationists may enjoy evening recreation were completed. Establishment of this proposed structure will relieve the awkward situation in which the dining room is converted into a social hall between meal hours.

A survey of the department's accounts and records was undertaken by the office of the Controller and a new program developed in which the departmental accounting procedures and forms were revised. The new program recommended by the Controller's office has been placed in effective operation.

New regulations governing employment at camp have increased the efficiency of the personnel and have more equitably distributed the work for camp attendants.

The fourth season of Sigmund Stern Grove Midsummer Musicals began on June 15, 1941. These free concerts present excellent musical talent, a variety of programs, and were attended to Grove capacity. Fifteen concerts had an average attendance of 6,000 per Sunday.

The playground at Ninth Avenue and Ortega Street, formerly known as Ortega Playground, was renamed the John P. Murphy Playground in honor of the late John P. Murphy, former Recreation Commissioner and beloved civic leader.

A more detailed account of the department's activities is to be found in the annual report of the Commission for the fiscal year ending June 30, 1941.

### City Planning Commission

In the annual report concerning the affairs of this department as submitted for the year 1940 was expressed the hope that sufficient monies would be appropriated in the budget of the department for the fiscal year 1940-41 to permit commencement of studies toward the making of a Master Plan for the physical development of the city and county. The Commission is pleased to report that this hope has been, in part, realized and by the providing of funds requested the actual work of preparing the Master Plan is now under way. In this connection, the services of a city planning consultant have been contracted for whereby the consultant will aid and advise the local planning staff in the preparation of the plan.

Since the commencement of work, the staff of the department has been increased—some additional equipment and enlargement of working space has been provided. It appears a proper time to point out the invaluable information, consisting of reports, surveys and other pertinent data heretofore collected, that is being utilized and analyzed in connection with the work. Surveys and reports that have been, on numerous occasions, referred to as "just another report" for the city archives are being minutely perused and use will be made of their contents.

Complete cooperation is manifested to date, and continued cooperation has been assured by all agencies of the municipal government in the Master Plan undertaking. Exhaustive study and consideration is being given to the end that legislation will be enacted by the legislative body putting into the plan itself necessary mandatory provisions for its achievement and ultimate fulfillment.

The following is a resume of Commission ordinary routine activities: A total of 122 applications for changes in zoning classification were filed during the first eleven months of the year 1941. Of this total, 80 applications were approved, 18 disapproved, 9 withdrawn and 15 were awaiting action at the time of this report. In addition to the consideration of applications for the reclassification of properties, some 20 requests for changes, establishment or abolishment of building setback lines were considered and disposed of. These figures, as compared with similar activities reported for last year, indicate a slight decrease due unquestionably to the inability of builders and real estate operators to secure building materials, and the National Defense program.

In compliance with Section 24 of the Charter, all licenses and permits issued by the various licensing departments of the municipal government have been cleared through the office as to compliance with the zoning ordinance. A great number of such permits (7,942 for the first eleven months of 1941) are transmitted to this office by the Central Permit Bureau, and consist entirely of building permits for new construction and alterations to existing buildings. In addition to building permits, all licenses issued by the Tax Collector's Office, Department of Health, Police Department and the Fire Department have been examined by this office and cleared, prior to their issuance by the respective departments. This particular phase of the Commission's activity has brought about a very noticeable decrease in enforcement duties as are imposed by the zoning ordinance upon the various enforcing agencies; and in addition has eliminated, to a large extent, citizen complaints to this office.

The WPA Citywide Mapping Project, sponsored by the Commission, has as yet not completed its work, as had been anticipated and mentioned in this department's report for last year. This is due to the fact that for a considerable part of the year the project had been closed down. About two months ago the project was reopened and the work is being diligently prosecuted and in the matter of a few months should be entirely completed. The Commission is receiving weekly several hundred prints of the block maps as they are completed. This

information will not alone be valuable in the work of this department, but will also be found of value by the Assessor, Fire Department, Department of Public Works, Water Department and other municipal agencies concerned with the physical development of the city.

In the matter of subdivision control, the Commission has reported on six subdivisions in 1941 and presently proposes to submit ordinances to the Board of Supervisors for legislative action limiting the size and area of lots in certain undeveloped sections of the city. If this legislation be approved, we, for the first time, will have legislative authority for the limiting of lot sizes in new subdivisions.

### Board of Permit Appeals

The Board of Permit Appeals is comparable to the Small Claims Court, inasmuch as appeals can be taken from the various departments and commissions having granting and revoking power with regard to permits and licenses, without any cost whatever. There are five members appointed to sit as an Appellate Court with regard to permits and licenses, although the members of this Board are laymen.

On numerous occasions appeals were taken wherein a permit was denied due to a minor infraction of the law. In certain instances methods were suggested by which minor changes could be made, to conform with the law, and the permit could then be granted.

As an example of the benefits which have accrued to the citizens of San Francisco from the decision of this Board, the case of a plant wishing to invest one million dollars in a structure and employing several hundred men is cited. Construction was stopped on this plant due to a minor infraction of the building code. Through the medium of this Board, an adjustment was made, satisfactory to all concerned.

Another example was the case of a large structure on Market Street, to which another floor was to be added. Due to a minor infraction of the building code, work was stopped on this project. At the request of the Executive Office of the President of the United States, this Board, in view of the present emergency, took this matter under consideration and brought both parties to a legal solution, agreeable to the Executive Office of the President.

There are many examples of small neighborhood projects, as well as large industrial and commercial projects, which have been adjusted to the satisfaction of all parties concerned. During the year, 102 appeals were heard. These were taken from actions by the following officials and departments:

Fire Department, 3; Health Department, 4; Department of Public Works, 81; Police Department, 13; Tax Collector, 1. Rehearings granted, 5; pending, 7.

It is the aim of this department to dispose of causes before it as rapidly as possible. As in the past, the utmost diligence was pursued in 1941.

### War Memorial

The San Francisco War Memorial, consisting of the Veterans' Building, the Opera House and the Art Museum, is considered the most outstanding memorial to deceased veterans in the Nation.

San Francisco's Opera House, opened on October 15, 1932, is the only municipally owned building of its kind in the United States. The ever-increasing use of all the facilities has developed to such a degree that the Opera House is now accepted by the world of culture as being the most outstanding structure in the United States devoted to the presentation of grand opera, symphonies, ballets, concerts and various other cultured activities. It is estimated that over a half million persons attended the 141 attractions presented in 1941.

The Opera House also had its place in the National Defense program. Programs were presented to the citizens by the United States

Army, various other agencies and the Council of Civilian Defense. The presentation of the "Wizard of Ord" by the Seventh Division, United States Army, will long be remembered.

This structure has housed and encouraged the continued existence of the San Francisco Opera Association. San Francisco has received tremendous publicity by reason of the worldwide circulation of the Opera Association's announcements of grand opera and concerts.

The San Francisco Symphony Association annually presents a regular series of symphonies. The acoustics of the Opera House are so perfect that these symphonies equally are enjoyed by all attending; in fact, the seats at the highest elevation are oftentimes deemed most desirable.

San Francisco high schools, the Junior College and the University of San Francisco have found the use of the Opera House fitting and proper for the holding of their graduation exercises. The presentation of noted lecturers and speakers from all parts of the world is another use which is made of the Opera House.

The use of the Art Museum, located on the fourth floor of the Veterans' Building, has rapidly increased. The art displays are varied and are advantageously displayed because of the highly efficient lighting arrangement.

The Veterans' Building, undeniably the finest and most practical structure for that purpose in the world, was built in memory of the World War dead and equipped to serve those ex-service men and women who have served in the armed forces of their country. The facilities of this building include offices, meeting halls, clubrooms and auditorium, and are continually used by approximately 175 organizations of veteran groups. During the current year numerous classes in first aid work, under the direction of the American Red Cross, were sponsored by the various veteran organizations in this building. Many other programs of National Defense importance were presented. Registrations of volunteers for the Civilian Defense units and the United States Army Interceptor Command have been conducted in this building. Its facilities have been used by the United States Navy in the recruiting program, on many occasions. The total annual attendance in this building is conservatively estimated at one-half million. The War Memorial represents a total investment as a capital asset of \$6,250,000. The buildings are of modern construction, incorporating many intricate mechanical conveniences in operation. Because of these facilities it is necessary that the personnel be of a highly specialized type whose duty it is to keep in full operating efficiency all services provided for the comfort of the attending public.

The War Memorial is operated under the direction of the Board of Trustees of the War Memorial through its managing director, as set by ordinance.

The President of the Board during 1941 was Mr. Ramsay Moran.

#### Art Commission

Nature has endowed San Francisco with a lavish hand. And man has built on Nature's gift with intuitive haphazardry, until the intangible thing that is San Francisco's fascination is universally conceded. Uglinesses that have crept in are forgiven. But as years go on, bringing maturity, her beauty must stand scrutiny for perfection of detail. It is then that her music, her public buildings, her statuary, her museums, her artistic and cultural achievements must meet the test.

Most of the larger cities of the United States have delegated matters of public taste to an art commission which passes upon all public buildings, artistic acquisitions, and serves as an arbiter in all matters of the aesthetic welfare of the municipality.

Ten years ago, with the establishment of the new charter, the Art Commission came into existence. This group of artists, musicians, architects, litterateurs and laymen of distinction has given time, study

and consideration to the artistic and cultural welfare of the community.

It will be recalled that at first the San Francisco Art Commission was considered experimental. I am sure that it has been demonstrated its responsibility in art and music is no longer the haphazard, indefinite thing evident before it was brought into being.

During the last year rigid supervision of all works of art, placed in parks, squares and buildings which belong to San Francisco, as well as the architecture and alteration of public buildings, continued under the rigid supervision of the Commission. The average layman does not realize that not even a lamp post can be erected on city property until its design has been approved. The submissions, considered and acted upon by this board, have ranged from an inscription on a flag to the approach of the San Francisco Bay Bridge and the city's participation in the Golden Gate International Exposition.

During the administration of the Art Commission, through the efforts of J. Emmet Hayden, Chairman of the Music Committee, the tax subsidy to maintain the famed San Francisco Symphony Orchestra was established, and San Francisco was the first city in America to subsidize a symphony orchestra by public mandate.

Last year saw the fulfillment of the prophecy of the Art Commission, five years ago: "Good music within the reach of all."

The net income of receipts derived by the Art Commission has increased from \$6,327 in 1935 to \$35,000 in 1941. I believe this record speaks for itself.

In these days of unrest, anxiety and sacrifice, we turn to the morale and spiritual inspiration that music alone affords. That was the duty of the Art Commission to provide. The members upheld their responsibility ably.

What to do about concerts in view of the war and the threatened blackouts was quickly settled by the Commission on the night of December 16, 1941. It opened its Symphony Series as had been scheduled, and six thousand people came to the Auditorium and cheered.

#### M. H. de Young Memorial Museum

The de Young Museum had a very good year. The total attendance through December 15th was 619,063, that is, an increase of 72,560 over the corresponding period in 1940.

Outstanding among exhibitions was the great exhibition, "The Painting of France Since the French Revolution," obtained through the cooperation of the French government, held from the middle of December, 1940, to the middle of January, 1941, which, after a spectacular success in New York, Chicago, Los Angeles and Portland, is now having a second showing at the museum. Separately shown during the summer months was an important collection of drawings and water colors of the 19th and 20th centuries which had been part of the original group of French masterworks displayed in South America but which had not reached us in time for the first showing of the paintings.

Other shows of special significance were retrospective exhibitions of the works of the American painters George Grosz (March-April) and George Biddle (July-August); European and American Costumes and Accessories from 900 to 1900; two exhibitions of ancient Chinese art, the first lent by Mr. Jan Kleijkamp of New York and the second assembled from the collections of Mr. A. G. Voute, Mr. Eric Mayell, Mr. Oscar Gerson and other bay region collectors.

Additional exhibitions included Photographs from the Print Clinic; Lithographs by Henri Toulouse-Lautrec; Paintings, Drawings and Water Colors by Man Ray; Contemporary Batiks by Missouri Artists; Javanese Batiks from the Templeton Crocker Collection; Photographs—Southern California Council of Camera Clubs; Photographs by John Gutmann; Native Arts of the Philippine Islands; Photographs of the

B-19 by Lawrence Kronquist; "Cries of London" Engravings after the Paintings by Francis Wheatley; Color Prints by Louis Bonnet; Paintings of Asiatic Costumes by the Vicomtesse d'Aumale, supplemented by original costumes; Monthly Exhibitions for the Blind and Flower Arrangements by Students of Web Allen.

In May the museum opened its new "Hall of Arms" which gives in an attractive and instructive display a survey of six centuries of man's weapons from all parts of the world. The exhibit was favorably commented upon by leaders of our armed forces and in view of the present situation of our country has taken on additional significance.

Among the acquisitions during the year were a "Portrait of a Girl in Peasant Costume," by the 17th century Neapolitan painter, Massimo Stanzione, and a "Woman's Portrait" by the 17th century Venetian painter, Gerolamo Forabosco, both donated by Mr. Archer M. Huntington. Several fine paintings (among them, works by Vigee-Lebrun, Rosa Bonheur, Fortuny and others) and pieces of antique furniture, porcelain, ancient weapons and jewelry were donated to the museum by the family of the late Mr. de Young at the occasion of the dismantling of the old de Young house of California Street. Likewise, the Oriental collections of the museum were considerably enriched by quantities of Chinese and Japanese art objects received through the will of the late Mr. Albert Bender, who for many years had already been a constant benefactor of the museum. Other donations included a collection of Kashmir shawls, gift of Miss Florence Olmsted; two early American miniatures and costumes, gift of Miss Emily F. Tucker; costumes and accessories, gift of Mrs. Philip Bancroft; a costume worn by Rosa Bonheur, gift of Miss Anna E. Klumpke; an exquisite wood carving of the "Lamentation of Christ," German, early 16th century, and a Dutch armoire of the 17th century, both gifts of the M. H. de Young Endowment Fund.

An acquisition of tremendous importance is the Monastery "Santa Maria de Ovila"—or, rather, the complete set of thousands of carved stones which originally made up its various buildings—donated to the museum by Mr. William Randolph Hearst. The material is now stored either inside or outside the museum and is carefully protected against all hazards. It is to be hoped that in the not too distant future the beautiful monastery will be erected to become undoubtedly not only one of the greatest cultural and artistic monuments but also one of the most spectacular tourist attractions of the entire country.

Last summer the museum started the publication of the "Pacific Art Review," a richly illustrated art magazine containing articles on the treasures of the museum as well as other topics written by members of the staff and nationally known scholars. The first two issues have been enthusiastically welcomed everywhere and the future prospects of this magazine, which fills a long-felt need, appear very favorable.

In accordance with a resolution passed at the outbreak of the war by the leading museums of the country following an explicit wish of the President of the United States, the de Young Museum, fully aware of its important function within the community for the strengthening of public morale, plans instead of curtailing, rather to increase its activities, especially in the educational field. With regard to the collections, it was further resolved at the recent meeting of American art directors in New York, which the Director of the de Young Museum attended, that no evacuation of material should be undertaken at this time. However, the individual institutions were urged to prepare everything necessary for removing speedily their most irreplaceable treasures to places of greater safety in an emergency, and the Government was asked to advise the museums through the National Gallery in Washington if and when the military situation required that such special precautions be taken.

#### California Palace of the Legion of Honor

The California Palace of the Legion of Honor has enjoyed a remark-

ably successful year. Attendance at the museum during 1941 exceeded 200,000—a gratifying increase over that of 1940. Stimulating loan exhibitions presented each month, important additions to the permanent collections, and an intensive educational program have been largely responsible for these encouraging attendance figures.

Among the loan exhibitions of the past twelve months, three warrant special comment. These were: Exhibition of Italian Baroque Painting, the most comprehensive show of its kind ever held in this country, which comprised 120 examples of the work of the outstanding masters of the 17th and 18th centuries borrowed from leading public and private collections; Masterpieces of English Portaiture from the collection of the late Edward T. Stotesbury; and Miniature Rooms by Mrs. James Ward Thorne. These shows were accorded an unusually enthusiastic reception.

Other exhibitions favorably received included the following: Old Master Drawings from the collection of LeRoy M. Backus; Paintings by Constance Richardson; Oils, Watercolors and Prints by Luigi Lucioni; 6th Annual Exhibition of the California Watercolor Society; Uncommissioned Portraits; Sculpture, Drawings and Prints by Ernst Barlach (circulated by the Museum of Modern Art); English Color Prints; Watercolors by Winslow Homer from the collection of Mrs. Charles R. Henschel; Paintings by Manuel J. Tolegian; "American Humor in Art" (original cartoons lent by Esquire Magazine); 13 Watercolorists; Paintings by Hari Kidd; Bronzes and Drawings by Arthur Putnam; Watercolors by Edgar Bohlman; Illustrations and Caricatures by Arthur Szyk; Oils, Watercolors and Drawings by Daniel Rhodes; Paintings by Bessie Lasky; Watercolors by Edward Johanson and Richard Allman; Photographs of Bali by Philip Hanson Hiss; Animals in Art; Exhibition of Paintings and Sculpture sponsored by the Society for Sanity in Art; Photographs of the Madonna and Child by George E. Stone; three exhibitions of 19th century American wood engraving entitled "History in the Making," "Manners and Modes of Yesterday" and "Days of Real Sport" (assembled by the American National Committee of Engraving); The Work of Children in the Saturday Morning Classes; and "Time and the Monuments," a Decorative Mural with Preliminary Sketches by Eugene Berman.

In the course of the year notable additions were made to the Mildred Anna Williams Collection. A generous bequest of the late Mrs. H. K. S. Williams enabled the museum to acquire four outstanding masterpieces: "Peasants Before Their House," by Louis Le Nain (1593-1648); "Portrait of Mrs. Fitzherbert" by Thomas Gainsborough (1727-1788); "Portrait of Giulio Gilardi" by Giovanni Battista Moroni (1510/25-1578); "Lord Seaham as a Boy" by Sir Thomas Lawrence (1769-1830). Mr. H. K. S. Williams further enriched the collection bearing his wife's name by presenting the following paintings: "Still Life with Musical Instruments" by Bartolommeo Bettera (1639-1699); "Portrait of the Artist's Son" by Louis Leopold Boilly (1761-1845); "View on the River Meuse" by Eugene Boudin (1824-1898); "Harbor Scene" by Jan Brueghel, the Elder (1568-1625); "The Artist's Daughter" by Emile Carolus-Duran (1838-1917); "Portrait of a Lady" by Thomas Couture (1815-1879); "Still Life with Dog" by Jan Fyt (1611-1661); "Landscape with Washerwoman" by Meindert Hobbema (1638-1709); "Cupid's Offering" by Adolphe Monticelli (1824-1886); "Landscape at Sunset" by Aert van der Neer (1603-1677); "Portrait of the Duchess of Argyll and Hamilton" by Sir Joshua Reynolds (1723-1792); "Latona and the Frogs" by David Teniers, the Younger (1610-1690); "Grand Canal, Venice" by Felix Ziem (1821-1911).

Mr. Gordon Blanding presented to the City and County of San Francisco, for display at the California Palace of the Legion of Honor, his collection of paintings, numbering eleven canvases by William Keith (1839-1911), noted California painter, and representative works by Albert Bierstadt (1830-1902), J. Wenglein (active second half of the 19th century), Lorenzo Latimer (1857-1941), and Eugene Verboeck-

hoven (1798-1881). Additions to the museum's already fine collection of the work of the great French sculptor, Auguste Rodin (1840-1917), were made by Mrs. Alma Spreckels Awt.

An illustrated guide to the permanent collections of the museum is now in preparation and should be available for distribution shortly after the first of the year. This publication will be followed by a regular bulletin devoted to the activities of the museum.

Through the agency of a WPA project involving the expenditure of about \$40,000, the lower floor of the museum was extensively remodeled during 1941. Alterations included the construction of six new exhibition galleries in the south wing, the transfer of administrative offices to the north wing of the lower floor, and the creation of a library, together with quarters for the museum photographer and technical department. These improvements have increased exhibition space at the museum by approximately 30 per cent and have made possible the more efficient dispatch of administrative functions.

More than 20,000 persons, or 10 per cent of the total attendance for the year, availed themselves of the extensive educational activities which are offered free of charge at the California Palace of the Legion of Honor. In addition to regular gallery tours and special lectures in connection with permanent and loan exhibits, these activities included weekly art courses for adults, special discussion groups for colleges, schools, clubs, and other organizations, Saturday morning classes for children, Saturday afternoon motion picture programs, radio broadcasts, and week-end organ concerts.

In conclusion, it seems fitting to say a few words on the subject of the part which the museum will be called upon to play under the conditions brought about by the drastic developments of the past few weeks. At a recent meeting of American museum directors in New York, convoked for the express purpose of discussing this problem, it was resolved that the museums of this country should now, more than ever, continue their service to the public, doing everything in their power to sustain public morale. Experience has proved that, in times of stress and anxiety such as these, people instinctively fall back on what may be termed their "natural resources"—instinctively cling to and appreciate those things which do not change. In that category the museum surely belongs, for, in the sense that it constantly affords a place for the study and appreciation of beauty, a museum does not change, however varied may be its program of activities. With this thought in mind, it is the intention of the California Palace of the Legion of Honor to function as usual, meanwhile taking all possible measures necessary to safeguard the museum and its contents during the present emergency.

#### San Francisco Museum

Conditions of emergency since December 7 have somewhat affected attendance, causing an abrupt drop even for this time of year, which is normally quiet, during the first two days, with a gradual resumption of almost the normal level thereafter.

This museum has carried on its normal activities, even at night, since the outbreak of war, taking care simply to organize its staff into an air raid precautions unit on the pattern of those on duty in museums of Britain, and conforming carefully to blackout with provision for caring for visitors during such periods. Fortunately, the director was in attendance at the professional meetings of the American Association of Art Museum Directors last May when procedure, precautions, and policy for just such an event were thoroughly discussed, and the opinion and advice of national and local governmental authorities concerned were conveyed to the members. Thanks to this preparation, organization was complete on Tuesday, December 9, and functioned during the blackout of the preceding evening, and with perfection on the following Friday.

In accord with announced policy, the museum has carried on and

plans to maintain and even to increase appropriate aspects of its functions for the purpose of contributing to morale and to furnish that recall to the eternal values of civilization which people need more than ever in times of such tragedy as the present. Due measures have been taken to safeguard collections, meanwhile. Plans for intensifying the announced 1942 program of learning more about Latin American countries through their art are being pushed even more vigorously—for this impulse to understanding becomes more urgent in these times.

Many members of the staff have registered for Civilian Defense in addition to their regular work. Some have already been called to the armed forces and others have entered defense work. We plan to hold open the positions of any members called to the Army and Navy who wish to return after the war.

During 1941, special defense work undertaken by the museum included increased recreational and cultural activities and special invitations to share in them extended to men in the services. Also during the early months of 1941 the Director, Dr. Grace McCann Morley, was lent to the Council of National Defense, office of the Coordinator of Inter-American Affairs, to carry out a special mission in arranging art exhibitions of North American painting in countries of Latin America. She also served on the Advisory Committee on Art of the Division of Cultural Relations of the Department of State in Washington, advising on similar projects, and has been reappointed for the year 1941-1942.

The approximate general attendance for 1941, despite "blackouts," is 120,000.

The "educational" attendance—that is, people who came to attend some special activity—is for 1941 approximately 27,000. More than 7,500 children attended special activities for them.

At the end of the year over 120 exhibitions of many types, including contemporary painting, sculpture, prints, drawings, photography, and decorative arts, were presented, furnishing a very complete survey of the contemporary developments in the arts and related activities.

Of special interest were the Rouault, Murals of 28 States, Architecture of the Bay Region, Paul Klee, Pictures at Work, Artists of the Upper Mississippi, and the three all-American Annuals of the San Francisco Art Association.

Museum activities and notices of art activities in line of duty by staff members occupied more than 4,500 inches of space in newspapers outside of San Francisco during the year. More than 1,200 inches were given to it in periodicals of national circulation during the same period—advertising of San Francisco's cultural leadership which is of the highest value in bringing appreciation of the city's position in the country.

The active service of the museum to the community was greatly expanded during 1941, in programs and activities, especially of a nature to stimulate participation, for example the motion picture as art, the photo form, and so forth.

### San Francisco Public Library

The following is a summary of the more important activities of the Library Department for the year 1941.

Through the year there was an enrollment of 42,803 cardholders. This amount brings the total registration to 141,062 as against 140,213 for last year.

The budget amounted to \$440,908, which is an increase of \$34,433 over the previous year, and the book fund amounted to \$67,300, which is also an increase of \$9,300.

I approved of the automatic increases for the staff as submitted and I also approved of one third of the amount originally requested for increases for the other members of the staff.

The library system consists of the main library in the Civic Center; twenty-one branch libraries, twelve of which are in permanent buildings owned by the library, eight are in rented stores, and a business branch in the Russ Building. Five deposit stations supply reading material to the outlying districts. Unfortunately, no provision could be made in the budget for extensions to the branch system in spite of the fact that the North Beach and Marina districts have been making strong appeals for adequate library facilities.

The complete inventory of the main library and twenty-one branches was taken and all necessary and desirable missing material was replaced. The collection now numbers 532,074 volumes. This amount does not include thousands of unbound pamphlets or the Max Kuhl and Phelan memorial collections.

Like most public libraries throughout the country, a decrease in the circulation of recreational reading was reported although the reference and research departments were busier than they have been in some time. There has been an increased demand for technical books traceable to the National Defense program. Books on chemistry, shipbuilding and allied subjects are in constant use. The librarians have been in conference with the Army and Navy librarians in order to cooperate in supplying recreational reading as well as technical material to the men in the service.

The circulation of books for home reading was 3,535,355 volumes. This amount does not include the large number of books used in the various reading and reference rooms of the library. It is estimated that if this amount were included it would bring the total to over 9,000,000 volumes.

Extensive improvements and renovations have been completed on the main library and branches. The buildings and rooms are in much better condition than they have been for many years. New shelves for sheet music and orchestral scores have been installed in the Music Room. These improvements, together with the new piano in the sound-proof room, add much to the comfort of the patrons as well as to the efficiency of the staff.

There has been a steady and continuous use made of the new Bernal and West Portal branch buildings. The grounds in front of the Bernal Branch have been improved and the playground in the rear has been completed.

Many rooms at the main library and branches are being used by the local Red Cross for classes in first aid and all the library buildings are held in readiness to be used in case of emergency.

In conjunction with the Junior Chamber of Commerce, I again declared November 11th to 16th as Public Library Week. Appropriate exhibits were held in the main library and branches. Librarians gave talks before clubs and P.-T. organizations as well as over the radio calling attention to the facilities of the library. Classes from all the schools made regular trips through the main library and branches and were instructed in the use of the library. These visits were invaluable in training the pupils as well as aiding the teacher and librarian.

A number of exhibitions and lectures were held in the main exhibit room during the year. One of the most outstanding was the exhibition of Fifty Books of the Year sponsored by the American Institute of Graphic Arts. This exhibit was held simultaneously with similar ones in Eastern cities. The Rounce and Coffin Club also sponsored an exhibition of Western Books. Both exhibitions attracted a large number of visitors. Many lectures were also held in the assembly hall. Among the most popular were the ones given under the auspices of the Academy of Sciences, the Poetry Society and the Audubon Society.

On January 1, 1942, the library staff will be under the Civil Service Commission and all future appointments and examinations will be through this commission. Recognition should be made to the Library

Commission for the excellent manner in which it made appointments and conducted examinations during the past many years.

A large number of gifts were received during the year. The late Commissioner Albert M. Bender presented a number of rare items to the Max Kuhl collection and Commissioner R. B. Hale, who has since resigned from the Commission, also presented a valuable and interesting collection of books from his private library. Mr. Hale was a member of the Commission since August, 1907.

Mr. Henry Dippel, Jr., was appointed to the Library Commission to succeed Congressman Rolph and Mr. Nat Schmulowitz was appointed to succeed Mr. Albert M. Bender.

Once again I wish to thank the library staff sincerely for its unfailing courtesy and efficiency.

### **San Francisco Law Library**

The Law Library, nationally known and recognized as one of the most complete and well balanced collections of legal material in the land, continues its development and expansion under the management of Robert C. Owens, the librarian.

Originally a private corporation, the library became the property of the City and County in 1868 when it consisted of 2,000 volumes. By 1906, 48,000 volumes had been accumulated. All were lost in the fire. Completely reorganized and rebuilt during the ensuing years, the library now has on its shelves 112,450 volumes, 2,200 of which were acquired during the past year.

The collection includes text books, statutes, reported decisions, encyclopedic works and legal periodicals of federal, state and foreign jurisdictions.

It is of particular interest that the legal departments of the United States Army and Navy and federal governmental and administrative agencies are extensively availing themselves of the service and material afforded by the law library, and that its facilities are proving of inestimable value during the present national emergency.

### **Chief Administrative Officer**

The Chief Administrative Officer is held by the charter responsible to the Mayor and to the Board of Supervisors for the supervision of nine departments of government, for administration of the publicity and advertising fund and for coordinating the functions of the several departments charged with powers and duties relating to control of traffic.

The departments under the Chief Administrative Officer have been brought under closer supervision during the past year with a view to greater efficiency, interdepartmental cooperation and economy. This has been accomplished through inspections, reports and conferences. Policies concerning hours of work and courtesy and efficient service to the public have been conveyed to department heads in writing.

Departments under the Chief Administrative Officer are Health, Public Works, Purchasing, Real Estate, Electricity, Finance and Records, Coroner, Weights and Measures, and Horticultural Commissioner. The Department of Finance and Records includes the offices of County Clerk, Registrar of Voters, Recorder, Tax Collector, and Public Administrator. Operations of departments under the Chief Administrative Officer are covered in separate reports.

Further progress has been made in directing publicity and advertising expenditures to programs and activities that promote good will for the city and encourage businesses, industries and visitors to come to San Francisco.

Traffic problems that involve different departments of government have been handled through the Street Traffic Advisory Board, which

meets regularly under the chairmanship of the Chief Administrative Officer.

On the recommendation of the Mayor, the Board of Supervisors placed the Chief Administrative Officer in charge of the city's WPA program, effective July 1, 1941. In administering this program the Chief Administrative Officer has directed his efforts toward weeding out the less worthwhile projects and using this reservoir of relief labor to accomplish the most possible for the city.

As defense industries have taken up more and more of the labor slack there has been a trend since July 1 toward fewer eligibles for WPA jobs and toward even greater reemployment in private industry or by the Government. This trend promises soon to lead to a point where a minimum residue of employable needy, consisting mainly of persons not greatly desired in private employment, will remain for use in the WPA program.

The change of the country from a defense to war status caused a heavy strain of preparations for civilian defense to be placed on this office and on several departments under the Chief Administrative Officer. The Health Department, Department of Public Works and Department of Electricity particularly have been called upon for emergency defense work and preparations. These preparations for emergency were well under way by the year-end so that a lessening of the strain of getting ready to meet contingencies was in sight, though the necessity of remaining constantly on the alert will remain during the whole of the war emergency.

The demands of war industries for personnel have made it difficult to obtain city employees in some classifications. This difficulty has been felt particularly by the Department of Public Health and the Department of Public Works. The situation has been met in so far as possible by requests to the Mayor for declarations of emergency exempting certain classifications from the charter limit of ninety days for temporary appointments. The Mayor and the Civil Service Commission have cooperated.

It is a sad duty to report the death of Alfred J. Cleary early in the calendar year. Mr. Cleary was the first Chief Administrative Officer under the present charter. He assumed office in January, 1932, when the then new charter became effective. He died February 16, 1941. The entire city mourned his passing and paid tribute in public services to his memory.

Mr. Cleary was succeeded on February 20, 1941, by Thomas A. Brooks, through appointment by the Mayor. Mr. Brooks for nine years had served as the city's Purchaser of Supplies and as such had been head of the Purchasing Department under the Chief Administrative Officer. Mr. Brooks, on February 25, appointed Horace W. Kephart, who had been his chief assistant, as Purchaser of Supplies.

The city government incurred another heavy loss when Mr. Kephart died on September 29. He was succeeded by William C. Hubner, drafted from the ranks of private business for the position. Mr. Hubner took office on November 17.

### Department of Public Health

The activities of the San Francisco Department of Public Health associated with national defense were stimulated to wartime regime by the Pearl Harbor episode of December 7, 1941, and subsequent events.

In many ways the peace-time routine functions of the Health Department such as care of accident cases, hospitalization of those unable to provide for themselves, protection control of food, milk, and water supplies, suppression and control of disease, special nutrition studies of the community's needs, supervision of hospitals, clinics, boarding homes and nurseries, the problem of garbage control, elimination of sub-standard housing, public health laboratory control work,

inspection supervision of plumbing activities, the well baby center conferences and the maternity division work—now assume a magnified importance during wartime.

It is neither appropriate nor of value at this time to list accomplishments of the Health Department for the year 1941 in detail. Rather may we present a few highlights which appear to be pertinent:

(1) Division of Statistics records for 1941 will show three particularly encouraging trends, namely, a very distinct rise in the birth rate, a death rate slightly less than in 1940, and an estimated infant mortality rate reaching an all-time low of approximately 27.3 per 1,000 live births. Estimates based on eleven months of 1941 indicate that all major diseases are at a very low level, with mortality from acute diseases at a correspondingly low figure.

(2) Since rodents play such a prominent role in spreading disease during and following war or general disaster, new and additional rat surveys have been conducted continuously since July 1 of this year.

(3) Rigid inspection of milk production and distribution the entire food production and storage system, as well as the water storage and distribution services has been in continuous operation.

(4) Housing control work resulting in elimination of 65 sub-standard structures and rehabilitation of many others has been carried out during the year.

(5) Our public health laboratory has made from 12,000 to 15,000 examinations monthly, which are of invaluable assistance in the control of disease, food and water supplies.

(6) The Emergency Hospital System made 36,000 ambulance calls and treated 76,000 patients. It has also assisted in advanced Red Cross training course instruction.

(7) Over 9,000 certified copies of birth certificates have been issued, thus assisting men and women entering defense industries and the armed forces.

(8) In our institutions, the San Francisco Hospital, Laguna Honda Home and Hassler Health Home, the recent war activities have resulted in the evacuation of certain roof wards and the transfer of certain other patients in order to make every preparation for handling a maximum number of patients in case of necessity. A delivery room has been prepared in the basement of our Maternity Building. Additional cases from the San Francisco Tuberculosis Hospital have been transferred to Hassler Health Home located near Redwood City.

Employees are organized into teams for rendering every assistance in the protection or removal of patients in case of a disaster. Special precautions have been taken for the protection of buildings, stand-by lighting service and auxiliary water supply.

(9) Enlargement of the San Francisco Hospital Blood Bank in preparation for emergency purposes.

Defense activities for which specific preparation has been made since December 7, 1941, include the following:

(1) Assignment of additional doctors to each of our regular Emergency Hospitals to function in case of disaster.

(2) Selection of locations, equipping, and staffing of first aid and dressing stations strategically located over the city to be used in case of a disaster crisis.

(3) Mobilization of some sixty ambulances from private ambulance companies and mortician establishments to be made available during an actual emergency.

(4) Close coordination with all private hospitals in the city, the American Red Cross services, and the Civil Defense Council, with frequent meetings and discussion of plans.

(5) Organization of personnel has been effected making available

those technically trained for first aid and hospital service to be used as the occasion indicates.

### Health Service System

The Health Service System provided medical care for 7,234 employees of the City and County and of the Board of Education during the 12-month period ending September 30, 1941. This was the third year of operation of the system.

The average monthly membership of employees was 10,498. Sixty-nine per cent of the employee-members used the service during the year—a slight increase over the previous year.

In addition to the employee-members, the system provided coverage for an average monthly membership of 286 retired members, 3,364 adult dependents and 2,134 minor dependents.

The incidence of illness and cost of providing medical care for these latter groups exceeded that of employees.

The total disbursement for medical care for all types of subscriber was \$412,393. Of this sum, \$269,325 went to the doctors of San Francisco. Hospitals, laboratories and other agencies of medical care received \$143,068. The total disbursement for medical service was over \$20,000 more than for the previous year. The increase was due to an increase in receipts from contributing members and to a decrease in the portion of the receipts that went for administrative or non-medical expenses.

The doctors of the professional staff are paid according to a schedule of fees under which each item of service is evaluated by units. The maximum value of the service unit is \$1.00.

The greatest problem facing the Health Service Board is to bring the value of the service unit as near to the maximum as possible.

As a partial solution, the Board adopted changes in the service in October of last year. The scope of medical coverage for dependents was slightly reduced and the rate of contribution for both dependents and retired members who were 62 years of age and over was increased. The full effect of these changes has not yet been realized, but indications are that the rate of payment to the medical profession will be appreciably higher as a result of the adjustments.

In accordance with provisions of the Charter, the Board is engaged this month in conducting its annual survey of the experience of the system. An effort will be made to work out adjustments which will further increase the rate of payment to the medical profession without affecting the benefits of the employee-members.

In addition to problems that have arisen from past experience, consideration will be given to the probable effect of the war on operation of the service.

### Department of Public Works

Director A. D. Wilder reports, among many accomplishments in 1941, the following:

Major Street Construction—Third Street from Mariposa to 23rd Street, widened, work completed in December, 1941, \$130,000; 4th and Channel Street Bridge reconditioned, \$27,000; Oakdale Avenue Sewers and paving from Patterson to Barneveld Street, work being performed by WPA, city's sponsorship, \$13,000; 25th Avenue, Fulton to El Camino Del Mar, planing surface of roadway, \$3,500; El Camino Del Mar in Lincoln Park, paving, \$4,800. Total work on major streets, \$178,300. Howard Street, including Van Ness Avenue South from the Embarcadero to Army Street, is being widened by WPA forces with City and County sponsorship of \$60,000.

Street work on unimproved streets and paid for by assessment against property owners: Contracts were awarded on 26 different streets throughout San Francisco, aggregating \$166,100.

State Highways Within the Limits of San Francisco—Great Highway, protection walls, \$67,675; Lombard Street, Van Ness Avenue to Richardson Avenue, contract awarded to widen roadway and reconstruct, \$338,071; 19th Avenue and Park-Presidio Boulevard from Lake Street to Junipero Serra Boulevard, Traffic signal system and channelization work south of Sloat Boulevard, \$75,000. State highway repairs (miscellaneous), \$9,155; 19th Avenue and Holloway intersection, repairs, \$1,893; total, \$491,794. O'Shaughnessy Boulevard from Portola Drive to Bosworth Street has been sewerred and is being paved by the WPA forces with a sponsorship from the City and County of San Francisco of \$82,000.

Building Construction—New fire house constructed in Holly Park, \$52,661; Juvenile Court Building addition, \$26,918; Potrero Hospital and Police Station, rehabilitation, \$35,055; Registrar's Office alterations, \$1,416; City Hall, Room 286, alterations, \$2,512; City Hall, Traffic Fines Bureau, alterations, \$1,251; Aquatic Park rowing club's exterior treatment, \$4,970. Total miscellaneous building work, \$124,783.

Contracts were awarded for alterations and additions to 28 school buildings amounting to \$162,800.

Building Construction, Privately Owned—In private building industry, the volume increased approximately 50 per cent over 1940. Issued were 8,342 building permits for buildings estimated to cost \$37,192,637. The fees covering this work amounted to \$136,583.

Street Maintenance Work Performed by City Forces—Approximately \$400,000 was expended during the year on the repair and maintenance of over 750 miles of paved streets. Nearly \$610,000 was expended during the year for sweeping, washing and flushing of over 750 miles of paved streets.

Sewers—Approximately \$300,000 was expended during the year for the repairs and maintenance of sewers in over 750 miles of accepted streets. Plans and specifications have been prepared and bids will be called in the early part of 1942 for new sewers in various districts estimated to cost \$340,000, as well as replacements of existing faulty sewers, estimated to cost \$80,000. This work has been delayed due to inability to obtain adequate engineering help.

#### Purchasing Department

Total purchases for the year 1941 amounted to \$5,995,582.47, as against a total of \$5,810,021.16 for the year 1940, an increase of \$185,561.31. Although the increase in the money expended is only nominal in comparison with the total figures involved, the number of purchase orders issued increased from 52,285 in 1940 to 61,579 in 1941, an increase of 17.775%.

The actual operating cost of the department was reduced both as to the average cost per order and the ratio of the total cost to the total value of purchase. The latter figures indicate that the Purchasing Department regards efficiency and economy as prominent considerations and objectives.

The total of 61,579 purchase orders issued and the separate expenditures for the various departments are summarized below:

General and Miscellaneous, 28,615 orders, \$2,728,545.76; Education, 17,156 orders, \$942,802.75; Health, 5,649 orders, \$908,861.18; Utilities (other than Water Dept.), 5,086 orders, \$723,026.45; Water Department, 3,298 orders, \$537,891.60; W.P.A., 1,775 orders, \$154,454.73.

It will be noted that the Purchasing Department is continuing to do all purchasing for all departments, commissions, boards and institutions of the City, and a considerable amount for the Work Projects Administration. In addition, this department operates and supervises repair shops for automotive and mechanical equipment, garages, store-rooms, warehouses, and a gasoline and oil service station for municipally-owned automotive equipment. During the past year a reduction in the cost of operating all of these units has been effected.

In its control of the City's equipment inventory, this department has effected many transfers of property and equipment from one department to another, thus avoiding the necessity for additional purchases.

The Tabulating Division of this department is now handling the statistical operations of the Traffic Fines Bureau, of the Courts and of the Police Department, and is at the same time rendering as part of its regular routine, valuable assistance to many other departments.

The marked change in the operations of all kinds of business and in the commodity markets throughout the country has had a notable effect upon the operations of this department, because of the difficulties of procurement. We are now forced to go far afield for many commodities which until recently were readily available from many local sources. This condition, heightened by recent developments in the national emergency, will undoubtedly increase the work and the scope of the operations of this department.

It will continue to be the policy of this department to operate with the highest possible degree of efficiency and at the lowest cost compatible with good business procedure.

### Department of Electricity

Ralph W. Wiley, Chief of the Department, indicates considerable activity during 1941, in the Department of Electricity.

*Civilian Defense.* Eight 15 H.P. electric motor driven sirens, to be used as air raid warnings, have been installed at the following locations: Lafayette Square; Roof of Bekins Van & Storage Co., Geary & Masonic; Roof of George Washington School, 30th & Anza; Roof of Lincoln School, 24th & Quintara; Twin Peaks; on hill near Lake View and Orizaba; on hill in McLaren Park, near Alder and Ankenny; Bernal Heights near Esmeralda and Shotwell. These sirens are electrically controlled from the Central Fire Alarm Station so as to give a simultaneous signal from all sirens. In addition to the above, circuits have been installed to control the siren in the Ferry Building, the siren on the Third Street Bridge and the siren on the Islais Creek Bridge. Circuits connecting the Fire Alarm Station with ten substations of the Pacific Gas and Electric Company were installed to permit simultaneous blackout of all street lights throughout the city.

*Fire Alarm System.* Installed 19 new fire alarm boxes, making a total of 1606 boxes now in service. Monthly tests of fire alarm boxes totaled 19,173; signals transmitted totaled 32,178. *Police Boxes.* Installed 3 new police boxes, and 84 police call boxes were changed over from Gamewell to new Department of Electricity type. *Two-Way Radio.* Installed new two-way radio system for Police Department. Five receiving antennas were installed at the following strategic points: on top KCPD transmitter, Russian Hill, Twin Peaks, Golden Gate Heights and Bernal Heights. Approximately 20 transmitters installed in cars of San Francisco Police Department, also one in Police Boat. With money available in 1941-42 budget, plan to equip cars of the entire department with two-way radio giving the department one of the finest, most up to date two-way radio systems in the United States. Radio receiving sets were maintained and repaired in 123 police cars, 73 motorcycles, 26 fire department cars, 2 fire boats, 1 police boat and 19 police stations and offices. Teletype system consisting of 17 teletypes and 2 spare printers, maintained for the Police Department.

*Traffic Signals.* There are 211 intersections controlled by automatic traffic signals, which were maintained and repaired by this department. During the year signals were placed in service at two additional intersections. *Street Signs.* Installed 195 new street signs, 148 signs repaired or replaced. *Machine Shop.* Manufactured 4 traffic signals, 277 street signs, 27 fire alarm boxes, 86 police panels, 55 police boxes, 24 beacon reflectors, 5 two-way radio panels, 5 remote control cases for two-way radio, 48 Stop Sign resistance units, 12 radio resistance units, 6 three-way signs for traffic signals, 1 automatic traffic timer, 42 fire

alarm board line keys, 21 fire alarm board list light holders and 2 Simplex traffic timer control boxes. *Cable Installed.* New traffic signal cable installed on Van Ness Avenue from Pacific Avenue to Oak Street.

*Inspection Bureau.* Received 21,093 applications, approved 18,065 and 67,750 inspections were made. Inspected 13,140 pinball machines, 5,524 phonographs. There were 280 paint spray renewals, 100 new paint spray applications. Also the necessary inspections were made for the enforcement of the retail sales ordinance. Inspection fees and other revenue received totaled \$87,712.00.

Inspections of overhead line construction totaled 5938. Total expenditures amounted to \$213,305.00.

**Real Estate Department**

During the year 1941, the Real Estate Department under the Director of Property purchased lands for various departments of the City and County of San Francisco, as follows:

<i>Project</i>	<i>Parcels</i>	<i>Amount</i>
Army Street Widening		
Land \$41,983. Relocation of Improvements \$7,625.....	4	\$ 49,608
Lombard Street Widening

Portola Drive Widening .....	9	43,590
Third Street Widening		
Land \$4,721. Relocation of Improvements \$55,600.....	4	60,321
Miscellaneous Streets .....	29	27,434
Aquatic Park .....	1	23,925
Fleischhacker Playfield .....	1	18,840
Lafayette Park .....	1	20,000
McLaren Park .....	7	9,900
Yacht Harbor .....	3	56,969
Commodore Stockton School .....	1	3,000
Grattan Playground .....	1	6,000
Sigmund Stern Grove .....	1	5,748
Upper Noe Playground .....	1	6,750
Sutro Reservoir Site .....	3	33,881
Cross Town Pipe Line Easement .....	1	500
Totals .....	100	\$744,359

Twenty parcels of City owned land were sold or traded for the total sum of \$106,458. Nineteen of these parcels will now be subject to taxation by the City. The remaining parcel, containing 86 acres of hilly land in San Mateo County lying between Sharp Park and the City's jail property was sold to the Federal Government to be used for a United States Coast Guard radio station. About twenty-five buildings were sold for the total amount of \$15,118, including certain Hetch Hetchy buildings and railroad track at Livermore, California.

An exchange of lands was concluded definitely fixing the common boundary lines between the City's Lake Merced lands and the Metropolitan Life Insurance project on Junipero Serra Boulevard.

About fifteen important leases were negotiated for the Water Department, Recreation Department, Fire Department, Health Department, Municipal Railway, District Attorney, Board of Education and Juvenile Detention Department. Many other month to month leases were also entered into. The land leased for the Juvenile Detention Department, known as the Log Cabin Ranch, contains approximately 620 acres, and is located near La Honda in San Mateo County. Buildings are being constructed on this ranch property for housing, training and rehabilitating certain delinquent boys.

In response to a request from the Board of Education, the Director of Property has prepared a new lease to begin July 1, 1943, for renting the Lincoln Building and lot located at the southeast corner of Fifth and

Market Streets, San Francisco, size 275 feet by 275 feet. The present lease expires on June 30, 1943, whereupon the improvements become the property of the City. On August 1, 1941, the Superior Court of San Francisco concluded that legal title to the property is held by the San Francisco Unified School District in trust for the City and County of San Francisco, a municipal corporation. The City now receives \$7,243 per month as ground rental for this property.

The Public Library and the Park Department has just received about \$225,000, as the result of official acceptance of a bequest left to the City by the late Alfred Fuhrman. This bequest includes various stocks and cash valued at \$135,000 and also real property appraised at \$90,000. The real property includes lands in San Francisco, Monterey, Kern and Fresno Counties. During the past few months considerable income has been derived by the estate from oil wells located on part of the land in Kern County. In accordance with the City's Charter, this real property will be managed by the Real Estate Department.

Considerable work was done by the Director of Property in arranging for moving the offices of the Public Welfare Commission from the corner of Fell and Gough Streets to the Board of Education Building located at the southeast corner of Bush and Stockton Streets. The old quarters were found to be inadequate and it was therefore necessary to move to the new location. By resolutions of the Board of Education and the Board of Supervisors, the new building was transferred to the Public Welfare Commission for a period of five years, subject to the condition that said Commission shall expend not less than \$35,000 for improvements, alterations and repairs on the property. On recommendation of the Mayor, the Board of Supervisors enacted a supplemental appropriation ordinance providing the necessary funds for this purpose.

\$155,479 has been collected from miscellaneous rentals of City owned lands and improvements, representing a \$1,325 increase over last year. About \$57,238 has been earned from rentals at the Civic Auditorium, representing a \$5,238 increase over last year.

#### Sealer of Weights and Measures

Herewith is presented the annual report of the activities of the Department of Weights and Measures for 1941.

Honest weights and measures are in use in greater numbers in San Francisco today than ever before. In view of the fact that no unusual schemes for cheating or defrauding the purchasing public were detected during 1941, it would appear that vigilance on the part of the Inspectors as well as the education of the public to watch the weighing and measuring devices at all times for accurate delivery, has gone far to reduce dishonesty and fraud.

This department covers a broad field of activity. It is required by law to inspect and test all scales, weights, measures, pumps, etc. used in commercial establishments in San Francisco. Its duties involve not only the observance of these instruments in use, but also to weigh all foodstuffs in package form to see that they are properly marked as to contents and that the weight marked thereon is correct.

During the past year, this department received several requests from high army officers of the United States Government to inspect all scales, pumps, etc. at the Presidio, Fort Mason and government boats at pier 56, which were complied with.

Sealer James A. Hughes reports that the Department of Weights and Measures received the fullest cooperation during the past year from the various Municipal Judges, the Better Business Bureau and the newspapers of this city.

During 1941, the Department visited 10492 establishments, received and adjusted 62 complaints and issued 10279 certificates. Arrests made and convictions secured, 5; fines received, \$125.

Scales: 19479 sealed; 1484 adjusted; 415 condemned; 71 confiscated; total 21449. Weights sealed 23540; adjusted, 36; confiscated, 85; total, 23661. Gasoline pumps sealed, 4719; adjusted, 72; condemned, 117; confiscated, 5; total, 4913. Liquid measures sealed, 12846; adjusted, 7; condemned, 17; confiscated, 5; total 12875. Commercial packages re-weighed, 181,335; condemned, 3915; total, 185,250.

### Coroner

The Coroner's Office in the period from January 1 to November 1, 1941 has again functioned in such a manner as to deserve the national recognition it has received for the completeness and the scientific accuracy that mark its investigations. The completeness with which the causative facts pertinent to the accidental deaths investigated are demonstrated, together with the recommendations which follow are of unestimable value and should result in a reduction of similar fatal accidents. The office has cooperated with the National Safety Council in its study of the relationship of alcohol to traffic accidents. Immediately following the onset of the war, the Coroner's Office was placed on an emergency basis, and at present is prepared to function in and cope with any catastrophe that might occur. A study of the statistics for the period covered by this report shows the office handled a total of 2090 cases, a decrease of 81 cases from the corresponding period last year. The number of Inquests held was 2090, Jurors summoned and serving 817, autopsies performed 1919, Pathological examinations made 2241, Toxicological examinations completed 1265. In spite of a reported increase in Motor Vehicle Traffic Deaths throughout the nation, the deaths from this cause in San Francisco were slightly less, 77, as against 78 in the same period of 1940, and the traffic deaths in children under 15 were markedly lower, being 6 as against the 1940 total of 11. Since the organization of the Junior Traffic Patrol in 1923, no death in this group has occurred in zones patrolled by school-boy traffic officers, an incomparable record.

Although deaths resulting from falls and other miscellaneous accidents increased from 183 to 220, it is remarkable that in spite of the industrial speed-up resulting from the Defense Program, the occupational fatalities decreased from 30 to 23. In comparison with 1940. Homicides decreased, 22 as against 27, Suicides increased, 157 as compared with 154. The revenue received by the office for certification of papers and transcripts of testimony increased from \$822 to \$1600.

Murders, during this period numbered 11, as against 19 in 1940; natural causes brought 1317 deaths, as compared with 1158 in 1940; natural causes, signed from history 146—375 in 1940; natural causes, contributory, excessive use of alcohol 25, to 61 in 1940; chronic alcoholism 13, a decrease of 22; homicides, not classified 11, an increase of 3; from street railway accidents, 2, by steam railroads, 2; accidental poisoning, 10, as compared with 9 in the similar period of 1940.

As to the motor vehicle fatalities, 56 were pedestrians, 40 occurred at intersections, and 47 occurred between 6 p.m. and 6 a.m.

### Juvenile Probation Department

Chief Probation Officer, R. R. Miller reports as follows for the Juvenile Probation Department:

During the fiscal year 1940-41, a total of 1224 new cases passed through the Juvenile Court, exclusive of repeaters. Of this number there were 544 girls and 680 boys.

There was expended from the Maintenance of Minors Fund, including all children placed through the Juvenile Court with foster homes, institutions and own families, the total amount of \$752,392.00. Breaking this down, there was expended in: Institutions, \$56,916.00; Foster Homes, \$411,508.00; with own families \$283,968.00. Of this amount the State and Federal governments reimbursed under the State Aid Act for Needy Children (Social Security Act) the sum of \$370,138.00. In addition to this amount the sum of \$68,000 was collected by the

Juvenile Court from parents under payment orders and reimbursed to the City and County of San Francisco for moneys spent in behalf of their children, making a total reimbursement to the County of \$438,138.00, and thereby making a total actually expended from the City and County of San Francisco fund for maintenance of minor children through the Juvenile Court of \$314,254.00.

Particularly outstanding for the year was the enthusiasm expressed by the Mayor, the Courts, the Board of Supervisors, and other bodies in an endeavor to assist the Juvenile Court in creating a higher standard of efficiency and work. As a result, a request was made to the National Probation Association for one of their field workers to make a survey of the Juvenile Court so that the work might be placed on a higher plane and respected in comparison with other outstanding Juvenile Courts of the country. Mr. Francis Hiller of the National Probation Association was sent to San Francisco, arriving on March 10, 1941, and commenced his survey.

The Honorable Frank H. Dunne, who presided over the Juvenile Court for eleven years, was taken by death.

During June 1941 the Honorable Thomas M. Foley, Judge of the Superior Court, was appointed a full time Judge of the San Francisco Juvenile Court. With his appointment the Juvenile Court is in a position to present a complete service to San Francisco, emphasizing the true picture of a Children's Court. Judge Foley has emphasized a desire to widen the scope of responsibility and to centralize a court procedure for the protection of all children within the city.

On March 1, 1941 the entire responsibility of the Log Cabin Ranch School was taken over by the City and County of San Francisco. Its immediate control remains with the Probation Department, and its staff now comes within Civil Service. The location of the Ranch is at Gualala, California, about 160 miles northwest of San Francisco. Plans are now being formulated to move the Log Cabin Ranch School to La Honda, where closer proximity to San Francisco will reduce travel expenditures and will allow for a more centralized program. The rehabilitation of boys accomplished at Log Cabin Ranch is particularly outstanding. Inculcated into the school as an excellent training in ranch life which includes the raising of live-stock, truck gardening and fruit raising. The boys attend school regularly. There is now theoretical instruction in the classroom with a good, practical vocational training program.

During the fiscal year there was passed by the Board of Supervisors the sum of \$37,500 for the construction of a new court building to adjoin the rear of the present Detention Home. From this sum there are also to be supplied funds for needed alterations in the existing building, which will allow for ample office space to meet the expanding duties. The new court building will house the Judge's chambers, a court room of practical size, the District Attorney's office, office for the Clerk of the Court, jury room, and waiting rooms. There will be a passage through the present building for children and staff members, while adults involved in child cases will not be required to go through the Juvenile Court building, but rather through another provided entrance.

Advancement has been particularly outstanding during the year in psychological and psychiatric case work with delinquent children. This field has assisted the probation staff in its recommendations to the court for disposition of cases.

The Juvenile Court, with its wide scope of activity and responsibility, has been serving the public with every degree of satisfaction. The staff, which numbers close to 68 people, including Detention Home, Log Cabin Ranch and Probation Department, has exemplified efficiency and excellent morale in carrying out the prescribed duties.

#### **Agricultural Commissioner**

County Agricultural Commissioner, W. F. Carroll's report observes

that the inspection of all inter- and intrastate shipments of plants, bulbs and seed is the responsibility of this department. During the year 1941, incoming nursery stock shipments numbered 1682—1,348,323 plants, with only 21 shipments rejected amounting to 25217 plants. Nurseries inspected: 55, private homes inspected: 34, retail nurseries inspected: 126. Shipments of nursery stock to other points in the United States and foreign countries: 144 shipments, 451 plants.

Retail Store Inspections: 2409 stores inspected for the condition of fruits, nuts, vegetables, honey and eggs. Fruits, nuts and vegetables reconditioned: 656 packages, remarked: 114 packages, dumped: 376 packages. Eggs reconditioned: 370 dozen, remarked: 4297 dozen, dumped: 300 dozen. Honey reconditioned: none, remarked: 64 jars, dumped: none.

Wholesale Fruit and Vegetable Market: Number of inspections: 1897. Fruits and vegetables reconditioned: 22,529, packages, remarked: 9117 packages, dumped: 18,994 packages.

There were 7900 shipments of fruits, nuts, vegetables, cereals, garden seed, plants and other miscellaneous commodities to points in United States and foreign countries, amounting to a total of 520,353 packages.

There were 1439 inspections of potatoes, onions, beans, rice, eggs, butter, cheese, cereals, dried fruits, alfalfa hay, red oat hay, crushed oats, rolled barley, bran, rice straw, corn, wheat, and birdseed for City Institutions with only the following four rejections: 1440 dozen eggs, 600 pounds butter, 150 pounds of cheese and 8000 pounds of potatoes.

The revenues taken for export work and City Institutions together for the present year amount to approximately eight thousand dollars (\$8,000.00).

#### Department of Finance and Records

This department is charged with the administration of the functions and personnel of the following offices: Tax Collector, Registrar of Voters, County Clerk, Recorder, and Public Administrator.

The expenses of the Administrative office for the calendar year 1941 were \$8,034.99.

During the year, the Tax Collector produced an increase of \$2,537.-302.01 over the collections for the preceding year.

The Public Administrator filed 289 Final Accounts during the year showing a total of \$59,991.65 in fees paid into the Treasury.

Registrar of Voters Major C. J. Collins was retired for service during the year and Cameron H. King, former Chief Clerk of Registration, winner of the competitive examination for the position, was named to succeed to the position of Registrar.

The Recorder's office shows a steady increase in the number of instruments filed and a resultant increase in the amount of fees collected.

The County Clerk has completed the organization of the Naturalization Department, and is now handling the clerical work attendant upon the examination of applicants and their witnesses prior to appearance before the Superior Court for final papers.

Detailed reports upon all the offices mentioned above are submitted herewith.

#### Tax Collector

The report of Edward F. Bryant, for the fiscal year closing June 30, 1941, shows collections as follows:

Real estate taxes and secured personal taxes, \$31,942,967.00; unsecured personal property taxes exclusive of delinquent revenue bureau, \$920,900.30; total receipts, \$32,863,867.30, an increase of \$2,442.-758.04, because of tax rate increase over preceding year. Bureau of Delinquent Revenue Collections, various delinquent accounts from City and County departments (less by \$18,548.73 than preceding year) \$164,650.07.

Bureau of Licenses (increase of \$113,092.70 because of new business licenses) \$431,664.77; total collections, \$33,460,182.14, an increase over preceding fiscal year of \$2,537,302.01.

### County Clerk

The year 1941 saw the completion of the organization of the Naturalization Department of the County Clerk's Office, set up to function in cooperation with the United States Department of Naturalization. Weekly hearings are held with a United States Examiner in attendance, for the purpose of examining applicants and their witnesses and final examinations are held before the Superior Court, twice each month. This work involves the advising of hundreds of aliens monthly and imposes extra duties upon the County Clerk's Office, but the importance of the work justifies such extra efforts as are required. The total fees collected for the first full year's operation from Naturalization work, amounts to the sum of \$2,832.50.

Total fees collected, together with fines and forfeitures for the year 1941, amounted to the sum of \$125,803.40.

### Recorder

The improvements made in the Recorder's office in 1940 in conformity with State laws which resulted in better service to the public and more economical and efficient operation of the office, have produced splendid results for the year 1941. With some 2,000 more instruments recorded and an increase of more than \$4,500 in fees collected, the amount spent for salaries remains almost identical with that for 1940, while the amount spent for record books, due to a new space-saving method of copying, has been reduced almost 15 per cent.

Recordation of marriage licenses has increased about 5% over last year's figures which, by the way, were the smallest in almost 30 years. This increase was probably due to the desire of many selectees to wed before entering the service.

A constantly improved service consistent with sound economy is the aim of the Recorder and one of the major steps in this direction will be the installation of photo-recording. Efforts have been made, and are still being made, to amend the provisions of our State laws which at present prevent the use of this method. The Recorder believes that permission of the legislature for the use of this scientific means of reproducing records can be obtained, but it may take a little time.

Fees for the calendar year total \$132,800, while the total paid out in salaries was \$87,965.

### Registrar of Voters

Cameron H. King, Registrar of Voters reports that, during the 1941 calendar year his office maintained the same pace of efficiency and economy that has characterized its past performance.

After the cancellation of 59,510 registered electors for neglecting to vote either at the primary or general election in 1940, the office registered 15,623 new persons, to restore the register to 341,294. The municipal election on November 4, 1941, brought out 213,908 voters.

The returns of this election were handled with exceptional celerity. There were 1111 voting precincts and all reported the results in good time. Complete tabulation of votes for the whole city was given to the press by 11 p.m. election night.

The voting machines gave complete satisfaction. The city now owns 1335. With the continued expansion of the voting population, however, fifty more machines are needed.

Voting machines are stored in two warehouses. These buildings are not large enough nor are they properly suited for the care and handling of the machines. They are not fireproof, or dampproof. The entrances and floor layouts are very badly arranged. A single fireproof building should be provided, designed for the purpose of handling these machines.

Reapportionment of the legislative districts requires re-sorting of the 341,294 affidavits of registration into the new precincts and districts. New precinct maps are being prepared and the number of precincts has been increased from 1111 to 1184.

In addition to the registration of voters and the conduct of elections, the office handles a great deal of work in notarizing civil service applications and issuing certificates of registration for persons employed in defense work.

With the retirement of Major C. J. Collins as Registrar of Voters on January 31, 1941, there were several promotions of personnel through civil service examinations. Cameron H. King, formerly Chief Clerk of Registration, became Registrar, Geo. A. Donohoe, Law Clerk, became Chief Clerk of Registration and John J. Hannon succeeded Mr. Donohoe as Law Clerk. The main office remained under the efficient direction of Mr. Ignatius D. Dwyer, Chief Clerk of Elections. The permanent office force of the Registrar of Voters operated in 1941 on a budget of \$7816, less than in 1931.

Pressure of the traffic office for space and the placing of huge relief map in the main registration room has seriously handicapped the Registrar's office in its own work. Removal of the relief map is a necessity for continued economy and efficiency in dealing with the voters and receiving election returns.

#### **Public Administrator**

Phil C. Katz, Public Administrator, submits his report of the operations of the Public Administrator's Office for the period from January 1 to December 15, 1941.

Number of estates wherein Public Administrator took possession, 278; number of estates in which final accounts have been settled and allowed, 289; Administrator's commissions collected and paid into County Treasury, \$28,572.17; Attorney's fees collected and paid into County Treasury, \$28,572.16; sundry revenue collected and paid into County Treasury, \$2,847.32; total collections paid into County Treasury, \$59,991.65; total cost of operation of office, \$44,436.14; profit, \$15,555.51.

During this year the office handled more estates and more final accounts were settled and allowed than during the previous year. The profit from operating the office is likewise greater than that shown last year.

This office has been particularly affected by the war. Regulations and restrictions in ever increasing numbers, covering the property of alien deceased persons and distributive shares of alien heirs have greatly augmented the work of the personnel and placed additional responsibilities on all concerned.

#### **Public Welfare Commission**

Starting July 1, 1941, the duties and responsibilities of the Public Welfare Commission, and of the Public Welfare Department of which it is the policy-forming and supervisory body, were increased through the discontinuance of operations of the State Relief Administration. Prior to that time, the Public Welfare Department administered the three classifications of public assistance, Aid to Needy Aged, Aid to Needy Blind and Aid to Needy Children, in which the Federal Government and the State of California participated financially with the City and County of San Francisco. It also administered indigent aid to unemployed unemployable persons. Relief to unemployed employable persons was administered by the State Relief Administration through its offices in San Francisco. Subsequent to July 1, 1941, the administration of relief to unemployed employable persons also became the responsibility of the Public Welfare Department.

The budget of the Public Welfare Department for the fiscal year 1941-42 already had been adopted prior to the failure of the California Legislature to provide funds for the continued operation of the State Relief Administration. With the discontinuance of operations of the

State Relief Administration, therefore, it was necessary that additional funds be provided to cover the cost of indigent aid to employables for the fiscal year. This was done through the inclusion of an additional amount of ten cents (10c) in the tax rate, which made available a total amount of \$747,749 for this purpose for the fiscal year 1941-42.

During the calendar year just ended, the Public Welfare Department authorized the disbursement of \$7,465,000 to the Needy Aged, the Needy Blind, the Needy Children and the Indigents. The cost of administration was \$542,700, or 6.8% of the grand total of \$8,008,200. Of this grand total, the total cost from City and County tax funds for the year was \$3,483,500. The balance of the cost was met from Federal and State funds.

The following tabulated statement shows how the money disbursed was divided among the types of recipients, the parts that were provided by Federal and State subventions, and the portion that was paid from City and County tax funds.

Disbursements of the Public Welfare Department

**Aid to Needy Aged:** Over 65% of all disbursements of the Public Welfare Department for the year just ended were for the benefit of our Needy Aged. The greatest increase in the disbursements of the Department has occurred in connection with these needy aged persons. In November, 1941, 11,960 eligible aged San Franciscans received assistance checks, an increase of 621 over November of 1940. The total cost of Old Age Assistance during the calendar year just ended was \$304,700 greater than that for the previous year.

**Aid to Needy Children:** The Public Welfare Department administers aid to only one class of dependent children—the half-orphans whose fathers or mothers are dead or have been declared presumptively dead by court action. The other classes of needy children are granted aid through the Dependency Division of the Juvenile Court. For the month of November, 1941, aid was extended to 520 cases, representing 1,221 children. The similar figures for November, 1940, were 614 cases and 1,478 children. The total amount disbursed for Aid to Needy Children during the calendar year just ended, including supplementary Aid to Needy Children, was \$32,700 less than that disbursed during the preceding year.

**Aid to Needy Blind:** The number of blind persons receiving assistance thorough the Public Welfare Department in November, 1941, was 523 as compared with 551 blind persons receiving assistance in November, 1940.

**Aid to Indigents:** The responsibility of caring for indigent persons now includes both employables and unemployables who have a County residence of one year and a State residence of three years, the State residence being independent of public or private assistance prior to application for relief. Under the Act granting aid to the indigent, relief may be extended for only a temporary period to non-residents, that is, persons who do not have three years' independent residence in the State prior to application for relief. Non-residents may receive emergency aid according to an ordinance of the Board of Supervisors for sixty days with the provision that ninety days may be allowed in cases of illness. The cost of Indigent Aid for the year just ended was \$1,533,700 as compared with \$1,349,700 for the previous calendar year, or an increase of \$184,000. This increase resulted from the employable cases which came onto the rolls of the Public Welfare Department on July 1, 1941 when the State Relief Administration discontinued operations.

In August 1941, the Public Welfare Commission created an Employment Division within the Public Welfare Department. The purpose of this division was to attempt to find placement in private employment for the employable unemployed through cooperation with the California Department of Employment. The activities of this division, together with the recent increases in general employment, have been so beneficial that, although more than 3,000 new cases became the responsibility of the Public Welfare Department in July, as of December 15, 1941, there were less than 400 more cases receiving Indigent Aid than were receiving such aid one year ago.

Prior to July 1, 1941, the State Relief Administration was the agency in San Francisco which certified persons for employment with the Federal Works Projects Administration. In November, it became the responsibility of the Public Welfare Department to refer to the WPA for certification of all persons eligible for such referral. The Work Projects Administration currently provides jobs for some 5,000 persons in San Francisco as compared with an employment one year ago of approximately 9,000 persons.

As of January 1, 1941, I appointed Mr. Frank Y. McLaughlin as a member of the Public Welfare Commission replacing Mr. Guido J. Musto, whom I appointed as a War Memorial Trustee as of that date. During the calendar year 1941, therefore, the Public Welfare Commission consisted of Mr. F. M. McAuliffe, Chairman, Mr. Frank Y. McLaughlin, Mrs. Eugene M. Prince, Miss Ruth A. Turner and Mr. Edward Vandeleur. I am grateful to the members of the Public

Welfare Commission for their devotion to those in San Francisco who are unable to provide for themselves. I am grateful to them for their efforts to conserve public monies by granting aid only to those who are truly needy according to the law and eligible to assistance through the Public Welfare Department. It is the policy of the Public Welfare Commission that every person in San Francisco who is eligible for public assistance be given the maximum amount for which he or she is eligible within the shortest possible time and that every ineligible person who secures, or attempts to secure, the assistance that is provided for needy eligibles be penalized as provided by law.

### San Francisco-San Mateo Livestock Exposition Buildings

More than a decade of effort on the part of the citizens of San Francisco and San Mateo Counties, as represented by the No. 1-A District Agricultural Association, bore fruit during November, 1941 in the first annual Grand National Livestock Exposition.

A goodly portion of the credit for the truly amazing success of this great livestock exposition, horse show and rodeo should be attributed to the \$50,000 appropriated for promotion and publicity purposes by the City and County of San Francisco.

Exceeding even the fondest expectations of the agricultural association's board of directors, the Exposition drew an estimated grand total of 142,197 spectators through the gates of the "Cow Palace" during eleven performances from November 15 to 22.

Total net paid attendance was 117,468. Gross receipts were \$95,308.69. After deduction of ten per cent Federal amusement tax, net gate receipts amounted to \$85,751.92. When it is remembered that more than half of the seats in the "Cow Palace" were sold at a popular price of 55 cents, this is a most satisfactory outcome.

More important than the gate receipts was the intense interest and complete support accorded the Exposition by exhibitors of livestock and show horses.

In the Livestock Division, 145 exhibitors from 18 states showed 2,085 head of the nation's finest beef and dairy cattle, sheep and swine to participate in what qualified experts declared to be one of the nation's top ranking domestic animal expositions. In the horse show, 145 of the country's noted stables entered 253 blooded horses to produce a spectacle which, in its premiere, took rank alongside the Madison Square Garden classic in New York.

Thus, the Grand National established San Francisco as the peer of the time honored livestock show and service centers of the United States. More than that, it made tremendous strides in advancing and cementing the bonds of friendship between San Francisco and her agricultural neighbors.

### Municipal Court

Presiding Judge Alden Ames, in his report for 1941, to the beginning of December, for the Municipal Court of the City and County of San Francisco, shows an excess in revenue over expenditures, of \$375,710.13.

There is a tremendous increase in traffic fines. This indicates, obviously enough, enforcement of the traffic laws on a large scale. As many of the fines collected are \$1.00 each, the parking laws are being enforced as well as other violations in great numbers, as is shown by the number of tags issued. An increase in expenditures of \$50,000, mainly for rental of machines and increased help in the Traffic Fines Bureau, necessitated by the greater number of tags issued, resulted in an increase, in revenue, over the same period in 1940, of more than \$150,000, establishing the highest record in the history of the Court.

Criminal actions numbered, 313,893; small claims brought, 4,941, of which 1,073 were official; civil suits, 10,736, of which 252 were official.

Civil fees received, \$68,109. Fines, in cases other than traffic, \$36.-

683.68. Traffic fines, all sources, \$547,068.86. Total revenue, \$651,861.54; expenditures, \$276,151.41.

Traffic tags settled in Fines Bureau, 381,584; revenue, \$396,812.50; tags to Court, 25,964; revenue, \$150,256.36. The increase in the number of tags issued under each heading was over 100%.

### Public Defender

Gerald J. Kenny, Public Defender, reports that, during the year 1941, his Department handled 1433 cases in the Superior, Municipal, Juvenile Courts and Detention Hospital. He and his assistants interviewed and gave advice to 3362 persons without funds to employ private counsel in civil matters. They made 3219 appearances in courts during the year.

The Public Defender advises persons who are obviously guilty, to plead guilty, thereby eliminating costly and long drawn out trials and saving the City and County thousands of dollars annually in court costs and jury fees. The Public Defender and his assistants, in cooperation with the District Attorney and Judges, endeavor to make proper disposition of these cases, both for the benefit of the People of the State of California and in the interest of the defendants and the protection of their legal rights.

### District Attorney

During 1941, this office participated in and conducted approximately 47,000 court hearings; issued 23,400 citations; conducted 21,000 citation hearings; was represented at all sessions of the Grand Jury during the year, both regular and special, and collected and turned into the City Treasurer's Office in bail money the total sum of \$789,012.50.

Also, this office participated in all Coroner's inquests wherein suspicion of crime in connection with deaths was present, attended all meetings of the Parole Board, all meetings of the Traffic Committee on safety matters, met with groups of merchants and organizations interested in the various phases of the Unfair Practices Act and prepared and gave instructions and lectures on the same to such groups for the purpose of averting law violations and court prosecutions.

The total cost of conducting the office for the year was \$118,140. I am informed that this is lower than that of any other District Attorney's office of comparable size in the United States.

Of the cases handled by the Office of the District Attorney in 1941, of the 47,000 court hearings, approximately 2,100 were felony cases that reached the Superior Court, and approximately 44,500 were misdemeanor cases disposed of in the Municipal Court; approximately 400 were crimes involving children, disposed of in the Juvenile Court.

Of the total number of approximately 23,400 citations issued, 9,000 were issued by the Bureau of Domestic Relations of this Office, dealing with failure to provide for minor children, indigent wives and aged parents and similar domestic cases; 2,000 were issued by the Fraud Bureau of this Office, dealing with crimes of frauds, swindles and violations of the Corporate Securities Act, misleading advertising and various other rackets; 12,000 were issued by the Warrant and Bond Office dealing with miscellaneous offenses, felony and misdemeanor alike, and with violations of City Ordinances; 400 were issued by the deputy in charge of the Juvenile Court work, relating particularly to sex offenses and juvenile delinquencies. Hearings on citations were approximately as follows: Bureau of Domestic Relations, 8,000; Fraud Bureau, 1,700; Warrant and Bond Office, 11,000; Juvenile Department, 300.

The Warrant and Bond Department, aside from the issuance of citations as above noted, prepared 75,000 complaints, and 25,000 warrants were issued upon these complaints, and by telephone and personally answered over 15,000 requests for advice and information.

The Food and Health Bureau of this Office, which investigates and

prosecutes offenders under the pure food and drug act, the State agricultural code and various City health ordinances, handled and disposed of more than 200 cases during the year.

Out of 207 narcotic cases disposed of during the year, 189 were convictions. These figures pertain to proceedings in the Superior Court.

### City Attorney

During the past year the City Attorney's Office, representing the City and County of San Francisco, was involved in many important actions involving several million dollars.

Among the cases tried were the Hetch Hetchy case—The Dan Williams v. The City and County, which concerned the water rights on the Tuolumne River—The DeGuigne suit involving a \$200,000 condemnation suit in San Mateo County—The Transbay Construction case, involving approximately \$850,000, dealing with the enlargement of the O'Shaughnessy Dam, as well as numerous other cases concerning taxes and personal injuries.

During the year this office received some 305 civil suits, of these 125 actions actually went to trial.

Cases involving the McEnergy Act amounted to 34.

There were 25 actions in the Appellate Divisions of the various courts.

During this year 124 major opinions were rendered to the various officers, boards, commissions and departments of the City and County Government.

*Nuisances.* By reason of the previous activity of the City Attorney's Office in abating existing nuisances, and in establishing a well settled rule of law with reference to the same, the number of actions necessary to abate existing nuisances was reduced. Where any public nuisances existed the owners of said property were requested to appear before the Department of Public Health. At all such hearings a representative of the City Attorney's Office is present and informs the property owners of the legal restrictions on maintaining property in an unsafe and unsanitary condition, and in most instances the property owner, upon being advised of his obligations, abates the public nuisance without the necessity of going to trial.

*Eminent Domain.* Upon recommendation and direction of the Board of Supervisors, 31 parcels of land have been condemned within the City and County limits. Many additional parcels of land have also been condemned by this office for the local Housing Authority, furthering the slum clearance program throughout the Nation.

*Board of Education.* Approximately 57 cases—not including the re-rate cases for teachers, and salary suits by teachers—are pending to be tried by the attorney for the Board of Education, with the assistance of the City Attorney's Office. Approximately 25 cases have been tried and closed by the joint action of the aforementioned attorneys. In addition some 35 cases involving personal injuries to persons alleged to have been injured due to the dangerous and defective condition of school property, were settled after due investigation.

*Housing Authority.* Although the building program of the Housing Authority has been somewhat limited, by the present national emergency, the representative from the City Attorney's Office has been active on behalf of the Housing Authority in procuring land by condemnation proceedings for the furtherance of the slum clearance program.

*Dismissals.* This year many additional suits have been dismissed upon motion of the City Attorney for failure to prosecute actions brought against the City and County, within the statutory time limit provided by law.

*Claims.* A large increase was noticed in the number of claims filed against the City and County of San Francisco. The records of the

Controller's Office indicate that some 1100 claims have been filed with that office and have been brought to the attention of the City Attorney's Office for investigation and disposition. Numerous claims have been settled for minor amounts, dispensing with the necessity of court action in these matters. However, these claims have only been settled after a thorough investigation of the facts and circumstances surrounding the occurrence for which the claim was brought.

*Municipal Railway.* As in the past, although actions have been brought for personal injuries and property damage against the Municipal Railway, the City Attorney's Office was successful in keeping the actual payments made on such claims at an amount approximating 8% of the total claims for damages. The claims for damages amounted to some \$850,000.00 and the amount actually paid out by the Municipal Railway was about \$83,000.00 for the past year.

*Fire Department.* On behalf of the City and County of San Francisco, the City Attorney's Office settled some 50 claims against persons who had damaged hydrants and other fire department property.

*Departments Represented by City Attorney's Office.* As in the past, the City Attorney's Office had a representative at all meetings of the Retirement Board, the Public Utilities Commission, the Board of Permit Appeals, the City Planning Commission, the Board of Supervisors and the Civil Service Commission, the Board of Public Health and the local Housing Authority.

*Industrial Accident Commission.* During the past year approximately 24 cases were tried by the City Attorney's Office on behalf of the City and County, before the Industrial Accident Commission, and very favorable results were obtained.

*Department of Public Works.* Although numerous actions were brought against the City and County of San Francisco under the Public Liability Act for dangerous and defective conditions of public streets, works and property, only one judgment was obtained against the City and County of San Francisco, and at the present time this matter is pending before the District Court of Appeals. Some minor claims for damages were filed, but after due investigation by this office were settled, without trial.

*Ordinances.* Among the more important ordinances drawn by the City Attorney's Office for the Board of Supervisors, during the past year, were:

The non-fix traffic tag ordinance; the flower stand ordinance; the ordinance regulating motion picture theatres; the ordinance controlling passenger buses; the ordinance regulating the handling of poultry; the new air-raid ordinance.

*Rate Department.* The principal activities in the rate department during the 1941 calendar year were as follows:

Detailed study and report on proposed charges which the Pacific Gas and Electric Company planned to incorporate in the agreement for leasing the distribution system in San Francisco.

Cooperating with the representatives of the Public Utilities Commission in preparing and reviewing data incorporated in plan "9" which was the charter amendment for a bond issue of \$66,500,000 submitted to the electors on November 4, 1941.

Complete studies on electric and gas rates were made by this office and the matter is still pending before the California Railroad Commission with regard to reduction of rates.

Studies on the operation of the Market Street Railway Company under the 7c fare and the effect of bus substitution for trolley cars on the net income of the company.

Analysis of State Board of Equalization's detailed assessment of public utilities in the City and County of San Francisco.

Appearances before the California Railroad Commission upon all matters concerning the welfare of the City and County of San Francisco.

Preparation of a detailed study showing the effect of any proposed change in the fares of the Municipal Railway.

### Housing Authority

The Commission has held regular meetings on the Thursday of each week during the year and has transacted all necessary business for the Authority. The Authority now has three projects in operation, namely, Holly Courts, Potrero Terrace and Sunnysdale, a total of 1,359 dwelling units, while a fourth project, Valencia Gardens (246 units) is under construction and a fifth, Westside Court (136 units), is out for bids. Thus about two-thirds of our proposed program is actually built or building. Plans for the Bernal Dwellings project are complete and are ready for bids, awaiting only the Commission's authorization to proceed. Drawings for five other projects are in various stages and practically all of the land for the entire program of eleven projects has been purchased or is under final negotiation. Construction progress has been and is still being greatly retarded by the necessity of obtaining priorities. The Coordinator of Defense Housing has granted priorities on the Valencia Gardens and Westside Court projects. The conditions now established for priorities involve preference to defense workers whose incomes are less than \$2100 per annum. Our Commission has not yet accepted these conditions on six projects, but has indicated a willingness to do so for Chinatown. The influx of defense workers as well as Army and Navy personnel may soon develop a real need for the rapid construction of the full program.

Increased incomes of defense and wartime economic conditions have greatly changed our tenant selection and occupancy situation. Large tenant turnover and a markedly high percentage of rejections on account of excessive income have characterized the last six months of this year. In spite of these conditions and though Sunnysdale and Potrero Terrace were only recently completed, far from the center of the City, about two-thirds of their dwelling units are now leased, while Holly Courts has 100% occupancy.

The following is a summary of fact concerning each project: Cal. 1-1 Holly Courts 2.68 acres, 118 units, \$558,000; Cal. 1-2 Potrero Terrace 17.16 acres, 469 units, \$2,203,000; Cal. 1-3 Sunnysdale 48.83 acres, 772 units, \$3,530,000; Cal. 1-4 Valencia Gardens 4.96 acres, 246 units, \$1,255,000; Cal. 1-5 Bernal Dwellings 4.47 acres, 201 units, \$1,041,000; Cal. 1-8 Westside Court 2.604 acres, 136 units, \$689,000; Cal. 1-9 De Haro Plaza 4.822 acres, 132 units, \$77,000; Cal. 1-10 Hunters View 15.15 acres, 150 units, \$1,114,000; Cal. 1-11R North Beach Place 4.602 acres, 226 units, \$1,270,000; Cal. 1-15 Chinatown 2.617 acres, 232 units, \$1,517,000; Cal. 1-16R Glen Craggs 29.06 acres, 171 units, \$930,000.

Our various loan contracts have recently been consolidated by the United States Housing Authority into one contract aggregating \$14,885,000.00, thus greatly simplifying our loan set-up and accounting procedures. The suit of Antonia Kleiber against the City and County of San Francisco and the Housing Authority was decided on October 30, 1941, in the Supreme Court of California in favor of the City and the Authority. This Supreme Court decision will affect a very material saving in interest rates to the Authority, by clearing the way for a temporary loan note issue which will be placed on the market some time early in 1942.

All members of the management and maintenance staff of project and central offices are enrolled 100% of Civilian Defense, while members of the maintenance staff residing at projects have been made air raid wardens. During the recent blackouts, all projects were completely blacked out within five minutes of the alarm. Sand has been deposited at strategic locations for use in the event of fire, and copies of air raid instructions have been reprinted and distributed to every tenant family. Rents have been adjusted for tenant families whose incomes have been sharply curtailed due to the wage earner's induction into the State Guard.

Arrangements have been affected for cooperation with the Navy and Red Cross for housing evacuee families fleeing war conditions, with provisions for a limited number of furnished houses to care for those who are in greatest need. The facilities of social halls, kitchens and craft rooms have been offered for the use of Civilian Defense activities. Our project management has made baths and rooms available to small Army units stationed near the projects. We will continue to cooperate in every way possible with the Office of Civilian Defense.

Message ordered printed at length in the Journal, and filed.

**UNFINISHED BUSINESS**

**Final Passage**

The following recommendation of the Finance Committee heretofore Passed for Second Reading, was taken up:

**Authorizing Settlement of Certain Claims Re Richmond Sewer Tunnel Construction Damage for the Sum of \$325.99 and Making an Appropriation Therefor.**

**Confirming and Approving Allocations of Funds, and Expenditures  
Within Said Allocations  
(Series of 1939)**

Resolution No. 2398, as follows:

Whereas, Mayor Angelo J. Rossi did in the early part of the year 1941 appoint the Civil Defense Council to plan ways and means of safeguarding lives and property in San Francisco in an emergency resulting from then nearly world-wide conditions; and

Whereas, The said Civil Defense Council did under date of August 18, 1941, report to the Mayor a plan for safeguarding lives and property in San Francisco in case of disaster, which plan the Mayor accepted; and

Whereas, Steps were being taken to put said plan into effect when Japanese war planes, on December 7, 1941, bombed Pearl Harbor, Honolulu, and other territory of the United States of America, thereby bring-

ing about a state of war between the United States of America and the Empire of Japan; and

Whereas, Japan's aggression while peace negotiations were progressing between the United States and Japan brought about the possibility of Japanese raids upon San Francisco, thereby creating grave danger to lives and property in San Francisco; and

Whereas, Mayor Rossi promptly on December 7, 1941, recognized the danger to San Francisco which had been created and, acting within powers given him by Section 25 of the Charter of the City and County of San Francisco, declared that a state of emergency threatening the lives, property and welfare of the citizens existed; and

Whereas, Acting within the authority given him by said Section 25 of the Charter and in accordance with his declaration of emergency of December 7, 1941, Mayor Rossi thereafter mobilized and directed the forces of the various departments of the city government and did whatever else he deemed necessary for the purpose of meeting the emergency; and

Whereas, To meet the emergency certain expenditures from the emergency reserve fund and various departmental funds became necessary and were made by direction of the Mayor, acting under authority of power granted and duty imposed upon him by Section 25 of the Charter; and

Whereas, A listing of funds allocated by the Mayor to cover expenditures necessary to meet the emergency pending the appropriation of funds specifically for this purpose has been furnished the Board of Supervisors, which listing consists of nine duplicated pages, the items grouped under headings of funds from which allocations were made and the items dated consecutively from December 18, 1941, to January 20, 1942, and which listing of allocations is hereby referred to and made a part of this resolution; and

Whereas, The expenditures covered by said allocations were considered and approved by a special committee on emergency purchases and personnel appointed by the Mayor, which committee consisted of the Chief Administrative Officer, the Controller, the Administrative Assistant to the Mayor, and, with regard to personnel, the secretary of the Civil Service Commission, and the allocation of funds ordered by the Mayor to cover such expenditures were made by the Controller of the City and County; and

Whereas, Examination of said listing of allocations of funds to meet emergency expenditures shows them to have been made in an orderly manner, with the single objective of meeting the emergency that existed, and within authority granted the Mayor by Section 25 of the Charter;

Now, Therefore, Be It Resolved, That this Board of Supervisors hereby confirms and approves the allocation of funds in the listing referred to hereinbefore and expenditures within said allocations.

#### Discussion

Mr. Harry Ross, Chief Deputy Controller, explained the foregoing Resolution. The Controller, due to the emergency, had approved expenditures from the Mayor's Emergency Reserve Fund, and from other funds, a detailed statement of which had been furnished to the Board. This Resolution, confirming those expenditures, was presented to the Board in lieu of prior appropriation ordinances.

The Controller has, Mr. Ross stated, advised the Mayor and other officials, that in the absence of specific immediate emergency requirements, Charter provisions regulating expenditures, and ordinances passed by the Board of Supervisors will have to control future expenditures.

At the request of Supervisor O'Gara, the following communication, from the Controller, addressed to the Mayor and other officials, is inserted in the record:

January 23, 1942.

Honorable Angelo J. Rossi,  
 Mayor of San Francisco,  
 Honorable T. A. Brooks,  
 Chief Administrative Officer,  
 Chief Charles W. Dullea,  
 Director and Coordinator of Civilian Defense,  
 The Honorable the Civil Service Commission,  
 City and County of San Francisco,  
 Honorable W. C. Hubner,  
 Purchaser of Supplies.

Gentlemen:

You are being advised at this time, so that ample consideration may be given to the time element in planning future requirements, that this office will apply the provisions of Section 86 of the Charter, as well as the provisions of the Purchase Procedure Ordinance, the Contract Procedure Ordinance and the Annual Salary Ordinance, to all obligations to be incurred and expenditures to be made from the \$300,000 appropriated by the Board of Supervisors by Ordinance No. 1493 for the purpose of civilian defense.

This, of course, will hold only in the absence of specific immediate emergency requirements which will have to be covered at the time by specific declaration of fact in accordance with Charter provisions.

Yours very truly,

H. ROSS,

for HAROLD J. BOYD,

Controller.

Before the roll was called on the foregoing Resolution, Supervisor MacPhee announced that, if there was no objection, he desired his vote and the vote of the Board of Supervisors, not to be construed as an endorsement of the purposes for which the funds were expended.

Supervisor Mead announced that such was the understanding of the Finance Committee when it recommended adoption of the Resolution to the Board of Supervisors.

Whereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

**Authorizing the City and County of San Francisco to Enter into an Agreement with the State Park Commission Relative to the Use of the So-Called Phelan Beach Property and Authorizing the Execution of Said Agreement by the Mayor and the Clerk of the Board of Supervisors.**

(Series of 1939)

Resolution No. 2399, as follows:

Whereas, Heretofore the City and County of San Francisco and the State Park Commission acquired certain property in the City and County of San Francisco, the said State Park Commission and the said City and County of San Francisco each contributing the sum of Eighty Thousand (\$80,000) Dollars for the acquisition of said property, said property being bounded and described as follows, to-wit:

Lots No. 1, 10, 11, 12, 13, 14, 15 and 16, and that portion of Lot No. 8 lying northeasterly of the southwesterly line of Lots Nos. 9 and 10 extended northwesterly to the westerly line of said Lot No. 8, all in Block 1309 as shown and delineated upon map entitled "Map of Subdivision No. 4 of Seacliff, San Francisco, California," filed October 2, 1929, in Book "M" of Maps, pages 19 and 20, in the office of the Recorder of the City and County of San Francisco, State of California.

and

Whereas, The State Park Commission has, in consideration of the payment of one-half of the cost of the acquisition of said property, agreed to permit the Recreation Department of the City and County of San Francisco to occupy and use said property for a period of fifty (50) years for and as a recreation center and to develop said property and maintain buildings thereon and recreational equipment thereon upon the condition that said property, at all times, shall be accessible to and subject to the use and enjoyment of all the citizens of the State of California, but subject at all times to the jurisdiction of the Recreation Department of the City and County of San Francisco;

Now, Therefore, Be It Resolved, That the City and County of San Francisco enter into such agreement with the State Park Commission for the acquisition, holding and development of said property upon the terms and conditions set forth in said agreement; and that the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors be, and they are, hereby directed to execute said agreement for and on behalf of the City and County of San Francisco.

### Referred to the Chief Administrative Officer

The following recommendation of the Public Health Committee and Welfare Committee was taken up:

Present: Supervisor Shannon (subject to approval by majority of committee members).

#### Requesting Mayor and Civilian Defense Council to Give Immediate Consideration to Appointment of Two Additional Inspectors for Night Policing of Incoming Fruits and Vegetables.

(Series of 1939)

Resolution No. ...., as follows:

Whereas, In the state of emergency that now exists we cannot be too careful in the inspection of the fruits and vegetables coming into San Francisco; and

Whereas, 98 per cent of all the fruits and vegetables that are sold in San Francisco are handled through the wholesale market; and

Whereas, All of the fruit and vegetables that come into the wholesale market are inspected by the County Agricultural Commission, of which Mr. William F. Carroll is the chief; and

Whereas, Mr. Carroll has only five inspectors under his jurisdiction; and

Whereas, These five inspectors work only days, thus leaving no men for night policing; now, therefore, be it

Resolved, That this Board of Supervisors respectfully request the Mayor and the Civilian Defense Council to give immediate consideration to the appointment of two additional inspectors to be placed under Mr. Carroll's jurisdiction to be used for night policing of incoming fruits and vegetables.

Supervisor Shannon, after explaining the foregoing matter, requested re-reference thereof to the Chief Administrative Officer, for his recommendation and report.

No objection and so ordered.

### Re-reference to Committee

The following recommendations of the Police Committee were taken up:

Present: Supervisors Gallagher, Green, Uhl.

#### Proposing Immediate Decision of Designation of Certain One-Way Streets

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The 1941 Grand Jury in its report urges action on the traffic problem; and

Whereas, Improvement in traffic is of paramount importance; and

Whereas, Among the proposals of the Grand Jury the following proposals should have immediate consideration:

#### ONE-WAY STREETS:

Pine Street, one-way east from Market Street to Presidio Avenue.

Bush Street, one-way west, from Presidio Avenue to Market Street.

Turk Street, one-way east, from Divisadero to Mason Street.

Eddy Street, one-way west from Powell to Divisadero Street.

That immediate decision should be made on the foregoing proposals.

### Discussion

Supervisor Green, in discussing the foregoing matter, announced that although he realized something had to be done to correct traffic conditions, he had voted against this proposal in committee. The traffic problem has been before the Board so long that he did not believe a further delay of a couple of weeks was too much to request. The City

Planning Commission has many thoughts concerning one way streets. Adopting this Resolution may throw everything out of line in respect to what is being proposed for the future.

Supervisor Gallagher reported that in committee there was some question as to the right of the Board to pass this matter. The City Attorney's advice has been requested thereon.

Thereupon, the City Attorney, who was present in the Chambers, announced that the question of the jurisdiction of the Board, in such matters, was still under consideration in his office, and he was not yet ready to furnish the opinion requested.

#### Point of Order

Supervisor Mead raised a point of order, calling attention to the matter as presented, consisting of several "Whereases" and no "Resolve," stating that the matter was not properly drawn, and that there was, therefore, nothing before the Board.

The Chair ruled the point of order well taken.

The City Attorney declared that if the Board of Supervisors had the power to regulate traffic without any recommendation by the Police Department, it must do so by ordinance. Violation of any regulation cannot be made a penal offense by Resolution.

After further brief discussion, the Chair announced that it would be in order to refer the entire matter back to Committee.

Whereupon, Supervisor Uhl moved re-reference to Committee.

Supervisor O'Gara inquired as to the possibility of having a committee or representative from the City Planning Commission, the Police Department and the City Attorney's office present at the committee hearing. If possible, he desired to see that no additional re-reference to committee would be necessary. He desired, also, to know if the City Planning Commission, or its Secretary, Mr. Jorgensen, could let the Board know the reaction of that Commission to such proposals to make certain streets "one-way" streets.

Mr. Mark Jorgensen, thereupon, referred to progress report submitted by the City Planning Commission, January 15th, copy of which was sent to all members of the Board. In that report it was stated that progress has been made and studies of traffic problems are receiving serious consideration. He suggested that the Resolution under consideration might be referred to his Commission, and to the Police Commission, for reports from both those agencies.

The Chair, however, pursuant to motion by Supervisor Uhl, referred the matter back to the Police Committee.

#### Passage for Second Reading Amending "Traffic Code" by Eliminating Parking Stalls

(Series of 1939)

Bill No. 1567, Ordinance No. ...., as follows:

Amending Section 54 of Chapter XI of Article III of Part II of the San Francisco Municipal Code, "Traffic Code," relating to standing or parking close to the curb, by eliminating parking stalls as at present prescribed:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 54 of Chapter XI of Article III of Part II of the San Francisco Municipal Code, "Traffic Code," the title of which is recited above, is hereby amended to read as follows:

SEC. 54. **Standing or Parking Close to the Curb.** Except when necessary in obedience to traffic regulations, traffic control signal devices, signs or police officers, the operator of a vehicle shall not stand or park such vehicle in a roadway other than parallel with the curb, headed in the direction of traffic, and with the curb-side wheels of the vehicle

within one (1) foot of the regularly established curb line, except that upon those streets which have been marked for angle parking, as provided in the next succeeding section, vehicles shall be parked at the angle to the curb indicated by such marks and within such designated spaces. Under no circumstances shall a second line or double parking be permitted.

*Passed for second reading* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

### Final Passage

#### Providing for Designation of Official Civilian Defense Insignia (Series of 1939)

Bill No. 1566, Ordinance No. 1501, as follows:

Providing for the designation of Official Civilian Defense Insignia for the City and County of San Francisco; granting power to the Coordinator of Civilian Defense of the City and County to prescribe the size and type of said insignia, providing for the purchase of said insignia, making it unlawful for any unauthorized person or firm to make or distribute such insignia; making it unlawful for any unauthorized person to wear or retain such insignia; providing penalties for the violation thereof; declaring that an emergency exists which requires that the ordinance become effective at once; and providing for severability of various parts of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The official insignia adopted by the United States Office of Civilian Defense to designate the various defense groups, and set forth in replica, in the volume entitled "Enrolled Volunteer Worker Groups for Civilian Protection", prepared by said United States Office of Civilian Defense on August 4, 1941, and any additions, amendments or changes subsequently made by said office, concerning said insignia, are hereby adopted as the official insignia for the various civilian defense groups of the City and County of San Francisco.

Section 2. Subject to the above mentioned description, the size and type of said insignia, the kind of material to be used in the manufacture thereof, and the manner in which they are to be worn, shall be determined and designated by the Coordinator of Civilian Defense, of the City and County of San Francisco.

Section 3. Said insignia shall be procured in the manner and according to the procedure set forth in the Charter, and in the Purchasing Procedure Ordinance, of the City and County of San Francisco, for the purchase of supplies, and the Controller is hereby authorized and directed to pay for said insignia.

Section 4. It shall be unlawful for any person, firm or corporation to manufacture, sell, distribute, transfer or cause to be manufactured, sold, distributed or transferred any of said insignia in the City and County of San Francisco, except under contract with said City and County as provided in Section 3, of this ordinance, provided, however, that nothing in this section shall forbid the manufacture of such insignia for sale or distribution outside of the City and County.

Section 5. It shall be unlawful for any person, other than those duly authorized to so do, and at the times designated by the Coordinator of Civilian Defense, to exhibit, wear or retain any of said insignia.

The authority to wear such insignia may be rescinded by the Coordinator of Civilian Defense at any time upon the mailing of a notice of such rescission to the last known address of the person affected thereby, and such person shall immediately surrender said insignia to the Coordinator of Civilian Defense or his duly authorized

representative and it shall be unlawful thereafter for such person to keep, wear or display said insignia.

Section 6. Every person violating the provisions of this ordinance shall be guilty of a misdemeanor, and shall be punished by a fine of not to exceed Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for a term not to exceed six (6) months or by both such fine or imprisonment.

Section 7. This ordinance is passed as an emergency measure, and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists, which makes it imperative that this ordinance should become effective forthwith, the nature of said emergency being as follows: that a state of war now exists between the United States of America, the Empire of Japan, the government of the German Reich, and the Kingdom of Italy, and the possibility exists of an immediate air attack upon the western coast of the United States of America, including the City and County of San Francisco, and it is necessary for the safety and general welfare of the citizens of the City and County of San Francisco that all persons assisting in Civilian Defense should be properly identified.

Section 8. If any provision of this ordinance, or the application thereof to any person or citizen, is held invalid, such invalidity shall not effect any other provision, or the application thereof, which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

Approved as to form by the City Attorney.

*Finally passed* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

#### Adopted

The following recommendations of the Streets Committee were taken up:

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Report on Board's Representatives before Public Buildings and Lands Committee, re Amendment of Raker Act**

President Jesse C. Colman reported briefly on the appearance in Washington, of Supervisor Brown and himself, in the endeavor to secure favorable recommendation of Bill providing for the amendment of the Raker Act. Both he and Supervisor Brown had been too busy to attend any sessions of the Mayors' Conference. He appeared before the Committee on the 16th of January and Supervisor Brown was heard by the Committee on the 18th. The recommendation of the Committee would undoubtedly be known in the very near future.

**Privilege of the Floor**

Supervisor Colman moved the privilege of the floor for Mrs. Calverley, who had a matter she desired to present to the Board. Mrs. Alma Spreckels Awl was to have appeared before the Board, at the previous meeting, on motion by Supervisor Shannon, but was unable to be present. Mrs. Calverley desired to address the Board, in place of Mrs. Awl, who is ill.

Whereupon, Mrs. Calverley, on being granted the privilege of the floor, explained the purposes of the organization she was representing, and what it was trying to do. Mrs. Alma Spreckels Awl and Mrs. Prentiss-Cobb Hale have organized a group of women to help take care of some of the things the many young boys in the armed forces, who pass through San Francisco en route to their various destinations need. The committee needs magazines, books, candy, cigarettes, matches, tobacco, playing cards, games, stationery, etc., to give to these boys, to make their usually brief visits in San Francisco more enjoyable, and citizens are urged to help in the work that is being done.

Supervisor Shannon announced that it was he who had arranged for the privilege of the floor for Mrs. Alma Spreckels Awl at the meeting of January 19th, but she had been unable to appear at that time. He had intended, under his name on Roll Call, to ask the privilege of the floor for Mrs. Calverley. However, he urged that members of the Board, and all citizens do whatever they could to aid the work being carried on by Mrs. Alma Spreckels Awl, Mrs. Prentiss-Cobb Hale, Mrs. Calverley and the other ladies.

**Expression of Good Wishes to Supervisor Roncovieri**

Supervisor Colman moved that the Board send to Supervisor Roncovieri, who is ill, a cheery message of good wishes, with the hope that he is back with the Board soon.

So ordered.

**Changing Name of Japan Street to Kelly Street  
(Series of 1939)**

Supervisor Gallagher presented Resolution No. ...., as follows:

Resolved, That the name of Japan Street be and it is hereby changed to Kelly Street, in tribute to the memory of Colin P. Kelly, Jr., heroic Lieutenant of the United States Army Air Force who, during the first week of the war with Japan, sacrificed his life in repulsing an enemy attack upon the United States possessions in the Pacific Ocean.

**Proposing Study to Determine Advisability of Instituting  
Preferential Voting System in San Francisco  
(Series of 1939)**

Supervisor Green presented Resolution No. ...., as follows:

Whereas, The proportional or preferential voting system has succeeded in its tests and trials in the state of New York as well as in other states of the Union, and

Whereas, Said form of voting is said to be more democratic than the system now in use in the City and County of San Francisco, and

Whereas, It is considered highly advisable that this method of voting be instituted in the City and County of San Francisco at as early a date as possible, thus adhering to the lofty democratic principles established by our forefathers; now, therefore, be it

Resolved, That the appropriate committee of this Board of Supervisors and the City Attorney be instructed to conduct an immediate study of this problem with the view of determining the advisability of instituting such an election system in the City and County of San Francisco.

**In Memoriam—Mrs. Anna B. Baumann  
(Series of 1939)**

Supervisor Uhl presented Resolution No. 2403, as follows:

Whereas, Almighty God has summoned to eternal rest Mrs. Anna B. Baumann, long active in civic movements for the benefit of San Francisco; and

Whereas, Mrs. Anna B. Baumann for many years has been well known to the members of this Board of Supervisors as an earnest and energetic advocate of many measures beneficial to the welfare of this City as a whole, and to the interests of her home district, Eureka Valley, in particular; and

Whereas, The many friends of Mrs. Anna B. Baumann, and especially those with whom she was closely connected in the work of the Eureka Valley Promotion Association, will deeply mourn her passing and ever cherish her memory; now, therefore, be it

Resolved, That this Board of Supervisors, taking sorrowful cognizance of the passing of Mrs. Anna B. Baumann, does adjourn this day out of respect to her memory; and the Clerk is hereby directed to forward to the Eureka Valley Promotion Association an engrossed copy of this Resolution as an expression of the high esteem in which this Board of Supervisors held the late Mrs. Anna B. Baumann.

*Unanimously Adopted by rising vote.*

**Proposed Amendment to Annual Salary Ordinance re  
Filling Vacated Positions**

Supervisor MacPhee presented a proposed amendment to the Annual Salary Ordinance, to provide that vacated positions shall not be filled until the necessity for such positions is established by proper investigation.

*Referred to the Finance Committee.*

**Privilege of the Floor**

Mrs. Kathleen Dolen, representing the Civil Service Commission, being granted the privilege of the floor, on motion by Supervisor MacPhee, announced that the Civil Service Commission would have ready for consideration by the Board, at the next meeting, a salary ordinance amendment establishing positions for civilian defense.

**Communications**

The following communications were received, read by the Clerk, and acted on as noted:

From his Honor, the Mayor, transmitting copy of letter from the Advisory Board of the Civilian Defense Council suggesting that an appropriate proceeding should be immediately instituted for the purpose of finally determining if an emergency exists under Section 25 of the Charter and what authority is conferred upon the Mayor by that section.

*Referred to Legislative and Civil Service Committee.*

From his Honor, the Mayor, stating that while he has signed the ordinance amending the Civilian Defense Ordinance, his approval is not to be construed as a waiver of any authority conferred on him by Section 25 of the Charter.

*Communication ordered filed.*

#### Appropriating \$50,000, Municipal Railway Stores Revolving Fund (Series of 1939)

Bill No. 1553, Ordinance No. ...., as follows:

Authorizing a supplemental appropriation of \$50,000 out of the surplus  
existing in the Municipal Railway Operative Fund to the credit of the  
Municipal Railway Stores Revolving Fund, and amending Ordinance  
No. 9.051227, entitled "Authorizing a supplemental appropriation of  
\$200,000 out of the surplus existing in the Municipal Railway Operative  
Fund to the credit of the Municipal Railway Stores Revolving Fund  
which is hereby created for the purpose of providing for the purchase,  
storage, and clearance of materials and supplies required for the use  
of the Municipal Railway and providing the procedure therefor" by  
increasing the amount thereof to \$340,000.

Be it Ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. There is hereby appropriated and set aside out of the sur-  
plus existing in the Municipal Railway Operative Fund the sum of  
\$50,000 to the credit of the Municipal Railway Stores Revolving Fund,  
which last mentioned fund was created by Ordinance No. 9.051227 in  
the amount of \$200,000, and increased to \$250,000 by Ordinance No.  
9.051254 and increased to \$290,000 by Ordinance No. 336.

Section 2. Section 1 of Ordinance No. 9.051227 is hereby amended to  
read as follows: There is hereby created a Municipal Railway Stores  
Revolving Fund in the amount of \$340,000 for the purchase, storage,  
and clearance of materials and supplies required for the use of the  
Municipal Railway in connection with its performance.

Section 3. The within increase in the Municipal Railway Stores Revolving Fund is made in order to provide funds for the purchase of needed materials and supplies, in order to insure delivery of such materials and supplies by making purchase order commitments at this time, due to priority ratings in connection with the national defense.

Appropriating \$51,175.00 out of the unappropriated balance of the general fund for the relief of the employable unemployed indigent residents of the City and County of San Francisco, to the credit of the appropriations of the Public Welfare Department, representing the estimated requirements for the month of February, 1942, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$51,175.00 is hereby appropriated out of the unappropriated balance of the General Fund for the relief of the employable unemployed indigent residents of the City and County of San Francisco to the credit of the following appropriations:

156.200.01-1 Contractual Services .....	\$ 200.00
133.203.56-1 Employees' Cars .....	75.00
133.204.56-1 Auto Hire .....	50.00
133.218.56-1 Maintenance—Office Equipment .....	50.00
133.232.56-1 Telephone and Telegraph .....	700.00
156.241.01 Rent—Office Equipment .....	100.00
156.840.06 Aid to Employables .....	50,000.00
	\$51,175.00

being the estimated requirements for the month of February, 1942, for the relief of such employable indigents.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That there are no funds appropriated, except as provided by this ordinance, for the relief of the employable unemployed indigent residents of the City and County of San Francisco, and that said appropriations must be made available forthwith to provide for the health and safety of a large number of residents of said City and County and for the uninterrupted operation of the Public Welfare Department.

Recommended by the Director of Public Welfare.

Approved by the Chairman of the Public Welfare Commission.

Approved by the Mayor.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

**Per Diem License Fee—Moving Picture Exhibitions**

(Series of 1939)

Bill No. 1571, Ordinance No. ...., as follows:

Amending Section 125, Article 2, Part III, of the San Francisco Municipal Code, pertaining to licensing of moving picture exhibitions, by providing an optional license fee of ten (\$10.00) dollars a day in lieu of the quarterly license fee; providing that a permit be obtained from the Fire Department; and providing for the non-waiver of Article 5, Chapter III, Part II, of this Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 125, Article 2, Part III, of the San Francisco Municipal Code, is hereby amended to read as follows:

SEC. 125. *Moving Picture Exhibitions.* Every person, firm or corporation maintaining, conducting or operating any public place where moving pictures are exhibited, unless such person shall have secured a license under Section 143 of this Article, shall, after securing a permit as provided for by Article 16, Chapter IV (Fire Code), Part II, of the San Francisco Municipal Code, pay therefore a License Fee of Ten (\$10.00) Dollars a Day or a quarterly license fee, based on the seating capacity of the moving picture place and the maximum admission charge, as follows:

<i>Seating Not Over</i>	<i>General Admission Charge Not Over</i>		<i>General Admission Charge</i>
	15c or less	35c or less	36c or over
500	\$15.00	\$25.00	\$ 75.00

#### Requesting Mayor and Civilian Defense Council to Give Immediate Consideration to Appointment of Two Additional Inspectors for Night Policing of Incoming Fruits and Vegetables. (Series of 1939)

Resolution No. ...., as follows:

Whereas, In the state of emergency that now exists we cannot be too careful in the inspection of the fruits and vegetables coming into San Francisco; and

Whereas, 98 per cent of all the fruits and vegetables that are sold in San Francisco are handled through the wholesale market; and

Whereas, All of the fruit and vegetables that come into the wholesale market are inspected by the County Agricultural Commission, of which Mr. William F. Carroll is the chief; and

Whereas, Mr. Carroll has only five inspectors under his jurisdiction; and

Whereas, These five inspectors work only days, thus leaving no men for night policing; now, therefore, be it

Resolved, That this Board of Supervisors respectfully request the Mayor and the Civilian Defense Council to give immediate consideration to the appointment of two additional inspectors to be placed under Mr. Carroll's jurisdiction to be used for night policing of incoming fruits and vegetables.

*January 26, 1942—Consideration continued until February 2, 1942.*

Following presentation of communication from the Chief Administrative Officer, to whom the foregoing Resolution had been referred following the Board's meeting of January 26, 1942, in which the Chief

Administrative Officer reported that present inspection force has been rearranged so that there will be continuous policing of incoming fruits and vegetables without necessity of additional employments, the foregoing Resolution was, on motion by Supervisor O'Gara, re-referred to the Public Health and Welfare Committee.

**An Appeal to the Secretary of the Interior to Petition the United States District Court to Grant, for the Duration of This War, a Stay of Execution of the Court Decision to Cancel the City's Agreement with the Pacific Gas and Electric Company for the Resale of Electric Power Generated on the City's Hetch Hetchy Project.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The President of the United States and Congress have declared that a state of war exists between our country and Japan, Germany and Italy; and

Whereas, "All-out" production of the materials of war is essential for our successful conclusion of this war, and the generation of electric power is a vital factor in such production; and

Whereas, The City and County of San Francisco, through the facilities of its Hetch Hetchy Project, is now generating a part of the electric power required for such purposes in the City and County; and

Whereas, The Supreme Court of the United States has decided that the sale or distribution for resale of the electric power generated on the City's Hetch Hetchy Project through the agency of the Pacific Gas and Electric Company is in violation of the provisions of Section 6 of the Raker Act; and

Whereas, The United States District Court has granted a stay of execution of said Court decision until July 1, 1942; and

Whereas, The enforcing of this Supreme Court decision during the duration of the war will impose great hardships on the people of the City and County of San Francisco by curtailing the revenue derived from the sale of this electric power and consequently will increase their tax burden at a time when they are hard pressed to provide money for the many projects required for the defense of their country during this war period; and

Whereas, Congress will be continuously engaged with emergency war legislation and the innumerable problems of war and will undoubtedly find it difficult to devote sufficient time to hearing and acting on the pleas of our citizens to amend the Raker Act; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby appeal to the Secretary of the Interior, Honorable Harold L. Ickes, to petition the United States District Court to grant, for the duration of this war, a stay of execution of the Court decision canceling the City's agreement with the Pacific Gas and Electric Company for the sale for resale of electric power generated on the City's Hetch Hetchy Project; and be it

Further Resolved, That this Board of Supervisors in adopting this resolution hereby declares that it does so only in the interest of national unity for the successful prosecution of the war, and to permit our Congress and our City officials to devote their entire time and effort to this accomplishment; and be it

Further Resolved, That Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, is requested to transmit this resolution to the Secretary of the Interior, Honorable Harold L. Ickes, for his consideration.

**Approving Map of "Stonecrest," and Accepting and Dedicating to Public Use Certain Streets and Lanes Shown Thereon**  
(Series of 1939)

Resolution No. 2408, as follows:

Resolved, That the certain map, entitled "Map of Stonecrest, San Francisco, California," composed of three (3) sheets approved the 28th day of January, 1942, by Director of Public Works Order No. 17,400 be, and the same is hereby approved and adopted as the Official Map of "Stonecrest."

Further Resolved, That the parcels of land delineated and designated thereon as Ney Street, Maynard Street, Stoneybrook Avenue, Stoneyford Avenue, Gladstone Drive, Cambridge Street, Davenport Lane, and Sunglow Lane are hereby accepted on behalf of the City and County of San Francisco and declared to be open public streets and lanes, dedicated to public use and to be known by the names as shown on said map.

Further Resolved, That the City and County of San Francisco accept that certain deed dated the 31st day of December, 1941, from Henry Stoneson, Willette Stoneson, Ellis L. Stoneson, and Bertha K. Stoneson, granting to the City and County of San Francisco all the land comprising Ney Street, Maynard Street, Stoneybrook Avenue, Stoneyford Avenue, Gladstone Drive, Cambridge Street, Davenport Lane, and Sunglow Lane as above referred to and shown on said map.

Further Resolved, That the certain area shown thereon as Trumbull Street, the deed to which was accepted by the Board of Supervisors' Resolution No. 2030 (Series of 1939) August 19, 1941 and recorded November 27, 1941 in Book 3821 at page 131 Official Records of the City and County of San Francisco, be and the same is hereby declared to be an open public street dedicated to public use and to be known as Trumbull Street.

Further Resolved, That that certain bond in the sum of One Thousand One Hundred Ninety-Three and 00/100 Dollars (\$1193.00) executed the 5th day of January 1942 between E. L. Stoneson and Bertha K. Stoneson and Henry Stoneson as principals, and Massachusetts Bonding and Insurance Company, as surety, running to the City and County of San Francisco, conditioned for the payment of all taxes or special assessments collected as taxes which are at the time of filing of said map, a lien against the land or any part thereof, as shown on said map, but not yet payable, be and is hereby approved and accepted, the said sum of One Thousand One Hundred Ninety-three and 00/100 Dollars (\$1193.00) being sufficient to cover all taxes which are a lien upon the property described in said map and which are not yet payable, the amount of such taxes being estimated by the Controller of the City and County of San Francisco to be Five Hundred Ninety-six and 76/100 Dollars (\$596.76).

**Requesting the City Attorney to Inform Board Whether Incumbents' Preference on the Ballot May be Abolished by Charter Amendment, and, if so, to Draft Proposed Charter Amendment Having for its Purpose the Abolition of Incumbents' Preference.**

(Series of 1939)

Resolution No. 2409, as follows:

Whereas, One of the vital issues of the late general municipal election was the question of a preferential place upon the ballot for incumbents, authorized by Section 3802 of the Elections Code of the State of California, and

Whereas, The people of the City and County of San Francisco demonstrated conclusively their antipathy for such undemocratic legislation through the election, by overwhelming odds, of the opponents thereof, and

Whereas, It was the campaign pledge of those opposed to this special and privileged legislation that if elected they would immediately instigate such action as would either abrogate the act in its entirety or would exempt the City and County of San Francisco from its provisions, now, therefore, be it

Resolved, That the City Attorney be and he is hereby requested to inform this Board whether or not as to those candidates voted upon by the electorate in the City and County of San Francisco, the preference provided by Section 3802 of the Elections Code may be abolished by Charter amendment, and be it

Further Resolved, That if it be determined that the question of the abolition of the preference referred to is a local and municipal affair such as may properly be submitted to the electorate of the City and County of San Francisco for their decision, then and in that event the City Attorney is hereby requested to draft and submit to this Board a proposed Charter amendment having for its purpose the abolition, as to candidates voted upon in San Francisco, of a preferential place upon the ballot for incumbents, as provided in Section 3802 of the Elections Code.

**Urging the Federal Government to Provide Housing and Sustenance for Those Japanese Residents of the City and County of San Francisco who would Otherwise Become Charges of Said City and County, and to Transfer Japanese Aliens from Coastal Areas to Inland Points.**

(Series of 1939)

Supervisor Gallagher presented Resolution No. ...., as follows:

Whereas, There are 93,717 Japanese residents of the State of California of which 33,569 are aliens, including 2,273 alien Japanese residents of the City and County of San Francisco; and

Whereas, Many Japanese aliens have been interned here, leaving their dependents without means of support; and

Whereas, Many more Japanese have lost their employment as a result of war complications and are in need of some means of public support; and

Whereas, The City and County of San Francisco is without funds to care for the large numbers of additional Japanese who may become dependent on relief through circumstances arising out of the war; and

Whereas, Because Japanese aliens are a potential source of danger to our security, it would be advisable for the Federal government to transfer them from Pacific Coast areas and care for them at inland points where they could till the soil far removed from airfields, power and water lines and other strategic defense facilities; and

Whereas, In the event of an invasion of California by forces of Japan, the civil population of California would be unable to cope with the large Japanese population which would constitute a potentially dangerous fifth column enemy; and

Whereas, It is difficult if not impossible to distinguish between loyal and disloyal Japanese aliens; now, therefore, be it

Resolved, That the Federal Government be and it is hereby urged to provide housing and sustenance for Japanese who otherwise may become charges on the City and County; and, be it

Further Resolved, That Japanese aliens be transferred from coastal areas to inland points for reasons explained herein; and, be it

Further Resolved, That copies of this Resolution be sent to the President of the United States, to the two California Senators, to the City and County of San Francisco delegation in Congress and to the Federal Bureau of Investigation.

**Free Transportation for Men in U. S. Military Service**

(Series of 1939)

Supervisor Gallagher presented Resolution No. ...., as follows:

Whereas, The United States of America with its allies is now engaged in war against the Axis powers, and

Whereas, San Francisco is the hub of a great area within which are being concentrated the forces necessary to conquer the enemy, and

Whereas, The men who comprise these forces have left their homes, families, friends, jobs and all that is cherished by a freedom-loving people for the purpose of defeating the foes of democracy, and

Whereas, The pay of these men being insignificant by comparison with the sacrifice they offer and inadequate for other than necessities it would appear prudent as a patriotic and decent gesture to manifest, in some small measure, the gratitude, appreciation and concern for

their welfare which the people of San Francisco feel for the men of the armed forces, and

Whereas, Although trivial in monetary value, one way in which San Francisco can evidence its interest in and regard for the Service men is to provide them with free transportation on our street car systems; now, therefore, be it

Resolved, That this Board of Supervisors does hereby direct its Public Utilities Committee, at as early a date as possible, to call a meeting for the purpose of considering the proposal set forth in this Resolution; to invite the attendance of representatives of the Public Utilities Commission, the Market Street Railway Company, the California Street Cable Railroad Company and other interested parties, including representatives of Service men's welfare organizations, and to seek to elicit an agreement from the representatives of all of San Francisco's street railway systems to provide free transportation for Service men.

**Mayor to Endeavor to Provide for Auxiliary Water System  
and for Fire Department Equipment  
(Series of 1939)**

Supervisor Colman presented Resolution No. \_\_\_\_\_, as follows:

Whereas, The Civilian Defense Council has directed the attention of the Mayor of the City and County of San Francisco to the necessity of an auxiliary water supply system to take the place of the present water supply should the same be curtailed, damaged or rendered ineffective during the present emergency; and

Whereas, The only available auxiliary water supply will come from Lake Merced and in order to make available said water supply from Lake Merced pumping plants and pipes the sum of approximately \$1,000,000 will have to be expended, and further it having been called to the attention of the Mayor that the Fire Department of the City and County of San Francisco is in need of the following equipment to meet any condition which may arise by reason of the present emergency:

- 156—pumping units and their equipment; (this represents three units for each of the additional auxiliary stations).
- 2—battery trucks, and prior to procuring them, 2 private trucks of sufficient capacity should be requisitioned for temporary use.
- 11—high pressure valve closing units.
- 3—rescue trucks.
- 100—motorcycles or jeeps for use of dispatch riders. If motorcycles or jeeps cannot be procured, dispatch riders should be arranged for with the use of their private automobiles or motorcycles.
- 3—control cars. These should be ordered immediately in order to develop their use.
- 10—Gleason type reducing valves.
- 100—3" x 3" Siamese connections; and

Whereas, At this time no moneys are available in the funds of the Fire Department to purchase or acquire said equipment.

Now, Therefore, Be it Resolved That the Mayor make every effort to obtain the necessary moneys to provide said auxiliary water system and said necessary equipment for the Fire Department, and even to the extent of making use of the cash reserve fund set up and provided in accordance with the provisions of Section 81 of the Charter, and the Mayor is hereby authorized to take such necessary steps to test the right to use said cash emergency fund to meet the cost of providing

an auxiliary water system and the said above mentioned equipment for the Fire Department.

**Report by Committee Appointed to Investigate Parking Conditions in Vicinity of Bethlehem Shipbuilding Yards, and Other Factories and Plants Engaged in National Defense Work.**

Supervisor MacPhee, reporting for Special Committee on Parking in the Vicinity of Defense Industries, stated that on Minnesota and Indiana Streets, from 22nd to 23rd Street, there is considerable marsh land, which, the Director of Public Work states, can be leveled and rocked, allowing parking space for at least 200 cars on each street. Captain Munn, of the Traffic Department, has approved the proposal for permitting parking in these streets.

Subsequently during the proceedings, Supervisor MacPhee presented the following Resolution:

**Authorizing Provision for Angle Parking in Vicinity of Shipyards, Factories, etc., Engaged in National Defense Work**  
(Series of 1939)

Resolution No. 2411, as follows:

Whereas, On January 18th, 1942, the Board of Supervisors passed a Resolution providing for no parking on certain streets in the vicinity of Bethlehem Shipyards; and

Whereas, this restriction added to the already congested area has caused a shortage of parking space in said vicinity; and

Whereas, It is an obligation of the City and County to provide such relief as is possible for those workers engaged in the national defense,

Now, Therefore, Be it Resolved That the Board of Police Commissioners is hereby authorized to provide for angle parking on those streets in the vicinity of all yards, plants, factories, etc., engaged in the National Defense effort for the duration of the present war emergency where such angle parking does not conflict with any provision of the Vehicle Code of the State of California, with any ordinance or resolution of this Board of Supervisors or interfere with the movement of vehicles on the highway or in any way endanger pedestrians legally being thereon.

**Urging Parties to Hotel Labor Controversy to Cooperate Toward  
 Immediate Settlement**

(Series of 1939)

Supervisor O'Gara presented Resolution No. 2414, as follows:

Whereas, In the present crisis, we believe it to be the first duty of all citizens and organizations to devote their full energies to the support of our nation's fight in the cause of freedom; and

Whereas, At the time of our nation's being treacherously attacked by Japan several San Francisco industries were involved in labor controversies and picketing was then and is now still going on; and

Whereas, The hotel controversy is said to involve our military forces; and

Whereas, There are said to be instances of serious interference with Civilian Defense efforts and proper housing facilities for evacuees and employees engaged in defense production; and

Whereas, These controversies are making it impossible to obtain whole-hearted cooperation and unity between organized labor and employers; and

Whereas, Our entire community and the war effort is adversely affected by the continuance of these disputes; and

Whereas, The efforts of the Mayor of San Francisco, the U. S. Conciliation Service, the Labor Division of the Office of Production Management, and many disinterested citizens of San Francisco have failed to bring about a settlement and Labor Secretary Perkins has certified this controversy to the War Labor Board but said Board has not yet accepted said controversy for hearing; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors recognize the necessity for the immediate fair settlement of these disputes; and be it

Further Resolved, That in the public interest both parties to these disputes be called upon to cooperate toward an immediate settlement; and, be it

Futher Resolved, That unless the War Board on or before 3:00 P. M., Monday, February 9, 1942, accepts said controversy for hearing, the Board of Supervisors hold a meeting on this matter as a committee of the whole as a Special Order of Business at 3:00 P. **In Memoriam—Charles J. McCarthy**  
(Series of 1939)

Supervisor Mead presented, for Supervisor Shannon, Resolution No. 2415, as follows:

Whereas, The Almighty, in His infinite wisdom, has summoned to eternal reward Charles J. McCarthy, Lieutenant of the San Francisco Fire Department; and

Whereas, Charles J. McCarthy, a member of the San Francisco Fire Department since 1927, established a reputation for meritorious and devoted service, and met his untimely end in the line of duty, while engaged in subduing a serious conflagration; and

Whereas, The passing of Charles J. McCarthy adds another name to the Roll of Honor of San Francisco's servants who have made even the supreme sacrifice in the line of routine duty; and his many friends and co-workers who loved and respected Charles J. McCarthy will deeply mourn him and ever cherish his memory; now, therefore, be it

Resolved, That this Board of Supervisors, noting with keen regret the death of Lieutenant Charles J. McCarthy, does adjourn this day out of respect to his memory; and the Clerk is hereby directed to forward to Mrs. Ellen McCarthy, bereaved mother of the deceased, and to his grieving family, a suitable copy of this resolution as an expression of the Board's deep sympathy and heartfelt condolence.

**Requesting the Mayor to Appoint a Committee to Arrange for  
the Dissemination of News about San Francisco as is Fair and  
True and for the Repression of News Which is False.**

(Series of 1939)

Supervisor Mead presented, for Supervisor Shannon Resolution No. , as follows:

Whereas, Spurious rumors are being circulated throughout the Nation to the effect that a condition bordering on chaos exists here;

that business, social and other ordinary and normal functions have been seriously interfered with or suspended; that there is acute apprehension among our people and that actual bombings, invasion or the dire happenings attendant upon war are occurring; and

Whereas, While San Francisco is fully cognizant of the gravity of the situation which confronts not only the Pacific Coast but the United States generally and is taking all possible measures to protect its citizens and their property, there is a complete absence of hysteria in San Francisco and except that we are alert and preparing for any eventuality, business and other ordinary and normal functions are proceeding as usual; and

Whereas, The false rumors in circulation about San Francisco are the more despicable because they are apparently emanating from citizens of the United States of America and impose the additional and unnecessary duty upon already busy authorities of refuting them; and

Whereas, San Francisco is a vital location for the concentration of the men and materials and the construction of implements necessary to the successful conduct of the war and libelous and false statements made with respect to the integrity of San Francisco may have a deterrent effect upon the civilian population necessary to the conduct of the important role which San Francisco is performing in the great battle for freedom; now, therefore, be it

Resolved, That his Honor, the Mayor, be and is hereby requested to appoint a committee of reputable and representative citizens from among labor, business and the press, whose function and duty it shall be, as soon as possible, to arrange, through various news services, local publicity and such other means as are necessary and available, for the dissemination, honestly and without reservation of such news about San Francisco as is fair and true, and for the repression of that "news" which is false, based upon rumor or emanates from an irresponsible source.

### Relief to Dependent Non-Residents

Supervisor Colman presented:

February 2, 1942

Honorable Board of Supervisors  
City Hall  
San Francisco  
Gentlemen:

For the past several days there have been several conferences between the Public Welfare Department and the Community Chest as to who should give relief to the technical non-residents of San Francisco who are not entitled to receive relief from the City under the terms of the present ordinance regulating that matter.

I am enclosing you herewith letter from the Chairman of the Public Welfare Commission. It speaks for itself. It is my opinion that the matter referred to by Mr. McAuliffe is an obligation which, in some way, should be cared for by the City. The Community Chest has declined to bear the burden any longer and we cannot leave these people in want, even if they are only technical residents of the City.

I would therefore suggest that the matter receive your most careful consideration and that some legislation be enacted which, if possible, will modify the provisions of the present ordinance so that some relief might be granted to these dependents.

Respectfully,

(Signed) ANGELO J. ROSSI,

Mayor.

San Francisco, Calif.

January 31, 1942

Hon. Angelo J. Rossi, Mayor  
City and County of San Francisco  
City Hall  
San Francisco, California

Dear Mayor Rossi:

The following summarizes the correspondence and meetings between Your Honor and representatives of the Community Chest and the Public Welfare Commission relative to relief for dependent non-residents, which group of persons has been receiving relief through the private agencies of the Community Chest since June, 1939.

Under date of November 26, 1941, Mr. James K. Moffitt, President of the Community Chest of San Francisco wrote to you informing you of the action of the General Executive Committee of the Community Chest on November 24, 1941, to discontinue care for dependent non-residents as of December 31, 1941.

On December 6, 1941 you wrote to Mr. Moffitt informing him that the Welfare and Institutions Code provides that the counties may extend only emergency aid to persons who do not meet the residence requirements of the Indigent Act. The following concluding paragraph is quoted from your letter:

"It is therefore quite apparent that if the proposed action of the Community Chest be carried out, the group of dependent non-residents will be uncared for in this community. Of course, I realize the Community Chest, being a purely voluntary agency, can determine its own policies, but because of the extreme significance of the policy proposed, I would suggest a meeting in my office of a committee from your group with the Public Welfare Commission and myself. If such a meeting is agreeable to you, may I expect a telephone call for the purpose of settling a date for same."

Under date of December 20, 1941, Mr. Ransom F. Carver, Executive Director of the Community Chest wrote to you stating that a committee of the Community Chest would be glad to meet with you and members of the Public Welfare Commission concerning this matter.

On December 30, 1941, a meeting was held in your office at which representatives of the Community Chest stated that the relief to dependent non-residents would be continued through the Community Chest agencies for the month of January, 1942 and it was agreed that during this interval City Attorney John J. O'Toole would make a study of the state law concerning the legal authority for counties to extend continuing relief to non-residents and would render an opinion thereon.

On January 20, 1942, Mr. James K. Moffitt again wrote to you, stating that no appropriation was authorized beyond January 31, 1942, for reimbursement to agencies for the care of non-residents.

Under date of January 28, 1942, City Attorney John J. O'Toole submitted an opinion, stating in part that, in connection with the Welfare and Institutions Code, "It is evident that it was the intention of the law-makers to distinguish between emergency relief to be granted to non-residents and relief which might be granted to those who qualified as residents of the county", and, in connection with Ordinance No. 121, enacted by the Board of Supervisors on April 3, 1939, "The Board did, by this ordinance, exercise the authority vested in it by Section 2501 of the Code by providing, in Section 3 of the ordinance, that the Public Welfare Commission could not grant any emergency relief to any

dependent non-resident for a period longer than . . . . in any event, ninety days."

The final paragraph of his opinion reads as follows:

"You are therefore advised that the Public Welfare Department has no right to grant relief to non-residents for a period exceeding ninety days."

This morning, January 31, 1942 a meeting was held with you, in your office. It was attended by representatives of the Community Chest, the Public Welfare Commission and the Board of Supervisors and by City Attorney O'Toole and Chief Assistant Controller Harry Ross. At that meeting it was agreed that legislation should be presented to the State Legislature and to the Board of Supervisors of the City and County of San Francisco proposing amendments to the existing state law to make it possible for the Public Welfare Commission legally to assume the continuing care of dependent non-residents. It was also agreed by the representatives of the Community Chest that they would present the matter to the General Executive Committee of the Community Chest in order that the dependent non-resident cases cared for by the Chest up to January 31, 1942 might continue to receive care pending the enactment of new legislation.

It was further stated by Chief Assistant Controller Ross that even though existing legislation is changed prior to July 1, 1942 the responsibility for the continuing care of dependent non-residents could not be assumed by the City and County until that time because of the lack of funds.

In view of the foregoing, the recommendations of the Public Welfare Commission are as follows:

- (1) That, in conformity with the opinion of City Attorney John J. O'Toole, relief to dependent non-residents be extended only as set forth in Ordinance No. 121 of the Board of Supervisors of the City and County of San Francisco.
- (2) That if the Board of Supervisors wishes to attempt to obtain an amendment to the Welfare and Institutions Code of the State of California at the next session of the legislature, and to amend Ordinance No. 121 in accordance with any change in the state law, the Public Welfare Commission would have no objection to this procedure;
- (3) That, if an amendment to the state law is to be made making it possible for the counties to extend relief to those who under the present law do not meet the residence requirements, the following wording be used in such amendment:

"Section 2501. Every county may aid needy persons who possess no residence eligibility in this state but who are in urgent need of relief for protection of life and limb, providing, however, that such aid shall not be given for a period to exceed 90 days unless said non-residents have no legal residence for purposes of relief in any other state, in which case the county may grant relief for any necessary period."

This wording is suggested in order that the purpose of relieving the Chest of the cost of caring for the dependent non-residents can be accomplished while still maintaining a reasonable protection to San Francisco against a great influx of non-residents.

Very truly yours,

F. M. McAULIFFE, Chairman,  
Public Welfare Commission.

From Mr. George Creel, addressed to Supervisor Uhl, expressing appreciation for the Board's In Memoriam Resolution on the death of his wife, Blanche Bates Creel, as follows:

January 29, 1942.

My dear Mr. Uhl:

I cannot even begin to tell you how deeply I am touched by your Resolution and the general thought back of it. There was never a more loyal, devoted San Franciscan than Blanche, and the Board's tribute means more than anything else could have meant. It is something that the children and I will always treasure. Will you be good enough to thank the members in our names, and to receive from us for yourself our deep and lasting gratitude.

Sincerely,

GEORGE CREEL.

### Consideration of Authorizing the Mayor to Negotiate for Contract with Madigan-Hyland for Solution of San Francisco's Traffic and Transportation Problems.

The Joint Committee on Finance and Public Buildings, Lands and City Planning, reported that at its meeting on January 29, 1942, after hearing all interested parties present, it was regularly moved and

carried that authorization to negotiate contract with Madigan-Hyland be not approved.

President Jesse C. Colman thereupon, announced that the Mayor had requested that the matter of the Madigan-Hyland report be postponed, and he made a Special Order of Business for a later date, in order that he and the Manager of Utilities might have the opportunity to present their views to the Board. President Colman, thereupon, suggested, that in accordance with the Mayor's request, consideration of the Madigan-Hyland matter be postponed until Monday, February 16, and he made a Special Order of Business at 3:00 P. M., on that date.

No objection, and so ordered.

#### **Report on Attendance at Meeting of California Highway Commission**

Supervisor Meyer reported on attendance at meeting of the California Highway Commission, at Sacramento, during the past week. At that meeting the Highway Commission had agreed to aid Joint Highway District No. 9, by matching San Francisco's contribution of some \$68,000 for construction of new bridges over Lomitas Creek.

#### **Salary Ordinance Amendment—Civilian Defense**

The Finance Committee presented Bill 1573, Amending Annual Salary Ordinance by adding a new section for the Civilian Defense Council and employments thereunder; an emergency measure.

Consideration continued until Tuesday, February 3rd, 1942, at 2:00 P. M., because of insufficient votes to pass same as an emergency measure.

#### **Called Out From Finance Committee**

Supervisor Uhl called out from Finance Committee Bill No. 1234, repealing ordinance authorizing appropriation of \$55,000 from surplus in Depreciation Fund, Municipal Railway, for traffic survey, and Bill No. 1235, repealing ordinance authorizing appropriation of \$55,000 from County Road Fund, for traffic survey, and requested both Bills be placed on the Calendar for Monday, February 9, 1942, at 3:00 P. M.

No objection, and so ordered.

#### **RECESS**

The Board of Supervisors, at the hour of 3:25 P. M., on motion by Supervisor Uhl, seconded by Supervisor Gallagher, recessed, to reconvene on Tuesday, February 3, 1942, at 2:00 P. M., under Call of the Board, to consider matters postponed during the day's meeting for lack of sufficient votes for passage as emergency measures.

DAVID A. BARRY, Clerk.

#### **TUESDAY, FEBRUARY 3, 1942, 2:00 P. M.**

In Board of Supervisors, San Francisco, Tuesday, February 3, 1942, 2:00 P. M.

The Board of Supervisors met pursuant to recess.

#### **CALLING THE ROLL**

The roll was called and the following Supervisors were noted present: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Uhl—8.

Absent: Supervisors Brown, Roncovieri, Shannon—3.

President Jesse C. Colman presiding.

Supervisor Brown on leave of absence.

**RECESS**

Because of lack of sufficient votes to conduct the business for which the Board, at its meeting of February 2, 1942, had recessed, the Board, at the hour of 2:10 P. M., again recessed, to reconvene at the Call of the President, later during the week, if and when it can be ascertained that sufficient members will be present to enact the legislation still pending.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, February 9, 1942.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates hereon stated and approved as recited.

No protests having been made, the assessment was confirmed and the Clerk was directed so to notify the Director of Works.

## SPECIAL ORDER—3:00 P. M.

### Referred to Finance Committee

The following two Bills were called out of the Finance Committee by Supervisor Uhl at the Board meeting of February 2, 1942, and were ordered placed on the Board Calendar for consideration at its meeting of February 9, 1942:

### Repealing Ordinance No. 101, Series of 1939 (Series of 1939)

Bill No. 1234, Ordinance No. ...., as follows:

Repealing Ordinance No. 101 (Series of 1939), entitled: "Authorizing an appropriation of \$55 000 from the surplus existing in Appropriation 65.913.00 to the credit of Appropriation 802.500.00 for the purpose of

having a plan or plans prepared looking toward solution of the transportation problem."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 101 (Series of 1939), the title of which is recited above, is hereby repealed.

*May 19, 1941—Re-referred to Finance Committee.*

*July 2, 1941—Re-referred to Finance Committee.*

**Repealing Ordinance No. 102, Series of 1939  
(Series of 1939)**

Bill No. 1235, Ordinance No. ...., as follows:

Repealing Ordinance No. 102 (Series of 1939), entitled: "Authorizing an Appropriation of \$55,000 from the accrued surplus in the County Road Fund to the credit of Appropriation No. 802,500.00 for the purpose of having a plan or plans prepared looking toward solution of the traffic problem."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 102 (Series of 1939), the title of which is recited above is hereby repealed.

*May 19, 1941—Re-referred to Finance Committee.*

*July 21, 1941—Re-referred to Finance Committee.*

**Reference to Finance Committee**

Supervisor Uhl announced that Ordinance No. 101 and Ordinance No. 102, both of the Series of 1939 and appropriating \$55,000 each for the employment of Mr. Charles H. Purcell, and declared that since the object for which the appropriations had originally been made no longer existed, the appropriation ordinances should be repealed, especially since funds were so needed for defense purposes.

The Chair, however, suggested, and no objection being made thereto, referred Bill 1234 and Bill 1235 to the Finance Committee.

**SPECIAL ORDER—3:00 P. M.**

**Consideration Continued**

Pursuant to provisions of Resolution No. 2414 (Series of 1939), Board of Supervisors to sit as a Committee of the Whole for hearing in the matter of the hotel labor controversy.

**Urging Parties to Hotel Labor Controversy to Cooperate Toward  
Immediate Settlement  
(Series of 1939)**

Supervisor O'Gara presented Resolution No. 2414, as follows:

Whereas, In the present crisis, we believe it to be the first duty of all citizens and organizations to devote their full energies to the support of our nation's fight in the cause of freedom; and

Whereas, At the time of our nation's being treacherously attacked by Japan several San Francisco industries were involved in labor controversies and picketing was then and is now still going on; and

Whereas, The hotel controversy is said to involve our military forces; and

Whereas, There are said to be instances of serious interference with Civilian Defense efforts and proper housing facilities for evacuees and employees engaged in defense production; and

Whereas, These controversies are making it impossible to obtain whole-hearted cooperation and unity between organized labor and employers; and

Whereas, Our entire community and the war effort is adversely affected by the continuance of these disputes; and

Whereas, The efforts of the Mayor of San Francisco, the U. S. Conciliation Service, the Labor Division of the Office of Production Management, and many disinterested citizens of San Francisco have failed to bring about a settlement and Labor Secretary Perkins has certified this controversy to the War Labor Board but said Board has not yet accepted said controversy for hearing; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors recognize the necessity for the immediate fair settlement of these disputes; and be it

Further Resolved, That in the public interest both parties to these disputes be called upon to cooperate toward an immediate settlement; and, be it

Further Resolved, That unless the War Board on or before 3:00 P. M., Monday, February 9, 1942, accepts said controversy for hearing, the Board of Supervisors hold a meeting on this matter as a committee of the whole as a Special Order of Business at 3:00 P. M., on Monday, February 9th and invite all interested parties to appear and state their views, and that at the conclusion of this hearing this Board take such action as may be appropriate to bring about immediate settlement of this controversy.

The foregoing Resolution, after explanation thereof by Supervisor O'Gara, was on February 2, 1942.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Uhl—8.

Absent: Supervisors Brown, Roncovieri, Shannon—3.

#### Discussion

President Jesse C. Colman announced that he wanted to discuss the foregoing matter, and for that reason desired to relinquish the Chair, and would request Supervisor Mead to act as Chairman.

Supervisor Colman, after the foregoing Special Order had been called up, announced that he recognized fully the fact that the Resolution before the Board was introduced in the best of faith and for the purpose of accomplishing a very worthy purpose. However, due to conditions that have arisen he believed, and he intended to explain his reasons therefor, that the previous action of the Board, in adopting the Resolution be rescinded, and he would so move.

Motion seconded by Supervisor Uhl, who stated that by his second, he was not implying that he would vote for the motion.

Thereupon, Supervisor Colman announced that due to unfortunate circumstances one side of the controversy knew nothing of the proposed Resolution, while the other side did. He realized that Supervisor Mead had objected to immediate consideration when the Resolution was first presented to the Board, but subsequently had withdrawn his objection. He, himself, had the opportunity to object to immediate consideration, but had not done so. He believed though, that the action of the Board had been premature, and the Resolution should have been considered in committee, where all parties to the controversy could have been heard. For that reason he believed the Board's action should be rescinded and the Resolution referred to committee.

Supervisor Mead remarked that during the past week, due to newspaper publicity, all parties to the controversy must have learned of the Resolution and the proposed hearing by the Board. They have been amply informed.

Supervisor Green desired it to be understood that he would oppose any attempt to permit the proposed matter's reference to committee for the purpose of letting it die. He believed the Board should have the right to bring in parties to any dispute affecting the welfare of the people, and find out why such parties could not get together for the public good.

Mr. Eugene O'Donnell, representing hotel employers, stated he was present merely as an observer. However, in reply to questioning by Supervisor O'Gara, he stated he would prefer a hearing "today," then reference to committee and then a further hearing in the Board at a later date.

Mr. John F. Shelly, representing labor, announced that he was prepared to go ahead with the hearing, without further delay. His statement would be very brief, but he desired the matter to be fairly and equitably settled. He believed a delay and reference to committee might prejudice a speedy settlement of the strike. The strike has already been certified to the War Labor Board by the Secretary of Labor, and the matter is now in the hands of a sub-committee of that Board, which is gathering data for report back to Washington. Reports have been made by employer groups that the War Labor Board does not need to take jurisdiction in the matter, and arguments have been made in Washington to keep that Board from taking jurisdiction. If the matter goes to committee, there may be further arguments for delay advanced.

Supervisor O'Gara announced that although he had received a communication from the Hotel Employers Association, which he did not like, he believed the Board could get nowhere in assisting the parties to the dispute unless it started with the cooperation and confidence of both parties. For that reason he would vote for Supervisor Colman's motion, although he was doing so reluctantly.

Supervisor MacPhee suggested that a week's postponement would afford time for all parties to be notified and proper hearing be accorded. He would, therefore, move, as an amendment to the motion, that consideration be postponed until Monday, February 16, 1942, at 3:00 P. M.

Motion seconded by Supervisor Gallagher.

Supervisor Colman opposed the amendment to his motion. He believed the better way to handle the matter would be to rescind the previous action of the Board, after which the Resolution could be re-introduced by Supervisor O'Gara, referred to proper committee for hearing, and then brought into the Board. In explaining his vote, Supervisor Colman stated that the matter came before the Board, and was acted on before the hotel men had any opportunity of knowing the matter was to be considered. That is the fact which they are protesting. They should have had an opportunity of presenting their views before a committee of the Board.

Supervisor MacPhee pointed out that on February 4, 1942, as evidenced by the date on the letter from the Hotel Employers' Association, the hotel employer group knew about the hearing and he could see no good reason why they could not be present, and cooperate with the Board, and endeavor to settle the problem.

Supervisor Mead, in explanation of his vote against the amendment announced that after discussing the matter with interested parties, he was of the opinion that the matter should be heard without further delay.

#### Amendment to Motion Defeated

Thereupon, the roll was called, and the amendment to the motion, to provide for postponement of further discussion until Monday, February 16, 1942, at 3:00 P. M., was defeated by the following vote:

Ayes: Supervisors Brown, Gallagher, MacPhee, Uhl—4.

Noes: Supervisors Colman, Green, Mead, Meyer, O'Gara—5.

Absent: Supervisors Roncovieri, Shannon—2.

#### Privilege of the Floor

Mr. John F. Shelly, on again being granted the privilege of the floor, announced that his only fear was that rescinding the previous action of the Board, and reference of the Resolution to Committee, would be

used as the basis for the other side of the controversy to notify the War Labor Board that the San Francisco Board of Supervisors was attempting to mediate the differences in the hotel industry, and so the War Labor Board should not take the jurisdiction and go ahead with the matter. His people desired quick and just settlement of the matter.

#### **Motion for Recess**

Supervisor Uhl, thereupon, moved that the Board recess, to reconvene on Wednesday, February 11, at 2:00 P. M., to consider further the matter, and that interested parties be invited to be present.

The Chair ruled that another motion was before the Board, and that Supervisor Uhl's motion to recess could not be entertained until after action on motion to rescind the previous action of the Board whereby the Resolution in question had previously been adopted.

Whereupon, Supervisor Uhl announced his intention to vote for the motion to rescind, but stated that immediately after that motion was disposed of, he would renew his motion to recess.

#### **Motion to Rescind Carried**

Thereupon, the roll was again called, and the motion to rescind the previous action taken on the Resolution carried by the following vote:

Ayes: Supervisors Brown, Colman, Green, O'Gara, Uhl—5.

Noes: Supervisors Gallagher, MacPhee, Mead, Meyer—4.

Absent: Supervisors Roncovieri, Shannon—2.

#### **Renewal of Motion to Recess**

Supervisor Uhl renewed his motion that the Board, at the conclusion of other matters before it, recess, to reconvene on Wednesday, February 11, 1942, at 2:00 P. M., and that the matter be heard by the Board, sitting as a Committee of the Whole.

#### **Reference to Joint Commercial Development and Legislative Committee**

Supervisor Colman moved, as an amendment to the motion, that the matter be heard by a Joint Committee of Commercial Development and Legislature.

Motion seconded by Supervisor Brown, and lost by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Uhl—7.

Absent: Supervisors Roncovieri, Shannon—2.

#### **Motion to Recess Carried**

The roll was again called, and the motion to recess carried by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Meyer, O'Gara, Uhl—6.

Noes: Supervisors Brown, Colman, Mead—3.

Absent: Supervisors Roncovieri, Shannon—2.

### **UNFINISHED BUSINESS**

#### **Final Passage**

The following recommendations of the Finance Committee, heretofore Passed for Second Reading, were taken up:

**Authorizing Sale of City Owned Lot 2, in Assessor's Block 6249,

Absent: Supervisors Green, Roncovieri, Shannon—3.

#### Final Passage

The following recommendation of the Police Committee, heretofore Passed for Second Reading, was taken up:

#### Amending "Traffic Code" by Eliminating Parking Stalls

(Series of 1939)

Bill No. 1567, Ordinance No. 1511, as follows:

Amending Section 54 of Chapter XI of Article III of Part II of the San Francisco Municipal Code, "Traffic Code," relating to standing or parking close to the curb, by eliminating parking stalls as at present prescribed.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 54 of Chapter XI of Article III of Part II of the San Francisco Municipal Code, "Traffic Code," the title of which is recited above, is hereby amended to read as follows:

**SEC. 54. Standing or Parking Close to the Curb.** Except when necessary in obedience to traffic regulations, traffic control signal devices, signs or police officers, the operator of a vehicle shall not stand or park such vehicle in a roadway other than parallel with the curb, headed in the direction of traffic, and with the curb-side wheels of the vehicle within one (1) foot of the regularly established curb line, except that upon those streets which have been marked for angle parking, as provided in the next succeeding section, vehicles shall be parked at the angle to the curb indicated by such marks and within such designated spaces. Under no circumstances shall a second line or double parking be permitted.

**Repealing Resolution No. 1978, Series of 1939, in re Proposed Lease of City Land at Southeast Corner of Laguna Honda Blvd. and Clarendon Avenue to Tidewater Associated Oil Company.**

(Series of 1939)

Resolution No. 2420, as follows:

Whereas, Pursuant to Ordinance No. 1018, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on July 9, 1941, for leasing certain City-owned land located at the southeast corner of Laguna Honda Boulevard and Clarendon Avenue, San Francisco, for gasoline and oil service station purposes; and

Whereas, Tidewater Associated Oil Company was the successful bidder, no higher bids having been made or received; and

Whereas, said Company deposited the sum of \$100.00 with the Director of Property in connection with its bid, which money is in the Realty Deposit Trust Fund; and

Whereas, the advertisement and lease provided that said deposit of \$100.00 would be returned in the event that the Lessee was unable to obtain the necessary rezoning and permit to operate a service station; and

Whereas, on July 28, 1941, this Board adopted Resolution No. 1978, Series of 1939, authorizing execution of the required lease to Tidewater Associated Oil Company; and

Whereas, on December 4, 1941, the City Planning Commission adopted Resolution No. 2581 specifying that said Commission, after due consideration, did not deem it to be in the public interest to effect such proposed change of rezoning from Second Residential District to Commercial District.

Now, Therefore, Be it Resolved, That said Resolution No. 1978, Series of 1939, be and is hereby repealed.

Be it Further Resolved, That said sum of \$100.00 be refunded to Tidewater Associated Oil Company.

**Confirming Sale of City-Owned Land at Northeast Corner of 19th and Danvers Streets to Albert H. Domreis**

(Series of 1939)

Resolution No. 2421, as follows:

Whereas, Pursuant to Ordinance No. 578, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on December 30, 1941, for the sale of Lot 44, Assessor's Block 2702, situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Beginning at the point of intersection of the northwesterly line of 19th Street with the northeasterly line of Danvers Street, as shown on the "Map Showing the Extension of 19th Street," filed April 23, 1932, in Map Book "M," page 72, Official Records of the City and County of San Francisco, California; thence running North 2° 31' West, along said line of Danvers Street, 40.243 feet to the northwesterly line of the property conveyed by William C. Larson and Thilda Larson to the said City and County by deed recorded December 9, 1931,

in Volume 2308, page 14, of said Official Records; thence North 88° 18' 30" East, along last named line 56 feet ½ inch; thence North 87° 45' East, continuing along said northwesterly line, 26 feet 3 inches to the northeasterly line of the property conveyed as hereinbefore mentioned; thence South 3° 30' East, along last named line, 38.90 feet to the aforesaid northwesterly line of 19th Street; thence southwesterly along last named line 83.142 feet to the point of beginning.

Being a portion of Lots 7, 9 and 10 of Block 11 of the Map of Market Street Homestead Association, recorded October 26, 1868, in Map Book "C" and "D," pages 130 and 131, of said Official Records.

Excepting a subsurface easement for the Municipal Railway Twin Peaks Tunnel.

Whereas, in response to said advertisement Albert H. Domreis, et ux., offered to purchase said land for the sum of \$800.00 cash, no higher bids having been made or received; and

Whereas, said sum of \$800.00 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$800.00; and

Whereas, Albert H. Domreis has paid the sum of \$100.00 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land.

Now, Therefore, Be it Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the Mayor and Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said land to Albert H. Domreis and Viedena G. Domreis, or their assignee, subject to the easement hereinbefore mentioned.

The Director of Property shall deliver said deed to the Grantees upon receipt of the balance of the purchase price, which shall be paid within thirty days after approval of this Resolution.

Bill No. 1574, Ordinance No. \_\_\_\_\_, as follows:

Authorizing sale of certain City-owned land near Pleasanton.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the County of Alameda, State of California:

Commencing at a point in the northerly line of a 40-foot road known as Pleasanton Avenue at its intersection with the westerly line of the 50-foot strip of land of the City and County of San Francisco extending approximately north and south as described in Parcel 71 Alameda County Lands in deed to City and County of San Francisco by Spring Valley Water Company dated March 3, 1930, and recorded in the office of the County Recorder of Alameda County March 3, 1930, in Liber 2350 of Official Records at page 1; said point being distant north 0° 19' east 40.00 feet from an iron monument marking the northeast corner of the 26.064 acre tract of land conveyed to Helena C. Busch, et al., by Spring Valley Company, Ltd. by deed dated May 11, 1936; running thence from said point of commencement along said northerly line of Pleasanton Avenue north 89° 30' east 50.01 feet to its intersection with the easterly line of said 50-foot strip of land; thence along said easterly line north 0° 19' east 1060.00 feet to the southerly line of a road known as Cameron Avenue; thence along said southerly line south 89° 30' west 50.01 feet to the westerly line of said 50-foot strip of land; thence along said westerly line south 0° 19' west 1060.00 feet more or less to the point of commencement.

Being all that portion of said 50 foot strip of land of the City and County of San Francisco lying between the north line of said Pleasanton Avenue and the south line of said Cameron Avenue.

Containing 1.217 acres, more or less.

Section 2. The above described land shall be offered for sale in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. In order that connections can be made between the remaining portions of the 100 foot and 50 foot strips of land known as the Strips of Land for Pleasanton Wells of the City and County of San Francisco, the City hereby reserves a right of way easement to lay, relay, construct, reconstruct, maintain operate, patrol, repair, renew, replace, remove, increase and or change the number and size of pipes, pipe lines, conduits and/or connections, appurtenances and appliances for the conveyance, distribution, supply and or sale of water and to construct,

reconstruct, operate, patrol, repair, renew, replace, remove, increase and/or change the number of electric transmission lines and/or telephone lines, consisting of wires supported on poles, with the usual and necessary fittings and appurtenances thereto, along and/or across the hereinbefore described 50 foot strip of land extending northerly from the north line of Pleasanton Avenue to the south line of Cameron Avenue.

2. There is also hereby expressly reserved unto the City, its successors and assigns, as against parcel of land hereinabove described, all water which may or might flow in any stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands other than the parcel of land hereinabove described, from the subterranean strata underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere. However, the grantee, subject to the foregoing paramount rights of the City, its successors and assigns, shall have a right to sink a well or wells on said parcel of land and to use the water therefrom on said parcel of land, but the said water shall not be used or disposed of for use elsewhere by the grantee.

3. Subject to the reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

**Authorizing Compromise of Claim of the City and County of San Francisco Against Red Line Transfer Company and George Galvin in the Sum of \$130.97.**

(Series of 1939)

Bill No. 1575, Ordinance No. \_\_\_\_\_, as follows:

Authorizing compromise of claim of the City and County of San Francisco against Red Line Transfer Company and George Galvin in the sum of \$130.97.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Retirement Board having recommended and the City Attorney having approved the settlement and compromise of the claim in favor of the City and County of San Francisco, a municipal corporation, and against the Red Line Transfer Company and George Galvin, being recovery of loss sustained by said City and County on account of personal injuries sustained by James F. Wargo, on the 14th day of August, 1941, said personal injuries having arisen out of and in the course of the employment of James F. Wargo as a conductor on the Municipal Railway of the City and County of San Francisco, when the latter was leaning out of the rear portion of a municipal railway car and struck the left rear portion of a truck belonging to said Red Line Transfer Company which had been double parked by the said George Galvin. The loss to said City and County to date being \$261.95, including compensation paid while the said

James F. Wargo was absent from his employment, and the cost of medical and hospital services provided; and the said Red Line Transfer Company and George Galvin having offered to pay in full settlement of the City's claims, the amount of \$130.97, the Retirement Board and the City Attorney are hereby ordered and authorized to settle and compromise said claim for said amount of \$130.97.

Recommended by the Retirement Board.

Approved as to form by the City Attorney.

**Requesting Mayor to Make Every Effort to Obtain Moneys Necessary to Provide Auxiliary Water Supply System and Additional Fire Department Equipment for Use in Present Emergency.**

(Series of 1939)

Resolution No. 2423, as follows:

Whereas, The Civilian Defense Council has directed the attention of the Mayor of the City and County of San Francisco to the necessity of an auxiliary water supply system to take the place of the present water supply, should the same be curtailed, damaged or rendered ineffective during the present emergency; and

Whereas, The only available auxiliary water supply will come from Lake Merced, and in order to make available said water supply from Lake Merced pumping plants and pipes, the sum of approximately \$1,250,000.00 will have to be expended; and said amount is not available in the funds of the Public Utilities Commission; and

Whereas, Said Civilian Defense Council has also called to the attention of the Mayor that the Fire Department of the City and County of San Francisco is in need of the following equipment to meet any condition which may arise by reason of the present emergency;

- 156 Pumping units
- 156 1½-ton comm. type trucks
- 117,000 feet 2¾-inch hose (for above)
- 93,600 feet 1½-inch fire hose
- 312 3-inch Gorter shut-off pipes
- 312 1½-inch Gorter shut-off pipes
- 312 Siamese reducers, 3-inch by 1½-inch
- 156 24-foot extension ladders
- 156 12-foot roofing ladders
- 156 sets miscellaneous tools for above
- 100 feet Manila rope, 5-inch for each unit
- 2 axes for each unit
- 2 double "He" connections 3-inch for each unit
- 2 double "She" connections 3-inch for each unit
- 6 Spanners for each unit
- 2 Increasers, 2½ x 3 inch for each unit
- 1 Crowbar for each unit
- 1,200 Flashlights

#### BATTERY TRUCKS—

- 2 5-ton trucks
- 8,000 feet 3½-inch fire hose
- 2 Special bodies and monitor nozzles

**HIGH-PRESSURE VALVE-CLOSING UNITS**

- 11 High pressure valve closing units
- 11 1½-ton trucks for above
  - 3 Rescue trucks, complete with equipment
  - 4 Canteen units
- 119 Motocycles
- 10 Gleeson-type reducing valves
- 100 3-inch by 3-inch Siamese connections
- 17 Control cars

And in all to cost approximately \$745,326.60.

And Whereas, At this time no moneys are available in the funds of the Fire Department to purchase or acquire said equipment.

Now, Therefore, Be It Resolved, That the Mayor make every effort to obtain the necessary moneys to provide said auxiliary water system and said necessary equipment for the Fire Department, and even to the extent of making use of the cash reserve fund set up and provided in accordance with the provisions of Section 81 of the Charter, should the use of said fund for said purpose be legal, and the Mayor is hereby authorized to take such necessary steps as he shall deem proper to test the right to use said cash emergency fund to meet the cost of providing an auxiliary water system and the said above mentioned equipment for the Fire Department.

Supervisor Gallagher, in reply to questioning by Supervisor Uhl, stated that should the foregoing Resolution be adopted, before the Mayor could make any expenditure of funds to meet the cost of providing an auxiliary water system and equipment for the Fire Department, an appropriation must be approved by the Board of Supervisors.

Whereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Uhl—8.

Absent: Supervisors Green, Roncovieri, Shannon—3.

**Consideration Continued**

The following recommendation of the Public Health and Welfare Committee was taken up:

Present: Supervisor Shannon (subject to approval by majority of committee members).

**An Appeal to the Secretary of the Interior to Petition the United States District Court to Grant, for the Duration of This War, a Stay of Execution of the Court Decision to Cancel the City's Agreement with the Pacific Gas and Electric Company for the Resale of Electric Power Generated on the City's Hetch Hetchy Project.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The President of the United States and Congress have declared that a state of war exists between our country and Japan, Germany and Italy; and

Whereas, "All-out" production of the materials of war is essential for our successful conclusion of this war, and the generation of electric power is a vital factor in such production; and

Whereas, The City and County of San Francisco, through the facilities of its Hetch Hetchy Project, is now generating a part of the electric power required for such purposes in the City and County; and

Whereas, The Supreme Court of the United States has decided that the sale or distribution for resale of the electric power generated on the City's Hetch Hetchy Project through the agency of the Pacific Gas and Electric Company is in violation of the provisions of Section 6 of the Raker Act; and

Whereas, The United States District Court has granted a stay of execution of said Court decision until July 1, 1942; and

Whereas, The enforcing of this Supreme Court decision during the duration of the war will impose great hardships on the people of the City and County of San Francisco by curtailing the revenue derived from the sale of this electric power and consequently will increase their tax burden at a time when they are hard pressed to provide money for the many projects required for the defense of their country during this war period; and

Whereas, Congress will be continuously engaged with emergency war legislation and the innumerable problems of war and will undoubtedly find it difficult to devote sufficient time to hearing and acting on the pleas of our citizens to amend the Raker Act; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby appeal to the Secretary of the Interior, Honorable Harold L. Ickes, to petition the United States District Court to grant, for the duration of this war, a stay of execution of the Court decision canceling the City's agreement with the Pacific Gas and Electric Company for the sale for resale of electric power generated on the City's Hetch Hetchy Project; and be it

Further Resolved, That this Board of Supervisors in adopting this resolution hereby declares that it does so only in the interest of national unity for the successful prosecution of the war, and to permit our Congress and our City officials to devote their entire time and effort to this accomplishment; and be it

Further Resolved, That Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, is requested to transmit this resolution to the Secretary of the Interior, Honorable Harold L. Ickes, for his consideration.

*February 2, 1942—Consideration continued until February 9, 1942.*

Supervisor Colman reported that the foregoing Resolution had been presented to the Congressional Committee by the Committee which went to Washington, D. C., to endeavor to secure the amendment of the Raker Act. He believed the Resolution should be adopted, but, in view of the fact that the Committee had just returned from Washington, and the Resolution could well have the advantage of consideration of that Committee, action should be postponed for one week.

Whereupon, on motion by Supervisor Meyer, seconded by Supervisor Gallagher, no objection being voiced, consideration was postponed until Monday, February 16, 1942.

#### Re-reference to Committee

The following recommendations of the Streets and Highways Committee were taken up:

Present: Supervisors Meyer, Gallagher and Mead.

**Closing Portion of Blair Street From Grand View Avenue to Corwin Street, also Acceptance of Deed to Land Required for Corwin and Stanton Streets.**

(Series of 1939)

Resolution No..... as follows:

Whereas, On the 22nd day of September, 1941, the Board of Supervisors of the City and County of San Francisco, duly adopted Resolution No. 2118 (Series of 1939), being a resolution of intention to close Blair Street from Grand View Avenue to Corwin Street, which resolution was approved by the Mayor on the 26th day of September, 1941, said resolution being in words and figures as follows:

**Resolution of Intention to Close Blair Street from Grand View Avenue to Corwin Street**

(Series of 1939)

Resolution No. 2118, as follows:

Resolved, That the public interest requires and that it is the intention of this Board of Supervisors to close and abandon all of Blair Street from Grand View Avenue to Corwin Street, situated in the City and County of San Francisco, State of California, and more particularly described as follows, to wit:

Beginning at the intersection of the northeasterly line of Blair Street with the northwesterly line of Acme Alley; thence deflecting  $15^{\circ} 10' 06''$  to the right from said line of Acme Alley and running southwesterly 50.454 feet to a point perpendicularly distant 44 feet northeasterly from the southwesterly line of Grand View Avenue, as last named line is shown on the "Map of Grand View Avenue," filed April 1, 1940, in Map Book O at pages 1 to 4, Official Records of the City and County of San Francisco and perpendicularly distant 50 feet southwesterly from the southeasterly prolongation of said northeasterly line of Blair Street as said line is shown on the "Map of the Resurvey of the Subdivision of a part of the San Miguel Rancho," filed September 30, 1912, in Map Book G, at page 153, Official Records; thence deflecting  $97^{\circ} 41' 39''$  to the right from the preceding course and running northwesterly along a line parallel with and distant 50 feet at right angles southwesterly from said line of Blair Street 106.909 feet; thence deflecting  $17^{\circ} 02' 00''$  to the right and continuing northwesterly along said parallel line 98.014 feet; thence deflecting  $17^{\circ} 29' 46''$  to the right and running northeasterly along a line parallel with and distant 50 feet at right angles northwesterly from the southeasterly line of aforesaid Blair Street and the northeasterly prolongation thereof 205.685 feet to the proposed southwesterly line of Corwin Street; thence southeasterly along said line of Corwin Street the following courses and distances, on the arc of a curve to the right, tangent to a line deflected  $137^{\circ} 44' 37''$  to the right from the preceding course, radius 42 feet, central angle  $47^{\circ} 47' 08''$ , a distance of 35.029 feet; thence on the arc of a curve to the left tangent to preceding curve, radius 58 feet, central angle  $29^{\circ} 42' 09''$ , a distance of 30.068 feet; thence tangent to preceding curve 10.692 feet; thence on the arc of a curve to the left tangent to preceding curve radius 58 feet, central angle  $36^{\circ} 09' 32''$ , a distance of 36.603 feet; thence on the arc of a curve to the right, tangent to the preceding curve, radius 42 feet, central angle  $25^{\circ} 21' 17''$ , a distance of 18.586 feet; thence tangent to preceding curve 1.742 feet; thence leaving aforesaid proposed line of Corwin Street at right angles southwesterly 10.670 feet to the intersection of the southwesterly line of Corwin Street with the southeasterly line of Blair Street as said lines are shown on aforesaid map filed in Map Book G, thence deflecting  $55^{\circ} 01' 21''$  to the left from the preceding course and running southwesterly along last named line of Blair Street 80.00 feet; thence deflecting  $17^{\circ} 29' 46''$  to the left and running southeasterly along the northeasterly line of Blair Street 82.833 feet; thence deflecting  $17^{\circ} 02' 00''$  to the left and continuing southeasterly along last named line 92.667 feet to the northwesterly line of Acme Alley and to the point of beginning.

Said closing and abandonment of said Blair Street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California.

Before the final closing of said Blair Street, there shall be delivered to the Director of Property of the City and County of San Francisco deeds conveying certain lands free of all encumbrances, to the City and County of San Francisco, a municipal corporation, required for the opening of a new street running northerly from Grand View Avenue, between Stanton Street and the said Blair Street, and for certain lands

necessary to establish a uniform width of 50 feet on Stanton Street from Grand View Avenue northerly to the southerly line of Clover Heights Subdivision as per map recorded in Map Book G, page 113, Official Records of the City and County of San Francisco, and for certain lands necessary to establish a uniform width of 50 feet on Corwin Street from the northerly termination of the southwesterly line of Corwin Street, northwesterly to said line of said Clover Heights Subdivision.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works, a certified copy of this resolution and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said Blair Street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, September 22, 1941.

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Absent: Supervisors Colman, Shannon.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

David A. Barry, Clerk.

Approved, San Francisco, September 26, 1941.

ANGELO J. ROSSI, Mayor.

Whereas, the Clerk of this Board did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notice of the passage of said resolution and did also cause in the manner and as required by law a notice similar in substance to be published for a period of ten days in the official newspaper of San Francisco; and

Whereas, The public interest and convenience require said street closing to be done as specifically described in Resolution No. 2118, Series of 1939; and

Whereas, the Supervisors have acquired jurisdiction to order said portion of Blair Street to be closed and abandoned;

Now, Therefore, Be It Resolved, that said portion of Blair Street be and is hereby closed and abandoned.

Be It Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that said Department be instructed to proceed thereafter as required by law, and the Clerk of this Board is hereby directed to advertise this resolution in the official newspaper as required by law.

Be It Further Resolved, That the City and County of San Francisco, a municipal corporation, does hereby accept that certain deed dated November 29, 1941, from Matthew A. Little, et ux., to certain lands required for Corwin and Stanton Streets.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Approved by the Chief Administrative Officer.

Approved by the City Engineer.

Approved as to form by the City Attorney.

*January 12, 1942—Consideration continued until January 19, 1942.*

*January 19, 1942—Re-referred to Streets Committee.*

#### Privilege of the Floor

Mr. Mark Jorgensen, representing the City Planning Commission, who, on motion by Supervisor Mead was granted the privilege of the floor, announced that he was not opposing the adoption of the foregoing

Resolution, but did desire to call the Board's attention to the fact that property in the district is to be subdivided, but maps of the subdivision have not yet been approved. He believed that the closing of portion of Blair Street should not be consummated until after the approval of the maps.

In reply to observations by Supervisor Uhl, Mr. Jorgensen stated that delay in closing Blair Street would not cause any delay in construction in the district. Blair Street, though, should not be closed until another street, satisfactory to the City and County of San Francisco, is deeded to the City and County.

Whereupon, Supervisor MacPhee moved postponement of further consideration for two weeks, in order that a new map of the proposed subdivision can be presented and approved. Blair Street, he continued, could not be closed without having another street, satisfactory in width, turning area, etc., can be opened up.

Motion seconded by Supervisor Uhl.

The Chair, however, suggested re-reference to committee, rather than postponement for two weeks, with the understanding that the committee report the matter back to the Board by Tuesday, February 24, 1942.

Supervisor MacPhee consenting, and no objection being raised, the foregoing Resolution was re-referred to the Streets Committee, with the understanding that the Committee would report back to the Board by February 24, 1942.

BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**In Memoriam—William J. Hagerty  
(Series of 1939)**

Supervisor Mead presented Resolution No. 2429, as follows:

Whereas, Mr. William J. Hagerty, former Clerk of this Board of Supervisors, has been called to eternal rest; and

Whereas, Mr. Hagerty, who served as Clerk of the Board in 1910 and 1911, was prominently and actively identified with fraternal movements, being at the time of his death State Secretary of the Fraternal Order of Eagles, and was also a staunch labor partisan as a long-time member of Machinists Union, Local No. 68; and

Whereas, Mr. Hagerty, both in public service and private enterprise, was the epitome of exemplary conduct, good citizenship and lovable camaraderie, and the host of his friends who loved and respected him will join his bereaved family in deeply mourning his passing; now, therefore, be it

Resolved, That this Board of Supervisors, take sorrowful cognizance of the death of Mr. William J. Hagerty, does adjourn its meeting this day out of respect to his memory; and the Clerk is hereby directed to forward to his bereaved widow and family a suitable copy of this resolution as an expression of the Board's heartfelt sympathy and condolence.

**Amending Section 22 of Article 1, Part III, of the Municipal Code  
of the City and County of San Francisco to Provide for Posting  
of Notice of Hearing on Application for Certain Permits Upon  
the Premises Involved and Upon a Bulletin Board Maintained  
in the Office of the Secretary of the Board of Permit Appeals,  
and also Providing for the Form of Said Notice.  
(Series of 1939)**

Supervisor Uhl presented Bill No. ...., Ordinance No. ...., as follows:

Amending Section 22 of Article 1, Part III, of the Municipal Code of the City and County of San Francisco to provide for posting of notice of hearing on application for certain permits upon the premises involved and upon a bulletin board maintained in the office of the secretary of the Board of Permit Appeals, and also providing for the form of said notice.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 22 of Article 1, Part III, of the Municipal Code of the City and County of San Francisco, is hereby amended to read as follows:

SEC. 22. *Providing for Posting and Form of Notice of Hearing Application for Certain Permits.* On the filing of any application for the issuance or transfer of a permit for any purpose specified in this section, or the filing of a notice of intention to revoke any *such* permit, except in any case where such proposed revocation is due to the failure to pay the fee fixed by law or ordinance, the department responsible for the approval of such application shall fix the time and place of hearing thereon, which shall be not less than ten (10) nor more than twenty (20) days from the filing of said application, and shall cause to be conspicuously posted upon the premises involved in said application, and also upon the bulletin board maintained for that purpose in the office of the secretary of the Board of Permit Appeals, Room 250, City Hall, not less than ten (10) days before said public hearing, notice of such application and the time and place of hearing thereon. *It shall be the duty of the secretary of the Board of Permit Appeals to provide and properly maintain said bulletin board for the posting of such notice.* Said notice shall also set forth the name of the applicant and the purpose for which the application is made. The department in which the application is filed shall cause said notice to be so posted. The lettering of the words in said notice, "Notice of Application for ..... Permit," shall be one (1) inch type, and all other lettering shall be one-half ( $\frac{1}{2}$ ) inch type. After the posting of said notice the applicant shall maintain said notice as posted *on the premises* the required number of days.

The classes of permits referred to in this section are: All those permits enumerated in Section 1, Article 1, Part III, of the San Francisco Municipal Code, excepting the following:

- (2) For the holding of masquerade balls—by the Police Department;

### **Report on Committee's Presentation in Washington, in Endeavor to Secure Amendment to the Raker Act**

Supervisor Brown, under his name on Roll Call, reported on his recent trip to Washington, D. C., as a representative of the Board of Supervisors, and the endeavor to urge favorable committee recommendation for the amendment of the Raker Act to permit the continuation of the present method of disposal of Hetch Hetchy electric energy. The Chairman of the Citizens' Committee, which went to Washington, will probably appear before the Board with a report on the subject, at the Board's next meeting. San Francisco's delegation conducted itself very well, at the hearing, continued Supervisor Brown, and the impression made by those who testified was most favorable. The Chairman of the Board, President Colman, and the Manager of Utilities, Mr. E. G. Cahill, made exceptionally fine presentations.

### **Termination of Franchises, Market Street Railway Company**

Supervisor MacPhee announced that during the week he had requested the City Attorney to draft a Resolution calling for the termination of Market Street Railway Company franchises. The Resolution has not yet been prepared, but if the Board would agree, it might be considered as being presented and referred to committee, at this time.

Whereupon, the Chair announced that the Resolution could be considered as presented, and referred to the Public Utilities Committee.

### **Providing for Representation of Board at State and National Capitals**

Supervisor MacPhee announced, also, that he had requested the City Attorney to prepare a Resolution with reference to matter of maintenance of representative for San Francisco at both the State and Federal capitals. The Resolution was not ready for presentation to the Board, but he would request it be considered as being presented.

Whereupon, the Chair announced its reference to the County, State and National Affairs Committee.

### **Proposing Closing Restrictions of Certain Businesses**

Supervisor Green announced that he had in mind a proposed Resolution to provide for the closing of gasoline supply stations at 7:00 P. M., but that such Resolution had not yet been prepared for presentation to the Board. The request for such regulation had been proposed by certain station operators in the Richmond District. He would, then, request that after drafting such Resolution, it be referred to the proper committee of the Board for consideration.

Whereupon, the Chair announced he would refer same to the Police Committee.

### **Proposing Termination of Activities of San Francisco Housing Authority**

Supervisor Uhl announced his intention to have drafted by the City Attorney, a Resolution proposing the termination of San Francisco Housing authority activities for the duration of the war emergency, which he desired to have referred to the Public Buildings, Lands and City Planning Committee.

Whereupon, the Chair announced he would refer same to the Public Buildings, Lands and City Planning Committee.

### **Providing for Relief to Technical Non-Resident Indigents**

Supervisor O'Gara announced that the City Attorney was preparing, at his request, legislation to provide for granting of relief to technical non-resident indigents in San Francisco, and that legislation would be ready for consideration later during the week.

*Referred to Joint Finance and Legislative Committee.*

### **Communications**

The following communications were received, read by the Clerk, and acted on as noted:

From Market Street Railway Company, request for permit to substitute bus service for street car operation over certain streets between the hours of 7:00 P. M. and 5:00 A. M. for the duration of the war emergency, together with draft of proposed legislation to grant said request.

### Consideration of Negotiation for Settlement of Hotel Strike

The following Resolution, presented in the Board on Monday, February 2, 1942, by Supervisor O'Gara, and adopted by the Board on that date, the action on which was rescinded by the Board at its meeting of February 9, 1942, was taken up:

### Urging Parties to Hotel Labor Controversy to Cooperate Toward Immediate Settlement (Series of 1939)

Supervisor O'Gara presented Resolution No. 2414, as follows:

Whereas, In the present crisis, we believe it to be the first duty of all citizens and organizations to devote their full energies to the support of our nation's fight in the cause of freedom; and

Whereas, At the time of our nation's being treacherously attacked by Japan several San Francisco industries were involved in labor controversies and picketing was then and is now still going on; and

Whereas, The hotel controversy is said to involve our military forces; and

Whereas, There are said to be instances of serious interference with Civilian Defense efforts and proper housing facilities for evacuees and employees engaged in defense production; and

Whereas, These controversies are making it impossible to obtain whole-hearted cooperation and unity between organized labor and employers; and

Whereas, Our entire community and the war effort is adversely affected by the continuance of these disputes; and

Whereas, The efforts of the Mayor of San Francisco, the U. S. Conciliation Service, the Labor Division of the Office of Production Management, and many disinterested citizens of San Francisco have failed to bring about a settlement and Labor Secretary Perkins has certified this controversy to the War Labor Board but said Board has not yet accepted said controversy for hearing; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors recognize the necessity for the immediate fair settlement of these disputes; and be it

Further Resolved, That in the public interest both parties to these disputes be called upon to cooperate toward an immediate settlement; and, be it

Further Resolved, That unless the War Board accepts said controversy for hearing, the Board of Supervisors hold a meeting on this matter, sitting as a Committee of the Whole, at as early a date as possible, and invite all interested parties to appear and state their views, and that at the conclusion of this hearing this Board take such action as may be appropriate to bring about immediate settlement of this controversy.

#### Discussion

Immediately prior to the consideration of the foregoing Resolution, communications were presented, and read by the Clerk, as follows:

From San Francisco Employers Council, announcing that inasmuch as the Council felt that its attendance at the meeting would serve no useful purpose, the Council must decline to attend the meeting.

From Hotel Employers Association of San Francisco, presenting the views of the hotels concerning the present hotel strike situation.

From San Francisco Labor Council, transmitting statement from California State Federation of Labor, together with Resolution of said Council, concerning the hotel strike situation.

From Hotel Employers Association of San Francisco, addressed to Supervisor MacPhee, and reading as follows:

February 4, 1942.

Honorable Chester MacPhee,  
Supervisor, City and County of San Francisco,  
City Hall, Civic Center,  
San Francisco, California.

Dear Mr. MacPhee:

The members of the Hotel Employers Association of San Francisco have learned through the press that you are one of the Supervisors who on Monday approved a Resolution purporting to constitute your Board a mediator in the present hotel dispute.

I am instructed by this Association's directors to advise you they consider that the Board by its action has inadvertently made itself a party to a scheme deliberately engineered by certain labor leaders.

Our directors believe that those responsible for the Resolution were not interested whatever in your Board's capacity for mediation. To the contrary, they feel you were merely "used" for the purpose of giving the War Labor Board in Washington the utterly false impression, direct from this city's authorities, that chaotic conditions exist in San Francisco's hotels.

By this Resolution, its sponsors have extorted from the Supervisors an official but erroneous report picturing "serious interference" with the housing of military, naval and other defense guests in the San Francisco hotels intending thereby to influence War Labor Board action in this dispute.

Such representations are entirely untrue. Every picketed hotel has been operating in an orderly, normal manner in every department and will continue to do so. All guests whether military, naval, civilian defense or otherwise, have enjoyed complete normal housing and full hotel facilities. Defense agencies have had the fullest cooperation and service from every one of this Association's twenty-seven hotels.

It would seem that San Francisco business has been harmed enough by the scare of blackouts, fifth column and submarine activities. But to top this, one would hardly expect our own Supervisors to go out of

their way to darken the picture further by broadcasting entirely fictitious reports of hotel housing chaos.

Had any member of your Board extended to the hotels some advance notice of your Resolution, we would have had a representative present to explain the facts and point out the Resolution's inaccuracies. But evidently as part of the steam roller program, this was deliberately avoided. Its sponsors knew that one negative vote could have blocked their Resolution. It is interesting to note, however, that union officials were present. How does it happen that they were fully informed and not the hotels?

If the Supervisors consider the wartime pickets an eye-sore and nuisance your Board might more properly have passed a Resolution calling on the strike leaders to remove them. The strike leaders alone are keeping the pickets on the sidewalks because they refuse to relax their demand for a closed shop in the hotels. That is the only issue involved. The hotels have continuously offered to arbitrate wages and hours but refuse to grant or arbitrate the union demand that hotel workers be forced by management into their unions.

We desire you to know that the hotels strongly resent any ex-parte action by the Board of Supervisors to pressure us into this un-American act.

Very truly yours,

(Signed) J. D. SULLIVAN,

Managing Director.

JDS:mb

#### Committee of the Whole

The Board of Supervisors, on motion by Supervisor Mead, seconded by Supervisor O'Gara, resolved itself into a Committee of the Whole, President Jesse C. Colman acting as Chairman.

#### Privilege of the Floor

On motion by Supervisor Mead, the privilege of the floor was granted to all citizens present interested in the matter under consideration.

In reply to question by Supervisor Green, the Chair announced that the War Labor Board had requested Mr. Paul Eliel to consider the matter of the hotel strike, and to advise that Board whether or not it should consider the matter.

Mr. John F. Shelley, supplementing statement by the Chair, reported that Mr. Paul Eliel, Professor of Industrial Relations, Stanford University, has been designated as Special Examiner to examine the issues and the history of the strike, and to report to the War Labor Board whether or not it should accept the matter for consideration. However, Labor is present, not to make any long argument, but to cooperate. Labor is ready and willing to cooperate with any agency that is honestly trying to bring the various interests together. Labor is anxious to work out the matter, and feels that it is to the best interest of everyone that it be worked out. Although the matter has been presented to many people and groups, so far the only agency that has the matter before it in an official way is the War Labor Board. If Mr. Eliel should certify that action should not be taken by the War Labor Board, then the action of the Board of Supervisors might be helpful in bringing together the parties to the dispute. If the War Labor Board does take jurisdiction, no action by the Board of Supervisors will be necessary. A recommendation by the Board of Supervisors to the War Labor Board, Mr. Shelley believed, would aid in bringing about a speedy settlement.

Supervisor Uhl questioned the advisability, or the good to be derived from further consideration of the matter, since one party to the dispute had declined to attend the meeting.

Mr. William McCabe, representing hotel employees, reminded the Board that the employers had already presented their side of the question, by letter; their views were known, and the hearing should continue.

He discussed the Resolution, seriatim, pointing out, in his opinion, that the matter was properly one to be taken up by the War Labor Board. Labor was willing to have the differences considered by the War Labor Board, and would agree to abide by any decision by that Board. The employers have refused to discuss the matter at all. The newspapers, too, have failed properly to present the matter.

Mr. Shelley, again addressing the Board, presented a summary of the labor movement in San Francisco, since the beginning of the war. On December 7, 1941, a meeting of the hotel strike committee and the department store strike committee was called. At that meeting, realizing a war was on, labor took a definite position in the endeavor to settle those, and other disputes, and pledged itself to a program which would insure against any further stoppages of work. The next day, Monday, December 8th, at a meeting arranged by the Mayor and held in the rooms of the Public Utilities Commission, it was decided that all disputes and issues that could not be settled within 48 hours would be submitted to a Board of Arbitration. The program, though, has not been accepted by the employers of San Francisco. They refuse to submit these disputes to arbitration. Labor will not, and cannot agree to pledge itself against strikes unless there is some machinery for adjudicating issues that might arise.

A Mr. Pendleton, member of the Executive Committee of the San Francisco Church Federation, and Legislative Representative of the California Church Council, representing himself, a group of clergymen, and other interested citizens who believe that the principles of arbitration are fundamental to democracy, held that in times like these, disputes should not be left entirely to the parties directly involved. No local problem, he believed, could be divorced from state and national problems. He suggested that the Board do nothing to prolong the present dispute, but use its influence as public officials of San Francisco to let the representatives of the national government know that it wants the national government to use the machinery set up to settle this dispute.

Mr. John O'Connell urged the Board to request the War Labor Board to take jurisdiction over this case and settle it once and for all.

Mr. Shelley, in answer to questioning by Supervisor Uhl stated that he did not know just how far the War Labor Board's powers extended. The Board would, though, try to persuade the parties involved to arrive at some agreement between themselves. Failing to persuade the parties to agree, the Board will then hear the case and make its decision thereon. Then, if either side refused to abide by the decision the Board will rely on public opinion to enforce its decision. The Unions, though, will accept, and will live up to, any decision handed down by the Board. The President has the power to enforce the Board's decisions, but he does not want to use that power unless it is absolutely necessary.

Mr. Edward Vandeleur complimented the members of the Board, and especially Supervisor O'Gara, who had the courage to present the questioned Resolution. Labor, he stated, was willing to submit the entire question to arbitration. The employers refuse. He hoped the Board of Supervisors would request the War Labor Board to take jurisdiction.

#### Committee of the Whole Arises and Reports

Supervisor Mead moved that the Committee of the Whole rise and report to the Board.

No objection, and so ordered.

#### Adoption of Resolution Proposed

Supervisor Mead, seconded by Supervisor O'Gara, moved adoption of the Resolution.

Supervisor Uhl announced that, although he had been greatly impressed by Mr. Shelley's statement, he was not ready to vote on the Resolution until after he had heard from the employers that they were

willing to go along. Thereupon, he moved that the Board recess, to reconvene the next day, to review the matter, and to be ready to act on it at that time.

Motion failed for want of a second.

Supervisor Mead, after reviewing briefly the acts of the Board following the first presentation of the Resolution by Supervisor O'Gara, announced that in his opinion the intent of the Resolution had already been carried out. A hearing had been held, and although one side to the controversy had declined to attend, its views had been made known by letter. Therefore, he continued, there is no necessity to adopt the Resolution. With the consent of his second, he would like to withdraw his motion for adoption, in order that he might make another motion.

Supervisor O'Gara disagreed with the views expressed and refused his consent to the withdrawal of the motion to adopt. The adoption of the Resolution would mean another meeting, in order to hear all interested parties and then to decide what action should be taken.

The Chair, after further brief discussion, ruled that the Resolution was properly before the Board. Its adoption, however, would not prevent the subsequent offering of any other motion.

### Explanation of Votes

Supervisor Colman, President of the Board, announced his intention to vote "No" on the adoption of the Resolution. The Board, he stated, in the best of faith, offered its services to act as mediator in the dispute under consideration. It invited both parties to the dispute to appear, and it wanted to do everything possible to bring about peace. One of the parties saw fit to refuse the Board's offer, and has intimated that it does not want to submit the matter to arbitration by this Board. This Board has no authority in the matter. The other party accepted the Board's invitation. Unless both sides to the dispute are present, and can be heard, the Board cannot help at all. If the Board of Supervisors wants to retain the power to arbitrate, it must convince both sides in a dispute of its absolute fairness. However, since the offer of the Board has been rejected by one side to the present dispute, nothing constructive can come from a further hearing, with only one side present. For that reason, he would vote "No" on adoption of the Resolution.

Supervisor Uhl stated he would vote for the Resolution, although he had hoped for an opportunity to interview several of the hotel men.

Supervisor O'Gara announced that he was somewhat confused as to the basis on which the hotel people had declined the Board's invitation to be present. Mr. Almon Roth had expressed a feeling which he, Supervisor O'Gara, believed was entirely wrong, and he believed the Board should determine whether that feeling was shared by the other hotel men. He believed the principles on which the hotel employers declined to be present, were very poor, and he would vote on that basis. He believed that the Board of Supervisors should make an honest effort to bring all interested parties in and have them state what the issues are and what the Board of Supervisors should do. He would, then, vote for the Resolution, and so, for the third time, extend an invitation for the hotel men to be present and state personally, what they had so eloquently stated in the press and by their letters.

Supervisor MacPhee announced that it was plain to him that the employers would not attend any meetings of the Board. Although he had originally signed the Resolution, he now believed the best interest of San Francisco would be served if the Resolution were voted down, and the matter were to be referred to the War Labor Board.

Supervisor Mead announced that although he had moved the adoption of the Resolution, the wording of the last "Resolve" prohibited him from voting for the Resolution.

### Refused Adoption

Thereupon, the roll was called and the Resolution was *Refused adoption* by the following vote:

Ayes: Supervisors Gallagher, Green, O'Gara, Uhl—4.

Noes: Supervisors Brown, Colman, MacPhee, Mead, Meyer—5.

Absent: Supervisors Roncovieri, Shannon—2.

### Submission to War Labor Board Proposed

Whereupon, Supervisor Mead moved that the Board of Supervisors memorialize the War Labor Board to exercise its rightful jurisdiction in this strike for the purpose of immediate settlement.

Motion seconded by Supervisor Meyer.

### Discussion

Supervisor Brown questioned whether the purpose intended could be done by motion. He considered it should be done by resolution.

Thereupon, Supervisor Mead announced that in view of the objection raised he would offer his suggestion in the form of a resolution, and he would request the Clerk to draft same.

Whereupon, Supervisor Brown objected to immediate consideration.

Supervisor Mead, thereupon, declined to present a resolution, stating that he would insist upon presenting the matter as a motion.

Supervisor Brown requested that the City Attorney advise the Board as to the proper form in which the matter should be presented.

Subsequently during the proceedings, Mr. Walter Dold, Chief Deputy City Attorney, being present, Supervisor Brown questioned him as follows:

"Mr. Dold, the question that I propounded to the Chair and on which we called for an opinion from you was as to how the Board of Supervisors may perform an act. Mr. Mead introduced what he styled as a motion, which required the Board to memorialize the War Labor Board asking them to take action in the matter of the hotel strike in San Francisco. I raised the point of order that Mr. Mead's so-called motion should properly be in the form of a resolution."

Mr. Dold, in reply, advised that a motion can only be made by the Board of Supervisors with regard to procedural matters in the Board; all other action must be by resolution or ordinance. In other words, this is not a legislative act, it is simply an act whereby the Board memorializes another Board, in this case a Federal Board. You can make a motion from time to time with regard to matters coming before the Board, but anything you do with respect to matters outside the Board itself must be by resolution or ordinance, and in this case, as it is not a legislative act, it must be done by resolution.

The Chairman, thereupon announced that in view of the ruling of the City Attorney, that ruling will be a precedent by which this Chairman will act in the future and fully protect every member of the Board. He referred the resolution to the Commercial Development and Legislative Committee.

Supervisor Mead thereupon, announced the Commercial and Industrial Committee, jointly with the Legislative and Civil Service Committee, would meet on Friday morning, February 13, 1942, at 10:00 o'clock.

Supervisor O'Gara requested that the Clerk notify all interested parties of the meeting announced by Supervisor Mead.

### Appointment of Citizens Committee re Sale Hetch Hetchy Power

Supervisor Gallagher presented a resolution, requesting the Mayor to appoint a citizens' committee to confer with Federal officials and report to the Board of Supervisors regarding arrangements for sale of Hetch Hetchy power to war industries.

### Committee Report Approved

Report of the Joint Finance and Public Buildings, Lands and City Planning Committee Relative to Employment of Madigan-Hyland for Solution of San Francisco's Traffic and Transportation Problems.

Thursday, January 29, 1942.

To the Honorable  
The Board of Supervisors  
City and County of San Francisco.

*Subject:* Consideration of motion adopted by special committee appointed by his Honor the Mayor, relative to employment of Madigan-Hyland for solution of San Francisco's traffic and transportation problems.

Gentlemen:

The Joint Committee on Finance and Public Buildings, Lands and City Planning, Supervisor MacPhee, Chairman, and Supervisors Mead, Uhl and Galagher, Members, met on Thursday, January 29, 1942, to consider the following motion, adopted by the special committee appointed by his Honor, the Mayor, at meeting in the office of the Chief Administrative Officer on January 6, 1942:

"That this committee recommends to the Board of Supervisors that the Mayor be authorized to negotiate a contract for solution of San Francisco's traffic and transportation problems with Madigan-Hyland and after approval of such contract by this Committee, to submit said contract to the Board of Supervisors for approval."

His Honor, Mayor Angelo J. Rossi, outlined to the committee a description of the work to be done by the consulting engineers, when and if employed; he presented, also, a breakdown of the cost of such employment, and a comparison of such cost with the estimated cost of the employment of Mr. Charles H. Purcell, the employment of whom had previously been authorized by the Board. The total cost of employing Madigan-Hyland would be \$100,480, whereas the total possible

cost of the employment of Mr. Charles H. Purcell for a period of five years would have been \$200,000. The Mayor stated that he was not so much concerned with the employment of Madigan-Hyland as he was with "doing the job." Madigan-Hyland had been first called to his attention, indirectly, by Mr. Purcell, after Mr. Purell had declined the employment offered him. The firm had subsequently been recommended by Mayor LaGuardia, of New York, and by others. The Mayor had consulted with Madigan and Hyland, had investigated them, had inspected their accomplishments, and believed the firm capable of doing the work proposed, and he urged the Committee's favorable recommendation to the Board that he be authorized to negotiate with them for a contract, as outlined in the motion by the special committee.

Mr. W. W. Chapin, President of the City Planning Commission, concurred in the Mayor's recommendation. He held that the work for which the employment of Madigan-Hyland was being proposed would not conflict with or duplicate the functions of the City Planning Commission or Mr. Goodrich, employed by that Commission for the preparation of a Master Plan for San Francisco. The work to be performed by Madigan-Hyland would rather complement that of the Commission and of Mr. Goodrich.

Mr. Lloyd Taylor, representing the Market Street Association; Mr. Will Merryman of the San Francisco Chamber of Commerce; Mr. Vining T. Fisher, on behalf of the Down Town Association; Mr. A. Petry, representing the Haight-Fillmore District; Mr. William J. Trainer, speaking for the San Francisco Real Estate Board; and Mr. Carroll Newburgh, President of the Central Council of Civic Clubs, opposed the proposed employment of Madigan-Hyland.

The Chief Administrative Officer, Honorable Thomas A. Brooks, announced, in answer to suggestions made that engineers in the present employ of the City and County were not only able, but willing and anxious to perform the work proposed to be assigned to Madigan-Hyland, that while there were most capable engineers in the department under his jurisdiction, the Engineering Department could not do that work without adding to its present force. Since the war, he continued, it has been found quite difficult to maintain the present staff.

Thereupon, Supervisor Uhl moved that authorization to negotiate contract with Madigan-Hyland be not approved.

*Motion carried* by the following vote:

Ayes: Supervisors MacPhee, Uhl, Mead, Gallagher.

(Signed) DAN GALLAGHER,  
ADOLPH UHL,  
CHESTER R. MacPHEE,

Joint Finance and Public Buildings, Lands and City Planning Committee.

#### Privilege of the Floor

Mr. E. G. Cahill, Manager of Utilities, addressed the Board at length urging that his Honor, the Mayor, be authorized to negotiate with Madigan-Hyland, looking to the solution of San Francisco's traffic and transportation problem.

His Honor, Mayor Angelo J. Rossi, also called the Board's attention to the seriousness of the problems confronting San Francisco. Those problems, the Mayor stated, must be solved. He urged the Board not to approve the Committee's report. The time has come when the problem must be solved. Whether Madigan-Hyland are employed, or some one else, or some of the departments of the City and County government, it will cost money. Under the Charter, the Mayor continued, it is his duty to coordinate and enforce the various activities of the several departments of government. Now if the Board does not deem it advisable even to negotiate for the services of Madigan-Hyland, then the Board

should take some definite action toward some other way out of the city's difficulties.

Mr. Cahill, again addressing the Board, replied to questioning by Supervisor Mead, stating that it was not Madigan-Hyland's purpose to make another survey; rather would they take from the surveys and plans already made, the important and most necessary features, present them in the order of their importance, together with plans, estimates of cost, etc., so that some real progress might be made toward the solution of San Francisco's traffic and transportation problems.

Mr. Adolph Petrie, of the Haight-Fillmore District, Inc., and Chairman of the Transportation and Traffic Committee of the Central Council of Civic Clubs, opposed the hiring of Madigan-Hyland. In these times of emergency San Francisco must save every dollar possible. Now is no time to inaugurate any ambitious plans, no matter how desirable they seem, unless they are absolutely necessary.

Supervisor Colman, in explanation of his vote, stated he had voted for the employment of Mr. Purcell, because everyone had recommended him so highly. The situation now needs a thorough clarification and simplification. The Board of Supervisors had accepted Mr. Goodrich in good faith. He believed the Board would have accepted Madigan-Hyland in place of Mr. Goodrich, had that firm's name been presented first. Now San Francisco does not need any more experts. If an error has been made in the selection of Mr. Goodrich, that situation must be corrected. It does not appear good business to go to additional expense of hiring Madigan-Hyland, however well qualified they might be. Also, Supervisor Colman continued, while in New York recently he called on Commissioner Moses and had learned that Mr. Goodrich was considered, perhaps more theoretical than practical. Commissioner Moses also spoke very highly of Madigan-Hyland, but doubted whether San Francisco would succeed in getting much of their services because of the pressure of their present business. All these matters, Supervisor Colman believed, should be cleared up. He would vote against the employment at the present time.

Mayor Rossi, in reply to objections which had been raised, pointed out that the men actually to be employed, as well as other details, would be set forth in the contract with Madigan-Hyland. As to Mr. Goodrich, he was employed by the City Planning Commission to work out a master plan for San Francisco. Such a plan, of course, does have, in some degree, a bearing on the traffic and transportation problem. However, the Mayor desired the authorization for employment of Madigan-Hyland because that firm was agreeing to do a job within twelve or eighteen months. However, if the Board thinks the matter should be taken care of by the City Planning Commission, the Board must assume the responsibility. In this year's budget for the City Planning Commission, there is set up \$109,502. If the Board of Supervisors thinks this is an appropriate procedure, the Mayor will approve that budget when it reaches him.

Supervisor Shannon questioned the Mayor as to the cost of the services of Madigan-Hyland, and inquiring how the \$65,000 fee for that firm was arrived at.

Whereupon, the Mayor replied that a breakdown of that \$65,000 was embodied more or less in the proposed contract, and in his report to the Board's committee. However, the Board of Supervisors is not being asked, at this time, to approve any contract; it is being asked merely to authorize the negotiation of a contract by the Mayor. The contract, itself, will first be submitted to the Special Committee and then to the Board of Supervisors for approval.

Supervisor O'Gara suggested that the Mayor could negotiate for a contract without authorization by the Board.

Thereupon, the Chair pointed out that there was nothing before the Board at the moment, but announced that he would entertain a motion to approve the Committee's report, as printed on the Calendar.

Whereupon, Supervisor Uhl, seconded by Supervisor Brown, moved that the Committee's report be approved.

Supervisor O'Gara questioned the advisability of voting against the employment of Madigan-Hyland without having some other plan in mind. He desired postponement of action on the motion until after hearing from the Chief Administrative Officer on the subject.

Whereupon, further consideration was temporarily postponed.

Subsequently during the proceedings, Supervisor Uhl announced that the Chief Administrative Officer had stated that he would require additional funds and the help of additional experienced men, if the work proposed to be done by Madigan-Hyland were assigned to his engineering department. Supervisor Uhl, though, continued to oppose the employment of Madigan-Hyland, believing it to be a mistake to go outside of the City's own departments for the performance of the needed work.

#### Committee's Report Approved

Whereupon, the roll was called and the motion to approve the Committee's report, was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Shannon, Uhl—8.

Noes: Supervisors Meyer, O'Gara, Roncovieri—3.

#### Action Rescinded

Supervisor Shannon, following the announcement of the foregoing roll call, stated that he had not realized just what the motion was on which he had just voted, and he moved that the vote be rescinded so that he might make another motion.

In explaining the reasons for his motion, Supervisor Shannon stated that he feared there might be a misunderstanding as to what report was being approved, since the Mayor's Special Committee had rendered a report as well as had the Joint Committee of the Board of Supervisors. He believed the motion just made and acted on was hardly sufficient to cover the matter just considered. For that reason he desired the Board's action rescinded so he could make a proper motion.

The Chair announced he believed the motion just acted on was sufficiently clear to cover the matter.

However, Supervisor Gallagher seconded the motion.

Thereupon, the roll was called and the motion to rescind was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, O'Gara, Roncovieri, Shannon, Uhl—10.

No: Supervisor Meyer—1.

Whereupon, Supervisor Shannon moved approval of the report of the Joint Finance and Public Buildings, Lands and City Planning Committee relative to the employment of Madigan-Hyland for the solution of San Francisco's traffic and transportation problems, as printed on page 2 of the Calendar of February 16, 1942, as a special order of business for 3:00 P. M.

Motion seconded by Supervisor Mead.

Supervisor Roncovieri opposed the motion, "If the Board rejects the employment of Madigan-Hyland," he questioned, "what will take the place of that employment? I am protesting against a 'do nothing' policy which apparently is going to be the policy of the Board. Something must be done, and should be done. The problem is here and it will continue to exist. If you don't want this, all right, but what do you want?"

Supervisor Uhl repeated his former statement that the Chief Administrative Officer has capable engineers who could do the job, although additional funds and men would be required.

**Committee Report Approved**

Whereupon, the roll was called and the motion by Supervisor Shannon was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Shannon, Uhl—8.

Noes: Supervisors Meyer, O'Gara, Roncovieri—3.

## NEW BUSINESS

### Adopted

The following from the Joint Commercial and Industrial Development and Legislative and Civil Service Committee, without recommendation, was taken up:

Present: Supervisors Mead, Meyer, O'Gara and Green.

### Memorializing War Labor Board to Settle San Francisco Hotel Strike

(Series of 1939)

Resolution No. ...., as follows:

Resolved, That the War Labor Board be memorialized to exercise its rightful jurisdiction in the present San Francisco Hotel Strike for the purpose of immediate settlement thereof.

### Discussion

Supervisor Mead, Chairman of the Joint Committee, announced that although the foregoing Resolution had been presented to the Board without recommendation, he hoped the Board would vote to memorialize the War Labor Board to take jurisdiction over the controversy. In his argument, Supervisor Mead reviewed the previous action of the Board, and stated that apparently there had been a change of mind on the part of some members of the Board. It was not his intention, he continued, to instruct the War Labor Board, or even to hint as to who is responsible for the condition that exists in San Francisco. He merely desired that the Board take action. He did not believe that Labor and Employer are the only parties to be considered; all San Francisco is involved. The Board of Supervisors should have enough interest to ask the War Labor Board to take jurisdiction and try to bring about a just and immediate settlement.

Supervisor Green announced his intention to vote "No" on the Resolution. He believed Labor had been fair in coming before the Board with the thought of settling something of interest to everyone in San Francisco. The employers saw fit not to appear. However, he believed adoption of the Resolution would be establishing a policy for the future. He desired to look at the matter in a long range view. It is a new procedure. There has been some misunderstanding with respect to the Board's intention. For those reasons, and with the additional thought that the matter will be taken up by the War Labor Board anyway, and that action by the Board might be considered an idle act, he would vote "No" on the Resolution.

Supervisor O'Gara agreed with a great deal that both Supervisors Mead and Green had said. He appreciated the courtesy displayed by Labor's representatives, too. On the other hand, he was disappointed by the failure of the employers to send representatives to the meetings of the Board. The question before the Board, though, was the memorializing of the War Labor Board, after having heard only one side of the matter. He was convinced the Board should not so request the War Labor Board to take jurisdiction. Although he had been one of the authors of the original Resolution seeking a hearing before the Board of Supervisors, he did not advocate at that time asking the War Labor Board to hear the controversy. After having heard the arguments advanced, he had concluded that the Board should not adopt the Resolution before it. The only question really at issue is that of the closed or open shop. On every other issue, one side or the other has agreed to arbitrate. The employers do not want to submit the issue of open or closed shop to arbitration. The Unions want the question submitted

to arbitration. If the Board goes on record in this Resolution, asking that the War Labor Board take jurisdiction in this strike, the Board will be giving to the Unions what they want, and will be taking away from the employers the one thing they are fighting about. After further brief argument, he announced his intention, subsequently during the Proceedings to present legislation providing for the appointment of a Commission to hear the matter and to render an advisory verdict thereon. He would also present legislation to provide for the creation of a Labor Relations Commission, in San Francisco, to have jurisdiction over controversies arising after the effective date of the ordinance. On the present Resolution, he must vote "No."

Supervisor MacPhee announced that he did not intend, by his vote, to favor Union Labor, or the Hotel Employers Association. Too much consideration, he felt, has already been given to both the labor element and to the hotel people. Both parties were invited to the Board's meeting, not for the purpose of hurting anyone, but merely for the purpose of trying to do something for San Francisco. The people of San Francisco are sick and tired of seeing pickets in front of the hotels and stores. The Board must do something about it. The hotel people had written to the Board saying they have concluded that there is nothing the Board of Supervisors can do. If that is so, and there is nothing the Board can do, then the Board should refer the matter, not for itself, but for the people of San Francisco, to somebody who can and will do something. The Board should go on record favoring the Resolution under consideration, so that relief can be given to the people of San Francisco. The Board should ask the War Labor Board to settle this problem which affects everyone in San Francisco. The Resolution should be adopted.

Supervisor Uhl was opposed to taking any action on the matter pending Mr. Eliel's decision. At the present time he would vote against the Resolution.

Supervisor Mead, in support of the Resolution, called attention to the language in the Resolution previously presented, and adopted, but the action of which had subsequently been rescinded. The language in that Resolution was, he felt, rather strong, so, in lieu of that language, he had presented a Resolution merely memorializing the War Labor Board to inject itself into this picture for the purpose of settling a very nasty condition that has been existing in San Francisco for a long time. The Board is not advising the War Labor Board; it is merely asking that Board to use the offices for which it was set up.

Supervisor Colman announced that he would vote "No" on the Resolution for the following reasons: When the Resolution was introduced it had for its purpose trying to solve the labor problem in San Francisco. One side of the controversy refused the offer of the Board. They were within their rights in this refusal. The matter came to a vote and, for the moment, it was rejected. Then another entirely different question was presented to the Board of Supervisors, the question of memorializing the War Labor Board to take jurisdiction over the strike. Such action, if taken, will kill any further chances to bring about a conference between the two groups, because the Board will then have taken sides in the question. The War Labor Board has not asked any opinion from the Board of Supervisors, but it has requested the advice of Mr. Eliel, as to whether or not it should take this controversy under its jurisdiction, and Mr. Paul Eliel is far better qualified to advise the War Labor Board than is the Board of Supervisors. No good could come, from the Board's injecting itself into this question. Supervisor O'Gara, continued Supervisor Colman, made a very welcome statement. It was to the effect that he was going to continue to offer the Board's services to all the people of the city, by setting up some kind of group or agency that will attempt to settle strikes, or at least, make it a little bit harder to have strikes. A Board such as he and his colleagues would set up, would have the force of public opinion behind it, if not legality. Neither side could well ignore such a body.

Memorializing the War Labor Board. Supervisor Colman believed, would help the future of this legislation in the minds of those who would be asked to concur in it. For the best interest of the people, the Board should vote "No" on the Resolution.

Supervisor Mead questioned the contention by Supervisor Colman, that by voting to adopt the Resolution in question, the Board would be taking sides in the controversy. The Board, he repeated, would merely be requesting the War Labor Board to take jurisdiction in a matter, without in any way advising or even hinting what that Board's decision should be. The Board of Supervisors would merely be asking the War Labor Board to exercise its jurisdictional right to try to bring about a settlement.

Supervisor O'Gara, thereupon, stated that the Unions are asking the War Labor Board to take jurisdiction, while the employers are opposed to such action. If the Board of Supervisors adopts the proposed Resolution, it will be voting on the side of Union Labor and in opposition to the wishes of the employers.

Supervisor MacPhee again announced that his vote should not be construed as favoring either side over the other side. He was voting merely to get rid of a strike, one way or another, and as soon as possible. It is time to stop thinking about Unions and about hotels, and to think about the people of San Francisco. The Board should refer the matter to the War Labor Board, and get rid of it.

#### Privilege of the Floor

Mr. William McCabe, on being granted the privilege of the floor, on motion by Supervisor Mead, announced that Labor agrees with Supervisor MacPhee and wants this strike out of the way. Labor does not feel that the Supervisors, in adopting this Resolution, will be placing itself on record for or against anyone. The Supervisors will be memorializing the only agency which can ever be able to settle the strike. Labor feels that a vote against the Resolution is a vote to continue the hotel strike in San Francisco and it cannot be interpreted any other way. Apparently the hotel employers do not want to settle the strike, for they refuse now to accept the proposals that they themselves offered previously. Labor, though, is prepared, and able, much as it does not desire to do so, to continue this strike indefinitely, and will do so unless there is a fair and equitable settlement worked out. Labor has not withdrawn its demands, but it is willing to conciliate and arbitrate. Labor feels it is time to start acting like Americans. There is no issue that cannot be settled fairly, by arbitration. Labor urges the Board of Supervisors carefully to consider all phases of the situation, and to adopt the Resolution presented by Supervisor Mead.

#### Authorizing Allocation for Expenses of Fair Rent Committee; an Emergency Ordinance (Series of 1939)

Bill No. 1582, Ordinance No. 1519, as follows:

Authorizing the Mayor to allocate from Appropriation No. 102,900.50 such moneys as he deems necessary to meet the expenses of the Fair Rent Committee; authorizing the Controller and Treasurer to pay to the Fair Rent Committee such amounts as the Mayor may approve; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized to allocate from Appropriation No. 102,900.50 such amounts as he deems necessary to meet the expenses of and to permit the Fair Rent Committee, operating under authority of the United States Government, to perform its duties in San Francisco until such time as said Committee shall either be maintained by the United States Government or some other arrangement is made to maintain it.

Section 2. The Controller and the Treasurer of the City and County of San Francisco are hereby authorized and directed to pay to said Fair Rent Committee such amounts as the Mayor may approve.

Section 3. All amounts paid to the Fair Rent Committee shall be accounted for and supported by receipts and vouchers satisfactory to the Controller, not later than the 20th day of the month following the month in which such expenses have been incurred.

Section 4. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately. The nature of the emergency is as follows:

The Fair Rent Committee is without funds to operate in the City and County of San Francisco. The failure of said Fair Rent Committee to operate in the City and County of San Francisco involves and threatens the lives and welfare of the citizens of the City and County of San Francisco, as well as the property of said City and County.

**Re-Reference to Committee  
Emergency Relief for Technical Non-Residents; an Emergency  
Ordinance**

(Series of 1939)

Bill No. 1584, Ordinance No. ...., as follows:

Providing for the granting of emergency relief to certain persons who are residents of the City and County of San Francisco, but who do not possess the residential qualifications required by Sections 2555 and 2556 of the Welfare and Institutions Code; fixing the amount of said relief and the manner in which the same shall be administered; making an appropriation of the sum of \$12,500.00 to meet the cost of said relief; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby declare that an emergency exists which necessitates certain dependent persons who, for more than one year last past, have been physically present in the City and County of San Francisco, and for more than three years last past have been physically present in the State of California, but who have not the residential qualifications provided for in Sections 2555 and 2556 of the Welfare and Institutions Code, being granted emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code; and this Board of Supervisors does hereby declare the nature of said emergency to be as follows:

That since July 15, 1940, the Community Chest of San Francisco has cared for certain dependent persons who have been physically present in the City and County of San Francisco for more than one year and physically present in the State of California for more than three years but who do not possess the residential qualifications set forth in Sections 2555 and 2556 of the Welfare and Institutions Code, and for whom relief and care has not been provided by Ordinance No. 765, enacted by the Board of Supervisors on the 15th day of July, 1940, and said

Community Chest has now notified the Board of Supervisors that it can no longer care for said persons or provide them with the necessaries of life, and that by reason of said Community Chest being unable to care for said last mentioned persons an emergency not provided for by said Ordinance No. 765 has now arisen.

Section 2. For the purpose of affording said last mentioned persons emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, the Board of Supervisors, through its President, shall have the power to enter into an agreement with the Community Chest or any other welfare organization to afford said persons such relief as said Board shall deem necessary.

Section 3. The amount of relief to be granted to said persons pursuant to the provisions of this ordinance shall not exceed \$2,500.00 per month and shall not extend beyond the first day of July, 1942.

Section 4. Whomsoever the President of the Board of Supervisors shall contract with for the purpose of affording relief to the persons provided for in this ordinance shall make a monthly accounting to the Board, giving the name and place of residence of each person to whom relief is granted and the period of time which said person has resided within the State of California and within the City and County of San Francisco, together with the amount of said relief given to each individual dependent or each dependent family, said report to be submitted to the Board not later than the 15th day of the month following the month during which said relief was given.

Section 5. Said Board of Supervisors shall, through whatever agency it shall use to afford relief to the persons mentioned in this ordinance, make every effort to ascertain the actual residence of said persons to whom relief is given and endeavor to return said person or persons to their respective places of actual residence.

Section 6. Ordinance No. 765 hereinabove referred to shall remain in full force and effect and this ordinance shall be deemed supplemental thereto.

Section 7. There is hereby appropriated from the surplus existing in Appropriation No. .... to Appropriation No. .... the sum of \$12,500.00 for the purpose of meeting the expenditures provided for in this ordinance.

Section 8. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows:

It is necessary for the preservation of the health and safety of the citizens of the City and County of San Francisco.

Approved as to form by the City Attorney.

#### Discussion

Supervisor MacPhee explained to the Board that the foregoing Bill had been approved by the Joint Committee on Finance and Legislation, subject to the recommendation and approval by the various departments or officials affected, in accordance with charter requirements.

After questioning had established the fact that those required recommendations and approvals had not yet been obtained, Supervisor O'Gara requested a week's postponement of consideration of the matter.

Supervisor MacPhee objected. The Committee, because of the urgency of the matter, had promised action on the matter. At the present time, the Community Chest is caring for the non-resident indigents.

Supervisor O'Gara, announced that it was his understanding that the Controller was to communicate with the City Attorney, by letter, pointing out his specific objections to the legislation under consideration.

Mr. Ross, Chief Deputy Controller, reported that at a meeting Saturday morning, at which Mr. McAniff, of the Public Welfare Com-

mission, Mr. Dion Holm of the City Attorney's office, and he, representing the Controller, were present, the matter was discussed at length, and there seems to be developed a stalemate. In response to request by Supervisor O'Gara, Mr. Ross agreed to send a letter to the City Attorney, and to the Board of Supervisors, setting forth his objections.

Supervisor MacPhee objected to delay, pointing out that there were certain technical non-residents who were in need. The Community Chest will furnish money for their care until Thursday, February 9, 1942. After that time the responsibility for their care will be on the City and County. We have no money. Something, though, must be done.

After further explanation of the difficulties in even getting the matter before the Board, by Mr. Ross, Supervisor O'Gara moved that a copy of the ordinance be sent to the Controller, to the City Attorney, to the Public Welfare Commission, and to the Mayor, requesting their approval or disapproval thereof, and, if disapproving the ordinance, to send a written statement to the Board, setting forth their reasons for disapproval, in time for a possible hearing by committee on the next Thursday, February 19, 1942.

Motion seconded by Supervisor Gallagher.

The Chair informed the Board that the Public Welfare Commission had reported that it had approved transfer of funds to the Board of Supervisors for the care of technical non-residents.

Mr. Ross, in reply, announced that there still must be prepared, for action by the Board, a Resolution authorizing transfer of funds to the jurisdiction of the Board, but that the passage of such Resolution would not make the money available to the Community Chest. The Board could, though, pass an ordinance authorizing and directing the Department of Public Welfare to do the thing out of funds that have been heretofore appropriated. Mr. Ross stated, further that the Board could, by amendment to the Ordinance now providing for care of non-residents, take care of the present situation. The amendment should add a provision that non-residents would be cared for until it could be determined what county was responsible for their care.

Supervisor Brown objected to any change in the present method of administration of relief, and he did not believe the proposed legislation should be passed without an investigation being made as to whether or not these people can qualify for relief in San Francisco.

The Chair, thereupon, stated that the Mayor had read the proposed ordinance, and was in favor of it; the Mayor states that regardless of legal technicalities, the people must be taken care of.

Mr. Dion Holm, in discussing the question, announced that the Bill itself had been drafted by the City Attorney. However, the thing to ascertain is whether the Controller is going to take the view that the Board of Supervisors has no right to make an appropriation to be paid to the Community Chest. In such case, the legislation will have to be drafted along different lines. The City Attorney has absolute faith in the legality of the ordinance. However it is up to the different parties to get together and to make up their minds just what they want to do.

Supervisor MacPhee, thereupon, pointed out that the Committee had expressed its views when it voted for the ordinance. Now the City Attorney's office and the Controller's office should get together on the matter.

Supervisor Uhl pointed out that legislation had been passed providing for a sixty-day period to grant relief to non-residents, together with an additional thirty days, in case of necessity. Why could not the Board amend that ordinance, he questioned, to make a four or five month period so people can be taken care of by the Public Welfare Commission until some satisfactory solution to the problem is found?

Supervisor Brown, however, subsequently during the discussion, expressed agreement with suggestion by Mr. Ross for amendment to

Ordinance No. 2501 to authorize the granting of relief to non-residents until it would be determined what county was responsible for their care, or until the emergency which compelled them to seek assistance, no longer existed. Unless the emergency is too great, though Supervisor Brown continued, he believed the matter should be referred to the Public Welfare Commission for its opinion.

Supervisor O'Gara, in commenting on Supervisor Brown's statement, and Mr. Ross' suggestion, announced that the Public Welfare Commission wanted no part of the matter, at all. They feel that it is illegal. They don't want to administer the money; they don't want the amendment as suggested. Whereupon, he moved, seconded by Supervisor Colman, that the Board request the Controller to present to the Joint Finance and Legislative Committee, at its next meeting, draft of an ordinance under the terms of which he will pay money for emergency relief to technical non-residents; at the same time have an opinion from the City Attorney as to the legality of such payments; at the same time have a statement from the Public Welfare Commission as to whether or not they will be satisfied with said proposed ordinance; also, refer the entire matter back to Joint Committee of Finance and Legislation.

Supervisor Mead objected to re-reference to Committee. He had no assurance that the Community Chest would carry on. However, if he had that assurance, he would vote for the motion.

Whereupon, the roll was called and the motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

No: Supervisor Mead—1.

Thereupon, Supervisor MacPhee moved that the Public Welfare Commission and each member thereof, be informed of the entire discussion had by the Board in the matter of emergency relief to technical non-residents and of the Board's efforts to help these people, and that the Board beg said Commission to cooperate and attend the meeting of the Joint Finance and Legislative Committee, Thursday, February 19, 1942, at 3:00 P. M.

No objection, and so ordered.

The following from the Finance Committee without recommendation was taken up:

Present: Supervisors MacPhee, Mead, Uhl.

**Exempting from Residential Requirements of the Charter, Curator  
of the Monastery  
(Series of 1939)**

Resolution No. ...., as follows:

Resolved, That pursuant to the provisions of Section 7 of the Charter, and on the recommendation of the Director of the M. H. De Young Memorial Museum and the Mayor, and with the approval of the Civil Service Commission, the position of Curator of the Monastery is hereby exempted from the residential requirements of the Charter as set forth in Section 7 thereof.

*January 12, 1942—Re-referred to Finance Committee.*

*February 2, 1942—Re-referred to Finance Committee.*

Supervisor MacPhee, Chairman of the Finance Committee, stated that he had voted against the foregoing requested exemption on several occasions, but he would vote for it now, on the basis of additional information received.

Supervisor Uhl pointed out that there was no longer any question of an employment for the monastery, since the proposal to construct the monastery has been definitely abandoned during the present war-

time emergency. However, the employment is needed, and the foregoing Resolution should be amended to correspond with the views of the Director of the Museum.

Supervisor Mead agreed that the man was greatly needed, but he was opposed to bringing someone in from other parts of the country to fill positions in San Francisco. He would vote against the requested residential exemption.

#### Privilege of the Floor

Dr. Heil, being granted the privilege of the floor, explained to the Board his need for the requested employment, not, however, for the monastery, but for the museum.

Thereupon, Supervisor MacPhee pointed out that the position, as set up in the Salary Ordinance, is entitled "Curator of the Museum." The Board, cannot at this time, change that title, but he would move that the foregoing Resolution be amended, by inserting in the fifth line thereof, immediately after the word "Monastery," the words "and other duties."

Motion seconded by Supervisor Shannon.

Whereupon, the foregoing Resolution, amended to read as follows, was

*Adopted* by the following vote:

#### Exempting from Residential Requirements of the Charter, Curator of the Monastery (Series of 1939)

Resolution No. ...., as follows:

Resolved, That pursuant to the provisions of Section 7 of the Charter, and on the recommendation of the Director of the M. H. DeYoung Memorial Museum and the Mayor, and with the approval of the Civil Service Commission, the position of Curator of the Monastery, and other duties, is hereby exempted from the residential requirements of the Charter, as set forth in Section 7 thereof.

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Meyer, O'Gara, Roncovieri, Shannon—8.

Noes: Supervisors Mead, Uhl—2.

Absent: Supervisor Green—1.

#### Withdrawn

The following recommendation of the Public Health and Welfare Committee was taken up:

Present: Supervisor Shannon (subject to approval by majority of committee members).

**An Appeal to the Secretary of the Interior to Petition the United States District Court to Grant, for the Duration of This War, a Stay of Execution of the Court Decision to Cancel the City's Agreement with the Pacific Gas and Electric Company for the Resale of Electric Power Generated on the City's Hetch Hetchy Project.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The President of the United States and Congress have declared that a state of war exists between our country and Japan, Germany and Italy; and

Whereas, "All-out" production of the materials of war is essential for our successful conclusion of this war, and the generation of electric power is a vital factor in such production; and

Whereas, The City and County of San Francisco, through the facilities of its Hetch Hetchy Project, is now generating a part of the electric power required for such purposes in the City and County; and

Whereas, The Supreme Court of the United States has decided that

the sale or distribution for resale of the electric power generated on the City's Hetch Hetchy Project through the agency of the Pacific Gas and Electric Company is in violation of the provisions of Section 6 of the Raker Act; and

Whereas, The United States District Court has granted a stay of execution of said Court decision until July 1, 1942; and

Whereas, The enforcing of this Supreme Court decision during the duration of the war will impose great hardships on the people of the City and County of San Francisco by curtailing the revenue derived from the sale of this electric power and consequently will increase their tax burden at a time when they are hard pressed to provide money for the many projects required for the defense of their country during this war period; and

Whereas, Congress will be continuously engaged with emergency war legislation and the innumerable problems of war and will undoubtedly find it difficult to devote sufficient time to hearing and acting on the pleas of our citizens to amend the Raker Act; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby appeal to the Secretary of the Interior, Honorable Harold L. Ickes, to petition the United States District Court to grant, for the duration of this war, a stay of execution of the Court decision canceling the City's agreement with the Pacific Gas and Electric Company for the sale for resale of electric power generated on the City's Hetch Hetchy Project; and be it

Further Resolved, That this Board of Supervisors in adopting this resolution hereby declares that it does so only in the interest of national unity for the successful prosecution of the war, and to permit our Congress and our City officials to devote their entire time and effort to this accomplishment; and be it

Further Resolved, That Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, is requested to transmit this resolution to the Secretary of the Interior, Honorable Harold L. Ickes, for his consideration.

*February 2, 1942—Consideration continued until February 9, 1942.*

*February 9, 1942—Consideration continued until February 16, 1942.*

Supervisor Roncovieri, author of the foregoing Resolution, asked permission to withdraw same, and substitute therefor the following:

No objection, and so ordered.

**An Appeal to the Secretary of the Interior to Petition the United States District Court to Grant, for the Period Required for a Defense Industry to Make Ready for the Utilization of Electric Power, a Stay of Execution of the Court Decision to Cancel the City's Agreement with the Pacific Gas and Electric Company for the Resale of Electric Power Generated on the City's Hetch Hetchy Project.**

Whereas, The Secretary of the Interior, Honorable Harold L. Ickes, has advised the City and County that the War Production Board has the authority to designate a defense industry to purchase and utilize for production purposes the electric power generated on the City's Hetch Hetchy Project; and

Whereas, The City and County is desirous of assisting in the national defense program by supplying such electric power to a defense industry; and

Whereas, The time consumed in building and equipping a defense industry and making ready for the utilization of electric power may extend beyond July 1, 1942, the expiration date of the stay of execution of the decision handed down by the United States District Court; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby appeal to the Secretary of the Interior, Honorable Harold L. Ickes, to petition the United States District Court to grant, for the period required to make ready said defense industry for the utilization of said electric energy, a stay of execution of the Court decision canceling the City's agreement with the Pacific Gas and Electric Company for the sale for resale of electric power generated on the City's Hetch Hetchy Project; and be it

Further Resolved, That Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, is requested to transmit this Resolution to the Secretary of the Interior, Honorable Harold L. Ickes, for his consideration.

**Urging City-Wide Participation in California's Eighth Annual  
Conservation Week, March 7-14, 1942  
(Series of 1939)**

Supervisor Colman presented Resolution No. 2437, as follows:

Whereas, The week of March 7-14, 1942, has been set aside as the Eighth Annual California Conservation Week; and

Whereas, There is an unprecedented demand for mineral, agricultural and forest products from California; and

Whereas, Citizens are called upon to learn and practice unaccustomed methods of thrift and salvage, of accident and fire prevention, and of the distribution and use of food in order that men and materials be conserved; now, therefore, be it

Resolved, That this Board of Supervisors urges that public officials, schools and other educational agencies, churches, patriotic, civic, commercial and agricultural organizations and all residents of the City and County of San Francisco be requested to observe the Week in such a way as to stimulate cooperation with federal, state, county and city officials responsible for protecting the resources of the county and furthering a year-round program of conservation education and activity which will help to win the war.

**Endorsing American Legion Campaign for Sale of War Bonds  
(Series of 1939)**

Supervisor Brown presented Resolution No. 2436, as follows:

Whereas, The American Legion, recognizing the necessity for prompt and thorough action in promoting the sale of war bonds, has undertaken to throw its full strength behind the campaign now being conducted to that end; and

Whereas, Frank N. Belgrano, Jr., formerly National Commander of the American Legion and prominent citizen of San Francisco, has been named as Director of the American Legion Defense Bond Campaign; and

Whereas, The campaign for the sale of war bonds will shortly be in full sway in San Francisco under the direction of Mr. Belgrano and his fellow Legionnaires; now, therefore, be it

Resolved, That the Board of Supervisors does heartily endorse the American Legion campaign for the sale of war bonds; and be it

Further Resolved, That the Board of Supervisors extends to Campaign Director Frank N. Belgrano, Jr., their congratulations on his appointment and pledges their whole-hearted support to the furtherance of the campaign in San Francisco.

**Authorizing Credit of \$12.50 to Director of Public Health for Bad  
Check Received by Him in Payment of License  
(Series of 1939)**

Supervisor Shannon presented Resolution No. ...., as follows:

Whereas, On the 19th day of August, 1941, the Department of Public Health, in good faith, accepted the check of Gilbert C. Parker, in the amount of \$12.50, in payment of license to operate a food and drink establishment at 749 Polk Street; and

Whereas, This check was returned by the Bank of America marked "account closed"; and efforts of the Department of Public Health, the Police Department, and the Bureau of Delinquent Revenue to locate Mr. Parker have proved unsuccessful; and

Whereas, The account of the Department of Public Health has been charged with the amount of said check on the books of the Controller and Treasurer;

Now, therefore, for the purpose of making the proper entries in the books of the Controller and Treasurer, be it

Resolved, That the Director of Public Health be and he is hereby allowed credit in his settlement with the Controller for said sum of \$12.50, and the Controller and Treasurer are hereby directed to make the proper entries in their respective books to carry out the purport of this resolution.

### Authorizing Sale of Certain City-Owned Land near Pleasanton (Series of 1939)

Bill No. 1574, Ordinance No. ...., as follows:

Authorizing sale of certain City-owned land near Pleasanton.

Be it ordained by the People of the City and County of San Francisco,  
as follows:

Section 1. In accordance with the recommendation of the Public  
Utilities Commission, the Board of Supervisors hereby declare that  
public interest and necessity demands the sale of the following de-  
scribed City-owned real property situated in the County of Alameda,  
State of California:

Commencing at a point in the northerly line of a 40-foot  
road known as Pleasanton Avenue at its intersection with the  
westerly line of the 50-foot strip of land of the City and County  
of San Francisco extending approximately north and south  
as described in Parcel 71 Alameda County Lands in deed to  
City and County of San Francisco by Spring Valley Water  
Company dated March 3, 1930, and recorded in the office of the  
County Recorder of Alameda County March 3, 1930, in Liber  
2350 of Official Records at page 1; said point being distant  
north 0° 19' east 40.00 feet from an iron monument marking  
the northeast corner of the 26.064 acre tract of land conveyed  
to Helena C. Busch, et al., by Spring Valley Company, Ltd. by

deed dated May 11, 1936; running thence from said point of commencement along said northerly line of Pleasanton Avenue north 89° 30' east 50.01 feet to its intersection with the easterly line of said 50-foot strip of land; thence along said easterly line north 0° 19' east 1060.00 feet to the southerly line of a road known as Cameron Avenue; thence along said southerly line south 89° 30' west 50.01 feet to the westerly line of said 50-foot strip of land; thence along said westerly line south 0° 19' west 1060.00 feet more or less to the point of commencement.

Being all that portion of said 50 foot strip of land of the City and County of San Francisco lying between the north line of said Pleasanton Avenue and the south line of said Cameron Avenue.

Containing 1.217 acres, more or less.

Section 2. The above described land shall be offered for sale in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. In order that connections can be made between the remaining portions of the 100 foot and 50 foot strips of land known as the Strips of Land for Pleasanton Wells of the City and County of San Francisco, the City hereby reserves a right of way easement to lay, relay, construct, reconstruct, maintain operate, patrol, repair, renew, replace, remove, increase and/or change the number and size of pipes, pipe lines, conduits and/or connections, appurtenances and appliances for the conveyance, distribution, supply and/or sale of water and to construct, reconstruct, operate, patrol, repair, renew, replace, remove, increase and/or change the number of electric transmission lines and/or telephone lines, consisting of wires supported on poles, with the usual and necessary fittings and appurtenances thereto, along and/or across the hereinbefore described 50 foot strip of land extending northerly from the north line of Pleasanton Avenue to the south line of Cameron Avenue.

2. There is also hereby expressly reserved unto the City, its successors and assigns, as against parcel of land hereinabove described, all water which may or might flow in any stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands other than the parcel of land hereinabove described, from the subterranean strata underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere. However, the grantee, subject to the foregoing paramount rights of the City, its successors and assigns, shall have a right to sink a well or wells on said parcel of land and to use the water therefrom on said parcel of land, but the said water shall not be used or disposed of for use elsewhere by the grantee.

3. Subject to the reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

Recommended by the Public Utilities Commission.

Approved by the Manager of Utilities.

Approved by the Director of Property.

Approved as to form by the City Attorney.

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

(Series of 1939)

Bill No. 1575, Ordinance No. ...., as follows:

Authorizing compromise of claim of the City and County of San Francisco against Red Line Transfer Company and George Galvin in the sum of \$130.97.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Retirement Board having recommended and the City Attorney having approved the settlement and compromise of the claim in favor of the City and County of San Francisco, a municipal corporation, and against the Red Line Transfer Company and George Galvin, being recovery of loss sustained by said City and County on account of personal injuries sustained by James F. Wargo, on the 14th day of August, 1941, said personal injuries having arisen out of and in the course of the employment of James F. Wargo as a conductor on the Municipal Railway of the City and County of San Francisco, when the latter was leaning out of the rear portion of a municipal railway car and struck the left rear portion of a truck belonging to said Red Line Transfer Company which had been double parked by the said George Galvin. The loss to said City and County to date being \$261.95, including compensation paid while the said James F. Wargo was absent from his employment, and the cost of medical and hospital services provided; and the said Red Line Transfer Company and George Galvin having offered to pay in full settlement of the City's claims, the amount of \$130.97, the Retirement Board and the City Attorney are hereby ordered and authorized to settle and compromise said claim for said amount of \$130.97.

## NEW BUSINESS

### Adopted

The following recommendations of the Finance Committee were taken up:

Present: Supervisors MacPhee, Mead and Uhl.

**Approval of Supplemental Recommendation, Public Welfare  
Department, for Month of December, 1941  
(Series of 1939)**

Resolution No. 2441, as follows:

Resolved, That the recommendation of the Public Welfare Department, containing the name and amount to be paid as Aid to Needy Children for the month of December, 1941, is hereby approved, and the Clerk of the Board of Supervisors is directed to transmit this approval to the Controller.

**Discussion**

During the consideration of the foregoing Resolution, Supervisor Uhl noted a recommendation of the Public Welfare Commission with respect to Aid to Needy Children, wherein appeared the name of Sono Okada. Mrs. Okada, stated Supervisor Uhl, is an alien Japanese widow, and Supervisor Uhl questioned the right or the propriety of extending such aid to her, since she is an alien. Mrs. Okada is already receiving some \$101 for aid to her children.

Mrs. Eugene Prince, member of the Public Welfare Commission, who was present in the Chambers on another matter, after examining the record pointed out that the amount referred to by Supervisor Uhl was a refund to the city, and not a payment to Mrs. Okada.

Whereupon, no further discussion being desired, the roll was called and the foregoing Resolution was

*Adopted* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

Absent: Supervisors Colman, Shannon—2.

## Optional Regulation and Licensing of Private Passenger Automobiles Used Commercially

(Series of 1939)

Bill No. 1585, Ordinance No. \_\_\_\_\_, as follows:

Amending Article 2, Part III, of the San Francisco Municipal Code, by adding thereto Section 107, providing for the optional regulation and licensing of private passenger automobiles used for commercial purposes; and providing for the issuance of permits by the Chief of Police.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1, Article 2, Part III, of the San Francisco Municipal Code, is hereby amended by adding thereto Section 107 to read as follows:

**SEC. 107. Private Passenger Automobiles Used for Commercial Purposes.** (a) **Definition and License Fee.** Every person, firm or corporation operating, running or driving any private passenger automobile on the public streets of the City and County of San Francisco, except vehicles provided for by Sections 1086 to 1111, inclusive, (Jitney Buses), Chapter VIII, Part II, of the San Francisco Municipal Code, and Section 128 (Public Passenger Vehicles), Part III, of said Code, and who use said private passenger automobile for the transportation of goods, wares, merchandise, materials or property of any kind for commercial purposes, and with such private passenger automobile receives or discharges, picks up or delivers any of the aforesaid articles or property at any point within said City and County, and who, in said operation of such automobile, is desirous of making use of the complete facilities provided by said City and County for commercial vehicles to load or unload said articles or property at designated curb parking zones marked yellow, shall, after securing a permit hereinafter provided for, pay an annual license fee of Six (\$6.00) Dollars for each such automobile so used. Said license shall expire on the last day of the calendar year in which issued, and the fee therefor shall not be prorated or refunded.

(b) **Application for Permit.** Every person, firm or corporation desiring a permit as provided for in this Section shall first make written application to the Chief of Police on forms provided by the Police Department. Said application for a permit shall consist of information deemed relevant by the Chief of Police.

(c) **Investigation. Issuance or Denial of Permit.** Upon the receipt of said application as provided in this Section, the Chief of Police shall cause to be investigated the business of the applicant and the necessity of the permit applied for, and, after a hearing thereon, may issue said permit or, in the exercise of sound discretion, deny said permit. If the Chief of Police approves the granting of said permit he may issue a permit to said applicant, which permit shall be serially numbered and the renewal or continuance thereof shall be governed by the provisions of Section 23, Article 1, Part III, of this Code.

(d) **Permit Forwarded to Tax Collector.** When any permit is issued under the provisions of this Section, the Chief of Police shall cause said permit to be forwarded to the office of the Tax Collector for delivery to the permittee upon the payment of the license fee hereinabove set forth.

(e) **Issuance of Identification Certificates.** The Tax Collector shall,

upon receipt of the permit provided for in this Section and the payment of the license fee, issue to the permittee for each automobile authorized by said permit a serially numbered certificate of identification of such shape, design, wording and material as the Chief of Police and the Controller may agree upon. Said certificate of identification shall remain in full force and effect for such period of time as the license provided for in this Section is effective, and the Chief of Police shall cause said certificate of identification to be placed in a conspicuous and uniform place on each automobile for which the permit and license was obtained. Upon expiration or revocation of said permit or license said certificate of identification shall be removed from such automobile and destroyed.

(f) **Removal or Transferring of Certificate of Identification Prohibited.** Nothing in this Section shall permit the removing or transferring of the certificate of identification to any other automobile other than that for which the certificate of identification was originally issued.

Approved as to form by the City Attorney.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

Absent: Supervisors Colman, Shannon—2.

The following, from the Finance Committee, without recommendation, was taken up:

Present: Supervisors MacPhee, Mead and Uhl.

Communication from County Supervisors Association of California, enclosing statement for County membership due in the amount of \$750.00, and a statement for individual Supervisor membership at \$5.00 each (\$55.00), a total of \$805.00.

#### Discussion

Supervisor Uhl announced that in Finance Committee he had opposed the continuation of payment of fees to the County Supervisors Association, because he felt, based on past experience, that San Francisco would not be justified in spending such an amount of money. However, with four new members of the Board, and with the appointment of Supervisor Green as Director of the Association, he would withdraw his objections for the coming year.

#### Adopted

Whereupon, Supervisor MacPhee moved that the Committee's recommendation be changed to "Do Pass," instead of "Do Not Pass."

No objection, and so ordered.

Thereupon, Supervisor MacPhee presented the following Resolution:

**Authorizing Payment of Dues to County Supervisors Association  
of California**  
(Series of 1939)

Resolution No. 2455, as follows:

Resolved, That the Controller of the City and County of San Francisco be and he is hereby authorized and directed to make payment to the County Supervisors Association of California for membership dues of the City and County of San Francisco in the sum of Seven Hundred and Fifty Dollars (\$750) for memberships during the calendar year 1942 in said association, together with fifty-five dollars (\$55) covering eleven (11) membership cards, one for each member of this Board of Supervisors.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

Absent: Supervisors Colman, Shannon—2.

**Re-reference to Committee**

The following from Finance Committee with recommendation "Do Not Pass" was taken up:

Present: Supervisors MacPhee, Mead and Uhl.

**Authorizing Lease of Property at Southeast Corner of Fifth and Market Streets, San Francisco**

(Series of 1939)

Bill No. 1586, Ordinance No. ...., as follows:

Authorizing lease of property at southeast corner of Fifth and Market Streets, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter of the City and County of San Francisco, and in accordance with the recommendation of the Board of Education, the Director of Property is hereby authorized and directed to arrange for leasing to the highest responsible bidder at the highest monthly rental the following described real property situated in the City and County of San Francisco, State of California:

Commencing at the point of intersection of the southeasterly line of Market Street with the northeasterly line of Fifth Street; running thence southeasterly along the northeasterly line of Fifth Street 275 feet to a point distant thereon 75 feet northwesterly from the northwesterly line of Jessie Street; thence at right angles northeasterly and parallel with said northwesterly line of Jessie Street, 275 feet; thence at right angles northwesterly 275 feet to a point on the southeasterly line of Market Street; thence at right angles southwesterly along last named line 275 feet to the point of commencement.

Being Lot No. 128 in One Hundred Vara Block No. 371.

Together with the improvements thereon.

Section 2. The lease shall be for a period of ten years or more but not exceeding twenty years, beginning July 1, 1943, at a minimum rental of \$17,500.00 per month, subject to the provisions of this ordinance and to the terms and conditions set forth in the proposed lease on file in the office of the Director of Property, Room 375, City Hall, San Francisco, California, and in the office of the Board of Education, 93 Grove Street, Civic Auditorium, San Francisco, California. The Lessee shall not assign the lease without written permission from the Board of Supervisors, otherwise any assignment or attempted assignment by the Lessee, either voluntary or involuntary, shall be void at the option of the Lessors. The Lessee may sub-let the property.

Section 3. The Director of Property shall advertise in the official newspaper the time and place of receiving sealed proposals and oral bids to lease said property, which place shall be the regular place of meeting of the Board of Education in the room on the fourth floor of the Civic Auditorium, San Francisco, California.

Section 4. Upon a call for oral bidding any responsible person shall have the right to offer to lease said property upon the terms and conditions specified in this ordinance, for a price or rental exceeding by at least five per cent the highest of said written proposals; provided, however, that such person shall have first complied with the provisions of Section 5 hereof.

Section 5. All bidders will be required to deposit a certified check or bank cashier's check in the sum of \$50,000.00, payable to the Treasurer of the City and County of San Francisco, with their proposals and/or bids as evidence of good faith and responsibility. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear, and one single deposit shall suffice for both. The deposits of unsuccessful bidders will be returned to them immediately after the

closing of bidding. The deposit of the highest responsible bidder will be held by the Lessors to guarantee execution of the lease by the Lessee. Within ten days after the closing of bidding the highest responsible bidder may place substitute cash or approved securities in the sum of \$50,000.00 in escrow with a national bank in San Francisco, whereupon the Lessors shall refund the original deposit of \$50,000.00 to such bidder. Any interest on such deposit placed in escrow as aforesaid shall be paid to the highest responsible bidder. Said deposit of \$50,000.00 shall be returned to the Lessees upon execution of the lease and acceptance by the Lessors of the cash, bonds or other securities referred to in Section 6 hereof; provided, however, that the Board of Supervisors may declare by resolution such deposit of \$50,000.00 the property of the Lessors as liquidated damages in the event that the Lessee does not execute the lease and comply with the provisions of Sections 6 and 7 of this ordinance within thirty days after presentation of the lease to the Lessee for his signature. Within thirty days after the effective date of the resolutions awarding the lease the Lessors shall present the lease to the Lessee for his signature. Within thirty days after receipt by the Lessors of the lease signed by the Lessee, the Lessors shall execute the same. The lease shall be considered executed when it has been signed by all parties.

Section 6. Upon execution of the lease by the Lessee, the Lessee shall furnish to the Lessors and maintain throughout the term of the lease satisfactory bonds or other satisfactory securities or cash in the sum of \$100,000.00, to guarantee taking possession of the premises on July 1, 1943, payment of rental and faithful performance of the conditions of the lease by the Lessee, which shall be returned to the Lessee if said Lessee shall have fully and faithfully performed all of the terms and conditions of the lease. Any interest or dividends on such deposit of \$100,000.00 shall be paid to the Lessee. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear and one single deposit of \$100,000.00 shall suffice for both.

Section 7. All bonds or securities required to be furnished under this ordinance shall be subject to approval by the Treasurer of the City and County of San Francisco.

Section 8. The lease will be awarded to the highest responsible bidder at the highest monthly rental subject to the provisions hereof, provided, however, that any and all proposals and bids may be rejected and said real property may be withdrawn from lease. No commissions will be paid for obtaining any proposals or bids to lease said property.

Section 9. The proposed form of lease now on file as aforesaid shall govern in any and all events notwithstanding procedural or other inconsistencies.

Approved by the Director of Property.

Recommended by the Board of Education.

Approved as to form by the City Attorney.

Approved as to form by the Administrative Adviser, Legal Department of the Board of Education.

*February 24, 1942—At the request of Supervisor MacPhee, who had received additional information since the meeting of the Finance Committee, the foregoing Resolution was re-referred to the Finance Committee.*

The following recommendation of the Joint Finance and Legislative and Civil Service Committee was taken up:

Present: Supervisors MacPhee, Mead, O'Gara, Shannon and Uhl.

#### Emergency Relief—Technical Non-Residents; an Emergency Ordinance (Series of 1939)

Bill No. 1587, Ordinance No. \_\_\_\_\_, as follows:

Providing for the granting of emergency relief to certain persons

who are residents of the City and County of San Francisco but who do not possess the residential qualifications required by Sections 2555 and 2556 of the Welfare and Institutions Code; an Emergency Ordinance:

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. Notwithstanding the provisions of Ordinance No. 121, adopted April 17, 1939, the Board of Supervisors of the City and County of San Francisco does hereby declare that an emergency exists which necessitates certain dependent persons who, for more than one year last past, have been physically present in the City and County of San Francisco and for more than three years last past have been physically present in the State of California, but who have not the residential qualifications provided for in Sections 2555 and 2556 of the Welfare and Institutions Code, being granted emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code; and this Board of Supervisors does hereby declare the nature of said emergency to be as follows:

That since July 15, 1940, the Community Chest of San Francisco has cared for certain dependent persons who have been physically present in the City and County of San Francisco for more than one year and physically present in the State of California for more than three years, but who do not possess the residential qualifications set forth in Sections 2555 and 2556 of the Welfare and Institutions Code, and for whom relief and care has not been provided by Ordinance No. 121, enacted by the Board of Supervisors on the 17th day of April, 1939, and said Community Chest has now notified the Board of Supervisors that it can no longer care for said persons or provide them with the necessaries of life, and that by reason of said Community Chest being unable to care for said last mentioned persons an emergency not provided for by said Ordinance No. 121 has now arisen, which said emergency this Board of Supervisors estimates will continue until July 1st, 1942.

Section 2. For the purpose of affording said last mentioned persons emergency relief, pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, the Public Welfare Commission is hereby authorized and directed to contract with the Community Chest of San Francisco, or with any other charitable organization, to distribute said relief to said dependent persons, provided that the amount of said relief to be distributed shall not exceed \$12,500.00, and the period during which said relief shall be granted shall not extend beyond July 1st, 1942.

Section 3. Relief to be distributed under this ordinance shall be applied only to those persons who were receiving aid from the Community Chest on February 1, 1942, as dependent non-residents as defined in Section 1 hereof.

Section 4. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows:

It is necessary for the preservation of the health and safety of the citizens of the City and County of San Francisco.

Approved as to form by the City Attorney.

#### Discussion

Supervisor O'Gara explained to the Board the consideration given to the problem of furnishing relief to technical non-residents of San Francisco. After much deliberation, and several meetings on the matter, the foregoing Bill, agreeable to the Controller and the Public Welfare Department, was recommended by the Joint Committee on Finance and Legislation. Under the terms of the proposed legislation, technical non-residents will be cared for until the end of the current fiscal year.

The Community Chest will aid in the administering of relief until June 30, 1942.

Supervisor Roncovieri, in discussing the matter, suggesting that in effect, what was being done was practically giving the Community Chest \$12,500 to relieve it of obligations that belong to the Chest. However, he was willing to take over the matter as an emergency, but he desired to know when the emergency would stop.

Supervisor O'Gara, in reply, stated that it was his personal opinion that the emergency would continue as long as the needy, technical non-residents were in San Francisco, unless the State law defining or setting up requirements for the gaining of residence is changed. As to taking care of these non-residents, the Board is not required to make any provision for them, but it is the proper and decent thing to do.

Supervisor Brown stated that he felt it was the time to put the entire subject of relief squarely before the Board, which he proposed to do, although with reluctance. Relief is now costing San Francisco \$8,000,000 a year, and San Francisco cannot afford to increase beyond reasonable bounds, the generosity with which it is now conducting its relief program. This present responsibility was assumed by the Community Chest in good faith. San Francisco also assumed and took over all who were at that time technical non-residents. Now that the Community Chest decides it can no longer care for these people, Supervisor Brown desired to know just what the funds of the Community Chest are being spent for, and how important are the objects of expenditure as compared to supporting people without other means for livelihood. Why did the Community Chest pass along this burden to the Board of Supervisors when they had agreed to assume the burden? How can the Community Chest say that any other purpose is more important than feeding the people. This legislation will establish a very dangerous precedent. If we proceed with the granting of relief to non-residents, many other non-residents will come to San Francisco. Emergency cases, of course, should be taken care of, but the emergency cannot last indefinitely.

Mr. Carver, of the Community Chest, denied that the Community Chest had ever contracted to take care of the cases of non-residents. Those cases were taken care of by the City and County until a restrictive ordinance was passed. For some time though, the Community Chest has been taking care of non-residents, although it has never contracted so to do. In that work, the Chest has been using its capital funds instead of its regular funds. However, in no campaign for funds has the care of non-residents been used as an argument in the various drives.

Supervisor O'Gara stated that he understood that the matter had been worked out to the satisfaction of everyone, and everyone was agreed that the proposed legislation should be passed. However, that is, apparently not the case. Supervisor Brown is entitled to complete answers to questions he has raised, and if he, at this time, is opposed to this matter, it cannot be passed. For that reason he would move that further consideration be postponed for one week, and that Directors, or representatives of the Community Chest be present at that time, as well as Mrs. Prince or Mr. McAuliffe, of the Public Welfare Commission, to state their views on the matter.

Mrs. Prince, however, announced that the Public Welfare Commission had approved, at its last meeting, this specific ordinance.

Mr. Carver, of the Community Chest, in reply to questioning, stated that he had no authority to speak for the Directors. The Chest had agreed to take care of the non-residents until today, February 24th. Whether or not the Chest would care for them longer, he could not say, although his personal recommendation to the Directors would be that they do not take care of the non-residents any longer.

Supervisor Brown, thereupon, announced that inasmuch as the Public Welfare Commission had approved this ordinance, he could see no good to be gained by further opposition at this time, but he would reserve

the right to oppose the continued granting of relief to these people after the beginning of the next fiscal year.

Whereupon, Supervisor O'Gara withdrew his motion for postponement and the foregoing Bill was

*Finally Passed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

Absent: Supervisors Colman, Shannon—2.

### Adopted

The following recommendation of the Public Utilities Committee was taken up:

Present: Supervisors Brown, Meyer, and Roncovieri.

**Requesting Public Utilities Commission to Make Survey of Possible Savings in Power for Street Lighting, and Report Thereon to the Board of Supervisors.**

(Series of 1939)

Resolution No. 2451, as follows:

Whereas, The "New Time" is now in effect through an Act of Congress; and

Whereas, The purpose of "New Time" is to conserve power necessary for National Defense; and

Whereas, The conservation of power is so essential to National Defense; now, therefore, be it

Resolved, That the Public Utilities Commission be requested to make an immediate survey of possible savings in power for street lighting, and report in detail on such possible savings to the Board of Supervisors at its earliest possible date.

*Adopted* by the following vote:

Present: Supervisors Brown, MacPhee, Mead, Meyer, Roncovieri and Uhl.

**Requesting Mayor to Appoint Committee to Confer with Federal Officials and Report to the Board of Supervisors Regarding Arrangements for Sale of Hetch Hetchy Power to War Industries.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The Public Lands Committee of the House of Representatives has refused to recommend passage of the Rolph Bill to amend the Raker Act; and

Whereas, The Secretary of the Interior has suggested that San Francisco request the Federal Government to establish essential war industries in Northern California at locations adjacent to the Hetch Hetchy power line, so that these war industries could utilize the output of the Moccasin Creek power house and enable San Francisco to enjoy a proper revenue from its municipally owned power project, and at the same time comply with the provisions of the Raker Act; and

Whereas, It is extremely important that immediate steps be taken by the government of San Francisco to explore the possibilities of such an arrangement so that San Francisco may not be deprived of its income from Hetch Hetchy power; and

Whereas, The President of the United States has publicly stated in a

letter to the Chairman of House Public Lands Committee that he believed a satisfactory plan for the disposition of Hetch Hetchy power could be worked out without amending the Raker Act; now, therefore, be it

Resolved, That his Honor, the Mayor, is hereby requested to appoint a committee to confer with officials of the Federal Government and report to this Board of Supervisors at the earliest possible time what arrangements can be made for the sale of the power to such war industries.

*February 24, 1942—On motion by Supervisor Gallagher, consideration was postponed until March 2, 1942.*

Resolution No. 2118, as follows:

Resolved, That the public interest requires and that it is the intention of this Board of Supervisors to close and abandon all of Blair Street from Grand View Avenue to Corwin Street, situated in the City and County of San Francisco, State of California, and more particularly described as follows, to wit:

Beginning at the intersection of the northeasterly line of Blair Street with the northwesterly line of Acme Alley; thence deflecting  $15^{\circ} 10' 06''$  to the right from said line of Acme Alley and running southwesterly 50.454 feet to a point perpendicularly distant 44 feet northeasterly from the southwesterly line of Grand View Avenue, as last named line is shown on the "Map of Grand View Avenue," filed April 1, 1940, in Map Book O at pages 1 to 4, Official Records of the City and County of San Francisco and perpendicularly distant 50 feet southwesterly from the southeasterly prolongation of said northeasterly line of Blair Street as said line is shown on the "Map of the Resurvey of the Subdivision of a part of the San Miguel Rancho," filed September 30, 1912, in Map Book G, at page 153, Official Records; thence deflecting  $97^{\circ} 41' 39''$  to the right from the preceding course and running northwesterly along a line parallel with and distant 50 feet at right angles southwesterly from said line of Blair Street 106.909 feet; thence deflecting  $17^{\circ} 02' 00''$  to the right and continuing northwesterly along said parallel line 98.014 feet; thence deflecting  $17^{\circ} 29' 46''$  to the right and running northeasterly along a line parallel with and distant 50 feet at right angles northwesterly from the southeasterly line of aforesaid Blair Street and the northeasterly prolongation thereof 205.685 feet to the proposed southwesterly line of Corwin Street; thence southeasterly along said line of Corwin Street the following courses and distances,

on the arc of a curve to the right, tangent to a line deflected  $137^{\circ} 44' 37''$  to the right from the preceding course, radius 42 feet, central angle  $47^{\circ} 47' 08''$ , a distance of 35.029 feet; thence on the arc of a curve to the left tangent to preceding curve, radius 58 feet, central angle  $29^{\circ} 42' 09''$ , a distance of 30.068 feet; thence tangent to preceding curve 10.692 feet; thence on the arc of a curve to the left tangent to preceding curve radius 58 feet, central angle  $36^{\circ} 09' 32''$ , a distance of 36.603 feet; thence on the arc of a curve to the right, tangent to the preceding curve, radius 42 feet, central angle  $25^{\circ} 21' 17''$ , a distance of 18.586 feet; thence tangent to preceding curve 1.742 feet; thence leaving aforesaid proposed line of Corwin Street at right angles southwesterly 10.670 feet to the intersection of the southwesterly line of Corwin Street with the southeasterly line of Blair Street as said lines are shown on aforesaid map filed in Map Book G, thence deflecting  $55^{\circ} 01' 21''$  to the left from the preceding course and running southwesterly along last named line of Blair Street 80.00 feet; thence deflecting  $17^{\circ} 29' 46''$  to the left and running southeasterly along the northeasterly line of Blair Street 82.833 feet; thence deflecting  $17^{\circ} 02' 00''$  to the left and continuing southeasterly along last named line 92.667 feet to the northwesterly line of Acme Alley and to the point of beginning.

Said closing and abandonment of said Blair Street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California.

Before the final closing of said Blair Street, there shall be delivered to the Director of Property of the City and County of San Francisco deeds conveying certain lands free of all encumbrances, to the City and County of San Francisco, a municipal corporation, required for the opening of a new street running northerly from Grand View Avenue, between Stanton Street and the said Blair Street, and for certain lands necessary to establish a uniform width of 50 feet on Stanton Street from Grand View Avenue northerly to the southerly line of Clover Heights Subdivision as per map recorded in Map Book G, page 113, Official Records of the City and County of San Francisco, and for certain lands necessary to establish a uniform width of 50 feet on Corwin Street from the northerly termination of the southwesterly line of Corwin Street, northwesterly to said line of said Clover Heights Subdivision.

The Clerk of this Board is hereby directed to transmit to the Department of Public Works, a certified copy of this resolution and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said Blair Street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, September 22, 1941.

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.

Absent: Supervisors Colman, Shannon.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

David A. Barry, Clerk.

Approved, San Francisco, September 26, 1941.

ANGELO J. ROSSI, Mayor.

Whereas, the Clerk of this Board did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notice of the passage of said resolution and did also cause in the

manner and as required by law a notice similar in substance to be published for a period of ten days in the official newspaper of San Francisco; and

Whereas, The public interest and convenience require said street closing to be done as specifically described in Resolution No. 2118, Series of 1939; and

Whereas, the Supervisors have acquired jurisdiction to order said portion of Blair Street to be closed and abandoned;

Now, Therefore, Be It Resolved, that said portion of Blair Street be and is hereby closed and abandoned.

Be It Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that said Department be instructed to proceed thereafter as required by law, and the Clerk of this Board is hereby directed to advertise this resolution in the official newspaper as required by law.

Be It Further Resolved, That the City and County of San Francisco, a municipal corporation, does hereby accept that certain deed dated November 29, 1941, from Matthew A. Little, et ux., to certain lands required for Corwin and Stanton Streets.

Recommended by the Director of Public Works.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

#### Chief Administrative Officer Requested to Investigate Conditions at Log Cabin Ranch

(Series of 1939)

Supervisor Gallagher presented Resolution No. ...., as follows:

Whereas, Considerable criticism appeared in the *San Francisco News* of February 20, 1942, regarding the condition of the boys' rehabilitation project in San Mateo County known as the "Log Cabin Ranch" sponsored by this city; and

Whereas, Notwithstanding that this Board of Supervisors has appropriated the necessary funds and has done everything required to promote and facilitate the establishment of the Log Cabin Ranch for boy rehabilitation under the control of the Juvenile Probation Department, it is now declared that through official red tape, conditions at the

"Ranch" are "demoralizing and dangerous to the health of these public charges;" now, therefore, be it

Resolved, That the Chief Administrative Officer be and he is hereby requested to immediately investigate the complaints made with a view to determine the facts in the case and responsibility for the purpose of bringing about the correction of the situation against which such drastic criticism has been directed.

**Memorializing Congress to Fix Premium Rates of War Risk Insurance so that Insured Persons in all Parts of the United States Shall Share Equally the Burden of Such Insurance.**

(Series of 1939)

Supervisor O'Gara presented Resolution No. 2456, as follows:

Whereas, There is now pending before the Congress of the United States a War Risk Insurance Bill; and

Whereas, It has been proposed that the premium for such War Risk Insurance should be based on the proximity of the Insured property to the combat zones; and

Whereas, The United States is waging this war for the defense of all parts of the United States and all parts of the United States should bear equally the burden and expenses incidental to said war; and

Whereas, Such rate basis would work a great hardship on San Francisco, by reason of its location on the Pacific Coast and its position in a combat zone; and

Whereas, The value of properties in San Francisco insured against fire is approximately one billion dollars, in addition to property of the City and County of San Francisco, valued at millions of dollars, and the fire insurance premiums paid by San Franciscans are in excess of \$1,000,000 a year; and

Whereas, A rate based on proximity to war hazards and combat zones would result in a discriminatory penalty on the people, business and City and County of San Francisco, possibly in excess of \$1,000,000 a year; now, therefore, be it

Resolved, That the City and County of San Francisco protests to the Congress of the United States against any such inequitable basis of fixing the premium rates of war risk insurance and requests said Congress to fix such rates in such a manner that insured persons in all parts of the United States, regardless of proximity to war hazards and combat zones, shall share equally the burden of such insurance; and, be it

Further Resolved, That a copy of this Resolution be sent to the Senate and House of Representatives of the United States and to all California representatives in Congress.

**Resolution Providing for the Forfeiture of Market Street Railway Company Operating Permits Called Out from Committee**

Supervisor MacPhee called attention to Resolution presented by him, and still held in committee, providing for forfeiture of Market Street Railway Company's operating permits, and inquired from Supervisor Brown, Chairman of the Joint Committee on Public Utilities and Finance, if he would object to the Resolution being immediately brought out from committee for consideration by the Board.

Supervisor Brown objected, inasmuch as none of the interested parties had been notified of such action, but stated that he would not oppose its being brought before the Board at the Board's next meeting.

Whereupon, Supervisor MacPhee moved that the proposed Resolution providing for forfeiture of Market Street Railway Company operating permits be taken from the Joint Public Utilities and Finance Committee and placed on the Calendar of the Board, for the meeting of March 2, 1942.

No objection, and so ordered.

#### **Progress Report re Street Repair by Market Street Railway Company**

During the foregoing discussion, Supervisor MacPhee requested the attendance of the Chief Administrative Officer to present a progress report on the matter of street repair by the Market Street Railway. Subsequently during the proceedings, the Chief Administrative Officer appeared before the Board and reported that as yet he had no definite report to make. He had received a letter, though, from the W. P. A., advising just how far W. P. A. could proceed with the program. He had not as yet analyzed the proposals made. There were, he stated, several items not quite clear, and he had returned the matter to Mr. Lawson. A complete report was expected within the next two or three days, and he, Mr. Brooks, would be glad to be present during the Board meeting on March 2, 1942.

#### **Relief for Japanese Alien**

Supervisor Uhl moved that the Clerk be directed to write to the State Department of Social Welfare, at Sacramento, calling their attention to the relief case of Mrs. Sono Okada, an alien woman residing in San Francisco with four of her children, and ask whether that Department understands that this woman is an alien and is receiving \$11.76 supplementary aid.

No objection, and so ordered.

#### **Proposed Amendment to the Rules**

Supervisor Uhl moved that the Rules of Proceedings of the Board of Supervisors be amended by providing that "any matter referred to committee must be returned to the Board not later than 30 days, setting forth the action of the committee."

*Referred to Rules Committee.*

#### **Communications**

The following communications were presented, read by the Clerk, and acted on as noted:

From his Honor, the Mayor, notifying the Board of a meeting he has called in his office on February 26, 1942, at 11:00 A. M., to endeavor to arrive at a solution of San Francisco's traffic and transportation problem, and requesting the attendance of members of the Board at that meeting.

#### **Report on Attendance at Meeting of County Supervisors Association**

Supervisor Green, following the reading of the foregoing communication from County Supervisors Association of California, reported on the meeting at Sacramento, February 20, and 21, 1942, which he had attended as the Board's representative. Both he and Supervisor Shannon opposed the concentration of all aliens, but were agreed that something should be done with Japanese, whether American or foreign born.

At that meeting, Supervisor Green reported, he had been elected as a Director of the Association.

#### **ADJOURNMENT**

There being no further business, the Board, at the hour of 3:50 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, March 2, 1942.

**Authorizing Release of Lien Filed re Indigent Aid—Anna Lehtinen**  
(Series of 1939)

Resolution No. ...., as follows:

Whereas, An instrument executed by Anna Lehtinen, an indigent person receiving aid from the City and County of San Francisco has been recorded in the office of the Recorder of the City and County of San Francisco, State of California, which said instrument created a lien in favor of said City and County on real property belonging to said indigent person; and

Whereas, Said indigent person on payment of the debt secured by said lien is entitled to receive a release thereof; now, therefore, be it

Resolved, That upon receipt of the full amount secured by said lien, David A. Barry, Clerk of the Board of Supervisors of said City and County, be, and he is hereby authorized to execute and deliver a release of such lien.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

**Authorizing Consent by the City and County as Holder of a Subordinate Lien Securing Aid Furnished to Ella Nicholas, an Indigent Person, to Extension of Time of Payment of First Mortgage.**

(Series of 1939)

Resolution No....., as follows:

Whereas, An instrument executed by Ella Nicholas was recorded in the office of the Recorder of the City and County of San Francisco, State of California, on the 3rd day of September, 1941, in Liber 3783 of Official Records at page 361, which said instrument created a lien in favor of the City and County of San Francisco on the following real property situate in the City and County of San Francisco, State of California, described as follows, to-wit:

Commencing at a point on the southeasterly line of Laidley Street distant thereon 69 feet 6 inches southwesterly from the southwesterly line of Mignel Street, running thence southwesterly along the said southeasterly line of Laidley Street 32 feet 6 inches; thence at a right angle southeasterly 50 feet; thence at a right angle northeasterly 25 feet; thence at a right angle northwesterly 25 feet; thence at a right angle northeasterly 7 feet 6 inches and thence at a right angle northwesterly 25 feet to the southeasterly line of Laidley Street and the point of commencement.

Being a portion of Lot Number 13 in Block Number 11, Fairmount Homestead Association.

Whereas, Said lien is subject and subordinate to the lien or charge upon said land of a mortgage given to the Home Owners' Loan Corporation, recorded on the 5th day of March, 1934, in Book 2168 of Official Records of the City and County of San Francisco, State of California, at page 345, to secure the payment of the sum of \$1,623.68 and other obligations, and

Whereas, Under the terms of said mortgage and the note secured thereby, there remains unpaid as of the 8th of February, 1942, the sum of \$1,193.24, including principal, interest and advances, which amount the said debtor owes the said Home Owners' Loan Corporation,

but is unable to pay pursuant to the provisions of said instruments, and

Whereas, Said debtor has requested the said Home Owners' Loan Corporation to amend and extend the terms of payment of the said note and mortgage, and said request has been granted, but that said extension and amendment cannot be consummated unless and until the consent thereof of the said City and County of San Francisco, as holder of said subordinate lien, is first given and granted, and that such extension and amendment is necessary for the protection and preservation of said lien in favor of said City and County in that foreclosure of said mortgage to said Home Owners' Loan Corporation might otherwise be necessary, now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County of San Francisco, be and he is hereby instructed to execute such instrument as may be required to give and grant such consent as of February 8, 1942.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

**Authorizing Lease of Property at Southeast Corner of Fifth and  
Market Streets, San Francisco**  
(Series of 1933)

Bill No. 1586, Ordinance No. ...., as follows:

Authorizing lease of property at southeast corner of Fifth and Market Streets, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter of the City and County of San Francisco, and in accordance with the recommendation of the Board of Education, the Director of Property is hereby authorized and directed to arrange for leasing to the highest responsible bidder at the highest monthly rental the following described real property situated in the City and County of San Francisco, State of California:

Commencing at the point of intersection of the southeasterly line of Market Street with the northeasterly line of Fifth Street; running thence southeasterly along the northeasterly line of Fifth Street 275 feet to a point distant thereon 75 feet northwesterly from the northwesterly line of Jessie Street; thence at right angles northeasterly and parallel with said northwesterly line of Jessie Street, 275 feet; thence at right angles northwesterly 275 feet to a point on the southeasterly line of Market Street; thence at right angles southwesterly along last named line 275 feet to the point of commencement.

Being Lot No. 128 in One Hundred Vara Block No. 371.

Together with the improvements thereon.

Section 2. The lease shall be for a period of ten years or more but not exceeding twenty years, beginning July 1, 1943, at a minimum rental of \$17,500.00 per month, subject to the provisions of this ordinance and to the terms and conditions set forth in the proposed lease on file in the office of the Director of Property, Room 375, City Hall, San Francisco, California, and in the office of the Board of Education, 93 Grove Street, Civic Auditorium, San Francisco, California. The Lessee shall not assign the lease without written permission from the Board of Supervisors, otherwise any assignment or attempted assignment by the Lessee, either voluntary or involuntary, shall be void at the option of the Lessors. The Lessee may sub-let the property.

Section 3. The Director of Property shall advertise in the official newspaper the time and place of receiving sealed proposals and oral bids to lease said property, which place shall be the regular place of meeting of the Board of Education in the room on the fourth floor of the Civic Auditorium, San Francisco, California.

Section 4. Upon a call for oral bidding any responsible person shall have the right to offer to lease said property upon the terms and conditions specified in this ordinance, for a price or rental exceeding by at least five per cent the highest of said written proposals; provided, however, that such person shall have first complied with the provisions of Section 5 hereof.

Section 5. All bidders will be required to deposit a certified check or bank cashier's check in the sum of \$50,000.00, payable to the Treasurer of the City and County of San Francisco, with their proposals and/or bids as evidence of good faith and responsibility. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear, and one single deposit shall suffice for both. The deposits of unsuccessful bidders will be returned to them immediately after the closing of bidding. The deposit of the highest responsible bidder will be held by the Lessors to guarantee execution of the lease by the Lessee. Within ten days after the closing of bidding the highest responsible bidder may place substitute cash or approved securities in the sum of \$50,000.00 in escrow with a national bank in San Francisco, whereupon the Lessors shall refund the original deposit of \$50,000.00 to such bidder. Any interest on such deposit placed in escrow as aforesaid shall be paid to the highest responsible bidder. Said deposit of \$50,000.00 shall be returned to the Lessees upon execution of the lease and acceptance by the Lessors of the cash, bonds or other securities referred to in Section 6 hereof; provided, however, that the Board of Supervisors may declare by resolution such deposit of \$50,000.00 the property of the Lessors as liquidated damages in the event that the Lessee does not execute the lease and comply with the provisions of Sections 6 and 7 of this ordinance within thirty days after presentation of the lease to the Lessee for his signature. Within thirty days after the effective date of the resolutions awarding the lease the Lessors shall present the lease to the Lessee for his signature. Within thirty days after receipt by the Lessors of the lease signed by the Lessee, the Lessors shall execute the same. The lease shall be considered executed when it has been signed by all parties.

Section 6. Upon execution of the lease by the Lessee, the Lessee shall furnish to the Lessors and maintain throughout the term of the lease satisfactory bonds or other satisfactory securities or cash in the sum of \$100,000.00, to guarantee taking possession of the premises on July 1, 1943, payment of rental and faithful performance of the conditions of the lease by the Lessee, which shall be returned to the Lessee if said Lessee shall have fully and faithfully performed all of the terms and conditions of the lease. Any interest or dividends on such deposit of \$100,000.00 shall be paid to the Lessee. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear and one single deposit of \$100,000.00 shall suffice for both.

Section 7. All bonds or securities required to be furnished under this ordinance shall be subject to approval by the Treasurer of the City and County of San Francisco.

Section 8. The lease will be awarded to the highest responsible bidder at the highest monthly rental subject to the provisions hereof, provided, however, that any and all proposals and bids may be rejected and said real property may be withdrawn from lease. No commissions will be paid for obtaining any proposals or bids to lease said property.

Section 9. The proposed form of lease now on file as aforesaid shall govern in any and all events notwithstanding procedural or other inconsistencies.

Approved by the Director of Property.

Recommended by the Board of Education.

Approved as to form by the City Attorney.

Approved as to form by the Administrative Adviser, Legal Department of the Board of Education.

February 24, 1942—*Re-referred to Finance Committee.*

#### Discussion

After explanation of the foregoing matter by Supervisor MacPhee, Supervisor Roncovieri announced that he still desired more time to look into the matter further, and moved that further consideration be postponed for two weeks.

Motion seconded by Supervisor Mead.

Supervisor MacPhee objected to any further delay, which, he felt could serve no good purpose, and he reminded the Board, also, that should the matter be taken out of the hands of the Board by the Court, within that two weeks, the Board would lose all jurisdiction.

Supervisor Uhl announced that he would vote for a week's postponement, if Supervisor Roncovieri would change his motion. He could not vote for a longer delay.

Supervisor Roncovieri, however, declined to change his motion. He desired to look into many features of the proposal.

#### Postponement Denied

Thereupon, after further brief discussion, the roll was called and the motion to postpone consideration for two weeks was

*Denied* by the following vote:

Ayes: Supervisors Mead, Roncovieri—2.

Noes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Meyer, O'Gara, Shannon, Uhl—9.

#### Passage for Second Reading

Whereupon, the roll was again called and the foregoing Bill was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Meyer, O'Gara, Shannon, Uhl—9.

Noes: Supervisors Mead, Roncovieri—2.

#### Explanation of Vote

Supervisor Roncovieri, in explaining the foregoing vote, stated that inasmuch as he had been denied the opportunity to make a proper study of the matter, he had been obliged to vote "No" thereon.

#### Authorizing Sale of Certain City-Owned Land Near Hunters Point and Repealing Bill No. 1536, Ordinance No. 1483

(Series of 1939)

Bill No. 1592, Ordinance No. ...., as follows:

Authorizing sale of certain city-owned land near Hunters Point and repealing Bill No. 1536, Ordinance No. 1483.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors hereby declares that public interest and necessity demand the sale of the following described city-owned real property situated in the City and County of San Francisco, State of California:

All of that certain land acquired by the City and County of San Francisco, a municipal corporation, from W. H. Spaulding, et ux., by deed dated April 18, 1928, and recorded May 14, 1928, in Volume 1675, page 123, Official Records of San Francisco.

Being all of Blocks 4627-A, 4628-A, 4648-A and portions of Blocks 4626-A, 4647-A, 4649-A and 4651.

Together with all right, title and interest in and to the lands included in the public streets situated within the site of the Hunter's View Project of the Housing Authority of the City and County of San Francisco.

Section 2. The above described land shall be offered for sale in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, and may be sold as a whole or subdivided.

Section 3. Bill No. 1536, Ordinance No. 1483, Series of 1939, approved December 31, 1941, is hereby repealed.

Recommended by the Manager of Utilities.

Approved by the Director of Property.

Approved by the Chief Administrative Officer.

Approved as to form by the City Attorney.

Supervisor Uhl objected to the immediate consideration of the foregoing Bill. Last week he had requested certain information from the Housing Authority regarding the number of units in each project; the number of units rented; and the number of units in contemplated projects. He believed the Board should have that information before acting on the matter now under consideration, and for that reason he would suggest a week's delay before taking action.

Supervisor MacPhee opposed any delay. He believed the property should be sold.

Although the Chair reminded Supervisor Uhl that he would have two weeks' time before Final Passage of the foregoing Bill, in which to obtain the information he desired, Supervisor Uhl announced that he would vote "No" on Passage for Second Reading.

Thereupon, the roll was called and the foregoing Bill was

*Passed for second reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—10.

No: Supervisor Uhl—1.

#### Final Passage

**Appropriating \$5,000 out of Emergency Reserve Fund for San Francisco County Medical Society Irwin Memorial Blood Bank; an Emergency Ordinance.**

(Series of 1939)

Bill No. 1596, Ordinance No. 1532, as follows:

Authorizing an appropriation of \$5,000 out of the Emergency Reserve Fund to provide funds for the purpose of supporting the San Francisco County Medical Society Irwin Memorial Blood Bank; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$5,000 is hereby appropriated out of the Emergency Reserve Fund to the credit of Appropriation No. 126,890.00, to provide funds for, the purpose of supporting the San Francisco County Medical Society Irwin Memorial Blood Bank, as per Resolution No. 2302, adopted by the Board of Supervisors, December 15, 1941.

Section 2. The San Francisco County Medical Society Irwin Memorial Blood Bank will meet emergency calls for blood, without charge, at the request of the Director of Public Health of the City and County of San Francisco.

Section 3. This ordinance is passed as an emergency measure and this Board of Supervisors does, by the vote by which ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows:

That if any of the citizens of the City and County of San Francisco should be injured during the present war emergency by reason of said war, it is imperative that the Director of Public Health and other persons ministering to the health of the citizens of San Francisco should have a supply of blood plasma for transfusion to said injured persons and therefore the said appropriation above is necessary to protect the lives and welfare of the citizens of the City and County of San Francisco.

- Approved as to funds available by the Controller.
- Approved by the Mayor.

		\$5,842.60

Being the estimated requirements for the balance of the fiscal year, 1941-1942.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is necessary in order to provide for the uninterrupted operation of the Juvenile Detention Home and the Log Cabin Ranch, as the funds appropriated in the 1941-1942 budget for the above purposes have proved inadequate.

Recommended by Chief Probation Officer.

Approved by Judge of the Juvenile Court.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Approved by the Mayor.

After explanation of the foregoing Bill by Supervisor MacPhee, Supervisor Gallagher presented the following:

**Report of the Meeting of the Public Health and Welfare Committee**

Friday, February 27, 1942.

Present: Supervisor Roncovieri, Judge Foley, Percy Long, R. Miller, Thomas Ebooks, Chief Administrative Officer, Harry Ross, Assistant Controller, Frank A. Clarvoe of the San Francisco News.

Mr. Percy Long, Chairman of the Probationary Committee:

He told about the background of the Log Cabin Ranch. He told how the Boys' Ranch started in 1939. In 1940 it was necessary for them to move. They found their present location and decided that it was ideal for their purpose. They asked the Board of Supervisors to lease 620 acres and the Board passed the proposed legislation. Moved the boys down to the place at La Honda but it was necessary each day for the boys to go six miles from the buildings they were using, these buildings were abandoned by the S. R. A. when they discontinued their own school in San Mateo County, to their own location. At first the Juvenile

Court thought that all of the work of turning the 620 acres into a permanent living quarters for the boys could be done on \$5,000, so that was the amount that was included in the budget for the Log Cabin Ranch, but when the Department of Public Works was called into the picture they said that it would be impossible to do what was planned for \$5,000. The first thing that was done was to have a topographical map made by the City Architect for \$1,000, after which the City Architect made some plans for the future development of the Log Cabin Ranch which when completed will cost in the neighborhood of from \$70,000 to \$80,000.

Honorable Thomas M. Foley:

When the program was planned for the Log Cabin Ranch, that is the building of the buildings and whatever else was necessary, it was thought that the boys, under the supervision of one of two competent journeymen, could do it all. When the Department of Public Works stepped in they told us that we would have to put in a first class water system and sewerage disposal system at the cost of about \$20,000. The way we had planned it was to have our own boys put in our own water system and sewerage disposal system such as any farmer would do. Of course the systems that we installed would not be as efficient as the ones that the Department of Public Works is going to install. At the present time we are going to move the buildings that the boys are now sleeping in from their present location to the Log Cabin Ranch. These buildings are easily dismantled and hauled the six miles then reconstructed. They are going to be temporary buildings until we can get around to building permanent buildings. When the permanent buildings are completed we will tear the temporary ones down. The only thing that is now holding up the work is the Planning Commission of the County of San Mateo.

Mr. Wilder, Director of Public Works:

The only way that the Department of Public Works was called into the picture was at the request of the Controller's office. They asked us to make a survey to be certain that the work could be completed for \$5,000, which of course it could not. The first step was to have a topographical map made so that we knew to what end we were working. The cost of this map was \$1,000 and it was well worth it. Without the map you would have no outline to follow when you started building your permanent buildings and you might find yourself in the situation that your permanent buildings would run into your temporary buildings then making it necessary to tear the temporary buildings down before the permanent buildings were completed. As to the water and sewerage systems, you have to have a first class water and sewerage system to insure the safety of the health of the boys. If, in your opinion, you would rather install a makeshift water and sewerage disposal system that is up to you; but let me tell you this you have to be certain that the water system is not going to be contaminated by the sewerage system. The \$5,000 that had been appropriated would not have even installed the water and sewerage systems but would only have completed the road up to your property.

Mr. Brooks, Chief Administrative Officer:

He stated that he would ask the Department of Public Works to withdraw from the picture if the Juvenile Court so desired. He stated that in his opinion everything that the City Architect says to do should be done because this thing is not a small, or is it going to be, a temporary project, as the years go on it is going to get bigger and bigger thus we must make plans for it.

Mr. Ross, Chief Assistant Controller:

He stated that most of this mix-up was his fault. He called the Department of Public Works in to find out whether or not the work could be done on the \$5,000. He was told that it could not so he asked the Juvenile Court how much more it would take to actually complete the whole job. The amount they figured was \$25,000. After the money

had been appropriated he found out that it would not complete the job so he decided not to allow any part of the job to go ahead unless there was money enough to cover it. On account of this the work had proceeded very slowly but now everything was O. K. and the money would no longer be held up but the work would be allowed to continue.

Mr. Clarvoe, Editor of the San Francisco News:

He said that the only thing he was sorry about was that this meeting was not held nine months ago when the Ranch was first starting instead of wasting all that time that could have been put to helping the Boys' Ranch get on its feet; but in his opinion the Ranch was finally getting a foothold and everything would work out fine.

\* \* \* \* \*

It was the consensus of all the people interested in the Log Cabin Ranch that it was now moving smoothly and that no more trouble should be encountered.

Report ordered printed in the Journal of Proceedings.

Thereupon, the foregoing Bill was

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

\* \* \* \* \*

At this time, Mr. President, in conformity with the report that I have just presented I would like to make a motion:

"That the Clerk of this Board be directed to send a letter to the Director of Public Works, Chief Administrative Officer, Controller, Juvenile Court, Juvenile Probation Committee and Hon. Thomas M. Foley requesting their presence at the meeting of March 25th to explain to the Board of Supervisors just what has been accomplished at the Log Cabin Ranch, what is the plan for the immediate future and how the money is holding out and if any more money is needed to complete this project about how much will it be."

### Governor to Augment State Guard by Two Regiments for Better Protection of San Francisco (Series of 1939)

Resolution No. ...., as follows:

Whereas, The State of California, notwithstanding the yeoman service it now renders the citizens of this community, can no longer bear up under the constant strain made upon its totally inadequate personnel; and

Whereas, San Francisco, occupying the unique and strategic position it does, must of necessity be guarded by unceasing vigilance by all agencies of defense; and

Whereas, An augmented State Guard would be to the benefit of all San Franciscans and would relieve the military from arduous but nevertheless necessary duties now executed by it; now, therefore, be it

Resolved, That his Excellency, Culbert L. Olson, Governor of California, as Commander in Chief of the State Guard, be and he is hereby respectfully and earnestly requested to augment the State Guard of California by two regiments, to be recruited in San Francisco, and primarily for use within the City and County of San Francisco; and be it

Further Resolved, That it be the sense of this Board of Supervisors that, should his Excellency, the Governor, accede to this request, it by this means go on record as committing itself to the policy that all possible local agencies be used to recruit such a body of men from the ranks of local San Franciscans; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to forward a copy of this resolution to his Excellency, Culbert L. Olson, Governor of California.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Providing for Posting of Notice of Hearing on Application for Certain Permits Upon Premises Involved and Upon Bulletin Board in Office of Secretary of Board of Permit Appeals. (Series of 1939)

Bill No. 1599, Ordinance No. ...., as follows:

Amending Section 22 of Article 1, Part III, of the Municipal Code of the City and County of San Francisco to provide for posting of notice of hearing on application for certain permits upon the premises involved and upon a bulletin board maintained in the office of the secretary of the Board of Permit Appeals, and also providing for the form of said notice.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 22 of Article 1, Part III, of the Municipal Code of the City and County of San Francisco, is hereby amended to read as follows:

SEC. 22. *Providing for Posting and Form of Notice of Hearing Application for Certain Permits.* On the filing of any application for the issuance or transfer of a permit for any purpose specified in this section, or the filing of a notice of intention to revoke any *such* permit, except in any case where such proposed revocation is due to the failure to pay the fee fixed by law or ordinance, the department responsible for the approval of such application shall fix the time and place of hearing thereon, which shall be not less than ten (10) nor more than twenty (20) days from the filing of said application, and shall cause to be conspicuously posted upon the premises involved in said application, and also upon the bulletin board maintained for that purpose in the office of the secretary of the Board of Permit Appeals, Room 250, City Hall, not less than ten (10) days before said public hearing, notice of such application and the time and place of hearing thereon. It shall be the duty of the secretary of the Board of Permit Appeals to provide and properly maintain said bulletin board for the posting of such notice. Said notice shall also set forth the name of the applicant and the purpose for which the application is made. The department in which the application is filed shall cause said notice to be so posted. The lettering of the words in said notice, "Notice of Application for ..... Permit," shall be one (1) inch type, and all other lettering shall be one-half ( $\frac{1}{2}$ ) inch type. After the posting of said notice the applicant shall maintain said notice as posted on the premises the required number of days.

The classes of permits referred to in this section are: All those permits enumerated in Section 1, Article 1, Part III, of the San Francisco Municipal Code, excepting the following:

- (2) For the holding of masquerade balls—by the Police Department;

**Consideration Postponed**

The following recommendation of the Joint Public Utilities and Finance Committee was taken up:

Present: Supervisors Brown, MacPhee, Mead, Meyer, Roncovieri and Uhl.

**Requesting Mayor to Appoint Committee to Confer with Federal  
Officials and Report to the Board of Supervisors Regarding Ar-  
rangements for Sale of Hetch Hetchy Power to War Industries.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The Public Lands Committee of the House of Representatives has refused to recommend passage of the Rolph Bill to amend the Raker Act; and

Whereas, The Secretary of the Interior has suggested that San Francisco request the Federal Government to establish essential war indus-

tries in Northern California at locations adjacent to the Hetch Hetchy power line, so that these war industries could utilize the output of the Moccasin Creek power house and enable San Francisco to enjoy a proper revenue from its municipally owned power project, and at the same time comply with the provisions of the Raker Act; and

Whereas, It is extremely important that immediate steps be taken by the government of San Francisco to explore the possibilities of such an arrangement so that San Francisco may not be deprived of its income from Hetch Hetchy power; and

Whereas, The President of the United States has publicly stated in a letter to the Chairman of House Public Lands Committee that he believed a satisfactory plan for the disposition of Hetch Hetchy power could be worked out without amending the Raker Act; now, therefore, be it

Resolved, That his Honor, the Mayor, is hereby requested to appoint a committee to confer with officials of the Federal Government and report to this Board of Supervisors at the earliest possible time what arrangements can be made for the sale of the power to such war industries.

*February 24, 1942—Consideration continued until March 2, 1942.*

*March 2, 1942—On motion by Supervisor Gallagher, consideration was postponed until Monday, March 16, 1942.*

#### Adoption Refused

The following from the Joint Committee on Public Utilities and Finance was taken up:

#### Providing for Forfeiture of Operating Permit and Franchises, of the Market Street Railway Company (Series of 1939)

Resolution No. ...., as follows:

Providing for forfeiture of operating permit and rights, franchises, privileges and permits of the Market Street Railway Company for failure to keep pavements in the vicinity of its street railway tracks in good condition and repair.

Whereas, over a long period of years the Market Street Railway Company, a corporation organized and existing under and by virtue of the laws of the State of California, through its predecessors in interest and otherwise, acquired certain rights, franchises, privileges and permits to operate a street railway system on the streets of the City and County of San Francisco; and

Whereas, Said Market Street Railway Company is obligated thereunder to keep in good order and repair the pavement between its rails and the pavement adjoining said street railway tracks for a distance of two feet beyond the outer rails thereof; and

Whereas, Said Market Street Railway Company has been, and is now operating under an operating permit dated February 9, 1931, duly granted under the provisions of Section 6a and 6b of Chapter II, Article II of the Charter of the City and County of San Francisco, its street railway system, which said operating permit is based upon the compliance by said Market Street Railway Company with all the terms and conditions contained in the rights, franchises, privileges and permits heretofore granted; and

Whereas, For several years past said Market Street Railway Company has neglected and failed to keep said portions of said pavement on the various streets of the City and County of San Francisco on which it operates its street railway system in good condition and repair; and

Whereas, Said portions of said pavements are broken, dilapidated and in a general condition of disrepair;

Now, Therefore, Be It Resolved, That the City Attorney of the City

and County of San Francisco be, and he is, hereby directed to forthwith take whatever legal action may be necessary to cause an immediate forfeiture of said operating permit and the rights, franchises, privileges and permits heretofore acquired by said Market Street Railway Company.

(NOTE: The above resolution appears on Calendar at request of Supervisor MacPhee, and with concurrence of Supervisor Brown, Chairman of the Joint Committee.)

### Minority Report

Presented by Supervisors MacPhee and Mead:

In support of the resolution calling for the termination of the Market Street Railway's franchise, we submit excerpts from the letter of the Chief Administrative Officer dated January 29, 1942, and addressed to the Board of Supervisors:

" . . . There are many ruts and other defects in the streets of the City primarily because of the failure of the Market Street Railway to keep pavement in repair between and two feet outside its street car rails. To keep its track areas in repair is an obligation of the railway under its franchise. . . ."

" . . . The Board of Supervisors can help in the future by being more strict with regard to the Market Street Railway's paving obligation. The difficulty in which the city now is situated with regard to that company's track areas has resulted in no inconsiderable part from unwillingness on the part of the Board to require the company to fulfill its obligations prior to being given valuable privileges. . . ."

At the outset we draw attention to the criticism leveled against the Board of Supervisors as a result of *favored privileges* granted the Market Street Railway by the Board of Supervisors of San Francisco in the past.

When the 25-year operating permit of the Market Street Railway was ordered submitted to the people on September 19, 1930, two members of the present Board of Supervisors, namely Supervisors Colman and Roncovieri, voted approval of this franchise. There is no question these two Supervisors, in voting approval of this franchise did so in the belief that the Market Street Railway would live up to *all* of the terms and conditions of the said franchise.

The people of San Francisco approved this franchise at the polls, honestly assuming that the Board of Supervisors would protect their interests at all times and make the contract binding on BOTH parties.

The matter of terminating the franchise of the Market Street Railway is a plain, simple everyday business matter. Either the Market Street Railway has or has not violated their contract.

Promises for the future are NOT at issue at the present time. If there is proof before this Board that the contract has been violated, the Board of Supervisors SHOULD terminate this franchise.

The contract between the City and County of San Francisco and the Market Street Railway and ANY contract between the City and County of San Francisco and any other firm must be fulfilled, or any such contract SHOULD be terminated.

You have heard from the Director of Public Works, the Department of Engineering and the Chief Administrative Officer, ALL of whom have told you without equivocation, that the Market Street Railway HAS violated the terms of the franchise in that the Market Street Railway has not, for a long time past, kept in good order and repair the pavement adjoining said street railway tracks for a distance of two feet beyond the outer rails thereof.

The Board of Supervisors has a very serious duty to perform. By our actions here, today, we set a precedent for future actions of our Board. If we do not ENFORCE the terms of our contract with the

Market Street Railway, any other contracts or franchises with other firms are subject to the same favored privileges.

The minority group submits that it is of no value to the taxpayers to make a contract, unless ALL of the terms and conditions of the contract are fulfilled.

Your sworn obligation as a Supervisor makes necessary the TERMINATION of any contract that has not been fulfilled.

As a smokescreen, the opposition to the termination of this contract would have you believe a possible curtailment of service would exist. The Vice-President of the Market Street Railway, appearing at our committee hearing, stated his company would have the matter in court for several years to test the legality of our action. Again we submit these are not the issues before us. The Market Street Railway is responsible for the street repair adjacent to its tracks and it is the Market Street Railway who is responsible for the termination of this franchise.

Unification of the two railway systems; \$.06 fares or \$.07 fares, other plans or recommendations are not the issues at this time and should not be allowed to cloud the matter of our duty. Only one matter is pertinent: either the Market Street Railway has or has not defaulted in its contract.

This Board has only one choice: the contract has been violated and must be terminated.

We therefore ask the Board to override the recommendation of the Committee and adopt the Resolution calling for the City Attorney to take whatever legal action as may be necessary to cause an immediate forfeiture of the operating permit of the Market Street Railway.

CHESTER MacPHEE.

DEWEY MEAD.

#### Privilege of the Floor

Following the presentation of the foregoing Minority Report, Supervisor Uhl announced that he understood that the Chief Administrative Officer had been negotiating with the Market Street Railway Company for the removal of some 40 miles of their track, which would, of course, mean the subsequent reconditioning of the pavement. Thereupon, he moved the privilege of the floor for Mr. L. V. Newton, Vice-President of the Market Street Railway Company, to explain what was being contemplated.

Supervisor O'Gara, however, did not object to hearing from Mr. Newton, but requested temporary postponement of further consideration until the Chief Administrative Officer could be present.

Subsequently during the meeting, the Chief Administrative Officer being present, Mr. Newton was granted the privilege of the floor.

Mr. Newton reported what his company had done, in street improvement, and disputed claims made that the terms of the operating permit were being violated. On the contrary, he held that all terms of the permit were being substantially complied with.

Following brief discussion by Supervisors O'Gara and MacPhee, Mr. Newton reiterated his contention that his company had lived up to the terms of the operating permits.

The Chief Administrative Officer and Mr. Stahle, from the City Engineers Office, disagreed with the contentions of Mr. Newton that the Market Street Railway Company had complied substantially with the terms of the operating permit.

The Chief Administrative Officer, in reply to questioning by Supervisors O'Gara and Uhl, stated that an agreement has been drawn up, under the terms of which considerable of the unused track of the Market Street Railway Company, as previously mentioned, was to be removed, and the streets reconditioned.

Supervisor MacPhee objected to any such agreement, stating that thereunder, by a payment of some \$90,000 toward street improvement, the Company would be relieved of more than a million dollars' of its obligations.

Supervisor Green warned the Board against too hasty action in terminating the franchises of the Market Street Railway Company. He announced his intention, under his name on Roll Call, to present a Resolution calling for consideration of a six cent fare on both street railway systems, together with a universal transfer.

#### Explanations of Votes

Supervisor Colman, in explanation of his intended vote, announced that he was opposed to the thought of termination of the Market Street Railway Company's franchises. He believed it would be a most ill-advised action to take at this time, and it would not solve San Francisco's problems in any way. San Francisco is not in a position to take over the company's properties and functions, nor is San Francisco in any position to become engaged in a long expensive law suit which would inevitably follow such action as proposed by Supervisor MacPhee. Although it is apparent that the company has not lived up to all the terms of its permit, with respect to street repair, it has not had the money so to do. However, progress has been made along the lines of street repair. Therefore, in view of the circumstances and in view of the fact that San Francisco will need all its energies for much more vital matters, he did not think it advisable to start legal proceedings for the forfeiture of the permits of the Market Street Railway Company, and he would vote against any such proposal.

Supervisor Meyer announced that he could not see where taking away the franchises would result in any street improvement. There must be another solution to the problem, and accordingly he would vote "No."

Supervisor Roncovieri stated that in view of the contemplated street improvement program that is being worked out by the Chief Administrative Officer and the Market Street Railway Company, he would vote "No."

Supervisor Uhl asserted that the Market Street Railway Company, by its purchase and operation of some 110 buses, had performed outstanding work in the improvement of San Francisco's traffic and transportation problem. He would vote "No."

Supervisor Brown expressed the belief that the contract with the Market Street Railway Company, or the operating permit, like any other contract, might be interpreted in different ways. He stated too, that in his opinion, the company had done about as well as it possibly could, with the funds available. He, too, would vote "No."

Supervisor MacPhee pointed out that, in his opinion, there was an amount of more than \$1,000,000 involved, for which a settlement of only \$93,500 is proposed. Would the Board be satisfied with a ten per cent settlement? He, Supervisor MacPhee, believed it would be establishing a very dangerous precedent to allow such a concession to the Market Street Railway Company.

#### Minority Report Disapproved

Thereupon the roll was called and the minority report, presented by Supervisor MacPhee, was disapproved by the following vote:

Ayes: Supervisors MacPhee, Mead, O'Gara—3.

Noes: Supervisors Brown, Colman, Gallagher, Green, Meyer, Roncovieri, Shannon, Uhl—8.

The following bill was presented by the Clerk at the request of the City Attorney:

**Requiring All Those Officials, Boards, Commissions and Departments of the City and County of San Francisco, Who or Which Publish an Annual Report to File at Least Two Copies Thereof With the San Francisco Public Library.**

(Series of 1939)

Bill No. 1600, Ordinance No. ...., as follows:

Requiring all those officials, boards, commissions and departments of the City and County of San Francisco, who or which publish an annual report, to file at least two copies thereof with the San Francisco Public Library.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of every official, board, commission or department, who or which publishes an annual report, relative to the affairs under his or its control or related to his or its functions, to file at least two copies thereof with the Librarian of the San Francisco Public Library within ten days after publication of each such report.

Section 2. The report required to be filed pursuant to the provisions of this ordinance shall be made available by the Librarian for reference thereto by the public.

No objection being made, the Chair declared the foregoing bill

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Passage for Second Reading

The following recommendation of the Finance Committee was taken up:

**Amending Section 1 of Ordinance No. 1204, Commonly Known as the Annual Salary Ordinance, by Providing in said Section 1 that Whenever a Vacancy Exists in a Permanent Position set Forth in said Ordinance, the Civil Service Commission shall be Notified and said Position shall not be Filled until the Civil Service Commission shall Have Made an Investigation and a Report to the Mayor as to the Necessity of said Position, and the Mayor has Approved a Requisition for the Filling of said Position.**

(Series of 1939)

Bill No. 1601, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized

to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

*The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or a vacancy occurring in any such position. Appointing officers shall not make appointments to any vacancy in a permanent position until the Civil Service Commission shall investigate and report to the Board of Supervisors and to the Mayor on the necessity of such position, which said report shall be made within thirty days after said Civil Service Commission is notified of said vacancy; and during the period of said investigation a temporary appointment may be made. The Mayor may fill or refuse to fill said position as he shall see fit.*

*Passed for Second Reading by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Adopted**

The following recommendation of his Honor, the Mayor, was taken up:

**Leaves of Absence—Hon. Chester R. MacPhee and Robert Miller Green, Supervisors

Resolution No. ...., as follows:

Resolved, That in accordance with the recommendation of his Honor, the Mayor, Honorable Chester R. MacPhee and Robert Miller Green, Supervisors of the City and County of San Francisco, he and they are hereby granted a leave of absence for a period of twenty days from March 5, 1942, with permission to leave the State.

*Adopted by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Refused Adoption**

**Cancellation Abatement Proceedings—29 Hill Point Avenue**

Supervisor Shannon presented, with Public Health and Welfare recommendation "Do Not Pass":

(Series of 1939)

Resolution No....., as follows:

Whereas, The Board of Supervisors on August 18th, 1941, adopted a resolution authorizing the City Attorney to commence abatement proceedings against the premises located at 29 Hill Point Avenue; and

Whereas, All interested parties were not heard at the Health Committee meeting held on August 15th, 1941; now, therefore, be it

Resolved, That this Board respectfully requests the Health Committee to hold another meeting on this matter so that all interested parties may be heard to the end that abatement proceedings may be cancelled.

*Refused Adoption* by the following vote:

Noes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roneovieri, Shannon, Uhl—11.

**Requesting Salary Standardization Recommendation for Positions  
of Bookkeeper and Senior Bookkeeper**

**Public Utilities Committee to Consider Proposals for Universal  
Transfers and Six-Cent Fare on Street Cars in San Francisco**  
(Series of 1939)

Supervisor Green presented Resolution No. ...., as follows:

Whereas, Under the present rates of fare for the two electric street railway systems in San Francisco the Market Street Railway Company and the Municipal Railway each carry approximately fifty (50) per cent of the public riding on the electric railways; and

Whereas, With the Market Street Railway Company operating on a seven (7) cent fare and the Municipal Railway operating on a five (5) cent fare, the result is that approximately one-half of the street car riding public is penalized by being required to pay two cents more per ride than is the other half of the street car riding public; and

Whereas, It is asserted that the Municipal Railway operating on a five cent fare is solvent only by reason of the fact that its business has greatly increased since the advent of the seven (7) cent fare on the Market Street lines; and

Whereas, It is an unfair and anomalous situation which finds two electric street car systems operating in one city, each serving approximately one-half of the riding public and one charging two cents more per ride than does the other; and

Whereas, It is highly improbable that the City and County of San Francisco will be in a position in the near future to acquire the operating properties of the Market Street Railway Company or that if such acquisition were consummated the Municipal Railway could operate both properties and render adequate service except through a considerable subsidy from the tax rate; and

Whereas, For all practical purposes and in an endeavor to correct a most inequitable condition it is prudent to recognize that the Market Street Railway's operating properties cannot be acquired by the City for many years to come and to endeavor now to equalize the rates of fare charged the electric street railway car riding public; now, therefore, be it

Resolved, That the Public Utilities Committee of this Board be and is hereby directed to hold hearings upon this matter; to summon all interested parties to present their views on the matter and to endeavor to effectuate a plan under which the patrons of the Market Street Railway and the Municipal Railway shall pay a six cent fare with transfer privileges to or upon either line; and be it

Further Resolved, That the Public Utilities Committee be and is

hereby directed to report its findings to this Board as soon as a conclusion upon the matter can be reached.

**Requesting City Attorney to Prepare Legislation for Calling of a Special Election to Choose Board of Freeholders to Draft a New Charter for the City and County of San Francisco.**

(Series of 1939)

Supervisor Green presented Resolution No. ...., as follows:

Whereas, The Charter of the City and County of San Francisco, which became effective January 8, 1932, has since that date been amended 41 times at 16 separate elections; and

Whereas, Constant changes and variations in legal and practical modes of procedure have caused some of the provisions of our present Charter to fall into desuetude and have developed in certain other provisions vexing and serious conflicts; and

Whereas, One of the most harassing of the situations created by the growing inadequacy of the Charter to properly meet the exigencies of a modern municipal government, is the instance in which two City departments became involved in a dispute which can be resolved only by recourse to a court of law; the City Attorney obviously cannot represent both parties to such a dispute, and as a result outside counsel must be retained by one of the parties, at considerable expense to the taxpayers; and

Whereas, In the event a new Charter were ratified by the voters and the Legislature, many desirable innovations might be instituted, and many of the present procedural regulations might be streamlined to facilitate an unimpeded and orderly flow of municipal business; now, therefore, be it

Resolved, That the City Attorney be and is hereby requested to draft proper legislation, having for its purpose the calling of an election in the City and County of San Francisco for the purpose of selecting a Board of Fifteen Freeholders who, when chosen by the electors of said City and County, shall prepare and frame a new Charter for said City and County so that the same may be submitted to the electors of said City and County, all as provided in Section 8 of Article XI of the Constitution of the State of California.

**Recommending Adoption of Proposed Refinancing Plan by Directors of Golden Gate Bridge and Highway District**

(Series of 1939)

Supervisor MacPhee presented Resolution No. ...., as follows:

Whereas, The citizens of San Francisco were assured before assuming 85% of the liability for the Golden Gate Bridge that the users of said Bridge would pay all bond interest, redemption charges, and operating costs and that no tax would ever be levied to support this project; and

Whereas, Charges for bond principal and interest payments will increase from \$1,520,000 to \$3,407,000 per annum which can only be paid by greatly increased revenues or a tax levy over a long period of years; and

Whereas, It is apparent that prophecies of large population and motor vehicle registration increases, and other growth factors, have failed to materialize, and that the present situation including drastic if not total stoppage of the manufacture of new cars for civilian use, gasoline and rubber conservation, high individual income taxes, and other conditions prevent the building up of the necessary reserves which are absolutely essential if heavy tax levies are to be avoided in later years; and

Whereas, A decline of approximately only 25% in the present bridge earnings will wipe out the entire available surplus in less than two years; and

Whereas, The plan for extending the Bridge District bond amortization for a period of ten years on a voluntary basis for the bondholders has been presented to the Directors of the District under which principal payments will average \$400,000 per annum less, or a total of \$12,000,000 over the next thirty years; and

Whereas, It is the duty and obligation of every public official to do everything in his power to fulfill the agreement made with the citizens of San Francisco and the Bridge District at large that tax levies would be resorted to only after all feasible methods of putting the Bridge on a self-sustaining basis were exhausted;

Now, Therefore, be it Resolved, That the Board of Supervisors of the City and County of San Francisco earnestly petition the Directors of the Golden Gate Bridge and Highway District to adopt at the earliest possible moment, the proposed refinancing plan.

**Authorizing City Attorney to Prepare Charter Amendment Affecting Section 92 of the Charter, Providing for Real Estate Brokers' Commissions for Sale of City Property.**

(Series of 1939)

Supervisor Mead presented Resolution No. ... .., as follows:

Whereas, At the present time all sales of real estate approved by the City and County of San Francisco are made without the direct assistance of real estate brokers and under Section 92 of the Charter no compensation or commission is paid by the City and County of San Francisco to any licensed broker effecting such a sale, and

Whereas, The real estate brokers of San Francisco do not actively offer for sale the real property owned by the City and County of San Francisco, and

Whereas, It is commonly known that a concerted sales effort by real estate brokers of San Francisco, whose contacts greatly exceed that of the Real Estate Department of the City and County of San Francisco, would result in the disposal of such properties as offered for sale by the Real Estate Department of San Francisco for higher prices to the City and County of San Francisco, and

Whereas, The City and County of San Francisco will gain as a result of receiving better prices for their real estate owned and offered for sale, and

Whereas, The State of California in recent legislation repealed similar legislation discriminating against real estate brokers to the disadvantage of the taxpayer, and

Whereas, Many cities in the east, have, by ordinance, enacted similar legislation, realizing the advantages to the taxpayer in effecting the highest possible price for city-owned real estate; now, therefore, be it

Resolved, That Section 92 of the Charter of the City and County of San Francisco, be amended to read as follows:

**Sale of Property**

SECTION 92. Any real property owned by the City and County, excepting lands for parks and squares, may be sold on the recommendation of the officer, board or commission in charge of the department responsible for the administration of such property. When the board of supervisors, by ordinance, may authorize such sale and determine that the public interest or necessity demands, or will not be inconvenienced by, such sale, the directors of property shall make a preliminary appraisal of the value of such property. The director of property shall advertise by publication the time and place of such proposed sale. He shall forthwith report to the department head concerned and to the supervisors the amount of any and all tenders received by him. The supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public

auction, date of which shall be fixed in the ordinance. No sale other than a sale at a public auction shall be authorized by the supervisors unless the sum offered shall be at least 90 per cent of the preliminary appraisal of such property hereinbefore referred to.

*The Director Property of the City and County of San Francisco may and said officer is empowered to list for sale or exchange any property of the City and County of San Francisco with any licensed real estate broker, and pay said broker the prevailing real estate commission for procuring said purchaser or change; it being further understood that said listings may be given as an open listing to all licensed real estate brokers who desire to work upon the sale or exchange of said parcel of real property.*

*Upon acceptance of the offer for sale or exchange in excess of 90 per cent of the appraised value by the Real Estate Department of the City and County of San Francisco, the Director of Property shall submit the offer to the Board of Supervisors wherein a majority vote may approve the same at a public auction, it being understood the usual custom of the probate department of the Superior Court affecting sale of real estate shall prevail.*

The proceeds of the sale of any property under the control of a department shall be applied by the supervisors to the purchase of additional land for the use of such department if required thereby. Otherwise such proceeds shall be applied to the purchase of additional real property for any city and county purpose, provided, however, that the proceeds of the sale of any property acquired for the use of any utility shall revert to the funds of said utility.

The director of property may, in lieu of sale, arrange for the trading of any real property proposed to be sold for other property required by the department in charge thereof, on the recommendation of the officer, board or commission in charge of such property and the authorization, by ordinance, of the board of supervisors,

and, be it further

Resolved, That the City Attorney be and he is hereby authorized and requested to prepare a charter amendment to Section 92 of the Charter as outlined above.

**Requesting Board of Supervisors to Officially Designate a Public Street, Thoroughfare, Boulevard or Some Other of its Public Works or Projects by the Name of the First Chief Administrative Officer of San Francisco, Alfred J. Cleary.**

(Series of 1939)

Supervisor O'Gara presented Resolution No. ...., as follows:

Whereas, The late Alfred J. Cleary, the first Chief Administrative Officer of San Francisco, for a period of nine years served his native city with notable distinction and fidelity; and

Whereas, The said Alfred J. Cleary was an engineer of national reputation both in the private practice of his profession and in the service of San Francisco; and

Whereas, The people of San Francisco desire to commemorate in an official way the distinguished career of this beloved public servant; and

Whereas, Alfred J. Cleary was associated with the development and completion of many of the important engineering projects of San Francisco; and

Whereas, It is appropriate that the name of Alfred J. Cleary should be officially impressed upon one of such public projects as a lasting tribute to faithful and devoted service to San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors, mindful of the benefits

to the people of San Francisco resulting from the services of Alfred J. Cleary during a long and honorable official career, do officially designate a public street, thoroughfare, boulevard or some other of its public works or projects by the name of the first Chief Administrative Officer of San Francisco, Alfred J. Cleary.

**Limitations on Claims for Damages**

Supervisor Green presented:

**CHARTER AMENDMENT No. ....**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 87 thereof, relating to limitation on claims for damages.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the ..... election to be held on the ..... day of ....., a proposal to amend Section 87 of the Charter, relating to limitation on claims for damages, to read as follows:

**LIMITATION ON CLAIMS FOR DAMAGES**

Section 87. All claims for damages against the city and county must be presented in writing and filed with the Clerk of the Board of Supervisors within ninety days after the oc-

currence from which it is claimed the damages have arisen. Such claims must be verified by the oath of the claimant and must contain the name and address of the claimant, the date and place of the occurrence or injury for which damages are claimed, the nature and amount of said injuries or damages and the items making up said amount; otherwise there shall be no recovery on any such claim or by reason of the said occurrence for which damages are claimed.

The Clerk of the Board of Supervisors, upon receiving such claim for damages, shall forward same to the Controller for recordation and transmittal to the City Attorney.

All claims for damages against the San Francisco Unified School District must be presented and filed in accordance with and in the manner prescribed by the provisions of the general laws of the State of California and the School Code of the State of California.

#### **Report on Meeting of County Supervisors Association**

Supervisor Shannon reported briefly on the meeting of the County Supervisors Association, held in Sacramento, February 20, 1942, which he and Supervisor Green attended, and at which the question of "enemy aliens" was discussed.

Due to his splendid personality, his legislative experience, and the presentation he made before the Board of Directors of that association, Supervisor Shannon continued. Supervisor Green was unanimously elected as a Director of the County Supervisors Association.

Supervisor Shannon moved that the wives of Supervisors Green and MacPhee, who had been appointed to represent the Board of Supervisors at a meeting to be held in Washington, D. C., March 9 and 10, 1942, also be authorized to accompany their husbands to Washington.

Motion seconded by Supervisor Mead.

Supervisor Uhl questioned whether such proposal could be carried out legally.

The Chair stated that in his opinion it would be very unwise, and a precedent which the Board should not establish. He doubted, also, whether public funds could be used for such purpose.

Whereupon Supervisor Shannon suggested that the Board act on his motion, and then get an opinion from the City Attorney as to the legality thereof.

Supervisor Green thereupon expressed his thanks to Supervisors Shannon and Mead for the kindness and regard which prompted the motion, but stated that he, too, felt such act would be very unwise.

#### **Point of Order**

Supervisor Brown called attention to the opinion by the City Attorney regarding action by motion, resolution or ordinance, and raised the point of order that the proposed action could not be authorized by motion.

Chair ruled the point of order well taken, and declared the motion to be out of order.

### Notice of Budget Requests to be Presented

Supervisor Meyer announced that during budget consideration he intended to request an appropriation item of \$66,000 for Joint Highway District No. 9 be reinserted in the budget.

Supervisor Roncovieri announced that he intended to make a like request for Joint Highway District No. 10.

### Communications

Communications were presented, read by the Clerk, and acted on as noted:

Telegram from Maury Maverick, Chief, Governmental Requirements Bureau, notifying the Board of meeting of County Officials to be held in Washington, March 9 and 10, to consider county needs in relation to national and local civilian defense, and urging representation from San Francisco.

Supervisor Green reported that the subject of county needs in relation to civilian defense had been considered at the meeting of the County Supervisors Association, in Sacramento. He suggested that the Mayor be invited to the Chambers and give the Board the benefit of his views.

Subsequently during the proceedings, Mr. David Lewis, representing the Mayor, appeared in the Chambers and informed the Board that the Mayor was not contemplating sending anyone to Washington, since the Manager of Utilities is at present in Washington, and will remain there until after this meeting. He, Mr. Lewis, was making a schedule listing civilian defense requirements sent to the Mayor by each department. A copy of that list will be sent to Mr. Cahill.

The Chair, however, suggested that since the Board is charged with the responsibility of drawing up the budget and making appropriations, it should have first hand information on such matters, and, he believed, should have at least two representatives at the meeting. Those representatives, he thought, should be Supervisor Green, Chairman of the County, State and National Affairs Committee and Supervisor MacPhee, Chairman of the Finance Committee.

Whereupon, Supervisor Mead moved that arrangements be made to send a delegation, as suggested by the Chair, to Washington.

Supervisor Shannon agreed with the opinions expressed by the Chair. He reported, too, that the matter had been discussed at length, at the meeting in Sacramento, and that a number of California counties were sending delegations to Washington to look after their interests.

Thereupon, Supervisor Mead presented the following:

**President of the Board Requested to Appoint Committee of Two  
to Attend Meeting of County Officials to be held in Washington,  
D. C., March 9th and 10th, in Connection with Civilian Defense.**  
(Series of 1939)

Resolution No. \_\_\_\_\_, as follows:

Resolved, That the President of this Board be and is hereby authorized to appoint two members to attend the meeting of County Officials to be held in Washington, D. C., on March 9th and 10th in connection with national and local civilian defense.

*Adopted by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Appointment of Committee

Whereupon the Chair appointed Supervisors Green and MacPhee to represent the Board of Supervisors in Washington, pursuant to the foregoing Resolution.

From the Controller, transmitting copies of correspondence in connection with the Board's Resolution requesting the Mayor to make every

effort to obtain moneys necessary to provide auxiliary water supply system and additional fire department equipment for use in present emergency.

*Referred to the Finance Committee.*

From National War Labor Board, advising that the status of the San Francisco hotel strike is being studied by a representative of the War Labor Board.

*Ordered filed.*

From Building and Construction Trades Council, transmitting Resolution in connection with proposed acquisition by the Navy of a permanent Naval Section Base at Treasure Island.

*Referred to Public Utilities Committee.*

### ADJOURNMENT

There being no further business the Board, at the hour of 5:35 P. M., adjourned.

### Rezoning of Northeast Corner of California and Locust Streets

Appeal from decision of the City Planning Commission by its Resolution No. 2597 denying application to rezone from Second Residential District to Commercial District, property located at the northeasterly corner of California and Locust Streets.

### Discussion

Mr. George A. Connolly, Attorney, represented appellant, and urged that the decision of the City Planning Commission in denying the requested application for rezoning be not sustained.

Mr. Peter S. Reagan, 3408 California Street, also requested that the City Planning Commission be not sustained.

Mr. Mark Jorgenson, representing the City Planning Commission, explained to the Board the reasons which prompted the Commission's denial of the application for rezoning.

### Adopted

## UNFINISHED BUSINESS

### Final Passage

The following recommendation of the Finance Committee, heretofore Passed for Second Reading, was taken up:

### Optional Regulation and Licensing of Private Passenger Automobiles Used Commercially

(Series of 1939)

Bill No. 1585, Ordinance No. \_\_\_\_\_, as follows:

Amending Article 2, Part III, of the San Francisco Municipal Code, by adding thereto Section 107, providing for the optional regulation and licensing of private passenger automobiles used for commercial purposes; and providing for the issuance of permits by the Chief of Police.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1, Article 2, Part III, of the San Francisco Municipal Code, is hereby amended by adding thereto Section 107 to read as follows:

**SEC. 107. Private Passenger Automobiles Used for Commercial Purposes.** (a) **Definition and License Fee.** Every person, firm or corporation operating, running or driving any private passenger automobile on the public streets of the City and County of San Francisco, except vehicles provided for by Sections 1086 to 1111, inclusive, (Jitney Buses), Chapter VIII, Part II, of the San Francisco Municipal Code, and Section 128 (Public Passenger Vehicles), Part III, of said Code, and who use said private passenger automobile for the transportation of goods, wares, merchandise, materials or property of any kind for commercial purposes, and with such private passenger automobile receives or discharges, picks up or delivers any of the aforesaid articles or property at any point within said City and County, and who, in said operation of such automobile, is desirous of making use of the complete facilities provided by said City and County for commercial vehicles to load or unload said articles or property at designated curb parking zones marked yellow, shall, after securing a permit herein-after provided for, pay an annual license fee of Six (\$6.00) Dollars for each such automobile so used. Said license shall expire on the last day of the calendar year in which issued, and the fee therefor shall not be prorated or refunded.

(b) **Application for Permit.** Every person, firm or corporation desiring a permit as provided for in this Section shall first make written application to the Chief of Police on forms provided by the Police Department. Said application for a permit shall consist of information deemed relevant by the Chief of Police.

(c) **Investigation. Issuance or Denial of Permit.** Upon the receipt of said application as provided in this Section, the Chief of Police shall cause to be investigated the business of the applicant and the necessity of the permit applied for, and, after a hearing thereon, may issue said permit or, in the exercise of sound discretion, deny said permit. If the Chief of Police approves the granting of said permit he may issue a permit to said applicant, which permit shall be serially numbered and the renewal or continuance thereof shall be governed by the provisions of Section 23, Article I, Part III, of this Code.

(d) **Permit Forwarded to Tax Collector.** When any permit is issued under the provisions of this Section, the Chief of Police shall cause said permit to be forwarded to the office of the Tax Collector for delivery to the permittee upon the payment of the license fee hereinabove set forth.

(e) **Issuance of Identification Certificates.** The Tax Collector shall, upon receipt of the permit provided for in this Section and the payment of the license fee, issue to the permittee for each automobile authorized by said permit a serially numbered certificate of identification of such shape, design, wording and material as the Chief of Police and the Controller may agree upon. Said certificate of identification shall remain in full force and effect for such period of time as the license provided for in this Section is effective, and the Chief of Police shall cause said certificate of identification to be placed in a conspicuous and uniform place on each automobile for which the permit and license was obtained. Upon expiration or revocation of said permit or license said certificate of identification shall be removed from such automobile and destroyed.

(f) **Removal or Transferring of Certificate of Identification Prohibited.** Nothing in this Section shall permit the removing or transferring of the certificate of identification to any other automobile other than that for which the certificate of identification was originally issued.

Approved as to form by the City Attorney.

**Consideration Continued**

**Authorizing the City and County of San Francisco to Enter into an Agreement with the Housing Authority of the City and County of San Francisco Providing for the Payment to the City and County of San Francisco of Certain Sums for Services and Facilities Furnished by Said City and County for the Benefit of Said Housing Authority and in Lieu of Taxes.**

(Series of 1939)

Resolution No....., as follows:

Whereas, The Housing Authority of the City and County of San Francisco has acquired certain real property in the City and County of San Francisco and has constructed thereon certain low rent housing projects and is contemplating the construction of additional low rent housing projects on other parcels of property owned by said Housing Authority; and

Whereas, Under and pursuant to the laws of the State of California all property owned by said Housing Authority is exempt from taxes and special assessments; and

Whereas, It is provided in Section 5, Chapter II, Laws of California, Special Session, 1938, that any state public body may contract with a housing authority with respect to the sum or sums which said housing authority may agree to pay such state public body for the improvements, services and facilities to be furnished for the benefit of said housing authority; and

Whereas, Said Housing Authority of the City and County of San Francisco has submitted to the Board of Supervisors an agreement providing for the payment to the City and County of San Francisco for the improvements, services and facilities to be furnished for the benefit of said Housing Authority by said City and County and in lieu of taxes which are not levied against the property of said Housing Authority, of an annual amount equal to two and one-half (2½%) percent of the aggregate annual shelter rent collected by said Housing Authority from its several low rent housing projects during each year commencing with the calendar year 1943 and ending on November 29, 1950.

Now, Therefore, be it Resolved that the said agreement of said Housing Authority be, and the same is, hereby approved and the terms and conditions contained therein be hereby agreed to and the Mayor of the City and County of San Francisco and the Clerk of the Board of

Supervisors are hereby authorized to execute said agreement for and on behalf of the City and County of San Francisco.

Approved as to form by the City Attorney.

#### Discussion

Supervisor Uhl, Acting Chairman of the Finance Committee, explained the foregoing matter, pointing out that the proposed contribution "in lieu of taxes," was purely voluntary, and was not subject to bargaining. The Board of Supervisors has no control in the matter.

However, Supervisor Roncovieri moved that consideration be postponed until the Board could hear from the Assessor, and could ascertain how much the City and County would receive if the property were assessed and subject to taxation; also, how much the City and County will receive under this proposed  $2\frac{1}{2}\%$  contribution. Consideration should be postponed for one week.

Supervisor Meyer agreed with Supervisor Roncovieri. "If we accept this  $2\frac{1}{2}\%$ ," he said, "it seems that we are closing the door to something more later on."

Thereupon, Supervisor O'Gara requested that further consideration be postponed temporarily, and that Mr. Evers, of the Housing Authority, be sent for.

No objection, and so ordered.

Subsequently during the proceedings, Mr. Evers, of the Housing Authority, was present and he pointed out that the Housing Authority was limited by administrative action of the Federal Housing Authority.

Mr. William O'Brien, Attorney for the local Authority, explained in detail, the situation. The property of the Housing Authority is exempt from taxation by state statute. The City is obligated to supply, free of charge and taxes, the various public services. At the present time the Authority is not under obligation at all to pay anything to the City and County of San Francisco. Under the state law, the Authority is permitted to make payments to the City and County in lieu of taxes, but cannot pay an amount more than the actual cost of services given. The amount which the Authority can pay, and is offering to pay, has been fixed by the Federal Authority. That is  $2\frac{1}{2}\%$  of the shelter rent received by the Authority.

Mr. Errol Rosenthal, Cost Analyst, presented and read to the Board, an analysis of the proposal by the Housing Authority, which indicated that the City would receive some \$13,500 from the Housing Authority, in lieu of taxes, if the offer should be accepted.

Thereupon, Supervisor Meyer stated that he still believed further consideration should be postponed for one week, and he would so move.

Motion seconded by Supervisor Brown.

During the discussion on the motion for postponement, Supervisors Gallagher, O'Gara and Brown signified their intention to vote for postponement. Supervisor Brown, during his presentation to the Board, brought out the information that services being furnished by the City to the Housing Authority projects amounted to \$197,820, for which the Authority was promising to reimburse the City and County in the amount of \$13,000 to \$15,000.

Supervisor Uhl, however, pointed out that the time to have threshed this matter out was when it first came before the Board.

Mr. Evers, in further explanation of the proposal, and in answer to statements made, stated that the contribution by the Authority, approximately \$15,000, would be practically one-half the amount lost to the City by removing the property from the assessment rolls.

Supervisor Colman expressed his opposition to delay, stating that he could not see how any of the City's rights would be lost by accepting the Authority's contribution immediately.

**Further Consideration Postponed**

Thereupon, the roll was called and the motion for a week's postponement of action was

**Declaring That San Francisco Bay Exposition has Complied With Terms, Conditions and Requirements Specified in Lease Agreement Dated August 22, 1936, insofar as Agreement Provides for Removal from Treasure Island of all Temporary Improvements; and Authorizing Mayor to Execute and Deliver Receipts and Acquittances Necessary to Evidence the Effect of This Resolution.**

(Series of 1939)

Resolution No. 2474, as follows:

Whereas, the Public Utilities Commission, by its Resolution No. 4900 adopted at a meeting of said Commission held on the 2nd day of March, 1942, has declared that San Francisco Bay Exposition, a corporation, has complied with the terms, conditions and requirements specified in that certain lease agreement dated August 22, 1936, between the City and County of San Francisco and said San Francisco Bay Exposition and, in particular, insofar as said compliance relates to the removal from Treasure Island of all temporary improvements such as ferry slips and their appurtenances, temporary buildings, towers, arches and electrical supply systems but exclusive of what was designated in said lease as permanent improvements; and

Whereas, said San Francisco Bay Exposition, a corporation, has made application to have this Board of Supervisors declare that it has complied with all the terms and conditions of said agreement insofar as the same relates to the removal of temporary buildings and improvements; and

Whereas, It appears from said Resolution of said Public Utilities Commission that all of said conditions and agreements regarding the removal of said temporary buildings and other improvements have been complied with,

Now, Therefore, be it Resolved that this Board of Supervisors does hereby declare that said San Francisco Bay Exposition, a corporation, has complied with the terms, conditions and requirements specified in that certain lease agreement dated August 22, 1936 between the City and County of San Francisco and the said San Francisco Bay Exposition insofar as said agreement provides for the removal from Treasure Island of all temporary improvements such as ferry slips and their appurtenances, temporary buildings, towers, arches and electrical supply systems but exclusive of what in said lease agreement is designated as permanent improvements; and

Be it Further Resolved that the Mayor of the City and County of San Francisco be, and he is, hereby authorized to execute and deliver to said San Francisco Bay Exposition, a corporation, such receipts and acquittances as may be necessary to evidence the effect of this resolution; and

Be it Further Resolved that it is not the intention of this Resolution to release said San Francisco Bay Exposition from any liability which may rest upon said corporation by reason of the agreement dated December 7, 1937, between said San Francisco Bay Exposition, a corporation and the City and County of San Francisco relative to the repair, construction or demolition of roads on the property of the United States, which said roads lead to Treasure Island, or the repair, refilling or regrading of slopes, fills or cuts incident to said roads.

**Requesting Campaign for Strict Compliance with Ordinance  
Providing for Maintenance of Clean Streets  
(Series of 1939)**

Supervisor Meyer presented Resolution No. \_\_\_\_\_, as follows:

Whereas, One of the vital factors in the all-out efforts of this Nation against the Axis powers is the production and conservation of materials, and

Whereas, The dual purpose of maintaining our streets in a clean condition and salvaging such necessary items as paper, string, cord, rope, tin and tinfoil will be accomplished by compliance with Ordinance No. 641 (New Series) "Prohibiting Dirt or Rubbish from Being Deposited on Sidewalks or Streets, and Requiring the Cleaning of Sidewalks by Owners or Occupants of Property Fronting Thereon," and

Whereas, Faced with a shortage of rubber and tires, the deposit in streets of glass, tin, nails and other hard, sharp or penetrable materials is now a matter of grave concern, now, therefore, be it

Resolved, That the Civilian Defense Council and the Police Commission, for the conservation of necessary materials and for the maintenance of clean streets, be and they are hereby requested to take such steps, educational and otherwise, as will effect a strict compliance with Ordinance No. 641 (New Series) and the salvage of materials necessary in the conduct of the war.

**Amending Ordinance No. 641 (New Series) entitled "Prohibiting Dirt or Rubbish from Being Deposited on Sidewalks or Streets, and Requiring the Cleaning of Sidewalks by Owners or Occupants of Property Fronting Thereon," by Amending Section 1 Thereof, Prohibiting the Deposit of Dirt, Rubbish, etc., on Sidewalks or Streets.**

(Series of 1939)

Supervisor Meyer presented Bill No. \_\_\_\_\_, Ordinance No. \_\_\_\_\_, as follows:

Amending Ordinance No. 641 (New Series) entitled "Prohibiting Dirt or Rubbish from Being Deposited on Sidewalks or Streets, and Requiring the Cleaning of Sidewalks by Owners or Occupants of Property Fronting Thereon," by amending Section 1 thereof, prohibiting the deposit of dirt, rubbish, etc. on sidewalks or streets.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 641, the title of which is recited above is hereby amended to read as follows:

Section 1. It shall be unlawful for any person or persons to *put, place, sweep, throw, brush or in any other manner deposit* any rubbish, paper, cards, newspaper, wrapping or wrapping paper, container of any kind, string, cord, rope or other base or base material, sweepings, dirt or debris or discarded material of any kind or character upon any sidewalk, street, alley, gutterway or other public place in the City and County of San Francisco.

**Mayor Requested to Call Meeting of Citizens Committee for the Purpose of Organization of the San Francisco Home Guard**

(Series of 1939)

Supervisor Brown presented Resolution No. ...., as follows:

Whereas, It is generally recognized that in the event of the invasion of the Pacific Coast, it is probable San Francisco will be among the first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vulnerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized to take care of non-combatant types of resistance to attack, no provision has thus far been made to augment with local effort the combatant forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and will be non-qualified through disability, age, or other basis for deferment, to become members of the military forces of the United States; and

Whereas, Such non-qualified citizens are nonetheless capable of taking part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily endorse the creation of a Home Guard for San Francisco, said Home Guard to be made up entirely of San Francisco residents and citizens, who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

**Instructing Clerk to Inform Boards of Supervisors of all Counties in Northern and Central California of San Francisco's Desire to be of Assistance in the War Effort for the Common Good.**

(Series of 1939)

Supervisor Colman presented Resolution No. 2488, as follows:

Whereas, An acute farm labor shortage is said to confront California agriculture this summer, due to inductions into the armed services, defense work and evacuation of aliens, and

Whereas, A waste of food due to failure to harvest all crops would be inimical to the nation's war effort, civilian health and the economic welfare of the California farmers, and

Whereas, Farm leaders believe that after all other sources of farm labor are exhausted, students, vacationers and other available city workers may have to be relied on to help farmers harvest their crops, and

Whereas, San Francisco recognizes an obligation to assist and serve its agricultural neighbors in Northern and Central California for mutual prosperity, and an evidence of such recognition has created in the city and county government a Regional Service Committee, now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby instruct its Clerk to inform the Boards of Supervisors of all counties in Northern and Central California of this city's desire to be of assistance in this situation for the common good, and that such Boards of Supervisors be requested to send this Board such information and suggestions as will enable San Francisco to be of maximum helpfulness, and, be it

Further Resolved, That a copy of this Resolution be sent to each

of these Boards of Supervisors as evidence of the desire of San Francisco to aid in assuring the harvest so vital to the success of this nation's war effort.

*Adopted by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Absent: Supervisors Green, MacPhee—2.

**Endorsing Policy of Placing per diem Workers on Monthly Basis  
(Series of 1939)**

The Clerk presented, for Supervisor MacPhee, Resolution No. .... as follows:

Whereas, For some time past there have been various meetings and conferences among the employees of the City and County of San Francisco working under the jurisdiction of the Department of Public Works whose compensation is fixed on a per diem basis, which conferences were held for the purpose of providing overtime compensation for said employees during the present fiscal year; and

Whereas, Said employees agreed that if they were compensated at overtime rates for the present fiscal year, they would be willing to have the method of compensation changed from a per diem basis to a monthly salary commencing July 1, 1942, said monthly compensation to be based in accordance with the provisions of Section 151 of the Charter, and that when said compensation was so fixed on a monthly salary no claim would be made for compensation for overtime provided that equal time off would be allowed for overtime served; and

Whereas, It appears to this Board of Supervisors that it is for the benefit of the City and County of San Francisco and for the betterment of the several departments in which said employees are employed that the method of said employment be changed from a per diem basis to a monthly salary commencing July 1, 1942, the said monthly compensation of said employees to be determined as provided in Section 151 of the Charter; now, therefore, be it

Resolved, That the Board of Supervisors does hereby declare itself to be in favor of placing said employees hereinabove mentioned on monthly salary for the fiscal year commencing July 1, 1942, said monthly salary to be computed as set forth in Section 151 of the Charter.

**Requesting Report of Activities of Manager of Utilities, in  
Washington, D. C.**

Supervisor Gallagher requested that Mr. David Lewis, Administrative Assistant to the Mayor, be requested to furnish to the Board, at its meeting on March 16, 1942, a report as to Mr. E. G. Cahill's activities and accomplishments in Washington, D. C.

**Safeguarding Public Records and Documents**

Supervisor Shannon, after reminding the Board of the confusion, inconvenience, and great expense caused by destruction of public records and documents by the disaster of 1906, moved that the Recorder, the Assessor, the County Clerk, the Director of Public Health, the Controller, and other officials of the City and County charged with the custody of public records and documents, be requested to give to the Board a report as to what is being done to safeguard said records and documents, and if steps are being taken to procure duplicates of same; said report to include, if possible, an estimate of the cost of duplication.

*No objection and so ordered.*

**Reduction of Sidewalk Widths, Stockton Street**

Supervisor Uhl requested that the Director of Public Works be re-

quested to report to the Board as to the desirability of reducing sidewalk widths on Stockton Street, northerly from Sacramento Street.

*No objection and so ordered.*

#### **Commending Shipyard Employees**

Supervisor Uhl, seconded by Supervisor Shannon, moved that the Clerk address a letter of commendation to the representatives of labor in San Francisco for the offer of shipyard employees to work one Sunday without pay in the interest of furthering the war effort.

*No objection and so ordered.*

#### **Communications**

Communications were presented, read by the Clerk, and acted on as noted:

and expenses of the work on or improvement of Waterville Street,  
between Thornton Avenue and a point 500 feet northerly, by grading,  
paving, etc., by Chas. L. Harney, as described in Declaration of Inten-  
tion, Order No. 15,625, of April 4, 1941.

No protests having been made, the assessment was confirmed and the  
Clerk was directed so to notify the Director of Public Works.

## **SPECIAL ORDER—3:00 P. M.**

### **Adopted**

The following recommendation of the Finance Committee was taken  
up:

**Authorizing the City and County of San Francisco to Enter into an  
Agreement with the Housing Authority of the City and County of  
San Francisco Providing for the Payment to the City and County  
of San Francisco of Certain Sums for Services and Facilities  
Furnished by Said City and County for the Benefit of Said Housing  
Authority and in Lieu of Taxes.**

(Series of 1939)

Resolution No. 2491, as follows:

Whereas, The Housing Authority of the City and County of San  
Francisco has acquired certain real property in the City and County  
of San Francisco and has constructed thereon certain low rent housing  
projects and is contemplating the construction of additional low rent

housing projects on other parcels of property owned by said Housing Authority; and

Whereas, Under and pursuant to the laws of the State of California all property owned by said Housing Authority is exempt from taxes and special assessments; and

Whereas, It is provided in Section 5, Chapter II, Laws of California, Special Session, 1938, that any state public body may contract with a housing authority with respect to the sum or sums which said housing authority may agree to pay such state public body for the improvements, services and facilities to be furnished for the benefit of said housing authority; and

Whereas, Said Housing Authority of the City and County of San Francisco has submitted to the Board of Supervisors an agreement providing for the payment to the City and County of San Francisco for the improvements, services and facilities to be furnished for the benefit of said Housing Authority by said City and County and in lieu of taxes which are not levied against the property of said Housing Authority, of an annual amount equal to two and one-half (2½%) percent of the aggregate annual shelter rent collected by said Housing Authority from its several low rent housing projects during each year commencing with the calendar year 1943 and ending on November 29, 1950.

Now, Therefore, be it Resolved that the said agreement of said Housing Authority be, and the same is, hereby approved and the terms and conditions contained therein be hereby agreed to and the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors are hereby authorized to execute said agreement for and on behalf of the City and County of San Francisco.

Approved as to form by the City Attorney.

March 9, 1942—*Consideration continued until March 16, 1942.*

#### Discussion

Mr. Evers, of the San Francisco Housing Authority, in reply to questioning by Supervisor O'Gara, during the discussion of the foregoing Resolution, stated that there were at present 19% vacancies in the various housing projects, but it is expected that within six weeks there will be no vacancies.

Supervisor Roncovieri announced that he would vote to accept the payment offered by the Housing Authority, in lieu of taxes, although he was convinced that because of the increased income which tenants of the project were permitted to enjoy, private property owners were faced with most unfair competition.

Supervisor Brown, in explanation of his vote, stated that he was opposed to any extension of the low cost housing program in San Francisco, because it is evident, from discussion already had, that the projects are now competing with privately owned property. However, the matter before the Board is the acceptance of proposed payments in lieu of taxes, and there is no alternative except to vote for that acceptance. His attitude toward the Housing Authority program has not changed, though.

Thereupon, the roll was called and the foregoing Resolution was

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Mead, O'Gara, Roncovieri, Shannon, Uhl—9.

No: Supervisor Meyer—1.

Absent: Supervisor MacPhee—1.

#### UNFINISHED BUSINESS

##### Final Passage

The following recommendation of the Education, Parks and Recreation Committee, heretofore Passed for Second Reading, was taken up:

**Requiring All Those Officials, Boards, Commissions and Departments of the City and County of San Francisco, Who or Which Publish an Annual Report to File at Least Two Copies Thereof With the San Francisco Public Library.**

(Series of 1939)

Bill No. 1600, Ordinance No. 1542, as follows:

Requiring all those officials, boards, commissions and departments of the City and County of San Francisco, who or which publish an annual report, to file at least two copies thereof with the San Francisco Public Library.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of every official, board, commission or department, who or which publishes an annual report, relative to the affairs under his or its control or related to his or its functions, to file at least two copies thereof with the Librarian of the San Francisco Public Library within ten days after publication of each such report.

Section 2. The report required to be filed pursuant to the provisions of this ordinance shall be made available by the Librarian for reference thereto by the public.

Approved as to form by the City Attorney.

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor MacPhee—1.

The following recommendations of the Finance Committee were taken up:

**Authorizing Lease of Property at Southeast Corner of Fifth and Market Streets, San Francisco**

(Series of 1939)

Bill No. 1586, Ordinance No. ...., as follows:

Authorizing lease of property at southeast corner of Fifth and Market Streets, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter of the City and County of San Francisco, and in accordance with the recommendation of the Board of Education, the Director of Property is hereby authorized and directed to arrange for leasing to the highest responsible bidder at the highest monthly rental the following described real property situated in the City and County of San Francisco, State of California:

Commencing at the point of intersection of the southeasterly line of Market Street with the northeasterly line of Fifth Street; running thence southeasterly along the northeasterly line of Fifth Street 275 feet to a point distant thereon 75 feet northwesterly from the northwesterly line of Jessie Street; thence at right angles northeasterly and parallel with said northwesterly line of Jessie Street, 275 feet; thence at right angles northwesterly 275 feet to a point on the southeasterly line of Market Street; thence at right angles southwesterly along last named line 275 feet to the point of commencement.

Being Lot No. 128 in One Hundred Vara Block No. 371.

Together with the improvements thereon.

Section 2. The lease shall be for a period of ten years or more but not exceeding twenty years, beginning July 1, 1943, at a minimum rental of \$17,500.00 per month, subject to the provisions of this ordinance and to the terms and conditions set forth in the proposed lease on file in the office of the Director of Property, Room 375, City Hall, San

Francisco, California, and in the office of the Board of Education, 93 Grove Street, Civic Auditorium, San Francisco, California. The Lessee shall not assign the lease without written permission from the Board of Supervisors, otherwise any assignment or attempted assignment by the Lessee, either voluntary or involuntary, shall be void at the option of the Lessors. The Lessee may sub-let the property.

Section 3. The Director of Property shall advertise in the official newspaper the time and place of receiving sealed proposals and oral bids to lease said property, which place shall be the regular place of meeting of the Board of Education in the room on the fourth floor of the Civic Auditorium, San Francisco, California.

Section 4. Upon a call for oral bidding any responsible person shall have the right to offer to lease said property upon the terms and conditions specified in this ordinance, for a price or rental exceeding by at least five per cent the highest of said written proposals; provided, however, that such person shall have first complied with the provisions of Section 5 hereof.

Section 5. All bidders will be required to deposit a certified check or bank cashier's check in the sum of \$50,000.00, payable to the Treasurer of the City and County of San Francisco, with their proposals and/or bids as evidence of good faith and responsibility. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear, and one single deposit shall suffice for both. The deposits of unsuccessful bidders will be returned to them immediately after the closing of bidding. The deposit of the highest responsible bidder will be held by the Lessors to guarantee execution of the lease by the Lessee. Within ten days after the closing of bidding the highest responsible bidder may place substitute cash or approved securities in the sum of \$50,000.00 in escrow with a national bank in San Francisco, whereupon the Lessors shall refund the original deposit of \$50,000.00 to such bidder. Any interest on such deposit placed in escrow as aforesaid shall be paid to the highest responsible bidder. Said deposit of \$50,000.00 shall be returned to the Lessees upon execution of the lease and acceptance by the Lessors of the cash, bonds or other securities referred to in Section 6 hereof; provided, however, that the Board of Supervisors may declare by resolution such deposit of \$50,000.00 the property of the Lessors as liquidated damages in the event that the Lessee does not execute the lease and comply with the provisions of Sections 6 and 7 of this ordinance within thirty days after presentation of the lease to the Lessee for his signature. Within thirty days after the effective date of the resolutions awarding the lease the Lessors shall present the lease to the Lessee for his signature. Within thirty days after receipt by the Lessors of the lease signed by the Lessee, the Lessors shall execute the same. The lease shall be considered executed when it has been signed by all parties.

Section 6. Upon execution of the lease by the Lessee, the Lessee shall furnish to the Lessors and maintain throughout the term of the lease satisfactory bonds or other satisfactory securities or cash in the sum of \$100,000.00, to guarantee taking possession of the premises on July 1, 1943, payment of rental and faithful performance of the conditions of the lease by the Lessee, which shall be returned to the Lessee if said Lessee shall have fully and faithfully performed all of the terms and conditions of the lease. Any interest or dividends on such deposit of \$100,000.00 shall be paid to the Lessee. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear and one single deposit of \$100,000.00 shall suffice for both.

Section 7. All bonds or securities required to be furnished under this ordinance shall be subject to approval by the Treasurer of the City and County of San Francisco.

Section 8. The lease will be awarded to the highest responsible

bidder at the highest monthly rental subject to the provisions hereof, provided, however, that any and all proposals and bids may be rejected and said real property may be withdrawn from lease. No commissions will be paid for obtaining any proposals or bids to lease said property.

Section 9. The proposed form of lease now on file as aforesaid shall govern in any and all events notwithstanding procedural or other inconsistencies.

Approved by the Director of Property.

Recommended by the Board of Education.

Approved as to form by the City Attorney.

Approved as to form by the Administrative Adviser, Legal Department of the Board of Education.

*February 24, 1942—Re-referred to Finance Committee.*

### Amendment Proposed

Supervisor Roncovieri moved that the foregoing Bill be amended by striking out the amount "\$17,500." in the third line of Section 2, and inserting in lieu thereof, the amount "\$25,000."

Motion seconded by Supervisor Mead, who stated, however, that his second was merely to get the matter before the Board, as he did not intend to vote for the amendment.

In discussing his motion, Supervisor Roncovieri held that this is no time to rent the property at Fifth and Market Streets. The rent or lease of the property is not the responsibility of the Board of Supervisors. The Board claims authority over the property. That being so, and the courts already having decided that the property is under the authority of the Board of Education, the Board of Supervisors should not, in any way, take part in approval of any lease at this time. The power to rent being in the Board of Education, Supervisor Roncovieri insisted that the responsibility for renting the property should lie there also. Under the present war conditions, Supervisor Roncovieri continued, the rentals will be low compared with what they will be in the future. The property should not be leased at all until the war is over.

Supervisor Roncovieri objected, also, to the minimum amount of \$17,500 fixed in the lease proposal. This recommended minimum amount of \$17,500 is not consistent with Mr. Phillips' statement that he will not approve any lease proposing to pay only that amount. For that reason he had moved to increase this minimum amount from \$17,500 to \$25,000, but if the proposed \$25,000 is too much, he would desire Mr. Phillips to state what would be the minimum amount that he would approve.

Mr. Joseph J. Phillips, Director of Property, objected to the proposed amendment. The law requires a minimum amount to be set forth in the proposal to lease the property. It was the Board of Education, though, not he, who had prescribed that amount of \$17,500.

### Motion Defeated

Thereupon, the roll was called and the motion to amend was defeated by the following vote:

Aye: Supervisor Roncovieri—1.

Noes: Supervisors Brown, Colman, Gallagher, Green, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisor MacPhee—1.

Thereupon, Supervisor Uhl proposed, as an amendment, that in Section 8, at the end of the third line, after the words "may be rejected," there be inserted the words "by either the Board of Education or the Board of Supervisors."

Mr. Phillips, in discussing the proposed amendment, announced that, although he could see no reason for the amendment, his only objection

would be that it would require an additional delay of two weeks before the matter could again come up for final passage.

Thereupon, in further discussion of the proposal to lease the property, Supervisor Uhl objected to the proposed "master" lease. The city itself, should rent the property to the various tenants.

Whereupon, the Director of Property objected, because of the expense and the time involved under such procedure. If such procedure were followed, leases for each individual tenant would take from 60 to 90 days to become final.

#### Postponement Defeated

Supervisor Uhl, moved that further consideration be postponed for one week.

Motion seconded by Supervisor Roncovieri.

The roll was called and the motion was defeated by the following vote:

Ayes: Supervisors Green, Mead, O'Gara, Roncovieri, Uhl—5.

Noes: Supervisors Brown, Colman, Gallagher, Meyer, Shannon—5

Absent: Supervisor MacPhee—1.

#### Final Passage

Whereupon, the roll was again called and the foregoing Bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Shannon—7.

Noes: Supervisors Mead, Roncovieri, Uhl—3.

Absent: Supervisor MacPhee—1.

#### Motion to Reconsider

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from "No" to "Aye" and moved for reconsideration at the next meeting of the Board.

Motion seconded by Supervisor Mead.

The vote then stood:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Shannon, Uhl—8.

Noes: Supervisors Mead, Roncovieri—2.

Absent: Supervisor MacPhee—1.

### Consideration Continued

**Amending Section 1 of Ordinance No. 1204, Commonly Known as the Annual Salary Ordinance, by Providing in said Section 1 that Whenever a Vacancy Exists in a Permanent Position set Forth in said Ordinance, the Civil Service Commission shall be Notified and said Position shall not be Filled until the Civil Service Commission shall Have Made an Investigation and a Report to the Mayor as to the Necessity of said Position, and the Mayor has Approved a Requisition for the Filling of said Position.**

(Series of 1939)

Bill No. 1601, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requi-

sition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

*The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or a vacancy occurring in any such position. Appointing officers shall not make appointments to any vacancy in a permanent position until the Civil Service Commission shall investigate and report to the Board of Supervisors and to the Mayor on the necessity of such position, which said report shall be made within thirty days after said Civil Service Commission is notified of said vacancy; and during the period of said investigation a temporary appointment may be made. The Mayor may fill or refuse to fill said position as he shall see fit.*

**N. B.—Not in proper form. Substitute to be submitted.**

Supervisor Uhl noted the last sentence in the Bill, as presented, objected thereto, and suggested an amendment, to insert after the words "The Mayor" the words "or the Board of Supervisors."

The Clerk, however, called attention to the omission of an important portion of the original Section 1, of the Annual Salary Ordinance, and presented the following substitute, which, he pointed out, would require Passage for Second Reading, anew:

**Mayor to Approve the Filling of Positions Vacated in Civil Service  
(Series of 1939)**

Bill No. 1601, Ordinance No. \_\_\_\_\_, as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requi-

sition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. *Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy.* The requisition for such service shall first be filed with the Civil Service Commission, and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller, and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1941-42 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

Thereupon, on motion by Supervisor O'Gara, seconded by Supervisor Mead, consideration was postponed until Monday, March 23, 1942.

#### Final Passage

### State Guard for Public Utilities Property; an Emergency Ordinance (Series of 1939)

Bill No. 1613, Ordinance No. 1544, as follows:

Authorizing the Public Utilities Commission to contract with the Adjutant General of the State of California for services from the State Guard in guarding property under the jurisdiction of said Public Utilities Commission and to agree with said Adjutant General for the cost of sustenance and medical care for said State Guard and to provide certain equipment and housing for said guard. An emergency ordinance.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The Public Utilities Commission is hereby authorized to enter into an agreement with the Adjutant General of the State of California to obtain the services of the State Guard for the purpose of guarding the properties under the jurisdiction of said Public Utilities Commission and to contribute to the sustenance and medical care of said State Guard and to agree with said Adjutant General as to the amount thereof and to furnish certain equipment and housing to enable said State Guard to guard said properties out of such funds as may be from time to time appropriated or set aside for said purpose.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That the properties of the Hetch Hetchy Project and of the San Francisco Water Department under the jurisdiction of the Public

Utilities Commission may become the object of sabotage and damaged or destroyed and this ordinance is necessary for the immediate preservation of the public property of the City and County of San Francisco and for the health and safety of the people of said City and County.

Approved as to form by the City Attorney.

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Mead, Meyer, O'Gara, Roncovieri, Shammon, Uhl—10.

Absent: Supervisor MacPhee—1.

### Tabled

The following recommendation of the Joint Public Utilities and Finance Committee was taken up:

Present: Supervisors Brown, MacPhee, Mead, Meyer, Roncovieri and Uhl.

**Requesting Mayor to Appoint Committee to Confer with Federal Officials and Report to the Board of Supervisors Regarding Arrangements for Sale of Hetch Hetchy Power to War Industries.**  
(Series of 1939)

Resolution No. , as follows:

Whereas, The Public Lands Committee of the House of Representatives has refused to recommend passage of the Rolph Bill to amend the Raker Act; and

Whereas, The Secretary of the Interior has suggested that San Francisco request the Federal Government to establish essential war industries in Northern California at locations adjacent to the Hetch Hetchy power line, so that these war industries could utilize the output of the Moccasin Creek power house and enable San Francisco to enjoy a proper revenue from its municipally owned power project, and at the same time comply with the provisions of the Raker Act; and

Whereas, It is extremely important that immediate steps be taken by the government of San Francisco to explore the possibilities of such an arrangement so that San Francisco may not be deprived of its income from Hetch Hetchy power; and

Whereas, The President of the United States has publicly stated in a letter to the Chairman of House Public Lands Committee that he believed a satisfactory plan for the disposition of Hetch Hetchy power could be worked out without amending the Raker Act; now, therefore, be it

Resolved, That his Honor, the Mayor, is hereby requested to appoint a committee to confer with officials of the Federal Government and report to this Board of Supervisors at the earliest possible time what arrangements can be made for the sale of the power to such war industries.

*February 24, 1942—Consideration continued until March 2, 1942.*

*March 2, 1942—Consideration continued until March 16, 1942.*

In view of the imminent solution of the problem of disposition of Hetch Hetchy Power, and on motion by Supervisor Brown, the foregoing Resolution was tabled.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Requesting Honorable Angelo J. Rossi, Mayor, to Set Aside the Week of May 11 to 17 for the Third Annual Observance of American Citizenship Week, and That he Appoint a Committee for the Proper Observance of Said Week.

(Series of 1939)

Supervisor Colman presented Resolution No. 2495, as follows:

Whereas, The responsibilities of American citizenship had been heightened and multiplied by the war in which our nation is now engaged; and

Whereas, The unity of the American people and their common faith in American democratic liberties are vital, more now than ever before, to the successful and victorious conduct of our war effort; and

Whereas, Past observances of American Citizenship Week have provided a dramatic opportunity whereby Americans of every race, creed and color could renew their dedication to the blessings of American democracy; strengthen their unity against the enemy who would divide us along lines of race or creed or origin; now, therefore, be it

Resolved, That the Board of Supervisors requests Honorable Angelo J. Rossi, Mayor of San Francisco, to set aside the week of May 11 to 17 for the third annual observance of American Citizenship Week, to culminate on Sunday, May 17 in the observance of "I am an American Day"; and be it

Further Resolved, That a committee of citizens be named to undertake preparations for the observance of American Citizenship Week in order that it may be made a more effective and more widespread

demonstration of the determination of our citizens to protect against all enemies their American heritage.

**Urging Governor Culbert L. Olson or Mayor Angelo J. Rossi to Secure Additional Protection for the Golden Gate and the San Francisco Bay Bridge.**

(Series of 1939)

Supervisor O'Gara presented Resolution No. .... as follows:

Whereas, The San Francisco-Oakland Bay Bridge was constructed at a cost of \$75,000,000 and the Golden Gate Bridge at a cost of \$35,000,000; and

Whereas, The City and County of San Francisco would be financially liable for 85% of a total loss of the Golden Gate Bridge; and

Whereas, Demolition or damage to either bridge would be a severe military blow and would cripple civilian defense and evacuation activities in the event of an enemy air or sea attack on San Francisco or the Bay Area; and

Whereas, Both bridges are in imminent danger of sabotage of Fifth Column attack; and

Whereas, Both bridges are now inadequately guarded; now, therefore, be it

Resolved, That this Board of Supervisors respectfully urges the Honorable Culbert L. Olson, Governor of California, to take immediate steps to reinforce the guards and police forces on both the Golden Gate and the San Francisco-Oakland Bay Bridge by detailing additional state guardsmen to each bridge; and, be it

Further Resolved, That if the State of California cannot or will not immediately provide the necessary additional protection for said bridges the Mayor of the City and County of San Francisco endeavor to secure such protection from the California Toll Bridge Authority and the Golden Gate Bridge and Highway District or, if that fails, to provide such protection by the police or civilian defense forces of San Francisco; and, be it

Further Resolved, That a copy of this Resolution be sent to Lt. General John L. DeWitt commanding officer of the 4th Army of the United States, to Honorable Culbert L. Olson, Governor of the State of California, to General J. E. Donovan, commander of the State Guard, to Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, to Chief Charles W. Dullea, Co-ordinator of the Civilian Defense, to the Directors of the California Toll Bridge Authority and to the Golden Gate Bridge and Highway District.

Absent: Supervisor MacPhee—1.

**Requesting Consideration of Proposed Bus Route  
(Series of 1939)**

Supervisor Uhl presented Resolution No. ...., as follows:

Whereas, An improvement in traffic transportation is immediately possible, and

Whereas, Mr. Goodrich, Consultant of the City Planning Commission, approves one-way streets for Bush and Pine, and

Whereas, Bush and Pine Streets are important arteries extending from Battery and Market (temporarily via Presidio Avenue and California Streets to 33rd Avenue), and

Whereas, It is desirable that bus transportation should, at the earliest possible date be provided as follows:

From the Ferry to California Street and 33rd Avenue route as follows:

From California and 33rd Avenue via California, Presidio Avenue, east on Bush to the Ferry, returning via Pine, Presidio Avenue, California to 33rd Avenue, and

Whereas, Many persons will patronize buses if express service at peak hours is provided, and

Whereas, Express service will cut the time from the eastern terminal of said bus by one-half, and

Whereas, Express service on the foregoing bus routes will result in persons residing adjacent to said bus routes, to leave the auto at home, thereby relieving present congestion, and

Whereas, In event that the master plan proposes some other bus route, it merely requires rerouting said buses, and

Whereas, Twenty-five 36-passenger buses costing approximately \$250,000, are necessary to provide on Bush and Pine Streets the desirable express service with the 2½ minute headway at peak hours, and

Whereas, \$250,000 is available in the Municipal Railway surplus funds for the purchase of twenty-five 36-passenger buses; now, therefore, be it

Resolved, That the Public Utilities Commission be requested to give immediate consideration to the foregoing bus route and report at the earliest possible date the Commission's findings in the matter.

**Commending Dinwiddie Construction Company and Labor for Their Efficiency in Completing Defense Structures on Treasure Island.**

(Series of 1939)

Supervisor Mead presented Resolution No. 2497, as follows:

Whereas, Sunday, March 15, 1942, saw the dedication of Treasure Island as one of the major bulwarks of defense on the Pacific Coast; and

Whereas, The speed with which the defense structures thereon were completed by the Dinwiddie Construction Company sets a national mark for efficiency and skill throughout the Nation; and

Whereas, The short time in which it took to do the work allotted to it marks the Dinwiddie Construction Company and its personnel as "top flight" in their chosen field of endeavor; and

Whereas, As a further mark of appreciation and honor the United States Navy has awarded the Dinwiddie Construction Company and its men the coveted Navy "E"; now, therefore, be it

Resolved, That the Dinwiddie Construction Company, the members of its personnel, the craftsmen of all branches of Labor engaged in this important defense project, and the Naval Attaches attendant thereto, be tendered this expression of the gratitude of the friends of Labor numbered among the Supervisors of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to tender the Dinwiddie Construction Company, Labor in all the branches affected, and the Military, a copy of this Resolution as an expression of the sentiments of the Board of Supervisors and as an undying token of the esteem in which they are held by all true San Franciscans.

**Proposed Defense Bond Issues**

The following communication was received and read by the Clerk:

OFFICE OF THE MAYOR  
San Francisco

March 16, 1942.

Honorable Board of Supervisors,  
City Hall, San Francisco.

Dear Supervisors:

At a meeting held this morning the San Francisco Civilian Defense Council passed a resolution requesting that the Board of Supervisors submit to the people, at the earliest possible date, two propositions to incur a bonded indebtedness—one for three million dollars to acquire the necessary fire fighting equipment to meet the necessities of San Francisco in the present emergency; and the other for one million

two hundred fifty thousand dollars to construct an auxiliary pumping plant, pumps and pipe lines at Lake Merced for the purpose of providing an auxiliary water supply for San Francisco to be used if the regular system should be damaged or destroyed.

At my request the City Attorney has prepared the necessary preliminary resolutions to initiate both of these bond issues and I herewith enclose you said resolutions in duplicate. I also enclose a breakdown of the several items which will aggregate three million dollars for fire fighting equipment.

It is needless for me to direct your attention to the importance of both of these propositions. I feel that to burden the tax payers at this time with an increase in their tax rate for the coming year to raise the three million dollars for fire fighting equipment would be both unwise and unfair in view of the many other burdens they have upon them, especially in view of the fact that much of this equipment is of a permanent character and can be used even after the termination of the present emergency.

As to the issue for the auxiliary pumping plant at Lake Merced, I believe this to be absolutely necessary for the protection of the city for if anything should happen to the water supply from the lakes in San Mateo County or to the pipe lines leading therefrom to the city, we might during this emergency find the situation of 1906 repeated. This expenditure is in the nature of a capital expenditure and under the provisions of Section 74 of the Charter should be financed by a bond issue rather than by taxes, even if we felt it possible at this time to increase the tax rate by this amount.

Both of these matters have received the very careful consideration of not only the San Francisco Civilian Defense Council but also of the Executive Committee and the Advisory Committee of that Council. I recommend the adoption of the enclosed resolutions and that the subsequent legislation necessary to submit these bond issues to the people be enacted without delay.

Very truly yours,

ANGELO J. ROSSI,

Encl.

Mayor.

#### Detailed Break-Down of Proposed Bond Requirements

March 16, 1942.

San Francisco Civilian Defense Council,  
San Francisco, California.

Gentlemen:

The Advisory Committee of the San Francisco Civilian Defense Council recommends that, in order to provide funds for facilities and equipment for fire protection, a bond issue or issues be arranged to provide the City and County of San Francisco with approximately \$4,250,000.00.

This Committee recommends that \$1,250,000.00 of this sum be used for the construction of a pumping plant and pipe line to make available the water of Lake Merced as a standby water supply.

The Committee further recommends that \$3,000,000.00 of the above sum be used for fire equipment, which could properly be expended as follows:

190 Trucks for Pumpers.....	\$ 285,000.00
356 Pumpers complete with Trucks.....	1,281,600.00
156 Auxiliary Houses for Pumpers.....	234,000.00
5 Battery Trucks.....	67,500.00
3 Reserve Trucks.....	22,500.00
11 High Pressure Valve Closing Units.....	38,500.00
50 Reducing Valves.....	17,000.00

600 3" x 3" Siamese Connectors.....	36,000.00
Air Raid Wardens' First Aid Kits and Belts.....	125,000.00
11 Control Cars.....	16,500.00
4 Canteen Units.....	6,000.00
Radio Equipment.....	118,400.00
Pumping Engines, Tractors and Trucks.....	90,000.00
Hose .....	40,000.00
Motorcycles .....	65,000.00
Air Raid Warden Equipment.....	320,000.00
Reserve for Emergency Equipment.....	237,000.00
	\$3,000,000.00

It should be noted that in addition to their value as war time protection, the facilities and equipment will be of lasting value as a protection against a great conflagration which could occur in peace time should several fires start at the same time in the residential section during a heavy wind storm. This has always been a menace to San Francisco. In addition, the standby service from Lake Merced would be a protection in case of an earthquake wrecking the conduit from Crystal Springs Lakes.

Respectfully submitted,

ADVISORY BOARD,  
SAN FRANCISCO CIVILIAN  
DEFENSE COUNCIL.

By (Signed) JOHN R. CAHILL,

Chairman.

**Determining and Declaring that Public Interest and Necessity Demand the Improvement of Present Waterworks System in an Amount of \$1,250,000.**

(Series of 1939)

Resolution No. ...., as follows:

Resolution determining that the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of the City and County of San Francisco, to-wit: improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way, equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco the cost of which said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. That the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of said city and county, to wit: Improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco.

Section 2. That said improvement is necessary and convenient to carry out the objects, purposes and powers of said City and County.

Section 3. That the estimated cost of said municipal improvement is \$1,250,000, and that the cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 4. That the existence of war between the United States of America and the Axis Powers renders it imperative that said improvement be forthwith acquired and that a bonded indebtedness for that purpose be incurred therefor.

Section 5. This resolution shall take effect immediately.

From Thos. A. Toomey, Recorder, in reply to inquiry by Supervisor Shannon, report on steps taken to safeguard public documents, as set forth in correspondence on the subject, as follows:

RECORDER'S OFFICE

March 11, 1942.

Honorable Thomas A. Brooks,  
Chief Administrative Officer,  
City and County of San Francisco.

Dear Mr. Brooks:

Pursuant to the motion made by Supervisor Warren Shannon at the Board of Supervisors' session on Monday, March 9th, requesting information as to what plans have been made to safeguard vital City and County records in case of emergency, I submit the following report to you:

My first action in connection with the preservation of records was in accordance with instruction in your letter of December 15, 1941, wherein you asked me to make an investigation and determine what plans have been made, and what plans should be made to safeguard vital City and County records. This check included other offices than my own in the City Hall and also those in the Health Center Building.

Accordingly I addressed a letter to all members of the Recorder's staff announcing the appointment of Mr. D. J. McGloin, Chief Deputy Recorder, to organize the members of said staff, who desired to volunteer their services in case of emergency, so that they would be available at unusual hours for whatever duties we might find necessary to safeguard the records of this office. A list of the vital records in the Recorder's office was prepared in the order of their comparative importance and an organization formed among the employees to remove said records to a safe and convenient place if an emergency required it. At the same time we formulated a system for notifying employee volunteers quickly, in case of emergency, in accordance with the attached chart.

The day following receipt of your letter, the following communication was addressed to all department heads occupying space in the City Hall and the Health Center Building:

"I have been requested by Mr. T. A. Brooks, Chief Administrative Officer, to investigate and determine what plans have been made for the safeguarding and preservation of vitally important records in the event of fire or other calamity during the present emergency.

"Will you prepare a list of records in your department which you consider to be of sufficient importance to be preserved in case of necessity? *This list should include only those records which cannot be replaced.*

"Please indicate also whether or not the records are in daily use, or could they be stored in a vault in some safe and convenient location.

"The suggestion has also been made that the personnel in your office be organized so as be available to remove said records from the building in case of fire. In this connection I would suggest that you send me a list of the volunteers in your department so that they can be provided with proper identification for admittance to the building in case of emergency.

"Your suggestions relative to the preservation of important records is invited.

"Very truly yours,  
(Signed) "THOS. A. TOOMEY, Recorder."

I immediately consulted the City Architect and from the plans of the City Hall obtained the number and location of the various fireproof vaults throughout the building. In the meantime, I contacted personally the thirteen department heads who in my opinion were the custodians of records that either could not be replaced or of which replacements could be made only at great expense. Arrangements were immediately made to move vital records into fireproof vaults where vault space was available. In some instances it was necessary to remove vital records, that were not open to daily inspection of the public, to areas in the basement of the City Hall, that offered some protection from fire or other calamity. This has been done.

On December 17, 1941, I made a preliminary written report to you

suggesting the reproduction of vital records on either 16-millimeter or 35-millimeter microfilm. The survey showed this to be the most efficient and logical means of preserving records.

On December 22, 1941, I made a more complete report to you in writing, summing up my recommendations for the preservation of vital records by organization of employees in the various offices to carry out the program. This organization was perfected.

In accordance with verbal instructions received from you in the meantime, a further study was made to determine what records should be reproduced on microfilm in the event that equipment could be purchased from the manufacturers.

Under date of January 19, 1942, I received the following letter:

"Mr. T. A. Toomey,  
"Recorder, City Hall.

"Dear Mr. Toomey:

"Reference is made to your letters of December 17 and 22, 1941, and January 8, 1942, relative to safeguarding vital City and County records in case of emergency.

"Chief Charles W. Dullea, Coordinator, Civil Defense Council, has appointed you to his staff of advisers and respectfully asks that you present recommendations as to what steps should be taken for the preservation of important records. Will you, therefore, please present your recommendations to Chief Dullea together with such requisitions for equipment as you believe necessary in the matter.

"Very truly yours,

(Signed) "T. A. BROOKS,

"Chief Administrative Officer."

On the following day a letter signed by Chief Chas. W. Dullea was directed to all department heads in the city government, as follows:

"OFFICE OF THE DIRECTOR OF CIVILIAN DEFENSE  
"City and County of San Francisco

"January 20, 1942.

"To All Department Heads:

"A preliminary survey has been made of certain departments in the city government to determine what plans have been made for the safeguarding and preservation of vitally important records in the event of fire or other calamity during the present emergency.

"This investigation has developed to a point where every available safeguard has been placed around vital records to insure their preservation insofar as is possible. Our investigation has disclosed the fact that there are certain records in the city government which in case of destruction, either cannot be replaced or the cost of replacing would be exorbitant. In order to take every precaution, consideration is being given to photographing certain records on either 16-mm or 35-mm microfilm.

"To help us in estimating the work involved, and to allow us to formulate an orderly procedure for accomplishing this, will you please send to Mr. Thos. A. Toomey, Recorder, Recorder's Office, City Hall, at your earliest convenience, a list of the vital records in your department that deserve special consideration for their preservation?

"Please be sure that this list includes *only those records that cannot be replaced, or the loss of which would work an*

*unusual hardship, or would require their replacement at extraordinary expense.*

“Very truly yours,

(Signed) “CHARLES W. DULLEA,

“Director of Civilian Defense.”

Upon receiving some response to the above letter, I directed a letter through you to Charles W. Dullea, Director of Civilian Defense, which reads as follows:

“January 23, 1942.

“Charles W. Dullea.

“Director Civilian Defense.

“City and County of San Francisco.

“Dear Sir:

“In accordance with instructions received from Mr. T. A. Brooks, Chief Administrative Officer, and confirmed in his letter to me under date of January 19, 1942, I have made further investigations regarding the use of microfilm for preserving vital records of the City and County of San Francisco.

“The necessity for preserving our vital records is quite apparent, and the method to be employed in the preservation of these records is a subject that was discussed several weeks ago. On December 17, 1941, I recommended to Mr. Brooks the use of microfilm for the duplicating and preservation of certain vital records in my office to prevent their loss through some calamity. Since that date I have been investigating the use of microfilm in private business and also in various governmental offices, and I am convinced that from the standpoint of safety, convenience and economy, the microfilm process used for this purpose is far and away the best method yet presented to my notice.

“In attempting to formulate an orderly procedure for the duplication of vital City and County records on microfilm, I find it necessary to consult with all department heads with regard to certain matters brought out by your circular letter of January 20th. From answers already received it is evident that there is a difference of opinion among department heads as to which records are vital and which are not. In order to consider carefully the problems of each department and to finally arrive at a determination of just which records are to be preserved on microfilm, it will be necessary to make further studies and to have further discussions with department heads supplemented by talks with others qualified to pass judgment on this subject.

“My suggestion in this matter is that you permit me to request the services of an engineer and an accountant, and such other persons as might be qualified to assist in making decisions on the data submitted by the various department heads. These people to be recruited from city services and, of course, at no additional expense. I would also suggest that the necessary equipment for photographing the records be ordered immediately, and with the understanding that the orders for film would be placed at a later date. This would cause no delay in operations due to the fact that the machine must be shipped from Rochester, N. Y., and the film can be delivered from the San Francisco office of the Recordak Company. I am attaching hereto a requisition for your signature covering the necessary equipment less the film.

“In entering the order for the equipment, please stress the fact that this order should be given priority rights in view of the purpose for which it is to be used, otherwise there will be considerable delay in making delivery.

“The total cost of the necessary equipment is \$1,564.50.

"It is impossible at this time to state the appropriation necessary to purchase film, as we do not know at this moment which and how many of our City and County Records should be photographed for preservation.

"The equipment proposed for purchase will accommodate both 35 mm. and 16 mm. film. The 35 mm. film will cost \$7.15 per roll of 100 feet; this is on the basis of a minimum purchase of 100 rolls. This 35 mm. film must be developed at the Recordak plant, in Rochester, and the price of the film includes processing and return transportation. The Recordak Company promises a ten-day service in developing. This 35 mm. will take pictures as large as 36 x 51 inches.

"The 16 mm. film, in rolls of 100 feet, will cost \$3.50 per roll. This price, of course, includes processing, which is done locally. 16 mm. film will take pictures as large as 10 x 14 inches. The question of developing films by our employees was discussed with the Recordak Company, but they will make no allowance from the above prices if we do our own processing, and they strongly recommend against this procedure as their equipment, methods and procedure for this type of work insure the best possible results.

"As an example of the volume of work recorded on one roll of film, actual tests have been made on official record books in my office, and we find that by using 35 mm. film and photographing two pages at once, that we can reproduce about 18 hundred pages on one 100 foot roll of film.

"The information received so far from the various department heads does not permit making a reasonable approximation of the amount necessary to purchase film for the list of records already submitted and those still to be submitted. At a very rough guess, I would place the figure around \$8,000. This figure of course, can be reduced; it depends entirely upon the judgment of those who are to determine the volume of records sufficiently important to warrant their preservation by this method.

"Rather than set forth here a lengthy report on all phases of this subject; such as the widespread use of this equipment by private corporations, banks and governmental jurisdictions, also the various means of using micro-film records, I shall explain this later with a more detailed report, and at that time I shall furnish you with an itemized list of the records which have been submitted for reproduction, together with a brief description of them, giving their sizes and locations.

"Approved Jan. 23, 1942

Very truly yours,

"T. A. Brooks, Chief

(Signed) THOS. A. TOOMEY,

"Administrative Officer

Recorder"

(Original sent to Chief Dullea)

Attached to this letter was a requisition for "One Model D Microfilm Recordak; One Converter Assembly for 16 mm film and One Model C Library Film Reader. This letter had your approval on the same day it was delivered, and I was later informed by the Purchasing Department that order had been entered with the Recordak Company for the above mentioned equipment to be shipped from the Eastman Kodak Company's plant at Rochester, New York.

Since the date the Recordak machine was ordered, I have compiled a list of vital records submitted by department heads, both by letter and in verbal discussions, and this list is now ready as a reference for the orderly procedure of reproducing these records on microfilm, just as soon as the equipment is made available. In the meantime, meetings are being held between myself, an accountant from the Controller's office, an attorney from the City Attorney's office and an engineer from the Department of Public Works to weed out some of the

material that we feel is not of such vital importance that it should be reproduced on microfilm and at the same time to canvas the city government more fully to make sure that no important or vital records have been omitted by department heads.

Thus, we have taken immediate precautions against damage to our vital records, first by using all of the available fireproof storage space; second, certain area has been set aside in the basement of the City Hall, preferably that area surrounded by fireproof walls on two or three sides, for the storage of records that are infrequently referred to; third, organizations among various offices having vital records have been completed under the direction of the department heads for the removal of said records to a safe or convenient place if necessity demands it, and fourth, finally to commence reproduction on microfilm for storage in a safe place outside of the city, just as soon as the equipment is made available.

Yours very truly,

THOS. A. TOOMEY, Recorder.

Approved as to form by the City Attorney.

March 16, 1942—Consideration postponed one week and made Special Order for 3:00 P. M.

### Discussion

At the hour of 3:00 P. M., when the foregoing Special Order was called up for consideration, the Clerk informed the Board that inasmuch as the items contained in the proposed legislation were all included in Resolution No. 2514, just adopted, requesting the Civil Service Commission for report as to the effect of proposed amendments to classification schedules submitted by said Commission for positions in the "B" classifications of the municipal service, action should be postponed.

Supervisor MacPhee agreed with the Clerk that no action was necessary at this time, but moved the privilege of the floor for anyone who might desire to discuss the matter.

Supervisor Green, however, recommended passage of the foregoing Bill. It is the only thing to do and it will correct a mistake made sometime ago. The matter should be voted on without delay.

Supervisor Uhl reported that a statement which he had requested as to present salaries of employees affected indicated that the cost to the City and County of the proposed standardization would be \$13,860 annually.

Supervisor Colman objected to the proposed standardization. It was, he stated, piecemeal standardization. He believed the whole subject should be taken up at once. He was opposed to piecemeal standardization, and he would vote against the foregoing Bill just for that reason. He desired to see this matter postponed until additional reports are received.

Supervisor Brown agreed with Supervisor Colman, stating that he, too, was opposed to piecemeal standardization.

Supervisor Green, also stated that he did not believe that piecemeal standardization was a good thing, but, he continued, that Judge Robinson had stated that a mistake had been made, and this proposed

legislation would correct that error. He believed the Board should look at this matter in the proper light, and should pass it.

Supervisor Mead opposed delay. Standardization as a whole is not possible. Postponement would merely delay consideration of some worthy cases.

Supervisor MacPhee stated he believed it to be the duty of the Board to standardize salaries. These employees are deserving of the same consideration that is given to labor.

Supervisor Shannon urged passage of the proposed legislation. By the Board's approval, a mistake made sometime ago, for which he felt himself to be partly responsible, at least, would be corrected.

Supervisor Uhl recommended postponement. The Board should wait, he believed, before acting, to learn what the Mayor plans to do regarding salaries, in his consideration of the coming budget.

The Chief Administrative Officer, who was present, in reply to request by Supervisor Uhl, stated that last year the Mayor had inaugurated the policy of allowing increases on the basis of three steps, in a spread of less than \$50.00; in spread of \$50.00 or more, five steps. Last year the first step was recommended, and the Mayor had stated that he would approve the second step in the coming budget, and he, the Chief Administrative Officer, had instructed heads of departments under his jurisdiction to provide for that second step.

Thereupon, Supervisor Colman again expressed his opposition to the proposed standardization, for the following reasons: 1. It is piecemeal standardization. 2. There is no reason to give preference to a small group of employees now and go on record without having considered the demands of all other groups in the city's employ. Without going into the merits of these particular employees, they are entitled to no more consideration than are others in the city's employ. In approving this matter, the Board would not be acting wisely, in his opinion, and would not know just where such step would lead.

Supervisor O'Gara announced his intention to vote "Aye." He believed the error in paying Superior Court Clerks less than the Municipal Court Clerks should be corrected. There is at present an inequality that should be corrected.

Supervisor Shannon announced his intention to vote "Aye," and thus help to correct an error made four years previously.

#### Passage for Second Reading

Thereupon the roll was called and the following Bill was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—8.

Noes: Supervisors Brown, Colman, Uhl—3.

**Authorizing Lease of Property at Southeast Corner of Fifth and Market Streets, San Francisco**

(Series of 1933)

Bill No. 1586, Ordinance No. 1545, as follows:

Authorizing lease of property at southeast corner of Fifth and Market Streets, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 93 of the Charter of the City and County of San Francisco, and in accordance with the recommendation of the Board of Education, the Director of Property is hereby authorized and directed to arrange for leasing to the highest responsible bidder at the

highest monthly rental the following described real property situated in the City and County of San Francisco, State of California:

Commencing at the point of intersection of the southeasterly line of Market Street with the northeasterly line of Fifth Street; running thence southeasterly along the northeasterly line of Fifth Street 275 feet to a point distant thereon 75 feet northwesterly from the northwesterly line of Jessie Street; thence at right angles northeasterly and parallel with said northwesterly line of Jessie Street, 275 feet; thence at right angles northwesterly 275 feet to a point on the southeasterly line of Market Street; thence at right angles southwesterly along last named line 275 feet to the point of commencement.

Being Lot No. 128 in One Hundred Vara Block No. 371.

Together with the improvements thereon.

Section 2. The lease shall be for a period of ten years or more but not exceeding twenty years, beginning July 1, 1943, at a minimum rental of \$17,500.00 per month, subject to the provisions of this ordinance and to the terms and conditions set forth in the proposed lease on file in the office of the Director of Property, Room 375, City Hall, San Francisco, California, and in the office of the Board of Education, 93 Grove Street, Civic Auditorium, San Francisco, California. The Lessee shall not assign the lease without written permission from the Board of Supervisors, otherwise any assignment or attempted assignment by the Lessee, either voluntary or involuntary, shall be void at the option of the Lessors. The Lessee may sub-let the property.

Section 3. The Director of Property shall advertise in the official newspaper the time and place of receiving sealed proposals and oral bids to lease said property, which place shall be the regular place of meeting of the Board of Education in the room on the fourth floor of the Civic Auditorium, San Francisco, California.

Section 4. Upon a call for oral bidding any responsible person shall have the right to offer to lease said property upon the terms and conditions specified in this ordinance, for a price or rental exceeding by at least five per cent the highest of said written proposals; provided, however, that such person shall have first complied with the provisions of Section 5 hereof.

Section 5. All bidders will be required to deposit a certified check or bank cashier's check in the sum of \$50,000.00, payable to the Treasurer of the City and County of San Francisco, with their proposals and/or bids as evidence of good faith and responsibility. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear, and one single deposit shall suffice for both. The deposits of unsuccessful bidders will be returned to them immediately after the closing of bidding. The deposit of the highest responsible bidder will be held by the Lessors to guarantee execution of the lease by the Lessee. Within ten days after the closing of bidding the highest responsible bidder may place substitute cash or approved securities in the sum of \$50,000.00 in escrow with a national bank in San Francisco, whereupon the Lessors shall refund the original deposit of \$50,000.00 to such bidder. Any interest on such deposit placed in escrow as aforesaid shall be paid to the highest responsible bidder. Said deposit of \$50,000.00 shall be returned to the Lessees upon execution of the lease and acceptance by the Lessors of the cash, bonds or other securities referred to in Section 6 hereof; provided, however, that the Board of Supervisors may declare by resolution such deposit of \$50,000.00 the property of the Lessors as liquidated damages in the event that the Lessee does not execute the lease and comply with the provisions of Sections 6 and of this ordinance within thirty days after presentation of the lease to the Lessee for his signature. Within thirty days after the effective date of the resolutions awarding the lease the Lessors shall present the lease to the Lessee for his signature. Within thirty days after receipt

by the Lessors of the lease signed by the Lessee, the Lessors shall execute the same. The lease shall be considered executed when it has been signed by all parties.

Section 6. Upon execution of the lease by the Lessee, the Lessee shall furnish to the Lessors and maintain throughout the term of the lease satisfactory bonds or other satisfactory securities or cash in the sum of \$100,000.00, to guarantee taking possession of the premises on July 1, 1943, payment of rental and faithful performance of the conditions of the lease by the Lessee, which shall be returned to the Lessee if said Lessee shall have fully and faithfully performed all of the terms and conditions of the lease. Any interest or dividends on such deposit of \$100,000.00 shall be paid to the Lessee. The deposit so made shall inure to the benefit of the City and County of San Francisco and the San Francisco Unified School District as their interests may appear and one single deposit of \$100,000.00 shall suffice for both.

Section 7. All bonds or securities required to be furnished under this ordinance shall be subject to approval by the Treasurer of the City and County of San Francisco.

Section 8. The lease will be awarded to the highest responsible bidder at the highest monthly rental subject to the provisions hereof, provided, however, that any and all proposals and bids may be rejected and said real property may be withdrawn from lease. No commissions will be paid for obtaining any proposals or bids to lease said property.

Section 9. The proposed form of lease now on file as aforesaid shall govern in any and all events notwithstanding procedural or other inconsistencies.

Approved by the Director of Property.

Recommended by the Board of Education.

Approved as to form by the City Attorney.

Approved as to form by the Administrative Adviser, Legal Department of the Board of Education.

*February 24, 1942—Re-referred to Finance Committee.*

*March 16, 1942—Finally Passed by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Shannon—7.

Noes: Supervisors Mead, Roncovieri, Uhl—3.

Absent: Supervisor MacPhee—1.

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from "No" to "Aye" and moved for reconsideration at the next meeting of the Board.

Motion seconded by Supervisor Mead.

Thereupon the vote stood:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Shannon, Uhl—8.

Noes: Supervisors Mead, Roncovieri—2.

Absent: Supervisor MacPhee—1.

*Question—Shall the foregoing bill, heretofore on Monday, March 16, 1942 finally passed by the Board of Supervisors, be reconsidered?*

Supervisor Uhl announced that during the past week he had interviewed several tenants of the Authority. He was satisfied that no better contribution could be received from the Authority, and would, therefore withdraw his motion for reconsideration.

Whereupon the Chair declared that Bill No. 1586 was on March 16,

*Finally passed by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Shannon, Uhl—8.

Noes: Supervisors Mead, Roncovieri—2.

**Airport Bonds—1942  
(Series of 1939)**

Resolution No. ...., as follows:

Resolution determining that public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of the City and County of San Francisco, to-wit: Improvement of the San Francisco Airport in San Mateo County, including additions thereto so as to provide the necessary facilities for the landing and taking off and the housing and harboring of planes patronizing said airport, including additional operating area and runways for said planes, hangars, shops and other structures, lighting facilities, drainage and sewer facilities, buildings and equipment for utility service and for the accommodation of passengers and patrons, the grading, draining, filling and paving of any portion of said airport and the airport lands now under the jurisdiction of the public utilities commission, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the several departments of the government of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of aircraft, including the construction of roads and ways on or through said airport and the aiding of, and cooperation with, the State of California or the government of the United States in the construction of roads adjacent to said airport, all in order to do and perform any and all of the matters hereinabove referred to for the improvement of said San Francisco Airport, the cost of which said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. That the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of said City and County, to-wit: Improvement of the San Francisco Airport in San Mateo County, including additions thereto so as to provide the necessary facilities for the landing and taking off and the housing and harboring of planes patronizing said Airport, including additional operating area and runways for said planes, hangars, shops and other structures, lighting facilities, drainage and sewer facilities, buildings and equipment for utility service and for the accommodation of passengers and patrons, the grading, draining, filling and paving of any portion of said Airport and the airport lands now under the jurisdiction of the Public Utilities Commission, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the several departments of the government of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of aircraft, including the construction of roads and ways on or through said Airport, and the aiding of, and cooperation with, the State of California or the government of the United States in the construction of roads adjacent to said Airport, all in order to do and perform any and all of the matters hereinabove referred to for the improvement of said San Francisco Airport.

Section 2. That said improvement is necessary and convenient to carry out the objects, purposes and powers of said City and County.

Section 3. That the estimated cost of said municipal improvement is \$500,000, and that the cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 4. That the existence of war between the United States of America and the Axis Powers renders it imperative that said improvement be forthwith acquired, constructed and completed and that a bonded indebtedness for that purpose be incurred therefor.

Section 5. This Resolution shall take effect immediately.

Consideration of the foregoing Resolution was, on motion duly made and seconded, made a Special Order of Business at 2:30 P. M. as recommended by the Finance Committee.

#### Committee of the Whole

At the hour of 2:30 P. M. and on motion by Supervisor Mead, the Board resolved itself into a Committee of the Whole, President Jesse C. Colman presiding as Chairman.

#### Privilege of the Floor

Captain Bernard M. Doolin, Superintendent of San Francisco Airport, on being granted the privilege of the floor, explained in detail the need for the proposed bond authorization.

Supervisor O'Gara announced that suggestions have been made that no other bond issues than for Civilian Defense purposes be put on the ballot at the proposed special election, and inquired from Captain Doolin if, in his opinion, a delay for a bond election for Airport Bonds would jeopardize the plans for the Airport improvement.

Captain Doolin, in reply, stated that the Highway Commission had announced that it would not hold up the call for bids for the improvement of Bayshore Highway later than June, 1942, and accordingly any bonds must be authorized before that time.

Supervisor Brown suggested that funds claimed by the City and County due as refund from Funston Avenue Approach to the Golden Gate Bridge, might be used for the purpose of re-location of the Bayshore Highway. Some plan should be worked out along such lines, if possible. The City and County should not be required to pay this \$500,000.

Supervisor Roncovieri stated that the amount of refund claimed from the State was \$245,000, and that this amount could well be used as an offset on this \$500,000.

Supervisor Uhl agreed that the matter should be taken up with the Highway Commission. That Commission owes San Francisco the \$245,000.

#### Committee of the Whole Arises

Supervisor Gallagher moved that the Committee of the Whole arise and report.

No objection, and so ordered.

Thereupon, Supervisor O'Gara moved that the Resolution under consideration be referred to Joint Finance and County, State and National Affairs Committee.

Motion seconded by Supervisor Gallagher.

Supervisor Roncovieri requested, also, that the Public Utilities Committee be included in the motion.

Before referring the matter, Supervisor Jesse C. Colman, President, urged the Board to bear in mind the proposed election on June 9, for bond issues vital to Civilian Defense, and suggested that other matters, not of urgent necessity, be deferred to some later date.

Whereupon, the President referred the foregoing Bond Proposal to the Joint Committee of Finance, County, State and National Affairs, and Public Utilities.

#### Appointment of Committee to Attend Meeting of California Highway Commission

Supervisor Gallagher suggested that the President appoint a com-

mittee to appear before the Highway Commission at its meeting on Friday, March 27, 1942, to learn the Commission's attitude in the foregoing matter.

Whereupon, no objection being voiced, President Colman appointed Supervisors Meyer, Gallagher and O'Gara to appear before the Highway Commission.

Subsequently during the proceedings, however, Supervisor Meyer announced that the Commission was not to meet during the month.

## NEW BUSINESS

### Adopted

The following recommendations of the Finance, Revenue and Taxation Committee were taken up:

Present: Supervisors MacPhee, Mead, Uhl.

**Determining and Declaring that Public Interest and Necessity Demand the Improvement of Present Waterworks System in an Amount of \$1,250,000.**

(Series of 1939)

Resolution No. 2499, as follows:

Resolution determining that the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of the City and County of San Francisco, to-wit: improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way, equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco the cost of which said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. That the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of said city and county, to wit: Improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco.

Section 2. That said improvement is necessary and convenient to carry out the objects, purposes and powers of said City and County.

Section 3. That the estimated cost of said municipal improvement is \$1,250,000, and that the cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 4. That the existence of war between the United States of America and the Axis Powers renders it imperative that said improve-

ment be forthwith acquired and that a bonded indebtedness for that purpose be incurred therefor.

Section 5. This resolution shall take effect immediately.

Approved as to form by the City Attorney.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

**Determining and Declaring that Public Interest and Necessity Demand the Acquisition of Additional Fire Protection Equipment and Fire Fighting Apparatus in an Amount of \$3,000,000.**

(Series of 1939)

Resolution No. 2500 as follows:

Resolution determining that the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of the City and County of San Francisco, to-wit: Additional fire protection equipment and fire fighting apparatus, including pumping units, trucks and mechanized equipment, fire hose and fire fighting facilities and equipment, additions and extensions to the fire alarm system, and all other works, property or structures necessary or convenient for additional fire protection for the City and County of San Francisco, the cost of which said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. That the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of said City and County, to wit: Additional fire protection equipment and fire fighting apparatus, including pumping units, trucks and mechanized equipment, fire hose and fire fighting facilities and equipment, additions and extensions to the fire alarm system, and all other works, property or structures necessary or convenient for additional fire protection for the City and County of San Francisco.

Section 2. That said improvement is necessary and convenient to carry out the objects, purposes and powers of said City and County.

Section 3. That the estimated cost of said municipal improvement is \$3,000,000, and that the cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 4. That the existence of war between the United States of America and the Axis Powers renders it imperative that said improvement be forthwith acquired and that a bonded indebtedness for that purpose be incurred therefor.

Section 5. This resolution shall take effect immediately.

Approved as to form by the City Attorney.

**Explanations of Votes**

Supervisor Colman explained his intended vote, saying he would vote in favor of the proposed bond issue because the money provided thereby could be made available within ten days after the approval of the bonds. He had seen figures which seem to indicate there would be available close to \$3,000,000 that might obviate the necessity of a bond issue. However, no such money could be made available until September. However, he would call to the attention of the Finance Committee that if upon investigation the committee finds that these funds might have become available without going to bond issue, any savings made should be reflected in the tax rate next year, and should be appropriated for the benefit of the taxpayer, to offset additional

cost for bond interest, etc. For those reasons he would vote in favor of the bond issue.

Supervisor Uhl, in replying to Supervisor Colman, stated that the views of Supervisor Colman were shared by the Finance Committee. It was specifically understood in committee that no money would be appropriated unless approved by the Board of Supervisors.

Supervisor MacPhee informed the Board that the bond issue was for Civilian Defense. It is only for items as needed; none is for salaries.

Supervisor Gallagher questioned the proposed date for bond election, holding that, in his opinion, it should be held before June 9.

Whereupon, further consideration was temporarily postponed until the Board could hear from the Registrar of Voters as to the earliest time at which an election could be held.

Subsequently during the proceedings, both the City Attorney and the Registrar of Voters were present.

Mr. Cameron King, Registrar of Voters, pointed out that the work necessary in re-districting of the City and County, in accordance with recent State legislation is in the process of being performed, and June 9 is the earliest date at which he could guarantee that work would be done, and an election could be held. While it might be possible to complete the re-districting a week or perhaps two weeks earlier, he could not be sure of such completion.

The City Attorney, also, confirmed the statement by the Registrar of Voters. In addition he pointed out the steps required in authorizing a bond issue, indicating that no time is being lost in providing for bond election on June 9, 1942.

#### Adopted

Thereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

**Confirming Sale of Certain San Francisco Water Department Land  
near Pleasanton to Elmer B. Stone  
(Series of 1939)**

Resolution No. 2502, as follows:

Whereas, pursuant to Ordinance No. 1526, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on March 12, 1942, for sale of the following described City-owned real property situated in the County of Alameda, State of California:

Commencing at a point in the northerly line of a 40 foot road known as Pleasanton Avenue at its intersection with the westerly line of the 50 foot strip of land of the City and County of San Francisco extending approximately north and south as described in Parcel 71 Alameda County Lands in deed to City and County of San Francisco by Spring Valley Water Company dated March 3, 1930, and recorded in the office of the County Recorder of Alameda County March 3, 1930, in Liber 2350 of Official Records at page 1; said point being distant north  $0^{\circ} 19'$  east 40.00 feet from an iron monument marking the northeast corner of the 26.064 acre tract of land conveyed to Helena C. Busch, et al., by Spring Valley Water Company, Ltd., by deed dated May 11, 1936; running thence from said point of commencement along said northerly line of Pleasanton Avenue north  $89^{\circ} 30'$  east 50.01 feet to its intersection with the easterly line of said 50 foot strip of land; thence along said easterly line north  $0^{\circ} 19'$  east 1060.00 feet to the southerly line of a road known as Cameron Avenue; thence along said southerly line south  $89^{\circ} 30'$  west 50.01 feet to the westerly line of said 50 foot strip of land; thence along said westerly line south  $0^{\circ} 19'$  west 1060.00 feet more or less to the point of commencement.

Being all that portion of said 50 foot strip of land of the City and County of San Francisco lying between the north line of said Pleasanton Avenue and the south line of said Cameron Avenue.

Containing 1.217 acres, more or less.

Whereas, in response to said advertisement Elmer B. Stone offered to purchase said land for the sum of \$360.00, cash, subject to the reservations and conditions contained in said Ordinance No. 1526, no higher bids having been made or received; and

Whereas, said sum of \$360.00 is more than 90% of the preliminary appraisal of said property, the amount of said appraisal being \$360.00; and

Whereas, Elmer B. Stone has paid the sum of \$90.00 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended the sale of said land.

Now, Therefore, be it Resolved, that said offer be and is hereby accepted.

Be it Further Resolved, that the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said land to Elmer B. Stone, or his assignee, subject to the reservations and conditions contained in said Ordinance No. 1526. The Director of Property shall deliver said deed to the Grantee upon receipt of the balance of the purchase price which shall be paid within thirty days after approval of this Resolution.

Recommended by the Manager of Utilities.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Whereas, in response to said advertisement Florence Gates Baldwin offered to purchase said lands for the sum of \$2,700 cash, no higher bids having been made or received; and

Whereas, as a further consideration, Florence Gates Baldwin offered to give a quitclaim deed conveying to the City and County of San Francisco, a municipal corporation, all of her right, title and interest in and to certain portions of Sections 26, 27, 34 and 35, T. 5 S., R. 1. E., M. D. B. & M.; and

Whereas, said sum of \$2,700.00 is more than 90% of the preliminary appraisal of said property, the amount of said appraisal being \$2,700.00; and

Whereas, Florence Gates Baldwin has paid the sum of \$300.00 to the Director of Property as a deposit in connection with the transaction; and

Whereas, the Public Utilities Commission has recommended the sale of said land.

Now, Therefore, be it Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of Parcels "A" and "B" to Florence Gates Baldwin, or her assignee. The Director of Property shall deliver said deed to the Grantee upon receipt of the balance of the purchase price which shall be paid within thirty days after the approval of this Resolution. It is understood that the purchaser and the City shall each pay one-half of the cost of constructing a fence along the new common boundary line between said lands and the adjoining property of the City, which fence shall consist of four barbed wires with necessary posts and supporting pickets.

Be it Further Resolved, That the City and County of San Francisco, a municipal corporation, does hereby accept the quitclaim deed hereinbefore referred to.

Recommended by the Manager of Utilities.

Approved by the Director of Property.

Providing the Procedure for a "Department of Public Works Stores Revolving Fund" for the Purpose of Providing for Purchases, etc.

(Series of 1939)

Bill No. 1619, Ordinance No. ...., as follows:

An ordinance creating and providing the procedure for a "Department of Public Works Stores Revolving Fund," for the purpose of providing for purchases, etc., required for use of certain operating bureaus of said Department of Public Works, and making an appropriation therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside the sum of \$50,000 out of the surpluses of the following sources in the amounts indicated:

#### Department of Public Works Stores Account:

Held for School Department .....	\$ 5,000.00
Held for Bureau of Street Repair (County Road)....	13,000.00
Held for other Bureaus of Department of Public Works .....	22,739.08
Appropriations Nos. 043.996.33, 043.996.34, Tearing up Streets, Overhead Reserves .....	7,693.08
Appropriation No. 145.130.00, County Road .....	1,567.84
<b>Total</b> .....	<b>\$50,000.00</b>

to the credit of the "Department of Public Works Stores Revolving Fund," which is hereby created for the purchase, storage and clearance of materials and supplies required for the use of the Bureaus of the Department of Public Works named below in connection with the performance of said Bureaus:

Bureau of Accounts

Bureau of Building Repair (which includes repair of school buildings)

Bureau of Sewer Repair

Bureau of Street Cleaning

Bureau of Street Repair

Section 2. In determining the amount of cash to be contributed from the surpluses existing in above named funds, there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of each said fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective

date of this ordinance, together with the amount of cash to be contributed from the said surpluses as herein recited shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the Bureaus of Accounts, Building Repair, Sewer Repair, Street Cleaning and Street Repair of the Department of Public Works shall be purchased out of the Department of Public Works Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. The funds provided by each such payment shall be deposited to the credit of the Department of Public Works Stores Revolving Fund.

Section 4. Should the unencumbered balance of the Department of Public Works Stores Revolving Fund be insufficient at any time to purchase materials or supplies which are required for the immediate use of the Bureaus of Accounts, Building Repair, Sewer Repair, Street Cleaning and Street Repair of the Department of Public Works, and funds have been appropriated for that purpose, the Controller may, upon the recommendation of the Department Head and the approval of the Director of Public Works, transfer the required amount from the funds so appropriated and make them available in the Department of Public Works Stores Revolving Fund for the purchase of the required materials and supplies.

Section 5. Pursuant to the provisions of Section 88 of the Charter, the Purchaser of Supplies is hereby directed and it shall be his duty to take charge of the storerooms and warehouses operated hereunder.

Section 6. The Controller is hereby directed and it shall be his duty to prescribe the procedure governing the purchase and issuance of stores and the accounting therefor in accordance with the provisions of Section 64 of the Charter.

Recommended by the Director of Public Works.

Approved by the Mayor.

Approved by the Chief Administrative Officer.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Mayor to Approve the Filling of Positions Vacated in Civil Service (Series of 1939)

Bill No. 1601, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal

year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. *Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy.* The requisition for such service shall first be filed with the Civil Service Commission, and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller, and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1941-42 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

*Passed for Second Reading by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

#### Requesting Campaign for Strict Compliance with Ordinance Providing for Maintenance of Clean Streets

(Series of 1939)

Resolution No. 2507, as follows:

Whereas, One of the vital factors in the all-out efforts of this Nation against the Axis powers is the production and conservation of materials, and

Whereas, The dual purpose of maintaining our streets in a clean condition and salvaging such necessary items as paper, string, cord, rope,

tin and tinfoil will be accomplished by compliance with Ordinance No. 641 (New Series) "Prohibiting Dirt or Rubbish from Being Deposited on Sidewalks or Streets, and Requiring the Cleaning of Sidewalks by Owners or Occupants of Property Fronting Thereon," and

Whereas, Faced with a shortage of rubber and tires, the deposit in streets of glass, tin, nails and other hard, sharp or penetrable materials is now a matter of grave concern, now, therefore, be it

Resolved, That the Civilian Defense Council and the Police Commission, for the conservation of necessary materials and for the maintenance of clean streets, be and they are hereby requested to take such steps, educational and otherwise, as will effect a strict compliance with Ordinance No. 641 (New Series) and the salvage of materials necessary in the conduct of the war.

**Authorizing Extension of Agreement Between the City and County of San Francisco and Louise B. Price**

(Series of 1939)

Resolution No. 2511, as follows:

Whereas, The City and County of San Francisco, under authority of Resolution No. 25034 (New Series) of the Board of Supervisors, accepted a certain deed dated January 26, 1926, from R. L. Price and Louise B. Price, his wife, to a sub-surface easement for a portion of the Foothill Tunnel of the Hetch Hetchy Aqueduct; and

Whereas, Said deed provides that under certain conditions if the natural flow of water in any springs on the land of the Grantor shall disappear or diminish the City shall furnish the Grantor a continuous supply of water sufficient for the domestic irrigation and stock watering requirements of the Grantor; and

Whereas, Said deed provides a time limit for the ascertainment of the amount of any damage which may be caused by the disappearance or diminution of the natural flow of water in said springs; and

Whereas, Said time limit was extended to April 1, 1942, by Resolution No. 1666, Series of 1939, adopted by this Board on March 18, 1941; and

Whereas, R. L. Price is deceased and said Louise B. Price has requested a further extension of said time limit to April 1, 1943; and

Whereas, The Public Utilities Commission has recommended the extension of said time limit to April 1, 1943;

Now, Therefore, Be It Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a written agreement with Louise B. Price, extending said time

limit of said deed to April 1, 1943, subject to all conditions contained in said deed, except as expressly modified in said agreement.

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**Resolution of Proposed Legislation in re Civilian Defense**

Supervisor Colman presented the following:

March 23, 1942.

Honorable Board of Supervisors,  
City Hall,  
San Francisco, California.

Dear Supervisors:

I am herewith transmitting to you the following ordinances and resolutions:

1. An ordinance to amend Section 5 of the Civilian Defense Council by providing for a Director of Operations and also making provision for the position of Director of Civilian Defense and providing for his qualifications.
2. An ordinance providing for an appropriation of \$1975 to care for the salary of this position until June 30 of the present year.
3. An amendment of the Salary Ordinance to care for said position.
4. The recommendation of the Civil Service Commission that the position of Director of Civilian Defense be exempted from the residential qualifications of the charter.
5. A resolution to be passed by your Board approving the recommendation of the Mayor and the Civil Service Commission in exempting this position from the residential qualifications provided for in Section 7 of the Charter.

It is important that all these ordinances and resolutions should be passed as emergency measures at the earliest possible moment, for the reason that the existing emergency necessitates the position of Director of Civilian Defense being filled at once.

Chief Charles W. Dullea found that the work of Director of Civilian Defense took so much of his time that his work as Chief of Police was suffering.

I have made a very careful survey to find a successor for Chief Dullea and intend to select Mr. John E. Helms. Mr. Helms is an expert in Civilian Defense. He is a graduate civil engineer skilled in his profession; has served as Regional Director of the Civilian Defense Council of the western states and has been the head of the California State Council of Civilian Defense. Therefore I can state positively to you that Mr. Helms is qualified in every way to act as Director of Civilian Defense for our local Defense Council. As a matter of fact, I believe the City is extremely fortunate to be able to obtain the services of Mr. Helms in this important position.

The reason for exempting the position from the residential qualifications is that up to a short time ago Mr. Helms was a resident of Palo Alto; however, he has now taken up his residence in San Francisco, but as a charter provision ordinarily requires a year's residence before a person is eligible to be appointed to a position, I am asking the exemption of the position from the residential qualifications provided for in the charter.

I trust that your Board will, after proper committee approving these ordinances and resolutions, pass the same without delay, as it is extremely important that the position of Director of Civilian Defense should not remain unfilled.

Very truly yours,

ANGELO J. ROSSI,

Mayor.

**Amending Ordinance Creating the San Francisco Civilian Defense Council, by Providing for the Appointment of Director of Operations and for the Appointment of Director of Civilian Defense; an Emergency Ordinance.**

(Series of 1939)

Bill No. 1623, Ordinance No. .... as follows:

Amending Section 5 of Ordinance No. 1448 entitled: "Creating the San Francisco Civilian Defense Council: Providing for the Membership Thereof, and for the Organization Thereof; and the Granting of Said Powers to Said Council" by providing for the appointment of a Director of Operations and for the employment of a Director of Civilian Defense and defining their duties and providing for the compensation of said Director of Civilian Defense: an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 5 of Ordinance No. 1448, entitled as hereinbefore set forth, is hereby amended to read as follows:

Section 5. The Mayor as Chairman and executive head of the Defense Council shall appoint a Director of Operations who shall at all times stand ready, especially during any acute emergency wherein his services might be needed, to aid the other officers and members of the Civilian Defense Council, as well as the officers of the City and County of San Francisco, and to direct the affairs of said Defense Council so that the greatest possible aid can be rendered to the people of the City and County of San Francisco to protect them against the dangers of the present emergency.

The Mayor as Chairman and executive head of said Civilian Defense Council shall also employ a Director of Civilian Defense who shall be an expert in the work of civilian defense and whose duty it shall be, subject to the general supervision of the Mayor, to coordinate the civilian defense of San Francisco for the training of all personnel connected therewith and the operation and implementation of all plans for civilian defense. As far as said Civilian Defense Council and this work is concerned, said Director of Civilian Defense shall be subordinate only to the Mayor and he shall work in close cooperation with the Defense Council and with the heads of the several departments of the municipal government and shall maintain the necessary contacts with the State Council of Civilian Defense and the several local councils of civilian defense within the metropolitan area of San Francisco in order that coordination of the work of said Defense Council with said State Council of Defense and other Civilian Defense Councils may be had. The compensation of said Director shall be fixed in accordance with the fiscal and budgetary provisions of the Charter.

The Mayor as Chairman and executive head of said Civilian Defense Council shall also appoint three assistants of Civilian Defense, who need not be members of the Defense Council, and whose duties will be to aid the Director in carrying out his work. They shall be responsible under the Director of Civilian Defense for coordination of the activities of the Defense Council; keeping its records; conducting its correspondence and performing such other duties as the Defense Council, or the Director of Civilian Defense shall, from time to time, require of

them. They shall be experts in Civilian Defense work. The Director of Civilian Defense and each of the assistants to said Director shall hold their respective offices at the pleasure of the Mayor.

Section 2. This ordinance is passed as an emergency measure and this Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature and character of said emergency being the same as is set forth in Section 13 of said above mentioned Ordinance No. 1448.

#### Discussion re Foregoing Presented Legislation

Supervisor O'Gara, in discussing in general the foregoing recommendations of his Honor, the Mayor, which had just been presented by Supervisor Colman, announced that while speedy action was, no doubt, essential, it was rather disconcerting to read about these matters in the newspapers for three or four days before they are presented to the Board.

Thereupon, Supervisor O'Gara moved that whenever his Honor, the Mayor, has any matters which he feels should have emergency action by the Board of Supervisors, that such matters be presented to the Clerk in sufficient time to enable him to have copies attached to the Calendars on the Member's desks.

Supervisor Colman, however, suggested that all such matters should be sent to the Board prior to Thursday so that the Clerk might refer them to the Finance Committee.

Supervisor O'Gara accepted the President's suggestion in lieu of his own motion.

Supervisor Roncovieri suggested that inasmuch as the foregoing matters required emergency action, that the Finance Committee meet on Tuesday, to consider them, and the Board meet in recessed session on Wednesday or on Thursday, March 25 or 26, so that they might be disposed of during the current week, and that he would so move.

Motion failed for want of a second.

Mr. David Lewis, in reply to Supervisor O'Gara, pointed out that the two immediately foregoing Bills, providing for appropriations of \$125,000 and \$25,000, respectively, from Public Welfare Department funds, could not have been presented in time for Finance Committee consideration, because the Public Welfare Commission did not meet until Thursday afternoon, too late to get the matters in shape in time for the Finance Committee meeting. The Department of Public Health has an appropriation ordinance now in the making, to appropriate \$75,000 to take care of people in San Francisco Hospital and the Laguna Honda Home, for food stuffs, made necessary because of the increased cost of food. Mr. Moran, of the Health Department, can explain better than he can, the needs of that department. As to Civilian Defense, there is a real necessity for that appropriation. Those funds are running low.

Mr. Moran, from the Health Department, explained that the Department is now operating by sufferance. There is not sufficient funds on hand to cover the cost of supplies needed. The Department hopes to have the necessary ordinance before the Finance Committee in time for its next meeting. That ordinance is predicated on the passage of the Bill just presented.

The Clerk presented the following Finance Committee recommendation:

**Requesting Actuarial Report re Proposed Change in Retirement System Affecting Police Department**  
(Series of 1939)

Resolution No. 2513, as follows:

Resolved, That in accordance with the provisions of Section 158 of the Charter, the San Francisco City and County Employees Retirement System be and it is hereby requested to furnish to the Board of Supervisors an actuarial report of the cost and effect of proposed changes in the Retirement System, affecting the Police Department, the cost of said report to be paid out of available departmental funds.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Request for Consideration of Changes in Retirement System Affecting Members of Veteran Police Officers Association**

During the consideration of the foregoing Resolution, a communication from the Veteran Police Officers' Association requesting consideration be given to suggestions proposed by that organization, was presented and read by the Clerk.

**Explanation of Vote**

Supervisor Uhl explained that the foregoing resolution had received the unanimous approval of the Finance Committee. Speaking for himself, he had no objection to the adoption of the resolution and its being sent to the Finance Committee for report, but in voting for it he was in no way committing himself as to his final position in the matter.

The Chair agreed that voting for the resolution did not bind any one as to his ultimate action.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Mayor Requested to Appoint Committee of Twenty-five for Observance of "Apartment House Week" April 9, 1942, to April 16, 1942.**

(Series of 1939)

Supervisor Colman presented Resolution No. 2518, as follows:

Resolved, That the week beginning April 9, 1942, and ending April 16, 1942, be set aside and designated as "Apartment House Week in San Francisco," and that the Mayor is hereby authorized to appoint a Committee of twenty-five to participate therein.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

**Requesting Civil Service Commission to Report 1938 Salary Standardization Schedule for Classification, O-62, Superintendent of Grounds, Recreation Department.**

(Series of 1939)

Supervisor McPhee presented Resolution No. \_\_\_\_\_, as follows:

Resolved, That the Civil Service Commission be and is hereby requested to transmit to the Board of Supervisors the proposed 1938 Salary Standardization Schedule, as amended, for Classification O-62, Superintendent of Grounds, Recreation Department, together with report showing the effect of said proposed Salary Standardization on such related Classifications, if any, as there may be.

*Referred to Finance Committee.*

**Urging Mitigation of Severity of Federal Priorities Order Affecting Gold Mining**

(Series of 1939)

Supervisor Colman presented Resolution No. 2512, as follows:

Whereas, California's gold mining industry may be forced to shut down almost entirely through application of Federal priorities orders, and

Whereas, 142,000 citizens in thirteen California counties within San Francisco's trade area are substantially dependent upon mining activities for their livelihood, and

Whereas, State mining experts estimate that only an infinitesimal amount of the nation's essential steel is necessary to keep California's gold mines in operation, and

Whereas, Serious damage to one of the State's basic industries, depopulation of mining communities and harm to the morale of the affected citizens is to be avoided at any cost consistent with the nation's war effort, and

Whereas, San Francisco's close relationship with and interest in the welfare of the gold mining industry dates back to 1849.

Now, Therefore, be it Resolved That the Board of Supervisors of the City and County of San Francisco does hereby recommend to San Francisco's representatives in Congress that they assist Congressional representatives of California's mining communities in mitigating the severity of Federal priorities orders as they affect gold mining, and, be it further

Resolved that the Board of Supervisors offer to the mining industry such other assistance as is compatible with the nation's war effort, and be it further

Resolved that San Francisco be represented by this Board or by the Regional Service Committee at the state-wide meeting of the gold mining industry at Sacramento, Friday, March 27.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Report by Supervisors Chester R. MacPhee and Robert Miller Green on Trip to Washington, D. C., March 6th to March 16th; for Meeting Called by Maury Maverick, Chief of the Governmental Requirements Bureau.**

Submitted March 17, 1942

The following report was received and ordered made part of the record:

The meeting of the National Association of County Officials at Washington, D. C., on March 9th and 10th, 1942, originally scheduled for the main auditorium of the Social Security Bldg., was transferred to the Rose Room of the Washington Hotel.

This transfer was occasioned because of the excessive number of officials who arrived to participate in the discussions. It was estimated the attendance was three times that expected.

A suggested list of substitutes for critical materials in building construction and a list of emergency alternate federal specifications were handed each delegate at the meeting.

A thorough transcript of the entire proceedings was prepared by the Association and a complete copy will be furnished each delegate.

The meeting on Monday morning, March 9th was opened by A. Smith, President of the National Association of County Officials, with the statement that, "There has never been a meeting of County Officials in Washington, D. C. County Officials have less recognition and organization in Washington, D. C. than any other official body."

"We are here because the Supervisors and County Officials have been excluded in the council of our government, and we are here to better understand how to approach our mutual problems."

Mr. Maury Maverick, Chief of the Governmental Requirements Bureau, introduced Mr. Leon Henderson, Administrator of the Office of Price Administration. Some of the highlights of Mr. Henderson's remarks follow:

"The cost of living has gone up steadily since March of 1941, in some months as high as 1-3 $\frac{3}{4}$ % and an average since that time of 1% per month; this increase affects merchandise, service rents, etc."

He also stated that, "The O. P. M. has charge of prices, rents, rationing, and for the supplies for Civilian Defense."

"We should contemplate decentralization and not try to run the entire program from Washington."

"Over 9000 rationing boards that started as tire rationing boards are being prepared to handle the increased amount of work brought about by the scarcity of other products."

"The O. P. M. has made arrangements to staff these boards (many having as high as sixty boards in one county), with a clerk and stenographer and will have to go farther in this respect. The O. P. M. has already had rent declaration in twenty defense areas and there are one hundred additional areas under study."

"The rent control division is under Paul Porter who should be contacted in reference to our problems."

"The Germans and Japanese have for many years past devoted more than fifty percent of their effort for war goods and training of soldiers."

"At the end of 1941 the United States was using twenty to twenty-two percent of our resources for war effort."

"When we get to forty per cent (which we will do in the latter part of 1942), we will equal the combined war effort of the Germans, Italians and Japanese."

"I have been disappointed in the rate of production in the past."

"This is the first time the civilian population has been called upon to sacrifice their lives as in the bombing of London, Poland, Java, etc., in addition to the other sacrifices that necessarily must be made by civilians."

"With the Government buying 45,000 tanks and 60,000 airplanes and the many other requirements of the war, there just isn't enough goods to go around."

"We have almost reached a limit of production and we face increased wage scales, higher farm prices, higher profits to corporations and individuals. Shortages of material and the conversion of our efforts

to the war industry will lessen our ability to procure many of the things we have been accustomed to."

"This is a good time for people to buy property."

"Back in every community we face a tremendous problem of inflation."

"We must put explicit faith and trust in our county organizations."

"We must exercise a heavy restraint on wage increases; we must adopt a wage policy."

At the luncheon of the National Association of County Officials held in the Hotel Washington on March 9th, Mr. Maury Maverick was introduced by President William A. Smith of California.

Some of the notes on Mr. Maverick's talk are as follows:

"This meeting may be one of the most important meetings of the war."

"The United States is in the worst shape of its history."

"I am astonished at the number of people present at this meeting."

"Tell the other county officials in your state of the importance of having representation in Washington."

"The basis of the democratic form of government is in local self-government."

"Local self-government is the basis of the defense of the U. S. A."

"My personal opinion is that the hardships brought about by this war and the sacrifices to come will be more severe than the Civil War or the Revolutionary War."

"It is more important to have steel in the hands of our soldiers than for the construction of buildings; Unions should work forty, forty-eight and sixty hours per week."

"Instead of labor strikes in the U. S., we should all strike against the Nazis and Japs in a united effort."

"Every man, woman, and child in Germany, Italy and Japan are working hard and spending their time trying to figure out ways to make slaves of us."

"Labor and Capital, Catholics and Protestants and all people must stick together and not ask for privileges or rights just because they are their rights. This is no time to argue amongst ourselves about about rights. When we start talking about 'strikes,' 'pickets,' 'rights,' etc., it is time to realize there will be none of these things unless we win the war."

"We must strip all vital materials from projects before filing applications for priorities."

"We must substitute temporary structures for permanent buildings."

"It looks like there will be no more vital materials and all projects should be taken up on a temporary basis."

During the afternoon, we heard talks by Mr. Edward Ennis of the Enemy Control Unit of the United States Department of Justice and by Mr. Frank Maxton, Chief of the Project Section, Bureau of Governmental requirements.

At 4:00 P. M., the Honorable Henry A. Wallace, Vice-President of the United States, addressed the meeting. Some of his remarks follow:

"1942 will see an all-out effort of the enemy to win the war, realizing as they do, that they must win it in 1942 if they are to win it at all."

"The purchasing power today is 30% greater than at any time during the past five years. We will have extraordinary purchasing power in 1942, so great that it may interfere with the war effort."

"It is our duty to conserve rubber. Taking the country as a whole, we haven't begun to sacrifice yet."

"1942 is the most important year in the last 500 for the United States;

an importance for which words cannot be found to express—something beyond the comprehension of anyone.”

On Tuesday morning, March 10th, were were addressed by Dean James Landis, Director of the Office of Civilian Defense. A few of his remarks follow:

“The shores of this country are not safe. We now have two and one-half million civilian defense workers and I hope soon to report we have doubled this number. With regard to those in authority, it may be necessary to keep their feet in the fire in order to get the necessary results.”

After the talk by Mr. Landis, the meeting was thrown open for questioning and among other questions we asked Mr. Landis if he was satisfied the 100 million dollars already appropriated for Civilian Defense was sufficient to furnish the necessary protection for the defense of our civilians. His answer was NO!

We were addressed at lunch on March 10th by J. S. Knowlson, Director of Industry Operations, War Production Board, which concluded our part in the discussions of the National Association of County Officials.

Upon consummation of the meeting of the National Association of County Officials, we spent considerable time in the office of Mr. Maverick in response to a request from Mr. Wilder. This was in reference to certain priorities for the Lincoln Way Storm Sewer. A P. D. 1A application was made, requesting a change in priority from A10 to A3. We were assured this change will be granted.

We visited with Congressmen Rolph and Welch and also contacted the Civilian Defense authorities with reference to further aid to San Francisco in the allotment of Civilian Defense supplies.

Following the presentation of the foregoing report, and under his name on Roll Call, Supervisor MacPhee expressed to the Board his appreciation of having been delegated to represent the Board at Washington.

### California Highway Commission Requested to Remove Traffic Hazards Surrounding Live Stock Pavilion

(Series of 1939)

Supervisor Mead presented Resolution No. 2516, as follows:

Whereas, It has been brought to the attention of this Board of Supervisors that traffic conditions surrounding the Live Stock Pavilion are rendered insupportable by reason of a total lack of any traffic regulations or mechanical devices for the protection of the public, as well as a lack of proper lighting facilities for those using the highways after nightfall;

Whereas, Since the inception of the recent outbreak of hostilities between this country and the Empire of Japan the Live Stock Pavilion has been used to house members of the Armed Forces of the United States; and

Whereas, To this date there have been three soldiers killed through traffic accidents occurring on the highways adjacent to the Live Stock Pavilion, and three others so seriously injured that they are expected to die; and

Whereas, This condition is one that, while it is thus forcefully and tragically brought to the attention of this Board, nevertheless was not of so paramount importance until the use of the Live Stock Pavilion for the housing of the Military; now, therefore, be it

Resolved, That the California State Highway Commission be and it is hereby respectfully requested to take such steps as are necessary to immediately alleviate the traffic hazards surrounding the Live Stock Pavilion to the end that there be no further loss of life.

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

### Suppression of Japanese Newspapers

(Series of 1939)

Supervisor Shannon presented Resolution No. 2517, as follows:

Whereas, There are two Japanese newspapers of more than negligible circulation in the City of San Francisco, The Nichi Bei, doing business at 650 Ellis Street, and The Japanese New World-Sun Daily, doing business at 1618 Geary Street; and

Whereas, These publications enjoy their usual uninterrupted circulation despite the fact that the Empire of Japan and the United States of America are at war; and

Whereas, It must be self evident even to the casual observer that espionage and fifth column activities may be promulgated and brought to a successful fruition through the medium of the newspapers mentioned; and

Whereas, Nothing has as yet been done that appears on the surface to suppress the dissemination of news by the Japanese; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby go on record as respectfully but nevertheless vigorously requesting the representatives of California in Congress and the Senate, the Federal Authorities, the Director of Civilian Defense, the Chief of Police of the City and County of San Francisco, the Governor of the State of California, and the Military authorities to do all things within their power to immediately suppress the dissemination of news by the means of newspapers published in the Japanese language; and be it

Further Resolved, That the Clerk of the Board be and he is hereby requested to impart this urgent request to the authorities named herein.

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

### In Memoriam—Judge George J. Steiger

(Series of 1939)

Supervisor Uhl presented Resolution No. 2515, as follows:

Whereas, Death has suddenly taken from us the person of the Honorable George J. Steiger, Presiding Judge of the Superior Bench of San Francisco; and

Whereas, Educated for the Law as he was in the University of California, engaging in private practice for twenty-two years until he was appointed to the Police Bench by the late Mayor Rolph, he rose in his chosen field of endeavor until in 1934 he was elected to the Superior Bench which office he occupied until 1937 when he was appointed Presiding Judge of the Superior Bench of San Francisco where he worked assiduously and conscientiously until the time of his death; and

Whereas, Judge Steiger's host of friends in fraternal circles, and the political life of San Francisco, mourn his passing; now, therefore, be it

Resolved, That the Board of Supervisors does by this means express to the family of the late deceased its heartfelt sympathy at the loss of Judge George J. Steiger; and be it

Further Resolved, That the Clerk be and he is hereby instructed to present to the family of the late departed a suitably engrossed copy of these Resolutions as a token of the esteem in which he was held by the members of this Board of Supervisors; and be it

Further Resolved. That when the Board adjourns today it do so out of respect to the memory of the late Judge George J. Steiger.

*Unanimously adopted by rising vote.*

### Discontinuance of Home Building in San Francisco

Supervisor Brown presented a clipping from the *San Francisco Examiner* of March 20th, containing a story about discontinuance of building in San Francisco because of governmental refusal to grant priorities for building material, and moved that the matter be referred to the Commercial and Industrial Development Committee for hearing to see if some modification of the ruling cannot be secured.

No objection, and so ordered.

### Communications

Communications were presented, read by the Clerk, and acted on as noted:

From Robert W. Lefever, President County Supervisors Association, announcing annual convention of that body to be held at the Hollywood Roosevelt Hotel, Hollywood, California, May 20, 21 and 22, 1942.

*Copies to be sent to members of the Board.*

### UNFINISHED BUSINESS

#### Final Passage

The following recommendations of the Finance Committee, hereto-  
fore Passed for Second Reading, were taken up:

Appropriating \$13,416.40, Department of Public Works, for the  
Widening of Geary Street between Powell and Stockton Streets,  
and Widening of Powell Street between Geary and Post Streets,  
Fronting the Union Square Garage.

(Series of 1939)

Bill No. 1609, Ordinance No. 1559, as follows:

Authorizing a supplemental appropriation ordinance in the amount  
of \$13,416.40 from the surplus existing in the following appropriations:  
Appropriation No. 148,910.00 (Adam and Eve Street abandoned) \$11,-  
635.65 and from Appropriation No. 148,994.00 (Mission and Spear Street,  
fronting Post Office, job completed) \$1780.75, to the credit of Approp-  
riation No. 148,922.00 for the widening of Geary Street between Powell  
and Stockton Streets and for the widening of Powell Street between  
Geary and Post Streets fronting the Union Square Garage.

Be it ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. The sum of \$13,416.40 is hereby appropriated and set aside  
from the surplus existing in the following appropriations: Appropria-  
tion No. 148,910.00 (Adam and Eve Street abandoned) \$11,635.65 and  
from Appropriation No. 148,994.00 (Mission and Spear Street, fronting  
Post Office, job completed) \$1780.75, to the credit of Appropriation No.  
148,922.00 for the widening of Geary Street between Powell and Stockton

Streets and for the widening of Powell Street between Geary and Post Streets fronting the Union Square Garage.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

Approved as to Funds Available by the Controller.

Approved by the Mayor.

Approved as to form by the City Attorney.

*Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor Green—1.

#### Action Rescinded

Immediately thereafter, though, at the request of Supervisor O'Gara, the foregoing action, by unanimous vote, was rescinded, and consideration thereof, as well as consideration of the item immediately following, was postponed temporarily until Supervisor O'Gara could question the City Attorney as to the liability of the Union Square Garage Company for the street work being authorized.

Subsequently during the proceedings, the City Attorney reported that in his opinion the improvement was one benefiting the the City and County of San Francisco and should, therefore, be paid for by the City and County. While the improvement would, of course, benefit the garage company, the main benefit would be to the people of San Francisco. For that reason the cost of the improvement is properly chargeable to the City and County.

Whereupon, the foregoing Bill was

*Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

At the request of Supervisor O'Gara, the following communications from the Controller and from the City Attorney were ordered made part of the record:

#### OFFICE OF THE CONTROLLER

February 16, 1942.

Honorable Angelo J. Rossi,

Mayor of San Francisco.

The Honorable the Board of Supervisors,  
City and County of San Francisco.

Gentlemen:

Transmitted herewith you will find the following documents:

Three copies of proposed ordinance authorizing a supplemental appropriation of \$13,416.40 for the widening of Geary Street between Powell and Stockton and for the widening of Powell Street between Geary and Post fronting Union Square Garage.

Three copies of proposed ordinance appropriating \$58,312 for the widening of certain portions of Army Street, Market Street, Portola Drive, and Castro Street additional maintenance; widening of Visitacion Avenue, Post Street, Powell to Stockton, Stockton Street, Post to Geary; and right of way for Junipero Serra Boulevard.

These two ordinances (in addition to other matters) propose to provide funds for the widening of streets caused by the proposed elimination of the present sidewalk area fronting the Union Square Garage.

Under Section 10 of the agreement between the City and County of San Francisco and the Union Square Garage Corporation, it is provided

that the lessee shall indemnify the City and County for any and all expenses resulting from or occasioned by the construction of the Union Square Garage or resulting from its occupation or operation.

If the referenced street widening creates an expense resulting from or occasioned by the construction of the Union Square Garage or resulting from its occupation or operation, it would seem that these ordinances should make provision for the fund advances to be required of or the guarantees of payment to be given by the Union Square Garage Corporation to the City and County of San Francisco.

Yours very truly,

H. D. ROSS,

For HAROLD J. BOYD,

Controller.

March 6, 1942.

SUBJECT: In re. Liability of Union Square  
Garage Corporation for widening  
Streets surrounding Union Square.

Dear Sir:

I am in receipt of a letter under date of February 16th addressed to you by the Controller relative to the expenditure of certain municipal funds for widening the roadways of Geary Street between Powell and Stockton Streets, of Powell Street between Geary and Post Streets, Post Street between Powell and Stockton Streets, and Stockton Street between Post and Geary Streets. With the communication from the Controller are two appropriation ordinances approved by the Director of Public Works, by the Chief Administrative Officer and by the Controller and approved as to form by the City Attorney, which said ordinances provide for appropriations for the widening of the above mentioned streets. A similar letter is addressed by the Controller to the Board of Supervisors.

#### Opinion

The Controller directs particular attention to paragraph 10 of the Agreement between the Board of Park Commissioners and the Union Square Garage Corporation, which paragraph reads as follows, to-wit:

"10. *Indemnity.* Lessee assumes all risks and hazards in connection with the construction of improvements on the demised premises and the occupation and operation thereof, and hereby covenants and agrees to indemnify and save harmless the City and County of San Francisco, the Board, their respective officers, agents and employees, from and against any and all liability, loss and expense arising from injury to or death of persons whomsoever and loss of or damage to property whatsoever occasioned in whole or in part by the acts or omissions of Lessee, its agents, employees, or contractors, or resulting from or occasioned by the construction of improvements or the occupation or operation of the demised premises by Lessee, irrespective of negligence; and Lessee shall carry public liability and property damage insurance in such reasonable amounts as may be determined by Board."

I understand that the widening of the roadways of the streets mentioned is to be accomplished by the removal of the existing sidewalks which are now within the area of the respective streets and the construction of new sidewalks within the limits of Union Square. The cost of constructing the new sidewalks will be borne by the Union Square Garage Corporation while it is proposed that the widening of the streets shall be financed by municipal funds under the jurisdiction of the Director of Public Works.

I have given particular attention to the language above quoted from paragraph 10 of the Agreement and I can find nothing contained in this section which would place upon the Garage Corporation the

liability for widening the roadway of the respective streets. The city would have a perfect right to widen roadways of these streets irrespective of the construction of the Garage and, while the widening of the streets may be of some benefit to the Garage, they are being widened, not for the convenience of the Garage but to accommodate the traffic upon the respective streets. Therefore, the street widening is for a public purpose and not for the benefit of the Garage.

It appears from other ordinances which I have examined that the necessary procedure was followed by the Director of Public Works and by the Board of Supervisors to provide for the widening of the roadways of these streets. The same procedure has been followed as would be followed in the widening of the roadway of any other street in the city.

Paragraph 10 above quoted was apparently inserted in the Agreement to protect the city against liability by reason of the construction or operation of the garage. Note the pertinent language of the paragraph above quoted:

"Lessee \* \* \* covenants and agrees to indemnify and save harmless the City and County of San Francisco, the Board, their respective officers, agents and employees, from and against any and all liability, loss and expense arising from injury to or death of persons whosoever and loss of or damage to property whatsoever occasioned in whole or in part by the acts or omissions of Lessee \* \* \* or resulting from or occasioned by the construction of improvements or the occupation or operation of the demised premises by Lessee, irrespective of negligence; \* \* \*

As I have already said, the widening of the streets is not occasioned and is not made necessary by the construction, occupation or operation of the garage for the reason that the garage could have been constructed and could be operated with the streets in their present condition.

Therefore, I am of the opinion that the city is not entitled to any indemnity under paragraph 10 of the Agreement between the Board of Park Commissioners and the Union Square Garage Corporation on account of the widening of the roadways of the respective streets. You are so advised.

I herewith return you the proposed appropriation ordinances making the appropriation to finance the widening of these streets.

Very truly yours,

JOHN J. O'TOOLE,

City Attorney.

The Mayor.

## NEW BUSINESS

### Final Passage

The following recommendations of the Finance, Revenue and Taxation Committee were taken up:

Present: Supervisors MacPhee, Mead, and Uhl.

**Amending Ordinance Creating the San Francisco Civilian Defense Council, by Providing for the Appointment of Director of Operations and for the Appointment of Director of Civilian Defense; an Emergency Ordinance.**

(Series of 1939)

Bill No. 1623, Ordinance No. 1555, as follows:

Amending Section 5 of Ordinance No. 1448 entitled: "Creating the San Francisco Civilian Defense Council; Providing for the Membership Thereof, and for the Organization Thereof; and the Granting of Said Powers to Said Council" by providing for the appointment of a Director of Operations and for the employment of a Director of Civilian Defense and defining their duties and providing for the compensation of said Director of Civilian Defense: an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 5 of Ordinance No. 1448, entitled as hereinbefore set forth, is hereby amended to read as follows:

Section 5. The Mayor as Chairman and executive head of the Defense Council shall appoint a Director of Operations who shall at all times stand ready, especially during any acute emergency wherein his services might be needed, to aid the other officers and members of the Civilian Defense Council, as well as the officers of the City and County of San Francisco, and to direct the affairs of said Defense Council so that the greatest possible aid can be rendered to the people of the City

and County of San Francisco to protect them against the dangers of the present emergency.

The Mayor as Chairman and executive head of said Civilian Defense Council shall also employ a Director of Civilian Defense who shall be an expert in the work of civilian defense and whose duty it shall be, subject to the general supervision of the Mayor, to coordinate the civilian defense of San Francisco for the training of all personnel connected therewith and the operation and implementation of all plans for civilian defense. As far as said Civilian Defense Council and this work is concerned, said Director of Civilian Defense shall be subordinate only to the Mayor and he shall work in close cooperation with the Defense Council and with the heads of the several departments of the municipal government and shall maintain the necessary contacts with the State Council of Civilian Defense and the several local councils of civilian defense within the metropolitan area of San Francisco in order that coordination of the work of said Defense Council with said State Council of Defense and other Civilian Defense Councils may be had. The compensation of said Director shall be fixed in accordance with the fiscal and budgetary provisions of the Charter.

The Mayor as Chairman and executive head of said Civilian Defense Council shall also appoint three assistants of Civilian Defense, who need not be members of the Defense Council, and whose duties will be to aid the Director in carrying out his work. They shall be responsible under the Director of Civilian Defense for coordination of the activities of the Defense Council; keeping its records; conducting its correspondence and performing such other duties as the Defense Council, or the Director of Civilian Defense shall, from time to time, require of them. They shall be experts in Civilian Defense work. The Director of Civilian Defense and each of the assistants to said Director shall hold their respective offices at the pleasure of the Mayor.

Section 2. This ordinance is passed as an emergency measure and this Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature and character of said emergency being the same as is set forth in Section 13 of said above mentioned Ordinance No. 1448.

The following communication was presented and read by the Clerk.  
 Honorable Board of Supervisors March 23, 1942  
 City Hall  
 San Francisco, California

Dear Supervisors:

I am herewith transmitting to you the following ordinances and resolutions:

- 1—An ordinance to amend Section 5 of the Civilian Defense Council by providing for a Director of Operations and also making provision for the position of Director of Civilian Defense and providing for his qualifications.
- 2—An ordinance providing for an appropriation of \$1975 to care for the salary of this position until June 30 of the present year.
- 3—An amendment of the Salary Ordinance to care for said position.
- 4—The recommendation of the Civil Service Commission that the position of Director of Civilian Defense be exempted from the residential qualifications of the Charter.
- 5—A resolution to be passed by your Board approving the recommendation of the Mayor and the Civil Service Commission in exempting this position from the residential qualifications provided for in Section 7 of the Charter.

It is important that all these ordinances and resolutions should be passed as emergency measures at the earliest possible moment, for reason that the existing emergency necessitates the position of Director of Civilian Defense being filled at once.

Chief Charles W. Dullea found that the work of Director of Civilian Defense took so much of his time that his work as Chief of Police was suffering.

I have made a careful survey to find a successor for Chief Dullea and intend to select Mr. John E. Helms. Mr. Helms is an expert in Civilian Defense. He is a graduate civil engineer skilled in his profession; has served as Regional Director of the Civilian Defense Council of the western states and has been the head of the California State Council of Civilian Defense. Therefore I can state positively to you that Mr. Helms is qualified in every way to act as Director of Civilian Defense for our local Defense Council. As a matter of fact, I believe the City is extremely fortunate to be able to obtain the services of Mr. Helms in this important position.

The reason for exempting the position from residential qualifications is that up to a short time ago Mr. Helms was a resident of Palo Alto; however, he has now taken up his residence in San Francisco, but as a charter provision ordinarily requires a year's residence before a person is eligible to be appointed to a position. I am asking the exemption of the position from the residential qualifications provided for in the Charter.

I trust that your Board will, after proper committee approving these ordinances and resolutions, pass the same without delay, as it is extremely important that the position of Director of Civilian Defense should not remain unfilled.

Very truly yours,

ANGELO J. ROSSI  
Mayor.

**Report from Registrar of Voters as to Date for Election**

Supervisor Gallagher, after discussing the possibility of an election date earlier than June 9, 1942, presented the following communication, and requested that it made part of the record:

Honorable Dan Gallagher,

March 24, 1942.

Board of Supervisors,

San Francisco.

Dear Sir:

I appreciate very much your view of the need of haste in arranging the bond election. I am very willing to do my utmost in the matter. My

statement that June 9th is the earliest possible date is neither obstinacy nor based on a failure to appreciate the urgency of the situation. Here are the facts.

The election is held in small groups of blocks—precincts.

Every voter's affidavit of registration must be in the proper precinct. There must be an index to the affidavits of registration. We must mail to each voter his sample ballot, official literature and polling place card directing him where to vote not less than 15 days before election.

We have nearly 350,000 registrations. These have nearly all been re-assembled in the new assembly districts and precincts. But the law requires that we print an index to the registrations in each precinct. The old copies will not do for the districts and precincts have been very greatly changed and about 30% of the people listed have actually moved from the addresses listed.

We are trying to get out copy for this index at the rate of 10,000 names a day. It will take about 32 working days to complete the copy, which means May 6th or 7th. Completing the reading of proof will require two weeks, bringing the time up to May 20th. Then the actual printing and delivery of the printed index will take another week. Following this we must stamp on the printed index the "moved" notation from undeliverable envelopes returned by the post-office, which constitutes a challenge list. This brings the date to June 3rd, which is in time for the indexes to be put in the precinct supply boxes for delivery to the precinct election officers on Sunday, June 7th for the election June 9th.

It is difficult to get typists for short period temporary work so I cannot promise to speed up the preparation of copy. As a matter of fact I am actually short handed on typists now.

I face similar difficulties in the machine addressing department. Only by putting on two shifts can I get the work done in time for June 9th. We have only four machines and can get only women operators. I have carefully estimated the daily output possible and the time schedule for printing the envelopes from the corrected addressograph plates and mailing the sample ballots, and I assure you that June 9th is the earliest possible date that the job can be done.

The rent of polling places and the appointment of election officers also presented problems of time. Polling places must be selected and contracts for their rental signed in time for posting thirty days before election. It takes about a month after we mail offers of contracts to the owners of polling places to get them all signed. And that means we have to send a man out to hunt down the laggards.

There are other problems of printing, preparation of voting machines, etc. but the foregoing states sufficiently the obstacles to an earlier date for the special election.

With best regards, I remain,

Yours very sincerely,

CAMERON H. KING,

Registrar of Voters.

**Appropriating \$2,835.00 Out of Emergency Reserve Fund to the Credit of Department of Public Health—Birth Registrations, March 25 to June 30, 1942; an Emergency Ordinance.**

(Series of 1939)

Bill No. 1632, Ordinance No. 1565, as follows:

Authorizing an appropriation of \$2,835.00 out of the Emergency

Reserve Fund to the credit of the Department of Public Health for the purpose of providing temporary employments for issuing certificates of birth registrations for the period March 25 to June 30, 1942—an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$2,835.00 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 150.120.03, for the purpose of providing temporary employments for issuing certificates of birth registrations, for the period March 25, 1942 to June 30, 1942.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare, by the vote by which this ordinance is passed, that an actual emergency exists which necessitates this ordinance becoming effective immediately, to-wit: the great increase in the activities of the Bureau of Birth Registrations, due to War Emergency conditions, necessitates the employment of this additional temporary personnel in order to insure the uninterrupted operation of the Birth Registration Bureau of the Department of Public Health for the balance of the fiscal year.

#### Passage for Second Reading

**Providing for Leaves of Absence for Military Service, or Naval Service, or Other Mandatory Service for National Defense or Preparedness in Time of War or in Time of Peace.**

(Series of 1939)

Bill No. 1629, Ordinance No. ...., as follows:

Amending Sections 382, 383, 384 and 385, Part I, of the San Francisco Municipal Code, specifying officers, employees, and services for which leaves of absence shall be granted for military, or naval, or other mandatory duties for national defense or preparedness; providing for the duration of such leaves of absence, Civil Service status, and exceptions and limitations; providing for proof of duty and such leave of absence with and without pay; providing for rules and regulations to be adopted by the Civil Service Commission; providing for pending actions and accrued rights; and providing a saving clause.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 382, 383, 384 and 385, Part I, of the San Francisco Municipal Code, are hereby amended to read as follows:

**SEC. 382. Specifying Officers, Employees, and Services for which Leaves of Absence Shall be Granted for Military or Naval, or Other Duties for National Defense or Preparedness.** The head of the respective department, office, board or commission of the City and County of San Francisco, with the approval of the Civil Service Commission, and subject to the provisions of Section 153 of the Charter and Sections 382 to 385, inclusive, Part I, of this Code, shall grant military leaves of absence for active service or training to the following officers and employees for the services enumerated in this Section:

**OFFICERS AND EMPLOYEES ELIGIBLE FOR  
MILITARY LEAVES OF ABSENCE**

1. Any officer or employee of the City and County of San Francisco, or any uncertificated officer or employee of the Unified School District of said City and County; provided, that the temporary appointment of an employee serving under temporary civil service appointment at the time of induction or enlistment in the military service as hereinafter set forth shall be terminated upon induction into said service and his name shall be returned to the list of eligibles from which he was appointed, provided such eligible list is still in force and effect;

2. Any person under probationary appointment as an officer or employee of said City and County or said Unified School District;

3. Any person having rank or place on any civil service list of eligibles for appointment to any position under the government of said City and County, or to any uncertificated position under said Unified School District.

**SERVICES FOR WHICH MILITARY LEAVES OF  
ABSENCE SHALL BE GRANTED**

1. Any branch or division of the United States—
  - (a) Army;
  - (b) Navy;
  - (c) Marine Corps.
2. Any branch or division of the State of California—
  - (a) National Guard;
  - (b) Naval Militia;
  - (c) State Guard;
  - (d) Home Guard.
3. Any service for national defense or preparedness required by mandatory order of—
  - (a) The Government of the United States or by lawful and mandatory order of any of its departments or officers;
  - (b) The Government of the State of California or by lawful and mandatory order of any of its departments or officers.

**SEC. 383. Duration of Military Leaves of Absence—Civil Service Status—Exceptions and Limitations.** (a) **Duration of Military Leaves of Absence.** The head of the respective department, office, board or commission, with the approval of the Civil Service Commission, shall grant military leaves of absence, except as hereinafter provided, as follows:

- (1) **Time of War.** Military leave of absence shall be granted in time of war, and for such time thereafter as shall be provided by rule or regulation of the Civil Service Commission, but not to exceed two (2) years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. In case of such disability said leave of absence shall be extended for such time thereafter as shall be provided by rule or regulation of the Civil Service Commission.
- (2) **Time of Peace.** Military leave of absence shall be granted in time of peace for the period of service or training and for such time thereafter as shall be provided by rule or regulation of the Civil Service Commission, but not to exceed three (3) months after the expiration thereof.

(b) **Civil Service Status.** When any person on such military leave of absence has been appointed to a permanent position, he shall be entitled to resume a position in the same class and department at the expiration of his leave of absence. The term of service or training for which such military leave of absence was granted shall be reckoned a part of his service under said City and County in computing seniority

in the municipal service but not in computing earned sick leave allowance. The calculation of vacation allowance due such officer or employee shall be as provided by the Vacation Ordinance for leave without pay. In time of war when any person on such military leave of absence has standing on an eligible list, he shall retain his place thereon for the duration of the eligible list and thereafter for a period not to exceed two (2) years after proclamation of peace. Upon presenting an honorable discharge or release under honorable conditions from such active service or training for which said military leave of absence was granted, he shall be preferred for appointment in the order of his standing upon such eligible list at the time of his commencement of said military leave of absence and before candidates securing standing through an examination held subsequent to the granting of such military leave of absence. In time of peace when any person on such military leave of absence has standing on an eligible list, he shall retain his place thereon during the period of such leave of absence unless said eligible list shall expire prior thereto, but if his name has been reached for certification to any permanent position during such period of eligibility he shall be preferred for appointment at the end of his military service. A temporary appointment shall be made to said position to serve during the military leave of absence of said person whose name is reached for certification, and on expiration of said leave of absence said person shall be certified for appointment to said position.

(c) **Exceptions and Limitations.** Duration of military leaves of absence shall be subject to the following exceptions and limitations:

- (1) **Elected Officer.** Military leave of absence granted an elected officer shall not extend beyond the period of time for which he was elected; provided, however, if said officer is re-elected for an ensuing term of office, said leave of absence shall be automatically extended to cover such ensuing term.
- (2) **Officer Appointed for Definite Period.** Military leave of absence granted an officer appointed for a definite period of time, as provided for by Charter of said City and County, shall not extend beyond the period of time for which he was appointed; provided, however, if said officer is re-appointed to such position for an ensuing period of time, said leave of absence shall be automatically extended to cover such ensuing period of time.
- (3) **Officer or Employee Exempted by Charter from Civil Service Examination.** Military leave of absence granted an officer or employee exempted by the Charter of said City and County from civil service examinations, except those provided for in subdivisions (1) and (2) of paragraph (c) of this Section, shall not extend beyond the period of time for which his appointing officer was himself elected, or appointed, or holds such office.

**SEC. 384. Proof of Duty—Leave With and Without Pay.** (a) **Proof of Duty.** Any person applying for military leave of absence shall, at such time, file with the Civil Service Commission a copy of the orders requiring such service or training for which said leave of absence is requested. Upon discharge or release from such service or training for which said leave of absence was granted, said person shall file with the Civil Service Commission a copy of such discharge or release from said service or training; provided, however, if a person on such leave of absence has standing on an eligible list, he must present an honorable discharge or release under honorable conditions from such service or training before being eligible for appointment from said eligible list.

(b) **Leave With and Without Pay.** Whenever any officer or employee of the City and County of San Francisco or any uncertificated officer or

employee of the Unified School District of said City and County, including persons under probationary appointment, has been in the employ of said City and County or said Unified School District for one (1) year or more continuously prior to the date upon which said military leave of absence begins, he shall be allowed his regular salary or compensation during such leave of absence, but in no event shall he be paid during such leave of absence for more than thirty (30) days in any calendar year; nor for more than thirty (30) days for any period of continuous military leave of absence.

**SEC. 385. Rules and Regulations to be Adopted.** The Civil Service Commission is authorized to adopt, promulgate and enforce such rules and regulations pertaining to military leaves of absence as are not in conflict with the provisions of Sections 382 to 384, inclusive, Part I, of this Code, as will enable the Civil Service Commission to enforce and carry out the meaning and intent of said Sections.

**Section 2. Pending Actions and Accrued Rights Unaffected.** No action or proceeding commenced before this Ordinance takes effect, and no right accrued, is affected by the provisions of this Ordinance, but all procedure thereafter taken shall conform to the provisions of this Ordinance as far as possible.

**Section 3. Saving Clause.** If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Ordinance or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

#### Exempting Director of Civilian Defense from the Residential Qualifications Set Forth in Section 7 of the Charter

(Series of 1939)

Resolution No. 2519, as follows:

Whereas, The position of Director of Civilian Defense created by Ordinance No. 1448 is a position requiring expert and technical training; and

Whereas, The Mayor, as head of the Civilian Defense Council and as Mayor of the City and County of San Francisco, has recommended that said position be made exempt from the residential qualifications contained in Section 7 of the Charter, and the Civil Service Commission has approved said recommendation,

Now, Therefore, be it Resolved That this Board of Supervisors does hereby concur in the approval of said Civil Service Commission in exempting said position as Director of Civilian Defense, and does hereby exempt said position from the residential qualifications provided for in Section 7 of the Charter.

Approved as to form by the City Attorney.

### Privilege of the Floor

Mr. Alfred Del Carlo, representing a group who were protesting the appointment of Mr. Helms to the position of Director of Civilian Defense, and Mr. R. J. O'Rourke, President of San Francisco Property Owners League, and representing Fusion Five, Inc., also protesting the appointment of Mr. Helms, suggested and urged that the residential requirements of the Charter be not exempted. Both speakers recommended the appointment of former Chief of Police, William J. Quinn to the position. Mr. Quinn, they stated, had signified his willingness to accept the position, without salary, other than the retirement pension he is now receiving.

Chief of Police, Charles Dullea, recommended the adoption of the foregoing Resolution and the appointment of Mr. Helms to the position of Director of Civilian Defense.

### Explanations of Votes

Supervisor Uhl announced his intention to vote for the Resolution waiving the charter residential requirements. If the position were to be permanent, he would oppose the Resolution. However, it is not, and because Mr. Helms is so highly recommended by the Chief of Police, Mr. Theodore Roche, and others, Supervisor Uhl stated he would vote for the Resolution.

Supervisor Mead announced that although he had, in the past, opposed every proposal to residential requirement, he would, in view

of the many recommendations received, vote "Aye" on the proposed Resolution.

Supervisor Colman, also explained his vote, saying that he believed the people are much more concerned with the capabilities and character of the Director of Civilian Defense than with his place of residence. Mr. Helms is no foreigner; Burlingame and San Francisco are practically parts of the same large community. Mr. Helms has the recommendation of the leaders of the defense group, Chief of Police Dullea, the Mayor, Mr. Brooks, Mr. John Cahill, all recommend him as the best qualified man for the position. We want him.

Thereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Appropriating \$60,000 from Water Surplus Fund to Credit of Additions and Betterments for Construction of Water Department Crosstown Discharge Main.**

(Series of 1939)

Bill No. 1633, Ordinance No. ...., as follows:

Appropriating the sum of \$60,000.00 from Appropriation No. 66,990.00 Water Surplus Fund, to the credit of Appropriation No. 166,500.00 Additions and Betterments, to provide additional funds for construction of Water Department Cross Town Discharge Main.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$60,000.00 is hereby appropriated from Appropriation No. 66,990.00 Water Surplus Fund, to credit of Appropriation No. 166,500.00 Additions and Betterments, to provide additional funds for construction of Water Department Cross Town Discharge Main.

Public Utilities Resolution No. 4866, by R. J. McDonald, Assistant Secretary.

Approved as to funds available by the Controller.

Recommended by the Manager of Utilities.

Approved as to form by the City Attorney.

Approved by the Mayor.

After explanation by Mr. Robison, of the Public Utilities Commission, the foregoing Bill was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Refused Adoption

Present: Supervisors MacPhee, Mead, Uhl, Gallagher, Meyer, O'Gara, Shannon, Roncovieri.

### Airport Bonds—1942

(Series of 1939)

Resolution No. ...., as follows:

Resolution determining that public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of the City and County of San Francisco, to-wit: Improvement of the San Francisco Airport in San Mateo County, including

additions thereto so as to provide the necessary facilities for the landing and taking off and the housing and harboring of planes patronizing said airport, including additional operating area and runways for said planes, hangars, shops and other structures, lighting facilities, drainage and sewer facilities, buildings and equipment for utility service and for the accommodation of passengers and patrons, the grading, draining, filling and paving of any portion of said airport and the airport lands now under the jurisdiction of the public utilities commission, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the several departments of the government of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of aircraft, including the construction of roads and ways on or through said airport and the aiding of, and cooperation with, the State of California or the government of the United States in the construction of roads adjacent to said airport, all in order to do and perform any and all of the matters hereinabove referred to for the improvement of said San Francisco Airport, the cost of which said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. That the public interest and necessity demand the acquisition, construction and completion of the following municipal improvement of said City and County, to-wit: Improvement of the San Francisco Airport in San Mateo County, including additions thereto so as to provide the necessary facilities for the landing and taking off and the housing and harboring of planes patronizing said Airport, including additional operating area and runways for said planes, hangars, shops and other structures, lighting facilities, drainage and sewer facilities, buildings and equipment for utility service and for the accommodation of passengers and patrons, the grading, draining, filling and paving of any portion of said Airport and the airport lands now under the jurisdiction of the Public Utilities Commission, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the several departments of the government of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of aircraft, including the construction of roads and ways on or through said Airport, and the aiding of, and cooperation with, the State of California or the government of the United States in the construction of roads adjacent to said Airport, all in order to do and perform any and all of the matters hereinabove referred to for the improvement of said San Francisco Airport.

Section 2. That said improvement is necessary and convenient to carry out the objects, purposes and powers of said City and County.

Section 3. That the estimated cost of said municipal improvement is \$500,000, and that the cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue

Section 4. That the existence of war between the United States of America and the Axis Powers renders it imperative that said improvement be forthwith acquired, constructed and completed and that a bonded indebtedness for that purpose be incurred therefor.

Section 5. This Resolution shall take effect immediately.

#### Explanations of Votes

Supervisor Gallagher explained that he had objected to placing the proposed Airport Bond matter on the same ballot with the Civilian Defense bonds. He believed that no other matter should be placed on the ballot for the June election. He would vote against the Resolution.

Supervisor Mead stated that he believed the people could distinguish between bonds for the Airport and other bonds, and there would be

no confusion. In view of the circumstances surrounding this bond issue, and guided by the recommendation of the Superintendent of the Airport, he would vote for the Resolution.

Supervisor O'Gara announced that he was sympathetic toward placing the Airport Bond proposal on the ballot, as he would be toward any recommendation the Superintendent of the Airport might make. But he had been informed there would be no newspaper support for this proposed bond issue, and the down town interests will oppose it. The bonds would, then, he believed, have but little chance of being approved. He believed that confusion would result in placing the Airport bond matter on the ballot along with bonds for Civilian Defense. He would vote "No."

#### Refused Adoption

Thereupon, the roll was called and the foregoing Resolution was *Refused Adoption* by the following vote:

Ayes: Supervisors Mead, Meyer—2.

Noes: Supervisors Brown, Colman, Gallagher, MacPhee, O'Gara, Roncovieri, Shannon, Uhl—8.

Absent: Supervisor Green—1.

#### Discussion

Following the foregoing vote, Supervisor Brown stated that he had not voted against the Resolution because he was opposed to the proposed improvement. He suggested that the Board should not lose touch with the situation, but try to work out some plan whereby the proposed improvement can be financed without a bond issue.

The Chair referred the suggestion to the Streets Committee.

Supervisor Meyer, however, pointed out that the Joint Committee which had heard the matter, was told that there must be a bond election not later than June 9th, otherwise the road would be built where it is at present, and there would be no chance in the future to do anything in the matter.

Supervisor Green, who was absent from the chambers at the time of the foregoing roll call, on his return announced that had he been present he would have voted "No." and he desired the record so to show.

Supervisor Roncovieri stated that he would like to have been able to vote "Yes" on the matter of Airport bonds, but could not. The State, he continued, owes San Francisco \$247,000, because of federal aid received for the construction of the Funston Avenue approach to the Golden Gate Bridge. The City Attorney has been instructed to bring suit for that amount, and he assures the Board that the City will win the case. Therefore, Supervisor Roncovieri suggested that the Committee consider the fact and endeavor to compromise the matter with the State, and that the Board pledges itself to place an additional \$250,000 in the coming budget, in order to provide for the relocation of the Bayshore Highway as recommended by the Superintendent of the Airport.

Supervisor Meyer, however, pointed out that the Committee had been told that the matter of the Funston Avenue Approach has not yet been concluded, and that until certain construction within the Presidio has been completed, the books will not be closed.

The following recommendation of the Public Utilities Committee was taken up:

Present: Supervisors Meyer and Roncovieri.

**Resolution Granting Market Street Railway Company Permission to Operate Motor Coaches on and Along Certain Streets in the City and County of San Francisco.**

(Series of 1939)

Resolution No. 2526, as follows:

Resolved, That Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at the will of the Board of Supervisors, to operate motor coaches and to maintain and operate a public passenger motor coach service for a period not exceeding the duration of the war and national emergency over, upon and along the hereinafter described route in the City and County of San Francisco, State of California, to-wit:

Commencing at Twenty-sixth Street and Castro Street, thence along Twenty-sixth Street to Guerrero Street, thence along Guerrero Street to Army Street, thence along Army Street to Third Street, thence along Third Street to Nineteenth Street, thence along Nineteenth Street to Illinois Street, thence along Illinois Street to Twentieth Street, thence along Twentieth Street to Third Street.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said motor coaches, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors and, upon the revocation of the same, all rights and privileges herein granted shall cease and terminate, and that the said permit or any of the privileges thereby granted or exercised thereunder shall not in any proceeding instituted by the City and County of San Francisco to acquire the system of said Market Street Railway Company be deemed an asset or thing of value to said system;

(b) That said motor coaches will at all times be operated by skilled operators and, in the operation of the same, the said Market Street Railway Company will comply with all state and municipal rules, laws and regulations relating to the operation of such motor coaches;

(c) Transfers shall be issued to and from said motor coach line by and to the coach lines and street cars operated by said company in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street cars and coaches of said Company.

Approved as to form by the City Attorney.

#### Explanations of Votes

Supervisor MacPhee, in explaining his vote, stated that he had no objection to voting for the foregoing Resolution in order to help out the shipyard workers. However, in general, he would continue to vote against such kind of legislation until the Market Street Railway Company gets its roads into shape.

Supervisor O'Gara objected to the Resolution as presented, holding that there was no definite limitation of time during which the Market Street Railway Company might operate motor buses over the routes described, the first paragraph granting permission "for the duration of the war and national emergency . . ." There should be a definite time beyond which the company might not operate under the terms of the Resolution to be adopted.

Whereupon, the City Attorney, to meet Supervisor O'Gara's objection, suggested as an amendment that the words "a period not exceeding" be inserted in the fourth line of the first paragraph, immediately after the word "for," making that paragraph read as follows:

"Resolved, That Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at the will of the

Board of Supervisors, to operate motor coaches and to maintain and operate a public passenger motor coach service for a period not exceeding the duration of the war and national emergency over, upon and along the hereinafter described route in the City and County of San Francisco, State of California, to-wit:”

No objection being made the amendment was accepted as part of the Resolution.

Whereupon, the foregoing Resolution, amended as printed, was

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O’Gara, Roncovieri, Shannon, Uhl—11.

### Providing for Substitution of Buses for Street Car Service by Market Street Railway Company on Certain of its Tracks, the Removal of Said Tracks and Repair of Streets.

(Series of 1939)

Bill No. \_\_\_\_\_, Ordinance No. \_\_\_\_\_, as follows:

Providing for the removal of certain street railway tracks of the Market Street Railway Company and the substitution of automobile buses in lieu of street car service on San Bruno Avenue, Bay Shore Boulevard, Twenty-fourth Street, Fourteenth Street, Guerrero Street, San Jose Avenue, Thirtieth Street, Chenery Street, Diamond Street, Monterey Boulevard, Circular Avenue, Richland Avenue, Leese Street, Polk Street, Larkin Street, Post Street, Bryant Street, Army Street, First Street, Third Street, Divisadero Street, and Fillmore Street, and designating the work to be done and apportionment of expense in the removal of said street railway tracks, the manner and times in which said street railway tracks shall be removed and the disposition thereof in the interest of production for National Defense and the repaving in connection therewith, and providing for track and pavement repair in certain track areas on McAllister Street, Mission Street, Fourth Street, Townsend Street, Eighth Street, Folsom Street, Sansome Street, Eush Street, Second Street and Brannan Street.

Whereas, Market Street Railway Company is the owner and holder of an operating permit granted by the City and County of San Francisco, which said operating permit is dated February 9, 1931, and wherein and whereby said Market Street Railway Company owns and maintains street railway tracks and operates electric railway cars over, upon and along the certain streets, avenues and boulevards, or portions thereof, set forth in the title of this ordinance and which are more particularly set forth and described in Exhibit “A” which is hereto annexed and made a part hereof; and

Whereas, Pursuant to ordinances duly and regularly passed by the Board of Supervisors of the City and County of San Francisco, Market Street Railway Company has been granted permission to operate automobile buses and motor coaches over, upon and along the streets, avenues and boulevards set forth and described in said Exhibit “A” in conjunction with and in extension of and supplementary to and as a substitute service for the electric street railways and street car service operated and in effect over, upon and along said streets, avenues and boulevards and routes; and

Whereas, City and County of San Francisco, for the reasons herein stated, desires that street car operation by Market Street Railway Company, over, upon and along the streets, avenues and boulevards as set forth and described in said Exhibit “A” be discontinued and

certain of the tracks removed from said streets, avenues and boulevards; and

Whereas, in aid of the production program for national defense in the present emergency, it has become desirable to salvage and use for national defense purposes steel rails and tracks such as are now located in the streets, avenues and boulevards, and the portions thereof, described in said Exhibit "A"; and

Whereas, the Works Projects Administration has agreed to furnish the labor for the purpose of removing and salvaging such steel rails and tracks described in said Exhibit "A", as herein provided, and for repaving the track areas wherever such steel rails and tracks are removed and salvaged; and

Whereas, City and County of San Francisco desires to cooperate with the Works Projects Administration in respect thereto for the purposes of national defense, and Market Street Railway Company desires to cooperate with the City and County of San Francisco and the National Government in the removal of such steel rails and the salvaging thereof; and

Whereas, the City and County of San Francisco desires to sponsor a Works Projects Administration project, and the Market Street Railway Company is willing to agree to the discontinuance of street car service over and along those certain streets, avenues and boulevards and routes described in said Exhibit "A", whenever the steel rails and tracks are removed therefrom for the purpose of salvaging the same, as herein provided; and

Whereas, It appears to the Board of Supervisors of the City and County of San Francisco that it is in the public interest to remove some or all of the street railway tracks on the streets, avenues and boulevards, as described in said Exhibit "A", and that the salvaging of any of the steel rails and tracks described therein will be in the interest of production for national defense, and the public and public interest will not be injured or suffer by reason of the removal thereof;

Now, Therefore, be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the Works Projects Administration has agreed with the City and County of San Francisco to furnish the labor for the purpose of removing and salvaging any of the steel rails and tracks described in said Exhibit "A", and to repave the track areas where such rails are removed, Market Street Railway Company will transfer title to the City and County of San Francisco of such steel rails and tracks, ties, tie plates, and steel rods, (subject to the reservation contained in Section 5 hereof), to be removed as herein provided, and which are described in said Exhibit "A" as consisting of seventeen (17) parcels of track comprising approximately one hundred and seventy-two thousand three hundred sixty-eight (172,368) feet of single track, with an approximate salvage value of Eighty-nine Thousand One Hundred Seventy-one and 20/100 Dollars (\$89,171.20). The Works Projects Administration agreeing to furnish all labor required to remove the rails and material and repave the track areas after such removal.

Section 2. City and County of San Francisco and Market Street Railway Company are to share equally the non-labor costs for any rail removal in any track area described in said Exhibit "A" and for any street repaving work necessarily due to such rail removal. The non-labor costs, namely, material and equipment, and the cost of inspection by the City, shall not exceed the sum of Two Hundred and Fifty-five Thousand and Seventy-six Dollars (\$255,076.00); after deducting therefrom the salvage value of the steel rails and appurtenances referred to in Section 1 hereof amounting to the sum of Eighty-nine Thousand One Hundred Seventy-one and 20/100 Dollars (\$89,171.20), there will then remain a balance of One Hundred Sixty-

five Thousand Nine Hundred Four and 80/100 Dollars (\$165,904.80) (less any and all additional contributions Works Projects Administration may make to the City and County of San Francisco in connection with the rail removal and street repaving work described herein), which shall be shared equally by City and County of San Francisco and Market Street Railway Company.

Section 3. Market Street Railway Company may furnish necessary equipment for rail removal and repaving (roller and spreader excepted) on account of its share of non-labor costs outlined in Section 2 hereof. The use or rental value of such equipment shall be computed at the rate which the City and County of San Francisco may rent adequate equipment on the open market at the time such equipment is furnished. The estimated rental value of said equipment is approximately Seventy Thousand Six Hundred Seventy-one Dollars (\$70,671.00).

Section 4. Market Street Railway Company shall have the exclusive right to use each and all of the street railway tracks described in said Exhibit "A," and each and every part thereof, for any purpose until the removal of said steel rails and tracks from the respective streets, avenues and boulevards, and portions thereof, described in said Exhibit "A," by Works Projects Administration or the City and County of San Francisco, and during and after the removal of any of said track or tracks Market Street Railway Company shall continue to have the right to operate automobile buses and motor coaches over, upon and along all of said streets, avenues and boulevards described in said Exhibit "A" in lieu of and as a substitute service for the electric street railway lines and street car service now in effect over, upon and along said streets, avenues and boulevards, and the operation of said automobile buses and motor coaches over such routes and the rights and permits hereby granted shall be deemed to be in substitution and in lieu of the rights and permits under which electric street railway lines and street car service are now operated by Market Street Railway Company over, upon and along said streets, avenues and boulevards under said operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof, and shall be subject to the terms and conditions of said permit and any such ordinance or ordinances.

Section 5. The right of Market Street Railway Company to withdraw upon written notice to the City and County of San Francisco any parcel of track described in said Exhibit "A" before the commencement of the work contemplated herein and have same reconveyed to Market Street Railway Company by City and County of San Francisco if Market Street Railway Company determines such parcel of track is necessary or useful for street car operation due to the present national emergency and war conditions, is hereby reserved to the Market Street Railway Company. In such event there shall be a commensurate reduction of the obligations of the City and County of San Francisco and the Market Street Railway Company hereunder.

Section 6. Market Street Railway Company, in addition to its regular track maintenance and track repair in track areas, will perform track and pavement repair work along and upon tracks in areas described in Exhibit "B" which is hereto annexed and made a part hereof. The estimated cost of such track and pavement repair work is the sum of Ninety-three Thousand Eight Hundred and Fifty Dollars (\$93,850.00). Said track and pavement repair work is subject to the following conditions:

(a) Track reconstruction and paving necessary along any portion of the areas and streets, as described in said Exhibit "B", shall be performed in the same ratio and proportion as work is performed by the City and County of San Francisco in the rail and track removal described in said Exhibit "A";

(b) Market Street Railway Company shall be granted deferment of work in those instances where rail replacement is found to be necessary and where, due to national defense, acceptable rail as may be required is not obtainable;

(c) Market Street Railway Company, in performing paving work in track areas described in said Exhibit "B", will procure and obtain a good, smooth, rideable surface properly conforming to the adjacent pavement and will either remove all basalt block pavement existing in the track areas described in said Exhibit "B" (excluding header blocks) and replace same with asphaltic concrete or lower and cover same with asphaltic concrete. All work to be done to the satisfaction of the Director of Public Works.

Section 7. The work to be performed, as outlined in this ordinance and described in said Exhibits "A" and "B", shall be completed within three (3) years from the effective date of this ordinance.

Section 8. In the event that the physical properties of the Market Street Railway Company are sold to the City and County of San Francisco during the time this ordinance is in effect, then and in that event Market Street Railway Company shall be relieved of any unfulfilled obligation arising by reason of any of the provisions, terms or conditions of this ordinance.

Section 9. The public interest will not be injured or suffer by the removal of the street car tracks and the substitution of automobile bus or motor coach service in lieu of the present electric street railway lines and service in this ordinance referred to and set forth and described in said Exhibit "A", and the Board of Supervisors so finds.

Section 10. This ordinance shall be without prejudice to any of the other rights and privileges now owned or held by said Market Street Railway Company by virtue of its operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof.

Section 11. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 12. All and singular the grants, permits and rights made and given to City and County of San Francisco and Market Street Railway Company by this ordinance are dependent upon the faithful performance of all of the obligations imposed upon City and County of San Francisco and Market Street Railway Company, and each of them, by this ordinance.

Section 13. Before this ordinance shall become effective, Market Street Railway Company shall file with the Clerk of the Board of Supervisors its written acceptance of all of the terms and conditions thereof.

Approved as to form by the City Attorney.

#### Privilege of the Floor

Mr. Wm. D. Coughlin, representing the Associated General Contractors, opposed the foregoing legislation. As the Bill is drawn, there can be no assurance of the completion of the work, or of the cost thereof.

The Chief Administrative Officer answered statements made, and urged passage of legislation as presented. The proposed work would cost about three times as much, he stated, if it were to be done under private contract.

Thereupon, the roll was called and the foregoing Bill was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl - 11.

Present: Supervisors Colman, Green, O'Gara and Shannon.

**Providing the Manner in Which Bills and Resolutions Shall be Introduced in or Presented to the Board of Supervisors for Enactment or Adoption and for the Publication Thereof; Providing the Manner and Time in Which Committees Shall Act Upon Bills and Resolutions; Defining the Terms "Passage" and "Final Passage"; Repealing Bill No. 9554, Ordinance No. 9140 (New Series) and Deleting Sections 25, 26, 27 and 28 from Article 2, Part I of the San Francisco Municipal Code.**

(Series of 1939)

Bill No. 1630, Ordinance No. ...., as follows:

Providing the manner in which Bills and Resolutions shall be introduced in or presented to the Board of Supervisors for enactment or adoption and for the publication thereof; providing the manner and time in which committees shall act upon Bills and Resolutions; defining the terms "Passage" and "Final Passage"; Repealing Bill No. 9554, Ordinance No. 9140 (New Series) and deleting Sections 25, 26, 27 and 28 from Article 2, Part I of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Except emergency measures, resolutions introduced for consideration and adoption by unanimous consent of the members present, and bills or resolutions prepared and reported out by committee, all bills and resolutions intended for consideration, enactment or adoption by the Board, shall, before consideration thereof or action thereon by the Board, be filed with the Clerk and within twenty-four hours thereafter the President or the Clerk shall refer the same to the committee having jurisdiction over the subject matter thereof for hearing, report and recommendation.

Section 2. The committee to which a bill or resolution is referred shall hold a public hearing thereon and may amend the same and

should the committee refer said bill or resolution to the Board, with or without recommendation, the same shall be printed with amendments thereto, if any, upon the calendar of matters of the Board, at the next regular meeting.

Section 3. If the committee to which a bill or resolution has been referred should not, within thirty days thereafter, unless ordered by the Board sooner to do so, report thereon to the Board, any member of the Board may call for said bill or resolution to be presented to the Board at its next regular meeting and it shall be the duty of the Clerk to cause said bill or resolution to be printed upon the calendar for the day upon which it is to be considered by the Board.

Section 4. Within three days after a bill has been introduced in the Board and referred to committee, notice of the title or purport and subject matter thereof shall be published once in the official newspaper and a copy of such bill shall be kept available for inspection in the office of the Clerk of the Board.

All bills shall be published in full upon passage for second reading.

Within five days after final passage of a bill, except an emergency measure, notice that said bill has been finally passed shall be published once in the official newspaper.

Said notice shall indicate the title and purport of said bill and the date of enactment thereof.

An emergency ordinance shall be published in full immediately after passage.

Within five days after adoption of a resolution said resolution shall be published in full, once, in the official newspaper, unless otherwise provided by Charter or law.

Section 5. The terms "passage" and "final passage" as used herein or in the Charter in connection with bills shall be construed and held to include approval by the Mayor or the lapse of that time, in the absence of the Mayor's approval, within which, under the law, the Mayor is authorized to sign and approve such bill or in the case where the Mayor disapproves or vetoes a bill, the action by which the Board of Supervisors passes a bill notwithstanding the Mayor's veto.

The term "adopted" as used in this ordinance or in the Charter, shall be construed and held to include approval by the Mayor, in those cases where the Mayor's approval is necessary to make said resolution effective, or the lapse of that time, in the absence of the Mayor's approval, where necessary, within which under the law the Mayor is authorized to sign and approve such resolution, or in the case where the Mayor disapproves or vetoes a resolution, the action by which the Board of Supervisors adopts a resolution notwithstanding the Mayor's veto.

Section 6. Bill No. 9554, Ordinance No. 9140 (New Series) is hereby repealed and Sections 25, 26, 27 and 28 of Article 2, Part I of the San Francisco Municipal Code are hereby deleted.

Approved as to form by the City Attorney.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

#### Regulating the Holding of Special Meetings, Board of Supervisors, and Other Boards and Commissions

(Series of 1939)

Bill No. 1631, Ordinance No. ...., as follows:

Regulating the holding of special meetings of the Board of Supervisors and of other Boards and Commissions, provided for in the Charter of the City and County of San Francisco, and providing how said meetings shall be called, and what notice thereof shall be given: repealing Bill No. 636, Ordinance No. 3,064 and deleting Sections 33.

34, 35, 36 and 37 from Article 2, Part I of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Special meetings of the Board of Supervisors shall be called by order of the President, or by order of four (4) members of the Board made in writing and directed to the President, or in his absence to the Clerk, and also by written order of the Mayor directed to the President or in the latter's absence, to the Clerk.

When any order for a special meeting of the Board of Supervisors is made by or upon the President, or in his absence upon the Clerk, as herein provided, the President through the Clerk, or the Clerk, as the case may be, shall within twenty-four (24) hours of the receipt of said order, issue a call for said special meeting.

Section 2. All orders for special meetings of the Board of Supervisors shall specify the time of said meeting and the purpose or purposes for which said meeting is called.

Upon receiving notice of the time and purpose or purposes of said special meeting of the Board of Supervisors the Clerk of said Board shall notify each member thereof at least twenty-four (24) hours in advance of the time of said meeting and the purpose or purposes thereof, which said notice shall be given by personal notice delivered to each of said members, or by notice sent by United States Mail, addressed to each member of the Board, at his respective address.

Notices of any special meeting of the Board of Supervisors shall be published at least twenty-four (24) hours in advance of such special meeting.

Section 3. Special meetings of any Board or Commission provided for by the Charter of the City and County of San Francisco, other than the Board of Supervisors, may be called by the Chairman thereof, and must be called by the said Chairman upon the written request of a majority of the members of said Board or Commission, which said written request must state the purposes for which said meeting is to be called.

Section 4. Notice of said special meetings of said Boards or Commissions, other than the Board of Supervisors, shall be signed by the President or Secretary of said Board or Commission, and shall contain a statement of the purpose or purposes for which said meeting is called, and the time thereof. Said notice shall be personally served on each member of the said Board or Commission or mailed to him by special delivery United States mail, at least twenty-four (24) hours in advance thereof, and if notice of said meeting is mailed, the same shall be addressed to said member at his place of residence or business, and in addition to the notice to each member of said Commission, notice thereof to the public shall be given by posting a notice of said meeting upon the door of the office or place of meeting of said Board or Commission, or in a conspicuous place within said office, at least twenty-four (24) hours in advance of said meeting. Personal notice of any special meeting of any Board or Commission, other than said Board of Supervisors, may be waived by any member of said Board or Commission by consenting in writing to the holding of said meeting, provided that notice to the public of said meeting be given as herein provided.

Section 5. No matter shall be considered at any special meeting of the Board of Supervisors or any other Board or Commission provided for by the Charter of the City and County of San Francisco, except such matters as pertain to the purposes for which said meeting was called, and all of said special meetings shall be held at the regular meeting place of said Board or Commission.

Section 6. Bill No. 636, Ordinance No. 3,064 is hereby repealed and Sections 33, 34, 35, 36, and 37 are hereby deleted from Article 2, Part I, of the San Francisco Municipal Code.

Approved as to form by the City Attorney.

March 30, 1942—On motion by Supervisor Brown, consideration of the foregoing Bill was postponed until Monday, April 6, 1942.

REPORTED UPON BY A COMMITTEE.**

**Commercial and Industrial Development Committee Requested  
to Investigate Possibility of Establishment of Tin Ore Smelting  
Refinery in San Francisco.**

(Series of 1939)

Supervisor Colman presented Resolution No. 2530, as follows:

Whereas, Tin is one of the strategic metals in America's war economy, and

Whereas, The world's principal sources of tin except one now are cut off from the United States by the world war, and

Whereas, The single important source of tin ore now available to the United States is in Bolivia, on the west coast of South America, which source even in normal times is the nearest of the world's large tin deposits to the United States and is reputed to be of such extent and nature that it cannot easily be exhausted, and

Whereas, Heretofore this country has followed the practice of importing tin refined in other countries from ores that could more economically be shipped to the United States for processing, and

Whereas, A federally financed smelter and refinery now is being constructed in Texas, to which ore from Bolivia will have to be transported through the Panama Canal, and

Whereas, The California fruit and vegetable packing industries constitute one of the largest if not the largest consumer of tin in the United States, and

Whereas, California possesses an ever-increasing supply of electric current for industrial uses besides its supplies of natural gas and fuel oil, and

Whereas, Establishment of a tin smelter and refinery in this State would serve both war and peace time demands of the eleven western States without subjecting ore shipments to any hazards of dependency upon the Panama Canal; now, therefore, be it

Resolved, That the Commercial and Industrial Development Committee of this Board be and is hereby directed to investigate the possibilities of establishment of a tin ore smelting and refining plant at San Francisco or some other location in the San Francisco Bay Area, and to report its findings back to this Board at an early date.

**Requesting Chief Administrative Officer to Report on the  
Progress of the Information Booth  
(Series of 1939)**

Supervisor Green presented Resolution No. \_\_\_\_\_, as follows:

Whereas, The people of the City and County of San Francisco have need for counsel and advice in respect to the duties of the department of the Administration and other information regarding the City Hall of San Francisco in general; and

Whereas, No central bureau of information has been established; and

Whereas, An appropriation was made in the budget for the fiscal year of 1941 and 1942 for the establishment of said Information booth; and

Whereas, Bids have been received by the Department of Public Works for the construction of said booth; now, therefore, be it

Resolved, That the Chief Administrative Officer be requested to report to the Board of Supervisors as to what progress is being made in the construction of said booth.

**REPORT OF SUPERVISOR ROBERT M. GREEN MEETING  
OF THE MINERS ASSOCIATION OF CALIFORNIA**

Supervisor Green presented:

As Chairman of the County, State and National Affairs Committee, I proceeded to Sacramento on Thursday, March 26th to represent the City and County of San Francisco at a meeting held jointly by the Mining Association of California. On Thursday night I contacted Mr. Albert Knorp, Chairman of the Association of Gold Miners of California. I learned from him the nature and scope of the meeting. Mr. Knorp informed me that very seldom in the past had San Francisco been represented at the mining conferences and expressed the belief that a representative from San Francisco would certainly do much to engender good will among those in the rural, mountain and mining counties.

The meeting was called for 10 A. M. on the morning of Friday the 27th at the Native Sons Hall in Sacramento. Mr. Philip Bradley, Jr., a mine owner with holdings in many large California mines opened the meeting. His talk was general. He stated that the reason for the meeting was the thought of collaboration between the mine owners in respect to materials, machinery, etc., because of the fact that the industry was facing a shortage of essential materials to conduct their mines.

Mr. Bradley then presented Senator Jesse Mayo of Angels Camp, who acted as Chairman of the meeting. The Senator told that the industry merely wanted approximately 2,000 tons of steel to carry on their operations in the Mother Lode. He stressed the point that their requirements were very small in respect to other industries in the State in fact other industries will receive over 9 hundred million dollars from the Federal Government as subventions during the war period. Senator Mayo stated that the meeting was not a protest meeting; that as we were engaged in a total war, the mining industry had pledged itself to support the Government fully, even to the extent of going out of business itself. He further said that the gold mining industry had been pushed down to the bottom on priorities and that he and those present desired, considering the small amount of money and material that they desired, to petition the Federal Government to keep the mines open during the war period.

Senator Mayo declared that if the mining industry, particularly gold mining, is done away with during the war that very many will lose jobs. He stated that the whole economic backbone of many of the mountain districts such as Amador County, Mariposa County, Tu-

lumne County and others, is the mining industry. He pointed out that school districts would have to be done away with and also the important point that once a mine is closed it is very hard to reopen. He gave several examples of mines that were closed during the first world's war and said that they were never reopened because of the initial expenses. To sum it up the reason for the meeting was to try to find out a way to continue normal operations in the mining industry.

Senator Mayo then threw the meeting open to general discussion. Supervisor Minzel of Mariposa presented a resolution passed by the Board of Supervisors of Mariposa County. The Supervisor reiterated Senator Mayo's statements that the Government comes first; that every one in his county is dependent upon the mine; that all they wanted was to continue normal operations and ask for very little to do so.

The Chairman of the Board of Supervisors of Amador County then spoke and his general theme was the same as the representative of Mariposa County and Senator Mayo. He spoke from the standpoint of a higher tax rate in case mine operations should be discontinued and said that his county would perhaps become bankrupt.

Senator Mayo then called upon myself. He congratulated San Francisco on having sent a representative to the mining conference. He introduced me and stated that he felt that San Francisco had, for too many years, been looking to the West and forgetting that the great backbone of its wealth could be the rural and mining counties. I talked briefly, stating that I had been authorized to say that in view of the very reasonable amount that the industry desired and the fact that San Francisco desired to re-establish amicable relations with the back counties that we would work hand in hand with the mining conference to obtain from the War Production Board priorities that they requested.

Mr. Edward Regan, District Attorney of Trinity County, then spoke. "Mining is the life blood of Trinity County. We know that we are at war but every person in the County is dependent upon the mines. If the mines were to close during the war it would mean economic ruin to Trinity County."

Supervisor Hunter of Tuolumne County was called upon by Senator Mayo. He said that they had the same problems as Mariposa County and if the mines were closed down in his county it would take over 20 years to reopen them as they had experienced the same problem after the last war.

Next Speaker was the Dean of Mines of the University of California. He talked at length. The gist of his talk was that we had invested 22 millions of dollars in gold and that it is the basis of our economic and credit system. He explained that gold mine industry, contrary to public opinion, is not venturesome and is very stable. He believed that it was very bad psychology to interfere with our basic belief that gold is the basis of our economic structure. He talked about morale and the number of people our mining camps had sent into the armed forces. He said that it would be bad for a boy in the Army or Navy to learn that his family was put out of work and on relief as a result of the shutting down of the mines. He stated that it is very costly to shut down the mines and that only 1 out of 10 would reopen. He then went into a technical discourse as to the thought of pumping water out of the mines, cost of reopening, etc.

Mr. Banks from Amador County then spoke. He also stated that if the mines closed that they would not reopen. He also said that the mines were very effective in respect to the war effort. He talked about mines in forest areas. He said that these men volunteered to help in protecting communities from forest fires. He said that gold is the anchor to stop inflation; it is the corner stone of the United States and all of our allied nations. It is the personification of our wealth. He said that the mines are doing their part to supply men for our National Defense Works. They have put up training schools where

the trainees are trained in a technical trade and later on they go to the shipyards and other places where they do National Defense work.

Mr. Burgess of the Carson Hill Mines was the next speaker. He stated that there were no longer farms in Calaveras County and that the people depended upon the mines. He said that \$300,000 was paid out in wages last year in his mine alone. He stated that more than 25% of the people of Angels Camp had gone to the war and that they were employing older men who have been in the mining business for many years. As a result of this many people have been taken off of the relief rolls of the State of California.

Frank Tower then spoke. He is an individual mine owner. His plea was to maintain the status quo regardless if the mines would make any profit during the war. He said that all he wanted to do was to keep the water out of the mine so that at the end of the present period they could take up where they left off. He talked about cooperation between mine owners in respect to using materials between themselves with the thought of lessening the amount that they would ultimately ask for from the Federal Government.

Mr. Robert Searles, an attorney from San Francisco, then spoke. He had just arrived from Washington and he talked with Dr. Wilbur Nelson and Representative Englebright also Mr. Conover of the American Mining Congress. He appeared before the Ways and Means Committee of the Federal Congress on behalf of the miners of California. He stated that there is a bottle-neck in steel but that the Government ought to set an example for the reason that new steel buildings were in the process of construction. His very practical suggestion was that the Gold Mining Industry assemble their facts and other conditions; to send out a questionnaire in respect to how much they need and that he or some other representative could present it to the Government. He discussed further about the pooling of resources and said that there should be an intra-industry cooperative plan and there should also be a plan for regional cooperative groups who would pool their resources and learn to lend to one another the machinery that one had that some other mine owner might not have.

Senator Oddie, formerly Senator from Nevada, was called upon. He stated that the public knows little of the economics of gold. He reiterated what former speakers had said that our economic structure has been and will be based upon gold. He said that the gold industry will supplement the war effort.

James Moore, representative of the Miners Protective League of Grass Valley, was called upon to state the employees' view in respect to the industry. He added that 40 percent of the population in his district was engaged in the war industries and that the older men were being given employment that they have not had for years. He also said that employers and employees are working closer together than ever before.

I talked with Bill Losh of the Regional Service Committee and after the morning meeting talked with several of the mine owners. I was amazed to find that most of their equipment comes from Los Angeles rather than from San Francisco. One miner told me that he had just placed a \$100,000 order with a Los Angeles outfit. They expressed the view that they are closer to San Francisco and it would be easier for them to get what they wanted from San Francisco but, as they put it, "You have to do business with your friends."

The reason for this was that it seems that Los Angeles through its Chamber of Commerce or the Board of Supervisors continually have agents traveling through the gold mining fields of California and thus received thousands, if not hundreds of thousands, of dollars that could be given to San Francisco if we were to be more cooperative with the gold mine districts.

I attended the afternoon session but there is little to report on therefrom as the meeting split up into small committee meetings to deter-

mine the best way of grouping in the various localities in the State in respect to loaning, trading and exchange of machinery for the purpose of economy in the industry.

It is my recommendation that San Francisco actively cooperate with the mining industry, whose demands are very small, so that they might continue to operate during the period of the emergency.

Respectfully submitted,

ROBERT M. GREEN

Ordered printed in full in the Journal of Proceedings.

### Appointment of Supervisor Robert Miller Green as Member of Regional Service Committee

The President of the Board, Supervisor Jesse C. Colman, following the presentation of the foregoing report, expressed his appreciation, and the appreciation of the Board, for Supervisor Green's excellent representation at Sacramento. The President announced, also, that he had appointed Supervisor Green as a member of the Regional Service Committee. That committee is most important. The cost of creating good will is very slight, but it will pay large dividends.

### Conservation of Man-Power, Materials and Supplies for Early Consummation of the War (Series of 1939)

Supervisor MacPhee presented Resolution No. .... as follows:

Whereas, At the meeting of the National Association of County Officials held in Washington, D. C., on March 9th and 10th, 1942, Mr. Maury Maverick, Chief of the Governmental Requirements Bureau made the following statement: "Every man, woman and child in Germany, Italy and Japan are working hard and spending their time trying to figure out ways to make slaves of us;" and

Whereas, At the same meeting, the following remarks were made by Mr. Leon Henderson, Administrator of the Office of Price Administration: "The Germans and Japanese have for many years past devoted more than fifty per cent of their effort for war goods and training of soldiers. At the end of 1941 the United States was using twenty to twenty-two per cent of our resources for war effort. When we get to forty per cent, which we will do in the latter part of 1942, we will equal the combined war effort of the Germans, Italians and Japanese;" and

Whereas, It is obvious from the statements of such authorities that culmination of this War in Victory for the Allies demands full, intense and immediate concentration on the War effort with the attendant requisites of strict conservation of man-power for war-production industries and rigid economies in the use of materials and supplies which are non-essential to the war effort; and

Whereas, Because any thinking person is cognizant of the fact that the longer this War is permitted to continue because of lack of man-power in vital industries and because of lack of the essential materials necessary in the conduct of the War, the greater will be the number of killed and wounded among our American boys and their Allies, it is imperative as a patriotic duty and as a humane and decent consideration of our defenders, that expeditious and efficient effort be made to make available the necessary man-power and materials for the successful conduct of the war, for early victory by the Allies, and what is paramount, for the protection and preservation of our national youth; and

Whereas, It would be exemplary, inspiring and contagious were the municipal corporation which is the City and County of San Francisco, to lead the crusade for immediate, and conscientious adherence to a program of economy in man-power as well as materials and supplies; now, therefore, be it

Resolved, That this Board of Supervisors does hereby appeal to the various commissions, boards and departments of the municipal government of San Francisco and in particular to the rank and file of municipal employees and does urge with all the enthusiasm and persuasion of which it is capable that in an all-out endeavor to conserve man-power, materials and supplies for the early consummation of this War in a complete victory for the United States and its Allies and to blaze the trail for similar activities on the part of the management and personnel of private industry and business, full, voluntary and enthusiastic cooperation be accorded the proposal set forth in this resolution, namely, "Serve by Saving."

**Requesting Civil Service Commission for Report as to Effect of Proposed Amendments to Classification Schedules Submitted by Said Commission for Positions in the "D," "L," "P," "R," "T," and "U" Classifications of the Municipal Service.**

(Series of 1939)

The Finance Committee presented Resolution No. 2529, as follows:

Whereas, The Civil Service Commission has proposed salaries to be paid to "D," "L," "P," "R," "T," and "U" Classifications in the Municipal employ; and

Whereas, It has been proposed that the Board of Supervisors amend some of the schedules proposed by the Civil Service Commission; now, therefore, be it

Resolved, That in accordance with Section 151 of the Charter, and with respect to the following list of proposed changes, the Civil Service Commission is requested for a report "as to what other changes and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in such schedule:"

**Requesting Civil Service Committee for Report on Change of  
Rate in Salary Schedule for J112, Supervisor of Street Cleaning  
(Series of 1939)**

Supervisor Mead presented Resolution No. \_\_\_\_\_, as follows:

Resolved, That the Board of Supervisors respectfully requests the Civil Service Commission to submit a report on change of rate in salary schedule for J112 Supervisor of Street Cleaning, which involves restoration of the maximum rate carried for this position in the Official Brown and Green Books for nearly eight years and which was reduced in haste by the Commission in May of 1941; but which request is in conformity with the Civil Service Commission Resolution adopted three months later on August 13, 1941 and which reads as follows:

"Resolved, that when a revision of the salary standardization schedule now incorporated in the ordinance of the Board of Supervisors for Class J112 Supervisor of Street Cleaning, is recommended, the Civil Service Commission will propose a higher schedule, namely, \$300-\$400 per month."

**Urging Provision for Issuance of Delayed Birth Certificate  
(Series of 1939)**

Supervisor Meyer presented Resolution No. 2527, as follows:

Whereas, Many hundreds of native San Franciscans are required to prove their nativity due to the war emergency, as well as for pension, passport and other purposes; and

Whereas, Many hundreds of our citizens are unable to obtain employment on defense projects because of their inability to furnish birth certificates; and

Whereas, All birth records in San Francisco were destroyed in the fire of April 18, 1906; and

Whereas, The Federal government in a joint statement dated July 27, 1941, from the Army, Navy and Commerce Departments proposed that all States take immediate steps to issue Delayed Birth Certificates to establish the births of millions of citizens who would thus be eligible for defense jobs; and

Whereas, A Bill proposing an amendment to the State law was presented to the Assembly of the State of California at the last regular session providing for a simplified and inexpensive means of issuing Delayed Birth Certificates, and upon which no action was then taken; and

Whereas, This Board of Supervisors believes that due to the seriousness of the situation created by the inability of our local Registrar of Vital Statistics to issue Delayed Birth Certificates to those persons having need for same and whose original records of birth were destroyed in the fire of 1906, some facile and economical procedure for the establishment of such births should be provided; now, therefore, be it

Resolved, That this Board of Supervisors does hereby recommend and urge, if a special session of the Legislature is called for any purpose, that Governor Olson include in his proclamation the subject of Delayed Birth Certificates so that this matter may be acted upon at the earliest possible date; and be it

Further Resolved, That a copy of this resolution be forthwith transmitted to his Excellency, the Governor of the State of California, and to each member of the State Legislature from the City and County of San Francisco.

**Governor Urged to Call Special Session of Legislature to enact  
Legislation for Establishment of Adequate State Guard.**

(Series of 1939)

Supervisor O'Gara presented Resolution No. .... as follows:

Whereas, The Adjutant General of the State of California has declared the law under which the California State Guard now is being reorganized to be impractical, and

Whereas, Said law limits the size of the active, mobile force of the State Guard to 9,380 men, which number has been declared to be inadequate for proper defense of California's vital public and private installations, and

Whereas, The Commanding General of the Western Defense Command has warned that federal troops now protecting such installations may be withdrawn at any time for combat services, and

Whereas, Such a withdrawal would leave the vital industries, communications and utilities of San Francisco and adjacent areas virtually at the mercy of our enemies and their agents, and

Whereas, The Chief of Staff of the United States Army has stated that the duty of protecting such installations falls within the scope of the police powers of local governments and is not the duty of the United States Army, and

Whereas, Because of the Chief of Staff's attitude there is little possibility of obtaining federal legislation establishing a home guard for months to come, and

Whereas, Meanwhile the people of the City and County of San Francisco will remain in the direst peril in their history because of lack of adequate protection, and

Whereas, Immediate action by the Legislature of the State of California to enact proper legislation establishing an adequate State Guard appears as the only means of averting such peril, now, therefore, be it

Resolved, That we, the Board of Supervisors of the City and County of San Francisco do hereby respectfully urge his Excellency, Culbert L. Olson, Governor of the State of California, to call immediately a special session of the Legislature of the State of California for the exclusive purpose of enacting legislation for the establishment of an adequate State Guard, voting appropriations for the maintenance thereof, and enacting such corollary legislation as may be necessary, and, be it

Further Resolved, That we respectfully urge the members of the Legislature, in responding to such a call, and any and all persons concerned with the issuance of that call or the response thereto, to free themselves from all political bias, prejudice and ambition that might impair the speediest enactment of legislation for the establishment of an adequate State Guard, and, be it

Further Resolved, That we further respectfully urge the members of the Legislature to be guided solely by the advice of competent, politically disinterested military experts in determining the size, constitution and equipment of such a State Guard; and be it

Further Resolved, That copies of this Resolution be sent to the Governor and to the individual members of the Legislature.

**Amending Sick Leave Ordinance by Deleting Provision that Per Diem Employees Absent by Reason of Illness Shall Not be Paid During First Five Days of Absence if They Are Replaced During Such Absence; Providing that Per Diem Employees be Paid for all Illnesses, Including the First Five Days, Whether Replaced or Not, if the Illness Extends Beyond Five Days.**

(Series of 1939)

Supervisor O'Gara presented Bill No. 1614, Ordinance No. .... as follows:

An amendment to Bill No. 1333, Ordinance No. 4.0521, entitled, "An Ordinance Approving Rule 32 of the Civil Service Commission Providing for Leaves of Absence Due to Illness or Disability, as Required by Section 153 of the Charter of the City and County of San Francisco; and Repealing Section 301, Part I, of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 4 of Bill No. 1333, Ordinance No. 4.0521, the title of which is recited above, is hereby amended to read as follows:

**SEC. 4. Periods of Sick Leave.** Officers and employees who are subject to the provisions of Section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis, said sick leave, *if it is for five days duration or less, shall be without pay.* Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in Section 5 hereof.

Section 2. Section 8 of Bill No. 1333, Ordinance No. 4.0521, the title of which is recited above, is hereby amended to read as follows:

**SEC. 8. Application for Sick Leave or for Disability Leave.** Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of Sec. 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the applicant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that

he has personally investigated the case and has found it deserving. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

Section 3. Section 9 of Bill No. 1333, Ordinance No. 4,0521, the title of which is recited above, is hereby amended to read as follows:

**SEC. 9. Reports to Civil Service Commission.** The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Commission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person has been on sick leave with pay for more than ten continuous days.

All applications for sick leave, with or without pay, for periods exceeding five (5) days, granted to officers and employees of the city and county under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

- (a) The Department Physician for the Fire Department;
- (b) The Police Surgeon for the Police Department;
- (c) The physician designated by the Director of Health for the Department of Health;
- (d) The physician designated by the Civil Service Commission for all other departments.

In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving.

Section 4. Section 301, Part I, of the San Francisco Municipal Code, entitled, "Approval of Rule 32 of the Civil Service Commission," is hereby repealed.

Approved as to form by the City Attorney.

**Establishment of Emergency Hospital to Serve Park-Presidio-  
 Richmond District**  
 (Series of 1939)

Supervisors Shannon and Green presented Resolution No. ....  
 as follows:

Whereas, For many years, the people of the Park-Presidio and  
 Richmond Districts have sought the establishment of an emergency  
 hospital, and

Whereas, This area constitutes one of the most populous districts  
 in San Francisco, and

Whereas, Aside from accidents occurring in the homes and other  
 types of injuries, there were in the year 1941, 1014 automobile accidents  
 in the district referred to, involving 411 persons injured and 6 persons  
 killed, and

Whereas, In the year 1941, approximately 3,000 persons from the  
 Park-Presidio-Richmond District were treated at the Park-Emergency  
 Hospital, necessitating 1260 ambulance calls, and

Whereas, Because the Park Emergency Hospital is equipped with  
 but one ambulance, to complete the aforesaid calls required the services,  
 with attendant delays, of ambulances from other Emergency Hospitals  
 as follows: Alemany—20, Central—43, Harbor—7, and

Whereas, It is inimical to the health of this great populace and  
 violative of that decent consideration to which they, with the people  
 of other districts, are properly entitled, to ignore or fail to comply  
 any longer with their plea for the establishment of a conveniently  
 located Emergency Hospital, for financial or any other reason, now,  
 therefore, be it

Resolved, That the Director of Public Health, the Chief Administra-  
 tive Officer and his Honor the Mayor be and they are hereby respect-

fully requested to immediately give consideration to a proposal for the inclusion in the budget for the ensuing fiscal year of a sum sufficient for the establishment and maintenance of a properly equipped Emergency Hospital to serve the people of and the area comprising the Park-Presidio-Richmond District.

Quorum present.

President Jesse C. Colman presiding.

Supervisor Brown was noted present at 2:30 P. M.

## APPROVAL OF JOURNAL

The Journal of Proceedings of the meeting of March 23, 1942, was  
considered read and approved.

## SPECIAL ORDER—2:00 P. M.

Consideration of motion by Supervisor Uhl that the hour of 2:00 P.M.  
this day be fixed for hearing Mr. E. G. Cahill, Manager of Utilities,  
relative to his activities in Washington, D. C.

Pursuant to motion by Supervisor Uhl, Mr. E. G. Cahill appeared  
before the Board, and read the following:

### DEFENSE PLANT CORPORATION WASHINGTON, D. C.

March 20, 1942.

Public Utilities Commission,  
City and County of San Francisco  
San Francisco, California.

Gentlemen:

ATTN: Mr. E. G. Cahill, Manager of Utilities

In accordance with the proposal made by E. G. Cahill, Manager of  
Utilities, Defense Plant Corporation is willing to proceed immediately  
to enter into negotiations with the Public Utilities Commission of the  
City and County of San Francisco, for approximately 100,000 kilowatts  
of power to serve the proposed aluminum smelting plant, having a ca-  
pacity of 96,000,000 pounds of aluminum per year, to be constructed  
by Defense Plant Corporation at or near Modesto, California, upon  
the understanding that such power will be delivered at 110,000 volts,  
3 phase, 60 cycles at a daily load factor of approximately 97% and  
at a rate of 4.878 mills per kilowatt hour.

It is further understood that the City and County of San Francisco  
will have to obtain approximately 20,000 kilowatts of power from the

Pacific Gas and Electric Company to be in a position to furnish the requirements of the proposed plant.

We further understand that the contract to be negotiated will contain a provision permitting Defense Plant Corporation to cancel the contract, without penalties, upon 30-days' notice in writing.

Very truly yours,

SAM H. HUSBANDS,

President.

The Defense Plant Corporation, continued Mr. Cahill, insists on a thirty day cancellation clause. The proposal does not settle, of course, what is to be done with Hetch Hetchy power in the future, but it does assure San Francisco of a market for its power until thirty days beyond the duration of the war.

In conclusion, and after replying to the questions by several of the members of the Board, Mr. Cahill agreed that there is no contract yet for the disposal of Hetch Hetchy power, but he felt sure there would be.

Whereupon, Supervisor Colman assured Mr. Cahill that San Francisco is deeply gratified over the arrangements to be made.

## UNFINISHED BUSINESS

**Providing the Procedure for a "Department of Public Works Stores Revolving Fund" for the Purpose of Providing for Purchases, etc. (Series of 1939)**

Bill No. 1619, Ordinance No. 1569, as follows:

An ordinance creating and providing the procedure for a "Department of Public Works Stores Revolving Fund," for the purpose of providing for purchases, etc., required for use of certain operating bureaus of said Department of Public Works, and making an appropriation therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated and set aside the sum of \$50,000 out of the surpluses of the following sources in the amounts indicated:

Department of Public Works Stores Account:	
Held for School Department .....	\$ 5,000.00
Held for Bureau of Street Repair (County Road)....	13,000.00
Held for other Bureaus of Department of Public Works .....	22,739.08
Appropriations Nos. 043.996.33, 043.996.34, Tearing up Streets, Overhead Reserves .....	7,693.08
Appropriation No. 145.130.00, County Road .....	1,567.84
Total.....	<u>\$50,000.00</u>

to the credit of the "Department of Public Works Stores Revolving Fund," which is hereby created for the purchase, storage and clearance of materials and supplies required for the use of the Bureaus of the Department of Public Works named below in connection with the performance of said Bureaus:

- Bureau of Accounts
- Bureau of Building Repair (which includes repair of school buildings)
- Bureau of Sewer Repair
- Bureau of Street Cleaning
- Bureau of Street Repair

Section 2. In determining the amount of cash to be contributed from the surpluses existing in above named funds, there shall first be deducted from the amount herein appropriated the value at cost of the stores on hand to the credit of each said fund as of the effective date of this ordinance. The value at cost of the said stores as of the effective date of this ordinance, together with the amount of cash to be contributed from the said surpluses as herein recited shall constitute the resources of this fund as herein created.

Section 3. All purchases of materials and supplies required for the Bureaus of Accounts, Building Repair, Sewer Repair, Street Cleaning and Street Repair of the Department of Public Works shall be purchased out of the Department of Public Works Stores Revolving Fund. All withdrawals from stores shall be paid for out of the funds provided for current or specific purposes by each Annual Appropriation Ordinance or each supplemental Appropriation Ordinance. The funds provided by each such payment shall be deposited to the credit of the Department of Public Works Stores Revolving Fund.

Section 4. Should the unencumbered balance of the Department of Public Works Stores Revolving Fund be insufficient at any time to purchase materials or supplies which are required for the immediate use of the Bureaus of Accounts, Building Repair, Sewer Repair, Street Cleaning and Street Repair of the Department of Public Works, and funds have been appropriated for that purpose, the Controller may, upon the recommendation of the Department Head and the approval of the Director of Public Works, transfer the required amount from the funds so appropriated and make them available in the Department of Public Works Stores Revolving Fund for the purchase of the required materials and supplies.

Section 5. Pursuant to the provisions of Section 88 of the Charter, the Purchaser of Supplies is hereby directed and it shall be his duty to take charge of the storerooms and warehouses operated hereunder.

Section 6. The Controller is hereby directed and it shall be his duty to prescribe the procedure governing the purchase and issuance of stores and the accounting therefor in accordance with the provisions of Section 64 of the Charter.

Recommended by the Director of Public Works.  
Approved by the Mayor.

Approved by the Chief Administrative Officer.  
 Approved as to funds available by the Controller.  
 Approved as to form by the City Attorney.

*Finally passed by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Mayor to Approve the Filling of Positions Vacated in Civil Service**  
 (Series of 1939)

Bill No. 1601, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. *Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy.* The requisition for such service shall first be

filed with the Civil Service Commission, and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller, and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1941-42 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Explanations of Votes

Supervisor Uhl, in explanation of his vote, stated that he looked upon the foregoing as piecemeal standardization, to which he was opposed. He was, however, agreeable to remedying the error affecting certain classifications which had been called to the Board's attention, but that correction was tied in with "piecemeal standardization," so he would vote "No" on the entire matter.

Supervisor Brown announced his intention of voting against the foregoing matter for the same reasons as advanced by Supervisor Uhl.

Mr. Harry S. Young, former President of the San Francisco Bar Association, and on behalf of that Association, recommended approval of the foregoing Bill.

Supervisor O'Gara, who also opposed "piecemeal standardization," moved to postpone consideration until all the Finance Committee recommendations on salary standardization are before the Board.

Following his motion, but before the roll was called thereon, Supervisor O'Gara expressed agreement with statements by Mr. Young, particularly as applicable to Superior Court clerks. Superior Court clerks are at present receiving less salary than are Municipal Court clerks. That is wrong; the duties of Superior Court clerks are more important, in his opinion, than the duties of the lower Court's clerks. However, he was not in a position to vote for the foregoing Bill without first hearing and considering the rest of the Finance Committee's recommendations. He also called attention to the action by the President of the United States who, on Saturday, April 4, 1942, had vetoed a proposal to increase pay of postoffice employees and to establish a system of longevity pay, stating that this is no opportune time for such kind of legislation. The President's statement applies equally well to the measure now before the Board. The natural reaction of the people would be to say "No" against pay raises, and this should not be passed to them. It is the Supervisors' job.

Supervisor O'Gara, in continuing, stated that in every case where an injustice is being done to any employee he would vote for an increase in pay. Further, in every case where it is shown that department heads state they cannot keep their employees at the rate of pay now being paid, he would vote for an increase, but as to the general idea of pay increases, he did not think it was the right time nor the proper thing to do now. For those reasons he was requesting the Board to defer their consideration until the whole story of pay increases is before it.

Supervisor Uhl explained that his vote was complimentary, but that he was in full agreement with everything Supervisor O'Gara had said. He, too, was in favor of adjusting and correcting any injustice. If the Superior Court Judges will recommend in the budget, proper pay increases, he would not oppose them. Also, the salary of the Superintendent of the Auditorium can be adjusted, but the way to do it is in the budget.

The City Attorney, in reply to questioning, stated that no amounts set up in the 1930 Report can be increased in the budget.

#### Motion Carried

Whereupon, the motion for a week's postponement was *Carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, O'Gara, Uhl—6.

Noes: Supervisors MacPhee, Mead, Meyer, Roncovieri, Shannon—5.

#### Action Rescinded

Subsequent to the foregoing action, Supervisor Green announced that he had misunderstood the purport of the motion. He now understood that what Supervisor O'Gara had in mind would mean bringing in all sorts of standardization. That, he believed, would be going too far. He would, therefore, move that the foregoing action be rescinded in order that he might change his vote.

Motion seconded by Supervisor Shannon.

Whereupon, the roll was called and the previous action was rescinded by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

No: Supervisor Colman—1.

#### Final Passage

Thereupon, the roll was again called and Bill No. 1615, Amending Salary Standardization Ordinance by Adding Section 9.1 and Establishing Certain Compensation Schedules Thereunder, was

**Confirming Sale of Certain City-Owned Land to Housing Authority  
of the City and County of San Francisco for Hunter's View  
Project.**

(Series of 1939)

Resolution No. 2535, as follows:

Whereas, Pursuant to Ordinance No. 1540, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on March 31, 1942, for the sale of the following described City-owned real property situated in the City and County of San Francisco, State of California:

All of that certain land acquired by the City and County of San Francisco, a municipal corporation, from W. H. Spaulding, et ux., by deed dated April 18, 1928 and recorded May 14, 1928 in Volume 1675, page 123, Official Records of San Francisco, being all of Blocks 4627A, 4628A and 4648A and portions of Blocks 4626A, 4647A, 4649A and 4651. Together with all right, title and interest of the City and County of San Francisco, a municipal corporation, in and to the lands included in all of the public streets located within the area bounded on the north by the southerly line of Fairfax Avenue, on the northeast and east by the southwest and westerly line of Martinez Avenue and on the east by a line across Hudson Avenue beginning at a point on the southerly line of Hudson Avenue 373.770 feet westerly from the westerly line of Hawes Street and extending N 33° 10' 55" E 60 feet to its intersection with the westerly line of Martinez Avenue, on the south by the northerly line of Innes Avenue and on the west by a line parallel to and distant 140 feet easterly from the easterly line of Keith Street, excepting the portion of Ingalls Street lying south of a line parallel to and distant 100 feet northerly from the northerly line of

Innes Avenue and the portion of Hudson Avenue lying west of a line parallel to and 360 feet easterly from the easterly line of Keith Street.

Whereas, In response to said advertisement the Housing Authority of the City and County of San Francisco offered to purchase said lands for the sum of \$16,000, cash, no higher bids having been made or received; and

Whereas, Said sum of \$16,000 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$16,000; and

Whereas, The Housing Authority of the City and County of San Francisco has paid the sum of \$1,600 to the Director of Property as a deposit in connection with this transaction.

Now, Therefore be it Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said real property to the Housing Authority of the City and County of San Francisco. The Director of Property shall deliver said deed to the Grantee upon receipt of the balance of the purchase price.

Recommended by the Director of Property.  
Approved as to form by the City Attorney.

#### Discussion

Supervisor Brown announced his opposition to any further extension of "low cost housing." These projects not only remove certain properties from the tax roll, but they create a very definite competition to the existing apartment house industry. Furthermore, "low cost housing" is not now confined to those in the low income brackets.

Supervisor MacPhee, in reply, pointed out that the matter of competition was not before the Board, nor was the question of removing property from the tax rolls. This property which is proposed to be sold is owned by the City and County, is not on the tax roll now, and consequently the question of its removal from the tax roll does not apply to it.

Supervisor Meyer announced that he would vote against the Bill. He had voted against accepting money from the Housing Authority in lieu of taxes because it was only one-half of what would have been received had the various dwelling units been fully occupied. At the present time one-half of the units are still vacant, and he could not understand why more should be built, under the circumstances.

Thereupon, the roll was called and the foregoing Bill was  
*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, O'Gara, Shannon, Uhl—8.

No: Supervisor Meyer—1.

Absent: Supervisors Brown, Roncovieri—2.

**Endorsing Policy of Placing per Diem Workers on Monthly Salary  
(Series of 1939)**

Resolution No. ...., as follows:

Whereas, For some time past there have been various meetings and conferences among the employees of the City and County of San Francisco working under the jurisdiction of the Department of Public Works whose compensation is fixed on a per diem basis, which conferences were held for the purpose of providing overtime compensation for said employees during the present fiscal year; and

Whereas, Said employees agreed that if they were compensated at overtime rates for the present fiscal year, they would be willing to have the method of compensation changed from a per diem basis to a monthly salary commencing July 1, 1942, said monthly compensation to be based in accordance with the provisions of Section 151 of the Charter, and that when said compensation was so fixed on a monthly salary no claim would be made for compensation for overtime provided that equal time off would be allowed for overtime served; and

Whereas, It appears to this Board of Supervisors that it is for the benefit of the City and County of San Francisco and for the betterment of the several departments in which said employees are employed that the method of said employment be changed from a per diem basis to a monthly salary commencing July 1, 1942, the said monthly compensation of said employees to be determined as provided in Section 151 of the Charter; now, therefore, be it

Resolved, That the Board of Supervisors does hereby declare itself to be in favor of placing said employees hereinabove mentioned on monthly salary for the fiscal year commencing July 1, 1942, said monthly salary to be computed as set forth in Section 151 of the Charter.

**Privilege of the Floor**

Mr. William H. Nanry, of the Bureau of Governmental Research, on being granted the privilege of the floor, on motion by Supervisor O'Gara, after reading the second "Whereas" of the foregoing Resolution, held that the policy of the proposed change was predicated on that "Whereas," and that the Resolution, if adopted in its present form, would commit the Board of Supervisors, as a whole, to a policy still being considered by the Finance Committee, i. e., the payment of overtime pay for the regular shift work that is being worked during this current fiscal year. The question of overtime pay has been before the Board annually for several years, and the Bureau has always opposed it. The Bureau believes it illegal to pay overtime pay, inasmuch as it constitutes an increase of compensation during the fiscal year.

Supervisor MacPhee, in reply to Mr. Nanry, announced that the question of overtime had been before the Finance Committee, and had received careful consideration by that Committee, for about eight weeks. For the past 30 years overtime pay has been granted to city employees. The Committee, also, feels that the procedure has been wrong and that the per diem employees should be put on a monthly basis, but is interested in seeing that things are handled fairly for everyone. The adoption of this Resolution will actually save money for the City. Per diem men will be put on a monthly basis and further overtime pay will be eliminated.

The Chief Administrative Officer, in reply to questioning, stated that his objection was to overtime pay for regular duty. He did not object, though, to overtime pay for work performed in addition to the regular week's work. He had no objection to placing the per diem men on a monthly basis. However, in the Resolution, retroactive payment for overtime is indicated. To that he was opposed.

Supervisor Uhl supported the Resolution, pointing out that the conditions now obtaining will be corrected. As to the payment of overtime already earned, that is no more than right. The per diem men, in the future, are giving up all claim to overtime pay.

Mr. James Ricketts and Mr. John Leonard, both representing various per diem employees, urged the adoption of the Resolution, as presented:

Whereupon, the roll was called and the resolution was

*Adopted* by the following vote.

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

**Closing Certain Streets in the City and County of San Francisco for the Duration of the Present Emergency to the End that the Same may be Occupied by the Armed Forces of the United States for Military and Naval Purposes.**

(Series of 1939)

Resolution No. 2540, as follows:

Whereas, The Director of Public Works has made the following recommendation to the Board of Supervisors regarding the temporary closing of the hereinafter named streets in the City and County of San Francisco, which Resolution is in the words and figures as follows, to-wit:

“Recommendation is made that the Board of Supervisors grant permission to the United States Government, revocable at the will of said Board of Supervisors, to close to the public—

“Stockton, Powell, Mason, Taylor and Jones Streets between North Point and Beach Streets, also

"Leavenworth Street between Columbus Avenue and Beach Street,

to allow for the operation of a railroad yard for use by the United States Government, with the stipulation that when tracks are laid across the streets to be closed, ties 10 feet long will be laid for a distance of 5 feet on each side of the center line of sewers and high pressure watermains. Access to fire hydrants to be allowed. Curbs, pavements, sidewalks, etc. to be replaced in first class condition after the emergency or when tracks are removed, and that gaps are to be left in trains at crossing of Taylor Street."

Now, Therefore, be it Resolved That the Board of Supervisors does hereby grant permission to the United States Government, revocable at the will of this Board, to close to the public the following streets, to-wit:

Stockton, Powell, Mason, Taylor and Jones Streets between North Point and Beach Streets; and

Leavenworth Street between Columbus Avenue and Beach Street;

in order to provide for the operation of a railroad yard for use by the United States Government for military and naval purposes upon condition that when the railroad tracks are laid across the streets to be closed, railroad ties ten (10) feet long will be laid for a distance of five (5) feet on each side of the center line of sewers and high pressure watermains and due provision shall be made for access to all fire hydrants and that curbs, pavements, sidewalks, lighting standards and other equipment shall, at the expiration of the permit hereby granted, be replaced in first class condition when said tracks are removed, and that, in the operation of trains along said tracks, gaps will be left in all non-moving trains at the crossing on Taylor Street. Permit hereby granted is revocable at the will of the Board of Supervisors.

Approved as to form by the City Attorney.

**Governor Urged to Call Special Session of Legislature to enact Legislation for Establishment of Adequate State Guard.**

(Series of 1939)

Resolution No. 2541, as follows:

Whereas, The Adjutant General of the State of California has declared the law under which the California State Guard now is being reorganized to be impractical, and

Whereas, Said law limits the size of the active, mobile force of the State Guard to 9,380 men, which number has been declared to be inadequate for proper defense of California's vital public and private installations, and

Whereas, The Commanding General of the Western Defense Command has warned that federal troops now protecting such installations may be withdrawn at any time for combat services, and

Whereas, Such a withdrawal would leave the vital industries, communications and utilities of San Francisco and adjacent areas virtually at the mercy of our enemies and their agents, and

Whereas, The Chief of Staff of the United States Army has stated that the duty of protecting such installations falls within the scope

of the police powers of local governments and is not the duty of the United States Army, and

Whereas, Because of the Chief of Staff's attitude there is little possibility of obtaining federal legislation establishing a home guard for months to come, and

Whereas, Meanwhile the people of the City and County of San Francisco will remain in the direst peril in their history because of lack of adequate protection, and

Whereas, Immediate action by the Legislature of the State of California to enact proper legislation establishing an adequate State Guard appears as the only means of averting such peril, now, therefore, be it

Resolved, That we, the Board of Supervisors of the City and County of San Francisco do hereby respectfully urge his Excellency, Culbert L. Olson, Governor of the State of California, to call immediately a special session of the Legislature of the State of California for the exclusive purpose of enacting legislation for the establishment of an adequate State Guard, voting appropriations for the maintenance thereof, and enacting such corollary legislation as may be necessary, and, be it

Further Resolved, That we respectfully urge the members of the Legislature, in responding to such a call, and any and all persons concerned with the issuance of that call or the response thereto, to free themselves from all political bias, prejudice and ambition that might impair the speediest enactment of legislation for the establishment of an adequate State Guard, and, be it

Further Resolved, That we further respectfully urge the members of the Legislature to be guided solely by the advice of competent, politically disinterested military experts in determining the size, constitution and equipment of such a State Guard; and be it

Further Resolved, That copies of this Resolution be sent to the Governor and to the individual members of the Legislature.

#### **Suppression of Japanese Newspapers (Series of 1939)**

Resolution No. 2542, as follows:

Whereas, Japanese newspapers are being published from 650 Ellis Street and 1618 Geary Street in San Francisco; and

Whereas, The publication of these newspapers is not in the best interest of the citizens of the United States; now, therefore, be it

Resolved, That the attention of the Western Defense Command and 4th Army and the War Time Civilian Assistant Chief of Staff Control Authority be notified of this condition and requested to take such steps as are necessary to safeguard the interest of the people of San Francisco in particular and the United States in general; and, be it

Further Resolved, That a copy of this resolution be forwarded to Colonel Thomas C. Clark, Chief War Time Civilian Control Administrator.

**Urging Governor Culbert L. Olson or Mayor Angelo J. Rossi to Secure Additional Protection for the Golden Gate and the San Francisco Bay Bridge.**

(Series of 1939)

Resolution No. 2543, as follows:

Whereas, The San Francisco-Oakland Bay Bridge was constructed at a cost of \$75,000,000 and the Golden Gate Bridge at a cost of \$35,000,000; and

Whereas, The City and County of San Francisco would be financially liable for 85% of a total loss of the Golden Gate Bridge; and

Whereas, Demolition or damage to either bridge would be a severe military blow and would cripple civilian defense and evacuation activities in the event of an enemy air or sea attack on San Francisco or the Bay Area; and

Whereas, Both bridges are in imminent danger of sabotage of Fifth Column attack; and

Whereas, Both bridges are now inadequately guarded; now, therefore, be it

Resolved, That this Board of Supervisors respectfully urges the Honorable Culbert L. Olson, Governor of California, to take immediate steps to reinforce the guards and police forces on both the Golden Gate and the San Francisco-Oakland Bay Bridge by detailing additional state guardsmen to each bridge; and, be it

Further Resolved, That if the State of California cannot or will not immediately provide the necessary additional protection for said bridges the Mayor of the City and County of San Francisco endeavor to secure such protection from the California Toll Bridge Authority and the Golden Gate Bridge and Highway District or, if that fails, to provide such protection by the police or civilian defense forces of San Francisco; and, be it

Further Resolved, That a copy of this Resolution be sent to Lt. General John L. DeWitt commanding officer of the 4th Army of the United States, to Honorable Culbert L. Olson, Governor of the State of California, to General J. E. Donovan, commander of the State Guard, to Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, to Chief Charles W. Dullea, Co-ordinator of the Civilian Defense, to the Directors of the California Toll Bridge Authority and to the Golden Gate Bridge and Highway District.

**Granting to Certain Municipal Employees, in Addition to Their Regular Vacation for 1942, the Vacation to Which Said Employees were Entitled in 1941, but were Denied in 1941 by Reason of the War Emergency.**

(Series of 1939)

Bill No. 1645, Ordinance No. ...., as follows:

Amending Bill No. 846, Ordinance No. 818 (Series of 1939) entitled "An Ordinance Regulating Annual Vacations of Employees of the City and County of San Francisco Except Certificated Employees of the Board of Education." by Adding to Section 3 Thereof, "Vacation Schedules," a provision granting to certain employees, in addition to their regular vacation for the year 1942, the vacation to which they were entitled in the year 1941 but which was precluded them by reason of the war emergency.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Bill No. 846, Ordinance No. 818 (Series of 1939) the title of which is recited above is hereby amended to read as follows:

**SEC. 3. Vacation Schedules.** Vacation schedules shall be arranged at the discretion of the appointing officer, with particular regard to seniority of employees and the needs of the service, and insofar as possible with regard to the wishes of the employee; provided that employees shall not divide their vacation allowance into periods of less than seven consecutive days except where less than seven days of vacation are due; provided further that no employee shall be denied a vacation to which he is entitled; and provided further that no employee shall be allowed a vacation prior to the first anniversary of his employment. No employee shall be allowed more than one vacation in any calendar year, except that when, in the case of the first vacation, the date of the first anniversary of employment falls within the last two weeks of the calendar year, the employee shall be allowed to start his vacation within such two-week period prior to the end of the calendar year and complete such vacation in the following calendar year provided such vacation time shall be continuous and such vacation shall not bar the employee from vacation during the second year of service.

*If, under the provisions of this ordinance, an employee was entitled to a vacation during the month of December, 1941, and such vacation was scheduled during the same month but because of the extraordinary needs of the service arising out of the war emergency the appointing officer found it necessary to cancel the vacation theretofore scheduled, then such employee shall be granted the said vacation during the calendar year 1942, and such vacation shall not bar the employee from the vacation to which he is otherwise entitled during the calendar year 1942.*

**Amending Sick Leave Ordinance by Deleting Provision that Per Diem Employees Absent by Reason of Illness Shall Not be Paid During First Five Days of Absence if They Are Replaced During Such Absence; Providing that Per Diem Employees be Paid for all Illnesses, Including the First Five Days, Whether Replaced or Not, if the Illness Extends Beyond Five Days.**

(Series of 1939)

Bill No. 1614, Ordinance No. ...., as follows:

An amendment to Bill No. 1333, Ordinance No. 4,0521, entitled, "An

Ordinance Approving Rule 32 of the Civil Service Commission Providing for Leaves of Absence Due to Illness or Disability, as Required by Section 153 of the Charter of the City and County of San Francisco; and Repealing Section 301, Part I, of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 4 of Bill No. 1333, Ordinance No. 4.0521, the title of which is recited above, is hereby amended to read as follows:

Section 4. **Periods of Sick Leave.** Officers and employees who are subject to the provisions of Section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis, said sick leave, *if it is for five days' duration or less, shall be without pay.* Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in Section 5 hereof.

Section 2. Section 8 of Bill No. 1333, Ordinance No. 4.0521, the title of which is recited above, is hereby amended to read as follows:

Section 8. **Application for Sick Leave or for Disability Leave.** Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of Sec. 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the applicant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that he has personally investigated the case and has found it deserving. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

Section 3. Section 9 of Bill No. 1333, Ordinance No. 4.0521, the title of which is recited above, is hereby amended to read as follows:

Section 9. **Reports to Civil Service Commission.** The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Commission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person

has been on sick leave with pay for more than ten continuous days.

All applications for sick leave, with or without pay, for periods exceeding five (5) days, granted to officers and employees of the city and county under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

- (a) The Department Physician for the Fire Department;
- (b) The Police Surgeon for the Police Department;
- (c) The physician designated by the Director of Health for the Department of Health;
- (d) The physician designated by the Civil Service Commission for all other departments.

In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving.

Section 4, Section 301, Part I, of the San Francisco Municipal Code, entitled, "Approval of Rule 32 of the Civil Service Commission," is hereby repealed.

Approved as to form by the City Attorney.

At the suggestion of the City Attorney, who pointed out that the foregoing Bill was not in proper form, consideration was postponed until Monday, April 13, 1942. In the meantime, the City Attorney stated, he would correct the Bill.

**Regulating the Holding of Special Meetings, Board of Supervisors,  
and Other Boards and Commissions**

(Series of 1939)

Bill No. 1631, Ordinance No. ...., as follows:

Regulating the holding of special meetings of the Board of Supervisors and of other Boards and Commissions, provided for in the Charter of the City and County of San Francisco, and providing how said meetings shall be called, and what notice thereof shall be given: repealing Bill No. 636, Ordinance No. 3.064 and deleting Sections 33, 34, 35, 36 and 37 from Article 2, Part I of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Special meetings of the Board of Supervisors shall be called by order of the President, or by order of four (4) members of the Board made in writing and directed to the President, or in his absence to the Clerk, and also by written order of the Mayor directed to the President or in the latter's absence, to the Clerk.

When any order for a special meeting of the Board of Supervisors is made by or upon the President, or in his absence upon the Clerk, as herein provided, the President through the Clerk, or the Clerk, as the case may be, shall within twenty-four (24) hours of the receipt of said order, issue a call for said special meeting.

Section 2. All orders for special meetings of the Board of Supervisors shall specify the time of said meeting and the purpose or purposes for which said meeting is called.

Upon receiving notice of the time and purpose or purposes of said special meeting of the Board of Supervisors the Clerk of said Board shall notify each member thereof at least twenty-four (24) hours in advance of the time of said meeting and the purpose or purposes thereof, which said notice shall be given by personal notice delivered to each of said members, or by notice sent by United States Mail, addressed to each member of the Board, at his respective address.

Notices of any special meeting of the Board of Supervisors shall be published at least twenty-four (24) hours in advance of such special meeting.

Section 3. Special meetings of any Board or Commission provided for by the Charter of the City and County of San Francisco, other than the Board of Supervisors, may be called by the Chairman thereof, and must be called by the said Chairman upon the written request of a majority of the members of said Board or Commission, which said written request must state the purposes for which said meeting is to be called.

Section 4. Notice of said special meetings of said Boards or Commissions, other than the Board of Supervisors, shall be signed by the President or Secretary of said Board or Commission, and shall contain a statement of the purpose or purposes for which said meeting is called, and the time thereof. Said notice shall be personally served on each member of the said Board or Commission or mailed to him by special delivery United States mail, at least twenty-four (24) hours in advance thereof, and if notice of said meeting is mailed, the same shall be addressed to said member at his place of residence or business, and in addition to the notice to each member of said Commission, notice thereof to the public shall be given by posting a notice of said meeting upon the door of the office or place of meeting of said Board or Commission, or in a conspicuous place within said office, at least twenty-four (24) hours in advance of said meeting. Personal notice of any special

meeting of any Board or Commission, other than said Board of Supervisors, may be waived by any member of said Board or Commission by consenting in writing to the holding of said meeting, provided that notice to the public of said meeting be given as herein provided.

Section 5. No matter shall be considered at any special meeting of the Board of Supervisors or any other Board or Commission provided for by the Charter of the City and County of San Francisco, except such matters as pertain to the purposes for which said meeting was called, and all of said special meetings shall be held at the regular meeting place of said Board or Commission.

Section 6. Bill No. 636, Ordinance No. 3,064 is hereby repealed and Sections 33, 34, 35, 36, and 37 are hereby deleted from Article 2, Part I, of the San Francisco Municipal Code.

Approved as to form by the City Attorney.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Appropriating the Sum of \$985.00 from the Surplus Existing in the  
Emergency Reserve Fund to Appropriation No. 102,903.02-3 to  
Provide Funds to be Used in Connection with the Salvage for  
Victory Committee, an emergency ordinance.**

(Series of 1939)

The Finance Committee presented Bill No. 1646, Ordinance No. 1566, as follows:

Appropriating the sum of \$985.00 from the surplus existing in the Emergency Reserve Fund to Appropriation No. 102,903.02-3 to provide funds to be used in connection with the Salvage for Victory Committee, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$985.00 is hereby appropriated from the surplus existing in the Emergency Reserve Fund to the credit of Appropriation No. 102,903.02-3 for the purpose of providing funds to be used in connection with the Salvage for Victory Committee in conducting a campaign to coordinate the efforts of the City and County of San Francisco with the program of the United States Government for the salvaging of tin and kindred materials.

Section 2. This ordinance is passed as an emergency measure and the Board does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this ordinance should become effective forthwith, the nature of the said emergency being as follows: The immediate salvaging of tin and kindred materials is important to the successful conclusion of the present national emergency which threatens the safety of the people of the City and County of San Francisco as well as all other parts of the United States.

Recommended by the Mayor.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Finally passed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Appropriating \$286,000 from the Surplus Existing in the Municipal Railway Surplus Fund and \$50,000 from the Surplus Existing in the Unappropriated Balance of Funds of the Municipal Railway for the Purchase of Railway Equipment, and the Making of Certain Improvements, an Emergency Ordinance.**

(Series of 1939)

The Finance Committee presented Bill No. 1647, Ordinance No. 1567, as follows:

Appropriating \$286,000 from the surplus existing in the Municipal Railway Surplus Fund and \$50,000 from the surplus existing in the unappropriated balance of funds of the Municipal Railway for the purchase of railway equipment and the making of certain improvements, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The sum of \$286,000 is hereby appropriated and set aside out of the surplus existing in the Municipal Railway Surplus Fund and the sum of \$50,000 is hereby appropriated and set aside from the surplus existing in the unappropriated balance of the Municipal Railway to the credit of the following appropriations in the amounts and for the purposes recited:

Appropriation No. 965.400.02	Additional funds required to add to an existing balance of \$99,184.53 for the purchase of 10 automotive buses.....	\$ 26,000
Appropriation No. 165.400.01	Purchase of 10 automotive buses .....	130,000
Appropriation No. 165.500.01	Reconstruction "E" Line overhead and the purchase of 10 trolley buses for the operation from the Presidio to Columbus Avenue and Washington St. and thence overhead construction through the financial district on a route to be approved by the Public Utilities Commission to the Bay Bridge Terminal and a junction with the Howard St. Trolley Bus Line.....	\$180,000

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, hereby declare that a national emergency exists which makes it imperative that this ordinance should become effective forthwith, the nature of said emergency being as follows:

The immediate providing of additional transportation for workers engaged in defense industries is important to the successful conclusion of the present national emergency which threatens the safety of the people of the City and County of San Francisco as well as all other parts of the United States. The immediate furnishing of additional transportation facilities involves the welfare of the people of the City and County generally because of a change in their mode of transportation due to the rationing of automobiles and automobile tires and accessories and the restrictive use of the privately owned automobile which are also important to the successful conclusion of said national emergency.

Approved by the Mayor.

Recommended by the Manager of Utilities.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

Supervisor Uhl, in discussing the foregoing Bill, announced that he had no objection to the purchases of twenty buses, as provided for therein, but did object to the purchase of any "trolley buses." He would go along with the purchase of buses to take employees to the shipyards, because he believed the need for such transportation constituted a real emergency. The purchase of ten trackless trolleys, for use on Union Street, he held, was not an emergency matter. He desired the two proposals to be segregated so he might vote on them separately.

Mr. E. G. Cahill, Manager of Utilities, in reply to questioning by Supervisor Gallagher, stated his reasons for recommending the purchase of trackless trolleys for the "E" line of the Municipal Railway, as follows:

1. The "E" Line has very old track and requires complete reconstruction east of Van Ness. That will cost some \$288,000, and it must be done or the line must be abandoned.

2. The lower portion of the "E" Line will be re-routed, giving service through the financial district to the bridge terminal.

3. The "E" Line has lost \$40,000 in eight months of the current fiscal year, or a total of \$60,000 per year. Trolley buses will pick up that loss and make a profit. Based on the operation of trackless trolleys on Howard Street and South Van Ness Avenue, the operation of the "E" Line will be far more financially favorable to the City.

4. The substitution of trolley buses on the "E" Line will free 13 cars for use on other overcrowded lines.

Supervisor Uhl, thereupon, repeated his objections to the purchase of trackless trolleys, and attempted to inquire of Mr. L. V. Newton, Vice-President, Market Street Railway Company, why that company was not purchasing trolley buses.

The Chair, however, sustained a point of order raised by Supervisor Mead, ruling that such questioning was out of order.

After further brief discussion by Supervisor Uhl, the roll was called and the foregoing Bill was

*Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—10.

No: Supervisor Uhl—1.

#### Authorizing Appointment of "Isidore M. Golden Honor Medal Committee"

(Series of 1939)

Supervisor Shannon presented Bill No. ...., Ordinance No. ...., as follows:

Authorizing the Mayor of the City and County of San Francisco to appoint a permanent committee to be known as the "Isidore M. Golden

Honor Medal Committee" for the purpose of honoring the memory of said Isidore M. Golden, a former judge of the Superior Court of the State of California, in and for the City and County of San Francisco, and to thereby advance and perpetuate the principles advocated by him.

Whereas, Isidore M. Golden, who died on the 4th day of July, 1941, for many years served with honor and distinction as a Justice of the Peace of the City and County of San Francisco, as an Assistant District Attorney of said City and County, and as a Judge of the Superior Court of the State of California, in and for the City and County of San Francisco and, in addition thereto, devoted many years of his life to public, civic and humanitarian service and worked zealously for the advancement of the principles of true Americanism and for the eradication of the spirit of prejudice and intolerance among all people, and in every way labored for the development and inculcation of the spirit of good will, tolerance and understanding among men of all races and creeds; and

Whereas, It is the desire of the people of the City and County of San Francisco to perpetuate the memory of said Isidore M. Golden, his life as a public official, and the many civic and humanitarian acts which he performed, and to preserve a deep affection and respect for the principles he espoused; now, therefore,

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Mayor of the City and County of San Francisco be, and he is, hereby directed to appoint a committee consisting of five citizens of the City and County of San Francisco, to be known as the "Isidore M. Golden Honor Medal Committee," which persons appointed to said committee shall serve without compensation and the term of each member shall be four years from the date of his appointment, and provided that, in the event there is a vacancy on said committee, the Mayor shall appoint a suitable person to fill such vacancy and his term of office shall also be four years.

Section 2. Said committee shall elect a chairman and a secretary, and the latter need not be a member of said committee and, like the members of said committee, shall serve without compensation.

Section 3. Said committee shall be charged with the duty of selecting, once during each year, and preferably not later than June 1st of said year, such resident of San Francisco who, in the opinion of said committee, during the year, has rendered the most outstanding and effective service to the people of the City and County of San Francisco in the advancement of the principles of true Americanism and the elimination of prejudice and intolerance among all people and in fostering the spirit of good will toward all men of every creed and race. The person so selected by said committee shall be awarded, on a suitable day during said year and preferably at some civic celebration, a medal to be known and designated as the "Isidore M. Golden Honor Medal."

Section 4. Said committee shall have the power to enact and promulgate the necessary rules for its guidance and to carry out the purposes for which it is appointed.

Section 5. Said committee may receive such gifts, donations, bequests or devises as it may deem proper to enable it to carry out the purposes for which it has been appointed.

### Licensing Punch Cards and Punch Boards (Series of 1939)

Supervisor MacPhee presented Bill No. ...., Ordinance No. ...., as follows:

Amending Article 2, Part III, of the San Francisco Municipal Code, by adding thereto Section 142, providing a license fee of two dollars and fifty cents (\$2.50) per quarter for every person, firm or corpora-

tion possessing, keeping, exhibiting or displaying, for public use or play, any punch card or punch board.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 142 is hereby added to Article 2, Part III, of the San Francisco Municipal Code, to read as follows:

**SEC. 142. Punch Cards and Punch Boards.** Every person, firm or corporation engaged in the business, either exclusively or in conjunction with some other business, of possessing, keeping, exhibiting or displaying, for public use or play, any punch card or punch board, shall pay a quarterly license fee of Two Dollars and Fifty Cents (\$2.50) for each place of business at which said punch card or punch board is so possessed, kept, exhibited or displayed.

For the purpose of this Section, a punch card or a punch board is defined as one that is operated, in consideration of money, other property of any value, or a purchase of merchandise, goods or wares, by pulling a pasted slip of paper or other material off a card, or punching out a slip of paper or other material from a board, to disclose a concealed number, name, word, or character indicating whether the operator or player won or is entitled to receive, free of any additional payment or consideration, money, candy, cigarettes, goods, wares or merchandise, prize or additional play.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

---

MONDAY, APRIL 13, 1942, 2:00 P. M.

In Board of Supervisors, San Francisco, Monday, April 13, 1942,  
2:00 P. M.

The Board of Supervisors met in regular session.

## CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer,  
O'Gara, Roncovieri, Shannon, Uhl—11.

Quorum present.

President Jesse C. Colman presiding.

## APPROVAL OF JOURNAL

The Journal of Proceedings of the meeting of April 6, 1942, was  
considered read and approved.

## Protection of San Francisco Bay Bridges

Supervisor O'Gara, out of order, and with the consent of the Board,  
announced that pursuant to request for more adequate protection to  
the bridges crossing San Francisco Bay. Major Hawthorne has been  
appointed to investigate the matter. Thereupon, he presented Major  
Hawthorne to the Board.

Major Hawthorne, in addressing the Board, reported that he would  
make a survey of the situation. However, his investigation would not  
involve any commitment nor any plans or course of action as regards  
combat, but would be merely as to adequacy of protection against Fifth  
Column activities or any subversive action coming from the ground.

## SPECIAL ORDER—3:00 P. M.

Upon motion of Supervisor Green made at the meeting of April 6,  
1942, Board to consider report of the Rules Committee on proposed  
revision of the Rules of Proceedings of the Board of Supervisors.

## RULES OF ORDER OF THE BOARD OF SUPERVISORS

The following "Rules of the Board of Supervisors" were taken up,  
discussed, and acted on as noted:

(Series of 1939)

Resolution No. 2568, as follows:

Resolved, That the rules hereinafter set forth be and the same are  
hereby adopted as the Rules of Order of the Board of Supervisors,  
to-wit:

### Organization and Election of President and Vice-President

Rule 1. At 12:00 o'clock noon on January 8th of even numbered  
years the newly elected and continuing members of the Board of  
Supervisors shall meet and elect one of its members President *and one*

*of its members Vice-President, both to serve for a two year term. (Charter Section 10.) Immediately upon the adoption of these Rules, the Board shall elect one of its members to serve as Vice-President for the balance of the term expiring January 8, 1944.*

#### **Regular Meetings**

Rule 2. Except in case of an emergency, the Board of Supervisors shall meet in the City Hall each Monday at 2:00 o'clock P. M., unless it be a holiday, legal or by official proclamation, in which case the meeting shall be held on the next regular business day. In case of emergency the Board shall designate some other appropriate place as its temporary meeting place.

#### **Special Meetings**

Rule 3. Special meetings of the Board shall be called by order of the President, or by order of four (4) members of the Board made in writing and directed to the President, or in his absence to the Clerk, and also by written order of the Mayor directed to the President or in the latter's absence to the Clerk.

When any order for a special meeting of the Board is made by or upon the President, or in his absence upon the Clerk, as herein provided, the President through the Clerk, or the Clerk, as the case may be, shall within twenty-four (24) hours of the receipt of said order, issue a call for said special meeting.

All orders for special meetings shall specify the time of said meeting and the purpose or purposes for which said meeting is called.

#### **Quorum—What Constitutes**

Rule 4. Six members of the Board shall constitute a quorum to transact business.

#### **Rights of Members Less Than Quorum**

Rule 5. If no quorum be present, a smaller number of members may adjourn from day to day, but no bill or resolution shall be passed or adopted except by concurrence of six members, or a greater number when required by these rules, the Charter or law.

#### **Permission to Leave Meeting**

Rule 6. No member shall leave the Board during its session without permission of a majority of the members present.

#### **Call of the Board**

Rule 7. Whether there be a quorum or not, upon a call of the Board the names of the members shall be called by the Clerk and the absentees noted. Those for whom no excuse or insufficient excuse is made may, by order of a majority of those present, be sent for and be brought to the chambers of the Board by the Sergeant-at-Arms or by special messengers appointed for the purpose. When a quorum is present, no recess until another day or adjournment shall be taken during a call of the Board.

#### **Powers and Duties of President and Vice-President**

Rule 8. The President of the Board shall appoint all special and standing committees of the Board, assign seats and offices to the members, and shall have such other powers and duties as may be delegated to him by the Board, *the Charter or law*. He shall be ex-officio chairman of the Committee on Rules. (From Rule 4, second paragraph.) The President shall preserve order and decorum and prevent demonstration of any character by persons in the chambers of the Board and he shall decide questions of order, subject to an appeal to the Board. (From Rule 15.) *In the absence of the President, the Vice-President shall be vested with authority to exercise all the powers and to perform all the duties of the President.*

### Call to Order and Roll Call

Rule 9. The President of the Board *or in his absence the Vice-President*, shall preside at all meetings and shall call each regular, adjourned or special meeting to order at the appointed hour and shall proceed with the order of business. (From Rule 4, first paragraph.) Immediately after the call to order the Clerk shall call the roll of the members of the Board and shall record those present and absent and he shall enter upon the Journal the names of those members present at roll call as well as the names and time of appearance of those members who arrive subsequent to roll call. (From Rule 4, third paragraph and Rule 3, second sentence.)

In the absence of the President *and the Vice-President*, the Clerk shall call the roll at the time appointed for the meeting and the Board shall then appoint a presiding officer *pro tempore* from among the members present. (From Rule 4, first paragraph, second sentence.)

*Immediately after the roll call or the appointment of a President pro tempore, in the event that the President and the Vice-President are absent, the presiding officer shall proceed with the order of business.* (From Rule 4, first sentence, last clause.)

### Order of Business

Rule 10. The order of business which shall not be departed from shall be as follows:

1. Roll Call.
2. Approval of Journal.
3. Communications.
4. Calendar matters.
5. Reports from City and County Officers.
6. Reports of Committees.
7. Roll Call for introduction or presentation of resolutions, bills, and communications not considered or reported on by committees.

## LEGISLATIVE PROCEDURE

### Bills and Resolutions—How Introduced—Vote

Rule 11. Action by the Board shall be by bill or resolution, in writing, introduced by a member or by a committee and passed or adopted by a majority vote, unless a greater vote be required by Charter or law, of all members of the Board at each reading.

Every legislative act shall be by bill.

### Bills—Reference to Committee—Emergency Excepted

Rule 12. Unless a bill contain an emergency measure or unless it be a bill prepared and reported out by Committee, it shall not be considered or passed by the Board except after reference to and report thereon from committee.

### Bills—Emergency—Vote

Rule 13. Bills containing emergency measures may be passed upon the day of their introduction or presentation, by a three-fourths vote of all members of the Board.

### Bills—Readings and Votes

Rule 14. Bills, except those containing emergency measures or annual appropriations, shall be passed only after two readings and votes thereon at separate meetings of the Board, which meetings shall be at least ten days apart.

### Bills for Annual Appropriation—Procedure

Rule 15. Bills containing annual appropriations shall be passed only after two readings, not less than five days apart, and the second or

final reading shall not be less than fifteen days after the introduction or presentation of each such bill.

#### **Resolutions—Reference to Committee—Exception**

Rule 16. No resolution shall be considered or adopted by the Board on the day of its introduction or presentation and without reference to committee, except by unanimous consent of the Supervisors present.

#### **Procedure of Committee on Matters Referred Thereto**

Rule 17. The committee to which a bill, resolution, or motion is referred shall hold a public hearing thereon and may amend the same and should the committee refer said bill, resolution or motion to the Board, with or without recommendation, the same shall be printed with amendments thereto, if any, upon the calendar of matters of the Board at the next regular meeting.

#### **Bills and Resolutions—Filing—Reference to Committee—Exception**

Rule 18. Except emergency measures, resolutions introduced for consideration and adoption by unanimous consent of the members present, and bills or resolutions prepared and reported out by committee, all bills and resolutions intended for consideration, enactment or adoption by the Board shall, before consideration thereof or action thereon by the Board, be filed with the Clerk and within twenty-four hours thereafter the President or the Clerk shall refer the same to the committee having jurisdiction over the subject matter thereof, for hearing, report and recommendation.

#### **Procedure and Vote on Vetoed Matter**

Rule 19. The Board at its convenience, but not later than thirty days after action thereon by the Mayor, may reconsider any bill or resolution vetoed or disapproved, or any separate appropriation item vetoed or reduced by the Mayor, and if, after such reconsideration, two-thirds of all the members of the Board shall vote in favor of passage or adoption of such bill, appropriation item or resolution, the same shall become effective notwithstanding the Mayor's veto. If a larger vote be required for the passage or adoption of a measure, by the Charter or law, such larger vote shall be required to overcome the veto by the Mayor of such measure.

#### **Procedure Upon Mayor's Request for Reconsideration of Defeated Bill or Resolution**

Rule 20. Any bill or resolution voted on by the Board and failing of passage or adoption shall be reconsidered by the Board on the written request of the Mayor, stating his reasons therefor, filed with the Clerk by the Mayor within ten days of the Board's action on such bill or resolution. The Board shall consider such measure at its convenience but not later than thirty days after the filing of the Mayor's request therefor.

### **PARLIAMENTARY PROCEDURE**

#### **Procedure in Addressing the Board**

Rule 21. When a Supervisor desires to address the Board he shall rise in his place, address the presiding officer, and when recognized he shall proceed to speak, confining himself to the question before the Board. No Supervisor shall be recognized when seated or when away from his desk.

#### **President to Designate Member Entitled to Floor**

Rule 22. When two or more Supervisors arise at the same time to address the Board, the presiding officer shall designate the Supervisor who is entitled to the floor.

#### **Limitations on Speaking**

Rule 23. No Supervisor shall speak more than twice in any one de-

bate on the same subject, and at the same stage of the proceeding, without the consent of a majority of the members present, and Supervisors who have once spoken on a particular matter shall not again be entitled to the floor so long as any Supervisor who has not spoken desires to speak. After obtaining the floor, no Supervisor shall be allowed to speak more than ten minutes on any question except by permission of a majority of the members present, provided, however, that the author shall have ten minutes to open and ten minutes to close the debate.

#### **Speaker Not to be Interrupted**

Rule 24. When speaking, no member shall be interrupted without his consent, provided however, that the member speaking shall yield to the following:

1. A point of order;
2. An objection to consideration of the question;
3. Call for the order of business, when it is not being conformed to;
4. Question of privilege;
5. Question as to the parliamentary situation.

#### **Precedence of Motions During Debate**

Rule 25. When a question is under debate, no motion shall be entertained except:

1. To adjourn;
2. Call of the Board;
3. To recess to a time certain;
4. To lay on the table;
5. The previous question;
6. To set as a special order;
7. To postpone;
8. To commit or refer;
9. To amend;

which several motions shall have precedence in the above order; provided however, that during a call of the Board, any matter or business may, by unanimous consent of the members then present, be considered or transacted which the number of members then present are legally authorized to consider or transact.

#### **Motion to be Seconded and Stated**

Rule 26. No motion shall be debated until the same has been seconded and the question has been distinctly stated by the President.

#### **Motions Which Take Precedence of Amendments to Main Question**

Rule 27. Until acted upon, a motion to commit or refer and a motion to lay on the table shall preclude all amendments to the main question.

#### **Withdrawal of Motion**

Rule 28. After a motion has been stated by the President, it shall be in the possession of the Board. Before it is acted upon, a motion may be withdrawn by the mover thereof, with the consent of a majority of the members present.

#### **Vote Necessary to Carry a Motion**

Rule 29. Except for strictly parliamentary actions, to accomplish which shall require a majority vote of the members present, and except as otherwise provided by the rules, by Charter or law, it shall require six votes to carry any motion.

#### **Division of the Question**

Rule 30. On the demand of any member, the President shall order a question divided if it include propositions so distinct in substance that

one being taken away, one or more substantive propositions shall remain for the decision of the Board. When divided, each proposition shall then be considered and voted upon separately as if it had been offered alone.

#### **Seriatim Consideration**

Rule 31. When a measure under debate includes points which are intimately connected, any member may have the matter considered by sections or paragraphs. Each section or paragraph may be amended while being considered and the proposition as a whole shall then be voted upon.

#### **The Previous Question—Procedure—Vote—Form**

Rule 32. The previous question shall only be admitted when called for by three Supervisors and if the motion carries, its effect shall be to terminate all debate on the matter pending, except that the author or mover of the bill, resolution, motion or amendment shall have the right to close and the question under discussion shall thereupon be immediately put to a vote.

It shall require a two-thirds vote of the members present to adopt a motion calling for the previous question.

The previous question shall be put in the following form: "Shall the previous question be now put?"

#### **Appeal From Decision of the President**

Rule 33. Any member of the Board who disagrees with the ruling of the President upon any matter, may appeal from his decision thereon.

When a member desires to appeal from the ruling of the President, such member shall rise as soon as the decision is made, even though another member hold the floor, and without waiting to be recognized, announce that he appeals from the decision of the President.

After the appeal has been seconded, the President shall state clearly the question at issue, and without leaving the Chair may, if he believes it necessary, state his reasons for the decision.

The question shall then be stated as follows: "The question before the Board is, 'Shall the decision of the President stand as the decision of the Board?'"

#### **Voting Requirements and Procedure**

Rule 34. Every member present when a question is put shall vote for or against it, unless disqualified by the Charter, or law, or excused by unanimous consent of the other members present.

No member shall be permitted to vote upon a question unless present when his name is called or before the vote is announced.

A roll call shall not be interrupted for debate or personal privilege, but a member may, prior to the calling of the roll, explain his vote, or file in writing an explanation of his vote after the result of the roll call has been announced and recorded.

#### **Reconsideration—Procedure—Vote**

Rule 35. When a motion has been made and carried or lost, it shall be in order for any member voting with the prevailing side to move to reconsider the vote on that question.

To be recorded as having voted with the prevailing side, in order to move to reconsider the vote on any question, a member may change his vote before the result of the roll call has been announced.

A motion to reconsider shall require a second.

The vote upon such motion to reconsider shall not be taken before the next meeting of the Board.

No question shall be reconsidered more than once and a motion to reconsider shall apply only to the main question.

It shall require six votes to carry a motion to reconsider the vote by which any bill, resolution or motion has been passed, adopted, carried or defeated.

A motion to reconsider shall have precedence over every other motion.

#### **Vote to be Entered Upon Journal**

Rule 36. After the Board has voted upon any matter, the names of the members who voted for and those who voted against the question shall be entered upon the Journal, not only in cases required by law, but when any member may require it, and on all bills on each reading and resolutions on adoption the vote by ayes and noes shall be recorded in the Journal of Proceedings.

#### **Privilege of the Floor**

Rule 37. The privilege of the floor shall not be granted for any purpose whatsoever, to others than officers and employees of the City and County of San Francisco. This rule shall not be suspended except by unanimous consent of the members present.

#### **Committee of the Whole**

Rule 38. Whenever it shall be moved and carried by six (6) members that the Board resolve itself into a Committee of the Whole, the President shall leave the Chair and the members shall appoint a chairman of the Committee of the Whole, who shall report the proceedings of said committee.

The rules of the Board shall be observed in the Committee of the Whole, except Rule 37, relating to privilege of the floor.

A motion, in Committee of the Whole, to rise and report the question shall be decided without debate.

#### **Calling a Matter from Committee**

Rule 39. If the committee to which a bill, resolution, motion or matter has been referred should not report thereon to the Board within thirty days thereafter, unless ordered by a majority of the Board members present sooner so to do, any member of the Board may call for said bill or resolution to be presented to the Board at its next regular meeting and it shall be the duty of the Clerk to cause said bill or resolution to be printed upon the calendar for the day upon which it is to be considered by the Board. For the purposes of this rule, reference to committee by the Clerk of any bill, resolution or matter shall be deemed to be reference by the Board, and the Board shall have the same right with respect to the time of presentation thereof to the Board as in the case where a bill, resolution or matter is referred to committee by the Board.

#### **Special Orders—Procedure**

Rule 40. No special order shall be placed on the Calendar except by order of two-thirds of the members present. When the time of a special order arrives, the President or any other member of the Board may call up said special order and it shall not be set aside unless by order of two-thirds of the members present.

#### **Members Not to Incur Liability Against the City**

Rule 41. No member or combination of members of the Board of Supervisors shall employ or engage the services of any person, or authorize or incur any charge, debt or liability against the City and County of San Francisco unless authority therefor shall have been first given by the Board, except as otherwise provided by law.

#### **Suspension of the Rules**

Rule 42. No rule of order of the Board shall be suspended without the affirmative vote of eight members except that suspension of the

rule relating to the privilege of the floor shall require the unanimous consent of all members present.

### **When Robert's Rules of Order Apply**

Rule 43. On any question or point of order not contained in these rules, the Board shall be governed in its actions by the rules contained in Robert's Rules of Order (Revised).

### **Amendments to Rules**

Rule 44. All proposed amendments to these rules shall be referred to the Committee on Rules for consideration and report thereon. Any change in these rules may, after one week's notice, be adopted by a two-thirds vote of all members of the Board.

### **Motions Not Debatable**

Rule 45. The following motions are not debatable:

1. Adjourn (when privileged).
2. Amend (when the motion to be amended or reconsidered is undebatable).
3. Amend an amendment (when the motion to be amended or reconsidered is undebatable).
4. Appeal, relating to indecorum.
5. Debate, to close, limit or extend.
6. Division of the Question.
7. Fix the Time to which to Adjourn (if made when another question is before the Board).
8. Lay on the Table.
9. Leave to continue speaking after indecorum.
10. Nominations, to close.
11. Nominations, to reopen.
12. Objections to Consideration of a Question.
13. Order, Questions of.

### **Rules of Committee**

Rule 50. Every committee shall meet at the time set by the Board, the chairman, or as a majority of the committee may decide.

Rule 51. It shall be the duty of every member to attend every meeting of his committee and to be present promptly at the time for which the meeting is called.

Rule 52. In the event that the Chairman is not present at the time set for a committee meeting, another member of the committee shall, if there be a quorum, call the meeting to order.

Rule 53. It shall be the right of any member of a committee to move a roll call on any pending motion, and the chairman or acting chairman of said committee shall, with or without debate, order the roll call.

Rule 54. In committees of three members or less, a motion by a member thereof shall not require a second.

Rule 55. When a committee meeting is called for a public hearing, at which interested citizens are invited to attend, and a quorum of said committee is not present, such absence shall be reported to the Board at the next meeting.

Rule 56. The Clerk of each committee shall keep a record of the attendance of the members and shall report such record to the Clerk of the Board, and the Clerk shall have the record of the attendance of members at committee meetings available at all times for the information of any or all members of the Board.

Rule 57. Except as otherwise provided, the Rules of the Board shall be applicable in the conduct of all committee meetings whenever practicable. Each committee may, by a majority vote of its members, adopt such additional rules, not in conflict with these rules, as it may consider necessary for the conduct or consideration of any business referred to or instigated by such committee.

### **The Clerk and his Duties**

Rule 58. The Board of Supervisors shall appoint a Clerk, who shall be designated as Clerk of the Board of Supervisors and who shall, ex-officio, be Clerk of the Board of Equalization. The Clerk shall have charge of the office and records of the Board and its committees, and the personnel employed to handle the business, affairs and operations of the Board, its committees and members when engaged in official duty. The Clerk shall be the appointing officer for such personnel, subject to the civil service provisions of the Charter. The Clerk shall keep a Journal of Proceedings of the Board and files of all ordinances and resolutions and properly index the same. He shall be responsible for the publication, as required by law, of bills, ordinances, resolutions and other matters acted on by the Board for which publication is specified. He shall have such other duties and responsibilities as the Board shall prescribe.

Rule 59. Every petition or other written instrument intended to be presented to the Board must be delivered to the Clerk not later than 12 o'clock noon on Saturday, or on the day preceding the meeting. Upon the request of any member such petition or other written instrument shall be read in full.

Rule 60. Except as provided in subdivision 3 of Rule 10, all petitions, protests and communications of a routine character shall be referred by the Clerk to the committee having jurisdiction over the subject matter.

Rule 61. The Clerk shall prepare and cause to be printed and placed on the desks of the members, at least thirty minutes prior to any meeting of the Board, a calendar of the matters to be considered by the Board at said meeting.

Rule 62. Within three days after a bill has been introduced in the Board and referred to committee, notice of the title or the purport and

subject matter thereof shall be published once in the official newspaper and a copy of such bill shall be kept available for inspection in the office of the Clerk of the Board.

Rule 63. All bills shall be published in full upon passage for second reading.

Rule 64. Within five days after final passage of a bill, except an emergency measure, notice that said bill has been finally passed shall be published once in the official newspaper. Said notice shall indicate the title and purport of said bill and the date of enactment.

Rule 65. An emergency ordinance shall be published in full immediately after passage.

Rule 66. Within five days after adoption of a resolution, said resolution shall be published in full, once, in the official newspaper.

Rule 67. Upon receiving notice of the time and purpose or purposes of a special meeting, as provided in Rule 3, the Clerk shall notify each member of the Board, at least twenty-four (24) hours in advance thereof, of the time of said meeting and the purpose or purposes thereof, which said notice shall be given by personal notice delivered to each of said members or by notice sent by United States Mail, addressed to each member of the Board, at his address.

Rule 68. The Clerk shall cause notice of any special meeting of the Board to be published at least twenty-four (24) hours in advance of such special meeting.

Rule 69. It shall be the duty of the Clerk to issue such certificates as may be required by law, and to transmit copies of ordinances or resolutions to the various departments affected thereby. It shall also be the duty of the Clerk to cause the publication in the official newspaper of all bills, ordinances, proposals and such other matters as are required by Charter or law.

Resolution No. 1239 and Resolution No. 2356 (Series of 1939) are hereby repealed.

#### Amendments

Supervisor Shannon called attention in Rule 1, the proposal to elect a Vice President of the Board, to serve in the absence or inability of the President to perform the functions of his office, and further reference to the proposed Vice President in Rule 8 and in Rule 9, and moved that all reference to "Vice President" be stricken out from the Rules.

Motion seconded by Supervisor Roncovieri.

#### Discussion

President Colman, in discussing the motion, stated that the provision for the election of a Vice President had been set up in the proposed rules at the suggestion of the Chief Assistant Clerk, Mr. McGrath, who had called the committee's attention to the need for somebody to fulfill the President's functions during any absence of the President. The Rules Committee, in drafting the proposed rules, believed it would be a good idea to have the office created. However, that is a matter of opinion, and should be decided by the entire Board.

Supervisor Mead held that he could see no real purpose in setting up the proposed office. The creation of the office might prove embarrassing later on. The Vice President would automatically be in line for the Presidency of the Board, in case of a change in the Board. Whenever the need arises the Board can select a temporary Chairman, as it has done in the past.

Thereupon, the roll was called and the motion to strike out all reference to the office of "Vice President" was carried by the following vote:

Ayes: Supervisors MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—6.

Noes: Supervisors Brown, Colman, Gallagher, Green O'Gara—5.

Thereupon, Supervisor Roncovieri suggested that further consideration be postponed until Monday, April 20, 1942, at 3:00 P. M.

However, on objection to postponement being raised, Supervisor Roncovieri withdrew his objection, the roll was called, and the Rules of the Board, amended to read as follows, were

*Adopted* by the following vote:

### **RULES OF ORDER OF THE BOARD OF SUPERVISORS** (Series of 1939)

Resolution No. 2568, as follows:

Resolved, That the rules hereinafter set forth be and the same are hereby adopted as the Rules of Order of the Board of Supervisors, to-wit:

#### **Organization and Election of President**

Rule 1. At 12:00 o'clock noon on January 8th of even numbered years the newly elected and continuing members of the Board of Supervisors shall meet and elect one of its members President to serve for a two year term.

#### **Regular Meetings**

Rule 2. Except in case of an emergency, the Board of Supervisors shall meet in the City Hall each Monday at 2:00 o'clock P. M., unless it be a holiday, legal or by official proclamation, in which case the meeting shall be held on the next regular business day. In case of emergency the Board shall designate some other appropriate place as its temporary meeting place.

#### **Special Meetings**

Rule 3. Special meetings of the Board shall be called by order of the President, or by order of four (4) members of the Board made in writing and directed to the President, or in his absence to the Clerk, and also by written order of the Mayor directed to the President or in the latter's absence to the Clerk.

When any order for a special meeting of the Board is made by or upon the President, or in his absence upon the Clerk, as herein provided, the President through the Clerk, or the Clerk, as the case may be, shall within twenty-four (24) hours of the receipt of said order, issue a call for said special meeting.

All orders for special meetings shall specify the time of said meeting and the purpose or purposes for which said meeting is called.

#### **Quorum—What Constitutes**

Rule 4. Six members of the Board shall constitute a quorum to transact business.

#### **Rights of Members Less Than Quorum**

Rule 5. If no quorum be present, a smaller number of members may adjourn from day to day, but no bill or resolution shall be passed or adopted except by concurrence of six members, or a greater number when required by these rules, the Charter or law.

#### **Permission to Leave Meeting**

Rule 6. No member shall leave the Board during its session without permission of a majority of the members present.

#### **Call of the Board**

Rule 7. Whether there be a quorum or not, upon a call of the Board the names of the members shall be called by the Clerk and the absentees noted. Those for whom no excuse or insufficient excuse is made may,

by order of a majority of those present, be sent for and be brought to the chambers of the Board by the Sergeant-at-Arms or by special messengers appointed for the purpose. When a quorum is present, no recess until another day or adjournment shall be taken during a call of the Board.

#### **Powers and Duties of President**

Rule 8. The President of the Board shall appoint all special and standing committees of the Board, assign seats and offices to the members, and shall have such other powers and duties as may be delegated to him by the Board, the Charter or law. He shall be ex-officio chairman of the Committee on Rules. The President shall preserve order and decorum and prevent demonstrations of any character by persons in the chambers of the Board and he shall decide questions of order, subject to an appeal to the Board.

#### **Call to Order and Roll Call**

Rule 9. The President of the Board shall preside at all meetings and shall call each regular, adjourned or special meeting to order at the appointed hour. Immediately after the call to order the Clerk shall call the roll of the members of the Board and shall record those present and absent and he shall enter upon the Journal the names of those members present at roll call as well as the names and time of appearance of those members who arrive subsequent to roll call.

In the absence of the President, the Clerk shall call the roll at the time appointed for the meeting and the Board shall then appoint a presiding officer pro tempore from among the members present.

Immediately after the roll call or the appointment of a President pro tempore, in the event that the President is absent, the presiding officer shall proceed with the order of business.

#### **Order of Business**

Rule 10. The order of business which shall not be departed from shall be as follows:

1. Roll Call.
2. Approval of Journal.
3. Communications.
4. Calendar matters.
5. Reports from City and County Officers.
6. Reports of Committees.
7. Roll Call for introduction or presentation of resolutions, bills, and communications not considered or reported on by committees.

### **LEGISLATIVE PROCEDURE**

#### **Bills and Resolutions—How Introduced—Vote**

Rule 11. Action by the Board shall be by bill or resolution, in writing, introduced by a member or by a committee and passed or adopted by a majority vote, unless a greater vote be required by Charter or law, of all members of the Board at each reading.

Every legislative act shall be by bill.

#### **Bills—Reference to Committee—Emergency Excepted**

Rule 12. Unless a bill contain an emergency measure or unless it be a bill prepared and reported out by Committee, it shall not be considered or passed by the Board except after reference to and report thereon from committee.

#### **Bills—Emergency—Vote**

Rule 13. Bills containing emergency measures may be passed upon the day of their introduction or presentation, by a three-fourths vote of all members of the Board.

### **Bills—Readings and Votes**

Rule 14. Bills, except those containing emergency measures or annual appropriations, shall be passed only after two readings and votes thereon at separate meetings of the Board, which meetings shall be at least ten days apart.

### **Bills for Annual Appropriation—Procedure**

Rule 15. Bills containing annual appropriations shall be passed only after two readings, not less than five days apart, and the second or final reading shall not be less than fifteen days after the introduction or presentation of each such bill.

### **Resolutions—Reference to Committee—Exception**

Rule 16. No resolution shall be considered or adopted by the Board on the day of its introduction or presentation and without reference to committee, except by unanimous consent of the Supervisors present.

### **Procedure of Committee on Matters Referred Thereto**

Rule 17. The committee to which a bill, resolution, or motion is referred shall hold a public hearing thereon and may amend the same and should the committee refer said bill, resolution or motion to the Board, with or without recommendation, the same shall be printed with amendments thereto, if any, upon the calendar of matters of the Board at the next regular meeting.

### **Bills and Resolutions—Filing—Reference to Committee—Exception**

Rule 18. Except emergency measures, resolutions introduced for consideration and adoption by unanimous consent of the members present, and bills or resolutions prepared and reported out by committee, all bills and resolutions intended for consideration, enactment or adoption by the Board shall, before consideration thereof or action thereon by the Board, be filed with the Clerk and within twenty-four hours thereafter the President or the Clerk shall refer the same to the committee having jurisdiction over the subject matter thereof, for hearing, report and recommendation.

### **Procedure and Vote on Vetoed Matter**

Rule 19. The Board at its convenience, but not later than thirty days after action thereon by the Mayor, may reconsider any bill or resolution vetoed or disapproved, or any separate appropriation item vetoed or reduced by the Mayor, and if, after such reconsideration, two-thirds of all the members of the Board shall vote in favor of passage or adoption of such bill, appropriation item or resolution, the same shall become effective notwithstanding the Mayor's veto. If a larger vote be required for the passage or adoption of a measure, by the Charter or law, such larger vote shall be required to overcome the veto by the Mayor of such measure.

### **Procedure Upon Mayor's Request for Reconsideration of Defeated Bill or Resolution**

Rule 20. Any bill or resolution voted on by the Board and failing of passage or adoption shall be reconsidered by the Board on the written request of the Mayor, stating his reasons therefor, filed with the Clerk by the Mayor within ten days of the Board's action on such bill or resolution. The Board shall consider such measure at its convenience but not later than thirty days after the filing of the Mayor's request therefor.

## **PARLIAMENTARY PROCEDURE**

### **Procedure in Addressing the Board**

Rule 21. When a Supervisor desires to address the Board he shall rise in his place, address the presiding officer, and when recognized he shall proceed to speak, confining himself to the question before the

Board. No Supervisor shall be recognized when seated or when away from his desk.

#### **President to Designate Member Entitled to Floor**

Rule 22. When two or more Supervisors arise at the same time to address the Board, the presiding officer shall designate the Supervisor who is entitled to the floor.

#### **Limitations on Speaking**

Rule 23. No Supervisor shall speak more than twice in any one debate on the same subject, and at the same stage of the proceeding, without the consent of a majority of the members present, and Supervisors who have once spoken on a particular matter shall not again be entitled to the floor so long as any Supervisor who has not spoken desires to speak. After obtaining the floor, no Supervisor shall be allowed to speak more than ten minutes on any question except by permission of a majority of the members present, provided, however, that the author shall have ten minutes to open and ten minutes to close the debate.

#### **Speaker Not to be Interrupted**

Rule 24. When speaking, no member shall be interrupted without his consent, provided however, that the member speaking shall yield to the following:

1. A point of order;
2. An objection to consideration of the question;
3. Call for the order of business, when it is not being conformed to;
4. Question of privilege;
5. Question as to the parliamentary situation.

#### **Precedence of Motions During Debate**

Rule 25. When a question is under debate, no motion shall be entertained except:

1. To adjourn;
2. Call of the Board;
3. To recess to a time certain;
4. To lay on the table;
5. The previous question;
6. To set as a special order;
7. To postpone;
8. To commit or refer;
9. To amend;

which several motions shall have precedence in the above order; provided however, that during a call of the Board, any matter or business may, by unanimous consent of the members then present, be considered or transacted which the number of members then present are legally authorized to consider or transact.

#### **Motion to be Seconded and Stated**

Rule 26. No motion shall be debated until the same has been seconded and the question has been distinctly stated by the President.

#### **Motions Which Take Precedence of Amendments to Main Question**

Rule 27. Until acted upon, a motion to commit or refer and a motion to lay on the table shall preclude all amendments to the main question.

#### **Withdrawal of Motion**

Rule 28. After a motion has been stated by the President, it shall be in the possession of the Board. Before it is acted upon, a motion may be withdrawn by the mover thereof, with the consent of a majority of the members present.

### **Vote Necessary to Carry a Motion**

Rule 29. Except for strictly parliamentary actions, to accomplish which shall require a majority vote of the members present, and except as otherwise provided by the rules, by Charter or law, it shall require six votes to carry any motion.

### **Division of the Question**

Rule 30. On the demand of any member, the President shall order a question divided if it include propositions so distinct in substance that one being taken away, one or more substantive propositions shall remain for the decision of the Board. When divided, each proposition shall then be considered and voted upon separately as if it had been offered alone.

### **Seriatim Consideration**

Rule 31. When a measure under debate includes points which are intimately connected, any member may have the matter considered by sections or paragraphs. Each section or paragraph may be amended while being considered and the proposition as a whole shall then be voted upon.

### **The Previous Question—Procedure—Vote—Form**

Rule 32. The previous question shall only be admitted when called for by three Supervisors and if the motion carries, its effect shall be to terminate all debate on the matter pending, except that the author or mover of the bill, resolution, motion or amendment shall have the right to close and the question under discussion shall thereupon be immediately put to a vote.

It shall require a two-thirds vote of the members present to adopt a motion calling for the previous question.

The previous question shall be put in the following form: "Shall the previous question be now put?"

### **Appeal From Decision of the President**

Rule 33. Any member of the Board who disagrees with the ruling of the President upon any matter, may appeal from his decision thereon.

When a member desires to appeal from the ruling of the President, such member shall rise as soon as the decision is made, even though another member hold the floor, and without waiting to be recognized, announce that he appeals from the decision of the President.

After the appeal has been seconded, the President shall state clearly the question at issue, and without leaving the Chair may, if he believes it necessary, state his reasons for the decision.

The question shall then be stated as follows: "The question before the Board is, 'Shall the decision of the President stand as the decision of the Board?'"

### **Voting Requirements and Procedure**

Rule 34. Every member present when a question is put shall vote for or against it, unless disqualified by the Charter, or law, or excused by unanimous consent of the other members present.

No member shall be permitted to vote upon a question unless present when his name is called or before the vote is announced.

A roll call shall not be interrupted for debate or personal privilege, but a member may, prior to the calling of the roll, explain his vote, or file in writing an explanation of his vote after the result of the roll call has been announced and recorded.

### **Reconsideration—Procedure—Vote**

Rule 35. When a motion has been made and carried or lost, it shall be in order for any member voting with the prevailing side to move to reconsider the vote on that question.

To be recorded as having voted with the prevailing side, in order to move to reconsider the vote on any question, a member may change his vote before the result of the roll call has been announced.

A motion to reconsider shall require a second.

The vote upon such motion to reconsider shall not be taken before the next meeting of the Board.

No question shall be reconsidered more than once and a motion to reconsider shall apply only to the main question.

It shall require six votes to carry a motion to reconsider the vote by which any bill, resolution or motion has been passed, adopted, carried or defeated.

A motion to reconsider shall have precedence over every other motion.

#### **Vote to be Entered Upon Journal**

Rule 36. After the Board has voted upon any matter, the names of the members who voted for and those who voted against the question shall be entered upon the Journal, not only in cases required by law, but when any member may require it, and on all bills on each reading and resolutions on adoption the vote by ayes and noes shall be recorded in the Journal of Proceedings.

#### **Privilege of the Floor**

Rule 37. The privilege of the floor shall not be granted for any purpose whatsoever, to others than officers and employees of the City and County of San Francisco. This rule shall not be suspended except by unanimous consent of the members present.

#### **Committee of the Whole**

Rule 38. Whenever it shall be moved and carried by six (6) members that the Board resolve itself into a Committee of the Whole, the President shall leave the Chair and the members shall appoint a chairman of the Committee of the Whole, who shall report the proceedings of said committee.

The rules of the Board shall be observed in the Committee of the Whole, except Rule 37, relating to privilege of the floor.

A motion, in Committee of the Whole, to rise and report the question shall be decided without debate.

#### **Calling a Matter from Committee**

Rule 39. If the committee to which a bill, resolution, motion or matter has been referred should not report thereon to the Board within thirty days thereafter, unless ordered by a majority of the Board members present sooner so to do, any member of the Board may call for said bill or resolution to be presented to the Board at its next regular meeting and it shall be the duty of the Clerk to cause said bill or resolution to be printed upon the calendar for the day upon which it is to be considered by the Board. For the purposes of this rule, reference to committee by the Clerk of any bill, resolution or matter shall be deemed to be reference by the Board, and the Board shall have the same right with respect to the time of presentation thereof to the Board as in the case where a bill, resolution or matter is referred to committee by the Board.

#### **Special Orders—Procedure**

Rule 40. No special order shall be placed on the Calendar except by order of two-thirds of the members present. When the time of a special order arrives, the President or any other member of the Board may call up said special order and it shall not be set aside unless by order of two-thirds of the members present.

### **Members Not to Incur Liability Against the City**

Rule 41. No member or combination of members of the Board of Supervisors shall employ or engage the services of any person, or authorize or incur any charge, debt or liability against the City and County of San Francisco unless authority therefor shall have been first given by the Board, except as otherwise provided by law.

### **Suspension of the Rules**

Rule 42. No rule of order of the Board shall be suspended without the affirmative vote of eight members except that suspension of the rule relating to the privilege of the floor shall require the unanimous consent of all members present.

### **When Robert's Rules of Order Apply**

Rule 43. On any question or point of order not contained in these rules, the Board shall be governed in its actions by the rules contained in Robert's Rules of Order (Revised).

### **Amendments to Rules**

Rule 44. All proposed amendments to these rules shall be referred to the Committee on Rules for consideration and report thereon. Any change in these rules may, after one week's notice, be adopted by a two-thirds vote of all members of the Board.

### **Motions Not Debatable**

Rule 45. The following motions are not debatable:

1. Adjourn (when privileged).
2. Amend (when the motion to be amended or reconsidered is undebatable).
3. Amend an amendment (when the motion to be amended or reconsidered is undebatable).

### Rules of Committee

Rule 50. Every committee shall meet at the time set by the Board, the chairman, or as a majority of the committee may decide.

Rule 51. It shall be the duty of every member to attend every meeting of his committee and to be present promptly at the time for which the meeting is called.

Rule 52. In the event that the Chairman is not present at the time set for a committee meeting, another member of the committee shall, if there be a quorum, call the meeting to order.

Rule 53. It shall be the right of any member of a committee to move a roll call on any pending motion, and the chairman or acting chairman of said committee shall, with or without debate, order the roll call.

Rule 54. In committees of three members or less, a motion by a member thereof shall not require a second.

Rule 55. When a committee meeting is called for a public hearing, at which interested citizens are invited to attend, and a quorum of said committee is not present, such absence shall be reported to the Board at the next meeting.

Rule 56. The Clerk of each committee shall keep a record of the attendance of the members and shall report such record to the Clerk of the Board, and the Clerk shall have the record of the attendance of members at committee meetings available at all times for the information of any or all members of the Board.

Rule 57. Except as otherwise provided, the Rules of the Board shall be applicable in the conduct of all committee meetings whenever practicable. Each committee may, by a majority vote of its members, adopt such additional rules, not in conflict with these rules, as it may consider necessary for the conduct or consideration of any business referred to or instigated by such committee.

### The Clerk and his Duties

Rule 58. The Board of Supervisors shall appoint a Clerk, who shall be designated as Clerk of the Board of Supervisors and who shall, ex-officio, be Clerk of the Board of Equalization. The Clerk shall have charge of the office and records of the Board and its committees, and the personnel employed to handle the business, affairs and operations of the Board, its committees and members when engaged in official duty. The Clerk shall be the appointing officer for such personnel, subject to the civil service provisions of the Charter. The Clerk shall keep a Journal of Proceedings of the Board and files of all ordinances and resolutions and properly index the same. He shall be responsible for the publication, as required by law, of bills, ordinances, resolutions and other matters acted on by the Board for which publication is specified. He shall have such other duties and responsibilities as the Board shall prescribe.

Rule 59. Every petition or other written instrument intended to be presented to the Board must be delivered to the Clerk not later than 12 o'clock noon on Saturday, or on the day preceding the meeting. Upon the request of any member such petition or other written instrument shall be read in full.

Rule 60. Except as provided in subdivision 3 of Rule 10, all petitions,

protests and communications of a routine character shall be referred by the Clerk to the committee having jurisdiction over the subject matter.

Rule 61. The Clerk shall prepare and cause to be printed and placed on the desks of the members, at least thirty minutes prior to any meeting of the Board, a calendar of the matters to be considered by the Board at said meeting.

Rule 62. Within three days after a bill has been introduced in the Board and referred to committee, notice of the title or the purport and subject matter thereof shall be published once in the official newspaper and a copy of such bill shall be kept available for inspection in the office of the Clerk of the Board.

Rule 63. All bills shall be published in full upon passage for second reading.

Rule 64. Within five days after final passage of a bill, except an emergency measure, notice that said bill has been finally passed shall be published once in the official newspaper. Said notice shall indicate the title and purport of said bill and the date of enactment.

Rule 65. An emergency ordinance shall be published in full immediately after passage.

Rule 66. Within five days after adoption of a resolution, said resolution shall be published in full, once, in the official newspaper.

Rule 67. Upon receiving notice of the time and purpose or purposes of a special meeting, as provided in Rule 3, the Clerk shall notify each member of the Board, at least twenty-four (24) hours in advance thereof, of the time of said meeting and the purpose or purposes thereof, which said notice shall be given by personal notice delivered to each of said members or by notice sent by United States Mail, addressed to each member of the Board, at his address.

Rule 68. The Clerk shall cause notice of any special meeting of the Board to be published at least twenty-four (24) hours in advance of such special meeting.

Rule 69. It shall be the duty of the Clerk to issue such certificates as may be required by law, and to transmit copies of ordinances or resolutions to the various departments affected thereby. It shall also be the duty of the Clerk to cause the publication in the official newspaper of all bills, ordinances, proposals and such other matters as are required by Charter or law.

Resolution No. 1239 and Resolution No. 2356 (Series of 1939) are hereby repealed.

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

## UNFINISHED BUSINESS

### Final Passage

The following recommendation of the Finance Committee, heretofore Passed for Second Reading, was taken up:

**Providing for Leaves of Absence for Military Service, or Naval Service, or Other Mandatory Service for National Defense or Preparedness in Time of War or in Time of Peace.**

(Series of 1939)

Bill No. 1629, Ordinance No. 1572, as follows:

Amending Sections 382, 383, 384 and 385, Part I, of the San Francisco Municipal Code, specifying officers, employees, and services for which leaves of absence shall be granted for military, or naval, or other mandatory duties for national defense or preparedness; providing

for the duration of such leaves of absence, Civil Service status, and exceptions and limitations; providing for proof of duty and such leave of absence with and without pay; providing for rules and regulations to be adopted by the Civil Service Commission; providing for pending actions and accrued rights; and providing a saving clause.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 382, 383, 384 and 385, Part I. of the San Francisco Municipal Code, are hereby amended to read as follows:

**SEC. 382. Specifying Officers, Employees, and Services for which Leaves of Absence Shall be Granted for Military or Naval, or Other Duties for National Defense or Preparedness.** The head of the respective department, office, board or commission of the City and County of San Francisco, with the approval of the Civil Service Commission, and subject to the provisions of Section 153 of the Charter and Sections 382 to 385, inclusive, Part I, of this Code, shall grant military leaves of absence for active service or training to the following officers and employees for the services enumerated in this Section:

**OFFICERS AND EMPLOYEES ELIGIBLE FOR  
MILITARY LEAVES OF ABSENCE**

1. Any officer or employee of the City and County of San Francisco, or any uncertificated officer or employee of the Unified School District of said City and County; provided, that the temporary appointment of an employee serving under temporary civil service appointment at the time of induction or enlistment in the military service as hereinafter set forth shall be terminated upon induction into said service and his name shall be returned to the list of eligibles from which he was appointed, provided such eligible list is still in force and effect;

2. Any person under probationary appointment as an officer or employee of said City and County or said Unified School District;

3. Any person having rank or place on any civil service list of eligibles for appointment to any position under the government of said City and County, or to any uncertificated position under said Unified School District.

**SERVICES FOR WHICH MILITARY LEAVES OF  
ABSENCE SHALL BE GRANTED**

1. Any branch or division of the United States—

- (a) Army;
- (b) Navy;
- (c) Marine Corps.

2. Any branch or division of the State of California—

- (a) National Guard;
- (b) Naval Militia;
- (c) State Guard;
- (d) Home Guard.

3. Any service for national defense or preparedness required by mandatory order of—

- (a) The Government of the United States or by lawful and mandatory order of any of its departments or officers;
- (b) The Government of the State of California or by lawful and mandatory order of any of its departments or officers.

**SEC. 383. Duration of Military Leaves of Absence—Civil Service Status—Exceptions and Limitations.** (a) **Duration of Military Leaves of Absence.** The head of the respective department, office, board or commission, with the approval of the Civil Service Commission, shall grant military leaves of absence, except as hereinafter provided, as follows:

- (1) **Time of War.** Military leave of absence shall be granted in time of war, and for such time thereafter as shall be provided by rule or regulation of the Civil Service Com-

mission, but not to exceed two (2) years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. In case of such disability said leave of absence shall be extended for such time thereafter as shall be provided by rule or regulation of the Civil Service Commission.

- (2) **Time of Peace.** Military leave of absence shall be granted in time of peace for the period of service or training and for such time thereafter as shall be provided by rule or regulation of the Civil Service Commission, but not to exceed three (3) months after the expiration thereof.

(b) **Civil Service Status.** When any person on such military leave of absence has been appointed to a permanent position, he shall be entitled to resume a position in the same class and department at the expiration of his leave of absence. The term of service or training for which such military leave of absence was granted shall be reckoned a part of his service under said City and County in computing seniority in the municipal service but not in computing earned sick leave allowance. The calculation of vacation allowance due such officer or employee shall be as provided by the Vacation Ordinance for leave without pay. In time of war when any person on such military leave of absence has standing on an eligible list, he shall retain his place thereon for the duration of the eligible list and thereafter for a period not to exceed two (2) years after proclamation of peace. Upon presenting an honorable discharge or release under honorable conditions from such active service or training for which said military leave of absence was granted, he shall be preferred for appointment in the order of his standing upon such eligible list at the time of his commencement of said military leave of absence and before candidates securing standing through an examination held subsequent to the granting of such military leave of absence. In time of peace when any person on such military leave of absence has standing on an eligible list, he shall retain his place thereon during the period of such leave of absence unless said eligible list shall expire prior thereto, but if his name has been reached for certification to any permanent position during such period of eligibility he shall be preferred for appointment at the end of his military service. A temporary appointment shall be made to said position to serve during the military leave of absence of said person whose name is reached for certification, and on expiration of said leave of absence said person shall be certified for appointment to said position.

(c) **Exceptions and Limitations.** Duration of military leaves of absence shall be subject to the following exceptions and limitations:

- (1) **Elected Officer.** Military leave of absence granted an elected officer shall not extend beyond the period of time for which he was elected; provided, however, if said officer is re-elected for an ensuing term of office, said leave of absence shall be automatically extended to cover such ensuing term.
- (2) **Officer Appointed for Definite Period.** Military leave of absence granted an officer appointed for a definite period of time, as provided for by Charter of said City and County, shall not extend beyond the period of time for which he was appointed; provided, however, if said officer is re-appointed to such position for an ensuing period of time, said leave of absence shall be automatically extended to cover such ensuing period of time.
- (3) **Officer or Employee Exempted by Charter from Civil Service Examination.** Military leave of absence granted an officer or employee exempted by the Charter of said City and County from civil service examinations, except

those provided for in subdivisions (1) and (2) of paragraph (c) of this Section, shall not extend beyond the period of time for which his appointing officer was himself elected, or appointed, or holds such office.

**SEC. 384. Proof of Duty—Leave With and Without Pay.** (a) **Proof of Duty.** Any person applying for military leave of absence shall, at such time, file with the Civil Service Commission a copy of the orders requiring such service or training for which said leave of absence is requested. Upon discharge or release from such service or training for which said leave of absence was granted, said person shall file with the Civil Service Commission a copy of such discharge or release from said service or training; provided, however, if a person on such leave of absence has standing on an eligible list, he must present an honorable discharge or release under honorable conditions from such service or training before being eligible for appointment from said eligible list.

(b) **Leave With and Without Pay.** Whenever any officer or employee of the City and County of San Francisco or any uncertificated officer or employee of the Unified School District of said City and County, including persons under probationary appointment, has been in the employ of said City and County or said Unified School District for one (1) year or more continuously prior to the date upon which said military leave of absence begins, he shall be allowed his regular salary or compensation during such leave of absence, but in no event shall he be paid during such leave of absence for more than thirty (30) days in any calendar year; nor for more than thirty (30) days for any period of continuous military leave of absence.

**SEC. 385. Rules and Regulations to be Adopted.** The Civil Service Commission is authorized to adopt, promulgate and enforce such rules and regulations pertaining to military leaves of absence as are not in conflict with the provisions of Sections 382 to 384, inclusive, Part I, of this Code, as will enable the Civil Service Commission to enforce and carry out the meaning and intent of said Sections.

**Section 2. Pending Actions and Accrued Rights Unaffected.** No action or proceeding commenced before this Ordinance takes effect, and no right accrued, is affected by the provisions of this Ordinance, but all procedure thereafter taken shall conform to the provisions of this Ordinance as far as possible.

**Section 3. Saving Clause.** If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Ordinance or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Approved as to form by the City Attorney.

#### Discussion

Supervisor Shannon, in discussing the foregoing Bill, announced that there seemed to be some misapprehension about the matter; there was a feeling that a man voluntarily enlisting in the military services would not be eligible for reappointment to his position, whereas a man drafted into the services would be eligible. However, there seems to be no basis for that misapprehension, so he, Supervisor Shannon, would not object to its passage.

Supervisor Roncovieri, who at first objected to the Bill, and suggested that it be amended to take care of certificated employees of the Board of Education, as well as the uncertificated employees, on being informed by the City Attorney that the Board of Supervisors

had no jurisdiction at all over the certificated employees, withdrew his objection.

Thereupon, the Bill was

#### Final Passage

The following recommendation of Joint Finance and Public Utilities Committee, heretofore Passed for Second Reading, was taken up:

**Providing for Removal of Certain Tracks and Substitution of Buses for Street Car Service by Market Street Railway Company**

(Series of 1939)

Bill No. 1634, Ordinance No. 1575, as follows:

Providing for the removal of certain street railway tracks of the Market Street Railway Company and the substitution of automobile buses in lieu of street car service on San Bruno Avenue, Bay Shore Boulevard, Twenty-fourth Street, Fourteenth Street, Guerrero Street, San Jose Avenue, Thirtieth Street, Chenery Street, Diamond Street, Monterey Boulevard, Circular Avenue, Richland Avenue, Leese Street, Polk Street, Larkin Street, Post Street, Bryant Street, Army Street, First Street, Third Street, Divisadero Street, and Fillmore Street, and designating the work to be done and apportionment of expense in the removal of said street railway tracks, the manner and times in which said street railway tracks shall be removed and the disposition thereof in the interest of production for National Defense and the repaving in connection therewith, and providing for track and pavement repair in certain track areas on McAllister Street, Mission Street, Fourth Street, Townsend Street, Eighth Street, Folsom Street, Sansome Street, Bush Street, Second Street and Brannan Street.

Whereas, Market Street Railway Company is the owner and holder

of an operating permit granted by the City and County of San Francisco, which said operating permit is dated February 9, 1931, and wherein and whereby said Market Street Railway Company owns and maintains street railway tracks and operates electric railway cars over, upon and along the certain streets, avenues and boulevards, or portions thereof, set forth in the title of this ordinance and which are more particularly set forth and described in Exhibit "A" which is hereto annexed and made a part hereof; and

Whereas, Pursuant to ordinances duly and regularly passed by the Board of Supervisors of the City and County of San Francisco, Market Street Railway Company has been granted permission to operate automobile buses and motor coaches over, upon and along the streets, avenues and boulevards set forth and described in said Exhibit "A" in conjunction with and in extension of and supplementary to and as a substitute service for the electric street railways and street car service operated and in effect over, upon and along said streets, avenues and boulevards and routes; and

Whereas, City and County of San Francisco, for the reasons herein stated, desires that street car operation by Market Street Railway Company, over, upon and along the streets, avenues and boulevards as set forth and described in said Exhibit "A" be discontinued and certain of the tracks removed from said streets, avenues and boulevards; and

Whereas, in aid of the production program for national defense in the present emergency, it has become desirable to salvage and use for national defense purposes steel rails and tracks such as are now located in the streets, avenues and boulevards, and the portions thereof, described in said Exhibit "A"; and

Whereas, the Works Projects Administration has agreed to furnish the labor for the purpose of removing and salvaging such steel rails and tracks described in said Exhibit "A", as herein provided, and for repaving the track areas wherever such steel rails and tracks are removed and salvaged; and

Whereas, City and County of San Francisco desires to cooperate with the Works Projects Administration in respect thereto for the purposes of national defense, and Market Street Railway Company desires to cooperate with the City and County of San Francisco and the National Government in the removal of such steel rails and the salvaging thereof; and

Whereas, the City and County of San Francisco desires to sponsor a Works Projects Administration project, and the Market Street Railway Company is willing to agree to the discontinuance of street car service over and along those certain streets, avenues and boulevards and routes described in said Exhibit "A", whenever the steel rails and tracks are removed therefrom for the purpose of salvaging the same, as herein provided; and

Whereas, It appears to the Board of Supervisors of the City and County of San Francisco that it is in the public interest to remove some or all of the street railway tracks on the streets, avenues and boulevards, as described in said Exhibit "A", and that the salvaging of any of the steel rails and tracks described therein will be in the interest of production for national defense, and the public and public interest will not be injured or suffer by reason of the removal thereof;

Now, Therefore, be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the Works Projects Administration has agreed with the City and County of San Francisco to furnish the labor for the purpose of removing and salvaging any of the steel rails and tracks described in said Exhibit "A", and to repave the track areas where such rails are removed, Market Street Railway Company will transfer title to the City and County of San Francisco of such steel

rails and tracks, ties, tie plates, and steel rods, (subject to the reservation contained in Section 5 hereof), to be removed as herein provided, and which are described in said Exhibit "A" as consisting of seventeen (17) parcels of track comprising approximately one hundred and seventy-two thousand three hundred sixty-eight (172,368) feet of single track, with an approximate salvage value of Eighty-nine Thousand One Hundred Seventy-one and 20/100 Dollars (\$89,171.20). The Works Projects Administration agreeing to furnish all labor required to remove the rails and material and repave the track areas after such removal.

Section 2. City and County of San Francisco and Market Street Railway Company are to share equally the non-labor costs for any rail removal in any track area described in said Exhibit "A" and for any street repaving work necessarily due to such rail removal. The non-labor costs, namely, material and equipment, and the cost of inspection by the City, shall not exceed the sum of Two Hundred and Fifty-five Thousand and Seventy-six Dollars (\$255,076.00); after deducting therefrom the salvage value of the steel rails and appurtenances referred to in Section 1 hereof amounting to the sum of Eighty-nine Thousand One Hundred Seventy-one and 20/100 Dollars (\$89,171.20), there will then remain a balance of One Hundred Sixty-five Thousand Nine Hundred Four and 80/100 Dollars (\$165,904.80) (less any and all additional contributions Works Projects Administration may make to the City and County of San Francisco in connection with the rail removal and street repaving work described herein), which shall be shared equally by City and County of San Francisco and Market Street Railway Company.

Section 3. Market Street Railway Company may furnish necessary equipment for rail removal and repaving (roller and spreader excepted) on account of its share of non-labor costs outlined in Section 2 hereof. The use or rental value of such equipment shall be computed at the rate which the City and County of San Francisco may rent adequate equipment on the open market at the time such equipment is furnished. The estimated rental value of said equipment is approximately Seventy Thousand Six Hundred Seventy-one Dollars (\$70,671.00).

Section 4. Market Street Railway Company shall have the exclusive right to use each and all of the street railway tracks described in said Exhibit "A," and each and every part thereof, for any purpose until the removal of said steel rails and tracks from the respective streets, avenues and boulevards, and portions thereof, described in said Exhibit "A", by Works Projects Administration or the City and County of San Francisco, and during and after the removal of any of said track or tracks Market Street Railway Company shall continue to have the right to operate automobile buses and motor coaches over, upon and along all of said streets, avenues and boulevards described in said Exhibit "A" in lieu of and as a substitute service for the electric street railway lines and street car service now in effect over, upon and along said streets, avenues and boulevards, and the operation of said automobile buses and motor coaches over such routes and the rights and permits hereby granted shall be deemed to be in substitution and in lieu of the rights and permits under which electric street railway lines and street car service are now operated by Market Street Railway Company over, upon and along said streets, avenues and boulevards under said operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof, and shall be subject to the terms and conditions of said permit and any such ordinance or ordinances.

Section 5. The right of Market Street Railway Company to withdraw upon written notice to the City and County of San Francisco any parcel of track described in said Exhibit "A" before the commencement of the work contemplated herein and have same re-conveyed to Market Street Railway Company by City and County

of San Francisco if Market Street Railway Company determines such parcel of track is necessary or useful for street car operation due to the present national emergency and war conditions, is hereby reserved to the Market Street Railway Company. In such event there shall be a commensurate reduction of the obligations of the City and County of San Francisco and the Market Street Railway Company hereunder.

Section 6. Market Street Railway Company, in addition to its regular track maintenance and track repair in track areas, will perform track and pavement repair work along and upon tracks in areas described in Exhibit "B" which is hereto annexed and made a part hereof. The estimated cost of such track and pavement repair work is the sum of Ninety-three Thousand Eight Hundred and Fifty Dollars (\$93,850.00). Said track and pavement repair work is subject to the following conditions:

(a) Track reconstruction and paving necessary along any portion of the areas and streets, as described in said Exhibit "B", shall be performed in the same ratio and proportion as work is performed by the City and County of San Francisco in the rail and track removal described in said Exhibit "A";

(b) Market Street Railway Company shall be granted deferment of work in those instances where rail replacement is found to be necessary and where, due to national defense, acceptable rail as may be required is not obtainable;

(c) Market Street Railway Company, in performing paving work in track areas described in said Exhibit "B", will procure and obtain a good, smooth, rideable surface properly conforming to the adjacent pavement and will either remove all basalt block pavement existing in the track areas described in said Exhibit "B" (excluding header blocks) and replace same with asphaltic concrete or lower and cover same with asphaltic concrete. All work to be done to the satisfaction of the Director of Public Works.

Section 7. The work to be performed, as outlined in this ordinance and described in said Exhibits "A" and "B", shall be completed within three (3) years from the effective date of this ordinance.

Section 8. In the event that the physical properties of the Market Street Railway Company are sold to the City and County of San Francisco during the time this ordinance is in effect, then and in that event Market Street Railway Company shall be relieved of any unfulfilled obligation arising by reason of any of the provisions, terms or conditions of this ordinance.

Section 9. The public interest will not be injured or suffer by the removal of the street car tracks and the substitution of automobile bus or motor coach service in lieu of the present electric street railway lines and service in this ordinance referred to and set forth and described in said Exhibit "A", and the Board of Supervisors so finds.

Section 10. This ordinance shall be without prejudice to any of the other rights and privileges now owned or held by said Market Street Railway Company by virtue of its operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof.

Section 11. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 12. All and singular the grants, permits and rights made and given to City and County of San Francisco and Market Street Railway Company by this ordinance are dependent upon the faithful performance of all of the obligations imposed upon City and

County of San Francisco and Market Street Railway Company, and each of them, by this ordinance.

Section 13. Before this ordinance shall become effective, Market Street Railway Company shall file with the Clerk of the Board of Supervisors its written acceptance of all of the terms and conditions thereof.

Approved as to form by the City Attorney.

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Final Passage

The following recommendation of the Rules Committee, heretofore Passed for Second Reading, was taken up:

**Providing the Manner in Which Bills and Resolutions Shall be Introduced in or Presented to the Board of Supervisors for Enactment or Adoption and for the Publication Thereof: Providing the Manner and Time in Which Committees Shall Act Upon Bills and Resolutions: Defining the Terms "Passage" and "Final Passage"; Repealing Bill No. 9554, Ordinance No. 9140 (New Series) and Deleting Sections 25, 26, 27 and 28 from Article 2, Part I of the San Francisco Municipal Code.**

(Series of 1939)

Bill No. 1630, Ordinance No. 1573, as follows:

Providing the manner in which Bills and Resolutions shall be introduced in or presented to the Board of Supervisors for enactment or adoption and for the publication thereof: providing the manner and time in which committees shall act upon Bills and Resolutions: defining the terms "Passage" and "Final Passage"; Repealing Bill No. 9554, Ordinance No. 9140 (New Series) and deleting Sections 25, 26, 27 and 28 from Article 2, Part I of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Except emergency measures, resolutions introduced for consideration and adoption by unanimous consent of the members present, and bills or resolutions prepared and reported out by committee, all bills and resolutions intended for consideration, enactment or adoption by the Board, shall, before consideration thereof or action thereon by the Board, be filed with the Clerk and within twenty-four hours thereafter the President or the Clerk shall refer the same to the committee having jurisdiction over the subject matter thereof for hearing, report and recommendation.

Section 2. The committee to which a bill or resolution is referred shall hold a public hearing thereon and may amend the same and should the committee refer said bill or resolution to the Board, with or without recommendation, the same shall be printed with amendments thereto, if any, upon the calendar of matters of the Board, at the next regular meeting.

Section 3. If the committee to which a bill or resolution has been referred should not, within thirty days thereafter, unless ordered by the Board sooner to do so, report thereon to the Board, any member of the Board may call for said bill or resolution to be presented to the Board at its next regular meeting and it shall be the duty of the Clerk to cause said bill or resolution to be printed upon the calendar for the day upon which it is to be considered by the Board.

Section 4. Within three days after a bill has been introduced in the Board and referred to committee, notice of the title or purport and subject matter thereof shall be published once in the official newspaper and a copy of such bill shall be kept available for inspection in the office of the Clerk of the Board.

All bills shall be published in full upon passage for second reading.

Within five days after final passage of a bill, except an emergency measure, notice that said bill has been finally passed shall be published once in the official newspaper.

Said notice shall indicate the title and purport of said bill and the date of enactment thereof.

An emergency ordinance shall be published in full immediately after passage.

Within five days after adoption of a resolution said resolution shall be published in full, once, in the official newspaper, unless otherwise provided by Charter or law.

Section 5. The terms "passage" and "final passage" as used herein or in the Charter in connection with bills shall be construed and held to include approval by the Mayor or the lapse of that time, in the absence of the Mayor's approval, within which, under the law, the Mayor is authorized to sign and approve such bill or in the case where the Mayor disapproves or vetoes a bill, the action by which the Board of Supervisors passes a bill notwithstanding the Mayor's veto.

The term "adopted" as used in this ordinance or in the Charter, shall be construed and held to include approval by the Mayor, in those cases where the Mayor's approval is necessary to make said resolution effective, or the lapse of that time, in the absence of the Mayor's approval, where necessary, within which under the law the Mayor is authorized to sign and approve such resolution, or in the case where the Mayor disapproves or vetoes a resolution, the action by which the Board of Supervisors adopts a resolution notwithstanding the Mayor's veto.

Section 6. Bill No. 9554, Ordinance No. 9140 (New Series) is hereby repealed and Sections 25, 26, 27 and 28 of Article 2, Part I of the San Francisco Municipal Code are hereby deleted.

Approved as to form by the City Attorney.

*Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Amending Ordinance No. 1204 Commonly Called Annual Salary Ordinance for the Fiscal Year 1941-1942, by Adding Section 2.3 Thereto Providing for Overtime Pay for Overtime Work for Employees Whose Compensation is Fixed on a Per Diem Basis and Defining What Shall Constitute Overtime Work.**

(Series of 1939)

Bill No. 1648. Ordinance No. ...., as follows:

Amending Ordinance No. 1204 commonly called Annual Salary Ordinance for the fiscal year 1941-1942, by adding Section 2.3 thereto providing for overtime pay for overtime work for employees whose compensation is fixed on a per diem basis and defining what shall constitute overtime work.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1204 commonly called Annual Salary Ordinance for the fiscal year 1941-1942 is hereby amended by adding Section 2.3 thereto, to provide overtime and holiday compensation for the fiscal year 1941-1942 reading as follows:

Section 2.3. The wages specified on a per diem basis in this ordinance for the respective employments included herein are for eight hours' work per day, between the hours of 8:00 A. M. and 5:00 P. M., on Monday, Tuesday, Wednesday, Thursday and Friday. For purposes of this ordinance, the said work schedule shall be considered as regular work time.

Any time worked by employees engaged in the operations and occupations named in this section on Saturday and Sunday, or on New Year's Day, Decoration Day, Independence Day, Labor Day, Admission Day, Armistice Day, Thanksgiving Day and Christmas Day shall be considered as work on holidays and such holiday work shall be compensated at double the rate herein provided for regular work time, subject, however, to the restrictions and provisions of this section. Any time worked by such employees after 12 o'clock midnight and before 8:00 o'clock A. M. shall be compensated at double the rate herein fixed, subject to the restrictions of this section.

Overtime for the employees engaged in the operations or occupations named herein shall be any time worked in excess of eight hours per day, or any time worked before 8:00 A. M. and after 5:00 P. M. on Monday, Tuesday, Wednesday, Thursday and Friday.

Overtime work for employees engaged in operations or occupations set forth in this section whose compensation is fixed in this ordinance on a per diem basis shall be compensated as set forth in this section for such overtime, subject to the provisions of this section; provided that employees engaged in these operations and occupations, under the jurisdiction of the Public Utilities Commission, shall be paid for overtime and holidays worked on the same basis that prevailed for the fiscal year 1938-1939, regardless of the fact that a higher compensation is specified in this section for overtime and holiday work.

**Operations and Occupations**

Asphalt and related street repair crafts as determined by the civil service classification of positions and Laborers and Cribbers, and Trackmen.

**Basis for Computing Compensation for Overtime as Herein Defined.**

One and one-half times the rate fixed herein for regular time for the first four hours of overtime and twice the rate fixed herein for regular time thereafter, except that the rate for overtime between 6:00 A. M. and 8:00 A. M. shall be twice the rate fixed herein for regular time.

Bricklayers, Hodcarriers, Stone Masons, Granite Cutters, Tile Setters, Plasterers, Cement Finishers, Steam Fitters, Machinists, Electrical Workers, Lathers, Engineers of Hoisting Engines and Compressor Operators and related crafts as determined by the civil service classification of positions.

Marble trades and related crafts as determined by the civil service classification of positions.

Carpenters and related crafts as determined by the civil service classification of positions.

Glaziers and related crafts as determined by the civil service classification of positions.

Painters and related crafts as determined by the civil service classification of positions.

Plumbers and Gas Fitters and related crafts as determined by the civil service classification of positions and employees engaged in pipe-caulking and installing meters and water services.

Sheet Metal Workers and related crafts as determined by the civil service classification of positions.

Chauffeurs, Truck Drivers and related crafts as determined by the civil service classification of positions.

Boiler Makers and related crafts as determined by the civil service classification of positions.

Sewer Cleaners.

Twice the rate fixed herein for regular time.

One and one-half times the rate fixed herein for regular time for the first four hours of overtime, and twice the rate fixed herein for regular time thereafter.

One and one-half times the rate fixed herein for regular time for the first four hours of overtime, and twice the rate fixed herein for regular time thereafter.

One and one-half times the rate fixed herein for regular time for the first two hours of overtime, and twice the rate fixed herein for regular time thereafter.

One and one-half times the rate fixed herein for regular time.

Twice the rate fixed herein for regular time.

One and one-half times the rate fixed herein for regular time for the first four hours of overtime, and twice the rate fixed herein for regular time thereafter.

One and one-half times the rate fixed herein for regular time after 8 hours. Working time shall be reckoned by the half day or the full day.

One and one-half times the rate fixed herein for regular time after 8 hours.

One and one-half times the rate fixed herein for regular time for the first four hours of overtime, and twice the rate fixed herein for regular time thereafter, except that the rate for overtime between 6:00 A. M. and 8:00 A. M. shall be twice the rate fixed herein for regular time; and provided that when the ebb and flow of the tides in San Francisco Bay shall interfere with the work of cleaning, maintaining and repairing sewers to the extent that employees engaged therein cannot render service or perform work for more

than 4 hours per day, the said 4 hours shall be considered and compensated as a full day's work, unless, immediately following such work, such employees are assigned to other duties within their classification.

Regardless of other provisions of this section, whenever operations as now constituted and as now carried on regularly and continuously require the services of any of the crafts named in this section before 8:00 A. M. or after 5:00 P. M., and the employee engaged therein has during the fiscal year 1938-1939 received only straight time for such work, such employee shall be compensated for straight time only.

Section 2. This ordinance shall be retroactive as of the 1st day of July, 1941, and the amendment to said salary ordinance herein provided for shall be effective as of said date in order to make proper compensation for the several employments mentioned in said Annual Salary Ordinance, and to fully compensate the several employees engaged in said employments since the 1st day of July, 1941.

Approved as to form by the City Attorney.

#### Explanations of Votes

Supervisor Colman explained his intended vote on the foregoing Bill, stating that he would vote "No." He did not consider the doing of regular work as overtime work, entitled to overtime pay, simply because it was performed on Saturday or Sunday. If this overtime were approved it would be setting a most dangerous precedent. It would apply to everyone whose regular duties must be performed in the off hours. For that reason he intended to vote "No."

Supervisor Brown, in his explanation of vote, announced that the thing proposed has been discussed at great length in Washington recently, that is, the elimination of Saturday and Sunday overtime. It would be extremely unwise to adopt such sort of legislation in San Francisco at this time.

Thereupon, the roll was called and the foregoing Bill was

#### Final Passage

**Appropriating \$462.50, Assessor for New Position of Warehouse and Probate Estates Appraiser at \$185; an Emergency Ordinance.**

(Series of 1939)

Bill No. 1649, Ordinance No. 1576, as follows:

Appropriating the sum of \$462.50 out of surplus existing in Appropriation No. 103.110.00, to the credit of Appropriation No. 103.110.00, creating the position of 1 G15.1 Warehouse and Probate Estates Appraiser at \$185.00 per month and abolishing the position of 1 G15 Property Auditor at \$185.00 per month, in the office of the Assessor, for the period April 16th, 1942 to June 30, 1942; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The sum of \$462.50 is hereby appropriated out of surplus existing in Appropriation No. 103.110.00, to the credit of Appropriation No. 103.110.00, to provide funds for the compensation of 1 G15.1 Warehouse and Probate Estates Appraiser at \$185.00 per month and abolishing the position of 1 G15 Property Auditor at \$185.00

per month, in the office of the Assessor, for the period April 16th, 1942 to June 30th, 1942.

Section 2. The position of 1 G15.1 Warehouse and Probate Estates Appraiser at \$185.00 per month in the office of the Assessor is hereby created; the position of 1 G15 Property Auditor at \$185.00 per month is hereby abolished.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, the nature of said emergency being the uninterrupted operation of the office of the Assessor, and to enable the Assessor to comply with the time limitation established by law. This position is needed immediately so that the assessment roll for 1942-43 which is now in preparation may be completed by July 6, 1942, the date set by law.

Approved by the Assessor.

**Calling Special Election June 9, 1942, for Issuance of Bonds for  
Public Improvements.**

(Series of 1939)

Bill No. 1652. Ordinance No. \_\_\_\_\_, as follows:

An ordinance calling a special election in the City and County of San Francisco on Tuesday, the 9th day of June 1942, for the purpose of submitting to the electors of the City and County of San Francisco the following propositions of incurring bonded indebtedness of said City for the acquisition, construction and completion of each of the following improvements, to-wit: (1) waterworks system, and (2) fire protection; declaring the estimated cost of each of said improvements and the amount of the principal of the indebtedness to be incurred for each thereof and the maximum rate of interest to be paid thereon; fixing the date of said election, the manner of holding the same, establishing election precincts and polling places for said election and appointing boards of election therefor, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 9th day of June, 1942, for the purpose of submitting to the qualified electors of said City and County the questions of incurring bonded indebtedness of said City and County for the objects and purposes set forth in each of the following propositions, to wit:

**Proposition No. 1:** Shall the City and County of San Francisco (Waterworks System) incur a bonded indebtedness in the principal amount of \$1,250,000 for the acquisition, construction and completion of the following municipal improvement, to wit: Improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way, equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco?

**Proposition No. 2:** Shall the City and County of San Francisco (Fire Protection) incur a bonded indebtedness in the principal amount of \$3,000,000 for the acquisition, construction and completion of the following municipal improvement, to wit: Additional fire protection equipment and fire fighting apparatus, including pumping units, trucks and mechanized equipment, fire hose and fire fighting facilities and equipment, additions and extensions to the fire alarm system, and all other works, property or structures necessary or convenient for additional fire protection for the City and County of San Francisco?

That the estimated cost of said proposed municipal improvement above described as Proposition No. 1 (Waterworks System) is the sum of \$1,250,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$1,250,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 2 (Fire Protection) is the sum of \$3,000,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$3,000,000.

Section 2. The Board of Supervisors of the City and County of

San Francisco does hereby submit to the qualified electors of said City and County at said special election said propositions set forth in Section 1 of this ordinance and designated respectively Proposition No. 1 (Waterworks System) and Proposition No. 2 (Fire Protection), and designates and refers to each of said propositions in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition or propositions which carry by the affirmative vote of two-thirds of the qualified electors of said City and County voting upon such proposition or propositions, shall be issued and sold for the purposes specified in such proposition or propositions which receive such affirmative two-thirds vote. The votes cast for and against each proposition hereby submitted shall be counted separately and when two-thirds of the qualified electors voting on any one of such propositions at said election vote in favor thereof, such proposition shall be deemed adopted. The maximum rate of interest to be paid upon said indebtedness created under any of said propositions shall be six (6) per cent. per annum, payable semi-annually.

Said bonds shall be dated June 10, 1942, shall be of the denomination of \$1000 each, and the principal and interest thereof shall be payable in lawful money of the United States, either at the office of the treasurer of the City and County of San Francisco or at the office of the fiscal agent of said city and county in the City of New York.

For the improvement of the water distribution system the said bonds shall be designated "Water Works System Bonds 1942" and shall be numbered from 1 to 1250, both inclusive, and shall be payable \$250,000 thereof one year from the date of said bonds, beginning with the lowest number, and \$250,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

The bonds for fire protection shall be designated "Fire Protection Bonds 1942" and shall be numbered from 1 to 3000, both inclusive, and shall be payable \$300,000 thereof one year from the date of said bonds, beginning with the lowest number, and \$300,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided by law for holding city and county elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at 7 o'clock in the morning of said day of election and shall be kept open continuously thereafter until 8 o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 5734 of the Elections Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. For the conduct of said special election the City and County of San Francisco is hereby divided into 1187 special election precincts. The territory embraced within each of said precincts hereinafter numbered shall consist of the precincts bearing a like number as now established of record by the Registrar of Voters of the City and County of San Francisco for general state and county election purposes. Said precincts and polling places therein for the conduct of said election are as follows:

*(Here follows a list of precincts, polling places, and officers to serve at the election.)*

Section 5. The ballots to be used at said special election shall be substantially in the following form, to wit:

No. (This number to be torn off by Inspector) | MARK CROSSES (X) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL  
 No..... | (Fold ballot to this perforated line, leaving top margin exposed)

MUNICIPAL BALLOT  
 CITY AND COUNTY OF SAN FRANCISCO  
 TUESDAY, JUNE 9, 1942

INSTRUCTIONS TO VOTERS: To vote on any measure stamp a cross (X) in the voting square after the word "YES", or after the word "NO." All marks, except the cross (X) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the Inspector of Election and obtain another.

PROPOSITION No. 1: Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of \$1,250,000 for the acquisition, construction and completion of the following municipal improvement, to wit: Improvement of the present waterworks system by the construction of an auxiliary pumping plant at Lake Merced, together with machinery, pumps, pipe lines, mains, hydrants, storage facilities, reservoirs, lands, rights of way, equipment, and other works, property or structures necessary or convenient for improving and augmenting the existing water supply of the City and County of San Francisco?	YES
	NO

PROPOSITION No. 2: Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of \$3,000,000 for the acquisition, construction and completion of the following municipal improvement, to wit: Additional fire protection equipment and fire fighting apparatus, including pumping units, trucks and mechanized equipment, fire hose and fire fighting facilities and equipment, additions and extensions to the fire alarm system, and all other works, property or structures necessary or convenient for additional fire protection for the City and County of San Francisco?	YES
	NO

WHERE VOTING MACHINES ARE USED at said special election, said propositions shall appear thereon substantially in the form above set forth in said ballots to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon any or all of the propositions hereby submitted at said special election.

WHERE BALLOTS ARE USED, each voter to vote for any proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against any proposition and against incurring said indebtedness set forth on such proposition, shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of such proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" to the right of any proposition shall be counted as a vote in favor of such proposition and to authorize

the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of any proposition shall be counted as a vote against such proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

WHERE VOTING MACHINES ARE USED at said special election, said voting machines shall be so arranged that any qualified elector may vote for any proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting machines shall also be arranged so that any qualified elector may vote against any proposition by pulling down a lever over the word "NO" under or near a statement of any proposed proposition appearing on cardboard, paper or other material placed on the front of the machine which said act shall constitute a vote against such proposition. Said voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of any bonds authorized at said election, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due, and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal; provided that if the maturity of the indebtedness created by any issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for City and County purposes, and shall be collected at the time and in the same manner as other city and county taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Section 8. This ordinance shall be published once a day for at least seven (7) days in "The San Francisco News," a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County), and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

### Discussion

Supervisor MasPhee, in explaining the foregoing Bill, announced that there were contained therein no increases in salary ranges. The proposal was in line, absolutely, with the report from the Civil Service Commission, and merely provided for salary standardization for employees in the "B" Classification. With respect to salary increases, many were granted during the consideration of the 1940-1941 budget, and were voted for, in many cases, by those now opposing salary standardization. These salary increases were not all for employees in the lower income brackets. In fact, many of them were for those in the higher brackets.

Thereupon, Supervisor MacPhee presented, and read in part, the following list of salary increases, and requested that it be made part of the record:

Supervisor Brown objected to the foregoing Bill, repeating objections heretofore made against piecemeal salary standardization. There is only one way to consider salary standardization, he held, and that is to consider the entire matter, at one time.

Thereupon, Supervisor O'Gara moved postponement of consideration until all the proposed salary standardization schedules which the Finance Committee intends to submit to the Board, are actually so submitted. Then the Board will know the entire effect of salary increases during the coming fiscal year.

Motion seconded by Supervisor Uhl.

Supervisor MacPhee opposed the motion, stating he did not believe it possible for the Finance Committee to make recommendations in time for the budget this coming year. The Finance Committee is merely trying to make a decision that will be fair and equitable. That will be impossible if Supervisor O'Gara's motion carries.

Supervisor Gallagher expressed agreement with Supervisor O'Gara. He was not opposed to any employees of San Francisco receiving raises in pay, he said, but he believed the Board should first find out what the cost to the taxpayers would be. The city's whole motive at this time should be for civilian defense. Every city employee should be in agreement with that. This matter should be put over for a while.

Supervisor MacPhee, in answer to statements made, stated that the proposed salary standardization under consideration would cost about \$90,000 to \$100,000. However, it is a matter that should have been taken care of more than ten years ago. It is a charter mandate, and has been since the charter's adoption.

Supervisor O'Gara, in further support of his motion for postponement, recalled to the Board that he had made a similar motion on another salary standardization matter the previous week. The motion was defeated at that time, but since then several things have happened. The Board has been informed that the cost of civilian defense will amount to about 25 cents in the tax rate, and that figure may be increased before the rate is set. Social workers, since the previous meeting of the Board, have come to him stating that stenographers to whom they dictate their reports receive greater salaries than they do. That is not right, yet the Board is being requested to increase the stenographer's salaries. The social workers are entitled to at least as much as the stenographers. Ambulance drivers are requesting standardization. Increases for institutional workers are being requested by C. I. O. If the Board partially standardizes now, next year there will be more trouble. This year the Board should take care of matters up to the maximum of their ability, taking care first of those employees who are being unjustly treated. It is just as much part of the Finance Committee's job to report to the Board some economies that would make it possible to pay increases, if possible, as to recommend increases. For those reasons he would urge the Board to vote for continuance of the matter until it has the whole schedule of salary increases before it.

#### Privilege of the Floor

Mr. Grover O'Connor, representing the Civil Service Clerks, was, on motion by Supervisor Shannon, granted the privilege of the floor. Mr. O'Connor opposed postponement. The matter has been deferred for ten years or more already, and the Board has avoided the task which the charter imposes: i. e., to standardize salaries of all the employees of the city government. The Board has already gone ahead with the policy of piecemeal standardization, and certain groups have been taken care of, and as a matter of ordinary fair play the other employees should be taken care of. If Supervisor O'Gara's motion carries, the matter will go along just as it has for the past ten years and the problem will not be solved. If the Board does not want to go ahead with the matter on a piecemeal basis, it should sit down every day until it solves the problem as a whole. There is no other alternative.

Mr. Edmond Brown, on being granted the privilege of the floor, opposed the motion for postponement. If the motion is carried, there will be no standardization for another year. It must be determined now or not at all. Supervisor O'Gara's sole argument for postponement is: "If you can't do everything, do nothing." The decision should be made now.

Mr. Ivan Flamm, representing the Municipal Service Association, also objected to postponement. Standardization has been a charter mandate for the past eighteen years, and we are now as far away from standardization as we were eighteen years ago. Everyone seems to favor standardization in theory, but we are getting no actual standardization.

Miss Minrudi, representing a group of clerical employees, also urged passage, stating she could see no reason why that group should receive any treatment different from other groups.

#### Postponement Defeated

Thereupon, the roll was called and the motion for postponement  
*Lost* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, O'Gara, Uhl—5

Noes: Supervisors Green, MacPhee, Mead, Meyer Roncovieri, Shannon—6.

### Explanations of Votes

Before the roll was called on Passage for Second Reading, Supervisor Colman explained his vote, saying that he was opposed to piecemeal standardization. He disagreed with the contentions of the Finance Committee that the proposed Bill contained "no increases." Perhaps the Bill did not contain any increases in compensation, but it would cost San Francisco some \$100,000 or \$120,000. Standardization, Supervisor Colman continued, consisted in looking into the duties and pay received on the outside for like duties performed and comparing those duties and pay with salaries paid by the city government. San Francisco is obligated to pay salaries that are being paid in private employment. In a great majority of cases, the city has paid decidedly more. Today appears to be a particularly poor time to standardize, as conditions on the outside are very abnormal, and once the basis is established it cannot be changed, but must remain. The employees affected by the proposed standardization are not entitled to any more consideration than anyone else in the city government, and this is not standardization. Nor is it standardization to ignore those in the higher brackets. It is not solving the problem, and he would vote "No."

Supervisor Shannon announced that he felt the President's explanation was no explanation of his vote, but an argument. It is the same argument that the Board has been hearing for the past ten years, and if the Board listens to him it will continue to listen for another ten years. As for himself, Supervisor Shannon stated that he was willing to attend meetings, and standardize salaries, but he questioned the attendance of other Supervisors at such meetings. He believed, under the circumstances the proposed Bill should be passed without further delay, and the Board should go ahead with piecemeal standardization until it finishes the job.

Mr. Henderson, representing the Civil Service Commission, in answer to questions asked by various Supervisors, reported that there were about 650 separate classifications in the city employ. However, the Finance Committee had requested the Commission to submit to the Board the 1930 schedules for the entire group, which was done. The Finance Committee, through the Board, has re-referred to the Commission proposed changes affecting better than one-half of those 650 classifications. Whether the Commission would be able to clear reports on all the classifications in time for the budget, he did not know. The 1930 schedules, if adopted, would increase payrolls about \$515,000. The increases in the clerical service would account for about \$99,000. The proposals in the ordinance under construction would increase that \$99,000 to about \$117,000. There are also substantial increases in certain other groups now pending before the Commission.

Supervisor Roncovieri renewed his suggestion, made previously when the subject of salary standardization had been before the Board, that salary standardization be approved in toto, but that increases of pay be allowed thereunder be spread over a period of years.

Supervisor Uhl, in expressing his views, stated that he felt the Board was working at cross purposes with the Mayor. He understood that the Mayor would continue the policy adopted by the Mayor last year, in allowing the second third of increases to which employees were entitled under the 1930 schedules. (The Chief Administrative Officer confirmed Supervisor Uhl's statement.) Supervisor Uhl desired to see the Mayor's budget before acting on salary standardization. After viewing the Mayor's budget, it might be considered desirable to increase salaries in some of the lower brackets, but such recommendations should come from the Mayor. He would vote "No."

Supervisor Brown, in explanation of his vote, again expressed his

opposition to piecemeal standardization. He was not opposed to considering the entire subject, but he did object to taking any single group or groups at this time. As to Supervisor MacPhee's expressed surprise that so many raises in the upper brackets being granted during the previous budget's consideration, Supervisor Brown announced that he was amazed that Supervisor MacPhee was so surprised, since that was one of the pertinent questions in the election campaign last year.

Supervisor MacPhee, in reply thereto, denied that he had made any statement that there were no raises in the lower brackets last year, and as to the election campaign, never had he made any comments on the size of salaries being paid to city employees.

#### Passage for Second Reading

Thereupon, the roll was called and the Bill under consideration, providing for salary standardization for the "B" group, was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Green, MacPhee, Mead, Meyer, Roncovieri, Shannon—6.

Noes: Supervisors Brown, Colman, Gallagher, O'Gara, Uhl—5.

#### Passage for Second Reading

The following recommendation of the Legislative and Civil Service Commission was taken up:

Present: Supervisors O'Gara and Shannon.

#### Amending Sick Leave Ordinance.

(Series of 1939)

Supervisor O'Gara presented Bill No. 1614, Ordinance No. .... as follows:

Amending Ordinance No. 4.0521, entitled "An Ordinance Approving Rule 32 of the Civil Service Commission providing for leaves of absence due to illness or disability as required by Section 153 of the Charter of the City and County of San Francisco," which said ordinance is designated and codified as SEC. 301, Part I, of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. SEC. 301, Part I, of the San Francisco Municipal Code, embodying Ordinance No. 4.0521, entitled as above, is hereby amended to read as follows:

SEC. 301. Rule 32 of the Civil Service Commission of the City and County of San Francisco, as amended by said Civil Service Commission, providing for leaves of absence to officers and employees due to illness or disability, which said amended rule as herein set forth, is hereby approved, said amended rule being in words and figures following, to wit:

#### Rule 32. Sick Leaves and Disability Leaves, With Pay.

Section 1. **General Requirement.** The officers and employees of the City and County of San Francisco shall be entitled to sick leaves with full pay, and disability leaves in accordance with laws, rules and regulations of the Retirement Board, subject, however, in both instances, to the provision of this rule.

Section 2. **Definition of Sick Leave.** A leave of absence granted under this rule, because of illness or injury, and not covered by Section 3 of this rule, shall be known as a "sick leave."

Section 3. **Definition of Disability Leave.** A leave of absence granted under this rule for one of the following causes, shall be known as a "disability leave."

(a) Absence due to quarantine established and declared by the Department of Public Health or other competent authority.

(b) Absence necessitated by death of mother, father, husband, wife, child, brother or sister; provided that in such case the leave shall not extend beyond the date of burial of said deceased person.

(c) Absence necessitated by death of other relatives; but leave with pay in such cases shall be for not more than one (1) day to permit attendance at the funeral of said person.

(d) Absence due to disability caused by illness or injury arising out of, and in course of, employment.

**Section 4. Periods of Sick Leave.** Officers and employees who are subject to the provisions of Section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis, said sick leave, *if it is for five days' duration or less, shall be without pay.* Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in Section 5 hereof.

**Section 5. Accumulation of Sick Leave.** Officers or employees who are in the service of the city and county at the time this rule takes effect shall be entitled to an accumulation of two (2) weeks' sick leave with pay for each year of service, until the maximum of six (6) months' accumulation has been reached; provided that when said maximum accumulation of six (6) months has been reached, and thereafter part of said maximum accumulation of six (6) months has been used, the used part of said maximum may again be replenished at the rate of two (2) weeks for each subsequent year of service. Sick leaves with pay allowed since the present Charter became effective on January 8, 1932, shall be deducted from the above-mentioned accumulations, and a statement, by the applicant, of all such sick leaves had since January 8, 1932, to the date of the adoption of this rule, must accompany all requests for sick leave with pay.

**Section 6. Periods of Disability Leaves, as Defined in Items (a), (b) and (c) of Section 3 Hereof.** Leaves of absence, with full pay, allowed because of quarantine established by the Department of Public Health, or other competent authority, shall be for the period of such quarantine only. Leaves of absence with pay, allowed because of deaths of relatives, shall be limited to the periods mentioned in items (b) and (c) of Section 3 of this rule.

**Section 7. Absence Due to Disability Caused by Illness or Injury Arising Out of and in the Course of Employment.** Officers or employees of the City and County of San Francisco who are absent from duty because of disability arising out of and in the course of their employment, shall be governed by the provisions of the "Workmen's Compensation Insurance and Safety Act" of the State of California and such rules as may be made under authority thereof by the Industrial Accident Commission; and the allowance of benefits and leaves of absence of said persons, in accordance with the provisions of said Act, shall be under the jurisdiction of the Retirement Board.

**Section 8. Application for Sick Leave or for Disability Leave.** Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of Sec. 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the appli-

cant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that he has personally investigated the case and has found it deserving. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

**Section 9. Reports to Civil Service Commission.** The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Commission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person has been on sick leave with pay for more than ten continuous days.

All applications for sick leave, with or without pay, for periods exceeding five (5) days, granted to officers and employees of the city and county under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

- (a) The Department Physician for the Fire Department;
- (b) The Police Surgeon for the Police Department;
- (c) The physician designated by the Director of Health for the Department of Health;
- (d) The physician designated by the Civil Service Commission for all other departments.

In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving.

**Section 10. Retirement on Pension Automatically Terminates Leave of Absence.** Whenever a leave of absence has been granted under this rule to any officer or employee, and such officer or employee during such leave is retired on pension, his leave of absence shall automatically terminate on the date of his retirement on pension; provided, however, that any allowance or compensation made under authority of the Workmen's Compensation law shall continue to be paid to said retired employee in accordance with the provisions of said law.

**Section 11. Police and Fire Departments.** Sick leaves and disability leaves granted to members of the uniformed forces of the Police Department and Fire Department shall be regulated by rules adopted respectively by the Police Commission and Fire Commission, which rules, and amendments thereto, shall be subject to the approval of the Civil Service Commission, and when so approved by the Civil Service Commission shall be deemed as included in this rule.

**Section 12. Positions to Which This Rule Shall Not Apply.** The provisions of this rule shall not apply to certified employees of the

Board of Education for whom sick leaves, with pay, are governed by State law, nor to positions of patrol special police officers appointed by the Police Commission.

Section 13. **Pay Rolls and Time Sheets.** Sick leaves, with pay, granted under this rule shall be indicated on pay rolls and time sheets by the letters S. L. P. (Sick leave with full pay); and disability leaves, with pay, granted under this rule, shall be indicated on pay rolls and time sheets by the letters D. L. P. (Disability leave with full pay).

Approved as to form by the City Attorney.

*April 6, 1942—Consideration continued until April 13, 1942.*

*Passed for second reading by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Resolution No. 2562, as follows:

Whereas, At the meeting of the National Association of County Officials held in Washington, D. C., on March 9th and 10th, 1942, Mr. Maury Maverick, Chief of the Governmental Requirements Bureau made the following statement: "Every man, woman and child in Germany, Italy and Japan are working hard and spending their time trying to figure out ways to make slaves of us;" and

Whereas, At the same meeting, the following remarks were made by Mr. Leon Henderson, Administrator of the Office of Price Administration: "The Germans and Japanese have for many years past devoted more than fifty per cent of their effort for war goods and training of soldiers. At the end of 1941 the United States was using twenty to twenty-two per cent of our resources for war effort. When we get to forty per cent, which we will do in the latter part of 1942, we will equal the combined war effort of the Germans, Italians and Japanese;" and

Whereas, It is obvious from the statements of such authorities that culmination of this War in Victory for the Allies demands full, intense and immediate concentration on the War effort with the attendant requisites of strict conservation of man-power for war-production industries and rigid economies in the use of materials and supplies which are non-essential to the war effort; and

Whereas, Because any thinking person is cognizant of the fact that the longer this War is permitted to continue because of lack of man-power in vital industries and because of lack of the essential materials necessary in the conduct of the War, the greater will be the number of killed and wounded among our American boys and their Allies, it is imperative as a patriotic duty and as a humane and decent consideration of our defenders, that expeditious and efficient effort be made to make available the necessary man-power and materials for the successful conduct of the war, for early victory by the Allies, and what is paramount, for the protection and preservation of our national youth; and

Whereas, It would be exemplary, inspiring and contagious were the municipal corporation which is the City and County of San Francisco, to lead the crusade for immediate, and conscientious adherence to a program of economy in man-power as well as materials and supplies; now, therefore, be it

Resolved, That this Board of Supervisors does hereby appeal to the various commissions, boards and departments of the municipal government of San Francisco and in particular to the rank and file of municipal employees and does urge with all the enthusiasm and persuasion of which it is capable that in an all-out endeavor to conserve man-power, materials and supplies for the early consummation of this War in a complete victory for the United States and its Allies and to blaze the trail for similar activities on the part of the management and personnel of private industry and business, full, voluntary and enthusiastic cooperation be accorded the proposal set forth in this resolution, namely, "Serve by Saving."

**Isidore M. Golden Honor Medal Committee.**  
(Series of 1939)

Bill No. 1656, Ordinance No. ...., as follows:

Authorizing the Mayor of the City and County of San Francisco to appoint a permanent committee to be known as the "Isidore M. Golden Honor Medal Committee" for the purpose of honoring the memory of said Isidore M. Golden, a former judge of the Superior Court of the State of California, in and for the City and County of San Francisco, and to thereby advance and perpetuate the principles advocated by him.

Whereas, Isidore M. Golden, who died on the 4th day of July, 1941, for many years served with honor and distinction as a Justice of the Peace of the City and County of San Francisco, as an Assistant District Attorney of said City and County, and as a Judge of the Superior Court of the State of California, in and for the City and County of San Francisco and, in addition thereto, devoted many years of his life to public, civic and humanitarian service and worked zealously for the advancement of the principles of true Americanism and for the eradication of the spirit of prejudice and intolerance among all people, and in every way labored for the development and inculcation of the spirit of good will, tolerance and understanding among men of all races and creeds; and

Whereas, It is the desire of the people of the City and County of San Francisco to perpetuate the memory of said Isidore M. Golden, his life as a public official, and the many civic and humanitarian acts which he performed, and to preserve a deep affection and respect for the principles he espoused; now, therefore,

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Mayor of the City and County of San Francisco be, and he is, hereby directed to appoint a committee consisting of five citizens of the City and County of San Francisco, to be known as the "Isidore M. Golden Honor Medal Committee," which persons appointed to said committee shall serve without compensation and the term of each member shall be four years from the date of his appointment, and provided that, in the event there is a vacancy on said committee, the Mayor shall appoint a suitable person to fill such vacancy and his term of office shall also be four years.

Section 2. Said committee shall elect a chairman and a secretary, and the latter need not be a member of said committee and, like the members of said committee, shall serve without compensation.

Section 3. Said committee shall be charged with the duty of selecting, once during each year, and preferably not later than June 1st of said year, such resident of San Francisco who, in the opinion of said committee, during the year, has rendered the most outstanding and effective service to the people of the City and County of San Francisco

in the advancement of the principles of true Americanism and the elimination of prejudice and intolerance among all people and in fostering the spirit of good will toward all men of every creed and race. The person so selected by said committee shall be awarded, on a suitable day during said year and preferably at some civic celebration, a medal to be known and designated as the "Isidore M. Golden Honor Medal."

Section 4. Said committee shall have the power to enact and promulgate the necessary rules for its guidance and to carry out the purposes for which it is appointed.

Section 5. Said committee may receive such gifts, donations, bequests or devises as it may deem proper to enable it to carry out the purposes for which it has been appointed.

*Passed for second reading by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Providing for Waiver of Certain Building Regulations  
Due to War Emergency**

Supervisor Mead presented, with the recommendation of Commercial and Industrial Development Committee:

Bill No. 1657, Ordinance No. 1577, as follows:

(Series of 1939)

Providing for the waiver of certain building regulations as to the kind, quality, quantity and design of materials which must be used in the construction of buildings in the City and County of San Francisco, as well as the method of installing the same, in accordance with the building laws and regulations of said City and County, when pursuant to the rules, regulations and orders of the War Production Board of the United States, or of any other agency of the United States, it is impossible to obtain the said building materials provided for in said building laws and regulations and making said ordinance a part of the San Francisco Municipal Code; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whenever any building or structure in the City and County of San Francisco is being, or is about to be constructed, remodeled or repaired and certain materials are provided by the building laws and regulations of the said City and County to be used in the construction, remodeling or repair of said building or structure, and by reason of the rules, regulations or orders of the War Production Board of the United States, or of any other agency of the United States, it is impossible to obtain or use the materials of the kind and quality or in the quantity, or of the design provided for by said building laws and regulations for the construction, remodeling or repair of said building or structure, the department, board or officer, or departments, boards or officers, charged with the duty of issuing a permit for the construction, remodeling or repair of said building or structure, may permit the substitution of other materials, both in quantity and kind, or different in design, to be used in the construction, remodeling or repair of said building; provided the use of said other materials, or the change in design thereof, will not, in the opinion of the department, board or officer concerned, result in unsafe or insanitary construction, or create a nuisance or endanger the public health, safety or welfare.

Section 2. The substitution of materials, either as to kind or quantity, or change of design thereof, for those required by the building laws and regulations shall be approved by the head of each department, the approval of which is necessary for the original granting of any permit for the construction, remodeling or repair of the building or structure to be constructed, remodeled or repaired, save and except the same need not be approved by the City Planning Commission.

Section 3. No change or substitution of materials in kind, quality or quantity, nor in the design thereof, shall be allowed unless the said proposed change or substitution appears from the plans and specifications for the building or structure to be constructed, remodeled or

repaired and said plans and specifications are approved by the proper officer, board or department; provided that if it is necessary to make said change or substitution after said plans and specifications are approved, the application for said change or substitution shall be applied for in writing by the person desiring the same and shall not be effective until approved by the proper officer, board or department.

Section 4. This ordinance shall remain effective during the continuation of the existing war between the United States of America and Germany, and/or Italy and/or Japan, unless the same is sooner repealed.

Section 5. This ordinance is hereby made a part of the San Francisco Municipal Code and shall be designated and hereafter referred to as Section 900, Article 4, Part 1 of said San Francisco Municipal Code, and shall be applicable to the Department of Public Works, the Department of Electricity, the Department of Public Health, and the Fire Department.

Section 6. This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote of which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being that the same is necessary for the uninterrupted operation of the Department of Public Works, the Department of Electricity, the Department of Public Health, and the Fire Department.

After explanation by Mr. Milton Morris, Executive Secretary of Associated Home Builders, the foregoing Bill was

### Rehabilitation of Japanese Quarter (Series of 1939)

Supervisor MacPhee presented Resolution No. ...., as follows:

Whereas, San Francisco, at present striving energetically to cope with the numerous and pressing problems thrust upon it as a result of the all-out war effort, is now confronted with a grave peril to the well-being of its citizenry namely, the abandonment and possible resultant deterioration of the Japanese quarter, lying in that area bounded by Ellis, California, Gough and Fillmore Streets; and

Whereas, The "Little Tokio" district's buildings are mostly sub-standard wooden frame structures deficient in sanitary and structural provisions, which when unoccupied will speedily become an unsightly and health-endangering blight; and

Whereas, By the time the evacuation of San Francisco's Japanese is completed, estimated as May 15th, 1942, it is imperative that a definite and comprehensive program of rehabilitation and restoration in said district be in progress; and

Whereas, Several constructive proposals have been advanced by civic-minded groups for the utilization of the rehabilitated residences, which proposals include the suggestion that said district be used to provide housing for the influx of defense workers, in particular those employed by the new Bechtel Shipbuilding Company plant in Sausalito; now, therefore, be it

Resolved, That this Board of Supervisors, cognizant of the gravity of the problem of rehabilitating the Japanese quarter, does hereby call upon and direct the Public Buildings, Land and City Planning Committee of said Board to hold an early meeting on said subject at which it shall invite the attendance and recommendations of the Director of Property of the City and County of San Francisco, the representatives of the Real Estate Board, the Real Estate Association,

the Apartment House Association, and the Federal Reserve Bank, looking to an expeditious and satisfactory solution to this urgent question.

**Memorializing the Maritime Commission to Locate in San Francisco, any Further Units Proposed for the Pacific Coast**

(Series of 1939)

Supervisor MacPhee presented Resolution No. 2567, as follows:

Whereas, Due to decentralization of the Washington Bureaus of the Maritime Commission it will become necessary to provide, for those units which are transferred to this area, not only adequate and convenient office space but also comfortable and easily accessible living quarters for the approximately four hundred families which will accompany the personnel of those bureaus, and

Whereas, Although the Maritime Commission has for many years maintained its branch office in San Francisco, it is now reported that it is proposed to locate the new bureaus presently to be transferred to this area, in some other Bay City, and

Whereas, If consummated such an action would be imprudent, because:

1. San Francisco is the shipping center of the Pacific Coast and the Maritime Commission recognizes this by reason of of the fact that it has always maintained its branch office in this city.
2. San Francisco is the headquarters of the 12th Naval District.
3. The home or branch offices of most of the firms engaged in the shipping industry on the Pacific Coast are located in San Francisco.
4. San Francisco has adequate office space to care for as many of the bureaus of the Maritime Commission as it is deemed desirable to establish on the Pacific Coast, while it is reported that other Bay Cities do not have such space available.
5. San Francisco has adequate and comfortable living quarters to care for the personnel and their families of as many of the bureaus of the Maritime Commission as are proposed to be transferred to the Pacific Coast, while it is reported that other Bay Cities are confronted with a housing shortage.
6. It would be inconvenient and unnecessary to establish some of the bureaus of the Maritime Commission in another city while maintaining the main branch in San Francisco.

Now, Therefore, be it Resolved, That this Board of Supervisors does hereby memorialize the Maritime Commission and does urge that any further units or bureaus of the Commission, which it is proposed to establish on the Pacific Coast, be located in San Francisco in conjunction with the branch office of the Maritime Commission now maintained here, and, be it

Further Resolved, That copies of this Resolution be sent to the Maritime Commission and to Congressmen Welch and Rolph.

**Supporting the Proposal for Establishment of Priority Procedure  
for Certain Businesses and Associations.**

(Series of 1939)

Supervisor Mead presented Resolution No. ...., as follows:

Whereas, The continued operation of banking and financial institutions, insurance companies, retail establishments, business buildings housing or serving government agencies, labor unions, chambers of commerce, and trade, farm and merchants associations, is of utmost importance in the furtherance of the war effort and the economic functioning of the nation; and

Whereas, Restricted supply of many operating supplies and maintenance materials is interfering with the efficient operation of these establishments, resulting in the necessity of their securing priority status to obtain such supplies; and

Whereas, The volume of individual applications for assistance, bound to result from this situation, will place an undue burden on the federal agency processing them; and

Whereas, No formal priority procedure has yet been made available to such business establishments and associations enabling them to secure operating supplies which are vital to their continued operation; and

Whereas, The availability of an automatic priority procedure similar to that given to other types of business would go far towards alleviating the situation; and

Whereas, The San Francisco Chamber of Commerce, the San Francisco Labor Council and San Francisco Building Trades Council have requested the Division of Industry Operations, War Production Board, to consider the establishment of a priority procedure which would enable the above identified businesses and associations to obtain operating supplies and maintenance materials; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as supporting the request of the San Francisco Chamber of Commerce, the San Francisco Labor Council and the San Francisco Building Trades Council in petitioning the Division of Industry Operations, War Production Board, to consider the establishment of a priority procedure which would enable the above identified businesses and associations to obtain operating supplies and maintenance materials; and the Clerk is hereby directed to forward copies of this resolution to the Division of Industry Operations, War Production Board and to Senator Sheridan W. Downey, Senator Hiram W. Johnson, Congressman Richard J. Welch and Congressman Thomas R. Rolph and to William Green, National President of the American Federation of Labor.

**Request for Report on Feasibility of Skip-Stop System on  
Municipal Railway**

(Series of 1939)

Supervisor Uhl presented Resolution No. ...., as follows:

Whereas, The Skip-stop system now employed in the Sunset, Richmond, and Parkside districts has definitely proved to be of major importance in traffic conditions in these areas; and

Whereas, These blocks are 240 feet in width and residents of these areas are more than satisfied with the resultant improvement accorded by the Skip-stop system; now, therefore, be it

Resolved, That the Manager of Utilities submit a report to this Board of Supervisors as to the feasibility of adopting Skip-stop systems on all blocks less than 300 feet in length now served by the Municipal Railway.

**Meeting of San Francisco Bay Regional Development Council—  
Report by Supervisor Robert Miller Green**

On Saturday, April 11, 1942, I attended the San Francisco Bay Regional Development Council meeting, held at Hotel Claremont, Berkeley, California, as a representative of the Board of Supervisors of the City and County of San Francisco.

The meeting was called to order by B. O. Busick, Jr., Vice President of the California State Planning Board. He stated that it was the feeling of the State Planning Board that not only should there be local planning boards limited to a particular community or county, but that counties having the same economical interests should cooperate in a more enlarged planning scheme. It was their belief that the San Francisco Bay Area generally has the same general interests and that the bay counties should cooperate in respect to a long term planning determination.

Representatives of the following Bay Counties were invited to the meeting: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma. Mr. Busick stated that the State Planning Board was sponsoring the development idea of San Francisco Bay and that the State Planning Board was not running it. He felt that a unified report from the counties above named should be presented at the end of the year and after perusal the State Planning Board would send out its report based upon the original report with, perhaps, further recommendations.

Much discussion was had in respect to what might be accomplished by a coordinated planning system for the counties named, however, the main business transacted was the separation of the 9 counties into 3 units i.e. the Peninsula Planning Committee composed of representatives of San Francisco, San Mateo and Santa Clara Counties, (2) The North Bay Planning Committee, composed of representatives from Marin, Solano, Sonoma and Napa Counties, (3) Eastern Bay Planning Committee, composed of representatives of Contra Costa and Alameda Counties. After said general conversation the said committees met in separate rooms. Mr. Fred Beer, Chairman of Board of Supervisors of San Mateo County was elected Chairman of our group and the writer was elected Secretary. We planned to meet sometime in the early part of May in San Mateo County where we will formulate working plans for the Peninsula Committee. The work of each Committee is to be determined by its own analysis of local and regional problems.

It must be remembered that the San Francisco Bay Regional Development organization is a tentative one only, and is to last for the calendar year of 1942. If it proves successful it may then carry on. We determined both on the floor of the general meeting and in our private caucus that the most that could be done this year was to study the planning problems as they effect the 3 counties, San Francisco, Santa Clara and San Mateo, generally with a view to a full and definite report, first to the general committee and then to the State Planning Board, sometime near the end of the year.

No county or city funds are requested for the support of the project. Membership is purely voluntary and from what the members said they would be happy to defray the small expenses of occasional meetings out of their own pockets.

According to the original thought, each Board of Supervisors and City Council in a district, together with the Committee Planning Commissioner and local Planning Commissioner would be represented on the Regional Planning Commission. However, I pointed out that this would jeopardize San Francisco's position in that we would only have 2 votes as compared with perhaps 24 votes of San Mateo County. We finally decided that 12 representatives from each County and City and County would constitute our 3 Counties Sub-committee.

Again I was impressed by the same lack of confidence in San Francisco. The first speaker stated in words somewhat as follows: "I do not think San Francisco is represented today." It was stressed in the Sub-committee that the whole plan would fail if San Francisco did not, for a change, do its part. I was also told that Contra Costa County had refused to enter the scheme on the ground that they could not and would not trust San Francisco. This was told to me by 3 or 4 supervisors who seemed to speak with good authority. They stated that Contra Costa County would come into the Commission if San Francisco stepped out, but never would they associate themselves in an enterprise with San Francisco. I plan shortly to attend the meeting of the Board of Supervisors of Contra Costa County and see what can be done towards developing a more friendly relationship between the 2 counties.

All in all I believe that the meeting was successful from the standpoint of San Francisco's welfare. I succeeded in meeting many of the supervisors and planning engineers from the 9 counties and plan in the future to be in close touch with them not only from the standpoint of planning matters but for the thought of putting San Francisco in a more favorable light with them.

Respectfully submitted,

ROBERT MILLER GREEN.

**Balance of Report on Planning Meeting, April 11, 1942 at Berkeley  
by Supervisor Green**

Luncheon: Meeting Reconvened:

Mr. Hahn of Solano County discussed two important phases of their problem which they anticipated taking up at their next Sub-committee Meeting to be held in Vallejo on May 16th namely:

Transportation—

- Transportation for Defense Workers
- Transportation for military needs.

Housing—

- Present and future emergency needs;
- Federal Housing Projects and priorities;
- Population trends, including population centers;
- Post War Housing and Permanent Population centers.

Supervisor Beer of San Mateo discussed items listed on remaining portion of Agenda as follows:

Action Program: (3) How and by whom should work on the selected projects be conducted:

(a) Should the Council attempt to establish and staff?

Supervisor Beer stated it was the opinion of his group that neither an office nor staff was needed at this time.

(b) Will each Sub-committee assume responsibility for supplying data on its own local area and problems?

Supervisor Beer stated they could secure the necessary data from their regular departments.

(c) Can work be assigned to various city and county planning offices which have qualified personnel?

Supervisor Beer stated that each Sub-committee would have to take this matter up with their respective Planning Commissions and decide

if these Commissions are able to furnish the necessary information and handle the matters pertaining to the functions of this Committee.

(d) Is it desirable to solicit help from the State Planning Board, the National Resources Planning Board, universities and colleges, and/or research organizations?

Supervisor Beer stated that in his opinion this would be necessary and could be secured.

(4) How and by whom should reports of the Council and the Sub-committees be prepared?

Ans. "This is up to each Sub-committee."

(5) Could public, quasi-public, or private funds be secured for publication of reports?

Ans. "This will have to be settled in the future."

(6) What schedule should be adopted in order to allow all reports to be completed not later than December, 1942?

Ans. "This should be the plan and these reports should go to the State Planning Board not later than December, 1942."

(7) What specific subjects or types of problems should be reported upon by Planning Sub-committees at the next meeting?

Ans. "Each Sub-committee will have to decide this matter and in all probability they will take up the matters most urgent at the present time."

(8) When and where should all subsequent meetings of both the Council and the Sub-committees be held during the current year?

This question was put to the floor for discussion and it was somewhat generally decided to have the General Council Meetings every two months but a final motion was made and passed that each Sub-committee should arrange a meeting not later than May 15th which would give sufficient time to arrange beginning material and plans for the general meeting of the Council which was voted to be held on June 6th beginning with luncheon and continuing through the afternoon and should be held in San Francisco. Supervisor Beer is to arrange the place and notify the chairman of each Sub-committee.

Some other general discussion took place relative to matters to be taken up and the main subjects brought forth were:

Pollution of Bay Water, Sewage, Sterilization, etc.

Munitions Plants and Air Fields on Marin Peninsula.

Traffic to and from Mare Island, etc.

Each Sub-committee should get into working order and arrange its subjects in order that there will be as much continuity and similarity as possible at the next general Council meeting.

Respectfully submitted,

ROBERT MILLER GREEN.

#### Final Passage

The following recommendation of the Legislative and Civil Service Committee, heretofore Passed for Second Reading, was taken up:

**Granting to Certain Municipal Employees, in Addition to Their Regular Vacation for 1942, the Vacation to Which Said Employees were Entitled in 1941, but were Denied in 1941 by Reason of the War Emergency.**

(Series of 1939)

Bill No. 1645, Ordinance No. ...., as follows:

Amending Bill No. 846, Ordinance No. 818 (Series of 1939) entitled "An Ordinance Regulating Annual Vacations of Employees of the City and County of San Francisco Except Certificated Employees of the Board of Education," by Adding to Section 3 Thereof, "Vacation Schedules," a provision granting to certain employees, in addition to their regular vacation for the year 1942, the vacation to which they were entitled in the year 1941 but which was precluded them by reason of the war emergency.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Bill No. 846, Ordinance No. 818 (Series of 1939) the title of which is recited above is hereby amended to read as follows:

**SEC. 3. Vacation Schedules.** Vacation schedules shall be arranged at the discretion of the appointing officer, with particular regard to seniority of employees and the needs of the service, and insofar as possible with regard to the wishes of the employee; provided that employees shall not divide their vacation allowance into periods of less than seven consecutive days except where less than seven days of vacation are due; provided further that no employee shall be denied a vacation to which he is entitled; and provided further that no employee shall be allowed a vacation prior to the first anniversary of his employment. No employee shall be allowed more than one vacation in any calendar year, except that when, in the case of the first vacation, the date of the first anniversary of employment falls within the last two weeks of the calendar year, the employee shall be allowed to start his vacation within such two-week period prior to the end of the calendar year and complete such vacation in the following calendar year provided such vacation time shall be continuous and such vacation shall not bar the employee from vacation during the second year of service.

*If, under the provisions of this ordinance, an employee was entitled to a vacation during the month of December, 1941, and such vacation was scheduled during the same month but because of the extraordinary needs of the service arising out of the war emergency the appointing officer found it necessary to cancel the vacation theretofore scheduled, then such employee shall be granted the said vacation during the calendar year 1942, and such vacation shall not bar the employee from the vacation to which he is otherwise entitled during the calendar year 1942.*

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

### Final Passage

The following recommendation of the Rules Committee, heretofore Passed for Second Reading, was taken up:

#### Regulating the Holding of Special Meetings, Board of Supervisors, and Other Boards and Commissions

(Series of 1939)

Bill No. 1631, Ordinance No. ...., as follows:

Regulating the holding of special meetings of the Board of Supervisors and of other Boards and Commissions, provided for in the Charter of the City and County of San Francisco, and providing how said meetings shall be called, and what notice thereof shall be given: repealing Bill No. 636, Ordinance No. 3.064 and deleting Sections 33, 34, 35, 36 and 37 from Article 2, Part I of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Special meetings of the Board of Supervisors shall be called by order of the President, or by order of four (4) members of the Board made in writing and directed to the President, or in his absence to the Clerk, and also by written order of the Mayor directed to the President or in the latter's absence, to the Clerk.

When any order for a special meeting of the Board of Supervisors is made by or upon the President, or in his absence upon the Clerk, as herein provided, the President through the Clerk, or the Clerk, as the case may be, shall within twenty-four (24) hours of the receipt of said order, issue a call for said special meeting.

Section 2. All orders for special meetings of the Board of Supervisors shall specify the time of said meeting and the purpose or purposes for which said meeting is called.

Upon receiving notice of the time and purpose or purposes of said special meeting of the Board of Supervisors the Clerk of said Board shall notify each member thereof at least twenty-four (24) hours in advance of the time of said meeting and the purpose or purposes thereof, which said notice shall be given by personal notice delivered to each of said members, or by notice sent by United States Mail, addressed to each member of the Board, at his respective address.

Notices of any special meeting of the Board of Supervisors shall be published at least twenty-four (24) hours in advance of such special meeting.

Section 3. Special meetings of any Board or Commission provided for by the Charter of the City and County of San Francisco, other than the Board of Supervisors, may be called by the Chairman thereof, and must be called by the said Chairman upon the written request of a majority of the members of said Board or Commission, which said written request must state the purposes for which said meeting is to be called.

Section 4. Notice of said special meetings of said Boards or Commissions, other than the Board of Supervisors, shall be signed by the President or Secretary of said Board or Commission, and shall contain a statement of the purpose or purposes for which said meeting is called, and the time thereof. Said notice shall be personally served on each member of the said Board or Commission or mailed to him by special delivery United States mail, at least twenty-four (24) hours in advance thereof, and if notice of said meeting is mailed, the same shall be addressed to said member at his place of residence or business, and in addition to the notice to each member of said Commission, notice thereof to the public shall be given by posting a notice of said meeting upon the door of the office or place of meeting of said Board or Commission, or in a conspicuous place within said office, at least twenty-four (24) hours in advance of said meeting. Personal notice of any special meeting of any Board or Commission, other than said Board of Supervisors, may be waived by any member of said Board or Commission by consenting in writing to the holding of said meeting, provided that notice to the public of said meeting be given as herein provided.

Section 5. No matter shall be considered at any special meeting of the Board of Supervisors or any other Board or Commission provided for by the Charter of the City and County of San Francisco, except such matters as pertain to the purposes for which said meeting was called, and all of said special meetings shall be held at the regular meeting place of said Board or Commission.

Section 6. Bill No. 636, Ordinance No. 3.064 is hereby repealed and Sections 33, 34, 35, 36, and 37 are hereby deleted from Article 2, Part I, of the San Francisco Municipal Code.

Approved as to form by the City Attorney.

*Finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Whereas, Pursuant to Ordinance No. 1506, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on April 7, 1942, for the sale of Lot 2, Assessor's Block 6219, situated in the City and County of San Francisco, State of California, and more particularly described as follows:

All of Lots 5 and 6 and portions of Lots 1, 2, 3, 4, 7, 8, 9 and 10, in Block 67, according to "Map of Reis Tract," filed May 19, 1904, in Book 1 of Maps, pages 211 and 212, in the office of the Recorder of the City and County of San Francisco, State of California, described as a whole as follows:

Beginning at the point of intersection of the southwesterly line of Leland Avenue and the southeasterly line of said Lot 6; running thence northwesterly along said line of Leland Avenue

54 feet; thence southwesterly and parallel with the southeasterly line of said Lot 4, a distance of 90 feet, to a point perpendicularly distant 10 feet northeasterly from the southwesterly line of said Lot 4; thence northwesterly and parallel with the southwesterly line of said Lots 4, 3, 2, and 1, a distance of 89.41 feet, more or less, to the southeasterly line of Desmond Street; thence southwesterly along the southeasterly line of Desmond Street 10.03 feet, more or less, to the southwesterly boundary line of said Block 67; thence southeasterly along the southwesterly boundary line of said Block 67, a distance of 241.56 feet, more or less, to the present northwesterly line of Bay Shore Boulevard; thence northeasterly along said line of Bay Shore Boulevard 10 feet, more or less, to a line drawn parallel with and perpendicularly distant 10 feet northeasterly from the southwesterly boundary line of said Block 67; thence northwesterly along the line so drawn 98.501 feet, more or less, to the southeasterly line of said Lot 6; thence northeasterly thereon 90 feet to the point of beginning.

Whereas, In response to said advertisement John Oreglia and Mildred Oreglia, his wife, offered to purchase said land for the sum of \$4,000.00 cash, subject to the reservations and conditions referred to in said ordinance No. 1506, no higher bids having been made or received; and

Whereas, said sum of \$4,000.00 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$4,000.00; and

Whereas, John Oreglia has paid the sum of \$400.00 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Public Utilities Commission has recommended the sale of said land;

Now, Therefore, be it Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said land to John Oreglia and Mildred Oreglia, his wife, or their assignee, subject to the reservations and conditions contained in said ordinance No. 1506.

The Director of Property shall deliver said deed to the Grantees upon receipt of the balance of the purchase price which shall be paid within thirty days after approval of this resolution.
